Technical Preservation Services

The Branch of Technical Preservation Services (TPS) has compiled this index to assist users in finding the printed and online information that TPS has developed on the subjects of historic preservation, cultural landscapes and the rehabilitation of historic buildings. The Index is arranged alphabetically and topics are cross referenced where appropriate. It is intended that this Index will be updated frequently. Online materials are available at www.nps.gov/history/hps/tps/index.htm.

This Index has been prepared pursuant to the National Historic Preservation Act of 1966, as amended, which directs the Secretary of the Interior to make available information concerning historic properties. Comments about this publication may be directed to Chief, Technical Preservation Services, National Park Service, 1849 C Street, NW, Washington, DC 20240.

Abatement
