

**These are the requests made by Senator Coleman at the request of his constituents. It is up to Senate Committees to approve funding projects**

1	Project Title	Institution	Description	Amount Requested
2	50th Avenue Right of Way	St. Cloud	For realignment of a north/south collector roadway in Saint Cloud	\$800,000
3	55th Street Extension and TH 63 upgrade through 55th St intersection in Rochester, MN	Olmsted County	To construct 55th Street as a 4 lane expressway with a Zumbro River crossing, and to align and upgrade TH63 to a 4 lane divided roadway in Rochester.	\$4,000,000
4	Advanced Data Storage Infrastructure Technologies for Supercomputing at the Naval Research Laboratory	Cray Inc.	To bring innovations in supercomputing data networking and storage technology	\$5,000,000
5	Advanced Dental Hygiene Practitioner Demonstration Project	Metropolitan State University	To begin the nation's first Master of Science in dental hygiene to prepare advanced dental hygiene practitioners	\$975,000
6	Advanced Digital Hydraulic Hybrid Drive System	Eaton Corporation	To increase fuel efficiency of military vehicles by utilizing hydraulic technology.	\$5,000,000
7	Advanced Modeling Technology for Large Structure Titanium Machining Initiative	Third Wave Systems	To improve the manufacture and efficiency of titanium machining for the U.S. military	\$4,000,000
8	Advanced Modular Stethoscope	3M Company	For the development of a modern battlefield stethoscope for the treatment of U.S. military forces on the ground.	\$7,000,000
9	Aerial Port Facility	Minnesota Air Force Reserve	To develop an aerial port facility for the 934th Airlift Wing in Minneapolis	\$7,300,000
10	Agricultural Research Service for Viral Hemorrhagic Septicemia (VHS) testing of Great Lakes fisheries	Great Lakes States	For testing centers to test Great Lakes freshwater fish for VHS.	\$2,000,000
11	Aircraft Deicing Pad and Underground Storage Tank	Minnesota National Guard	For an aircraft deicing pad and underground storage tank at the 133rd Airlift Wing	\$1,405,000
12	Airport Hangar and Commercial Ramp Development	Willmar Airport	For designing, expanding, and constructing hangar sites and a commercial ramp at the Willmar Airport.	\$1,000,000
13	Airport Terminal Modernization	Bemidji Airport	To provide improved energy conservation and safety for airport operations in Bemidji.	\$2,000,000
14	All Children Excel	Ramsey County Department of Public Health	For the All Children Excel program in Ramsey County, MN to identify child offenders and divert them from crime through involvement in community based care management	\$445,000
15	Arden Hills Army Training Site	Minnesota National Guard	For infrastructure development at the Arden Hills Army Training Site	\$10,055,000
16	Benton CSAH 29 Right of Way	St. Cloud APO	For right of way between Benton CSAH1 to Benton CR80	\$1,000,000
17	Biomedical Device Manufacturing	Anoka Ramsey Community College	For expansion of the college's credit programs to better serve the biomedical device manufacturing industry	\$1,000,000
18	Biometric Terrorist Watch-List Data Base Management System	Identix	To enhance the use of biometric data gathering in identifying terrorist suspects.	\$3,000,000
19	Blood Safety and Decontamination Technology	Cerus	To develop a blood safety technology for forward operating medics in the U.S. armed forces.	\$5,200,000
20	Blood, medical and food safety via eco-friendly wireless sensing	3M Company	For a joint development project between 3M and the University of Minnesota to develop a wireless sensor to provide information about the ambient environment around blood, medical and food supplies for safety purposes.	\$6,000,000
21	BOLD -- Building Opportunities for Leadership Development	Concordia University, St. Paul	For urban retention and leadership programming of underrepresented student body populations	\$550,000
22	Bridging Community, Children and Law Enforcement	Concordia University, St. Paul	To improve accessibility to education for students entering the field of criminal justice at Concordia University.	\$550,000
23	Building Lives	Ramsey County Community Corrections	For the Building Lives program in Ramsey County, MN to reduce recidivism by providing employment and education to 16-24 year olds coming out of the criminal justice system.	\$4,000,000
24	Bus Shelter Transit Amenity Program	St. Cloud APO	To replace deteriorating wooden bus shelters with new, modern ADA compliant shelters and sidewalks	\$200,000
25	Cancer Equipment for the University of Minnesota Medical Center, Fairview	University of Minnesota Medical Center, Fairview	To support the purchase of a linear accelerator at the University of Minnesota Medical Center to support the Cancer Center	\$1,800,000
26	Canisteo Mine Pit Flood Control Project	Army Corps of Engineers	To study the feasibility of a flood control project for an abandoned pit mine in Northeast Minnesota	\$250,000
27	Cayuga Street Interchange at Interstate Highway 35E	St. Paul/Ramsey County	For a new interchange at Cayuga Street to replace the current interchange at Pennsylvania Avenue in St. Paul, MN	\$3,000,000
28	Cedar Avenue Bus Rapid Transit, Phase I ,Dakota County, Minnesota	Dakota County	To implement the first phase of bus rapid transit in the corridor in Dakota County	\$2,000,000
29	Center for Changing Lives (CFCL)	Lutheran Social Service of Minnesota	To unify social services, affordable housing, and partners in business, education, government, faith, and healthcare sectors	\$500,000
30	Center for Innovation and Theatre Education (CITE)	The Children's Theatre Company	To maintain and expand the Center for Innovation and Theatre Education	\$932,622
31	Center for Magnetic Resonance Research	University of Minnesota	To provide for the expansion and renovation of the Center for Magnetic Resonance Research	\$2,000,000
32	Center of Emphasis in Dairy Food System Veterinary Education	University of Minnesota	To develop a program of dairy education for students pursuing a career in dairy veterinary medicine at the University of Minnesota.	\$1,440,120
33	Central Corridor Light Rail Transit Project	Metropolitan Council	To design and construct an 11-mile light rail transit line between Minneapolis and St. Paul	\$25,000,000
34	Central Iron Range Sanitary Sewer District	Central Iron Range Sanitary Sewer District (CIRSSD)	Provide infrastructure required to convey and centrally treat the wastewater from the CIRSSD service area at the Hibbing South Wastewater Treatment Facility to within the stringent limits of the Lake Superior Drainage Basin.	\$1,000,000
35	Cereal Diseases	Minnesota Barley Growers Association on behalf of ARS Cereal Disease Lab	To continue research on leaf and stem rust of wheat and barley and crown rust of oats	\$308,823
36	Chicago Sanitary and Ship Canal Dispersal Barrier	U.S. Army Corps of Engineers	To provide construction and operation of electric dispersal barriers in the Chicago Sanitary and Ship Canal to prevent the spread of aquatic nuisance including Asian Carp from infiltrating Minnesota waterways.	\$6,750,000

**These are the requests made by Senator Coleman at the request of his constituents. It is up to Senate Committees to approve funding projects**

	Project Title	Institution	Description	Amount Requested
37	Childhood Cancer Research	CureSearch	For pediatric cancer research	\$20,000,000
38	Children's Institute for Palliative Care National Education Center	Children's Hospitals & Clinics	To increase access to pediatric palliative care services for terminally ill children by improving education and training of health care professionals and engaging in rural health outreach.	\$400,000
39	CLRSD Wastewater Construction Project	Central Lake Region Sanitary District	To construct new wastewater facilities to reduce pollution on a lakefront	\$1,000,000
40	Combined Sewer Overflow (CSO)	City of Minneapolis	To continue work separating storm water and wastewater sewers in the City of Minneapolis	\$1,200,000
41	Competitive Farm Benchmarking Program	Center for Farm Financial Management (CFFM), St. Paul Campus, University of Minnesota	To designate a National Farm Management Center to collaborate with farm management associations to maintain a farm management education and training program, provide education to producers on accounting, financial planning, business management	\$5,000,000
42	Contingency Decontamination Project	Hennepin Healthcare System, Inc	To construct an enclosed area separate from the hospital building to provide mass decontamination (up to 1000 patients per hour – from current approximately 60 per hour) and infectious disease (e.g. pandemic influenza/SARS) patient screening area	\$1,300,000
43	COPS Law Enforcement and Meth Education Project	White Earth Tribal Nation	For the White earth Tribal Nation to provide funding for additional law enforcement officers and provide funding for education about the negative impacts of meth	\$1,000,000
44	County Road H/I-35W Interchange Improvement	City of Arden Hills	To provide for the reconstruction of the existing interchange at County Road H and Interstate 35W, including replacement of the existing bridge	\$2,000,000
45	CSAH 12 Extension / TH 14 Interchange	Blue Earth County	To construct two miles of new roadway extending CSAH 12	\$3,000,000
46	CSAH 52 Reconstruction Project	Clay County	For reconstruction and surfacing of CSAH 52 from the cities of Sabin to Barnesville to include 2 bridges and 3 concrete box culverts	\$2,000,000
47	CSAH 77 and 104	St. Louis County	To restore the ride and preserve the structure of the roadway by reclaiming and/or milling the current bituminous pavement and replacing it with a new bituminous pavement on County State Aid Highway 77 and 104	\$1,950,000
48	CSAH 78 (Hanson Blvd) railroad grade separation in the City of Coon Rapids	Anoka County	For preliminary engineering, design, and environmental documentation of a proposed grade-separated crossing of the BNSF railroad Mainline at Hanson Boulevard in the City of Coon Rapids	\$750,000
49	Dale Street Bridge Over Interstate 94	City of St. Paul	To reduce traffic congestion at the Dale Street Bridge in St. Paul	\$3,000,000
50	Decorah Clinic Expansion	Gundersen Lutheran	To build the Comprehensive Center for Advanced Emergency Medicine to establish a safer, more coordinated regional trauma system in Minnesota.	\$750,000
51	Development and Validation of Advanced Design Technologies for Hypersonic Research	University of Minnesota	To continue research in hypersonic flows to provide a resource to retain America's heritage in hypersonic vehicle design, train the next generation of aerospace scientists, and perform theoretical and experimental research in areas required for the next generation of hypersonic vehicles	\$5,000,000
52	Domestic Violence Court Pilot Program	Stearns County	For the Domestic Violence Court Pilot Project in Stearns County to enhance victim and child safety and batterer accountability through a domestic violence court	\$350,000
53	Drayton Dam Habitat Restoration	U.S. Army Corps of Engineers	To study the feasibility of a fish passage on the Red River near Drayton	\$282,000
54	Eagle Bluff Environmental Learning Center	Eagle Bluff Environmental Learning Center, Inc.	Demonstrating the real potential for Sustainable Energy at Minnesota's Residential Environmental Learning Centers (RELCS)	\$3,000,000
55	Early Childhood Center	Torah Academy of Minneapolis	To expand the Torah Academy's current Early Childhood Education program to include infants and children under the age of 2 as well as 3 year old.	\$3,000,000
56	Employment and Training Services for Ex-Offenders	City of Minneapolis	For the City of Minneapolis to establish an employment and training program for ex-offenders within the city's job and training program	\$750,000
57	Envelop Protective Covers	Shield Technologies Corporation	To combat corrosion and other environmental degradation in Army weapons systems with durable covering technology	\$1,500,000
58	Exhibit and educational outreach	Duluth Children's Museum, Inc.	To fund rotating exhibits and educational programming services throughout the region	\$400,000
59	Expansion of Mentoring services	Bolder Options	To continue Bolder Options' unique model of one-on-one mentoring to reduce truancy and raise academic standards of Twin Cities youth.	\$1,500,000
60	Expansion of the Incredible Years programming at Ben Franklin Elementary, grades K - 3	Olmsted County Community Services and Rochester Public Schools	To expand and implement the Incredible Years program at Ben Franklin Elementary	\$100,000
61	Family Caregiver Support Demonstration Project	Jewish Family and Children's Service of Minneapolis	To promote an innovative model of community-based older adult services	\$300,000
62	Feasibility Study on the Minnesota River	City of Carver	To conduct a feasibility study of an existing levy in the City of Carver with the U.S. Army Corps of Engineers	\$100,000
63	Field Maintenance Shop, Mankato, MN	Minnesota National Guard	To construct a National Guard field maintenance shop in Mankato, MN	\$17,600,000
64	Flood Control, Red River of the North, Grand Forks, ND/East Grand Forks, MN	U.S. Army Corps of Engineers	To repair erosion and drainage damage to the original flood control project in Grand Forks/East Grand Forks	\$2,000,000
65	Flood Risk Management, Red River	City of Breckenridge	For flood damage reduction project in Breckenridge, MN	\$2,877,000
66	Foreclosure Prevention - Training and Support Services	Workforce Development, Inc.	To provide financial literacy training, career planning, and loan reorganization services to residents of the flood ravaged areas of southeast Minnesota in order to avoid foreclosure, stay in their homes and increase household earnings.	\$500,000
67	Fuel Cell Hangar - Duluth 148th	Minnesota National Guard	To construct a new fuel cell facility at the 148th Fighter Wing in Duluth	\$4,200,000

**These are the requests made by Senator Coleman at the request of his constituents. It is up to Senate Committees to approve funding projects**

	Project Title	Institution	Description	Amount Requested
68	Gang Enforcement Team	City of Willmar	To assist the City of Willmar police department by adding officers to their gang enforcement team	\$150,000
69	Geothermal Heating & Cooling Project	Vermillion Community College	For additional planning, design and construction of a new geothermal heating and cooling system to promote environmental efficiency at Vermillion Community College	\$3,400,000
70	Gillette Children's Electronic Medical Record	Gillette Children's Specialty Healthcare	To provide access to an Electronic Medical Record system for our healthcare providers.	\$1,000,000
71	Glencoe Railroad Mitigation Project	City of St. Louis Park, Minnesota. The City of St. Louis Park is making this request in partnership with the cities of Hopkins, Minnetonka and Glencoe, McLeod County Rail Authority, and the Twin Cities and Western Railroad.	To construct a four track railroad switching yard in the City of Glencoe, MN	\$2,500,000
72	Granite Falls Flood Control Project	City of Granite Falls	To complete the plans and specifications for a flood control project in Granite Falls	\$470,000
73	Great Lakes Basin Program for Soil Erosion and Sediment Control	U.S. Army Corps of Engineers	To protect and improve water quality in the Great Lakes by reducing soil erosion and controlling sedimentation	\$3,000,000
74	Great Lakes Fishery & Ecosystem Restoration Program	U.S. Army Corps of Engineers	For restoration projects under the Great Lakes Fishery & Ecosystem Restoration program.	\$4,500,000
75	Great Lakes Remedial Action Plans	U.S. Army Corps of Engineers	To provide technical support to states and local organizations in the development and implementation of remedial action plans.	\$4,000,000
76	Greater Minnesota Transit	Minnesota Department of Transportation	To provide funds to transit systems across Minnesota for vehicle purchases and facility improvements	\$9,719,000
77	Ground Guidance For United States Army Movement Tracking System (MTS)	Primordial Inc.	To enhance the capability of the fielded Movement Tracking System, by providing Best Path fast and concealed routes for both the planning and execution of missions to augment soldiers' decision-making.	\$4,000,000
78	Harbor of Refuge	City of Grand Marais	To continue a study of a harbor of refuge at Grand Marais, MN	\$100,000
79	Harbor of Refuge	City of Two Harbors	For further plans and specifications of harbor of refuge in Two Harbors, MN	\$300,000
80	HCMC Outpatient Clinic and Education Center	Hennepin County Medical Center	To expand the outpatient medical clinic at HCMC	\$1,000,000
81	Healing Spirit House	Division of Indian Work of the Greater Minneapolis Council of Churches	For the creation of two small, home-based environments (one for boys, one for girls) with live-in foster parents, providing active links for children with mental health, chemical dependency, educational and other needed services.	\$301,539
82	Healthy Families Treatment Initiative	Vinland National Center	To improve family functioning through comprehensive family-centered substance abuse and parenting treatment services for families dealing with a disability of the parent or a child.	\$420,000
83	High Security Infrastructure for the Medical Biosciences Building in the East Gateway District	University of Minnesota	To provide for infrastructure needs for a medical bioscience building.	\$2,000,000
84	High Speed Passenger Rail, Duluth to Minneapolis	St. Louis and Lake Counties Regional Railroad Authority	For conducting a Programmatic Environmental Impact Statement, preliminary engineering and station development for a potential high speed rail line between Minneapolis and Duluth.	\$3,900,000
85	Highway 100-394 Road Improvement Project	City of St. Louis Park	For improvements to the eastbound and westbound lanes of the TH 100 Collector-Distributor Road in St. Louis Park, MN	\$1,800,000
86	Highway 14 North Mankato	U.S. Highway 14 Partnership	Right of way development of the four-lane expansion of U.S. Highway 14 in New Ulm to North Mankato	\$3,000,000
87	Highway 14 Waseca to Owatonna	U.S. Highway 14 Partnership	Right of way and utility relocation for Hwy 14 four-lane expansion from Waseca to Owatonna in Southern MN	\$3,000,000
88	Highway 36/Rice Street Interchange	Ramsey County	To replace an obsolete highway interchange and bridge along with the adjacent local intersections to accommodate increasing traffic	\$2,000,000
89	Highway 49/I-694 Interchange	Ramsey County Public Works	To replace an obsolete highway interchange and bridge along with the adjacent local intersections to accommodate increasing traffic	\$2,000,000
90	Highway 55 Corridor Project	Wright County	For securing right of way and providing infrastructure improvements to increase safety and increase capacity on Highway 55 in Wright County	\$2,000,000
91	I-35 interchange at CSAH 9	Rice County	Preliminary Planning, Engineering and Environmental Study for an Interstate Access Request to the FHWA for an I-35 interchange at CSAH 9.	\$500,000
92	I-35/TH 8/CSAH 2 Interchanges Improvement Project	Washington County	For preparing pre-design plans to untangle the interchanges of I-35 and US TH8 and CSAH2 near Forest Lake in Washington County, MN	\$2,000,000
93	I-35W and CSAH 3 (Lake Street) Access Project, Minnesota	Hennepin County	For design, right of way acquisition, and construction of improved access to I-35W in the vicinity of Lake Street in Minneapolis	\$2,000,000
94	I-35W North Congestion Mitigation & Design	North Metro I-35W Corridor Coalition	For congestion mitigation improvements and expansion design for I-35W in the North Metro area	\$2,000,000
95	I-94 Corridor Transitway	Ramsey County	To conduct a transit study and environmental analysis of the I-94 Corridor, a 20-mile transportation corridor from St. Paul to the St. Croix River	\$1,000,000
96	I-94 interchange improvements at CSAH 19 and CSAH 37	City of Albertville	For access improvements at CSAH 19 and CSAH 37 on Interstate 94 in the City of Albertville	\$6,000,000
97	Individual Airburst Weapons System (IAWS)	ATK (Alliant Techsystems, Inc)	To develop a weapons system to engage exposed and defilade targets	\$7,400,000
98	Improving Ojibwe and Dakota Student Performance	Minnesota Humanities Center	To provide Minnesota's teachers with the knowledge and resources necessary to raise their American Indian students' academic proficiency levels	\$800,000
99	International Center of Research Technology	Hormel Institute	For research technology expansion in Austin, MN	\$5,000,000

**These are the requests made by Senator Coleman at the request of his constituents. It is up to Senate Committees to approve funding projects**

	Project Title	Institution	Description	Amount Requested
100	Juvenile Justice Information System Integration	Hennepin County	For the Hennepin Juvenile Justice Information System Integration to facilitate the sharing of juvenile records between criminal justice agencies.	\$1,000,000
101	KidsPeace Ramsey/Hennepin County Foster Care	KidsPeace	To establish a therapeutic foster care program to provide community-based placement to children in the foster care system at risk for juvenile justice involvement.	\$400,000
102	Knife River Harbor Design Deficiency	City of Knife River	To correct a design deficiency and complete plans and specifications for a proposed north breakwater at Knife River Harbor on Lake Superior.	\$125,000
103	Know the Truth- Prevention Education Project	Minnesota Teen Challenge	For the Minnesota Teen Challenge to expand their drug prevention education efforts for teenagers	\$500,000
104	Knowledge Driven Manufacturing System	Remmele Engineering	To develop technology to improve efficiency in machining weapons systems	\$2,500,000
105	Koochiching Forest Legacy Project	MN Department of Natural Resources	For conservation easement acquisition on 38,315 acres in Koochiching County.	\$3,500,000
106	Lake Bemidji Sanitary Sewer and Drinking Water	City of Bemidji	For a preliminary engineering report for the Lake Bemidji Sanitary Sewer and Drinking Water Improvement Project.	\$550,000
107	Language Villages Enhancement Project	Concordia Language Villages	To enhance curricular materials and programming for four strategic Language Villages	\$500,000
108	Laser Perimeter Awareness System (LPAS)	Goodrich Corporation	For detection and tracking of intruders in protected defense perimeters	\$3,500,000
109	Law Enforcement Center Renovation	Stearns County	To finance the purchase of 35,000 square feet of the Law Enforcement Center Building for the City of Saint Cloud and reconfiguring the space for jail purposes	\$2,000,000
110	Lewis & Clark Regional Water System	Lewis & Clark Regional Water System	For comprehensive rural water system improvement in southeast South Dakota, northwest Iowa, and southeast Minnesota serving over 300,000 people in the tri-state region.	\$35,000,000
111	Life Science Incubator	Minnesota State University Moorhead	For Minnesota State University Moorhead to complete construction of a Life Science Incubator in existing shell space in the Science Laboratory building on the MSUM campus.	\$480,000
112	Lowry Avenue Bridge Replacement	Hennepin County	For replacement of the Lowry Avenue bridge spanning the Mississippi River on CSAH 153 in Minneapolis	\$2,000,000
113	Marsh Lake Ecosystem Restoration - Feasibility Report and Environmental Assessment (Minnesota River)	Minnesota Department of Natural Resources	To complete a feasibility report and environmental assessment regarding the ecosystem restoration for Marsh Lake (Minnesota River)	\$177,000
114	MATTRACKS Passive, Waking Beam Suspension Concentric Swivel Tracked Unmanned Ground Vehicle Platform (Tracked UGV)	MATTRACKS Inc, and Army Tank-Automotive Research, Development, & Engineering Center (TARDEC)	To provide track conversation systems for light wheeled military vehicles	\$5,500,000
115	McQuade Road Safe Harbor Project	Minnesota DNR	For construction costs of two rubblemound breakwaters at a harbor project for Lake Superior	\$654,492
116	Medical and Dental equipment	Bois Forte Reservation Tribal Council (RTC)	Medical and Dental equipment for the Nett lake and Vermilion clinics on the reservation.	\$1,394,000
117	Mental Health Center Expansion Project	Southwestern Mental Health Center	For construction of a new Community Mental Health Center Office Building and 10-Bed Intensive Residential Treatment Services facility in Worthington, MN.	\$1,000,000
118	Mesabi Academy of KidsPeace Security & Emergency Equipment	Mesabi Academy of KidsPeace (Kids peace would receive the funding)	For Mesabi Academy of KidsPeace to improve safety through security equipment upgrades and provide emergency generator service at the facility and to City of Buhl during disaster	\$475,000
119	Methamphetamine Education	City of Willmar	To enhance awareness of the negative impacts of meth in and around the City of Willmar, MN	\$25,000
120	Midwest Poultry Research Program	Midwest Poultry Consortium	To continue a poultry research program in the Upper Midwest	\$900,000
121	Mille Lacs Regional Wastewater Treatment Facility and Connectors Project	Mille Lacs Band of Ojibwe	To install trunk mains, tie lines, and sewer mains that will service the Mille Lacs Band of Ojibwe and the surrounding localities including Kathio Township, the City of Garrison, and the East Mille Lacs Lake area.	\$2,000,000
122	Minnehaha Creek Watershed District Feasibility Study	Minnehaha Creek Watershed District	To develop a comprehensive management plan for the Minnehaha Creek Watershed	\$750,000
123	Minnesota at-risk Teens Education Project	Agudath Israel of Minnesota	To prevent the problem of at-risk teens by creating an educating project for teachers and parents.	\$170,000
124	Minnesota Beyond Yellow Ribbon Reintegration Program	Minnesota National Guard	To expand the Minnesota National Guard's Beyond the Yellow Ribbon program to include support, training, and resources for all phases of the return from Active Duty for service members.	\$2,000,000
125	Minnesota Building Construction Project	Open Arms of Minnesota	To construct a new 23,400 square foot facility with a state-of-the art commercial kitchen in the Phillips Neighborhood of south Minneapolis.	\$385,000
126	Minnesota Center for Advanced Aviation	Lake Superior College	To prepare a highly-skilled workforce for positions in the small aircraft general aviation industry, and support the smallcraft aviation industry's workforce needs	\$2,500,000
127	Minnesota Center for Renewable Energy	Minnesota State University, Mankato	To pursue renewable and wind research activities to contribute to the nation's energy independence through development and use of renewable fuels.	\$1,500,000
128	Minnesota Native American Young Leader Program	Northwest Technical College	To create more efficient educational pathways for young Native American learners and to build a pool of Native Americans as future educators and leaders	\$800,000
129	Minnesota River Flood Control Project	City of Montevideo	To complete the federal share of the final contract award to complete the Montevideo Flood Control Project	\$98,000
130	Minnesota River Watershed Study	U.S. Army Corps of Engineers	To conduct an integrated watershed, ecosystem restoration and water quality management analysis that would produce a watershed management plan to better manage the Minnesota River basin watershed	\$750,000
131	Minnesota Satellite Multi-Modal Collaborative Crisis and Training Network	Minnesota National Guard	For a tactical satellite network to integrate voice, video, and geographic integration systems throughout the state and in support of deployed troops	\$3,500,000

**These are the requests made by Senator Coleman at the request of his constituents. It is up to Senate Committees to approve funding projects**

	Project Title	Institution	Description	Amount Requested
132	Mississippi River: Lock & Dam 3 Navigation Safety and Embankments Reevaluation	City of Red Wing	To strengthen embankments and construct a guidewall to alleviate navigation and safety problems at Mississippi Lock and Dam 3 near Red Wing, MN	\$6,000,000
133	MN Shubert Center	Artspace Projects	To create the Minnesota Schubert Center, which saves and reuses two historic structures listed on the National Register of Historic Places	\$700,000
134	Multi-purpose Facility Project	Red Lake Band of Chippewa	For design, construction, and buildout of a multipurpose facility on the Red Lake Indian reservation to provide space for youth and elderly programs	\$650,000
135	Munitions Evaluation for Composite Electric Armor	Ennorex	To develop electric armor for the defense of vehicles against Explosively Formed Projectiles	\$3,500,000
136	Name Event Index Service - Electronic Charging Service Statewide Rollout Assistance	Minnesota Bureau of Criminal Apprehension, CrimNet Program Office	For the statewide rollout of two major criminal justice information integration services, NEIS and eCharging	\$3,000,000
137	National Canola Research Program	National Canola Research Program	To meet the sustainable and emerging needs of the canola industry in the U.S. through increased canola research.	\$1,000,000
138	National Child Protection Training Center at Winona State University	Winona State University	For Winona State University to provide training, technical assistance and publications to child protection professionals.	\$3,000,000
139	National Child Protection Training Center at Winona State University	Winona State University	To implement a model undergraduate child protection curriculum in 100 universities throughout the United States within 5 years.	\$600,000
140	National Sclerotinia Initiative	River Valley Agriculture Research Center	To continue research to minimize the devastating effects of Sclerotinia, a serious fungal disease that affects most broad-leaf plants, including canola, dry edible beans, soybeans, sunflowers, peas, lentils, and chickpeas.	\$2,000,000
141	Navy Destroyer MK 45 Gun Mounts	BAE Systems	To provide updated gun systems to Navy ships	\$18,000,000
142	NGK Development and Flight Demonstration	Goodrich Corporation	To improve projectile armament systems.	\$4,000,000
143	North Central Soil Conservation Research Laboratory , Morris, MN	Barnes-Aastad Soil and Water Conservation Research Association	To restore funding to the USDA Agriculture Research Service to maintain operations at the North Central Research Laboratory in Morris	\$3,065,000
144	North/South Corridor with Railroad Overpass, Staples, Minnesota	City of Staples	For a new north/south corridor with railroad overpass in the City of Staples, MN	\$6,500,000
145	Northern Tallgrass Prairie National Wildlife Refuge	Northern Tallgrass Prairie National Wildlife Refuge	For land acquisition and conservation easements to conserve native prairie in Western Minnesota and Northeastern Iowa	\$1,000,000
146	Northstar Commuter Buses	St. Cloud APO	For development of commuter bus park and ride facilities at two locations near Saint Cloud, MN	\$360,000
147	Northstar Commuter Rail Project	Minnesota Department of Transportation	To complete construction of the Northstar Corridor Rail Project from Big Lake, MN to Minneapolis	\$71,166,060
148	Nursing education project	Metropolitan State University	To work in partnership with clinical and public health agencies to implement a new model of bachelor's degree in nursing education aimed at alleviating the nursing faculty shortage	\$975,000
149	Oak Avenue Reconstruction	City of Racine	For the reconstruction of Oak Avenue in Racine, MN	\$388,800
150	Old Highway 52 Reconstruction	City of Barnesville	For reconstruction of the road and all utilities under CSAH 52 through Barnesville	\$500,000
151	Older Adults Strategy	Lutheran Social Service of Minnesota	Community-based services for older adults in MN	\$750,000
152	On-Ramp to Independence Youth Project	Hennepin County Human Services and Public Health	To provide stability and independent living support to youth aging out of foster care, to promote independence and prevent homelessness	\$444,000
153	Painter Creek Restoration Project	Minnehaha Creek Watershed District	To preserve and enhance the connective ecosystems corridors leading to Lake Minnetonka	\$500,000
154	Parkway Lighting Project, Minneapolis	City of Minneapolis	To replace the lights on the Grand Rounds Parkway in Minneapolis.	\$2,000,000
155	Pharmacological Countermeasures to Ionizing Radiation Project	Humanetics Corporation	To develop orally administered drugs that will prevent harm and decrease casualties caused by exposure to ionizing radiation resulting from a terrorist attack or nuclear incident	\$10,000,000
156	Plasma Sterilizer	Phygen, Inc.	To provide sterilization technology for use in treating members of our armed forces in the field	\$4,500,000
157	Polaris Defense All Terrain Ultra Light Tactical Vehicles	Polaris Industries	For Ultra Light Tactical Vehicles to be used in combat support roles for the U.S. military	\$9,800,000
158	Police Crime Lab Equipment	City of Saint Paul	For the City of Saint Paul to acquire new equipment to improve the efficiency and effectiveness of the Saint Paul Crime Lab so that violent offenders can be identified and prosecuted in a more timely fashion.	\$2,240,000
159	Police Surveillance Vehicle Project	City of Duluth	To purchase a state-of-the-art surveillance vehicle for the Duluth Police Department to combat gangs and organized crime.	\$175,000
160	Power of YOU Program	Minneapolis Community and Technical College	For MCTC to work to improve graduation and college enrollment rates of minority students	\$350,000
161	Press-Loaded Explosive Projectile Washout Line	Gradient Technology	To dispose of hundreds of obsolete Vietnam-era projectiles filled with toxins	\$5,000,000
162	Prevention of Compartment Syndrome, Ultrafiltration Catheter	Twin Star Medical	To prevent traumatic limb injuries through a unique catheter technology	\$2,900,000
163	Prevention Pays Initiative	Saint Elizabeth's Medical Center, Wabasha, MN	To prevent the onset of disease and reduce the burden of a costly healthcare system through a comprehensive approach and early intervention, chronic disease management, and worksite wellness.	\$375,000
164	Project Y.E.S. (Youth Enrichment Services)	Agudath Israel of Minnesota	Minnesota's Youth Enrichment Services (YES) program to improve academic performance, school appreciation, and social skills among at-risk students in grades 6 – 12.	\$170,000
165	Public Safety Communications Project, Moorhead	City of Moorhead	For Moorhead Public Service to increase Internet speeds for police patrol cars and fire vehicles in order to push real time video surveillance and GIS mapping into the vehicles.	\$125,000
166	Public Safety Technology	City of Minneapolis	For the purchase of car cameras and mobile data centers for police officers in the City of Minneapolis	\$1,000,000

**These are the requests made by Senator Coleman at the request of his constituents. It is up to Senate Committees to approve funding projects**

	Project Title	Institution	Description	Amount Requested
167	Radiation Hardened Microelectronics (HX5000) Carbon Nanotube (CNT) Sensors	Honeywell International	For development of radiation hardened microelectronics for use in systems such as strategic weapons, missile defense interceptors, and national security spacecraft to ensure they will survive and operate through harsh solar and nuclear radiation environments	\$8,000,000
168	Radium Removal Project for the City of Goodview, MN	City of Goodview	To construct two water filtration plants to remove enough radium from the City's municipal water supply to meet EPA maximum contaminant levels	\$3,000,000
169	Red Rock Corridor	Red Rock Corridor Commission	To design, construct, and purchase property for park and ride and bus improvements in the Red Rock Corridor, including Goodhue County.	\$2,000,000
170	'Red Rock Corridor High Speed Rail	Red Rock Corridor Commission	To study high-speed rail between the St. Paul Union Depot and La Crescent, Minnesota along the Canadian Pacific Railway Corridor.	\$1,000,000
171	Regional Bio-Solids Processing Facility	City of Red Wing	For a regional bio-solids processing facility adjacent to an existing solid waste incinerator	\$1,000,000
172	Regional Interoperability Mobile Data System Project	St. Louis County Sheriff's Office	For the St. Louis County Sheriff's Department to develop a regional interoperability mobile data system that will link multiple responders with secure communications	\$4,600,000
173	Regional Science Center Road	Minnesota State University Moorhead	To repair a gravel road to the MSUM Regional Science Center	\$1,460,000
174	Replacement Buses	St. Cloud APO	Replacement of the current ADA Dial-A-Ride small bus fleet through the purchase of 12 buses	\$1,248,000
175	Research Institute of Biosciences and Medical Alley	Concordia University, St. Paul	For bioscience programming and education.	\$420,000
176	Restoration of Garvin Brook and its floodplain in Winona County Farmers Community Park	Winona County	For watershed improvements and debris removal from the Garvin Brook Watershed	\$395,000
177	Roseau River Flood Diversion Project	City of Roseau	For a flood damage reduction project in Roseau, MN	\$8,000,000
178	Rural Health Technology Demonstration Project	College of St. Scholastica	For a rural health technology demonstration project at the College of St. Scholastica	\$2,170,000
179	Rural Healthcare: Center for Family Health Promotion	Minnesota State University, Mankato	To expand and integrate community-based learning into the existing allied health curriculum while increasing desperately needed outreach services to rural and underserved families in south-central Minnesota	\$1,500,000
180	Rush Line Corridor	Ramsey County Regional Railroad Authority	To study a Hindkley to Saint Paul rail line	\$1,000,000
181	Sabo Center for Citizenship and Learning	Augsburg College	To expand Augsburg's national leadership in civic engagement, public service and citizenship.	\$600,000
182	Science Initiative of Central Minnesota	St. Cloud State University	To build the base of employment in science-based industries in central Minnesota	\$1,000,000
183	SE Main Ave Grade Separation Improvements (GSI), and Moorhead Comprehensive Safety Program	City of Moorhead	To construct two grade separations at 20 <sup>th</sup> /21 <sup>st</sup> Streets and SE Main Ave in Moorhead with ancillary road and safety improvements	\$2,250,000
184	Sensor Technology Project for Senior Independent Living and Home Health	Evangelical Lutheran Good Samaritan Society	For a Sensor technology Project to keep seniors living in their homes independently and reduce Medicare and Medicaid expenses.	\$500,000
185	Sewer Inflow & Infiltration Abatement Project	City of Vernon Center	For abatement of sewer inflow and infiltration into the city of Vernon Center's sanitary sewer system	\$650,000
186	Sheriffs Youth Programs of Minnesota Child and Family Services Expansion Project	Sheriffs Youth Programs of Minnesota	For expansion of its foster care program.	\$500,000
187	Sheriffs Youth Programs of Minnesota Dodge County Campus Construction	Sheriffs Youth Programs of Minnesota	To construct a new group home in Dodge County	\$500,000
188	Sheriffs Youth Programs of Minnesota Rum River Farm Programming	Sheriffs Youth Programs of Minnesota	To construct a new group home in Dodge County for Sherriffs Youth Programs at SYP's horse farm.	\$200,000
189	Soybean Genomics Research at St. Paul, MN	Minnesota Soybean Growers Association	To continue research on soybean genomes to enhance soybean yields at the University of Minnesota	\$400,000
190	SRP Vaccines for use Against Bacterial Biodefense Priority Agents	Syntiron LLC	To develop vaccines and therapeutics that can protect members of the U.S. armed forces from biowarfare	\$4,000,000
191	St. Cloud Regional Airport, Improvements to the Terminal Building	St. Cloud APO	To enhance the St. Cloud airport airline terminal building to better accommodate security screening operations for commercial passengers	\$2,800,000
192	St. Croix River: Invasive Zebra Mussel Control	U.S. Army Corps of Engineers	To develop and evaluate zebra mussel management alternatives to protect Minnesota waterways	\$350,000
193	St. Joseph's Hospital Emergency Department Expansion	HealthEast Care System	To expand St. Joseph's Emergency Department	\$2,000,000
194	STARBASE Educational Facility	Minnesota Air National Guard	For expanded facility space for Minnesota's STARBASE education program at the 133rd Airlift Wing	\$1,760,000
195	Statewide Pediatric Telemedicine and eHealth System	Children's Hospitals & Clinics	To develop a statewide pediatric telemedicine network and purchase equipment for implementation of pediatric telemedicine system within the Upper Midwest, providing services at several regional sites to increase statewide rural access to specialized pediatric care to transform the diagnostic and treatment capabilities of rural hospitals, clinics and physicians.	\$479,600
196	Stillwater Levee and Flood Control Project	Stillwater, MN	To complete the final phase of the Stillwater flood control project to protect downtown residents and businesses.	\$1,439,000
197	Sunrise River Watershed Study	Chisago County	To study habitat restoration or protection, water quality improvement, management of invasive species and other environmental problems and opportunities on the Sunrise River.	\$150,000
198	Superior National Forest land acquisition	Minnesota DNR	To purchase for easement a section of land in the Superior National Forest near the Boundary Waters Canoe Area	\$2,250,000
199	Teachers Teaching Teachers Through Technology (T5)	Saint Mary's University of Minnesota	To educate teachers on new approaches to science, technology and math education	\$2,000,000
200	Third Combustor Expansion	Pope and Douglas Counties	To expand a renewable energy combustion project in Douglas County, MN	\$1,000,000
201	Topical Hemostat Effectiveness Study	Medafor, Inc.	To develop hemostatic agents that can reduce blood loss of wounded troops	\$1,500,000
202	Trunk Highway (TH) 241 Improvement	City of St. Michael	For construction of a one way pair as part of improvements to Trunk Highway 241 in St. Michael, MN	\$3,600,000
203	Trunk Highway 13 & County Highway 5 Interchange	City of Burnsville	To construct a separated interchange at TH13/CR5 near Burnsville	\$5,000,000

**These are the requests made by Senator Coleman at the request of his constituents. It is up to Senate Committees to approve funding projects**

1	Project Title	Institution	Description	Amount Requested
204	Trunk Highway 610 from US 169 to I-94	North Metro Crossing Coalition	To complete TH610 in Maple Grove, MN which will complete the corridor from Interstate 35W to Interstate 94	\$5,000,000
205	Trunk Highway 65 Access Improvements	City of East Bethel	To begin project scoping, preliminary engineering and design, environmental work, final design and right of way acquisition for development of five proposed interchanges on Trunk Highway 65	\$2,000,000
206	Trunk Highway 7/Wooddale Avenue Interchange Improvements	City of St. Louis Park, MN		\$2,000,000
207	Trunk Highway-23/County State Aid Highway 7 Interchange Project in Marshall	Minnesota Department of Transportation	To construct a new interchange at TH-23/CSAH 7 in Marshall	\$1,000,000
208	Tubman Family Violence Service Center & Research Institute	Tubman Family Alliance & Chrysalis, A Center for Women	To construct a Family Violence Prevention Service Center, Crisis Shelter and Research Learning Institute	\$3,200,000
209	Union Depot Multi-modal Transit Hub	Ramsey County Regional Railroad Authority	To develop a transit hub in St. Paul	\$1,000,000
210	Upper Mississippi River Invasive Species Dispersal Barrier	U.S. Army Corps of Engineers	To construct a barrier at Lock and Dam 11 to prevent invasive species, including Asian Carp, from navigating farther up the Mississippi	\$4,000,000
211	Upper Mississippi River Restoration	U.S. Army Corps of Engineers	To ensure the coordinated development and enhancement of the Upper Mississippi River system, with primary emphasis on habitat rehabilitation and enhancement projects and long-term resource monitoring through the U.S. Army Corps of Engineers	\$33,200,000
212	Upper Mississippi River System- Navigation and Ecosystem Sustainability Program (NESP)	Waterways Council, Inc.	To improve navigation efficiency by constructing new 1,200 foot locks on the Upper Mississippi River	\$50,000,000
213	US 10 bottleneck removal in Coon Rapids and Anoka	Anoka County Highway Department	For design, environmental impact assessment, right of way and construction for a third lane in each direction on US 10 between Egret and CSAH7 in Anoka and Coon Rapids	\$2,000,000
214	US 10 congestion mitigation in Anoka and Ramsey	Anoka County Highway Department	For design, environmental documentation and right of way acquisition for improvements along US 10 in the Cities of Anoka and Ramsey	\$2,000,000
215	US 52 Interchange & Overpass	Goodhue County Department of Public Works	For right-of-way purchase for U.S. Highway 52 interchange and connections at CSAH 24	\$2,000,000
216	US Highway 212 Expansion- Chaska to Norwood Young America, Carver County, Minnesota	Southwest Corridor Transportation Coalition	To upgrade the two remaining segments of 2-lane U.S. Highway 212 between I-494 in the Twin Cities and Norwood Young America including environmental studies, right-of-way acquisition, and preliminary engineering	\$2,000,000
217	Vertical Takeoff & Landing Unmanned Aerial Vehicle	Victory Systems	For Victory Systems' unmanned aerial vehicle testing for use by the U.S. military.	\$7,700,000
218	Veterans Re-entry Education Program (Phase II)	Minnesota State Colleges and Universities	To provide specifically designed career and education services to military veterans, National Guard members and reservists, and to enhance veterans' employment success upon returning to civilian life.	\$2,300,000
219	Warning siren system replacement	City of Saint Paul	To replace the warning siren system that is used to warn the public about tornadoes, terrorism, and hazardous material emergencies	\$1,026,500
220	Wastewater Treatment Plant (WWTP) Reconstruction	City of Hutchinson	For the reconstruction of the Hutchinson, MN wastewater treatment plant	\$1,000,000
221	Wastewater Treatment Plant (WWTP) Reconstruction	Grand Rapids Public Utilities Commission	To reconstruct the wastewater treatment plant in the City of Grand Rapids	\$5,000,000
222	Wastewater Treatment Plant Relocation Project	City of Willmar	For the relocation of an 80 year old wastewater treatment facility in Willmar	\$2,000,000
223	Watershed Planning and Surveys - Garvin Brook Project	Winona Soil and Watershed Co	For a comprehensive watershed study of the Garvin Brook Watershed.	\$100,000
224	Watershed Planning and Surveys – Springbrook Project	Two Rivers Watershed District	To continue a P.L. 566 watershed mitigation plan for the Springbrook Watershed near Hallock, MN	\$500,000
225	West Metro Corridor	St. Cloud APO	For roadway improvements between 8 <sup>th</sup> Street and Pinecone Road in Saint Cloud, MN	\$3,000,000
226	White Earth Tribal Nation Transit Service	White Earth Tribal Nation	For a demonstration project creating transit services on the White Earth reservation	\$1,000,000
227	Wild Rice and Marsh Rivers flood control study	City of Ada	To complete evaluation of 4 alternatives for flood control and begin plans and specifics of the preferred alternative on the Wild Rice River near Ada	\$100,000
228	Wild Rice Breeding & Germplasm Program	Minnesota Cultivated Wild Rice Council	To continue research of wild rice genome and structure	\$492,740
229	Wild Rice River Feasibility Study	U.S. Army Corps of Engineers	To continue feasibility study to design ecosystem restoration measures in the Wild Rice Watershed in Western Minnesota.	\$271,000
230	Wild Rice River Twin Valley Dam/Lake Project	Wild Rice Watershed District	To re-evaluate an earth-fill dam and potential alternatives near Twin Valley, MN	\$300,000
231	Wood Utilization Research Centers	University of Minnesota Duluth	For the national USDA Wood Utilization Research Centers to establish a grant program at 12 universities, including the University of Minnesota Duluth, to conduct research on wood use. This research enhances the competitiveness of small and medium wood product manufacturers and expands sustainable and environmentally acceptable forest operations and product manufacturing	\$7,200,000
232	Youth Development Project	Search Institute	To establish a National Resource Center on positive youth development and school success	\$425,000
233	Youth Violence Prevention	City of Minneapolis	For the City of Minneapolis to fund two projects developed to prevent youth from using violence	\$850,000
234	Zoological Information Management System	International Species Information System	For an infectious diseases biosurveillance project to ensure animal born diseases do not become communicable to humans.	\$500,000
