

Preserving Video Objects and Context

University of North Carolina at Chapel Hill
School of Information & Library Science

Gary Marchionini
Helen Tibbo
Paul Jones

Digital Government 2005 Conference
Atlanta
May 16-18, 2005

Our Foci

- Digital video as an increasingly practical medium
- Open Video repository as a testbed
 - NASA educational programs
 - ACM conference videos
- **It is our contention that metadata is crucial for access and substantial context is crucial for understanding over time.**

What to Preserve?

- Video files (primary materials)
 - Master copy(ies) at highest quality
 - Service copies
- Metadata and surrogates
- Object Granularity and Delivery Systems
- User Interactions, System and World States

Team and Goal

- University partners
 - UNC-CH
 - Simmons
- Partners and content
 - NASA
 - ACM
- Curator's template prototype with examples

Beyond the Video Files
