

To Whom it May Concern-

I have been informed by a fellow hat manufacturer, Fiesta Hat Co.of Phoenix, AZ, that the House is considering HR4583.

Both our businesses are concerned about this bill. As small business domestic manufacturers of this product we are already plagued with an uneven playing field from imports. We do not feel that giving them the additional incentive of lower tariff is fair to SMALL U.S. BUSINESSES.

Please consider the consequences.

The other small business that would be affected are
F & M Headwear, of Pennsylvania
Shady Brady of California
Star Binding of MO

This is just a partial list of many small businesses that make this identical product (or supplier to us) right here in the USA.

Thank you for your consideration.

Respectfully,
