(1) A State plan shall be considered to meet the requirement of section 1396a(a)(13)(A)(iv) of this title (insofar as it requires payments to hospitals to take into account the situation of hospitals which serve a disproportionate number of low income patients with special needs) without regard to the requirement of subsection (a) of this section if (A)(i) the plan provided for payment adjustments based on a pooling arrangement involving a majority of the hospitals participating under the plan for disproportionate share hospitals as of January 1, 1984, or (ii) the plan as of January 1, 1987, provided for payment adjustments based on a statewide pooling arrangement involving all acute care hospitals and the arrangement provides for reimbursement of the total amount of uncompensated care provided by each participating hospital, (B) the aggregate amount of the payment adjustments under the plan for such hospitals is not less than the aggregate amount of such adjustments otherwise required to be made under such subsection, and (C) the plan meets the requirement of subsection (d)(3) of this section and such payment adjustments are made consistent with the last sentence of subsection (c) of this section.

(2) In the case of a State that used a health insuring organization before January 1, 1986, to administer a portion of its plan on a statewide basis, beginning on July 1, 1988—

(A) the requirements of subsections (b) and (c) of this section (other than the last sentence of subsection (c) of this section) shall not apply if the aggregate amount of the payment adjustments under the plan for disproportionate share hospitals (as defined under the State plan) is not less than the aggregate amount of payment adjustments otherwise required to be made if such subsections applied,

(B) subsection (d)(2)(B) of this section shall apply to hospitals located in urban areas, as well as in rural areas,

(C) subsection (d)(3) of this section shall apply, and

(D) subsection (g) of this section shall apply.

(f) Limitation on Federal financial participation

(1) In general

Payment under section 1396b(a) of this title shall not be made to a State with respect to any payment adjustment made under this section for hospitals in a State for quarters in a fiscal year in excess of the disproportionate share hospital (in this subsection referred to as ''DSH'') allotment for the State for the fiscal year, as specified in paragraphs (2) and (3).

(2) State DSH allotments for fiscal years 1998 through 2002

(3) State DSH allotments for fiscal year 2003 and thereafter

(A) In general

Except as provided in paragraph (6), the DSH allotment for any State for fiscal year

2003 and each succeeding fiscal year is equal to the DSH allotment for the State for the preceding fiscal year under paragraph (2) or this paragraph, increased, subject to subparagraphs (B) and (C) and paragraph (5) by the percentage change in the consumer price index for all urban consumers (all items; U.S. city average), for the previous fiscal year.

(B) Limitation

The DSH allotment for a State shall not be increased under subparagraph (A) for a fiscal year to the extent that such an increase would result in the DSH allotment for the year exceeding the greater of—

(i) the DSH allotment for the previous year, or

(ii) 12 percent of the total amount of expenditures under the State plan for medical assistance during the fiscal year.

(C) Special, temporary increase in allotments on a one-time, non-cumulative basis

The DSH allotment for any State (other than a State with a DSH allotment determined under paragraph (5))—

(i) for fiscal year 2004 is equal to 116 percent of the DSH allotment for the State for fiscal year 2003 under this paragraph, notwithstanding subparagraph (B); and

(ii) for each succeeding fiscal year is equal to the DSH allotment for the State for fiscal year 2004 or, in the case of fiscal years beginning with the fiscal year specified in subparagraph (D) for that State, the DSH allotment for the State for the previous fiscal year increased by the percentage change in the consumer price index for all urban consumers (all items; U.S. city average), for the previous fiscal year.

(D) Fiscal year specified

For purposes of subparagraph (C)(ii), the fiscal year specified in this subparagraph for a State is the first fiscal year for which the Secretary estimates that the DSH allotment for that State will equal (or no longer exceed) the DSH allotment for that State under the law as in effect before December 8, 2003.

(4) Special rule for fiscal years 2001 and 2002

(A) In general

Notwithstanding paragraph (2), the DSH allotment for any State for—

(i) fiscal year 2001, shall be the DSH allotment determined under paragraph (2) for fiscal year 2000 increased, subject to subparagraph (B) and paragraph (5), by the percentage change in the consumer price index for all urban consumers (all items; U.S. city average) for fiscal year 2000; and

(ii) fiscal year 2002, shall be the DSH allotment determined under clause (i) increased, subject to subparagraph (B) and paragraph (5), by the percentage change in the consumer price index for all urban consumers (all items; U.S. city average) for fiscal year 2001.

(B) Limitation

Subparagraph (B) of paragraph (3) shall apply to subparagraph (A) of this paragraph in the same manner as that subparagraph (B) applies to paragraph (3)(A).

(C) No application to allotments after fiscal year 2002

The DSH allotment for any State for fiscal year 2003 or any succeeding fiscal year shall be determined under paragraph (3) without regard to the DSH allotments determined under subparagraph (A) of this paragraph.

(5) Special rule for low DSH States

(A) For fiscal years 2001 through 2003 for extremely low DSH States

In the case of a State in which the total expenditures under the State plan (including Federal and State shares) for disproportionate share hospital adjustments under this section for fiscal year 1999, as reported to the Administrator of the Health Care Financing Administration as of August 31, 2000, is greater than 0 but less than 1 percent of the State's total amount of expenditures under the State plan for medical assistance during the fiscal year, the DSH allotment for fiscal year 2001 shall be increased to 1 percent of the State's total amount of expenditures under such plan for such assistance during such fiscal year. In subsequent fiscal years before fiscal year 2004, such increased allotment is subject to an increase for inflation as provided in paragraph (3)(A).

(B) For fiscal year 2004 and subsequent fiscal years

In the case of a State in which the total expenditures under the State plan (including Federal and State shares) for disproportionate share hospital adjustments under this section for fiscal year 2000, as reported to the Administrator of the Centers for Medicare & Medicaid Services as of August 31, 2003, is greater than 0 but less than 3 percent of the State's total amount of expenditures under the State plan for medical assistance during the fiscal year, the DSH allotment for the State with respect to—

(i) fiscal year 2004 shall be the DSH allotment for the State for fiscal year 2003 increased by 16 percent;

(ii) each succeeding fiscal year before fiscal year 2009 shall be the DSH allotment for the State for the previous fiscal year increased by 16 percent; and

(iii) fiscal year 2009 and any subsequent fiscal year, shall be the DSH allotment for the State for the previous year subject to an increase for inflation as provided in paragraph (3)(A).

(6) Allotment adjustment

Only with respect to fiscal year 2004 or 2005, if a statewide waiver under section 1315 of this title is revoked or terminated before the end of either such fiscal year and there is no DSH allotment for the State, the Secretary shall—

(A) permit the State whose waiver was revoked or terminated to submit an amendment to its State plan that would describe the methodology to be used by the State (after the effective date of such revocation or termination) to identify and make pay-

ments to disproportionate share hospitals, including children's hospitals and institutions for mental diseases or other mental health facilities (other than State-owned institutions or facilities), on the basis of the proportion of patients served by such hospitals that are low-income patients with special needs; and

(B) provide for purposes of this subsection for computation of an appropriate DSH allotment for the State for fiscal year 2004 or 2005 (or both) that would not exceed the amount allowed under paragraph (3)(B)(ii) and that does not result in greater expenditures under this subchapter than would have been made if such waiver had not been revoked or terminated.

In determining the amount of an appropriate DSH allotment under subparagraph (B) for a State, the Secretary shall take into account the level of DSH expenditures for the State for the fiscal year preceding the fiscal year in which the waiver commenced.

(7) "State" defined

In this subsection, the term ''State'' means the 50 States and the District of Columbia.

(g) Limit on amount of payment to hospital

(1) Amount of adjustment subject to uncompensated costs

(A) In general

A payment adjustment during a fiscal year shall not be considered to be consistent with subsection (c) of this section with respect to a hospital if the payment adjustment exceeds the costs incurred during the year of furnishing hospital services (as determined by the Secretary and net of payments under this subchapter, other than under this section, and by uninsured patients) by the hospital to individuals who either are eligible for medical assistance under the State plan or have no health insurance (or other source of third party coverage) for services provided during the year. For purposes of the preceding sentence, payments made to a hospital for services provided to indigent patients made by a State or a unit of local government within a State shall not be considered to be a source of third party payment.

(B) Limit to public hospitals during transition period

With respect to payment adjustments during a State fiscal year that begins before January 1, 1995, subparagraph (A) shall apply only to hospitals owned or operated by a State (or by an instrumentality or a unit of government within a State).

(C) Modifications for private hospitals

With respect to hospitals that are not owned or operated by a State (or by an instrumentality or a unit of government within a State), the Secretary may make such modifications to the manner in which the limitation on payment adjustments is applied to such hospitals as the Secretary considers appropriate.

(2) Additional amount during transition period for certain hospitals with high disproportionate share

(A) In general

In the case of a hospital with high disproportionate share (as defined in subparagraph (B)), a payment adjustment during a State fiscal year that begins before January 1, 1995, shall be considered consistent with subsection (c) of this section if the payment adjustment does not exceed 200 percent of the costs of furnishing hospital services described in paragraph (1)(A) during the year, but only if the Governor of the State certifies to the satisfaction of the Secretary that the hospital's applicable minimum amount is used for health services during the year. In determining the amount that is used for such services during a year, there shall be excluded any amounts received under the Public Health Service Act [42 U.S.C. 201 et seq.], subchapter V of this chapter, subchapter XVIII of this chapter, or from third party payors (not including the State plan under this subchapter) that are used for providing such services during the year.

(B) "Hospital with high disproportionate share" defined

In subparagraph (A), a hospital is a ''hospital with high disproportionate share'' if—

(i) the hospital is owned or operated by a State (or by an instrumentality or a unit of government within a State); and

(ii) the hospital—

(I) meets the requirement described in subsection (b)(1)(A) of this section, or

(II) has the largest number of inpatient days attributable to individuals entitled to benefits under the State plan of any hospital in such State for the previous State fiscal year.

(C) "Applicable minimum amount" defined

In subparagraph (A), the ''applicable minimum amount'' for a hospital for a fiscal year is equal to the difference between the amount of the hospital's payment adjustment for the fiscal year and the costs to the hospital of furnishing hospital services described in paragraph (1)(A) during the fiscal year.

(h) Limitation on certain State DSH expenditures

(1) In general

Payment under section 1396b(a) of this title shall not be made to a State with respect to any payment adjustments made under this section for quarters in a fiscal year (beginning with fiscal year 1998) to institutions for mental diseases or other mental health facilities, to the extent the aggregate of such adjustments in the fiscal year exceeds the lesser of the following:

(A) 1995 IMD DSH payment adjustments

The total State DSH expenditures that are attributable to fiscal year 1995 for payments to institutions for mental diseases and other

mental health facilities (based on reporting data specified by the State on HCFA Form 64 as mental health DSH, and as approved by the Secretary).

(B) Applicable percentage of 1995 total DSH payment allotment

The amount of such payment adjustments which are equal to the applicable percentage of the Federal share of payment adjustments made to hospitals in the State under subsection (c) of this section that are attributable to the 1995 DSH allotment for the State for payments to institutions for mental diseases and other mental health facilities (based on reporting data specified by the State on HCFA Form 64 as mental health DSH, and as approved by the Secretary).

(2) Applicable percentage

(A) In general

For purposes of paragraph (1), the applicable percentage with respect to—

(i) each of fiscal years 1998, 1999, and 2000, is the percentage determined under subparagraph (B); or

(ii) a succeeding fiscal year is the lesser of the percentage determined under subparagraph (B) or the following percentage:

(I) For fiscal year 2001, 50 percent.

(II) For fiscal year 2002, 40 percent.

(III) For each succeeding fiscal year, 33 percent.

(B) 1995 percentage

The percentage determined under this subparagraph is the ratio (determined as a percentage) of—

(i) the Federal share of payment adjustments made to hospitals in the State under subsection (c) of this section that are attributable to the 1995 DSH allotment for the State (as reported by the State not later than January 1, 1997, on HCFA Form 64, and as approved by the Secretary) for payments to institutions for mental diseases and other mental health facilities, to

(ii) the State 1995 DSH spending amount.

(C) State 1995 DSH spending amount

For purposes of subparagraph (B)(ii), the ''State 1995 DSH spending amount'', with respect to a State, is the Federal medical assistance percentage (for fiscal year 1995) of the payment adjustments made under subsection (c) of this section under the State plan that are attributable to the fiscal year 1995 DSH allotment for the State (as reported by the State not later than January 1, 1997, on HCFA Form 64, and as approved by the Secretary).

(i) Requirement for direct payment

(1) In general

No payment may be made under section 1396b(a)(1) of this title with respect to a payment adjustment made under this section, for services furnished by a hospital on or after October 1, 1997, with respect to individuals eligible for medical assistance under the State plan who are enrolled with a managed care entity (as defined in section 1396u–2(a)(1)(B) of this title) or under any other managed care arrangement unless a payment, equal to the amount of the payment adjustment—

(A) is made directly to the hospital by the State; and

(B) is not used to determine the amount of a prepaid capitation payment under the State plan to the entity or arrangement with respect to such individuals.

(2) Exception for current arrangements

Paragraph (1) shall not apply to a payment adjustment provided pursuant to a payment arrangement in effect on July 1, 1997.

(j) Annual reports and other requirements regarding payment adjustments

With respect to fiscal year 2004 and each fiscal year thereafter, the Secretary shall require a State, as a condition of receiving a payment under section 1396b(a)(1) of this title with respect to a payment adjustment made under this section, to do the following:

(1) Report

The State shall submit an annual report that includes the following:

(A) An identification of each disproportionate share hospital that received a payment adjustment under this section for the preceding fiscal year and the amount of the payment adjustment made to such hospital for the preceding fiscal year.

(B) Such other information as the Secretary determines necessary to ensure the appropriateness of the payment adjustments made under this section for the preceding fiscal year.

(2) Independent certified audit

The State shall annually submit to the Secretary an independent certified audit that verifies each of the following:

(A) The extent to which hospitals in the State have reduced their uncompensated care costs to reflect the total amount of claimed expenditures made under this section.

(B) Payments under this section to hospitals that comply with the requirements of subsection (g) of this section.

(C) Only the uncompensated care costs of providing inpatient hospital and outpatient hospital services to individuals described in paragraph (1)(A) of such subsection are included in the calculation of the hospital-specific limits under such subsection.

(D) The State included all payments under this subchapter, including supplemental payments, in the calculation of such hospital-specific limits.

(E) The State has separately documented and retained a record of all of its costs under this subchapter, claimed expenditures under this subchapter, uninsured costs in determining payment adjustments under this section, and any payments made on behalf of the uninsured from payment adjustments under this section.

(1) Separate treatment of income

During any month in which an institutionalized spouse is in the institution, except as pro-

vided in paragraph (2), no income of the community spouse shall be deemed available to the institutionalized spouse.

(2) Attribution of income

In determining the income of an institutionalized spouse or community spouse for purposes of the post-eligibility income determination described in subsection (d) of this section, except as otherwise provided in this section and regardless of any State laws relating to community property or the division of marital property, the following rules apply:

(A) Non-trust property

Subject to subparagraphs (C) and (D), in the case of income not from a trust, unless the instrument providing the income otherwise specifically provides—

(i) if payment of income is made solely in the name of the institutionalized spouse or the community spouse, the income shall be considered available only to that respective spouse;

(ii) if payment of income is made in the names of the institutionalized spouse and the community spouse, one-half of the income shall be considered available to each of them; and

(iii) if payment of income is made in the names of the institutionalized spouse or the community spouse, or both, and to another person or persons, the income shall be considered available to each spouse in proportion to the spouse's interest (or, if payment is made with respect to both spouses and no such interest is specified, one-half of the joint interest shall be considered available to each spouse).

(B) Trust property

In the case of a trust—

(i) except as provided in clause (ii), income shall be attributed in accordance with the provisions of this subchapter (including sections 1396a(a)(17) and 1396p(d) of this title), and

(ii) income shall be considered available to each spouse as provided in the trust, or, in the absence of a specific provision in the trust—

(I) if payment of income is made solely to the institutionalized spouse or the community spouse, the income shall be considered available only to that respective spouse;

(II) if payment of income is made to both the institutionalized spouse and the community spouse, one-half of the income shall be considered available to each of them; and

(III) if payment of income is made to the institutionalized spouse or the community spouse, or both, and to another person or persons, the income shall be considered available to each spouse in proportion to the spouse's interest (or, if payment is made with respect to both spouses and no such interest is specified, one-half of the joint interest shall be considered available to each spouse).

(C) Property with no instrument

In the case of income not from a trust in which there is no instrument establishing ownership, subject to subparagraph (D), one-half of the income shall be considered to be available to the institutionalized spouse and one-half to the community spouse.

(D) Rebutting ownership

The rules of subparagraphs (A) and (C) are superseded to the extent that an institutionalized spouse can establish, by a preponderance of the evidence, that the ownership interests in income are other than as provided under such subparagraphs.

(c) Rules for treatment of resources

(1) Computation of spousal share at time of institutionalization

(A) Total joint resources

There shall be computed (as of the beginning of the first continuous period of institutionalization (beginning on or after September 30, 1989) of the institutionalized spouse)—

(i) the total value of the resources to the extent either the institutionalized spouse or the community spouse has an ownership interest, and

(ii) a spousal share which is equal to ½ of such total value.

(B) Assessment

At the request of an institutionalized spouse or community spouse, at the beginning of the first continuous period of institutionalization (beginning on or after September 30, 1989) of the institutionalized spouse and upon the receipt of relevant documentation of resources, the State shall promptly assess and document the total value described in subparagraph (A)(i) and shall provide a copy of such assessment and documentation to each spouse and shall retain a copy of the assessment for use under this section. If the request is not part of an application for medical assistance under this subchapter, the State may, at its option as a condition of providing the assessment, require payment of a fee not exceeding the reasonable expenses of providing and documenting the assessment. At the time of providing the copy of the assessment, the State shall include a notice indicating that the spouse will have a right to a fair hearing under subsection (e)(2) of this section.

(2) Attribution of resources at time of initial eligibility determination

In determining the resources of an institutionalized spouse at the time of application for benefits under this subchapter, regardless of any State laws relating to community property or the division of marital property—

(A) except as provided in subparagraph (B), all the resources held by either the institutionalized spouse, community spouse, or both, shall be considered to be available to the institutionalized spouse, and

(B) resources shall be considered to be available to an institutionalized spouse, but

only to the extent that the amount of such resources exceeds the amount computed under subsection (f)(2)(A) of this section (as of the time of application for benefits).

(3) Assignment of support rights

The institutionalized spouse shall not be ineligible by reason of resources determined under paragraph (2) to be available for the cost of care where—

(A) the institutionalized spouse has assigned to the State any rights to support from the community spouse;

(B) the institutionalized spouse lacks the ability to execute an assignment due to physical or mental impairment but the State has the right to bring a support proceeding against a community spouse without such assignment; or

(C) the State determines that denial of eligibility would work an undue hardship.

(4) Separate treatment of resources after eligibility for benefits established

During the continuous period in which an institutionalized spouse is in an institution and after the month in which an institutionalized spouse is determined to be eligible for benefits under this subchapter, no resources of the community spouse shall be deemed available to the institutionalized spouse.

(5) Resources defined

In this section, the term ''resources'' does not include—

(A) resources excluded under subsection (a) or (d) of section 1382b of this title, and

(B) resources that would be excluded under section 1382b(a)(2)(A) of this title but for the limitation on total value described in such section.

(d) Protecting income for community spouse

(1) Allowances to be offset from income of institutionalized spouse

After an institutionalized spouse is determined or redetermined to be eligible for medical assistance, in determining the amount of the spouse's income that is to be applied monthly to payment for the costs of care in the institution, there shall be deducted from the spouse's monthly income the following amounts in the following order:

(A) A personal needs allowance (described in section 1396a(q)(1) of this title), in an amount not less than the amount specified in section 1396a(q)(2) of this title.

(B) A community spouse monthly income allowance (as defined in paragraph (2)), but only to the extent income of the institutionalized spouse is made available to (or for the benefit of) the community spouse.

(C) A family allowance, for each family member, equal to at least ⅓ of the amount by which the amount described in paragraph (3)(A)(i) exceeds the amount of the monthly income of that family member.

(D) Amounts for incurred expenses for medical or remedial care for the institutionalized spouse (as provided under section 1396a(r) of this title).

In subparagraph (C), the term ''family member'' only includes minor or dependent children, dependent parents, or dependent siblings of the institutionalized or community spouse who are residing with the community spouse.

(2) Community spouse monthly income allowance defined

In this section (except as provided in paragraph (5)), the ''community spouse monthly income allowance'' for a community spouse is an amount by which—

(A) except as provided in subsection (e) of this section, the minimum monthly maintenance needs allowance (established under and in accordance with paragraph (3)) for the spouse, exceeds

(B) the amount of monthly income otherwise available to the community spouse (determined without regard to such an allowance).

(3) Establishment of minimum monthly maintenance needs allowance

(A) In general

Each State shall establish a minimum monthly maintenance needs allowance for each community spouse which, subject to subparagraph (C), is equal to or exceeds—

(i) the applicable percent (described in subparagraph (B)) of 1/12 of the income official poverty line (defined by the Office of Management and Budget and revised annually in accordance with section 9902(2) of this title) for a family unit of 2 members; plus

(ii) an excess shelter allowance (as defined in paragraph (4)).

A revision of the official poverty line referred to in clause (i) shall apply to medical assistance furnished during and after the second calendar quarter that begins after the date of publication of the revision.

(B) Applicable percent

For purposes of subparagraph (A)(i), the ''applicable percent'' described in this paragraph, effective as of—

(i) September 30, 1989, is 122 percent,

(ii) July 1, 1991, is 133 percent, and

(iii) July 1, 1992, is 150 percent.

(C) Cap on minimum monthly maintenance needs allowance

The minimum monthly maintenance needs allowance established under subparagraph (A) may not exceed $1,500 (subject to adjustment under subsections (e) and (g) of this section).

(4) Excess shelter allowance defined

In paragraph (3)(A)(ii), the term ''excess shelter allowance'' means, for a community spouse, the amount by which the sum of—

(A) the spouse's expenses for rent or mortgage payment (including principal and interest), taxes and insurance and, in the case of a condominium or cooperative, required maintenance charge, for the community spouse's principal residence, and

(B) the standard utility allowance (used by the State under section 2014(e) of title 7) or, if the State does not use such an allowance, the spouse's actual utility expenses,

exceeds 30 percent of the amount described in paragraph (3)(A)(i), except that, in the case of a condominium or cooperative, for which a maintenance charge is included under subparagraph (A), any allowance under subparagraph (B) shall be reduced to the extent the maintenance charge includes utility expenses.

(5) Court ordered support

If a court has entered an order against an institutionalized spouse for monthly income for the support of the community spouse, the community spouse monthly income allowance for the spouse shall be not less than the amount of the monthly income so ordered.

(e) Notice and fair hearing

(1) Notice

Upon—

(A) a determination of eligibility for medical assistance of an institutionalized spouse, or

(B) a request by either the institutionalized spouse, or the community spouse, or a representative acting on behalf of either spouse,

each State shall notify both spouses (in the case described in subparagraph (A)) or the spouse making the request (in the case described in subparagraph (B)) of the amount of the community spouse monthly income allowance (described in subsection (d)(1)(B) of this section), of the amount of any family allowances (described in subsection (d)(1)(C) of this section), of the method for computing the amount of the community spouse resources allowance permitted under subsection (f) of this section, and of the spouse's right to a fair hearing under this subsection respecting ownership or availability of income or resources, and the determination of the community spouse monthly income or resource allowance.

(2) Fair hearing

(A) In general

If either the institutionalized spouse or the community spouse is dissatisfied with a determination of—

(i) the community spouse monthly income allowance;

(ii) the amount of monthly income otherwise available to the community spouse (as applied under subsection (d)(2)(B) of this section);

(iii) the computation of the spousal share of resources under subsection (c)(1) of this section;

(iv) the attribution of resources under subsection (c)(2) of this section; or

(v) the determination of the community spouse resource allowance (as defined in subsection (f)(2) of this section);

such spouse is entitled to a fair hearing described in section 1396a(a)(3) of this title with respect to such determination if an application for benefits under this subchapter has been made on behalf of the institutionalized spouse. Any such hearing respecting the determination of the community spouse resource allowance shall be held within 30 days of the date of the request for the hearing.

(B) Revision of minimum monthly maintenance needs allowance

If either such spouse establishes that the community spouse needs income, above the level otherwise provided by the minimum monthly maintenance needs allowance, due to exceptional circumstances resulting in significant financial duress, there shall be substituted, for the minimum monthly maintenance needs allowance in subsection (d)(2)(A) of this section, an amount adequate to provide such additional income as is necessary.

(C) Revision of community spouse resource allowance

If either such spouse establishes that the community spouse resource allowance (in relation to the amount of income generated by such an allowance) is inadequate to raise the community spouse's income to the minimum monthly maintenance needs allowance, there shall be substituted, for the community spouse resource allowance under subsection (f)(2) of this section, an amount adequate to provide such a minimum monthly maintenance needs allowance.

(f) Permitting transfer of resources to community spouse

(1) In general

An institutionalized spouse may, without regard to section 1396p(c)(1) of this title, transfer an amount equal to the community spouse resource allowance (as defined in paragraph (2)), but only to the extent the resources of the institutionalized spouse are transferred to (or for the sole benefit of) the community spouse. The transfer under the preceding sentence shall be made as soon as practicable after the date of the initial determination of eligibility, taking into account such time as may be necessary to obtain a court order under paragraph (3).

(2) Community spouse resource allowance defined

In paragraph (1), the ''community spouse resource allowance'' for a community spouse is an amount (if any) by which—

(A) the greatest of—

(i) $12,000 (subject to adjustment under subsection (g) of this section), or, if greater (but not to exceed the amount specified in clause (ii)(II)) an amount specified under the State plan,

(ii) the lesser of (I) the spousal share computed under subsection (c)(1) of this section, or (II) $60,000 (subject to adjustment under subsection (g) of this section),

(iii) the amount established under subsection (e)(2) of this section; or

(iv) the amount transferred under a court order under paragraph (3);

exceeds

(B) the amount of the resources otherwise available to the community spouse (determined without regard to such an allowance).

(3) Transfers under court orders

If a court has entered an order against an institutionalized spouse for the support of the

community spouse, section 1396p of this title shall not apply to amounts of resources transferred pursuant to such order for the support of the spouse or a family member (as defined in subsection (d)(1) of this section).

(g) Indexing dollar amounts

For services furnished during a calendar year after 1989, the dollar amounts specified in subsections (d)(3)(C), (f)(2)(A)(i), and (f)(2)(A)(ii)(II) of this section shall be increased by the same percentage as the percentage increase in the consumer price index for all urban consumers (all items; U.S. city average) between September 1988 and the September before the calendar year involved.

§ 1396r–6. Extension of eligibility for medical assistance

(a) Initial 6-month extension

(1) Requirement

Notwithstanding any other provision of this subchapter, each State plan approved under this subchapter must provide that each family which was receiving aid pursuant to a plan of the State approved under part A of subchapter IV of this chapter in at least 3 of the 6 months immediately preceding the month in which such family becomes ineligible for such aid, because of hours of, or income from, employment of the caretaker relative (as defined in subsection (e) of this section) or because of section 602(a)(8)(B)(ii)(II)[1] of this title (providing for a time-limited earned income disregard), shall, subject to paragraph (3) and without any reapplication for benefits under the plan, remain eligible for assistance under the plan approved under this subchapter during the immediately succeeding 6-month period in accordance with this subsection.

(2) Notice of benefits

Each State, in the notice of termination of aid under part A of subchapter IV of this chapter sent to a family meeting the requirements of paragraph (1)—

(A) shall notify the family of its right to extended medical assistance under this subsection and include in the notice a description of the reporting requirement of subsection (b)(2)(B)(i) of this section and of the circumstances (described in paragraph (3)) under which such extension may be terminated; and

(B) shall include a card or other evidence of the family's entitlement to assistance under this subchapter for the period provided in this subsection.

(3) Termination of extension

(A) No dependent child

Subject to subparagraphs (B) and (C), extension of assistance during the 6-month period described in paragraph (1) to a family shall terminate (during such period) at the close of the first month in which the family ceases to include a child, whether or not the child is (or would if needy be) a dependent child under part A of subchapter IV of this chapter.

(B) Notice before termination

No termination of assistance shall become effective under subparagraph (A) until the State has provided the family with notice of the grounds for the termination.

(C) Continuation in certain cases until redetermination

With respect to a child who would cease to receive medical assistance because of sub-

paragraph (A) but who may be eligible for assistance under the State plan because the child is described in clause (i) of section 1396d(a) of this title or clause (i)(IV), (i)(VI), (i)(VII), or (ii)(IX) of section 1396a(a)(10)(A) of this title, the State may not discontinue such assistance under such subparagraph until the State has determined that the child is not eligible for assistance under the plan.

(4) Scope of coverage

(A) In general

Subject to subparagraph (B), during the 6-month extension period under this subsection, the amount, duration, and scope of medical assistance made available with respect to a family shall be the same as if the family were still receiving aid under the plan approved under part A of subchapter IV of this chapter.

(B) State medicaid "wrap-around" option

A State, at its option, may pay a family's expenses for premiums, deductibles, coinsurance, and similar costs for health insurance or other health coverage offered by an employer of the caretaker relative or by an employer of the absent parent of a dependent child. In the case of such coverage offered by an employer of the caretaker relative—

(i) the State may require the caretaker relative, as a condition of extension of coverage under this subsection for the caretaker and the caretaker's family, to make application for such employer coverage, but only if—

(I) the caretaker relative is not required to make financial contributions for such coverage (whether through payroll deduction, payment of deductibles, coinsurance, or similar costs, or otherwise), and

(II) the State provides, directly or otherwise, for payment of any of the premium amount, deductible, coinsurance, or similar expense that the employee is otherwise required to pay; and

(ii) the State shall treat the coverage under such an employer plan as a third party liability (under section 1396a(a)(25) of this title).

Payments for premiums, deductibles, coinsurance, and similar expenses under this subparagraph shall be considered, for purposes of section 1396b(a) of this title, to be payments for medical assistance.

(b) Additional 6-month extension

(1) Requirement

Notwithstanding any other provision of this subchapter, each State plan approved under this subchapter shall provide that the State shall offer to each family, which has received assistance during the entire 6-month period under subsection (a) of this section and which meets the requirement of paragraph (2)(B)(i), in the last month of the period the option of extending coverage under this subsection for the succeeding 6-month period, subject to paragraph (3).

(2) Notice and reporting requirements

(A) Notices

(i) Notice during initial extension period of option and requirements

Each State, during the 3rd and 6th month of any extended assistance furnished to a family under subsection (a) of this section, shall notify the family of the family's option for additional extended assistance under this subsection. Each such notice shall include (I) in the 3rd month notice, a statement of the reporting requirement under subparagraph (B)(i), and, in the 6th month notice, a statement of the reporting requirement under subparagraph (B)(ii), (II) a statement as to whether any premiums are required for such additional extended assistance, and (III) a description of other out-of-pocket expenses, benefits, reporting and payment procedures, and any pre-existing condition limitations, waiting periods, or other coverage limitations imposed under any alternative coverage options offered under paragraph (4)(D). The 6th month notice under this subparagraph shall describe the amount of any premium required of a particular family for each of the first 3 months of additional extended assistance under this subsection.

(ii) Notice during additional extension period of reporting requirements and premiums

Each State, during the 3rd month of any additional extended assistance furnished to a family under this subsection, shall notify the family of the reporting requirement under subparagraph (B)(ii) and a statement of the amount of any premium required for such extended assistance for the succeeding 3 months.

(B) Reporting requirements

(i) During initial extension period

Each State shall require (as a condition for additional extended assistance under this subsection) that a family receiving extended assistance under subsection (a) of this section report to the State, not later than the 21st day of the 4th month in the period of extended assistance under subsection (a) of this section, on the family's gross monthly earnings and on the family's costs for such child care as is necessary for the employment of the caretaker relative in each of the first 3 months of that period. A State may permit such additional extended assistance under this subsection notwithstanding a failure to report under this clause if the family has established, to the satisfaction of the State, good cause for the failure to report on a timely basis.

(ii) During additional extension period

Each State shall require that a family receiving extended assistance under this subsection report to the State, not later than the 21st day of the 1st month and of the 4th month in the period of additional

extended assistance under this subsection, on the family's gross monthly earnings and on the family's costs for such child care as is necessary for the employment of the caretaker relative in each of the 3 preceding months.

(iii) Clarification on frequency of reporting

A State may not require that a family receiving extended assistance under this subsection or subsection (a) of this section report more frequently than as required under clause (i) or (ii).

(3) Termination of extension

(A) In general

Subject to subparagraphs (B) and (C), extension of assistance during the 6-month period described in paragraph (1) to a family shall terminate (during the period) as follows:

(i) No dependent child

The extension shall terminate at the close of the first month in which the family ceases to include a child, whether or not the child is (or would if needy be) a dependent child under part A of subchapter IV of this chapter.

(ii) Failure to pay any premium

If the family fails to pay any premium for a month under paragraph (5) by the 21st day of the following month, the extension shall terminate at the close of that following month, unless the family has established, to the satisfaction of the State, good cause for the failure to pay such premium on a timely basis.

(iii) Quarterly income reporting and test

The extension under this subsection shall terminate at the close of the 1st or 4th month of the 6-month period if—

(I) the family fails to report to the State, by the 21st day of such month, the information required under paragraph (2)(B)(ii), unless the family has established, to the satisfaction of the State, good cause for the failure to report on a timely basis;

(II) the caretaker relative had no earnings in one or more of the previous 3 months, unless such lack of any earnings was due to an involuntary loss of employment, illness, or other good cause, established to the satisfaction of the State; or

(III) the State determines that the family's average gross monthly earnings (less such costs for such child care as is necessary for the employment of the caretaker relative) during the immediately preceding 3-month period exceed 185 percent of the official poverty line (as defined by the Office of Management and Budget, and revised annually in accordance with section 9902(2) of this title) applicable to a family of the size involved.

Information described in clause (iii)(I) shall be subject to the restrictions on use and disclosure of information provided under section 602(a)(9)[2] of this title. Instead of terminating a family's extension under clause (iii)(I), a State, at its option, may provide for suspension of the extension until the month after the month in which the family reports information required under paragraph (2)(B)(ii), but only if the family's extension has not otherwise been terminated under subclause (II) or (III) of clause (iii). The State shall make determinations under clause (iii)(III) for a family each time a report under paragraph (2)(B)(ii) for the family is received.

(B) Notice before termination

No termination of assistance shall become effective under subparagraph (A) until the State has provided the family with notice of the grounds for the termination, which notice shall include (in the case of termination under subparagraph (A)(iii)(II), relating to no continued earnings) a description of how the family may reestablish eligibility for medical assistance under the State plan. No such termination shall be effective earlier than 10 days after the date of mailing of such notice.

(C) Continuation in certain cases until redetermination

(i) Dependent children

With respect to a child who would cease to receive medical assistance because of subparagraph (A)(i) but who may be eligible for assistance under the State plan because the child is described in clause (i) of section 1396d(a) of this title or clause (i)(IV), (i)(VI), (i)(VII), or (ii)(IX) of section 1396a(a)(10)(A) of this title, the State may not discontinue such assistance under such subparagraph until the State has determined that the child is not eligible for assistance under the plan.

(ii) Medically needy

With respect to an individual who would cease to receive medical assistance because of clause (ii) or (iii) of subparagraph (A) but who may be eligible for assistance under the State plan because the individual is within a category of person for which medical assistance under the State plan is available under section 1396a(a)(10)(C) of this title (relating to medically needy individuals), the State may not discontinue such assistance under such subparagraph until the State has determined that the individual is not eligible for assistance under the plan.

(4) Coverage

(A) In general

During the extension period under this subsection—

(i) the State plan shall offer to each family medical assistance which (subject to subparagraphs (B) and (C)) is the same amount, duration, and scope as would be made available to the family if it were

[2] See References in Text note below.

still receiving aid under the plan approved under part A of subchapter IV of this chapter; and

(ii) the State plan may offer alternative coverage described in subparagraph (D).

(B) Elimination of most non-acute care benefits

At a State's option and notwithstanding any other provision of this subchapter, a State may choose not to provide medical assistance under this subsection with respect to any (or all) of the items and services described in paragraphs (4)(A), (6), (7), (8), (11), (13), (14), (15), (16), (18), (20), and (21)[2] of section 1396d(a) of this title.

(C) State medicaid "wrap-around" option

At a State's option, the State may elect to apply the option described in subsection (a)(4)(B) of this section (relating to ''wrap-around'' coverage) for families electing medical assistance under this subsection in the same manner as such option applies to families provided extended eligibility for medical assistance under subsection (a) of this section.

(D) Alternative assistance

At a State's option, the State may offer families a choice of health care coverage under one or more of the following, instead of the medical assistance otherwise made available under this subsection:

(i) Enrollment in family option of employer plan

Enrollment of the caretaker relative and dependent children in a family option of the group health plan offered to the caretaker relative.

(ii) Enrollment in family option of State employee plan

Enrollment of the caretaker relative and dependent children in a family option within the options of the group health plan or plans offered by the State to State employees.

(iii) Enrollment in State uninsured plan

Enrollment of the caretaker relative and dependent children in a basic State health plan offered by the State to individuals in the State (or areas of the State) otherwise unable to obtain health insurance coverage.

(iv) Enrollment in medicaid managed care organization

Enrollment of the caretaker relative and dependent children in a medicaid managed care organization (as defined in section 1396b(m)(1)(A) of this title).

If a State elects to offer an option to enroll a family under this subparagraph, the State shall pay any premiums and other costs for such enrollment imposed on the family and may pay deductibles and coinsurance imposed on the family. A State's payment of premiums for the enrollment of families under this subparagraph (not including any premiums otherwise payable by an employer and less the amount of premiums collected from such families under paragraph (5)) and payment of any deductibles and coinsurance shall be considered, for purposes of section 1396b(a)(1) of this title, to be payments for medical assistance.

(E) Prohibition on cost-sharing for maternity and preventive pediatric care

(i) In general

If a State offers any alternative option under subparagraph (D) for families, under each such option the State must assure that care described in clause (ii) is available without charge to the families through—

(I) payment of any deductibles, coinsurance, and other cost-sharing respecting such care, or

(II) providing coverage under the State plan for such care without any cost-sharing,

or any combination of such mechanisms.

(ii) Care described

The care described in this clause consists of—

(I) services related to pregnancy (including prenatal, delivery, and post partum services), and

(II) ambulatory preventive pediatric care (including ambulatory early and periodic screening, diagnosis, and treatment services under section 1396d(a)(4)(B) of this title) for each child who meets the age and date of birth requirements to be a qualified child under section 1396d(n)(2) of this title.

(5) Premium

(A) Permitted

Notwithstanding any other provision of this subchapter (including section 1396*o* of this title), a State may impose a premium for a family for additional extended coverage under this subsection for a premium payment period (as defined in subparagraph (D)(i)), but only if the family's average gross monthly earnings (less the average monthly costs for such child care as is necessary for the employment of the caretaker relative) for the premium base period exceed 100 percent of the official poverty line (as defined by the Office of Management and Budget, and revised annually in accordance with section 9902(2) of this title) applicable to a family of the size involved.

(B) Level may vary by option offered

The level of such premium may vary, for the same family, for each option offered by a State under paragraph (4)(D).

(C) Limit on premium

In no case may the amount of any premium under this paragraph for a family for a month in either of the premium payment periods described in subparagraph (D)(i) exceed 3 percent of the family's average gross monthly earnings (less the average monthly costs for such child care as is necessary for the employment of the caretaker relative)

during the premium base period (as defined in subparagraph (D)(ii)).

(D) Definitions

In this paragraph:

(i) A ''premium payment period'' described in this clause is a 3-month period beginning with the 1st or 4th month of the 6-month additional extension period provided under this subsection.

(ii) The term ''premium base period'' means, with respect to a particular premium payment period, the period of 3 consecutive months the last of which is 4 months before the beginning of that premium payment period.

(c) Applicability in States and territories

(1) States operating under demonstration projects

In the case of any State which is providing medical assistance to its residents under a waiver granted under section 1315(a) of this title, the Secretary shall require the State to meet the requirements of this section in the same manner as the State would be required to meet such requirement if the State had in effect a plan approved under this subchapter.

(2) Inapplicability in commonwealths and territories

The provisions of this section shall only apply to the 50 States and the District of Columbia.

(d) General disqualification for fraud

(1) Ineligibility for aid

This section shall not apply to an individual who is a member of a family which has received aid under part A of subchapter IV of this chapter if the State makes a finding that, at any time during the last 6 months in which the family was receiving such aid before otherwise being provided extended eligibility under this section, the individual was ineligible for such aid because of fraud.

(2) General disqualifications

For additional provisions relating to fraud and program abuse, see sections 1320a–7, 1320a–7a, and 1320a–7b of this title.

(e) "Caretaker relative" defined

In this section, the term ''caretaker relative'' has the meaning of such term as used in part A of subchapter IV of this chapter.

(f) Sunset

This section shall not apply with respect to families that cease to be eligible for aid under part A of subchapter IV of this chapter after September 30, 2003.

§ 1396r–8. Payment for covered outpatient drugs

(a) Requirement for rebate agreement

(1) In general

In order for payment to be available under section 1396b(a) of this title or under part B of subchapter XVIII of this chapter for covered outpatient drugs of a manufacturer, the manufacturer must have entered into and have in effect a rebate agreement described in subsection (b) of this section with the Secretary, on behalf of States (except that, the Secretary may authorize a State to enter directly into agreements with a manufacturer), and must meet the requirements of paragraph (5) (with respect to drugs purchased by a covered entity on or after the first day of the first month that begins after November 4, 1992) and paragraph (6). Any agreement between a State and a manufacturer prior to April 1, 1991, shall be deemed to have been entered into on January

1, 1991, and payment to such manufacturer shall be retroactively calculated as if the agreement between the manufacturer and the State had been entered into on January 1, 1991. If a manufacturer has not entered into such an agreement before March 1, 1991, such an agreement, subsequently entered into, shall become effective as of the date on which the agreement is entered into or, at State option, on any date thereafter on or before the first day of the calendar quarter that begins more than 60 days after the date the agreement is entered into.

(2) Effective date

Paragraph (1) shall first apply to drugs dispensed under this subchapter on or after January 1, 1991.

(3) Authorizing payment for drugs not covered under rebate agreements

Paragraph (1), and section 1396b(i)(10)(A) of this title, shall not apply to the dispensing of a single source drug or innovator multiple source drug if (A)(i) the State has made a determination that the availability of the drug is essential to the health of beneficiaries under the State plan for medical assistance; (ii) such drug has been given a rating of 1–A by the Food and Drug Administration; and (iii)(I) the physician has obtained approval for use of the drug in advance of its dispensing in accordance with a prior authorization program described in subsection (d) of this section, or (II) the Secretary has reviewed and approved the State's determination under subparagraph (A); or (B) the Secretary determines that in the first calendar quarter of 1991, there were extenuating circumstances.

(4) Effect on existing agreements

In the case of a rebate agreement in effect between a State and a manufacturer on November 5, 1990, such agreement, for the initial agreement period specified therein, shall be considered to be a rebate agreement in compliance with this section with respect to that State, if the State agrees to report to the Secretary any rebates paid pursuant to the agreement and such agreement provides for a minimum aggregate rebate of 10 percent of the State's total expenditures under the State plan for coverage of the manufacturer's drugs under this subchapter. If, after the initial agreement period, the State establishes to the satisfaction of the Secretary that an agreement in effect on November 5, 1990, provides for rebates that are at least as large as the rebates otherwise required under this section, and the State agrees to report any rebates under the agreement to the Secretary, the agreement shall be considered to be a rebate agreement in compliance with the section for the renewal periods of such agreement.

(5) Limitation on prices of drugs purchased by covered entities

(A) Agreement with Secretary

A manufacturer meets the requirements of this paragraph if the manufacturer has entered into an agreement with the Secretary that meets the requirements of section 256b of this title with respect to covered outpatient drugs purchased by a covered entity on or after the first day of the first month that begins after November 4, 1992.

(B) "Covered entity" defined

In this subsection, the term ''covered entity'' means an entity described in section 256b(a)(4) of this title.

(C) Establishment of alternative mechanism to ensure against duplicate discounts or rebates

If the Secretary does not establish a mechanism under section 256b(a)(5)(A) of this title within 12 months of November 4, 1992, the following requirements shall apply:

(i) Entities

Each covered entity shall inform the single State agency under section 1396a(a)(5) of this title when it is seeking reimbursement from the State plan for medical assistance described in section 1396d(a)(12) of this title with respect to a unit of any covered outpatient drug which is subject to an agreement under section 256b(a) of this title.

(ii) State agency

Each such single State agency shall provide a means by which a covered entity shall indicate on any drug reimbursement claims form (or format, where electronic claims management is used) that a unit of the drug that is the subject of the form is subject to an agreement under section 256b of this title, and not submit to any manufacturer a claim for a rebate payment under subsection (b) of this section with respect to such a drug.

(D) Effect of subsequent amendments

In determining whether an agreement under subparagraph (A) meets the requirements of section 256b of this title, the Secretary shall not take into account any amendments to such section that are enacted after November 4, 1992.

(E) Determination of compliance

A manufacturer is deemed to meet the requirements of this paragraph if the manufacturer establishes to the satisfaction of the Secretary that the manufacturer would comply (and has offered to comply) with the provisions of section 256b of this title (as in effect immediately after November 4, 1992) and would have entered into an agreement under such section (as such section was in effect at such time), but for a legislative change in such section after November 4, 1992.

(6) Requirements relating to master agreements for drugs procured by Department of Veterans Affairs and certain other Federal agencies

(A) In general

A manufacturer meets the requirements of this paragraph if the manufacturer complies with the provisions of section 8126 of title 38, including the requirement of entering into a master agreement with the Secretary of Veterans Affairs under such section.

(B) Effect of subsequent amendments

In determining whether a master agreement described in subparagraph (A) meets the requirements of section 8126 of title 38, the Secretary shall not take into account any amendments to such section that are enacted after November 4, 1992.

(C) Determination of compliance

A manufacturer is deemed to meet the requirements of this paragraph if the manufacturer establishes to the satisfaction of the Secretary that the manufacturer would comply (and has offered to comply) with the provisions of section 8126 of title 38, (as in effect immediately after November 4, 1992) and would have entered into an agreement under such section (as such section was in effect at such time), but for a legislative change in such section after November 4, 1992.

(b) Terms of rebate agreement

(1) Periodic rebates

(A) In general

A rebate agreement under this subsection shall require the manufacturer to provide, to each State plan approved under this subchapter, a rebate for a rebate period in an amount specified in subsection (c) of this section for covered outpatient drugs of the manufacturer dispensed after December 31, 1990, for which payment was made under the State plan for such period. Such rebate shall be paid by the manufacturer not later than 30 days after the date of receipt of the information described in paragraph (2) for the period involved.

(B) Offset against medical assistance

Amounts received by a State under this section (or under an agreement authorized by the Secretary under subsection (a)(1) of this section or an agreement described in subsection (a)(4) of this section) in any quarter shall be considered to be a reduction in the amount expended under the State plan in the quarter for medical assistance for purposes of section 1396b(a)(1) of this title.

(2) State provision of information

(A) State responsibility

Each State agency under this subchapter shall report to each manufacturer not later than 60 days after the end of each rebate period and in a form consistent with a standard reporting format established by the Secretary, information on the total number of units of each dosage form and strength and package size of each covered outpatient drug dispensed after December 31, 1990, for which payment was made under the plan during the period, and shall promptly transmit a copy of such report to the Secretary.

(B) Audits

A manufacturer may audit the information provided (or required to be provided) under subparagraph (A). Adjustments to rebates shall be made to the extent that information indicates that utilization was greater or less than the amount previously specified.

(3) Manufacturer provision of price information

(A) In general

Each manufacturer with an agreement in effect under this section shall report to the Secretary—

(i) not later than 30 days after the last day of each rebate period under the agreement (beginning on or after January 1, 1991), on the average manufacturer price (as defined in subsection (k)(1) of this section) and, (for single source drugs and innovator multiple source drugs), the manufacturer's best price (as defined in subsection (c)(2)(B) of this section) for covered outpatient drugs for the rebate period under the agreement,;[1]

(ii) not later than 30 days after the date of entering into an agreement under this section on the average manufacturer price (as defined in subsection (k)(1) of this section) as of October 1, 1990[2] for each of the manufacturer's covered outpatient drugs; and

(iii) for calendar quarters beginning on or after January 1, 2004, in conjunction with reporting required under clause (i) and by National Drug Code (including package size)—

(I) the manufacturer's average sales price (as defined in section 1395w–3a(c) of this title) and the total number of units specified under section 1395w–3a(b)(2)(A) of this title;

(II) if required to make payment under section 1395w–3a of this title, the manufacturer's wholesale acquisition cost, as defined in subsection (c)(6) of such section; and

(III) information on those sales that were made at a nominal price or otherwise described in section 1395w–3a(c)(2)(B) of this title;

for a drug or biological described in subparagraph (C), (D), (E), or (G) of section 1395u(*o*)(1) of this title or section 1395rr(b)(13)(A)(ii) of this title.

Information reported under this subparagraph is subject to audit by the Inspector General of the Department of Health and Human Services.

(B) Verification surveys of average manufacturer price and manufacturer's average sales price

The Secretary may survey wholesalers and manufacturers that directly distribute their covered outpatient drugs, when necessary, to verify manufacturer prices and manufacturer's average sales prices (including wholesale acquisition cost) if required to make payment reported under subparagraph (A). The Secretary may impose a civil monetary penalty in an amount not to exceed $100,000 on a wholesaler, manufacturer, or direct seller, if the wholesaler, manufacturer, or direct seller of a covered outpatient drug refuses a

request for information about charges or prices by the Secretary in connection with a survey under this subparagraph or knowingly provides false information. The provisions of section 1320a–7a of this title (other than subsections (a) (with respect to amounts of penalties or additional assessments) and (b)) shall apply to a civil money penalty under this subparagraph in the same manner as such provisions apply to a penalty or proceeding under section 1320a–7a(a) of this title.

(C) Penalties

(i) Failure to provide timely information

In the case of a manufacturer with an agreement under this section that fails to provide information required under subparagraph (A) on a timely basis, the amount of the penalty shall be increased by $10,000 for each day in which such information has not been provided and such amount shall be paid to the Treasury, and, if such information is not reported within 90 days of the deadline imposed, the agreement shall be suspended for services furnished after the end of such 90-day period and until the date such information is reported (but in no case shall such suspension be for a period of less than 30 days).

(ii) False information

Any manufacturer with an agreement under this section that knowingly provides false information is subject to a civil money penalty in an amount not to exceed $100,000 for each item of false information. Such civil money penalties are in addition to other penalties as may be prescribed by law. The provisions of section 1320a–7a of this title (other than subsections (a) and (b)) shall apply to a civil money penalty under this subparagraph in the same manner as such provisions apply to a penalty or proceeding under section 1320a–7a(a) of this title.

(D) Confidentiality of information

Notwithstanding any other provision of law, information disclosed by manufacturers or wholesalers under this paragraph or under an agreement with the Secretary of Veterans Affairs described in subsection (a)(6)(A)(ii) of this section (other than the wholesale acquisition cost for purposes of carrying out section 1395w–3a of this title) is confidential and shall not be disclosed by the Secretary or the Secretary of Veterans Affairs or a State agency (or contractor therewith) in a form which discloses the identity of a specific manufacturer or wholesaler, prices charged for drugs by such manufacturer or wholesaler, except—

(i) as the Secretary determines to be necessary to carry out this section, to carry out section 1395w–3a of this title (including the determination and implementation of the payment amount), or to carry out section 1395w–3b of this title,

(ii) to permit the Comptroller General to review the information provided, and

(iii) to permit the Director of the Congressional Budget Office to review the information provided.

The previous sentence shall also apply to information disclosed under section 1395w–102(d)(2) or 1395w–104(c)(2)(E) of this title and drug pricing data reported under the first sentence of section 1395w–141(i)(1) of this title.

(4) Length of agreement

(A) In general

A rebate agreement shall be effective for an initial period of not less than 1 year and shall be automatically renewed for a period of not less than one year unless terminated under subparagraph (B).

(B) Termination

(i) By the Secretary

The Secretary may provide for termination of a rebate agreement for violation of the requirements of the agreement or other good cause shown. Such termination shall not be effective earlier than 60 days after the date of notice of such termination. The Secretary shall provide, upon request, a manufacturer with a hearing concerning such a termination, but such hearing shall not delay the effective date of the termination.

(ii) By a manufacturer

A manufacturer may terminate a rebate agreement under this section for any reason. Any such termination shall not be effective until the calendar quarter beginning at least 60 days after the date the manufacturer provides notice to the Secretary.

(iii) Effectiveness of termination

Any termination under this subparagraph shall not affect rebates due under the agreement before the effective date of its termination.

(iv) Notice to States

In the case of a termination under this subparagraph, the Secretary shall provide notice of such termination to the States within not less than 30 days before the effective date of such termination.

(v) Application to terminations of other agreements

The provisions of this subparagraph shall apply to the terminations of agreements described in section 256b(a)(1) of this title and master agreements described in section 8126(a) of title 38.

(C) Delay before reentry

In the case of any rebate agreement with a manufacturer under this section which is terminated, another such agreement with the manufacturer (or a successor manufacturer) may not be entered into until a period of 1 calendar quarter has elapsed since the date of the termination, unless the Secretary finds good cause for an earlier reinstatement of such an agreement.

(c) Determination of amount of rebate

(1) Basic rebate for single source drugs and innovator multiple source drugs

(A) In general

Except as provided in paragraph (2), the amount of the rebate specified in this subsection for a rebate period (as defined in subsection (k)(8) of this section) with respect to each dosage form and strength of a single source drug or an innovator multiple source drug shall be equal to the product of—

(i) the total number of units of each dosage form and strength paid for under the State plan in the rebate period (as reported by the State); and

(ii) subject to subparagraph (B)(ii), the greater of—

(I) the difference between the average manufacturer price and the best price (as defined in subparagraph (C)) for the dosage form and strength of the drug, or

(II) the minimum rebate percentage (specified in subparagraph (B)(i)) of such average manufacturer price,

for the rebate period.

(B) Range of rebates required

(i) Minimum rebate percentage

For purposes of subparagraph (A)(ii)(II), the ''minimum rebate percentage'' for rebate periods beginning—

(I) after December 31, 1990, and before October 1, 1992, is 12.5 percent;

(II) after September 30, 1992, and before January 1, 1994, is 15.7 percent;

(III) after December 31, 1993, and before January 1, 1995, is 15.4 percent;

(IV) after December 31, 1994, and before January 1, 1996, is 15.2 percent; and

(V) after December 31, 1995, is 15.1 percent.

(ii) Temporary limitation on maximum rebate amount

In no case shall the amount applied under subparagraph (A)(ii) for a rebate period beginning—

(I) before January 1, 1992, exceed 25 percent of the average manufacturer price; or

(II) after December 31, 1991, and before January 1, 1993, exceed 50 percent of the average manufacturer price.

(C) "Best price" defined

For purposes of this section—

(i) In general

The term ''best price'' means, with respect to a single source drug or innovator multiple source drug of a manufacturer, the lowest price available from the manufacturer during the rebate period to any wholesaler, retailer, provider, health maintenance organization, nonprofit entity, or governmental entity within the United States, excluding—

(I) any prices charged on or after October 1, 1992, to the Indian Health Service, the Department of Veterans Affairs, a State home receiving funds under section 1741 of title 38, the Department of Defense, the Public Health Service, or a covered entity described in subsection (a)(5)(B) of this section (including inpatient prices charged to hospitals described in section 256b(a)(4)(L) of this title);

(II) any prices charged under the Federal Supply Schedule of the General Services Administration;

(III) any prices used under a State pharmaceutical assistance program;

(IV) any depot prices and single award contract prices, as defined by the Secretary, of any agency of the Federal Government;

(VI) any prices charged which are negotiated by a prescription drug plan under part D of subchapter XVIII of this chapter, by an MA–PD plan under part C of such subchapter with respect to covered part D drugs or by a qualified retiree prescription drug plan (as defined in section 1395w–132(a)(2) of this title) with respect to such drugs on behalf of individuals entitled to benefits under part A or enrolled under part B of such subchapter.

(ii) Special rules

The term ''best price''—

(I) shall be inclusive of cash discounts, free goods that are contingent on any purchase requirement, volume discounts, and rebates (other than rebates under this section);

(II) shall be determined without regard to special packaging, labeling, or identifiers on the dosage form or product or package; and

(III) shall not take into account prices that are merely nominal in amount.

(iii) Application of auditing and recordkeeping requirements

With respect to a covered entity described in section 256b(a)(4)(L) of this title, any drug purchased for inpatient use shall be subject to the auditing and recordkeeping requirements described in section 256b(a)(5)(C) of this title.

(2) Additional rebate for single source and innovator multiple source drugs

(A) In general

The amount of the rebate specified in this subsection for a rebate period, with respect to each dosage form and strength of a single source drug or an innovator multiple source drug, shall be increased by an amount equal to the product of—

(i) the total number of units of such dosage form and strength dispensed after December 31, 1990, for which payment was made under the State plan for the rebate period; and

(ii) the amount (if any) by which—

(I) the average manufacturer price for the dosage form and strength of the drug for the period, exceeds

(II) the average manufacturer price for such dosage form and strength for the calendar quarter beginning July 1, 1990 (without regard to whether or not the drug has been sold or transferred to an entity, including a division or subsidiary of the manufacturer, after the first day of such quarter), increased by the percentage by which the consumer price index for all urban consumers (United States city average) for the month before the month in which the rebate period begins exceeds such index for September 1990.

(B) Treatment of subsequently approved drugs

In the case of a covered outpatient drug approved by the Food and Drug Administration after October 1, 1990, clause (ii)(II) of subparagraph (A) shall be applied by substituting ''the first full calendar quarter after the day on which the drug was first marketed'' for ''the calendar quarter beginning July 1, 1990'' and ''the month prior to the first month of the first full calendar quarter after the day on which the drug was first marketed'' for ''September 1990''.

(3) Rebate for other drugs

(A) In general

The amount of the rebate paid to a State for a rebate period with respect to each dosage form and strength of covered outpatient drugs (other than single source drugs and innovator multiple source drugs) shall be equal to the product of—

(i) the applicable percentage (as described in subparagraph (B)) of the average manufacturer price for the dosage form and strength for the rebate period, and

(ii) the total number of units of such dosage form and strength dispensed after December 31, 1990, for which payment was made under the State plan for the rebate period.

(B) "Applicable percentage" defined

For purposes of subparagraph (A)(i), the ''applicable percentage'' for rebate periods beginning—

(i) before January 1, 1994, is 10 percent, and

(ii) after December 31, 1993, is 11 percent.

(d) Limitations on coverage of drugs

(1) Permissible restrictions

(A) A State may subject to prior authorization any covered outpatient drug. Any such prior authorization program shall comply with the requirements of paragraph (5).

(B) A State may exclude or otherwise restrict coverage of a covered outpatient drug if—

(i) the prescribed use is not for a medically accepted indication (as defined in subsection (k)(6) of this section);

(ii) the drug is contained in the list referred to in paragraph (2);

(iii) the drug is subject to such restrictions pursuant to an agreement between a manufacturer and a State authorized by the Secretary under subsection (a)(1) of this section or in effect pursuant to subsection (a)(4) of this section; or

(iv) the State has excluded coverage of the drug from its formulary established in accordance with paragraph (4).

(2) List of drugs subject to restriction

The following drugs or classes of drugs, or their medical uses, may be excluded from coverage or otherwise restricted:

(A) Agents when used for anorexia, weight loss, or weight gain.

(B) Agents when used to promote fertility.

(C) Agents when used for cosmetic purposes or hair growth.

(D) Agents when used for the symptomatic relief of cough and colds.

(E) Agents when used to promote smoking cessation.

(F) Prescription vitamins and mineral products, except prenatal vitamins and fluoride preparations.

(G) Nonprescription drugs.

(H) Covered outpatient drugs which the manufacturer seeks to require as a condition of sale that associated tests or monitoring services be purchased exclusively from the manufacturer or its designee.

(I) Barbiturates.

(J) Benzodiazepines.

(K) Agents when used for the treatment of sexual or erectile dysfunction, unless such agents are used to treat a condition, other than sexual or erectile dysfunction, for which the agents have been approved by the Food and Drug Administration.

(3) Update of drug listings

The Secretary shall, by regulation, periodically update the list of drugs or classes of drugs described in paragraph (2) or their medical uses, which the Secretary has determined, based on data collected by surveillance and utilization review programs of State medical assistance programs, to be subject to clinical abuse or inappropriate use.

(4) Requirements for formularies

A State may establish a formulary if the formulary meets the following requirements:

(A) The formulary is developed by a committee consisting of physicians, pharmacists, and other appropriate individuals appointed by the Governor of the State (or, at the option of the State, the State's drug use review board established under subsection (g)(3) of this section).

(B) Except as provided in subparagraph (C), the formulary includes the covered outpatient drugs of any manufacturer which has entered into and complies with an agreement under subsection (a) of this section (other than any drug excluded from coverage or otherwise restricted under paragraph (2)).

(C) A covered outpatient drug may be excluded with respect to the treatment of a specific disease or condition for an identified population (if any) only if, based on the

drug's labeling (or, in the case of a drug the prescribed use of which is not approved under the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 301 et seq.] but is a medically accepted indication, based on information from the appropriate compendia described in subsection (k)(6) of this section), the excluded drug does not have a significant, clinically meaningful therapeutic advantage in terms of safety, effectiveness, or clinical outcome of such treatment for such population over other drugs included in the formulary and there is a written explanation (available to the public) of the basis for the exclusion.

(D) The State plan permits coverage of a drug excluded from the formulary (other than any drug excluded from coverage or otherwise restricted under paragraph (2)) pursuant to a prior authorization program that is consistent with paragraph (5).

(E) The formulary meets such other requirements as the Secretary may impose in order to achieve program savings consistent with protecting the health of program beneficiaries.

A prior authorization program established by a State under paragraph (5) is not a formulary subject to the requirements of this paragraph.

(5) Requirements of prior authorization programs

A State plan under this subchapter may require, as a condition of coverage or payment for a covered outpatient drug for which Federal financial participation is available in accordance with this section, with respect to drugs dispensed on or after July 1, 1991, the approval of the drug before its dispensing for any medically accepted indication (as defined in subsection (k)(6) of this section) only if the system providing for such approval—

(A) provides response by telephone or other telecommunication device within 24 hours of a request for prior authorization; and

(B) except with respect to the drugs on the list referred to in paragraph (2), provides for the dispensing of at least 72-hour supply of a covered outpatient prescription drug in an emergency situation (as defined by the Secretary).

(6) Other permissible restrictions

A State may impose limitations, with respect to all such drugs in a therapeutic class, on the minimum or maximum quantities per prescription or on the number of refills, if such limitations are necessary to discourage waste, and may address instances of fraud or abuse by individuals in any manner authorized under this chapter.

(e) Treatment of pharmacy reimbursement limits

(1) In general

During the period beginning on January 1, 1991, and ending on December 31, 1994—

(A) a State may not reduce the payment limits established by regulation under this subchapter or any limitation described in paragraph (3) with respect to the ingredient cost of a covered outpatient drug or the dispensing fee for such a drug below the limits in effect as of January 1, 1991, and

(B) except as provided in paragraph (2), the Secretary may not modify by regulation the formula established under sections 447.331 through 447.334 of title 42, Code of Federal Regulations, in effect on November 5, 1990, to reduce the limits described in subparagraph (A).

(2) Special rule

If a State is not in compliance with the regulations described in paragraph (1)(B), paragraph (1)(A) shall not apply to such State until such State is in compliance with such regulations.

(3) Effect on State maximum allowable cost limitations

This section shall not supersede or affect provisions in effect prior to January 1, 1991, or after December 31, 1994, relating to any maximum allowable cost limitation established by a State for payment by the State for covered outpatient drugs, and rebates shall be made under this section without regard to whether or not payment by the State for such drugs is subject to such a limitation or the amount of such a limitation.

[(4)][3] Establishment of upper payment limits

The Secretary shall establish a Federal upper reimbursement limit for each multiple source drug for which the FDA has rated three or more products therapeutically and pharmaceutically equivalent, regardless of whether all such additional formulations are rated as such and shall use only such formulations when determining any such upper limit.

(g) Drug use review

(1) In general

(A) In order to meet the requirement of section 1396b(i)(10)(B) of this title, a State shall provide, by not later than January 1, 1993, for a drug use review program described in paragraph (2) for covered outpatient drugs in order to assure that prescriptions (i) are appropriate, (ii) are medically necessary, and (iii) are not likely to result in adverse medical results. The program shall be designed to educate physicians and pharmacists to identify and reduce the frequency of patterns of fraud, abuse, gross overuse, or inappropriate or medically unnecessary care, among physicians, pharmacists, and patients, or associated with specific drugs or groups of drugs, as well as potential and actual severe adverse reactions to drugs including education on therapeutic appropriateness, overutilization and underutilization, appropriate use of generic products, therapeutic duplication, drug-disease contraindications, drug-drug interactions, in-

[3] See 1993 Amendment note below.

correct drug dosage or duration of drug treatment, drug-allergy interactions, and clinical abuse/misuse.

(B) The program shall assess data on drug use against predetermined standards, consistent with the following:

(i) compendia which shall consist of the following:

(I) American Hospital Formulary Service Drug Information;

(II) United States Pharmacopeia-Drug Information; and

(III) the DRUGDEX Information System; and

(ii) the peer-reviewed medical literature.

(C) The Secretary, under the procedures established in section 1396b of this title, shall pay to each State an amount equal to 75 per centum of so much of the sums expended by the State plan during calendar years 1991 through 1993 as the Secretary determines is attributable to the statewide adoption of a drug use review program which conforms to the requirements of this subsection.

(D) States shall not be required to perform additional drug use reviews with respect to drugs dispensed to residents of nursing facilities which are in compliance with the drug regimen review procedures prescribed by the Secretary for such facilities in regulations implementing section 1396r of this title, currently at section 483.60 of title 42, Code of Federal Regulations.

(2) Description of program

Each drug use review program shall meet the following requirements for covered outpatient drugs:

(A) Prospective drug review

(i) The State plan shall provide for a review of drug therapy before each prescription is filled or delivered to an individual receiving benefits under this subchapter, typically at the point-of-sale or point of distribution. The review shall include screening for potential drug therapy problems due to therapeutic duplication, drug-disease contraindications, drug-drug interactions (including serious interactions with nonprescription or over-the-counter drugs), incorrect drug dosage or duration of drug treatment, drug-allergy interactions, and clinical abuse/misuse. Each State shall use the compendia and literature referred to in paragraph (1)(B) as its source of standards for such review.

(ii) As part of the State's prospective drug use review program under this subparagraph applicable State law shall establish standards for counseling of individuals receiving benefits under this subchapter by pharmacists which includes at least the following:

(I) The pharmacist must offer to discuss with each individual receiving benefits under this subchapter or caregiver of such individual (in person, whenever practicable, or through access to a telephone service which is toll-free for long-distance calls) who presents a prescription, matters which in the exercise of the pharmacist's professional judgment (consistent with State law respecting the provision of such information), the pharmacist deems significant including the following:

(aa) The name and description of the medication.

(bb) The route, dosage form, dosage, route of administration, and duration of drug therapy.

(cc) Special directions and precautions for preparation, administration and use by the patient.

(dd) Common severe side or adverse effects or interactions and therapeutic contraindications that may be encountered, including their avoidance, and the action required if they occur.

(ee) Techniques for self-monitoring drug therapy.

(ff) Proper storage.

(gg) Prescription refill information.

(hh) Action to be taken in the event of a missed dose.

(II) A reasonable effort must be made by the pharmacist to obtain, record, and maintain at least the following information regarding individuals receiving benefits under this subchapter:

(aa) Name, address, telephone number, date of birth (or age) and gender.

(bb) Individual history where significant, including disease state or states, known allergies and drug reactions, and a comprehensive list of medications and relevant devices.

(cc) Pharmacist comments relevant to the individual's drug therapy.

Nothing in this clause shall be construed as requiring a pharmacist to provide consultation when an individual receiving benefits under this subchapter or caregiver of such individual refuses such consultation.

(B) Retrospective drug use review

The program shall provide, through its mechanized drug claims processing and information retrieval systems (approved by the Secretary under section 1396b(r) of this title) or otherwise, for the ongoing periodic examination of claims data and other records in order to identify patterns of fraud, abuse, gross overuse, or inappropriate or medically unnecessary care, among physicians, pharmacists and individuals receiving benefits under this subchapter, or associated with specific drugs or groups of drugs.

(C) Application of standards

The program shall, on an ongoing basis, assess data on drug use against explicit predetermined standards (using the compendia and literature referred to in subsection[4] (1)(B) as the source of standards for such assessment) including but not limited to monitoring for therapeutic appropriateness, overutilization and underutilization, appropriate use of generic products, therapeutic duplication, drug-disease contraindications, drug-

drug interactions, incorrect drug dosage or duration of drug treatment, and clinical abuse/misuse and, as necessary, introduce remedial strategies, in order to improve the quality of care and to conserve program funds or personal expenditures.

(D) Educational program

The program shall, through its State drug use review board established under paragraph (3), either directly or through contracts with accredited health care educational institutions, State medical societies or State pharmacists associations/societies or other organizations as specified by the State, and using data provided by the State drug use review board on common drug therapy problems, provide for active and ongoing educational outreach programs (including the activities described in paragraph (3)(C)(iii) of this subsection) to educate practitioners on common drug therapy problems with the aim of improving prescribing or dispensing practices.

(3) State drug use review board

(A) Establishment

Each State shall provide for the establishment of a drug use review board (hereinafter referred to as the ''DUR Board'') either directly or through a contract with a private organization.

(B) Membership

The membership of the DUR Board shall include health care professionals who have recognized knowledge and expertise in one or more of the following:

(i) The clinically appropriate prescribing of covered outpatient drugs.

(ii) The clinically appropriate dispensing and monitoring of covered outpatient drugs.

(iii) Drug use review, evaluation, and intervention.

(iv) Medical quality assurance.

(k) Definitions

In this section—

(1) Average manufacturer price

The term ''average manufacturer price'' means, with respect to a covered outpatient drug of a manufacturer for a rebate period, the average price paid to the manufacturer for the drug in the United States by wholesalers for drugs distributed to the retail pharmacy class of trade, after deducting customary prompt pay discounts.

(2) Covered outpatient drug

(iv) Single source drug

The term ''single source drug'' means a covered outpatient drug which is produced or distributed under an original new drug application approved by the Food and Drug Administration, including a drug product marketed by any cross-licensed producers or distributors operating under the new drug application.

(B) Exception

Subparagraph (A)(i)(II) shall not apply if the Food and Drug Administration changes by regulation the requirement that, for purposes of the publication described in subparagraph (A)(i)(I), in order for drug products to be rated as therapeutically equivalent, they must be pharmaceutically equivalent and bioequivalent, as defined in subparagraph (C).

(C) Definitions

For purposes of this paragraph—

(i) drug products are pharmaceutically equivalent if the products contain identical amounts of the same active drug ingredient in the same dosage form and meet compendial or other applicable standards of strength, quality, purity, and identity;

(ii) drugs are bioequivalent if they do not present a known or potential bioequivalence problem, or, if they do present such a problem, they are shown to meet an appropriate standard of bioequivalence; and

(iii) a drug product is considered to be sold or marketed in a State if it appears in a published national listing of average wholesale prices selected by the Secretary, provided that the listed product is generally available to the public through retail pharmacies in that State.

(8) Rebate period

The term ''rebate period'' means, with respect to an agreement under subsection (a) of this section, a calendar quarter or other period specified by the Secretary with respect to the payment of rebates under such agreement.

§ 1396s. Program for distribution of pediatric vaccines

(a) Establishment of program

(1) In general

In order to meet the requirement of section 1396a(a)(62) of this title, each State shall establish a pediatric vaccine distribution program (which may be administered by the State department of health), consistent with the requirements of this section, under which—

(A) each vaccine-eligible child (as defined in subsection (b) of this section), in receiving an immunization with a qualified pediatric vaccine (as defined in subsection (h)(8) of this section) from a program-registered provider (as defined in subsection (c) of this section) on or after October 1, 1994, is entitled to receive the immunization without charge for the cost of such vaccine; and

(B)(i) each program-registered provider who administers such a pediatric vaccine to a vaccine-eligible child on or after such date is entitled to receive such vaccine under the program without charge either for the vaccine or its delivery to the provider, and (ii) no vaccine is distributed under the program to a provider unless the provider is a program-registered provider.

(2) Delivery of sufficient quantities of pediatric vaccines to immunize federally vaccine-eligible children

(A) In general

The Secretary shall provide under subsection (d) of this section for the purchase and delivery on behalf of each State meeting the requirement of section 1396a(a)(62) of this title (or, with respect to vaccines administered by an Indian tribe or tribal organization to Indian children, directly to the tribe or organization), without charge to the State, of such quantities of qualified pediatric vaccines as may be necessary for the administration of such vaccines to all federally vaccine-eligible children in the State on or after October 1, 1994. This paragraph constitutes budget authority in advance of appropriations Acts, and represents the obligation of the Federal Government to provide for the purchase and delivery to States of the vaccines (or payment under subparagraph (C)) in accordance with this paragraph.

(B) Special rules where vaccine is unavailable

To the extent that a sufficient quantity of a vaccine is not available for purchase or de-

livery under subsection (d) of this section, the Secretary shall provide for the purchase and delivery of the available vaccine in accordance with priorities established by the Secretary, with priority given to federally vaccine-eligible children unless the Secretary finds there are other public health considerations.

(C) Special rules where State is a manufacturer

(i) Payments in lieu of vaccines

In the case of a State that manufactures a pediatric vaccine the Secretary, instead of providing the vaccine on behalf of a State under subparagraph (A), shall provide to the State an amount equal to the value of the quantity of such vaccine that otherwise would have been delivered on behalf of the State under such subparagraph, but only if the State agrees that such payments will only be used for purposes relating to pediatric immunizations.

(ii) Determination of value

In determining the amount to pay a State under clause (i) with respect to a pediatric vaccine, the value of the quantity of vaccine shall be determined on the basis of the price in effect for the qualified pediatric vaccine under contracts under subsection (d) of this section. If more than 1 such contract is in effect, the Secretary shall determine such value on the basis of the average of the prices under the contracts, after weighting each such price in relation to the quantity of vaccine under the contract involved.

(b) Vaccine-eligible children

For purposes of this section:

(1) In general

The term ''vaccine-eligible child'' means a child who is a federally vaccine-eligible child (as defined in paragraph (2)) or a State vaccine-eligible child (as defined in paragraph (3)).

(2) Federally vaccine-eligible child

(A) In general

The term ''federally vaccine-eligible child'' means any of the following children:

(i) A medicaid-eligible child.

(ii) A child who is not insured.

(iii) A child who (I) is administered a qualified pediatric vaccine by a federally-qualified health center (as defined in section 1396d(*l*)(2)(B) of this title) or a rural health clinic (as defined in section 1396d(*l*)(1) of this title), and (II) is not insured with respect to the vaccine.

(iv) A child who is an Indian (as defined in subsection (h)(3) of this section).

(B) Definitions

In subparagraph (A):

(i) The term ''medicaid-eligible'' means, with respect to a child, a child who is entitled to medical assistance under a state[1] plan approved under this subchapter.

(ii) The term ''insured'' means, with respect to a child—

(I) for purposes of subparagraph (A)(ii), that the child is enrolled under, and entitled to benefits under, a health insurance policy or plan, including a group health plan, a prepaid health plan, or an employee welfare benefit plan under the Employee Retirement Income Security Act of 1974 [29 U.S.C. 1001 et seq.]; and

(II) for purposes of subparagraph (A)(iii)(II) with respect to a pediatric vaccine, that the child is entitled to benefits under such a health insurance policy or plan, but such benefits are not available with respect to the cost of the pediatric vaccine.

(3) State vaccine-eligible child

The term ''State vaccine-eligible child'' means, with respect to a State and a qualified pediatric vaccine, a child who is within a class of children for which the State is purchasing the vaccine pursuant to subsection (d)(4)(B) of this section.

(c) Program-registered providers

(1) Defined

In this section, except as otherwise provided, the term ''program-registered provider'' means, with respect to a State, any health care provider that—

(A) is licensed or otherwise authorized for administration of pediatric vaccines under the law of the State in which the administration occurs (subject to section 254f(e) of this title), without regard to whether or not the provider participates in the plan under this subchapter;

(B) submits to the State an executed provider agreement described in paragraph (2); and

(C) has not been found, by the Secretary or the State, to have violated such agreement or other applicable requirements established by the Secretary or the State consistent with this section.

(2) Provider agreement

A provider agreement for a provider under this paragraph is an agreement (in such form and manner as the Secretary may require) that the provider agrees as follows:

(A)(i) Before administering a qualified pediatric vaccine to a child, the provider will ask a parent of the child such questions as are necessary to determine whether the child is a vaccine-eligible child, but the provider need not independently verify the answers to such questions.

(ii) The provider will, for a period of time specified by the Secretary, maintain records of responses made to the questions.

(iii) The provider will, upon request, make such records available to the State and to the Secretary, subject to section 1396a(a)(7) of this title.

(B)(i) Subject to clause (ii), the provider will comply with the schedule, regarding the appropriate periodicity, dosage, and contraindications applicable to pediatric vaccines, that is established and periodically reviewed

[1] So in original. Probably should be capitalized.

and, as appropriate, revised by the advisory committee referred to in subsection (e) of this section, except in such cases as, in the provider's medical judgment subject to accepted medical practice, such compliance is medically inappropriate.

(ii) The provider will provide pediatric vaccines in compliance with applicable State law, including any such law relating to any religious or other exemption.

(C)(i) In administering a qualified pediatric vaccine to a vaccine-eligible child, the provider will not impose a charge for the cost of the vaccine. A program-registered provider is not required under this section to administer such a vaccine to each child for whom an immunization with the vaccine is sought from the provider.

(ii) The provider may impose a fee for the administration of a qualified pediatric vaccine so long as the fee in the case of a federally vaccine-eligible child does not exceed the costs of such administration (as determined by the Secretary based on actual regional costs for such administration).

(iii) The provider will not deny administration of a qualified pediatric vaccine to a vaccine-eligible child due to the inability of the child's parent to pay an administration fee.

(3) Encouraging involvement of providers

Each program under this section shall provide, in accordance with criteria established by the Secretary—

(A) for encouraging the following to become program-registered providers: private health care providers, the Indian Health Service, health care providers that receive funds under title V of the Indian Health Care Improvement Act [25 U.S.C. 1651 et seq.], and health programs or facilities operated by Indian tribes or tribal organizations; and

(B) for identifying, with respect to any population of vaccine-eligible children a substantial portion of whose parents have a limited ability to speak the English language, those program-registered providers who are able to communicate with the population involved in the language and cultural context that is most appropriate.

(4) State requirements

Except as the Secretary may permit in order to prevent fraud and abuse and for related purposes, a State may not impose additional qualifications or conditions, in addition to the requirements of paragraph (1), in order that a provider qualify as a program-registered provider under this section. This subsection does not limit the exercise of State authority under section 1396n(b) of this title.

(d) Negotiation of contracts with manufacturers

(1) In general

For the purpose of meeting obligations under this section, the Secretary shall negotiate and enter into contracts with manufacturers of pediatric vaccines consistent with the requirements of this subsection and, to the maximum extent practicable, consolidate such contracting with any other contracting activities conducted by the Secretary to purchase vaccines. The Secretary may enter into such contracts under which the Federal Government is obligated to make outlays, the budget authority for which is not provided for in advance in appropriations Acts, for the purchase and delivery of pediatric vaccines under subsection (a)(2)(A) of this section.

(2) Authority to decline contracts

The Secretary may decline to enter into such contracts and may modify or extend such contracts.

(3) Contract price

(A) In general

The Secretary, in negotiating the prices at which pediatric vaccines will be purchased and delivered from a manufacturer under this subsection, shall take into account quantities of vaccines to be purchased by States under the option under paragraph (4)(B).

(B) Negotiation of discounted price for current vaccines

With respect to contracts entered into under this subsection for a pediatric vaccine for which the Centers for Disease Control and Prevention has a contract in effect under section 247b(j)(1) of this title as of May 1, 1993, no price for the purchase of such vaccine for vaccine-eligible children shall be agreed to by the Secretary under this subsection if the price per dose of such vaccine (including delivery costs and any applicable excise tax established under section 4131 of the Internal Revenue Code of 1986) exceeds the price per dose for the vaccine in effect under such a contract as of such date increased by the percentage increase in the consumer price index for all urban consumers (all items; United States city average) from May 1993 to the month before the month in which such contract is entered into.

(C) Negotiation of discounted price for new vaccines

With respect to contracts entered into for a pediatric vaccine not described in subparagraph (B), the price for the purchase of such vaccine shall be a discounted price negotiated by the Secretary that may be established without regard to such subparagraph.

(4) Quantities and terms of delivery

Under such contracts—

(A) the Secretary shall provide, consistent with paragraph (6), for the purchase and delivery on behalf of States (and tribes and tribal organizations) of quantities of pediatric vaccines for federally vaccine-eligible children; and

(B) each State, at the option of the State, shall be permitted to obtain additional quantities of pediatric vaccines (subject to amounts specified to the Secretary by the State in advance of negotiations) through purchasing the vaccines from the manufacturers at the applicable price negotiated by the Secretary consistent with paragraph (3),

if (i) the State agrees that the vaccines will be used to provide immunizations only for children who are not federally vaccine-eligible children and (ii) the State provides to the Secretary such information (at a time and manner specified by the Secretary, including in advance of negotiations under paragraph (1)) as the Secretary determines to be necessary, to provide for quantities of pediatric vaccines for the State to purchase pursuant to this subsection and to determine annually the percentage of the vaccine market that is purchased pursuant to this section and this subparagraph.

The Secretary shall enter into the initial negotiations under the preceding sentence not later than 180 days after August 10, 1993.

(5) Charges for shipping and handling

The Secretary may enter into a contract referred to in paragraph (1) only if the manufacturer involved agrees to submit to the Secretary such reports as the Secretary determines to be appropriate to assure compliance with the contract and if, with respect to a State program under this section that does not provide for the direct delivery of qualified pediatric vaccines, the manufacturer involved agrees that the manufacturer will provide for the delivery of the vaccines on behalf of the State in accordance with such program and will not impose any charges for the costs of such delivery (except to the extent such costs are provided for in the price established under paragraph (3)).

(6) Assuring adequate supply of vaccines

The Secretary, in negotiations under paragraph (1), shall negotiate for quantities of pediatric vaccines such that an adequate supply of such vaccines will be maintained to meet unanticipated needs for the vaccines. For purposes of the preceding sentence, the Secretary shall negotiate for a 6-month supply of vaccines in addition to the quantity that the Secretary otherwise would provide for in such negotiations. In carrying out this paragraph, the Secretary shall consider the potential for outbreaks of the diseases with respect to which the vaccines have been developed.

(7) Multiple suppliers

In the case of the pediatric vaccine involved, the Secretary shall, as appropriate, enter into a contract referred to in paragraph (1) with each manufacturer of the vaccine that meets the terms and conditions of the Secretary for an award of such a contract (including terms and conditions regarding safety and quality). With respect to multiple contracts entered into pursuant to this paragraph, the Secretary may have in effect different prices under each of such contracts and, with respect to a purchase by States pursuant to paragraph (4)(B), the Secretary shall determine which of such contracts will be applicable to the purchase.

(e) Use of pediatric vaccines list

The Secretary shall use, for the purpose of the purchase, delivery, and administration of pediatric vaccines under this section, the list established (and periodically reviewed and as appropriate revised) by the Advisory Committee on Immunization Practices (an advisory committee established by the Secretary, acting through the Director of the Centers for Disease Control and Prevention).

(f) Requirement of State maintenance of immunization laws

In the case of a State that had in effect as of May 1, 1993, a law that requires some or all health insurance policies or plans to provide some coverage with respect to a pediatric vaccine, a State program under this section does not comply with the requirements of this section unless the State certifies to the Secretary that the State has not modified or repealed such law in a manner that reduces the amount of coverage so required.

(g) Termination

This section, and the requirement of section 1396a(a)(62) of this title, shall cease to be in effect beginning on such date as may be prescribed in Federal law providing for immunization services for all children as part of a broad-based reform of the national health care system.

In this subchapter, the term ''functionally disabled elderly individual'' means an individual who—

(A) is 65 years of age or older,

(2) Treatment of certain individuals previously covered under a waiver

(A) In the case of a State which—

(B) In the case of a State which used a health insuring organization before January 1, 1986, and which, as of December 31, 1990, had in effect a waiver under section 1315 of this title that provides under the State plan under this subchapter for personal care services for functionally disabled individuals, the term ''functionally disabled elderly individual'' may include, at the option of the State, an individual who—

No fee may be charged for such an assessment.

(B) Specification of assessment instrument

The State shall specify the instrument to be used in the State in complying with the requirement of subparagraph (A)(iii) which instrument shall be—

(F) Contents of assessment

The interdisciplinary team must—

(i) identify in each such assessment or review each individual's functional disabilities and need for home and community care, including information about the individual's health status, home and community environment, and informal support system; and

(ii) based on such assessment or review, determine whether the individual is (or continues to be) functionally disabled.

The results of such an assessment or review shall be used in establishing, reviewing, and revising the individual's ICCP under subsection (d)(1) of this section.

(G) Appeal procedures

Each State which elects to provide home and community care under this section must have in effect an appeals process for individuals adversely affected by determinations under subparagraph (F).

(d) Individual community care plan (ICCP)

(1) "Individual community care plan" defined

In this section, the terms ''individual community care plan'' and ''ICCP'' mean, with respect to a functionally disabled elderly individual, a written plan which—

(A) is established, and is periodically reviewed and revised, by a qualified case manager after a face-to-face interview with the individual or primary caregiver and based upon the most recent comprehensive functional assessment of such individual conducted under subsection (c)(2) of this section;

(B) specifies, within any amount, duration, and scope limitations imposed on home and community care provided under the State plan, the home and community care to be provided to such individual under the plan, and indicates the individual's preferences for the types and providers of services; and

(C) may specify other services required by such individual.

An ICCP may also designate the specific providers (qualified to provide home and commu-

nity care under the State plan) which will provide the home and community care described in subparagraph (B). Nothing in this section shall be construed as authorizing an ICCP or the State to restrict the specific persons or individuals (who are competent to provide home and community care under the State plan) who will provide the home and community care described in subparagraph (B).

(2) "Qualified community care case manager" defined

In this section, the term ''qualified community care case manager'' means a nonprofit or public agency or organization which—

(A) has experience or has been trained in establishing, and in periodically reviewing and revising, individual community care plans and in the provision of case management services to the elderly;

(B) is responsible for (i) assuring that home and community care covered under the State plan and specified in the ICCP is being provided, (ii) visiting each individual's home or community setting where care is being provided not less often than once every 90 days, and (iii) informing the elderly individual or primary caregiver on how to contact the case manager if service providers fail to properly provide services or other similar problems occur;

(C) in the case of a nonpublic agency, does not provide home and community care or nursing facility services and does not have a direct or indirect ownership or control interest in, or direct or indirect affiliation or relationship with, an entity that provides, home and community care or nursing facility services;

(D) has procedures for assuring the quality of case management services that includes a peer review process;

(E) completes the ICCP in a timely manner and reviews and discusses new and revised ICCPs with elderly individuals or primary caregivers; and

(F) meets such other standards, established by the Secretary, as to assure that—

(i) such a manager is competent to perform case management functions;

(ii) individuals whose home and community care they manage are not at risk of financial exploitation due to such a manager; and

(iii) meets such other standards as the State may establish.

The Secretary may waive the requirement of subparagraph (C) in the case of a nonprofit agency located in a rural area.

(3) Appeals process

Each State which elects to provide home and community care under this section must have in effect an appeals process for individuals who disagree with the ICCP established.

(e) Ceiling on payment amounts and maintenance of effort

(1) Ceiling on payment amounts

Payments may not be made under section 1396b(a) of this title to a State for home and community care provided under this section in a quarter to the extent that the medical assistance for such care in the quarter exceeds 50 percent of the product of—

(A) the average number of individuals in the quarter receiving such care under this section;

(B) the average per diem rate of payment which the Secretary has determined (before the beginning of the quarter) will be payable under subchapter XVIII of this chapter (without regard to coinsurance) for extended care services to be provided in the State during such quarter; and

(C) the number of days in such quarter.

(2) Maintenance of effort

(A) Annual reports

As a condition for the receipt of payment under section 1396b(a) of this title with respect to medical assistance provided by a State for home and community care (other than a waiver under section 1396n(c) of this title and other than home health care services described in section 1396d(a)(7) of this title and personal care services specified under regulations under section 1396d(a)(23) of this title), the State shall report to the Secretary, with respect to each Federal fiscal year (beginning with fiscal year 1990) and in a format developed or approved by the Secretary, the amount of funds obligated by the State with respect to the provision of home and community care to the functionally disabled elderly in that fiscal year.

(B) Reduction in payment if failure to maintain effort

If the amount reported under subparagraph (A) by a State with respect to a fiscal year is less than the amount reported under subparagraph (A) with respect to fiscal year 1989, the Secretary shall provide for a reduction in payments to the State under section 1396b(a) of this title in an amount equal to the difference between the amounts so reported.

(f) Minimum requirements for home and community care

(1) Requirements

Home and Community[1] care provided under this section must meet such requirements for individuals' rights and quality as are published or developed by the Secretary under subsection (k) of this section. Such requirements shall include—

(B) the rights specified in paragraph (2).

(2) Specified rights

The rights specified in this paragraph are as follows:

(g) Minimum requirements for small community care settings

(1) "Small community care setting" defined

In this section, the term ''small community care setting'' means—

(A) a nonresidential setting that serves more than 2 and less than 8 individuals; or

(B) a residential setting in which more than 8 unrelated adults reside and in which personal services are provided in conjunction with residing in the setting in which home and community care under this section is provided.

(2) Minimum requirements

A large community care setting in which community care is provided under this section must—

(A) meet such requirements as are published or developed by the Secretary under subsection (k) of this section;

(B) meet the requirements of paragraphs (1)(A), (1)(C), (1)(D), (3), and (6) of section 1396r(c) of this title, to the extent applicable to such a setting;

(C) inform each individual receiving community care under this section in the setting, orally and in writing at the time the individual first receives home and community care in the setting, of the individual's legal rights with respect to such a setting and the care provided in the setting; and

(D) meet the requirements of paragraphs (2) and (3) of section 1396r(d) of this title (relating to administration and other matters) in the same manner as such requirements apply to nursing facilities under such section; except that, in applying the requirement of section 1396r(d)(2) of this title (relating to life safety code), the Secretary shall provide for the application of such life safety requirements (if any) that are appropriate to the setting.

(3) Disclosure of ownership and control interests and exclusion of repeated violators

A community care setting—

(A) must disclose persons with an ownership or control interest (including such persons as defined in section 1320a–3(a)(3) of this title) in the setting; and

(B) may not have, as a person with an ownership or control interest in the setting, any individual or person who has been excluded from participation in the program under this subchapter or who has had such an ownership or control interest in one or more community care settings which have been found repeatedly to be substandard or to have failed to meet the requirements of paragraph (2).

(i) Survey and certification process

(1) Certifications

(A) Responsibilities of the State

Under each State plan under this subchapter, the State shall be responsible for

certifying the compliance of providers of home and community care and community care settings with the applicable requirements of subsections (f), (g) and (h) of this section. The failure of the Secretary to issue regulations to carry out this subsection shall not relieve a State of its responsibility under this subsection.

(B) Responsibilities of the Secretary

The Secretary shall be responsible for certifying the compliance of State providers of home and community care, and of State community care settings in which such care is provided, with the requirements of subsections (f), (g) and (h) of this section.

(C) Frequency of certifications

Certification of providers and settings under this subsection shall occur no less frequently than once every 12 months.

(2) Reviews of providers

(A) In general

The certification under this subsection with respect to a provider of home or community care must be based on a periodic review of the provider's performance in providing the care required under ICCP's in accordance with the requirements of subsection (f) of this section.

(B) Special reviews of compliance

Where the Secretary has reason to question the compliance of a provider of home or community care with any of the requirements of subsection (f) of this section, the Secretary may conduct a review of the provider and, on the basis of that review, make independent and binding determinations concerning the extent to which the provider meets such requirements.

(3) Surveys of community care settings

(A) In general

The certification under this subsection with respect to community care settings must be based on a survey. Such survey for such a setting must be conducted without prior notice to the setting. Any individual who notifies (or causes to be notified) a community care setting of the time or date on which such a survey is scheduled to be conducted is subject to a civil money penalty of not to exceed $2,000. The provisions of section 1320a–7a of this title (other than subsections (a) and (b)) shall apply to a civil money penalty under the previous sentence in the same manner as such provisions apply to a penalty or proceeding under section 1320a–7a(a) of this title. The Secretary shall review each State's procedures for scheduling and conducting such surveys to assure that the State has taken all reasonable steps to avoid giving notice of such a survey through the scheduling procedures and the conduct of the surveys themselves.

(B) Survey protocol

Surveys under this paragraph shall be conducted based upon a protocol which the Secretary has provided for under subsection (k) of this section.

(C) Prohibition of conflict of interest in survey team membership

A State and the Secretary may not use as a member of a survey team under this paragraph an individual who is serving (or has served within the previous 2 years) as a member of the staff of, or as a consultant to, the community care setting being surveyed (or the person responsible for such setting) respecting compliance with the requirements of subsection (g) or (h) of this section or who has a personal or familial financial interest in the setting being surveyed.

(D) Validation surveys of community care settings

The Secretary shall conduct onsite surveys of a representative sample of community care settings in each State, within 2 months of the date of surveys conducted under subparagraph (A) by the State, in a sufficient number to allow inferences about the adequacies of each State's surveys conducted under subparagraph (A). In conducting such surveys, the Secretary shall use the same survey protocols as the State is required to use under subparagraph (B). If the State has determined that an individual setting meets the requirements of subsection (g) of this section, but the Secretary determines that the setting does not meet such requirements, the Secretary's determination as to the setting's noncompliance with such requirements is binding and supersedes that of the State survey.

(E) Special surveys of compliance

Where the Secretary has reason to question the compliance of a community care setting with any of the requirements of subsection (g) or (h) of this section, the Secretary may conduct a survey of the setting and, on the basis of that survey, make independent and binding determinations concerning the extent to which the setting meets such requirements.

(4) Investigation of complaints and monitoring of providers and settings

Each State and the Secretary shall maintain procedures and adequate staff to investigate complaints of violations of applicable requirements imposed on providers of community care or on community care settings under subsections (f), (g) and (h) of this section.

(5) Investigation of allegations of individual neglect and abuse and misappropriation of individual property

The State shall provide, through the agency responsible for surveys and certification of providers of home or community care and community care settings under this subsection, for a process for the receipt, review, and investigation of allegations of individual neglect and abuse (including injuries of unknown source) by individuals providing such care or in such setting and of misappropriation of individual property by such individuals. The State shall, after notice to the individual involved and a reasonable opportunity for hearing for the individual to rebut allega-

tions, make a finding as to the accuracy of the allegations. If the State finds that an individual has neglected or abused an individual receiving community care or misappropriated such individual's property, the State shall notify the individual against whom the finding is made. A State shall not make a finding that a person has neglected an individual receiving community care if the person demonstrates that such neglect was caused by factors beyond the control of the person. The State shall provide for public disclosure of findings under this paragraph upon request and for inclusion, in any such disclosure of such findings, of any brief statement (or of a clear and accurate summary thereof) of the individual disputing such findings.

(6) Disclosure of results of inspections and activities

(A) Public information

Each State, and the Secretary, shall make available to the public—

(i) information respecting all surveys, reviews, and certifications made under this subsection respecting providers of home or community care and community care settings, including statements of deficiencies,

(ii) copies of cost reports (if any) of such providers and settings filed under this subchapter,

(iii) copies of statements of ownership under section 1320a–3 of this title, and

(iv) information disclosed under section 1320a–5 of this title.

(B) Notices of substandard care

If a State finds that—

(i) a provider of home or community care has provided care of substandard quality with respect to an individual, the State shall make a reasonable effort to notify promptly (I) an immediate family member of each such individual and (II) individuals receiving home or community care from that provider under this subchapter, or

(ii) a community care setting is substandard, the State shall make a reasonable effort to notify promptly (I) individuals receiving community care in that setting, and (II) immediate family members of such individuals.

(C) Access to fraud control units

Each State shall provide its State medicaid fraud and abuse control unit (established under section 1396b(q) of this title) with access to all information of the State agency responsible for surveys, reviews, and certifications under this subsection.

(j) Enforcement process for providers of community care

(1) State authority

(A) In general

If a State finds, on the basis of a review under subsection (i)(2) of this section or otherwise, that a provider of home or community care no longer meets the requirements of this section, the State may terminate the provider's participation under the State plan and may provide in addition for a civil money penalty. Nothing in this subparagraph shall be construed as restricting the remedies available to a State to remedy a provider's deficiencies. If the State finds that a provider meets such requirements but, as of a previous period, did not meet such requirements, the State may provide for a civil money penalty under paragraph (2)(A) for the period during which it finds that the provider was not in compliance with such requirements.

(B) Civil money penalty

(i) In general

Each State shall establish by law (whether statute or regulation) at least the following remedy: A civil money penalty assessed and collected, with interest, for each day in which the provider is or was out of compliance with a requirement of this section. Funds collected by a State as a result of imposition of such a penalty (or as a result of the imposition by the State of a civil money penalty under subsection (i)(3)(A) of this section) may be applied to reimbursement of individuals for personal funds lost due to a failure of home or community care providers to meet the requirements of this section. The State also shall specify criteria, as to when and how this remedy is to be applied and the amounts of any penalties. Such criteria shall be designed so as to minimize the time between the identification of violations and final imposition of the penalties and shall provide for the imposition of incrementally more severe penalties for repeated or uncorrected deficiencies.

(ii) Deadline and guidance

Each State which elects to provide home and community care under this section must establish the civil money penalty remedy described in clause (i) applicable to all providers of community care covered under this section. The Secretary shall provide, through regulations or otherwise by not later than July 1, 1990, guidance to States in establishing such remedy; but the failure of the Secretary to provide such guidance shall not relieve a State of the responsibility for establishing such remedy.

(2) Secretarial authority

(A) For State providers

With respect to a State provider of home or community care, the Secretary shall have the authority and duties of a State under this subsection, except that the civil money penalty remedy described in subparagraph (C) shall be substituted for the civil money remedy described in paragraph (1)(B)(i).

(B) Other providers

With respect to any other provider of home or community care in a State, if the Secretary finds that a provider no longer meets a requirement of this section, the Secretary

may terminate the provider's participation under the State plan and may provide, in addition, for a civil money penalty under subparagraph (C). If the Secretary finds that a provider meets such requirements but, as of a previous period, did not meet such requirements, the Secretary may provide for a civil money penalty under subparagraph (C) for the period during which the Secretary finds that the provider was not in compliance with such requirements.

(C) Civil money penalty

If the Secretary finds on the basis of a review under subsection (i)(2) of this section or otherwise that a home or community care provider no longer meets the requirements of this section, the Secretary shall impose a civil money penalty in an amount not to exceed $10,000 for each day of noncompliance. The provisions of section 1320a–7a of this title (other than subsections (a) and (b)) shall apply to a civil money penalty under the previous sentence in the same manner as such provisions apply to a penalty or proceeding under section 1320a–7a(a) of this title. The Secretary shall specify criteria, as to when and how this remedy is to be applied and the amounts of any penalties. Such criteria shall be designed so as to minimize the time between the identification of violations and final imposition of the penalties and shall provide for the imposition of incrementally more severe penalties for repeated or uncorrected deficiencies.

(k) Secretarial responsibilities

(1) Publication of interim requirements

(A) In general

The Secretary shall publish, by December 1, 1991, a proposed regulation that sets forth interim requirements, consistent with subparagraph (B), for the provision of home and community care and for community care settings, including—

(i) the requirements of subsection (c)(2) of this section (relating to comprehensive functional assessments, including the use of assessment instruments), of subsection (d)(2)(E) of this section (relating to qualifications for qualified case managers), of subsection (f) of this section (relating to minimum requirements for home and community care), of subsection (g) of this section (relating to minimum requirements for small community care settings), and of subsection (h) of this section (relating to minimum requirements for large community care settings), and

(ii) survey protocols (for use under subsection (i)(3)(A) of this section) which relate to such requirements.

(B) Minimum protections

Interim requirements under subparagraph (A) and final requirements under paragraph (2) shall assure, through methods other than reliance on State licensure processes, that individuals receiving home and community care are protected from neglect, physical and sexual abuse, financial exploitation, inappropriate involuntary restraint, and the provision of health care services by unqualified personnel in community care settings.

(2) Development of final requirements

The Secretary shall develop, by not later than October 1, 1992—

(A) final requirements, consistent with paragraph (1)(B), respecting the provision of appropriate, quality home and community care and respecting community care settings under this section, and including at least the requirements referred to in paragraph (1)(A)(i), and

(B) survey protocols and methods for evaluating and assuring the quality of community care settings.

The Secretary may, from time to time, revise such requirements, protocols, and methods.

(3) No delegation to States

The Secretary's authority under this subsection shall not be delegated to States.

(4) No prevention of more stringent requirements by States

Nothing in this section shall be construed as preventing States from imposing requirements that are more stringent than the requirements published or developed by the Secretary under this subsection.

***(l)* Waiver of Statewideness**

States may waive the requirement of section 1396a(a)(1) of this title (related to Statewideness) for a program of home and community care under this section.

(m) Limitation on amount of expenditures as medical assistance

(1) Limitation on amount

The amount of funds that may be expended as medical assistance to carry out the purposes of this section shall be for fiscal year 1991, $40,000,000, for fiscal year 1992, $70,000,000, for fiscal year 1993, $130,000,000, for fiscal year 1994, $160,000,000, and for fiscal year 1995, $180,000,000.

(2) Assurance of entitlement to service

A State which receives Federal medical assistance for expenditures for home and community care under this section must provide home and community care specified under the Individual Community Care Plan under subsection (d) of this section to individuals described in subsection (b) of this section for the duration of the election period, without regard to the amount of funds available to the State under paragraph (1). For purposes of this paragraph, an election period is the period of 4 or more calendar quarters elected by the State, and approved by the Secretary, for the provision of home and community care under this section.

(3) Limitation on eligibility

The State may limit eligibility for home and community care under this section during an election period under paragraph (2) to reasonable classifications (based on age, degree of functional disability, and need for services).

(4) Allocation of medical assistance

The Secretary shall establish a limitation on the amount of Federal medical assistance

available to any State during the State's election period under paragraph (2). The limitation under this paragraph shall take into account the limitation under paragraph (1) and the number of elderly individuals age 65 or over residing in such State in relation to the number of such elderly individuals in the United States during 1990. For purposes of the previous sentence, elderly individuals shall, to the maximum extent practicable, be low-income elderly individuals.

[1] So in original. The comma probably should precede ''the term''.

(2) statewideness.

(h) Minimum protections

(1) Publication of interim and final requirements

(A) In general

§ 1396u–1. Assuring coverage for certain low-income families

(a) References to subchapter IV–A are references to pre-welfare-reform provisions

Subject to the succeeding provisions of this section, with respect to a State any reference in this subchapter (or any other provision of law in relation to the operation of this subchapter) to a provision of part A of subchapter IV of this chapter, or a State plan under such part (or a provision of such a plan), including income and resource standards and income and resource methodologies under such part or plan, shall be considered a reference to such a provision or plan as in effect as of July 16, 1996, with respect to the State.

(b) Application of pre-welfare-reform eligibility criteria

(1) In general

For purposes of this subchapter, subject to paragraphs (2) and (3), in determining eligibility for medical assistance—

(A) an individual shall be treated as receiving aid or assistance under a State plan approved under part A of subchapter IV of this chapter only if the individual meets—

(i) the income and resource standards for determining eligibility under such plan, and

(ii) the eligibility requirements of such plan under subsections (a) through (c) of section 606 of this title and section 607(a) of this title,

as in effect as of July 16, 1996; and

(B) the income and resource methodologies under such plan as of such date shall be used in the determination of whether any individual meets income and resource standards under such plan.

(2) State option

For purposes of applying this section, a State—

(A) may lower its income standards applicable with respect to part A of subchapter IV of this chapter, but not below the income standards applicable under its State plan under such part on May 1, 1988;

(B) may increase income or resource standards under the State plan referred to in paragraph (1) over a period (beginning after July 16, 1996) by a percentage that does not exceed the percentage increase in the Consumer Price Index for all urban consumers (all items; United States city average) over such period; and

(C) may use income and resource methodologies that are less restrictive than the methodologies used under the State plan under such part as of July 16, 1996.

(A) Individuals receiving cash assistance under TANF

In the case of an individual who—

(ii) is eligible for medical assistance under this subchapter on a basis not related to section 1396a(*l*) of this title, and

(iii) has the cash assistance under such program terminated pursuant to section 607(e)(1)(B) of this title (as in effect on or after the welfare reform effective date) because of refusing to work,

the State may terminate such individual's eligibility for medical assistance under this subchapter until such time as there no longer is a basis for the termination of such cash assistance because of such refusal.

(B) Exception for children

Subparagraph (A) shall not be construed as permitting a State to terminate medical assistance for a minor child who is not the head of a household receiving assistance under a State program funded under part A of subchapter IV of this chapter.

(c) Treatment for purposes of transitional coverage provisions

(1) Transition in the case of child support collections

The provisions of section 606(h) of this title (as in effect on July 16, 1996) shall apply, in relation to this subchapter, with respect to individuals (and families composed of individuals) who are described in subsection (b)(1)(A) of this section, in the same manner as they applied before such date with respect to individuals who became ineligible for aid to families with dependent children as a result (wholly or partly) of the collection of child or spousal support under part D of subchapter IV of this chapter.

individuals for medical assistance under this subchapter, such waiver may (but need not) continue to be applied, at the option of the State, in relation to this subchapter after the date the waiver would otherwise expire.

(e) State option to use 1 application form

Nothing in this section, or part A of subchapter IV of this chapter, shall be construed as preventing a State from providing for the same application form for assistance under a State program funded under part A of subchapter IV of this chapter (on or after the welfare reform effective date) and for medical assistance under this subchapter.

(f) Additional rules of construction

(1) With respect to the reference in section 1396a(a)(5) of this title to a State plan approved under part A of subchapter IV of this chapter, a State may treat such reference as a reference either to a State program funded under such part (as in effect on and after the welfare reform effective date) or to the State plan under this subchapter.

(2) Any reference in section 1396a(a)(55) of this title to a State plan approved under part A of subchapter IV of this chapter shall be deemed a reference to a State program funded under such part.

(3) In applying section 1396b(f) of this title, the applicable income limitation otherwise determined shall be subject to increase in the same manner as income or resource standards of a State may be increased under subsection (b)(2)(B) of this section.

The provisions of this section shall apply notwithstanding any other provision of this chapter.

(h) Transitional increased Federal matching rate for increased administrative costs

(2) Administrative expenditures described

The administrative expenditures described in this paragraph are expenditures described in section 1396b(a)(7) of this title that a State demonstrates to the satisfaction of the Secretary are attributable to administrative costs of eligibility determinations that (but for the enactment of this section) would not be incurred.

(3) Limitation

The total amount of additional Federal funds that are expended as a result of the application of this subsection for the period beginning with fiscal year 1997 shall not exceed $500,000,000. In applying this paragraph, the Secretary shall ensure the equitable distribution of additional funds among the States.

In this section, the term ''managed care entity'' means—

(i) a medicaid managed care organization, as defined in section 1396b(m)(1)(A) of this title, that provides or arranges for services for enrollees under a contract pursuant to section 1396b(m) of this title; and

(i) permits the individual to receive such assistance through not less than two physicians or case managers (to the extent that at least two physicians or case managers are available to provide such assistance in the area), and

(ii) permits the individual to obtain such assistance from any other provider in appropriate circumstances (as established by the State under regulations of the Secretary).

(C) Treatment of certain county-operated health insuring organizations

A State shall be considered to meet the requirement of subparagraph (A) if—

(D) Default enrollment process

In carrying out paragraph (1)(A), the State shall establish a default enrollment process—

(i) under which any such individual who does not enroll with a managed care entity during the enrollment period specified by the State shall be enrolled by the State with such an entity which has not been found to be out of substantial compliance with the applicable requirements of this section and of section 1396b(m) of this title or section 1396d(t) of this title; and

(ii) that takes into consideration—

(I) maintaining existing provider-individual relationships or relationships with providers that have traditionally served beneficiaries under this subchapter; and

Such information shall include information on where and how such enrollees may access benefits not made available to the enrollee through the entity.

(B) "Emergency services" defined

In subparagraph (A)(i), the term ''emergency services'' means, with respect to an individual enrolled with an organization, covered inpatient and outpatient services that—

(i) are furnished by a provider that is qualified to furnish such services under this subchapter, and

(C) "Emergency medical condition" defined

In subparagraph (B)(ii), the term ''emergency medical condition'' means a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in—

(i) placing the health of the individual (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy,

(ii) serious impairment to bodily functions, or

(iii) serious dysfunction of any bodily organ or part.

(3) Protection of enrollee-provider communications

(A) In general

Subject to subparagraphs (B) and (C), under a contract under section 1396b(m) of this title a medicaid managed care organization (in relation to an individual enrolled under the contract) shall not prohibit or otherwise restrict a covered health care professional (as defined in subparagraph (D)) from advising such an individual who is a patient of the professional about the health status of the individual or medical care or treatment for the individual's condition or disease, regardless of whether benefits for such care or treatment are provided under the contract, if the professional is acting within the lawful scope of practice.

(B) Construction

Subparagraph (A) shall not be construed as requiring a medicaid managed care organization to provide, reimburse for, or provide coverage of, a counseling or referral service if the organization—

(i) objects to the provision of such service on moral or religious grounds; and

(ii) in the manner and through the written instrumentalities such organization deems appropriate, makes available information on its policies regarding such service to prospective enrollees before or during enrollment and to enrollees within 90 days after the date that the organization adopts a change in policy regarding such a counseling or referral service.

Nothing in this subparagraph shall be construed to affect disclosure requirements under State law or under the Employee Retirement Income Security Act of 1974 [29 U.S.C. 1001 et seq.].

(C) "Health care professional" defined

For purposes of this paragraph, the term ''health care professional'' means a physician (as defined in section 1395x(r) of this title) or other health care professional if coverage for the professional's services is provided under the contract referred to in subparagraph (A) for the services of the professional. (5) Demonstration of adequate capacity and services

Each medicaid managed care organization shall provide the State and the Secretary with adequate assurances (in a time and manner determined by the Secretary) that the organization, with respect to a service area, has the capacity to serve the expected enrollment in such service area, including assurances that the organization—

(B) maintains a sufficient number, mix, and geographic distribution of providers of services.

(6) Protecting enrollees against liability for payment

Each medicaid managed care organization shall provide that an individual eligible for medical assistance under the State plan under

(B) for services provided to the individual—

(i) in the event of the organization failing to receive payment from the State for such services; or

(C) for payments to a provider that furnishes covered services under a contractual, referral, or other arrangement with the organization in excess of the amount that would be owed by the individual if the organization had directly provided the services.

(7) Antidiscrimination

A medicaid managed care organization shall not discriminate with respect to participation, reimbursement, or indemnification as to any provider who is acting within the scope of the provider's license or certification under applicable State law, solely on the basis of such license or certification. This paragraph shall not be construed to prohibit an organization from including providers only to the extent necessary to meet the needs of the organization's enrollees or from establishing any measure designed to maintain quality and control costs consistent with the responsibilities of the organization.

(8) Compliance with certain maternity and mental health requirements

Each medicaid managed care organization shall comply with the requirements of subpart 2 of part A of title XXVII of the Public Health Service Act [42 U.S.C. 300gg–4 et seq.] insofar as such requirements apply and are effective with respect to a health insurance issuer that offers group health insurance coverage.

Standards for access to care so that covered services are available within reasonable timeframes and in a manner that ensures continuity of care and adequate primary care and specialized services capacity.

Examination of other aspects of care and service directly related to the improvement of quality of care (including grievance procedures and marketing and information standards).

(iii) Monitoring procedures

Procedures for monitoring and evaluating the quality and appropriateness of care and services to enrollees that reflect the full spectrum of populations enrolled under the contract and that includes requirements for provision of quality assurance data to the State using the data and information set that the Secretary has specified for use under part C of subchapter XVIII of this chapter or such alternative data as the Secretary approves, in consultation with the State.

(iv) Periodic review

Regular, periodic examinations of the scope and content of the strategy.

(B) Standards

The strategy developed under subparagraph (A) shall be consistent with standards that the Secretary first establishes within 1 year after August 5, 1997. Such standards shall not preempt any State standards that are more stringent than such standards. Guidelines relating to quality assurance that are applied under section 1396n(b)(1) of this title shall apply under this subsection until the effective date of standards for quality assurance established under this subparagraph.

(C) Monitoring

The Secretary shall monitor the development and implementation of strategies under subparagraph (A).

Each contract under section 1396b(m) of this title with a medicaid managed care organization shall provide for an annual (as appropriate) external independent review conducted by a qualified independent entity of the quality outcomes and timeliness of, and access to, the items and services for which the organization is responsible under the contract. The requirement for such a review shall not apply until after the date that the Secretary establishes the identification method described in clause (ii).

(ii) Qualifications of reviewer

The Secretary, in consultation with the States, shall establish a method for the identification of entities that are qualified to conduct reviews under clause (i).

The Secretary, in coordination with the National Governors' Association, shall contract with an independent quality review organization (such as the National Committee for Quality Assurance) to de-

velop the protocols to be used in external independent reviews conducted under this paragraph on and after January 1, 1999.

(iv) Availability of results

The results of each external independent review conducted under this subparagraph shall be available to participating health care providers, enrollees, and potential enrollees of the organization, except that the results may not be made available in a manner that discloses the identity of any individual patient.

(B) Nonduplication of accreditation

A State may provide that, in the case of a medicaid managed care organization that is accredited by a private independent entity (such as those described in section 1395w–22(e)(4) of this title) or that has an external review conducted under section 1395w–22(e)(3) of this title, the external review activities conducted under subparagraph (A) with respect to the organization shall not be duplicative of review activities conducted as part of the accreditation process or the external review conducted under such section.

(C) Deemed compliance for medicare managed care organizations

At the option of a State, the requirements of subparagraph (A) shall not apply with respect to a medicaid managed care organization if the organization is an eligible organization with a contract in effect under section 1395mm of this title or a Medicare+Choice organization with a contract in effect under part C of subchapter XVIII of this chapter and the organization has had a contract in effect under section 1396b(m) of this title at least during the previous 2-year period.

(d) Protections against fraud and abuse

(1) Prohibiting affiliations with individuals debarred by Federal agencies

(A) In general

A managed care entity may not knowingly—

(i) have a person described in subparagraph (C) as a director, officer, partner, or person with beneficial ownership of more than 5 percent of the entity's equity, or

(ii) have an employment, consulting, or other agreement with a person described in such subparagraph for the provision of items and services that are significant and material to the entity's obligations under its contract with the State.

(B) Effect of noncompliance

If a State finds that a managed care entity is not in compliance with clause (i) or (ii) of subparagraph (A), the State—

(i) shall notify the Secretary of such noncompliance;

(ii) may continue an existing agreement with the entity unless the Secretary (in consultation with the Inspector General of the Department of Health and Human Services) directs otherwise; and

(iii) may not renew or otherwise extend the duration of an existing agreement with the entity unless the Secretary (in consultation with the Inspector General of the Department of Health and Human Services) provides to the State and to Congress a written statement describing compelling reasons that exist for renewing or extending the agreement.

(C) Persons described

A person is described in this subparagraph if such person—

(i) is debarred, suspended, or otherwise excluded from participating in procurement activities under the Federal Acquisition Regulation or from participating in nonprocurement activities under regulations issued pursuant to Executive Order No. 12549 or under guidelines implementing such order; or

(ii) is an affiliate (as defined in such Regulation) of a person described in clause (i).

(2) Restrictions on marketing

(A) Distribution of materials

(i) In general

A managed care entity, with respect to activities under this subchapter, may not distribute directly or through any agent or independent contractor marketing materials within any State—

(I) without the prior approval of the State, and

(II) that contain false or materially misleading information.

The requirement of subclause (I) shall not apply with respect to a State until such date as the Secretary specifies in consultation with such State.

(ii) Consultation in review of market materials

In the process of reviewing and approving such materials, the State shall provide for consultation with a medical care advisory committee.

(B) Service market

A managed care entity shall distribute marketing materials to the entire service area of such entity covered under the contract under section 1396b(m) of this title or section 1396d(t)(3) of this title.

(C) Prohibition of tie-ins

A managed care entity, or any agency of such entity, may not seek to influence an individual's enrollment with the entity in conjunction with the sale of any other insurance.

(D) Prohibiting marketing fraud

Each managed care entity shall comply with such procedures and conditions as the Secretary prescribes in order to ensure that, before an individual is enrolled with the entity, the individual is provided accurate oral and written information sufficient to make an informed decision whether or not to enroll.

(E) Prohibition of "cold-call" marketing

Each managed care entity shall not, directly or indirectly, conduct door-to-door,

telephonic, or other ''cold-call'' marketing of enrollment under this subchapter.

(3) State conflict-of-interest safeguards in medicaid risk contracting

A medicaid managed care organization may not enter into a contract with any State under section 1396b(m) of this title unless the State has in effect conflict-of-interest safeguards with respect to officers and employees of the State with responsibilities relating to contracts with such organizations or to the default enrollment process described in subsection (a)(4)(C)(ii) of this section that are at least as effective as the Federal safeguards provided under section 423 of title 41, against conflicts of interest that apply with respect to Federal procurement officials with comparable responsibilities with respect to such contracts.

(4) Use of unique physician identifier for participating physicians

Each medicaid managed care organization shall require each physician providing services to enrollees eligible for medical assistance under the State plan under this subchapter to have a unique identifier in accordance with the system established under section 1320d–2(b) of this title.

(e) Sanctions for noncompliance

(1) Use of intermediate sanctions by the State to enforce requirements

(A) In general

A State may not enter into or renew a contract under section 1396b(m) of this title unless the State has established intermediate sanctions, which may include any of the types described in paragraph (2), other than the termination of a contract with a medicaid managed care organization, which the State may impose against a medicaid managed care organization with such a contract, if the organization—

(i) fails substantially to provide medically necessary items and services that are required (under law or under such organization's contract with the State) to be provided to an enrollee covered under the contract;

(ii) imposes premiums or charges on enrollees in excess of the premiums or charges permitted under this subchapter;

(iii) acts to discriminate among enrollees on the basis of their health status or requirements for health care services, including expulsion or refusal to reenroll an individual, except as permitted by this subchapter, or engaging in any practice that would reasonably be expected to have the effect of denying or discouraging enrollment with the organization by eligible individuals whose medical condition or history indicates a need for substantial future medical services;

(iv) misrepresents or falsifies information that is furnished—

(I) to the Secretary or the State under this subchapter; or

(II) to an enrollee, potential enrollee, or a health care provider under such subchapter; or

(v) fails to comply with the applicable requirements of section 1396b(m)(2)(A)(x) of this title.

The State may also impose such intermediate sanction against a managed care entity if the State determines that the entity distributed directly or through any agent or independent contractor marketing materials in violation of subsection (d)(2)(A)(i)(II) of this section.

(B) Rule of construction

Clause (i) of subparagraph (A) shall not apply to the provision of abortion services, except that a State may impose a sanction on any medicaid managed care organization that has a contract to provide abortion services if the organization does not provide such services as provided for under the contract.

(2) Intermediate sanctions

The sanctions described in this paragraph are as follows:

(A) Civil money penalties as follows:

(i) Except as provided in clause (ii), (iii), or (iv), not more than $25,000 for each determination under paragraph (1)(A).

(ii) With respect to a determination under clause (iii) or (iv)(I) of paragraph (1)(A), not more than $100,000 for each such determination.

(iii) With respect to a determination under paragraph (1)(A)(ii), double the excess amount charged in violation of such subsection (and the excess amount charged shall be deducted from the penalty and returned to the individual concerned).

(iv) Subject to clause (ii), with respect to a determination under paragraph (1)(A)(iii), $15,000 for each individual not enrolled as a result of a practice described in such subsection.

(B) The appointment of temporary management—

(i) to oversee the operation of the medicaid managed care organization upon a finding by the State that there is continued egregious behavior by the organization or there is a substantial risk to the health of enrollees; or

(ii) to assure the health of the organization's enrollees, if there is a need for temporary management while—

(I) there is an orderly termination or reorganization of the organization; or

(II) improvements are made to remedy the violations found under paragraph (1),

except that temporary management under this subparagraph may not be terminated until the State has determined that the medicaid managed care organization has the capability to ensure that the violations shall not recur.

(C) Permitting individuals enrolled with the managed care entity to terminate enrollment without cause, and notifying such individuals of such right to terminate enrollment.

(D) Suspension or default of all enrollment of individuals under this subchapter after

the date the Secretary or the State notifies the entity of a determination of a violation of any requirement of section 1396b(m) of this title or this section.

(E) Suspension of payment to the entity under this subchapter for individuals enrolled after the date the Secretary or State notifies the entity of such a determination and until the Secretary or State is satisfied that the basis for such determination has been corrected and is not likely to recur.

(3) Treatment of chronic substandard entities

In the case of a medicaid managed care organization which has repeatedly failed to meet the requirements of section 1396b(m) of this title and this section, the State shall (regardless of what other sanctions are provided) impose the sanctions described in subparagraphs (B) and (C) of paragraph (2).

(4) Authority to terminate contract

(A) In general

In the case of a managed care entity which has failed to meet the requirements of this part or a contract under section 1396b(m) or 1396d(t)(3) of this title, the State shall have the authority to terminate such contract with the entity and to enroll such entity's enrollees with other managed care entities (or to permit such enrollees to receive medical assistance under the State plan under this subchapter other than through a managed care entity).

(B) Availability of hearing prior to termination of contract

A State may not terminate a contract with a managed care entity under subparagraph (A) unless the entity is provided with a hearing prior to the termination.

(C) Notice and right to disenroll in cases of termination hearing

A State may—

(i) notify individuals enrolled with a managed care entity which is the subject of a hearing to terminate the entity's contract with the State of the hearing, and

(ii) in the case of such an entity, permit such enrollees to disenroll immediately with the entity without cause.

(5) Other protections for managed care entities against sanctions imposed by State

Before imposing any sanction against a managed care entity other than termination of the entity's contract, the State shall provide the entity with notice and such other due process protections as the State may provide, except that a State may not provide a managed care entity with a pre-termination hearing before imposing the sanction described in paragraph (2)(B).

(f) Timeliness of payment

A contract under section 1396b(m) of this title with a medicaid managed care organization shall provide that the organization shall make payment to health care providers for items and services which are subject to the contract and that are furnished to individuals eligible for medical assistance under the State plan under this subchapter who are enrolled with the organization on a timely basis consistent with the claims payment procedures described in section 1396a(a)(37)(A) of this title, unless the health care provider and the organization agree to an alternate payment schedule.

(g) Identification of patients for purposes of making DSH payments

Each contract with a managed care entity under section 1396b(m) of this title or under section 1396d(t)(3) of this title shall require the entity either—

(1) to report to the State information necessary to determine the hospital services provided under the contract (and the identity of hospitals providing such services) for purposes of applying sections 1395ww(d)(5)(F) and 1396r–4 of this title; or

(2) to include a sponsorship code in the identification card issued to individuals covered under this subchapter in order that a hospital may identify a patient as being entitled to benefits under this subchapter.

§ 1396u–3. State coverage of medicare cost-sharing for additional low-income medicare beneficiaries

(a) In general

A State plan under this subchapter shall provide, under section 1396a(a)(10)(E)(iv) of this title and subject to the succeeding provisions of this section and through a plan amendment, for medical assistance for payment of the cost of medicare cost-sharing described in such section on behalf of all individuals described in such section (in this section referred to as ''qualifying individuals'') who are selected to receive such assistance under subsection (b) of this section.

(b) Selection of qualifying individuals

A State shall select qualifying individuals, and provide such individuals with assistance, under this section consistent with the following:

(1) All qualifying individuals may apply

The State shall permit all qualifying individuals to apply for assistance during a calendar year.

(2) Selection on first-come, first-served basis

(A) In general

For each calendar year (beginning with 1998), from (and to the extent of) the amount of the allocation under subsection (c) of this section for the State for the fiscal year ending in such calendar year, the State shall select qualifying individuals who apply for the assistance in the order in which they apply.

(B) Carryover

For calendar years after 1998, the State shall give preference to individuals who were provided such assistance (or other assistance described in section 1396a(a)(10)(E) of this title) in the last month of the previous year and who continue to be (or become) qualifying individuals.

(3) Limit on number of individuals based on allocation

The State shall limit the number of qualifying individuals selected with respect to assistance in a calendar year so that the aggregate amount of such assistance provided to such individuals in such year is estimated to be equal to (but not exceed) the State's allocation under subsection (c) of this section for the fiscal year ending in such calendar year.

(4) Receipt of assistance during duration of year

If a qualifying individual is selected to receive assistance under this section for a

month in a year, the individual is entitled to receive such assistance for the remainder of the year if the individual continues to be a qualifying individual. (A) an amount equal to the total number of individuals described in section 1396a(a)(10)(E)(iv) of this title in the State; to

(B) the sum of the amounts computed under subparagraph (A) for all eligible States.

(d) Applicable FMAP

With respect to assistance described in section 1396a(a)(10)(E)(iv) of this title furnished in a State for calendar quarters in a calendar year—

(1) to the extent that such assistance does not exceed the State's allocation under subsection (c) of this section for the fiscal year ending in the calendar year, the Federal medical assistance percentage shall be equal to 100 percent; and

(2) to the extent that such assistance exceeds such allocation, the Federal medical assistance percentage is 0 percent.

(e) Limitation on entitlement

Except as specifically provided under this section, nothing in this subchapter shall be construed as establishing any entitlement of individuals described in section 1396a(a)(10)(E)(iv) of this title to assistance described in such section.

(f) Coverage of costs through part B of medicare program

For each fiscal year, the Secretary shall provide for the transfer from the Federal Supplementary Medical Insurance Trust Fund under section 1395t of this title to the appropriate account in the Treasury that provides for payments under section 1396b(a) of this title with respect to medical assistance provided under this section, of an amount equivalent to the total of the amount of payments made under such section that is attributable to this section and such transfer shall be treated as an expenditure from such Trust Fund for purposes of section 1395r of this title.

(g) Special rules

(1) In general

Such individuals need not be eligible for benefits under part A, or enrolled under part B, of subchapter XVIII of this chapter to be eligible to enroll under this section. In the case of an individual enrolled with a PACE program pursuant to such an election—

(A) the individual shall receive benefits under the plan solely through such program, and

(B) the PACE provider shall receive payment in accordance with the PACE program agreement for provision of such benefits.

A State may establish a numerical limit on the number of individuals who may be enrolled in a PACE program under a PACE program agreement.

(2) "PACE program" defined

The entity operating the program is a PACE provider (as defined in paragraph (3)).

(B) Comprehensive benefits

The program provides comprehensive health care services to PACE program eligible individuals in accordance with the PACE program agreement and regulations under this section.

(C) Transition

In the case of an individual who is enrolled under the program under this section and whose enrollment ceases for any reason (including that the individual no longer qualifies as a PACE program eligible individual, the termination of a PACE program agreement, or otherwise), the program provides assistance to the individual in obtaining necessary transitional care through appropriate referrals and making the individual's medical records available to new providers.

(3) "PACE provider" defined

(A) In general

For purposes of this section, the term ''PACE provider'' means an entity that—

(i) subject to subparagraph (B), is (or is a distinct part of) a public entity or a private, nonprofit entity organized for charitable purposes under section 501(c)(3) of the Internal Revenue Code of 1986, and

(ii) has entered into a PACE program agreement with respect to its operation of a PACE program.

(B) Treatment of private, for-profit providers

Clause (i) of subparagraph (A) shall not apply—

(i) to entities subject to a demonstration project waiver under subsection (h) of this section; and

(ii) after the date the report under section 4804(b) of the Balanced Budget Act of 1997 is submitted, unless the Secretary determines that any of the findings described in subparagraph (A), (B), (C), or (D) of paragraph (2) of such section are true.

(4) "PACE program agreement" defined

For purposes of this section, the term ''PACE program agreement'' means, with respect to a PACE provider, an agreement, consistent with this section, section 1395eee of this title (if applicable), and regulations promulgated to carry out such sections, among the PACE provider, the Secretary, and a State administering agency for the operation of a PACE program by the provider under such sections.

(5) "PACE program eligible individual" defined

For purposes of this section, the term ''PACE program eligible individual'' means, with respect to a PACE program, an individual who—

(C) resides in the service area of the PACE program; and

(D) meets such other eligibility conditions as may be imposed under the PACE program agreement for the program under subsection (e)(2)(A)(ii) of this section.

(6) "PACE protocol" defined

(7) "PACE demonstration waiver program" defined

For purposes of this section, the term ''PACE demonstration waiver program'' means a demonstration program under either of the following sections (as in effect before the date of their repeal):

(A) Section 603(c) of the Social Security Amendments of 1983 (Public Law 98–21), as extended by section 9220 of the Consolidated Omnibus Budget Reconciliation Act of 1985 (Public Law 99–272).

(B) Section 9412(b) of the Omnibus Budget Reconciliation Act of 1986 (Public Law 99–509).

(8) "State administering agency" defined

For purposes of this section, the term ''State administering agency'' means, with respect to the operation of a PACE program in a State, the agency of that State (which may be the single agency responsible for administration of the State plan under this subchapter in the State) responsible for administering PACE program agreements under this section and section 1395eee of this title in the State.

(9) "Trial period" defined

(A) In general

For purposes of this section, the term ''trial period'' means, with respect to a PACE program operated by a PACE provider under a PACE program agreement, the first 3 contract years under such agreement with respect to such program.

(B) Treatment of entities previously operating PACE demonstration waiver programs

Each contract year (including a year occurring before the effective date of this section) during which an entity has operated a PACE demonstration waiver program shall be counted under subparagraph (A) as a contract year during which the entity operated a PACE program as a PACE provider under a PACE program agreement.

(10) "Regulations" defined

For purposes of this section, the term ''regulations'' refers to interim final or final regulations promulgated under subsection (f) of this section to carry out this section and section 1395eee of this title.

(b) Scope of benefits; beneficiary safeguards

(1) In general

Under a PACE program agreement, a PACE provider shall—

(A) provide to PACE program eligible individuals, regardless of source of payment and directly or under contracts with other entities, at a minimum—

(i) all items and services covered under subchapter XVIII of this chapter (for individuals enrolled under section 1395eee of this title) and all items and services covered under this subchapter, but without any limitation or condition as to amount, duration, or scope and without application of deductibles, copayments, coinsurance, or other cost-sharing that would otherwise apply under such subchapter or this subchapter, respectively; and

(ii) all additional items and services specified in regulations, based upon those required under the PACE protocol;

(B) provide such enrollees access to necessary covered items and services 24 hours per day, every day of the year;

(C) provide services to such enrollees through a comprehensive, multidisciplinary health and social services delivery system which integrates acute and long-term care services pursuant to regulations; and

(D) specify the covered items and services that will not be provided directly by the entity, and to arrange for delivery of those items and services through contracts meeting the requirements of regulations.

(2) Quality assurance; patient safeguards

The PACE program agreement shall require the PACE provider to have in effect at a minimum—

(A) a written plan of quality assurance and improvement, and procedures implementing such plan, in accordance with regulations, and

(B) written safeguards of the rights of enrolled participants (including a patient bill of rights and procedures for grievances and appeals) in accordance with regulations and with other requirements of this subchapter and Federal and State law designed for the protection of patients.

(3) Treatment of medicare services furnished by noncontract physicians and other entities

(A) Application of medicare advantage requirement with respect to medicare services furnished by noncontract physicians and other entities

Section 1395w–22(k)(1) of this title (relating to limitations on balance billing against MA organizations for noncontract physicians and other entities with respect to services covered under subchapter XVIII of this chapter) shall apply to PACE providers, PACE program eligible individuals enrolled with such PACE providers, and physicians and other entities that do not have a contract or other agreement establishing payment amounts for services furnished to such an individual in the same manner as such section applies to MA organizations, individuals enrolled with such organizations, and physicians and other entities referred to in such section.

(B) Reference to related provision for noncontract providers of services

For the provision relating to limitations on balance billing against PACE providers for services covered under subchapter XVIII of this chapter furnished by noncontract providers of services, see section 1395cc(a)(1)(O) of this title.

(4) Reference to related provision for services covered under this subchapter but not under subchapter XVIII

For provisions relating to limitations on payments to providers participating under the State plan under this subchapter that do not have a contract or other agreement with a PACE provider establishing payment amounts for services covered under such plan (but not under subchapter XVIII of this chapter) when such services are furnished to enrollees of that PACE provider, see section 1396a(a)(67) of this title.

(c) Eligibility determinations

(1) In general

The determination of—

(A) whether an individual is a PACE program eligible individual shall be made under and in accordance with the PACE program agreement, and

(B) who is entitled to medical assistance under this subchapter shall be made (or who is not so entitled, may be made) by the State administering agency.

(2) Condition

An individual is not a PACE program eligible individual (with respect to payment under this section) unless the individual's health status has been determined by the Secretary or the State administering agency, in accordance with regulations, to be comparable to the health status of individuals who have participated in the PACE demonstration waiver programs. Such determination shall be based upon information on health status and related indicators (such as medical diagnoses and measures of activities of daily living, instrumental activities of daily living, and cognitive impairment) that are part of a uniform minimum data set collected by PACE providers on potential eligible individuals.

(3) Annual eligibility recertifications

(A) In general

Subject to subparagraph (B), the determination described in subsection (a)(5)(B) of this section for an individual shall be reevaluated at least annually.

(B) Exception

The requirement of annual reevaluation under subparagraph (A) may be waived during a period in accordance with regulations in those cases in which the State administering agency determines that there is no reasonable expectation of improvement or significant change in an individual's condition during the period because of the severity of chronic condition, or degree of impairment of functional capacity of the individual involved.

(4) Continuation of eligibility

An individual who is a PACE program eligible individual may be deemed to continue to be such an individual notwithstanding a determination that the individual no longer meets the requirement of subsection (a)(5)(B) of this section if, in accordance with regulations, in the absence of continued coverage under a PACE program the individual reasonably would be expected to meet such requirement within the succeeding 6-month period.

(5) Enrollment; disenrollment

(A) Voluntary disenrollment at any time

The enrollment and disenrollment of PACE program eligible individuals in a PACE program shall be pursuant to regulations and the PACE program agreement and shall permit enrollees to voluntarily disenroll without cause at any time.

(B) Limitations on disenrollment

(i) In general

Regulations promulgated by the Secretary under this section and section 1395eee of this title, and the PACE program agreement, shall provide that the PACE program may not disenroll a PACE program eligible individual except—

(I) for nonpayment of premiums (if applicable) on a timely basis; or

(II) for engaging in disruptive or threatening behavior, as defined in such regulations (developed in close consultation with State administering agencies).

(ii) No disenrollment for noncompliant behavior

Except as allowed under regulations promulgated to carry out clause (i)(II), a PACE program may not disenroll a PACE program eligible individual on the ground that the individual has engaged in noncompliant behavior if such behavior is related to a mental or physical condition of the individual. For purposes of the pre-

ceding sentence, the term ''noncompliant behavior'' includes repeated noncompliance with medical advice and repeated failure to appear for appointments.

(iii) Timely review of proposed nonvoluntary disenrollment

A proposed disenrollment, other than a voluntary disenrollment, shall be subject to timely review and final determination by the Secretary or by the State administering agency (as applicable), prior to the proposed disenrollment becoming effective.

(d) Payments to PACE providers on a capitated basis

(1) In general

In the case of a PACE provider with a PACE program agreement under this section, except as provided in this subsection or by regulations, the State shall make prospective monthly payments of a capitation amount for each PACE program eligible individual enrolled under the agreement under this section.

(2) Capitation amount

The capitation amount to be applied under this subsection for a provider for a contract year shall be an amount specified in the PACE program agreement for the year. Such amount shall be an amount, specified under the PACE agreement, which is less than the amount that would otherwise have been made under the State plan if the individuals were not so enrolled and shall be adjusted to take into account the comparative frailty of PACE enrollees and such other factors as the Secretary determines to be appropriate. The payment under this section shall be in addition to any payment made under section 1395eee of this title for individuals who are enrolled in a PACE program under such section.

(e) PACE program agreement

(1) Requirement

(A) In general

The Secretary, in close cooperation with the State administering agency, shall establish procedures for entering into, extending, and terminating PACE program agreements for the operation of PACE programs by entities that meet the requirements for a PACE provider under this section, section 1395eee of this title, and regulations.

(B) Numerical limitation

(i) In general

The Secretary shall not permit the number of PACE providers with which agreements are in effect under this section or under section 9412(b) of the Omnibus Budget Reconciliation Act of 1986 to exceed—

(I) 40 as of August 5, 1997, or

(II) as of each succeeding anniversary of August 5, 1997, the numerical limitation under this subparagraph for the preceding year plus 20.

Subclause (II) shall apply without regard to the actual number of agreements in effect as of a previous anniversary date.

(ii) Treatment of certain private, for-profit providers

The numerical limitation in clause (i) shall not apply to a PACE provider that—

(I) is operating under a demonstration project waiver under subsection (h) of this section, or

(II) was operating under such a waiver and subsequently qualifies for PACE provider status pursuant to subsection (a)(3)(B)(ii) of this section.

(2) Service area and eligibility

(A) In general

A PACE program agreement for a PACE program—

(i) shall designate the service area of the program;

(ii) may provide additional requirements for individuals to qualify as PACE program eligible individuals with respect to the program;

(iii) shall be effective for a contract year, but may be extended for additional contract years in the absence of a notice by a party to terminate, and is subject to termination by the Secretary and the State administering agency at any time for cause (as provided under the agreement);

(iv) shall require a PACE provider to meet all applicable State and local laws and requirements; and

(v) shall contain such additional terms and conditions as the parties may agree to, so long as such terms and conditions are consistent with this section and regulations.

(B) Service area overlap

In designating a service area under a PACE program agreement under subparagraph (A)(i), the Secretary (in consultation with the State administering agency) may exclude from designation an area that is already covered under another PACE program agreement, in order to avoid unnecessary duplication of services and avoid impairing the financial and service viability of an existing program.

(3) Data collection; development of outcome measures

(A) Data collection

(i) In general

Under a PACE program agreement, the PACE provider shall—

(I) collect data;

(II) maintain, and afford the Secretary and the State administering agency access to, the records relating to the program, including pertinent financial, medical, and personnel records; and

(III) submit to the Secretary and the State administering agency such reports as the Secretary finds (in consultation with State administering agencies) necessary to monitor the operation, cost, and effectiveness of the PACE program.

(ii) Requirements during trial period

During the first 3 years of operation of a PACE program (either under this section

or under a PACE demonstration waiver program), the PACE provider shall provide such additional data as the Secretary specifies in regulations in order to perform the oversight required under paragraph (4)(A).

(B) Development of outcome measures

Under a PACE program agreement, the PACE provider, the Secretary, and the State administering agency shall jointly cooperate in the development and implementation of health status and quality of life outcome measures with respect to PACE program eligible individuals.

(4) Oversight

(A) Annual, close oversight during trial period

During the trial period (as defined in subsection (a)(9) of this section) with respect to a PACE program operated by a PACE provider, the Secretary (in cooperation with the State administering agency) shall conduct a comprehensive annual review of the operation of the PACE program by the provider in order to assure compliance with the requirements of this section and regulations. Such a review shall include—

(i) an onsite visit to the program site;

(ii) comprehensive assessment of a provider's fiscal soundness;

(iii) comprehensive assessment of the provider's capacity to provide all PACE services to all enrolled participants;

(iv) detailed analysis of the entity's substantial compliance with all significant requirements of this section and regulations; and

(v) any other elements the Secretary or the State administering agency considers necessary or appropriate.

(B) Continuing oversight

After the trial period, the Secretary (in cooperation with the State administering agency) shall continue to conduct such review of the operation of PACE providers and PACE programs as may be appropriate, taking into account the performance level of a provider and compliance of a provider with all significant requirements of this section and regulations.

(C) Disclosure

The results of reviews under this paragraph shall be reported promptly to the PACE provider, along with any recommendations for changes to the provider's program, and shall be made available to the public upon request.

(5) Termination of PACE provider agreements

(A) In general

Under regulations—

(i) the Secretary or a State administering agency may terminate a PACE program agreement for cause, and

(ii) a PACE provider may terminate such an agreement after appropriate notice to the Secretary, the State administering agency, and enrollees.

(B) Causes for termination

In accordance with regulations establishing procedures for termination of PACE program agreements, the Secretary or a State administering agency may terminate a PACE program agreement with a PACE provider for, among other reasons, the fact that—

(i) the Secretary or State administering agency determines that—

(I) there are significant deficiencies in the quality of care provided to enrolled participants; or

(II) the provider has failed to comply substantially with conditions for a program or provider under this section or section 1395eee of this title; and

(ii) the entity has failed to develop and successfully initiate, within 30 days of the date of the receipt of written notice of such a determination, a plan to correct the deficiencies, or has failed to continue implementation of such a plan.

(C) Termination and transition procedures

An entity whose PACE provider agreement is terminated under this paragraph shall implement the transition procedures required under subsection (a)(2)(C) of this section.

(6) Secretary's oversight; enforcement authority

(A) In general

Under regulations, if the Secretary determines (after consultation with the State administering agency) that a PACE provider is failing substantially to comply with the requirements of this section and regulations, the Secretary (and the State administering agency) may take any or all of the following actions:

(i) Condition the continuation of the PACE program agreement upon timely execution of a corrective action plan.

(ii) Withhold some or all further payments under the PACE program agreement under this section or section 1395eee of this title with respect to PACE program services furnished by such provider until the deficiencies have been corrected.

(iii) Terminate such agreement.

(B) Application of intermediate sanctions

Under regulations, the Secretary may provide for the application against a PACE provider of remedies described in section 1395w–27(g)(2) (or, for periods before January 1, 1999, section 1395mm(i)(6)(B) of this title) or 1396b(m)(5)(B) of this title in the case of violations by the provider of the type described in section 1395w–27(g)(1) (or 1395mm(i)(6)(A) of this title for such periods) or 1396b(m)(5)(A) of this title, respectively (in relation to agreements, enrollees, and requirements under section 1395eee of this title or this section, respectively).

(7) Procedures for termination or imposition of sanctions

Under regulations, the provisions of section 1395w–27(h) of this title (or for periods before

January 1, 1999, section 1395mm(i)(9) of this title) shall apply to termination and sanctions respecting a PACE program agreement and PACE provider under this subsection in the same manner as they apply to a termination and sanctions with respect to a contract and a Medicare+Choice organization under part C of subchapter XVIII of this chapter (or for such periods an eligible organization under section 1395mm of this title).

(8) Timely consideration of applications for PACE program provider status

In considering an application for PACE provider program status, the application shall be deemed approved unless the Secretary, within 90 days after the date of the submission of the application to the Secretary, either denies such request in writing or informs the applicant in writing with respect to any additional information that is needed in order to make a final determination with respect to the application. After the date the Secretary receives such additional information, the application shall be deemed approved unless the Secretary, within 90 days of such date, denies such request.

(f) Regulations

(1) In general

The Secretary shall issue interim final or final regulations to carry out this section and section 1395eee of this title.

(2) Use of PACE protocol

(A) In general

In issuing such regulations, the Secretary shall, to the extent consistent with the provisions of this section, incorporate the requirements applied to PACE demonstration waiver programs under the PACE protocol.

(B) Flexibility

In order to provide for reasonable flexibility in adapting the PACE service delivery model to the needs of particular organizations (such as those in rural areas or those that may determine it appropriate to use nonstaff physicians according to State licensing law requirements) under this section and section 1395eee of this title, the Secretary (in close consultation with State administering agencies) may modify or waive provisions of the PACE protocol so long as any such modification or waiver is not inconsistent with and would not impair the essential elements, objectives, and requirements of this section, but may not modify or waive any of the following provisions:

(i) The focus on frail elderly qualifying individuals who require the level of care provided in a nursing facility.

(ii) The delivery of comprehensive, integrated acute and long-term care services.

(iii) The interdisciplinary team approach to care management and service delivery.

(iv) Capitated, integrated financing that allows the provider to pool payments received from public and private programs and individuals.

(v) The assumption by the provider of full financial risk.

(C) Continuation of modifications or waivers of operational requirements under demonstration status

If a PACE program operating under demonstration authority has contractual or other operating arrangements which are not otherwise recognized in regulation and which were in effect on July 1[1] 2000, the Secretary (in close consultation with, and with the concurrence of, the State administering agency) shall permit any such program to continue such arrangements so long as such arrangements are found by the Secretary and the State to be reasonably consistent with the objectives of the PACE program.

(3) Application of certain additional beneficiary and program protections

(A) In general

In issuing such regulations and subject to subparagraph (B), the Secretary may apply with respect to PACE programs, providers, and agreements such requirements of part C of subchapter XVIII of this chapter (or, for periods before January 1, 1999, section 1395mm of this title) and sections 1396b(m) and 1396u–2 of this title relating to protection of beneficiaries and program integrity as would apply to Medicare+Choice organizations under such part C (or for such periods eligible organizations under risk-sharing contracts under section 1395mm of this title) and to medicaid managed care organizations under prepaid capitation agreements under section 1396b(m) of this title.

(B) Considerations

In issuing such regulations, the Secretary shall—

(i) take into account the differences between populations served and benefits provided under this section and under part C of subchapter XVIII of this chapter (or, for periods before January 1, 1999, section 1395mm of this title) and section 1396b(m) of this title;

(ii) not include any requirement that conflicts with carrying out PACE programs under this section; and

(iii) not include any requirement restricting the proportion of enrollees who are eligible for benefits under this subchapter or subchapter XVIII of this chapter.

(4) Construction

Nothing in this subsection shall be construed as preventing the Secretary from including in regulations provisions to ensure the health and safety of individuals enrolled in a PACE program under this section that are in addition to those otherwise provided under paragraphs (2) and (3).

(g) Waivers of requirements

With respect to carrying out a PACE program under this section, the following requirements of this subchapter (and regulations relating to such requirements) shall not apply:

(1) Section 1396a(a)(1) of this title, relating to any requirement that PACE programs or

[1] So in original. Probably should be followed by a comma.

PACE program services be provided in all areas of a State.

(2) Section 1396a(a)(10) of this title, insofar as such section relates to comparability of services among different population groups.

(3) Sections 1396a(a)(23) and 1396n(b)(4) of this title, relating to freedom of choice of providers under a PACE program.

(4) Section 1396b(m)(2)(A) of this title, insofar as it restricts a PACE provider from receiving prepaid capitation payments.

(5) Such other provisions of this subchapter that, as added or amended by the Balanced Budget Act of 1997, the Secretary determines are inapplicable to carrying out a PACE program under this section.

(h) Demonstration project for for-profit entities

(1) In general

In order to demonstrate the operation of a PACE program by a private, for-profit entity, the Secretary (in close consultation with State administering agencies) shall grant waivers from the requirement under subsection (a)(3) of this section that a PACE provider may not be a for-profit, private entity.

(2) Similar terms and conditions

(A) In general

Except as provided under subparagraph (B), and paragraph (1), the terms and conditions for operation of a PACE program by a provider under this subsection shall be the same as those for PACE providers that are nonprofit, private organizations.

(B) Numerical limitation

The number of programs for which waivers are granted under this subsection shall not exceed 10. Programs with waivers granted under this subsection shall not be counted against the numerical limitation specified in subsection (e)(1)(B) of this section.

(i) Post-eligibility treatment of income

A State may provide for post-eligibility treatment of income for individuals enrolled in PACE programs under this section in the same manner as a State treats post-eligibility income for individuals receiving services under a waiver under section 1396n(c) of this title.

(j) Miscellaneous provisions

Nothing in this section or section 1395eee of this title shall be construed as preventing a PACE provider from entering into contracts with other governmental or nongovernmental payers for the care of PACE program eligible individuals who are not eligible for benefits under part A, or enrolled under part B, of subchapter XVIII of this chapter or eligible for medical assistance under this subchapter.

As part of making an eligibility determination required under paragraph (2) for an individual, the State shall make a determination of the individual's eligibility for medical assistance for any medicare cost-sharing described in section 1396d(p)(3) of this title and, if the individual is eligible for any such medicare cost-sharing, offer enrollment to the individual under the State plan (or under a waiver of such plan).

(b) Regular Federal subsidy of administrative costs

The amounts expended by a State in carrying out subsection (a) of this section are expenditures reimbursable under the appropriate paragraph of section 1396b(a) of this title.

(c) Federal assumption of medicaid prescription drug costs for dually eligible individuals

(1) Phased-down State contribution

(A) In general

Each of the 50 States and the District of Columbia for each month beginning with January 2006 shall provide for payment under this subsection to the Secretary of the product of—

(i) the amount computed under paragraph (2)(A) for the State and month;

(ii) the total number of full-benefit dual eligible individuals (as defined in paragraph (6)) for such State and month; and

(iii) the factor for the month specified in paragraph (5).

(B) Form and manner of payment

Payment under subparagraph (A) shall be made in a manner specified by the Secretary that is similar to the manner in which State payments are made under an agreement entered into under section 1395v of this title, except that all such payments shall be deposited into the Medicare Prescription Drug Account in the Federal Supplementary Medical Insurance Trust Fund.

(C) Compliance

If a State fails to pay to the Secretary an amount required under subparagraph (A), interest shall accrue on such amount at the rate provided under section 1396b(d)(5) of this title. The amount so owed and applicable interest shall be immediately offset against amounts otherwise payable to the State under section 1396b(a) of this title subject to subsection (e) of this section, in accordance with the Federal Claims Collection Act of 1996[1] and applicable regulations.

(D) Data match

The Secretary shall perform such periodic data matches as may be necessary to identify and compute the number of full-benefit dual eligible individuals for purposes of computing the amount under subparagraph (A).

(2) Amount

(A) In general

The amount computed under this paragraph for a State described in paragraph (1) and for a month in a year is equal to—

(i) 1/12 of the product of—

(I) the base year State medicaid per capita expenditures for covered part D drugs for full-benefit dual eligible individuals (as computed under paragraph (3)); and

(II) a proportion equal to 100 percent minus the Federal medical assistance percentage (as defined in section 1396d(b) of this title) applicable to the State for the fiscal year in which the month occurs; and

(ii) increased for each year (beginning with 2004 up to and including the year involved) by the applicable growth factor specified in paragraph (4) for that year.

(B) Notice

The Secretary shall notify each State described in paragraph (1) not later than October 15 before the beginning of each year (beginning with 2006) of the amount computed under subparagraph (A) for the State for that year.

(3) Base year state medicaid per capita expenditures for covered part D drugs for full-benefit dual eligible individuals

(A) In general

(i) the gross per capita medicaid expenditures for prescription drugs for 2003, determined under subparagraph (B); and

(ii) the estimated actuarial value of prescription drug benefits provided under a capitated managed care plan per full-benefit dual eligible individual for 2003, as determined using such data as the Secretary determines appropriate.

(B) Gross per capita medicaid expenditures for prescription drugs

The gross per capita medicaid expenditures for prescription drugs for 2003 under

[1] See References in Text note below.

this subparagraph is equal to the expenditures, including dispensing fees, for the State under this subchapter during 2003 for covered outpatient drugs, determined per full-benefit-dual-eligible-individual for such individuals not receiving medical assistance for such drugs through a medicaid managed care plan.

(ii) Determination

In determining the amount under clause (i), the Secretary shall—

(I) use data from the Medicaid Statistical Information System (MSIS) and other available data;

(II) exclude expenditures attributable to covered outpatient prescription drugs that are not covered part D drugs (as defined in section 1395w–102(e) of this title, including drugs described in subparagraph (K) of section 1396r–8(d)(2) of this title); and

(III) reduce such expenditures by the product of such portion and the adjustment factor (described in clause (iii)).

(iii) Adjustment factor

The adjustment factor described in this clause for a State is equal to the ratio for the State for 2003 of—

(I) aggregate payments under agreements under section 1396r–8 of this title; to

(II) the gross expenditures under this subchapter for covered outpatient drugs referred to in clause (i).

Such factor shall be determined based on information reported by the State in the medicaid financial management reports (form CMS–64) for the 4 quarters of calendar year 2003 and such other data as the Secretary may require.

(C) Weighted average

The weighted average under subparagraph (A) shall be determined taking into account—

(i) with respect to subparagraph (A)(i), the average number of full-benefit dual eligible individuals in 2003 who are not described in clause (ii); and

(ii) with respect to subparagraph (A)(ii), the average number of full-benefit dual eligible individuals in such year who received in 2003 medical assistance for covered outpatient drugs through a medicaid managed care plan.

(4) Applicable growth factor

The applicable growth factor under this paragraph for—

(A) each of 2004, 2005, and 2006, is the average annual percent change (to that year from the previous year) of the per capita amount of prescription drug expenditures (as determined based on the most recent National Health Expenditure projections for the years involved); and

(B) a succeeding year, is the annual percentage increase specified in section 1395w–102(b)(6) of this title for the year.

(5) Factor

The factor under this paragraph for a month—

(A) in 2006 is 90 percent;
(B) in 2007 is 88⅓ percent;

(D) in 2009 is 85 percent;
(E) in 2010 is 83⅓ percent;
(F) in 2011 is 81⅔ percent;
(G) in 2012 is 80 percent;
(H) in 2013 is 78⅓ percent;
(I) in 2014 is 76⅔ percent; or
(J) after December 2014, is 75 percent.

(6) Full-benefit dual eligible individual defined

(A) In general

For purposes of this section, the term ''full-benefit dual eligible individual'' means for a State for a month an individual who—

(i) has coverage for the month for covered part D drugs under a prescription drug plan under part D of subchapter XVIII of this chapter, or under an MA–PD plan under part C of such subchapter; and

(ii) is determined eligible by the State for medical assistance for full benefits under this subchapter for such month under section 1396a(a)(10)(A) or 1396a(a)(10)(C) of this title, by reason of section 1396a(f) of this title, or under any other category of eligibility for medical assistance for full benefits under this subchapter, as determined by the Secretary.

(B) Treatment of medically needy and other individuals required to spend down

In applying subparagraph (A) in the case of an individual determined to be eligible by the State for medical assistance under section 1396a(a)(10)(C) of this title or by reason of section 1396a(f) of this title, the individual shall be treated as meeting the requirement of subparagraph (A)(ii) for any month if such medical assistance is provided for in any part of the month.

(d) Coordination of prescription drug benefits

(1) Medicare as primary payor

In the case of a part D eligible individual (as defined in section 1395w–101(a)(3)(A) of this title) who is described in subsection (c)(6)(A)(ii) of this section, notwithstanding any other provision of this subchapter, medical assistance is not available under this subchapter for such drugs (or for any cost-sharing respecting such drugs), and the rules under this subchapter relating to the provision of medical assistance for such drugs shall not apply. The provision of benefits with respect to such drugs shall not be considered as the provision of care or services under the plan under this subchapter. No payment may be made under section 1396b(a) of this title for prescribed drugs for which medical assistance is not available pursuant to this paragraph.

(2) Coverage of certain excludable drugs

In the case of medical assistance under this subchapter with respect to a covered outpatient drug (other than a covered part D drug) furnished to an individual who is enrolled in a prescription drug plan under part D of subchapter XVIII of this chapter or an MA–PD plan under part C of such subchapter, the State may elect to provide such medical

assistance in the manner otherwise provided in the case of individuals who are not full-benefit dual eligible individuals or through an arrangement with such plan.

(e) Treatment of territories

(1) In general

In the case of a State, other than the 50 States and the District of Columbia—

(A) the previous provisions of this section shall not apply to residents of such State; and

(B) if the State establishes and submits to the Secretary a plan described in paragraph (2) (for providing medical assistance with respect to the provision of prescription drugs to part D eligible individuals), the amount otherwise determined under section 1308(f) of this title (as increased under section 1308(g) of this title) for the State shall be increased by the amount for the fiscal period specified in paragraph (3).

(2) Plan

The Secretary shall determine that a plan is described in this paragraph if the plan—

(A) provides medical assistance with respect to the provision of covered part D drugs (as defined in section 1395w–102(e) of this title) to low-income part D eligible individuals;

(B) provides assurances that additional amounts received by the State that are attributable to the operation of this subsection shall be used only for such assistance and related administrative expenses and that no more than 10 percent of the amount specified in paragraph (3)(A) for the State for any fiscal period shall be used for such administrative expenses; and

(C) meets such other criteria as the Secretary may establish.

(3) Increased amount

(A) In general

The amount specified in this paragraph for a State for a year is equal to the product of—

(i) the aggregate amount specified in subparagraph (B); and

(ii) the ratio (as estimated by the Secretary) of—

(I) the number of individuals who are entitled to benefits under part A [2] or enrolled under part B [2] and who reside in the State (as determined by the Secretary based on the most recent available data before the beginning of the year); to

(II) the sum of such numbers for all States that submit a plan described in paragraph (2).

(B) Aggregate amount

The aggregate amount specified in this subparagraph for—

(i) the last 3 quarters of fiscal year 2006, is equal to $28,125,000;

(ii) fiscal year 2007, is equal to $37,500,000; or

(iii) a subsequent year, is equal to the aggregate amount specified in this subparagraph for the previous year increased by annual percentage increase specified in section 1395w–102(b)(6) of this title for the year involved.

(4) Report

The Secretary shall submit to Congress a report on the application of this subsection and may include in the report such recommendations as the Secretary deems appropriate.

(2) providing benefits under the State's medicaid plan under subchapter XIX of this chapter,

or a combination of both.

(b) State child health plan required

A State is not eligible for payment under section 1397ee of this title unless the State has submitted to the Secretary under section 1397ff of this title a plan that—

(1) sets forth how the State intends to use the funds provided under this subchapter to provide child health assistance to needy children consistent with the provisions of this subchapter, and

(2) has been approved under section 1397ff of this title.

(c) State entitlement

This subchapter constitutes budget authority in advance of appropriations Acts and represents the obligation of the Federal Government to provide for the payment to States of amounts provided under section 1397dd of this title.

§ 1397bb. General contents of State child health plan; eligibility; outreach

(a) General background and description

A State child health plan shall include a description, consistent with the requirements of this subchapter, of—

(1) the extent to which, and manner in which, children in the State, including targeted low-income children and other classes of children classified by income and other relevant factors, currently have creditable health coverage (as defined in section 1397jj(c)(2) of this title);

(2) current State efforts to provide or obtain creditable health coverage for uncovered children, including the steps the State is taking to identify and enroll all uncovered children who are eligible to participate in public health insurance programs and health insurance programs that involve public-private partnerships;

(3) how the plan is designed to be coordinated with such efforts to increase coverage of children under creditable health coverage;

(4) the child health assistance provided under the plan for targeted low-income children, including the proposed methods of delivery, and utilization control systems;

(5) eligibility standards consistent with subsection (b) of this section;

(6) outreach activities consistent with subsection (c) of this section; and

(7) methods (including monitoring) used—

(A) to assure the quality and appropriateness of care, particularly with respect to well-baby care, well-child care, and immunizations provided under the plan, and

(B) to assure access to covered services, including emergency services.

(b) General description of eligibility standards and methodology

(1) Eligibility standards

(A) In general

The plan shall include a description of the standards used to determine the eligibility of targeted low-income children for child health assistance under the plan. Such standards may include (to the extent consistent with this subchapter) those relating to the geographic areas to be served by the plan, age, income and resources (including any standards relating to spenddowns and disposition of resources), residency, disability status (so long as any standard relating to such status does not restrict eligibility), access to or coverage under other health coverage, and duration of eligibility. Such standards may not discriminate on the basis of diagnosis.

(B) Limitations on eligibility standards

Such eligibility standards—

(i) shall, within any defined group of covered targeted low-income children, not cover such children with higher family income without covering children with a lower family income, and

(ii) may not deny eligibility based on a child having a preexisting medical condition.

(2) Methodology

The plan shall include a description of methods of establishing and continuing eligibility and enrollment.

(3) Eligibility screening; coordination with other health coverage programs

The plan shall include a description of procedures to be used to ensure—

(A) through both intake and followup screening, that only targeted low-income children are furnished child health assistance under the State child health plan;

(B) that children found through the screening to be eligible for medical assistance under the State medicaid plan under subchapter XIX of this chapter are enrolled for such assistance under such plan;

(C) that the insurance provided under the State child health plan does not substitute for coverage under group health plans;

(D) the provision of child health assistance to targeted low-income children in the State who are Indians (as defined in section 1603(c) of title 25); and

(E) coordination with other public and private programs providing creditable coverage for low-income children.

A State child health plan shall include a description of the procedures to be used by the State to accomplish the following:

(1) Outreach

Outreach to families of children likely to be eligible for child health assistance under the plan or under other public or private health coverage programs to inform these families of the availability of, and to assist them in enrolling their children in, such a program.

(2) Coordination with other health insurance programs

Coordination of the administration of the State program under this subchapter with other public and private health insurance programs.

The child health assistance provided to a targeted low-income child under the plan in the

form described in paragraph (1) of section 1397aa(a) of this title shall consist, consistent with subsection (c)(5) of this section, of any of the following:

(1) Benchmark coverage

Health benefits coverage that is equivalent to the benefits coverage in a benchmark benefit package described in subsection (b) of this section.

(2) Benchmark-equivalent coverage

Health benefits coverage that meets the following requirements:

(A) Inclusion of basic services

The coverage includes benefits for items and services within each of the categories of basic services described in subsection (c)(1) of this section.

(B) Aggregate actuarial value equivalent to benchmark package

The coverage has an aggregate actuarial value that is at least actuarially equivalent to one of the benchmark benefit packages.

(C) Substantial actuarial value for additional services included in benchmark package

With respect to each of the categories of additional services described in subsection (c)(2) of this section for which coverage is provided under the benchmark benefit package used under subparagraph (B), the coverage has an actuarial value that is equal to at least 75 percent of the actuarial value of the coverage of that category of services in such package.

(3) Existing comprehensive State-based coverage

Health benefits coverage under an existing comprehensive State-based program, described in subsection (d)(1) of this section.

(4) Secretary-approved coverage

Any other health benefits coverage that the Secretary determines, upon application by a State, provides appropriate coverage for the population of targeted low-income children proposed to be provided such coverage.

(b) Benchmark benefit packages

The benchmark benefit packages are as follows:

(1) FEHBP-equivalent children's health insurance coverage

The standard Blue Cross/Blue Shield preferred provider option service benefit plan, described in and offered under section 8903(1) of title 5.

(2) State employee coverage

A health benefits coverage plan that is offered and generally available to State employees in the State involved.

(B) has the largest insured commercial, non-medicaid enrollment of covered lives of such coverage plans offered by such a health maintenance organization in the State involved.

(c) Categories of services; determination of actuarial value of coverage

(1) Categories of basic services

For purposes of this section, the categories of basic services described in this paragraph are as follows:

(4) Determination of actuarial value

The actuarial value of coverage of benchmark benefit packages, coverage offered under the State child health plan, and coverage of any categories of additional services under benchmark benefit packages and under coverage offered by such a plan, shall be set forth in an actuarial opinion in an actuarial report that has been prepared—

(A) by an individual who is a member of the American Academy of Actuaries;

(B) using generally accepted actuarial principles and methodologies;

(C) using a standardized set of utilization and price factors;

(D) using a standardized population that is representative of privately insured children of the age of children who are expected to be covered under the State child health plan;

(E) applying the same principles and factors in comparing the value of different coverage (or categories of services);

(F) without taking into account any differences in coverage based on the method of delivery or means of cost control or utilization used; and

(G) taking into account the ability of a State to reduce benefits by taking into account the increase in actuarial value of benefits coverage offered under the State child health plan that results from the limitations on cost sharing under such coverage.

The actuary preparing the opinion shall select and specify in the memorandum the standardized set and population to be used under subparagraphs (C) and (D).

(5) Construction on prohibited coverage

Nothing in this section shall be construed as requiring any health benefits coverage offered

under the plan to provide coverage for items or services for which payment is prohibited under this subchapter, notwithstanding that any benchmark benefit package includes coverage for such an item or service.

(d) Description of existing comprehensive State-based coverage

(1) In general

A program described in this paragraph is a child health coverage program that—

(A) includes coverage of a range of benefits;

(C) is offered in New York, Florida, or Pennsylvania; and

(D) was offered as of August 5, 1997.

(2) Modifications

A State may modify a program described in paragraph (1) from time to time so long as it continues to meet the requirement of subparagraph (A) and does not reduce the actuarial value of the coverage under the program below the lower of—

(A) the actuarial value of the coverage under the program as of August 5, 1997, or

(B) the actuarial value described in subsection (a)(2)(B) of this section,

evaluated as of the time of the modification.

(e) Cost-sharing

(1) Description; general conditions

(A) Description

A State child health plan shall include a description, consistent with this subsection, of the amount (if any) of premiums, deductibles, coinsurance, and other cost sharing imposed. Any such charges shall be imposed pursuant to a public schedule.

(B) Protection for lower income children

The State child health plan may only vary premiums, deductibles, coinsurance, and other cost sharing based on the family income of targeted low-income children in a manner that does not favor children from families with higher income over children from families with lower income.

(2) No cost sharing on benefits for preventive services

The State child health plan may not impose deductibles, coinsurance, or other cost sharing with respect to benefits for services within the category of services described in subsection (c)(1)(D) of this section.

(3) Limitations on premiums and cost-sharing

(A) Children in families with income below 150 percent of poverty line

In the case of a targeted low-income child whose family income is at or below 150 percent of the poverty line, the State child health plan may not impose—

(i) an enrollment fee, premium, or similar charge that exceeds the maximum monthly charge permitted consistent with standards established to carry out section 1396*o*(b)(1) of this title (with respect to individuals described in such section); and

(ii) a deductible, cost sharing, or similar charge that exceeds an amount that is nominal (as determined consistent with regulations referred to in section 1396*o*(a)(3) of this title, with such appropriate adjustment for inflation or other reasons as the Secretary determines to be reasonable).

(B) Other children

For children not described in subparagraph (A), subject to paragraphs (1)(B) and (2), any premiums, deductibles, cost sharing or similar charges imposed under the State child health plan may be imposed on a sliding scale related to income, except that the total annual aggregate cost-sharing with respect to all targeted low-income children in a family under this subchapter may not exceed 5 percent of such family's income for the year involved.

(4) Relation to medicaid requirements

Nothing in this subsection shall be construed as affecting the rules relating to the use of enrollment fees, premiums, deductions, cost sharing, and similar charges in the case of targeted low-income children who are provided child health assistance in the form of coverage under a medicaid program under section 1397aa(a)(2) of this title.

(f) Application of certain requirements

(1) Restriction on application of preexisting condition exclusions

(A) In general

Subject to subparagraph (B), the State child health plan shall not permit the imposition of any preexisting condition exclusion for covered benefits under the plan.

(B) Group health plans and group health insurance coverage

If the State child health plan provides for benefits through payment for, or a contract with, a group health plan or group health insurance coverage, the plan may permit the imposition of a preexisting condition exclusion but only insofar as it is permitted under the applicable provisions of part 7 of subtitle B of title I of the Employee Retirement Income Security Act of 1974 [29 U.S.C. 1181 et seq.] and title XXVII of the Public Health Service Act [42 U.S.C. 300gg et seq.].

(A) the product of (i) the number of children described in paragraph (2) for the State for the fiscal year and (ii) the State cost factor for that State (established under paragraph (3)); to

(B) the sum of the products computed under subparagraph (A).

(2) Number of children

(A) In general

(B) Reconciliation

(i) Elimination of any deficit by establishing a percentage increase ceiling for States with highest annual percentage increases

To the extent that the application of subparagraph (A) would result in the sum of the proportions of the allotments for all subsection (b) States exceeding 1.0, the Secretary shall establish a maximum percentage increase in such proportions for all subsection (b) States for the fiscal year in a manner so that such sum equals 1.0.

(ii) Allocation of surplus through pro rata increase

To the extent that the application of subparagraph (A) would result in the sum of the proportions of the allotments for all subsection (b) States being less than 1.0, the proportions of such allotments (as computed before the application of floors under clauses (i), (ii), and (iii) of subparagraph (A)) for all subsection (b) States shall be increased in a pro rata manner (but not to exceed the ceiling established under subparagraph (A)(iv)) so that (after the application of such floors and ceiling) such sum equals 1.0.

(a) Payments

(1) In general

Subject to the succeeding provisions of this section, the Secretary shall pay to each State with a plan approved under this subchapter, from its allotment under section 1397dd of this title, an amount for each quarter equal to the enhanced FMAP (or, in the case of expenditures described in subparagraph (B), the Federal medical assistance percentage (as defined

in the first sentence of section 1396d(b) of this title)) of expenditures in the quarter—

(A) for child health assistance under the plan for targeted low-income children in the form of providing medical assistance for which payment is made on the basis of an enhanced FMAP under the fourth sentence of section 1396d(b) of this title;

(B) for the provision of medical assistance on behalf of a child during a presumptive eligibility period under section 1396r–1a of this title;

(C) for child health assistance under the plan for targeted low-income children in the form of providing health benefits coverage that meets the requirements of section 1397cc of this title; and

(D) only to the extent permitted consistent with subsection (c) of this section—

(i) for payment for other child health assistance for targeted low-income children;

(ii) for expenditures for health services initiatives under the plan for improving the health of children (including targeted low-income children and other low-income children);

(iii) for expenditures for outreach activities as provided in section 1397bb(c)(1) of this title under the plan; and

(iv) for other reasonable costs incurred by the State to administer the plan.

(2) Order of payments

Payments under paragraph (1) from a State's allotment shall be made in the following order:

(A) First, for expenditures for items described in paragraph (1)(A).

(B) Second, for expenditures for items described in paragraph (1)(B).

(C) Third, for expenditures for items described in paragraph (1)(C).

(D) Fourth, for expenditures for items described in paragraph (1)(D).

(b) Enhanced FMAP

For purposes of subsection (a) of this section, the ''enhanced FMAP'', for a State for a fiscal year, is equal to the Federal medical assistance percentage (as defined in the first sentence of section 1396d(b) of this title) for the State increased by a number of percentage points equal to 30 percent of the number of percentage points by which (1) such Federal medical assistance percentage for the State, is less than (2) 100 percent; but in no case shall the enhanced FMAP for a State exceed 85 percent.

(c) Limitation on certain payments for certain expenditures

(1) General limitations

Funds provided to a State under this subchapter shall only be used to carry out the purposes of this subchapter (as described in section 1397aa of this title), and any health insurance coverage provided with such funds may include coverage of abortion only if necessary to save the life of the mother or if the pregnancy is the result of an act of rape or incest.

(2) Limitation on expenditures not used for medicaid or health insurance assistance

(A) In general

Except as provided in this paragraph, the amount of payment that may be made under subsection (a) of this section for a fiscal year for expenditures for items described in paragraph (1)(D) of such subsection shall not exceed 10 percent of the total amount of expenditures for which payment is made under subparagraphs (A), (C), and (D) of paragraph (1) of such subsection.

(B) Waiver authorized for cost-effective alternative

The limitation under subparagraph (A) on expenditures for items described in subsection (a)(1)(D) of this section shall not apply to the extent that a State establishes to the satisfaction of the Secretary that—

(i) coverage provided to targeted low-income children through such expenditures meets the requirements of section 1397cc of this title;

(ii) the cost of such coverage is not greater, on an average per child basis, than the cost of coverage that would otherwise be provided under section 1397cc of this title; and

(iii) such coverage is provided through the use of a community-based health delivery system, such as through contracts with health centers receiving funds under section 254b of this title or with hospitals such as those that receive disproportionate share payment adjustments under section 1395ww(d)(5)(F) or 1396r–4 of this title.

(3) Waiver for purchase of family coverage

Payment may be made to a State under subsection (a)(1) of this section for the purchase of family coverage under a group health plan or health insurance coverage that includes coverage of targeted low-income children only if the State establishes to the satisfaction of the Secretary that—

(A) purchase of such coverage is cost-effective relative to the amounts that the State would have paid to obtain comparable coverage only of the targeted low-income children involved, and

(B) such coverage shall not be provided if it would otherwise substitute for health insurance coverage that would be provided to such children but for the purchase of family coverage.

(4) Use of non-Federal funds for State matching requirement

Amounts provided by the Federal Government, or services assisted or subsidized to any significant extent by the Federal Government, may not be included in determining the amount of non-Federal contributions required under subsection (a) of this section.

(5) Offset of receipts attributable to premiums and other cost-sharing

For purposes of subsection (a) of this section, the amount of the expenditures under the plan shall be reduced by the amount of any premiums and other cost-sharing received by the State.

(6) Prevention of duplicative payments

(A) Other health plans

No payment shall be made to a State under this section for expenditures for child health assistance provided for a targeted low-income child under its plan to the extent that a private insurer (as defined by the Secretary by regulation and including a group health plan (as defined in section 1167(1) of title 29), a service benefit plan, and a health maintenance organization) would have been obligated to provide such assistance but for a provision of its insurance contract which has the effect of limiting or excluding such obligation because the individual is eligible for or is provided child health assistance under the plan.

(B) Other Federal governmental programs

Except as provided in subparagraph (A) or (B) of subsection (a)(1) of this section or any other provision of law, no payment shall be made to a State under this section for expenditures for child health assistance provided for a targeted low-income child under its plan to the extent that payment has been made or can reasonably be expected to be made promptly (as determined in accordance with regulations) under any other federally operated or financed health care insurance program, other than an insurance program operated or financed by the Indian Health Service, as identified by the Secretary. For purposes of this paragraph, rules similar to the rules for overpayments under section 1396b(d)(2) of this title shall apply.

(7) Limitation on payment for abortions

(A) In general

Payment shall not be made to a State under this section for any amount expended under the State plan to pay for any abortion or to assist in the purchase, in whole or in part, of health benefit coverage that includes coverage of abortion.

(B) Exception

Subparagraph (A) shall not apply to an abortion only if necessary to save the life of the mother or if the pregnancy is the result of an act of rape or incest.

(C) Rule of construction

Nothing in this section shall be construed as affecting the expenditure by a State, locality, or private person or entity of State, local, or private funds (other than funds expended under the State plan) for any abortion or for health benefits coverage that includes coverage of abortion.

(d) Maintenance of effort

(1) In medicaid eligibility standards

No payment may be made under subsection (a) of this section with respect to child health assistance provided under a State child health plan if the State adopts income and resource standards and methodologies for purposes of determining a child's eligibility for medical assistance under the State plan under subchapter XIX of this chapter that are more restrictive than those applied as of June 1, 1997.

(2) In amounts of payment expended for certain State-funded health insurance programs for children

(A) In general

The amount of the allotment for a State in a fiscal year (beginning with fiscal year 1999) shall be reduced by the amount by which—

(i) the total of the State children's health insurance expenditures in the preceding fiscal year, is less than

(ii) the total of such expenditures in fiscal year 1996.

(B) State children's health insurance expenditures

The term ''State children's health insurance expenditures'' means the following:

(i) The State share of expenditures under this subchapter.

(ii) The State share of expenditures under subchapter XIX of this chapter that are attributable to an enhanced FMAP under the fourth sentence of section 1396d(b) of this title.

(iii) State expenditures under health benefits coverage under an existing comprehensive State-based program, described in section 1397cc(d) of this title.

(e) Advance payment; retrospective adjustment

The Secretary may make payments under this section for each quarter on the basis of advance estimates of expenditures submitted by the State and such other investigation as the Secretary may find necessary, and may reduce or increase the payments as necessary to adjust for any overpayment or underpayment for prior quarters.

(f) Flexibility in submittal of claims

Nothing in this section or subsections (e) and (f) of section 1397dd of this title shall be construed as preventing a State from claiming as expenditures in the quarter expenditures that were incurred in a previous quarter.

(g) Authority for qualifying States to use certain funds for medicaid expenditures

(1) State option

(A) In general

Notwithstanding any other provision of law, a qualifying State (as defined in paragraph (2)) may elect to use not more than 20 percent of any allotment under section 1397dd of this title for fiscal year 1998, 1999, 2000, or 2001 (insofar as it is available under subsections (e) and (g) of such section) for payments under subchapter XIX of this chapter in accordance with subparagraph (B), instead of for expenditures under this subchapter.

(i) In general

In the case of a qualifying State that has elected the option described in subparagraph (A), subject to the availability of funds under such subparagraph with respect to the State, the Secretary shall pay the State an amount each quarter equal to the additional amount that would have

been paid to the State under subchapter XIX of this chapter with respect to expenditures described in clause (ii) if the enhanced FMAP (as determined under subsection (b) of this section) had been substituted for the Federal medical assistance percentage (as defined in section 1396d(b) of this title).

(ii) Expenditures described

For purposes of this subparagraph, the expenditures described in this clause are expenditures, made after August 15, 2003, and during the period in which funds are available to the qualifying State for use under subparagraph (A), for medical assistance under subchapter XIX of this chapter to individuals who have not attained age 19 and whose family income exceeds 150 percent of the poverty line.

(iii) No impact on determination of budget neutrality for waivers

In the case of a qualifying State that uses amounts paid under this subsection for expenditures described in clause (ii) that are incurred under a waiver approved for the State, any budget neutrality determinations with respect to such waiver shall be determined without regard to such amounts paid.

(2) Qualifying State

In this subsection, the term ''qualifying State'' means a State that, on and after April 15, 1997, has an income eligibility standard that is at least 184 percent of the poverty line with respect to any 1 or more categories of children (other than infants) who are eligible for medical assistance under section 1396a(a)(10)(A) of this title or, in the case of a State that has a statewide waiver in effect under section 1315 of this title with respect to subchapter XIX of this chapter that was first implemented on August 1, 1994, or July 1, 1995, has an income eligibility standard under such waiver for children that is at least 185 percent of the poverty line, or, in the case of a State that has a statewide waiver in effect under section 1315 of this title with respect to subchapter XIX of this chapter that was first implemented on January 1, 1994, has an income eligibility standard under such waiver for children who lack health insurance that is at least 185 percent of the poverty line, or, in the case of a State that had a statewide waiver in effect under section 1315 of this title with respect to subchapter XIX of this chapter that was first implemented on October 1, 1993, had an income eligibility standard under such waiver for children that was at least 185 percent of the poverty line and on and after July 1, 1998, has an income eligibility standard for children under section 1396a(a)(10)(A) of this title or a statewide waiver in effect under section 1315 of this title with respect to subchapter XIX of this chapter that is at least 185 percent of the poverty line.

(1) If, following completion of the applicable hearing process, financial assistance for any individual receiving such assistance on February 5, 1988, is to be terminated, the public housing agency or other local governmental entity involved (in the case of public housing or assistance under section 8 of the United States Housing Act of 1937 [42 U.S.C. 1437f]) or the applicable Secretary (in the case of any other financial assistance) shall take one of the following actions:

(3) If the documentation described in paragraph (2)(A) is presented, the applicable Secretary shall utilize the individual's alien file or alien admission number to verify with the Immigration and Naturalization Service the individual's immigration status through an automated or other system (designated by the Service for use with States) that—

Pub. L. 105–276, title V, §502, Oct. 21, 1998, 112 Stat. 2520, provided that:

''(a) FINDINGS.—Congress finds that—

''(1) there exists throughout the Nation a need for decent, safe, and affordable housing;

''(2) the inventory of public housing units owned, assisted, or operated by public housing agencies, an asset in which the Federal Government has invested over $90,000,000,000, has traditionally provided rental housing that is affordable to low-income persons;

''(3) despite serving this critical function, the public housing system is plagued by a series of problems, including the concentration of very poor people in

very poor neighborhoods and disincentives for economic self-sufficiency;

''(4) the Federal method of overseeing every aspect of public housing by detailed and complex statutes and regulations has aggravated the problem and has placed excessive administrative burdens on public housing agencies; and

''(5) the interests of low-income persons, and the public interest, will best be served by a reformed public housing program that—

''(A) consolidates many public housing programs into programs for the operation and capital needs of public housing;

''(B) streamlines program requirements;

''(C) vests in public housing agencies that perform well the maximum feasible authority, discretion, and control with appropriate accountability to public housing residents, localities, and the general public; and

''(D) rewards employment and economic self-sufficiency of public housing residents.

''(b) PURPOSES.—The purpose of this title [see Tables for classification] is to promote homes that are affordable to low-income families in safe and healthy environments, and thereby contribute to the supply of affordable housing, by—

''(1) deregulating and decontrolling public housing agencies, thereby enabling them to perform as property and asset managers;

''(2) providing for more flexible use of Federal assistance to public housing agencies, allowing the authorities to leverage and combine assistance amounts with amounts obtained from other sources;

''(3) facilitating mixed income communities and decreasing concentrations of poverty in public housing;

''(4) increasing accountability and rewarding effective management of public housing agencies;

''(5) creating incentives and economic opportunities for residents of dwelling units assisted by public housing agencies to work, become self-sufficient, and transition out of public housing and federally assisted dwelling units;

''(6) consolidating the voucher and certificate programs for rental assistance under section 8 of the United States Housing Act of 1937 [42 U.S.C. 1437f] into a single market-driven program that will assist in making tenant-based rental assistance under such section more successful at helping low-income families obtain affordable housing and will increase housing choice for low-income families; and

''(7) remedying the problems of troubled public housing agencies and replacing or revitalizing severely distressed public housing projects.''

''(A) the demographics of public housing residents and families receiving tenant-based assistance under the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.]; and

§ 1437a. Rental payments

(a) Families included; rent options; minimum amount; occupancy by police officers and over-income families

(1) Dwelling units assisted under this chapter shall be rented only to families who are low-income families at the time of their initial occupancy of such units. Reviews of family income shall be made at least annually. Except as provided in paragraph (2) and subject to the requirement under paragraph (3), a family shall pay as rent for a dwelling unit assisted under this chapter (other than a family assisted under section 1437f(*o*) or (y) of this title or paying rent under section 1437f(c)(3)(B)[1] of this title) the highest of the following amounts, rounded to the nearest dollar:

(A) 30 per centum of the family's monthly adjusted income;

(B) 10 per centum of the family's monthly income; or

(C) if the family is receiving payments for welfare assistance from a public agency and a part of such payments, adjusted in accordance with the family's actual housing costs, is specifically designated by such agency to meet the family's housing costs, the portion of such payments which is so designated.

(2) RENTAL PAYMENTS FOR PUBLIC HOUSING FAMILIES.—

(A) AUTHORITY FOR FAMILY TO SELECT.—

(i) IN GENERAL.—A family residing in a public housing dwelling shall pay as monthly rent for the unit the amount determined under clause (i) or (ii) of subparagraph (B), subject to the requirement under paragraph (3) (relating to minimum rents). Each public housing agency shall provide for each family residing in a public housing dwelling unit owned, assisted, or operated by the agency to elect annually whether the rent paid by such family shall be determined under clause (i) or (ii) of subparagraph (B). A public housing agency may not at any time fail to provide both such rent options for any public housing dwelling unit owned, assisted, or operated by the agency.

(ii) AUTHORITY TO RETAIN FLAT AND CEILING RENTS.—Notwithstanding clause (i) or any other provision of law, any public housing agency that is administering flat rents or ceiling rents pursuant to any authority referred to in section 519(d) of the Quality Housing and Work Responsibility Act of 1998 before the effective day of such Act may continue to charge rent in accordance with such rent provisions after such effective date, except that the agency shall provide for families residing in public housing dwelling units owned or operated by the agency to elect annually whether to pay rent under such provisions or in accordance with one of the rent options referred to in subparagraph (A).

(B) ALLOWABLE RENT STRUCTURES.—

(i) FLAT RENTS.—Except as otherwise provided under this clause, each public housing agency shall establish, for each dwelling unit in public housing owned or operated by the agency, a flat rental amount for the dwelling unit, which shall—

(I) be based on the rental value of the unit, as determined by the public housing agency; and

(II) be designed in accordance with subparagraph (D) so that the rent structures do not create a disincentive for continued residency in public housing by families who are attempting to become economically self-sufficient through employment or who have attained a level of self-sufficiency through their own efforts.

[1] See References in Text note below.

The rental amount for a dwelling unit shall be considered to comply with the requirements of this clause if such amount does not exceed the actual monthly costs to the public housing agency attributable to providing and operating the dwelling unit. The preceding sentence may not be construed to require establishment of rental amounts equal to or based on operating costs or to prevent public housing agencies from developing flat rents required under this clause in any other manner that may comply with this clause.

(ii) INCOME-BASED RENTS.—

(I) IN GENERAL.—The monthly rental amount determined under this clause for a family shall be an amount, determined by the public housing agency, that does not exceed the greatest of the amounts (rounded to the nearest dollar) determined under subparagraphs (A), (B), and (C) of paragraph (1). This clause may not be construed to require a public housing agency to charge a monthly rent in the maximum amount permitted under this clause.

(II) DISCRETION.—Subject to the limitation on monthly rental amount under subclause (I), a public housing agency may, in its discretion, implement a rent structure under this clause requiring that a portion of the rent be deposited to an escrow or savings account, imposing ceiling rents, or adopting income exclusions (such as those set forth in subsection (b)(5)(B) of this section), or may establish another reasonable rent structure or amount.

(C) SWITCHING RENT DETERMINATION METHODS BECAUSE OF HARDSHIP CIRCUMSTANCES.—Notwithstanding subparagraph (A), in the case of a family that has elected to pay rent in the amount determined under subparagraph (B)(i), a public housing agency shall immediately provide for the family to pay rent in the amount determined under subparagraph (B)(ii) during the period for which such election was made upon a determination that the family is unable to pay the amount determined under subparagraph (B)(i) because of financial hardship, including—

(i) situations in which the income of the family has decreased because of changed circumstances, loss of[2] reduction of employment, death in the family, and reduction in or loss of income or other assistance;

(ii) an increase, because of changed circumstances, in the family's expenses for medical costs, child care, transportation, education, or similar items; and

(iii) such other situations as may be determined by the agency.

(D) ENCOURAGEMENT OF SELF-SUFFICIENCY.—The rental policy developed by each public housing agency shall encourage and reward employment and economic self-sufficiency.

(E) INCOME REVIEWS.—Notwithstanding the second sentence of paragraph (1), in the case of families that are paying rent in the amount determined under subparagraph (B)(i), the agency shall review the income of such family not less than once every 3 years.

[2] So in original. Probably should be ''or''.

(3) MINIMUM RENTAL AMOUNT.—

(A) REQUIREMENT.—Notwithstanding paragraph (1) of this subsection, the method for rent determination elected pursuant to paragraph (2)(A) of this subsection by a family residing in public housing, section 1437f(*o*)(2) of this title, or section 206(d) of the Housing and Urban-Rural Recovery Act of 1983 (including paragraph (5) of such section), the following entities shall require the following families to pay a minimum monthly rental amount (which amount shall include any amount allowed for utilities) of not more than $50 per month, as follows:

(i) Each public housing agency shall require the payment of such minimum monthly rental amount, which amount shall be determined by the agency, by—

(I) each family residing in a dwelling unit in public housing by the agency;

(II) each family who is assisted under the certificate or moderate rehabilitation program under section 1437f of this title; and

(III) each family who is assisted under the voucher program under section 1437f of this title, and the agency shall reduce the monthly assistance payment on behalf of such family as may be necessary to ensure payment of such minimum monthly rental amount.

(ii) The Secretary shall require each family who is assisted under any other program for rental assistance under section 1437f of this title to pay such minimum monthly rental amount, which amount shall be determined by the Secretary.

(B) EXCEPTION FOR HARDSHIP CIRCUMSTANCES.—

(i) IN GENERAL.—Notwithstanding subparagraph (A), a public housing agency (or the Secretary, in the case of a family described in subparagraph (A)(ii)) shall immediately grant an exemption from application of the minimum monthly rental under such subparagraph to any family unable to pay such amount because of financial hardship, which shall include situations in which (I) the family has lost eligibility for or is awaiting an eligibility determination for a Federal, State, or local assistance program, including a family that includes a member who is an alien lawfully admitted for permanent residence under the Immigration and Nationality Act [8 U.S.C. 1101 et seq.] who would be entitled to public benefits but for title IV of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996; (II) the family would be evicted as a result of the imposition of the minimum rent requirement under subparagraph (A); (III) the income of the family has decreased because of changed circumstance, including loss of employment; (IV) a death in the family has occurred; and (V) other situations as may be determined by the agency (or the Secretary, in the case of a family described in subparagraph (A)(ii)).

(ii) WAITING PERIOD.—If a resident requests a hardship exemption under this subparagraph and the public housing agency (or the

Secretary, in the case of a family described in subparagraph (A)(ii)) reasonably determines the hardship to be of a temporary nature, an exemption shall not be granted during the 90-day period beginning upon the making of a request for the exemption. A resident may not be evicted during such 90-day period for nonpayment of rent. In such a case, if the resident thereafter demonstrates that the financial hardship is of a long-term basis, the agency (or the Secretary) shall retroactively exempt the resident from the applicability of the minimum rent requirement for such 90-day period.

(4) OCCUPANCY BY POLICE OFFICERS.—

(A) IN GENERAL.—Subject to subparagraph (B) and notwithstanding any other provision of law, a public housing agency may, in accordance with the public housing agency plan for the agency, allow a police officer who is not otherwise eligible for residence in public housing to reside in a public housing dwelling unit. The number and location of units occupied by police officers under this paragraph and the terms and conditions of their tenancies shall be determined by the public housing agency.

(B) INCREASED SECURITY.—A public housing agency may take the actions authorized in subparagraph (A) only for the purpose of increasing security for the residents of a public housing project.

(C) DEFINITION.—In this paragraph, the term ''police officer'' means any person determined by a public housing agency to be, during the period of residence of that person in public housing, employed on a full-time basis as a duly licensed professional police officer by a Federal, State, or local government or by any agency thereof (including a public housing agency having an accredited police force).

(5) OCCUPANCY BY OVER-INCOME FAMILIES IN CERTAIN PUBLIC HOUSING.—

(A) AUTHORITY.—Notwithstanding any other provision of law, a public housing agency that owns or operates less than 250 units may, on a month-to-month basis, lease a dwelling unit in a public housing project to an over-income family in accordance with this paragraph, but only if there are no eligible families applying for housing assistance from the public housing agency for that month and the agency provides not less than 30-day public notice of the availability of such assistance.

(B) TERMS AND CONDITIONS.—The number and location of dwelling units of a public housing agency occupied under this paragraph by over-income families, and the terms and conditions of those tenancies, shall be determined by the public housing agency, except that—

(i) notwithstanding paragraph (2), rent for a unit shall be in an amount that is not less than the costs to operate the unit;

(ii) if an eligible family applies for residence after an over-income family moves in to the last available unit, the over-income family shall vacate the unit in accordance with notice of termination of tenancy provided by the agency, which shall be provided not less than 30 days before such termination; and

(iii) if a unit is vacant and there is no one on the waiting list, the public housing agency may allow an over-income family to gain immediate occupancy in the unit, while simultaneously providing reasonable public notice and outreach with regard to availability of the unit.

(C) DEFINITION.—For purposes of this paragraph, the term ''over-income family'' means an individual or family that is not a low-income family at the time of initial occupancy.

(2) The term ''low-income families'' means those families whose incomes do not exceed 80 per centum of the median income for the area, as determined by the Secretary with adjustments for smaller and larger families, except that the Secretary may establish income ceilings higher or lower than 80 per centum of the median for the area on the basis of the Secretary's findings that such variations are necessary because of prevailing levels of construction costs or unusually high or low family incomes. The term ''very low-income families'' means low-income families whose incomes do not exceed 50 per centum of the median family income for the area, as determined by the Secretary with adjustments for smaller and larger families, except that the Secretary may establish income ceilings higher or lower than 50 per centum of the median for the area on the basis of the Secretary's findings that such variations are necessary because of unusually high or low family incomes. Such ceilings shall be established in consultation with the Secretary of Agriculture for any rural area, as defined in section 1490 of this title, taking into account the subsidy characteristics and types of programs to which such ceilings apply. In determining median incomes (of persons, families, or households) for an area or establishing any ceilings or limits based on income under this chapter, the Secretary shall determine or establish area median incomes and income ceilings and limits for Westchester and Rockland Counties, in the State of New York, as if each such county were an area not contained within the metropolitan statistical area in which it is located. In determining such area median incomes or establishing such income ceilings or limits for the portion of such metropolitan statistical area that does not include Westchester or Rockland Counties, the Secretary shall determine or establish area median incomes and income ceil-

ings and limits as if such portion included Westchester and Rockland Counties. In determining areas that are designated as difficult development areas for purposes of the low-income housing tax credit, the Secretary shall include Westchester and Rockland Counties, New York, in the New York City metropolitan area.

(iii) has a developmental disability as defined in section 15002 of this title.

Such term shall not exclude persons who have the disease of acquired immunodeficiency syndrome or any conditions arising from the etiologic agent for acquired immunodeficiency syndrome. Upon the expiration of the 12-month period referred to in paragraph (1), the rent payable by a family described in paragraph (3) may be increased due to the continued employment of the family member described in paragraph (3)(B), except that during the 12-month period beginning upon such expiration the amount of the increase may not be greater than 50 percent of the amount of the total rent increase that would be applicable but for this paragraph.

''(A) Notwithstanding any other provision of this section or subsections (a) through (h) of section 322 of the Housing and Community Development Amendments of 1981, the Secretary of Housing and Urban Development (hereinafter referred to as the 'Secretary') may provide for delayed applicability, or for staged implementation, of the procedures for determining rents or contributions, as appropriate, required by such provisions if the Secretary determines that immediate application of such procedures would be impracticable, would violate the terms of existing leases, or would result in extraordinary hardship for any class of tenants.

''(B) The Secretary shall provide that the rent or contribution, as appropriate, required to be paid by a tenant shall not increase as a result of the amendments made by this section and subsections (a) through (h) of section 322 of the Housing and Community Development Amendments of 1981, and as a result of any other provision of Federal law or regulation, by more than 10 per centum during any twelve-month period, unless the increase above 10 per centum is attributable to increases in income which are unrelated to such amendments, law, or regulation.

''(2) Tenants of assisted housing other than those referred to in paragraph (1) shall be subject to immediate rent payment or contribution determinations in accordance with applicable law and without regard to the provisions of paragraph (1), but the Secretary shall provide that the rent or contribution payable by any such tenant who is occupying assisted housing on the effective date of any provision of Federal law or regulation shall not increase, as a result of any such provision of

Federal law or regulation, by more than 10 per centum during any twelve-month period, unless the increase above 10 per centum is attributable to increases in income which are unrelated to such law or regulation.

''(3) In the case of tenants receiving rental assistance under section 521(a)(1) of the Housing Act of 1949 [section 1490a(a)(1) of this title] on the effective date of this section [Nov. 30, 1983] whose assistance is converted to assistance under section 8 of the United States Housing Act of 1937 [section 1437f of this title] on or after such date, the Secretary shall provide that the rent or contribution payable by any such tenant shall not increase, as a result of such conversion, by more than 10 per centum during any twelve-month period, unless the increase above 10 per centum is attributable to increases in income which are unrelated to such conversion or to any provision of Federal law or regulation.

''(4)(A) Notwithstanding any other provision of law, in the case of the conversion of any assistance under section 101 of the Housing and Urban Development Act of 1965 [12 U.S.C. 1701s], section 236(f)(2) of the National Housing Act [12 U.S.C. 1715z–1(f)(2)], or section 23 of the United States Housing Act of 1937 [section 1421b of this title] (as in effect before the date of the enactment of the Housing and Community Development Act of 1974 [Aug. 22, 1974]) to assistance under section 8 of the United States Housing Act of 1937, any increase in rent payments or contributions resulting from such conversion, and from the amendments made by this section of any tenant benefiting from such assistance who is sixty-two years of age or older may not exceed 10 per centum per annum.

''(B) In the case of any such conversion of assistance occurring on or after October 1, 1981, and before the date of the enactment of this section [Nov. 30, 1983], the rental payments due after such date of enactment by any tenant benefiting from such assistance who was sixty-two years of age or older on the date of such conversion shall be computed as if the tenant's rental payment or contribution had, on the date of conversion, been the lesser of the actual rental payment or contribution required, or 25 per centum of the tenant's income.

''(5) The limitations on increases in rent contained in paragraphs (1)(B), (2), (3), and (4) shall remain in effect and may not be changed or superseded except by another provision of law which amends this subsection.

''(6) As used in this subsection, the term 'contribution' means an amount representing 30 per centum of a tenant's monthly adjusted income, 10 per centum of the tenant's monthly income, or the designated amount of welfare assistance, whichever amount is used to determine the monthly assistance payment for the tenant under section 3(a) of the United States Housing Act of 1937 [subsec. (a) of this section].

''(7) The provisions of subsections (a) through (h) of section 322 of the Housing and Community Development Amendments of 1981 shall be implemented and fully applicable to all affected tenants no later than five years following the date of enactment of such amendments [Aug. 13, 1981], except that the Secretary may extend the time for implementation if the Secretary determines that full implementation would result in extraordinary hardship for any class of tenants.''

Prior provisions for determining rent payable by tenants occupying assisted housing under and authorizing delayed application or staged implementation of provisions amended by section 322 of Pub. L. 97–35 were contained in Pub. L. 97–35, title III, § 322(i), Aug. 13, 1981, 95 Stat. 404, which was repealed by Pub. L. 98–181, title II, § 206(e), Nov. 30, 1983, 97 Stat. 1181.

(a) Authority of Secretary; interest rates; repayment date; use as security for obligations of public housing agency

The Secretary may make loans or commitments to make loans to public housing agencies to help finance or refinance the development, acquisition, or operation of low-income housing projects by such agencies. Any contract for such loans and any amendment to a contract for such loans shall provide that such loans shall bear interest at a rate specified by the Secretary which shall not be less than a rate determined by the Secretary of the Treasury taking into consideration the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the average maturities of such loans, plus one-eighth of 1 per centum. Such loans shall be secured in such manner and shall be repaid within such period not exceeding forty years, or not exceeding forty years from the date of the bonds evidencing the loan, as the Secretary may determine. (b) Issuance of obligations by Secretary; limitation on amounts; forms and denominations; terms and conditions; purchase, establishment of maturities and rates of interest, and sale by Secretary of the Treasury

The Secretary may issue and have outstanding at any one time notes and other obligations for purchase by the Secretary of the Treasury in an amount which will not, unless authorized by the President, exceed $1,500,000,000. For the purpose of determining obligations incurred to make

loans pursuant to this chapter against any limitation otherwise applicable with respect to such loans, the Secretary shall estimate the maximum amount to be loaned at any one time pursuant to loan agreements then outstanding with public housing agencies. Such notes or other obligations shall be in such forms and denominations and shall be subject to such terms and conditions as may be prescribed by the Secretary with the approval of the Secretary of the Treasury. The notes or other obligations issued under this subsection shall have such maturities and bear such rate or rates of interest as shall be determined by the Secretary of the Treasury. The Secretary of the Treasury is authorized and directed to purchase any notes or other obligations of the Secretary issued hereunder and for such purpose is authorized to use as a public debt transaction the proceeds from the sale of any securities issued under chapter 31 of title 31, and the purposes for which securities may be issued under such chapter are extended to include any purchases of such obligations. The Secretary of the Treasury may at any time sell any of the notes or other obligations acquired by him under this section. All redemptions, purchases, and sales by the Secretary of the Treasury of such notes or other obligations shall be treated as public debt transactions of the United States.

Such cancellation shall not affect any other terms and conditions of such contract, which shall remain in effect as if the cancellation had not occurred. This paragraph shall not apply to any loan the repayment of which was not to be made using annual contributions, or to any loan all or part of the proceeds of which are due a public housing agency from contractors or others.

(2)(A) On April 7, 1986, each note or other obligation issued by the Secretary to the Secretary of the Treasury pursuant to subsection (b) of this section, together with any promise to repay the principal and unpaid interest that has accrued on each note or obligation, shall be forgiven; and any other term or condition specified by each such obligation shall be canceled.

§ 1437c. Contributions for low-income housing projects

(a) Contract authorization; amounts; use as security for obligations of public housing agency; use of existing structures

(1) The Secretary may make annual contributions to public housing agencies to assist in achieving and maintaining the lower income character of their projects. The Secretary shall embody the provisions for such annual contributions in a contract guaranteeing their payment. The contribution payable annually under this section shall in no case exceed a sum equal to the annual amount of principal and interest payable on obligations issued by the public housing agency to finance the development or acquisition cost of the lower income project involved. Annual contributions payable under this section shall be pledged, if the Secretary so requires, as security for obligations issued by a public housing agency to assist the development or acquisition of the project to which annual contributions relate and shall be paid over a period not to exceed 40 years.

(2) The Secretary may make contributions (in the form of grants) to public housing agencies to cover the development cost of public housing projects. The contract under which such contributions shall be made shall specify the amount of capital contributions required for each project to which the contract pertains, and that the terms and conditions of such contract shall remain in effect for a 40-year period.

(3) The amount of contributions that would be established for a newly constructed project by a public housing agency designed to accommodate a number of families of a given size and kind may be established under this section for a project by such public housing agency that would provide housing for the comparable number, sizes, and kinds of families through the acquisition and rehabilitation, or use under lease, of structures that are suitable for low-income housing use and obtained in the local market.

(b) Maximum amount of contributions; regulations; criteria for rates of contribution

The Secretary may prescribe regulations fixing the maximum contributions available under different circumstances, giving consideration to cost, location, size, rent-paying ability of prospective tenants, or other factors bearing upon the amounts and periods of assistance needed to achieve and maintain low rentals. Such regulations may provide for rates of contribution based upon development, acquisition, or operation costs, number of dwelling units, number of persons housed, interest charges, or other appropriate factors.

(c) Limitation on aggregate contractual contributions; contracts for preliminary loans; payments of annual contributions; limitations on specific authorities

(1) The Secretary may enter into contracts for annual contributions aggregating not more than $7,875,049,000 per annum, which amount shall be increased by $1,494,400,000 on October 1, 1980, and by $906,985,000 on October 1, 1981. The additional authority to enter into such contracts provided on or after October 1, 1980, shall be effective only in such amounts as may be approved in appropriation Acts. In addition, the aggregate amount which may be obligated over the duration of the contracts may not exceed $31,200,000,000 with respect to the additional authority provided on October 1, 1980, and $18,087,370,000 with respect to the additional authority provided on October 1, 1981.

(2) The Secretary shall enter into only such new contracts for preliminary loans as are consistent with the number of dwelling units for which contracts for annual contributions may be entered into.

(3) The full faith and credit of the United States is solemnly pledged to the payment of all annual contributions contracted for pursuant to this section, and there are hereby authorized to be appropriated in each fiscal year, out of any money in the Treasury not otherwise appropriated, the amounts necessary to provide for such payments.

(4) All payments of annual contributions pursuant to this section shall be made out of any funds available for purposes of this chapter when such payments are due, except that funds obtained through the issuance of obligations pursuant to section 1437b(b) of this title (including repayments or other realizations of the principal of loans made out of such funds) shall not be available for the payment of such annual contributions.

(5) During such period as the Secretary may prescribe for starting construction, the Secretary may approve the conversion of public housing development authority for use under section 1437g of this title or for use for the acquisition and rehabilitation of property to be used in public housing, if the public housing agency, after consultation with the unit of local government, certifies that such assistance would be more effectively used for such purpose, and if the total number of units assisted will not be less than 90 per centum of the units covered by the original reservation.

(6) The aggregate amount of budget authority which may be obligated for contracts for annual contributions and for grants under section 1437*o* of this title is increased by $9,912,928,000 on October 1, 1983, and by such sums as may be approved in appropriation Acts on October 1, 1984. The aggregate amount of budget authority that may be obligated for assistance referred to in paragraph (7) is increased (to the extent approved in appropriation Acts) by $14,710,990,520 on October 1, 1992, and by $15,328,852,122 on October 1993.

(8) Any amount available for Indian housing under subsection (a) of this section that is recaptured shall be used only for such housing.

(d) Scope of contracts for loans or annual contributions

Any contract for loans or annual contributions, or both, entered into by the Secretary with a public housing agency, may cover one or more than one low-income housing project owned by such public housing agency; in the event the contract covers two or more projects, such projects may, for any of the purposes of this chapter and of such contract (including, but not limited to, the determination of the amount of the loan, annual contributions, or payments in lieu of taxes, specified in such contract), be treated collectively as one project.

(e) Local determination of need as prerequisite for contracts for preliminary loans, and contracts for loans or annual contributions; notice

In recognition that there should be local determination of the need for low-income housing to meet needs not being adequately met by private enterprise—

(1) the Secretary shall not make any contract with a public housing agency for preliminary loans (all of which shall be repaid out of

any moneys which become available to such agency for the development of the projects involved) for surveys and planning in respect to any low-income housing projects (i) unless the governing body of the locality involved has by resolution approved the application of the public housing agency for such preliminary loan; and (ii) unless the public housing agency has demonstrated to the satisfaction of the Secretary that there is need for such low-income housing which is not being met by private enterprise; and

(2) the Secretary shall not make any contract for loans (other than preliminary loans) or for contributions pursuant to this chapter unless the governing body of the locality involved has entered into an agreement with the public housing agency providing for the local cooperation required by the Secretary pursuant to this chapter; the Secretary shall require that each such agreement shall provide that, notwithstanding any order, judgment, or decree of any court (including any settlement order), before making any amounts that are provided pursuant to any contract for contributions under this subchapter available for use for the development of any housing or other property not previously used as public housing, the public housing agency shall (A) notify the chief executive officer (or other appropriate official) of the unit of general local government in which the public housing for which such amounts are to be so used is located (or to be located) of such use, and (B) pursuant to the request of such unit of general local government, provide such information as may reasonably be requested by such unit of general local government regarding the public housing to be so assisted (except to the extent otherwise prohibited by law).

(f) Modification by Secretary of terms of contracts, etc.; limitations; amendment or supersedure of contracts for annual contributions or loans

Subject to the specific limitations or standards in this chapter governing the terms of sales, rentals, leases, loans, contracts for annual contributions, or other agreements, the Secretary may, whenever he deems it necessary or desirable in the fulfillment of the purposes of this chapter, consent to the modification, with respect to rate of interest, time of payment of any installment of principal or interest, security, amount of annual contribution, or any other term, of any contract or agreement of any kind to which the Secretary is a party. When the Secretary finds that it would promote economy or be in the financial interest of the Federal Government or is necessary to assure or maintain the lower income character of the project or projects involved, any contract heretofore or hereafter made for annual contributions, loans, or both, may be amended or superseded by a contract entered into by mutual agreement between the public housing agency and the Secretary. Contracts may not be amended or superseded in a manner which would impair the rights of the holders of any outstanding obligations of the public housing agency involved for which annual contributions have been pledged. Any rule of law contrary to this provision shall be deemed inapplicable.

(g) Pledge of annual contributions as guarantee of payment of obligations issued by public housing agency; exception

In addition to the authority of the Secretary under subsection (a) of this section to pledge annual contributions as security for obligations issued by a public housing agency, the Secretary is authorized to pledge annual contributions as a guarantee of payment by a public housing agency of all principal and interest on obligations issued by it to assist the development or acquisition of the project to which the annual contributions relate, except that no obligation shall be guaranteed under this subsection if the income thereon is exempt from Federal taxation.

(h) Audits

(1) By Secretary and Comptroller General

Each contract for contributions for any assistance under this chapter to a public housing agency shall provide that the Secretary, the Inspector General of the Department of Housing and Urban Development, and the Comptroller General of the United States, or any of their duly authorized representatives, shall, for the purpose of audit and examination, have access to any books, documents, papers, and records of the public housing agency that are pertinent to this chapter and to its operations with respect to financial assistance under the this[1] chapter.

(2) Withholding of amounts for audits under Single Audit Act

The Secretary may, in the sole discretion of the Secretary, arrange for and pay the costs of an audit required under chapter 75 of title 31. In such circumstances, the Secretary may withhold, from assistance otherwise payable to the agency under this chapter, amounts sufficient to pay for the reasonable costs of conducting an acceptable audit, including, when appropriate, the reasonable costs of accounting services necessary to place the agency's books and records in auditable condition. As agreed to by the Secretary and the Inspector General, the Inspector General may arrange for an audit under this paragraph.

(i) Prohibition on use of funds

None of the funds made available to the Department of Housing and Urban Development to carry out this chapter, which are obligated to State or local governments, public housing agencies, housing finance agencies, or other public or quasi-public housing agencies, shall be used to indemnify contractors or subcontractors of the government or agency against costs associated with judgments of infringement of intellectual property rights.

(B) considering all public comments received; and

(C) making any appropriate changes in the public housing agency plan, in consultation with the resident advisory board.

(4) Advisory board consultation enforcement

Pursuant to a written request made by the resident advisory board for a public housing agency that documents a failure on the part of the agency to provide adequate notice and opportunity for comment under this subsection and a finding by the Secretary of good cause within the time period provided for in subsection (i)(4) of this section, the Secretary may require the public housing agency to adequately remedy such failure before final approval of the public housing agency plan under this section.

(g) Amendments and modifications to plans

(1) In general

Except as provided in paragraph (2), nothing in this section shall preclude a public housing agency, after submitting a plan to the Secretary in accordance with this section, from amending or modifying any policy, rule, regulation, or plan of the public housing agency, except that a significant amendment or modification may not—

(A) be adopted, other than at a duly called meeting of board of directors (or similar

[1] Subsection designation editorially supplied.

governing body) of the public housing agency that is open to the public; and

(B) be implemented, until notification of the amendment or modification is provided to the Secretary and approved in accordance with subsection (i) of this section.

(2) Consistency and notice

Each significant amendment or modification to a public housing agency plan submitted to the Secretary under this section shall—

(A) meet the requirements under subsection (c)(2) of this section (relating to consultation with resident advisory board and consistency with comprehensive housing affordability strategies); and

(B) be subject to the notice and public hearing requirements of subsection (f) of this section.

(h) Submission of plans

(1) Initial submission

Each public housing agency shall submit the initial plan required by this section, and any amendment or modification to the initial plan, to the Secretary at such time and in such form as the Secretary shall require.

(2) Annual submission

Not later than 75 days before the start of the fiscal year of the public housing agency, after submission of the initial plan required by this section in accordance with subparagraph (A), each public housing agency shall annually submit to the Secretary a plan update, including any amendments or modifications to the public housing agency plan.

(i) Review and determination of compliance

(1) Review

Subject to paragraph (2), after submission of the public housing agency plan or any amendment or modification to the plan to the Secretary, to the extent that the Secretary considers such action to be necessary to make determinations under this paragraph, the Secretary shall review the public housing agency plan (including any amendments or modifications thereto) and determine whether the contents of the plan—

(A) set forth the information required by this section and this chapter to be contained in a public housing agency plan;

(B) are consistent with information and data available to the Secretary, including the approved comprehensive housing affordability strategy under title I of the Cranston-Gonzalez National Affordable Housing Act [42 U.S.C. 12701 et seq.] for the jurisdiction in which the public housing agency is located; and

(C) are not prohibited by or inconsistent with any provision of this subchapter or other applicable law.

(2) Elements exempted from review

The Secretary may, by regulation, provide that one or more elements of a public housing agency plan shall be reviewed only if the element is challenged, except that the Secretary shall review the information submitted in each plan pursuant to paragraphs (3)(B), (8), and (15) of subsection (d) of this section.

(3) Disapproval

The Secretary may disapprove a public housing agency plan (or any amendment or modification thereto) only if Secretary determines that the contents of the plan (or amendment or modification) do not comply with the requirements under subparagraph (A) through (C) of paragraph (1).

(4) Determination of compliance

(A) In general

Except as provided in subsection (j)(2) of this section, not later than 75 days after the date on which a public housing agency plan is submitted in accordance with this section, the Secretary shall make the determination under paragraph (1) and provide written notice to the public housing agency if the plan has been disapproved. If the Secretary disapproves the plan, the notice shall state with specificity the reasons for the disapproval.

(B) Failure to provide notice of disapproval

In the case of a plan disapproved, if the Secretary does not provide notice of disapproval under subparagraph (A) before the expiration of the period described in subparagraph (A), the Secretary shall be considered, for purposes of this chapter, to have made a determination that the plan complies with the requirements under this section and the agency shall be considered to have been notified of compliance upon the expiration of such period. The preceding sentence shall not preclude judicial review regarding such compliance pursuant to chapter 7 of title 5 or an action regarding such compliance under section 1983 of this title.

(5) Public availability

A public housing agency shall make the approved plan of the agency available to the general public.

(j) Troubled and at-risk PHAs

(1) In general

The Secretary may require, for each public housing agency that is at risk of being designated as troubled under section 1437d(j)(2) of this title or is designated as troubled under section 1437d(j)(2) of this title, that the public housing agency plan for such agency include such additional information as the Secretary determines to be appropriate, in accordance with such standards as the Secretary may establish or in accordance with such determinations as the Secretary may make on an agency-by-agency basis.

(2) Troubled agencies

The Secretary shall provide explicit written approval or disapproval, in a timely manner, for a public housing agency plan submitted by any public housing agency designated by the Secretary as a troubled public housing agency under section 1437d(j)(2) of this title.

(k) Streamlined plan

In carrying out this section, the Secretary may establish a streamlined public housing agency plan for—

(A) public housing agencies that are determined by the Secretary to be high performing public housing agencies;

(B) public housing agencies with less than 250 public housing units that have not been designated as troubled under section 1437d(j)(2) of this title; and

(C) public housing agencies that only administer tenant-based assistance and that do not own or operate public housing.

(*l*) Compliance with plan

(1) In general

In providing assistance under this subchapter, a public housing agency shall comply with the rules, standards, and policies established in the public housing agency plan of the public housing agency approved under this section.

(2) Investigation and enforcement

In carrying out this subchapter, the Secretary shall—

(A) provide an appropriate response to any complaint concerning noncompliance by a public housing agency with the applicable public housing agency plan; and

(B) if the Secretary determines, based on a finding of the Secretary or other information available to the Secretary, that a public housing agency is not complying with the applicable public housing agency plan, take such actions as the Secretary determines to be appropriate to ensure such compliance.

§ 1437d. Contract provisions and requirements; loans and annual contributions

(a) Conditions; elevators

The Secretary may include in any contract for loans, contributions, sale, lease, mortgage, or any other agreement or instrument made pursuant to this chapter, such covenants, conditions, or provisions as he may deem necessary in order to insure the lower income character of the project involved, in a manner consistent with the public housing agency plan. Any such contract shall require that, except in the case of housing predominantly for elderly or disabled families, high-rise elevator projects shall not be provided for families with children unless the Secretary makes a determination that there is no practical alternative.

(b) Limitation on development costs

(1) Each contract for loans (other than preliminary loans) or contributions for the development, acquisition, or operation of public housing shall provide that the total development cost of the project on which the computation of any annual contributions under this chapter may be based may not exceed the amount determined under paragraph (2) (for the appropriate structure type) unless the Secretary provides otherwise, and in any case may not exceed 110 per centum of such amount unless the Secretary for good cause determines otherwise.

(2) For purposes of paragraph (1), the Secretary shall determine the total development cost by multiplying the construction cost guideline for the project (which shall be determined by averaging the current construction costs, as listed by not less than 2 nationally recognized residential construction cost indices, for publicly bid construction of a good and sound quality) by—

(A) in the case of elevator type structures, 1.6; and

(B) in the case of nonelevator type structures, 1.75.

(3) In calculating the total development cost of a project under paragraph (2), the Secretary shall consider only capital assistance provided by the Secretary to a public housing agency that are[1] authorized for use in connection with the development of public housing, and shall exclude all other amounts, including amounts provided under—

(A) the HOME investment partnerships program authorized under title II of the Cranston-Gonzalez National Affordable Housing Act [42 U.S.C. 12721 et seq.]; or

(B) the community development block grants program under title I of the Housing and Community Development Act of 1974 [42 U.S.C. 5301 et seq.].

(4) The Secretary may restrict the amount of capital funds that a public housing agency may use to pay for housing construction costs. For purposes of this paragraph, housing construction costs include the actual hard costs for the construction of units, builders' overhead and profit, utilities from the street, and finish landscaping.

(c) Revision of maximum income limits; certification of compliance with requirements; notification of eligibility; informal hearing; compliance with procedures for sound management

Every contract for contributions shall provide that—

(1) the Secretary may require the public housing agency to review and revise its maximum income limits if the Secretary determines that changed conditions in the locality make such revision necessary in achieving the purposes of this chapter;

(2) the public housing agency shall determine, and so certify to the Secretary, that each family in the project was admitted in accordance with duly adopted regulations and approved income limits; and the public housing agency shall review the incomes of families living in the project no less frequently than annually;

(3) the public housing agency shall not deny admission to the project to any applicant on the basis that the applicant is or has been a victim of domestic violence, dating violence, or stalking if the applicant otherwise qualifies for assistance or admission, and that nothing in this section shall be construed to supersede any provision of any Federal, State, or local law that provides greater protection than this section for victims of domestic violence, dating violence, or stalking[2]

(4) the public housing agency shall promptly notify (i) any applicant determined to be ineligible for admission to the project of the basis for such determination and provide the applicant upon request, within a reasonable time after the determination is made, with an opportunity for an informal hearing on such determination, and (ii) any applicant determined to be eligible for admission to the project of the approximate date of occupancy insofar as such date can be reasonably determined; and

(5) the public housing agency shall comply with such procedures and requirements as the Secretary may prescribe to assure that sound management practices will be followed in the operation of the project, including requirements pertaining to—

(A) making dwelling units in public housing available for occupancy, which shall provide that the public housing agency may establish a system for making dwelling units available that provides preference for such occupancy to families having certain characteristics; each system of preferences established pursuant to this subparagraph shall be based upon local housing needs and priorities, as determined by the public housing agency using generally accepted data sources, including any information obtained pursuant to an opportunity for public comment as provided under section 1437c–1(f) of this title and under the requirements applicable to the comprehensive housing afford-

ability strategy for the relevant jurisdiction;

(B) the establishment of satisfactory procedures designed to assure the prompt payment and collection of rents and the prompt processing of evictions in the case of nonpayment of rent;

(C) the establishment of effective tenant-management relationships designed to assure that satisfactory standards of tenant security and project maintenance are formulated and that the public housing agency (together with tenant councils where they exist) enforces those standards fully and effectively;

(D) the development by local housing authority managements of viable homeownership opportunity programs for low-income families capable of assuming the responsibilities of homeownership;

(E) for each agency that receives assistance under this subchapter, the establishment and maintenance of a system of accounting for rental collections and costs (including administrative, utility, maintenance, repair and other operating costs) for each project or operating cost center (as determined by the Secretary), which collections and costs shall be made available to the general public and submitted to the appropriate local public official (as determined by the Secretary); except that the Secretary may permit agencies owning or operating less than 500 units to comply with the requirements of this subparagraph by accounting on an agency-wide basis; and

(F) requiring the public housing agency to ensure and maintain compliance with subtitle C of title VI of the Housing and Community Development Act of 1992 [42 U.S.C. 13601 et seq.] and any regulations issued under such subtitle.

(d) Exemption from personal and real property taxes; payments in lieu of taxes; cash contribution or tax remission

Every contract for contributions with respect to a low-income housing project shall provide that no contributions by the Secretary shall be made available for such project unless such project (exclusive of any portion thereof which is not assisted by contributions under this chapter) is exempt from all real and personal property taxes levied or imposed by the State, city, county, or other political subdivision; and such contract shall require the public housing agency to make payments in lieu of taxes equal to 10 per centum of the sum of the shelter rents charged in such project, or such lesser amount as (i) is prescribed by State law, or (ii) is agreed to by the local governing body in its agreement for local cooperation with the public housing agency required under section 1437c(e)(2) of this title, or (iii) is due to failure of a local public body or bodies other than the public housing agency to perform any obligation under such agreement. If any such project is not exempt from all real and personal property taxes levied or imposed by the State, city, county, or other political subdivision, such contract shall provide, in lieu of the requirement for tax exemption and payments in lieu of taxes, that no contributions by the Secretary shall be made available for such project unless and until the State, city, county, or other political subdivision in which such project is situated shall contribute, in the form of cash or tax remission, the amount by which the taxes paid with respect to the project exceed 10 per centum of the shelter rents charged in such project.

(e) Repealed. Pub. L. 105–276, title V, § 529(2), Oct. 21, 1998, 112 Stat. 2569

(f) Housing quality requirements

(1) In general

Each contract for contributions for a public housing agency shall require that the agency maintain its public housing in a condition that complies with standards which meet or exceed the housing quality standards established under paragraph (2).

(2) Federal standards

The Secretary shall establish housing quality standards under this paragraph that ensure that public housing dwelling units are safe and habitable. Such standards shall include requirements relating to habitability, including maintenance, health and sanitation factors, condition, and construction of dwellings, and shall, to the greatest extent practicable, be consistent with the standards established under section 1437f(*o*)(8)(B)(i) of this title. The Secretary may determine whether the laws, regulations, standards, or codes of any State or local jurisdiction meet or exceed these standards, for purposes of this subsection.

(3) Annual inspections

Each public housing agency that owns or operates public housing shall make an annual inspection of each public housing project to determine whether units in the project are maintained in accordance with the requirements under paragraph (1). The agency shall retain the results of such inspections and, upon the request of the Secretary, the Inspector General for the Department of Housing and Urban Development, or any auditor conducting an audit under section 1437c(h) of this title, shall make such results available.

(g) Substantial default; conveyance of title and delivery of possession; reconveyance and redelivery; payments for outstanding obligations

Every contract for contributions (including contracts which amend or supersede contracts previously made) may provide that—

(1) upon the occurrence of a substantial default in respect to the covenants or conditions to which the public housing agency is subject (as such substantial default shall be defined in such contract), the public housing agency shall be obligated at the option of the Secretary either to convey title in any case where, in the determination of the Secretary (which determination shall be final and conclusive), such conveyance of title is necessary to achieve the purposes of this chapter, or to deliver to the Secretary possession of the project, as then constituted, to which such contract relates; and

(2) the Secretary shall be obligated to reconvey or redeliver possession of the project as constituted at the time of reconveyance or redelivery, to such public housing agency or to its successor (if such public housing agency or a successor exists) upon such terms as shall be prescribed in such contract, and as soon as practicable (i) after the Secretary is satisfied that all defaults with respect to the project have been cured, and that the project will, in order to fulfill the purposes of this chapter, thereafter be operated in accordance with the terms of such contract; or (ii) after the termination of the obligation to make annual contributions available unless there are any obligations or covenants of the public housing agency to the Secretary which are then in default. Any prior conveyances and reconveyances or deliveries and redeliveries of possession shall not exhaust the right to require a conveyance or delivery of possession of the project to the Secretary pursuant to subparagraph (1) upon the subsequent occurrence of a substantial default.

Whenever such a contract for annual contributions includes provisions which the Secretary in such contract determines are in accordance with this subsection, and the portion of the annual contribution payable for debt service requirements pursuant to such contract has been pledged by the public housing agency as security for the payment of the principal and interest on any of its obligations, the Secretary (notwithstanding any other provisions of this chapter) shall continue to make such annual contributions available for the project so long as any of such obligations remain outstanding, and may covenant in such contract that in any event such annual contributions shall in each year be at least equal to an amount which, together with such income or other funds as are actually available from the project for the purpose at the time such annual contribution is made, will suffice for the payment of all installments, falling due within the next succeeding twelve months, of principal and interest on the obligations for which the annual contributions provided for in the contract shall have been pledged as security. In no case shall such annual contributions be in excess of the maximum sum specified in the contract involved, nor for longer than the remainder of the maximum period fixed by the contract.

(h) New construction contracts

On or after October 1, 1983, the Secretary may enter into a contract involving new construction only if the public housing agency demonstrates to the satisfaction of the Secretary that the cost of new construction in the neighborhood where the public housing agency determines the housing is needed is less than the cost of acquisition or acquisition and rehabilitation in such neighborhood, including any reserve fund under subsection (i) of this section, would be.

(i) Reserve fund; major repairs

The Secretary may, upon application by a public housing agency in connection with the acquisition of housing for use as public housing, establish and set aside a reserve fund in an amount not to exceed 30 per centum of the acquisition cost which shall be available for use for major repairs to such housing.

(j) Performance indicators for public housing agencies

(1) The Secretary shall develop and publish in the Federal Register indicators to assess the management performance of public housing agencies and resident management corporations. The indicators shall be established by rule under section 553 of title 5. Such indicators shall enable the Secretary to evaluate the performance of public housing agencies and resident management corporations in all major areas of management operations. The Secretary shall, in particular, use the following indicators for public housing agencies, to the extent practicable:

(A) The number and percentage of vacancies within an agency's inventory, including the progress that an agency has made within the previous 3 years to reduce such vacancies.

(B) The amount and percentage of funds provided to the public housing agency from the Capital Fund under section 1437g(d) of this title which remain unobligated by the public housing agency after 3 years.

(C) The percentage of rents uncollected.

(D) The utility consumption (with appropriate adjustments to reflect different regions and unit sizes).

(E) The average period of time that an agency requires to repair and turn-around vacant units.

(F) The proportion of maintenance work orders outstanding, including any progress that an agency has made during the preceding 3 years to reduce the period of time required to complete maintenance work orders.

(G) The percentage of units that an agency fails to inspect to ascertain maintenance or modernization needs within such period of time as the Secretary deems appropriate (with appropriate adjustments, if any, for large and small agencies).

(H) The extent to which the public housing agency—

(i) coordinates, promotes, or provides effective programs and activities to promote the economic self-sufficiency of public housing residents; and

(ii) provides public housing residents with opportunities for involvement in the administration of the public housing.

(I)[3] The extent to which the public housing agency—

(i) implements effective screening and eviction policies and other anticrime strategies; and

(ii) coordinates with local government officials and residents in the project and implementation of such strategies.

(J) The extent to which the public housing agency is providing acceptable basic housing conditions.

(K) Any other factors as the Secretary deems appropriate which shall not exceed the

seven factors in the statute, plus an additional five.

(I)[4] The Secretary shall:

(1) administer the system of evaluating public housing agencies flexibly to ensure that such agencies are not penalized as result of circumstances beyond their control;

(2) reflect in the weights assigned to the various indicators the differences in the difficulty of managing individual projects that result from their physical condition and their neighborhood environment; and

(3) determine a public housing agency's status as ''troubled with respect to the program under section 1437*l*[5] of this title'' based upon factors solely related to its ability to carry out that program.

(2)(A)(i) The Secretary shall, under the rulemaking procedures under section 553 of title 5, establish procedures for designating troubled public housing agencies, which procedures shall include identification of serious and substantial failure to perform as measured by the performance indicators specified under paragraph (1) and such other factors as the Secretary may deem to be appropriate. Such procedures shall provide that an agency that fails on a widespread basis to provide acceptable basic housing conditions for its residents shall be designated as a troubled public housing agency. The Secretary may use a simplified set of indicators for public housing agencies with less than 250 public housing units. The Secretary shall also designate, by rule under section 553 of title 5, agencies that are troubled with respect to the program for assistance from the Capital Fund under section 1437g(d) of this title.

(ii) The Secretary may also, in consultation with national organizations representing public housing agencies and public officials (as the Secretary determines appropriate), identify and commend public housing agencies that meet the performance standards established under paragraph (1) in an exemplary manner.

(iii) The Secretary shall establish procedures for public housing agencies to appeal designation as a troubled agency (including designation as a troubled agency for purposes of the program for assistance from the Capital Fund under section 1437g(d) of this title), to petition for removal of such designation, and to appeal any refusal to remove such designation.

(B)(i) Upon designating a public housing agency with more than 250 units as troubled pursuant to subparagraph (A) and determining that an assessment under this subparagraph will not duplicate any comparable and recent review, the Secretary shall provide for an on-site, independent assessment of the management of the agency.

(ii) To the extent the Secretary deems appropriate (taking into account an agency's performance under the indicators specified under paragraph (1)), the assessment team shall also consider issues relating to the agency's resident population and physical inventory, including the extent to which (I) the agency's comprehensive plan prepared pursuant to section 1437*l*[5] of this title adequately and appropriately addresses the rehabilitation needs of the agency's inventory, (II) residents of the agency are involved in and informed of significant management decisions, and (III) any projects in the agency's inventory are severely distressed and eligible for assistance pursuant to section 1437v of this title.

(iii) An independent assessment under this subparagraph shall be carried out by a team of knowledgeable individuals selected by the Secretary (referred to in this section as the ''assessment team'') with expertise in public housing and real estate management. In conducting an assessment, the assessment team shall consult with the residents and with public and private entities in the jurisdiction in which the public housing is located. The assessment team shall provide to the Secretary and the public housing agency a written report, which shall contain, at a minimum, recommendations for such management improvements as are necessary to eliminate or substantially remedy existing deficiencies.

(C) The Secretary shall seek to enter into an agreement with each troubled public housing agency, after reviewing the report submitted pursuant to subparagraph (B) (if applicable) and consulting with the agency's assessment team. Such agreement shall set forth—

(i) targets for improving performance as measured by the performance indicators specified under paragraph (1) and other requirements within a specified period of time;

(ii) strategies for meeting such targets, including a description of the technical assistance that the Secretary will make available to the agency; and

(iii) incentives or sanctions for effective implementation of such strategies, which may include any constraints on the use of funds that the Secretary determines are appropriate.

To the extent the Secretary deems appropriate (taking into account an agency's performance under the indicators specified under paragraph (1)), such agreement shall also set forth a plan for enhancing resident involvement in the management of the public housing agency. The Secretary and the public housing agency shall, to the maximum extent practicable, seek the assistance of local public and private entities in carrying out the agreement.

(D) The Secretary shall apply the provisions of this paragraph to resident management corporations as well as public housing agencies.

(3)(A) Notwithstanding any other provision of law or of any contract for contributions, upon the occurrence of events or conditions that constitute a substantial default by a public housing agency with respect to the covenants or conditions to which the public housing agency is subject or an agreement entered into under paragraph (2), the Secretary may—

(i) solicit competitive proposals from other public housing agencies and private housing management agents which (I) in the discretion of the Secretary, may be selected by existing public housing residents through administrative procedures established by the Secretary, and (II) if appropriate, shall provide for such agents to manage all, or part, of the housing

administered by the public housing agency or all or part of the other programs of the agency;

(ii) petition for the appointment of a receiver (which may be another public housing agency or a private management corporation) of the public housing agency to any district court of the United States or to any court of the State in which the real property of the public housing agency is situated, that is authorized to appoint a receiver for the purposes and having the powers prescribed in this subsection;

(iii) solicit competitive proposals from other public housing agencies and private entities with experience in construction management in the eventuality that such agencies or firms may be needed to oversee implementation of assistance made available from the Capital Fund under section 1437g(d) of this title for the housing; and[6]

(iv) take possession of all or part of the public housing agency, including all or part of any project or program of the agency, including any project or program under any other provision of this subchapter; and

(v) require the agency to make other arrangements acceptable to the Secretary and in the best interests of the public housing residents and families assisted under section 1437f of this title for managing all, or part, of the public housing administered by the agency or of the programs of the agency.

Residents of a public housing agency designated as troubled pursuant to paragraph (2)(A) may petition the Secretary in writing to take 1 or more of the actions referred to in this subparagraph. The Secretary shall respond to such petitions in a timely manner with a written description of the actions, if any, the Secretary plans to take and, where applicable, the reasons why such actions differ from the course proposed by the residents.

(B)(i) If a public housing agency is identified as troubled under this subsection, the Secretary shall notify the agency of the troubled status of the agency.

(ii)(I) Upon the expiration of the 1-year period beginning on the later of the date on which the agency receives initial notice from the Secretary of the troubled status of the agency under clause (i) and October 21, 1998, the agency shall improve its performance, as measured by the performance indicators established pursuant to paragraph (1), by at least 50 percent of the difference between the most recent performance measurement and the measurement necessary to remove that agency's designation as troubled.

(II) Upon the expiration of the 2-year period beginning on the later of the date on which the agency receives initial notice from the Secretary of the troubled status of the agency under clause (i) and October 21, 1998, the agency shall improve its performance, as measured by the performance indicators established pursuant to paragraph (1), such that the agency is no longer designated as troubled.

(III) In the event that a public housing agency designated as troubled under this subsection fails to comply with the requirements set forth in subclause (I) or (II), the Secretary shall—

(aa) in the case of a troubled public housing agency with 1,250 or more units, petition for the appointment of a receiver pursuant to subparagraph (A)(ii); or

(bb) in the case of a troubled public housing agency with fewer than 1,250 units, either petition for the appointment of a receiver pursuant to subparagraph (A)(ii), or take possession of the public housing agency (including all or part of any project or program of the agency) pursuant to subparagraph (A)(iv) and appoint, on a competitive or noncompetitive basis, an individual or entity as an administrative receiver to assume the responsibilities of the Secretary for the administration of all or part of the public housing agency (including all or part of any project or program of the agency).

This subparagraph shall not be construed to limit the courses of action available to the Secretary under subparagraph (A).

(IV) During the period between the date on which a petition is filed under subclause (III)(aa) and the date on which a receiver assumes responsibility for the management of the public housing agency under such subclause, the Secretary may take possession of the public housing agency (including all or part of any project or program of the agency) pursuant to subparagraph (A)(iv) and may appoint, on a competitive or noncompetitive basis, an individual or entity as an administrative receiver to assume the responsibilities of the Secretary for the administration of all or part of the public housing agency (including all or part of any project or program of the agency).

(C) If a receiver is appointed pursuant to subparagraph (A)(ii), in addition to the powers accorded by the court appointing the receiver, the receiver—

(i) may abrogate any contract to which the United States or an agency of the United States is not a party that, in the receiver's written determination (which shall include the basis for such determination), substantially impedes correction of the substantial default, but only after the receiver determines that reasonable efforts to renegotiate such contract have failed;

(ii) may demolish and dispose of all or part of the assets of the public housing agency (including all or part of any project of the agency) in accordance with section 1437p of this title, including disposition by transfer of properties to resident-supported nonprofit entities;

(iii) if determined to be appropriate by the Secretary, may seek the establishment, as permitted by applicable State and local law, of 1 or more new public housing agencies;

(iv) if determined to be appropriate by the Secretary, may seek consolidation of all or part of the agency (including all or part of any project or program of the agency), as permitted by applicable State and local laws, into other well-managed public housing agencies with the consent of such well-managed agencies; and

(v) shall not be required to comply with any State or local law relating to civil service requirements, employee rights (except civil

rights), procurement, or financial or administrative controls that, in the receiver's written determination (which shall include the basis for such determination), substantially impedes correction of the substantial default.

(D)(i) If, pursuant to subparagraph (A)(iv), the Secretary takes possession of all or part of the public housing agency, including all or part of any project or program of the agency, the Secretary—

(I) may abrogate any contract to which the United States or an agency of the United States is not a party that, in the written determination of the Secretary (which shall include the basis for such determination), substantially impedes correction of the substantial default, but only after the Secretary determines that reasonable efforts to renegotiate such contract have failed;

(II) may demolish and dispose of all or part of the assets of the public housing agency (including all or part of any project of the agency) in accordance with section 1437p of this title, including disposition by transfer of properties to resident-supported nonprofit entities;

(III) may seek the establishment, as permitted by applicable State and local law, of 1 or more new public housing agencies;

(IV) may seek consolidation of all or part of the agency (including all or part of any project or program of the agency), as permitted by applicable State and local laws, into other well-managed public housing agencies with the consent of such well-managed agencies;

(V) shall not be required to comply with any State or local law relating to civil service requirements, employee rights (except civil rights), procurement, or financial or administrative controls that, in the Secretary's written determination (which shall include the basis for such determination), substantially impedes correction of the substantial default; and

(VI) shall, without any action by a district court of the United States, have such additional authority as a district court of the United States would have the authority to confer upon a receiver to achieve the purposes of the receivership.

(ii) If, pursuant to subparagraph (B)(ii)(III)(bb), the Secretary appoints an administrative receiver to assume the responsibilities of the Secretary for the administration of all or part of the public housing agency (including all or part of any project or program of the agency), the Secretary may delegate to the administrative receiver any or all of the powers given the Secretary by this subparagraph, as the Secretary determines to be appropriate and subject to clause (iii).

(iii) An administrative receiver may not take an action described in subclause (III) or (IV) of clause (i) unless the Secretary first approves an application by the administrative receiver to authorize such action.

(E) The Secretary may make available to receivers and other entities selected or appointed pursuant to this paragraph such assistance as the Secretary determines in the discretion of the Secretary is necessary and available to remedy the substantial deterioration of living conditions in individual public housing projects or other related emergencies that endanger the health, safety, and welfare of public housing residents or families assisted under section 1437f of this title. A decision made by the Secretary under this paragraph shall not be subject to review in any court of the United States, or in any court of any State, territory, or possession of the United States.

(F) In any proceeding under subparagraph (A)(ii), upon a determination that a substantial default has occurred and without regard to the availability of alternative remedies, the court shall appoint a receiver to conduct the affairs of all or part of the public housing agency in a manner consistent with this chapter and in accordance with such further terms and conditions as the court may provide. The receiver appointed may be another public housing agency, a private management corporation, or any other person or appropriate entity. The court shall have power to grant appropriate temporary or preliminary relief pending final disposition of the petition by the Secretary.

(G) The appointment of a receiver pursuant to this paragraph may be terminated, upon the petition of any party, when the court determines that all defaults have been cured or the public housing agency is capable again of discharging its duties.

(H) If the Secretary (or an administrative receiver appointed by the Secretary) takes possession of a public housing agency (including all or part of any project or program of the agency), or if a receiver is appointed by a court, the Secretary or receiver shall be deemed to be acting not in the official capacity of that person or entity, but rather in the capacity of the public housing agency, and any liability incurred, regardless of whether the incident giving rise to that liability occurred while the Secretary or receiver was in possession of all or part of the public housing agency (including all or part of any project or program of the agency), shall be the liability of the public housing agency.

(4) SANCTIONS FOR IMPROPER USE OF AMOUNTS.—

(A) IN GENERAL.—In addition to any other actions authorized under this chapter, if the Secretary finds that a public housing agency receiving assistance amounts under section 1437g of this title for public housing has failed to comply substantially with any provision of this chapter relating to the public housing program, the Secretary may—

(i) terminate assistance payments under this[7] section 1437g of this title to the agency;

(ii) withhold from the agency amounts from the total allocations for the agency pursuant to section 1437g of this title;

(iii) reduce the amount of future assistance payments under section 1437g of this title to the agency by an amount equal to the amount of such payments that were not expended in accordance with this chapter;

tion 1437g of this title to programs, projects, or activities not affected by such failure to comply;

(v) withhold from the agency amounts allocated for the agency under section 1437f of this title; or

(vi) order other corrective action with respect to the agency.

(B) TERMINATION OF COMPLIANCE ACTION.—If the Secretary takes action under subparagraph (A) with respect to a public housing agency, the Secretary shall—

(i) in the case of action under subparagraph (A)(i), resume payments of assistance amounts under section 1437g of this title to the agency in the full amount of the total allocations under section 1437g of this title for the agency at the time that the Secretary first determines that the agency will comply with the provisions of this chapter relating to the public housing program;

(ii) in the case of action under clause (ii) or (v) of subparagraph (A), make withheld amounts available as the Secretary considers appropriate to ensure that the agency complies with the provisions of this chapter relating to such program;

(iii) in the case of action under subparagraph (A)(iv), release such restrictions at the time that the Secretary first determines that the agency will comply with the provisions of this chapter relating to such program; or

(iv) in the case of action under subparagraph (vi), cease such action at the time that the Secretary first determines that the agency will comply with the provisions of this chapter relating to such program.

(5) The Secretary shall submit to the Congress annually, as a part of the report of the Secretary under section 3536 of this title, a report that—

(A) identifies the public housing agencies that have been designated as troubled under paragraph (2);

(B) describes the grounds on which such public housing agencies were designated as troubled and continue to be so designated;

(C) describes the agreements that have been entered into with such agencies under such paragraph;

(D) describes the status of progress under such agreements;

(E) describes any action that has been taken in accordance with paragraph (3), including an accounting of the authorized funds that have been expended to support such actions; and

(F) describes the status of any public housing agency designated as troubled with respect to the program for assistance from the Capital Fund under section 1437g(d) of this title and specifies the amount of assistance the agency received under such program.

(6)(A) To the extent that the Secretary determines such action to be necessary in order to ensure the accuracy of any certification made under this section, the Secretary shall require an independent auditor to review documentation or other information maintained by a public housing agency pursuant to this section to substantiate each certification submitted by the agency or corporation relating to the performance of that agency or corporation.

(B) The Secretary may withhold, from assistance otherwise payable to the agency or corporation under section 1437g of this title, amounts sufficient to pay for the reasonable costs of any review under this paragraph.

(7) The Secretary shall apply the provisions of this subsection to resident management corporations in the same manner as applied to public housing agencies.

(k) Administrative grievance procedure regulations: grounds of adverse action, hearing, examination of documents, representation, evidence, decision; judicial hearing; eviction and termination procedures

The Secretary shall by regulation require each public housing agency receiving assistance under this chapter to establish and implement an administrative grievance procedure under which tenants will—

(1) be advised of the specific grounds of any proposed adverse public housing agency action;

(2) have an opportunity for a hearing before an impartial party upon timely request within any period applicable under subsection (*l*) of this section;

(3) have an opportunity to examine any documents or records or regulations related to the proposed action;

(4) be entitled to be represented by another person of their choice at any hearing;

(5) be entitled to ask questions of witnesses and have others make statements on their behalf; and

(6) be entitled to receive a written decision by the public housing agency on the proposed action.

For any grievance concerning an eviction or termination of tenancy that involves any activity that threatens the health, safety, or right to peaceful enjoyment of the premises of other tenants or employees of the public housing agency or any violent or drug-related criminal activity on or off such premises, or any activity resulting in a felony conviction, the agency may (A) establish an expedited grievance procedure as the Secretary shall provide by rule under section 553 of title 5, or (B) exclude from its grievance procedure any such grievance, in any jurisdiction which requires that prior to eviction, a tenant be given a hearing in court which the Secretary determines provides the basic elements of due process (which the Secretary shall establish by rule under section 553 of title 5). Such elements of due process shall not include a requirement that the tenant be provided an opportunity to examine relevant documents within the possession of the public housing agency. The agency shall provide to the tenant a reasonable opportunity, prior to hearing or trial, to examine any relevant documents, records, or regulations directly related to the eviction or termination.

***(l)* Leases; terms and conditions; maintenance; termination**

Each public housing agency shall utilize leases which—

(1) have a term of 12 months and shall be automatically renewed for all purposes except for noncompliance with the requirements under section 1437j(c) of this title (relating to community service requirements); except that nothing in this subchapter shall prevent a resident from seeking timely redress in court for failure to renew based on such noncompliance;

(2) do not contain unreasonable terms and conditions;

(3) obligate the public housing agency to maintain the project in a decent, safe, and sanitary condition;

(4) require the public housing agency to give adequate written notice of termination of the lease which shall not be less than—

(A) a reasonable period of time, but not to exceed 30 days—

(i) if the health or safety of other tenants, public housing agency employees, or persons residing in the immediate vicinity of the premises is threatened; or

(ii) in the event of any drug-related or violent criminal activity or any felony conviction;

(B) 14 days in the case of nonpayment of rent; and

(C) 30 days in any other case, except that if a State or local law provides for a shorter period of time, such shorter period shall apply;

(5) require that the public housing agency may not terminate the tenancy except for serious or repeated violation of the terms or conditions of the lease or for other good cause, and that an incident or incidents of actual or threatened domestic violence, dating violence, or stalking will not be construed as a serious or repeated violation of the lease by the victim or threatened victim of that violence and will not be good cause for terminating the tenancy or occupancy rights of the victim of such violence;

(6) provide that any criminal activity that threatens the health, safety, or right to peaceful enjoyment of the premises by other tenants or any drug-related criminal activity on or off such premises, engaged in by a public housing tenant, any member of the tenant's household, or any guest or other person under the tenant's control, shall be cause for termination of tenancy; except that: (A) criminal activity directly relating to domestic violence, dating violence, or stalking, engaged in by a member of a tenant's household or any guest or other person under the tenant's control, shall not be cause for termination of the tenancy or occupancy rights, if the tenant or immediate member of the tenant's family is a victim of that domestic violence, dating violence, or stalking; (B) notwithstanding subparagraph (A), a public housing agency under this section may bifurcate a lease under this section, in order to evict, remove, or terminate assistance to any individual who is a tenant or lawful occupant and who engages in criminal acts of physical violence against family members or others, without evicting, removing, terminating assistance to, or otherwise penalizing the victim of such violence who is also a tenant or lawful occupant; (C) nothing in subparagraph (A) may be construed to limit the authority of a public housing agency, when notified, to honor court orders addressing rights of access to or control of the property, including civil protection orders issued to protect the victim and issued to address the distribution or possession of property among the household members in cases where a family breaks up; (D) nothing in subparagraph (A) limits any otherwise available authority of a public housing agency to evict a tenant for any violation of a lease not premised on the act or acts of violence in question against the tenant or a member of the tenant's household, provided that the public housing agency does not subject an individual who is or has been a victim of domestic violence, dating violence, or stalking to a more demanding standard than other tenants in determining whether to evict or terminate; (E) nothing in subparagraph (A) may be construed to limit the authority of a public housing agency to terminate the tenancy of any tenant if the public housing agency can demonstrate an actual and imminent threat to other tenants or those employed at or providing service to the property if that tenant's tenancy is not terminated; and (F) nothing in this section shall be construed to supersede any provision of any Federal, State, or local law that provides greater protection than this section for victims of domestic violence, dating violence, or stalking.;[8]

(7) specify that with respect to any notice of eviction or termination, notwithstanding any State law, a public housing tenant shall be informed of the opportunity, prior to any hearing or trial, to examine any relevant documents, records, or regulations directly related to the eviction or termination;

(7)[9] provide that any occupancy in violation of section 13661(b) of this title (relating to ineligibility of illegal drug users and alcohol abusers) or the furnishing of any false or misleading information pursuant to section 13662 of this title (relating to termination of tenancy and assistance for illegal drug users and alcohol abusers) shall be cause for termination of tenancy;[10]

(9) provide that it shall be cause for immediate termination of the tenancy of a public housing tenant if such tenant—

(A) is fleeing to avoid prosecution, or custody or confinement after conviction, under the laws of the place from which the individual flees, for a crime, or attempt to commit a crime, which is a felony under the laws of the place from which the individual flees, or which, in the case of the State of New Jersey, is a high misdemeanor under the laws of such State; or

(2)[11] is violating a condition of probation or parole imposed under Federal or State law.

(m) Reporting requirements; limitation

The Secretary shall not impose any unnecessarily duplicative or burdensome reporting requirements on tenants or public housing agencies assisted under this chapter.

(n) Notice to post office regarding eviction for criminal activity

When a public housing agency evicts an individual or family from a dwelling unit for engaging in criminal activity, including drug-related criminal activity, the public housing agency shall notify the local post office serving that dwelling unit that such individual or family is no longer residing in the dwelling unit.

(*o*) Public housing assistance for foster care children

Notwithstanding any other provision of law, except as provided in subparagraph (C), the National Crime Information Center, police departments, and other law enforcement agencies shall, upon request, provide information to public housing agencies regarding the criminal conviction records of adult applicants for, or tenants of, covered housing assistance for purposes of applicant screening, lease enforcement, and eviction.

(B) Requests by owners of project-based section 8 [42 U.S.C. 1437f] housing

A public housing agency may make a request under subparagraph (A) for information regarding applicants for, or tenants of, housing that is provided project-based assistance under section 1437f of this title only if the housing is located within the jurisdiction of the agency and the owner of such housing has requested that the agency obtain such information on behalf of the owner. Upon such a request by the owner, the agency shall make a request under subparagraph (A) for the information. The agency may not make such information available to the owner but shall perform determinations for the owner regarding screening, lease enforcement, and eviction based on criteria supplied by the owner.

(C) Exception

A law enforcement agency described in subparagraph (A) shall provide information under this paragraph relating to any criminal conviction of a juvenile only to the extent that the release of such information is authorized under the law of the applicable State, tribe, or locality.

Before an adverse action is taken with regard to assistance under this subchapter on the basis of a criminal record, the public housing agency shall provide the tenant or applicant with a copy of the criminal record and an opportunity to dispute the accuracy and relevance of that record.

(3) Fees

A public housing agency may be charged a reasonable fee for information provided under paragraph (1). In the case of a public housing agency obtaining information pursuant to paragraph (1)(B) for another owner of housing, the agency may pass such fee on to the owner initiating the request and may charge additional reasonable fees for making the request on behalf of the owner and taking other actions for owners under this subsection.

(5) Confidentiality

A public housing agency receiving information under this subsection may use such information only for the purposes provided in this subsection and such information may not be disclosed to any person who is not an officer, employee, or authorized representative of the agency and who has a job-related need to have access to the information in connection with admission of applicants, eviction of tenants, or termination of assistance. For judicial eviction proceedings, disclosures may be made to the extent necessary. The Secretary shall, by regulation, establish procedures necessary to ensure that information provided under this subsection to a public housing agency is used, and confidentiality of such information is maintained, as required under this subsection. The Secretary shall establish standards for confidentiality of information obtained under this subsection by public housing agencies on behalf of owners.

[12] See References in Text note below.

(6) Penalty

Any person who knowingly and willfully requests or obtains any information concerning an applicant for, or tenant of, covered housing assistance pursuant to the authority under this subsection under false pretenses, or any person who knowingly and willfully discloses any such information in any manner to any individual not entitled under any law to receive it, shall be guilty of a misdemeanor and fined not more than $5,000. The term ''person'' as used in this paragraph include[13] an officer, employee, or authorized representative of any public housing agency.

(7) Civil action

Any applicant for, or tenant of, covered housing assistance affected by (A) a negligent or knowing disclosure of information referred to in this subsection about such person by an officer, employee, or authorized representative of any public housing agency, which disclosure is not authorized by this subsection, or (B) any other negligent or knowing action that is inconsistent with this subsection, may bring a civil action for damages and such other relief as may be appropriate against any public housing agency responsible for such unauthorized action. The district court of the United States in the district in which the affected applicant or tenant resides, in which such unauthorized action occurred, or in which the officer, employee, or representative alleged to be responsible for any such unauthorized action resides, shall have jurisdiction in such matters. A public housing agency may establish procedures for maintaining waiting lists for admissions to public housing projects of the agency, which may include (notwithstanding any other law, regulation, handbook, or notice to the contrary) a system of site-based waiting lists under which applicants may apply directly at or otherwise designate the project or projects in which they seek to reside. All such procedures shall comply with all provisions of title VI of the Civil Rights Act of 1964 [42 U.S.C. 2000d et seq.], the Fair Housing Act [42 U.S.C. 3601 et seq.], and other applicable civil rights laws.

(ii) is not misused or improperly disseminated; and

(iii) is destroyed, as applicable—

(I) not later than 5 business days after the date on which the public housing agency gives final approval for an application for admission; or

(II) if the public housing agency denies the application for admission, in a timely manner after the date on which the statute of limitations for the commencement of a civil action from the applicant based upon that denial of admission has expired.

(C) Expiration of written consent

In addition to the requirements of subparagraph (B), an applicant's signed written consent shall expire automatically after the public housing agency has made a final decision to either approve or deny the applicant's application for admittance to public housing.

(3) Prohibition of discriminatory treatment of applicants

(I) the public housing agency receives information from the criminal record of the applicant that indicates evidence of a prior arrest or conviction; or

(II) the public housing agency receives information from the records of prior tenancy of the applicant that demonstrates that the applicant—

(aa) engaged in the destruction of property;

(bb) engaged in violent activity against another person; or

(cc) interfered with the right of peaceful enjoyment of the premises of another tenant.

(4) Fee permitted

A drug abuse treatment facility may charge a public housing agency a reasonable fee for information provided under this subsection.

(5) Disclosure permitted by treatment facilities

(u) Certification and confidentiality

(1) Certification

(A) In general

Such certification shall include the name of the perpetrator. The individual shall provide such certification within 14 business days after the public housing agency requests such certification.

(B) Failure to provide certification

If the individual does not provide the certification within 14 business days after the

public housing agency has requested such certification in writing, nothing in this subsection, or in paragraph (5) or (6) of subsection (*l*) of this section, may be construed to limit the authority of the public housing agency to evict any tenant or lawful occupant that commits violations of a lease. § 1437e. Designated housing for elderly and disabled families

(a) Authority to provide designated housing

(1) In general

Subject only to provisions of this section and notwithstanding any other provision of law, a public housing agency for which a plan under subsection (d) of this section is in effect may provide public housing projects (or portions of projects) designated for occupancy by (A) only elderly families, (B) only disabled families, or (C) elderly and disabled families.

(2) Priority for occupancy

In determining priority for admission to public housing projects (or portions of projects) that are designated for occupancy as provided in paragraph (1), the public housing

agency may make units in such projects (or portions) available only to the types of families for whom the project is designated.

(3) Eligibility of near-elderly families

If a public housing agency determines that there are insufficient numbers of elderly families to fill all the units in a project (or portion of a project) designated under paragraph (1) for occupancy by only elderly families, the agency may provide that near-elderly families may occupy dwelling units in the project (or portion).

(b) Standards regarding evictions

Except as provided in section 1437n(e)(1)(B)[1] of this title, any tenant who is lawfully residing in a dwelling unit in a public housing project may not be evicted or otherwise required to vacate such unit because of the designation of the project (or portion of a project) pursuant to this section or because of any action taken by the Secretary or any public housing agency pursuant to this section.

(c) Relocation assistance

A public housing agency that designates any existing project or building, or portion thereof, for occupancy as provided under subsection (a)(1) of this section shall provide, to each person and family who agrees to be relocated in connection with such designation—

(1) notice of the designation and an explanation of available relocation benefits, as soon as is practicable for the agency and the person or family;

(2) access to comparable housing (including appropriate services and design features), which may include tenant-based rental assistance under section 1437f of this title, at a rental rate paid by the tenant that is comparable to that applicable to the unit from which the person or family has vacated; and

(3) payment of actual, reasonable moving expenses.

(d) Required plan

A plan under this subsection for designating a project (or portion of a project) for occupancy under subsection (a)(1) of this section is a plan, prepared by the public housing agency for the project and submitted to the Secretary, that—

(1) establishes that the designation of the project is necessary—

(A) to achieve the housing goals for the jurisdiction under the comprehensive housing affordability strategy under section 12705 of this title; and

(B) to meet the housing needs of the low-income population of the jurisdiction; and

(2) includes a description of—

(A) the project (or portion of a project) to be designated;

(B) the types of tenants for which the project is to be designated;

(C) any supportive services to be provided to tenants of the designated project (or portion);

(D) how the design and related facilities (as such term is defined in section 1701q(d)(8)[1] of title 12) of the project accommodate the special environmental needs of the intended occupants; and

(E) any plans to secure additional resources or housing assistance to provide assistance to families that may have been housed if occupancy in the project were not restricted pursuant to this section.

For purposes of this subsection, the term ''supportive services'' means services designed to meet the special needs of residents.

(e) Review of plans

(1) Review and notification

The Secretary shall conduct a limited review of each plan under subsection (d) of this section that is submitted to the Secretary to ensure that the plan is complete and complies with the requirements of subsection (d) of this section. The Secretary shall notify each public housing agency submitting a plan whether the plan complies with such requirements not later than 60 days after receiving the plan. If the Secretary does not notify the public housing agency, as required under this paragraph or paragraph (2), the plan shall be considered, for purposes of this section, to comply with the requirements under subsection (d) of this section and the Secretary shall be considered to have notified the agency of such compliance upon the expiration of such 60-day period.

(2) Notice of reasons for determination of noncompliance

If the Secretary determines that a plan, as submitted, does not comply with the requirements under subsection (d) of this section, the Secretary shall specify in the notice under paragraph (1) the reasons for the noncompliance and any modifications necessary for the plan to meet such requirements.

(3) Standards for determination of noncompliance

The Secretary may determine that a plan does not comply with the requirements under subsection (d) of this section only if—

(A) the plan is incomplete in significant matters required under such subsection; or

(B) there is evidence available to the Secretary that challenges, in a substantial manner, any information provided in the plan.

(4) Treatment of existing plans

Notwithstanding any other provision of this section, a public housing agency shall be considered to have submitted a plan under this subsection if the agency has submitted to the Secretary an application and allocation plan under this section (as in effect before March 28, 1996) that have not been approved or disapproved before March 28, 1996.

(f) Effectiveness

(1) 5-year effectiveness of original plan

A plan under subsection (d) of this section shall be in effect for purposes of this section during the 5-year period that begins upon notification under subsection (e)(1) of this section of the public housing agency that the plan complies with the requirements under subsection (d) of this section.

[1] See References in Text note below.

(2) Renewal of plan

Upon the expiration of the 5-year period under paragraph (1) or any 2-year period under this paragraph, an agency may extend the effectiveness of the designation and plan for an additional 2-year period (that begins upon such expiration) by submitting to the Secretary any information needed to update the plan. The Secretary may not limit the number of times a public housing agency extends the effectiveness of a designation and plan under this paragraph.

(3) Transition provision

Any application and allocation plan approved under this section (as in effect before March 28, 1996) before March 28, 1996, shall be considered to be a plan under subsection (d) of this section that is in effect for purposes of this section for the 5-year period beginning upon such approval.

(g) Inapplicability of Uniform Relocation Assistance and Real Property Acquisitions Policy Act of 1970

No tenant of a public housing project shall be considered to be displaced for purposes of the Uniform Relocation Assistance and Real Property Acquisitions Policy Act of 1970 [42 U.S.C. 4601 et seq.] because of the designation of any existing project or building, or portion thereof, for occupancy as provided under subsection (a) of this section.

PRIOR PROVISIONS

A prior section 7 of act Sept. 1, 1937, ch. 896, 50 Stat. 891, as amended, required publication of information and submission of annual report by the Authority and was classified to section 1407 of this title, prior to the general revision of this chapter by Pub. L. 93–383.

AMENDMENTS

1998—Subsec. (h). Pub. L. 105–276 struck out heading and text of subsec. (h). Text read as follows: ''The provisions of this section shall not apply with respect to low-income housing developed or operated pursuant to a contract between the Secretary and an Indian housing authority.''

1996—Pub. L. 104–330, § 501(b)(4), which directed amendment of ''subsection 7'' of the United States Housing Act of 1937, probably meaning this section, by striking subsec. (*l*), could not be executed because this section does not contain a subsec. (*l*).

Pub. L. 104–120 amended section generally, restating former subsecs. (a) to (g) relating to designated housing as subsecs. (a) to (h) relating to designated housing for elderly and disabled families.

Subsec. (a)(2). Pub. L. 104–99, which directed the temporary amendment of par. (2) by substituting ''in accordance with the written system of preferences for selection established pursuant to'' for ''according to the preferences for occupancy under'', could not be executed because of the amendment by Pub. L. 104–120 which amended section generally retroactive to Oct. 1, 1995. See Effective and Termination Dates of 1996 Amendments note below.

1992—Pub. L. 102–550 amended section generally, substituting present provisions for provisions relating to and defining ''congregate housing'' and providing for design, development, and acquisition of congregate housing for displaced or elderly families, limitation on amounts for contracts for congregate housing, and costs for central dining facilities.

1988—Pub. L. 100–242 struck out ''annual'' before ''contributions'' in proviso.

1978—Pub. L. 95–557 substituted ''(1) low-rent housing which, as of January 1, 1979, was built or under construction, with which there is connected a central dining facility where wholesome and economical meals can be served to such occupants; or (2) low-rent housing constructed after, but not under construction prior to, January 1, 1979, connected with which there is a central dining facility to provide wholesome and economical meals for such occupants. Such occupants of congregate housing may also be provided with other supportive services appropriate to their needs under title IV of the Housing and Community Development Amendments of 1978'' for ''low-income housing (A) in which some or all of the dwelling units do not have kitchen facilities, and (B) connected with which there is a central dining facility to provide wholesome and economical meals for elderly and displaced families under terms and conditions prescribed by the public housing agency to permit a generally self-supporting operation''.

Amendment by Pub. L. 104–120 to be construed to have become effective Oct. 1, 1995, notwithstanding the effective date of any regulations issued by Secretary of Housing and Urban Development to implement amendments by sections 9 and 10 of Pub. L. 104–120 or any failure by Secretary to issue any such regulations, see section 13 of Pub. L. 104–120, set out as a note under section 1437d of this title.

INAPPLICABILITY OF CERTAIN 1992 AMENDMENTS TO INDIAN PUBLIC HOUSING

Amendment by Pub. L. 102–550 not applicable with respect to lower income housing developed or operated pursuant to contract between Secretary of Housing and Urban Development and Indian housing authority, see section 626 of Pub. L. 102–550, set out as a note under section 1437a of this title.

§ 1437f. Low-income housing assistance

(a) Authorization for assistance payments

For the purpose of aiding low-income families in obtaining a decent place to live and of promoting economically mixed housing, assistance payments may be made with respect to existing housing in accordance with the provisions of this section.

(b) Other existing housing programs

(1) IN GENERAL.—The Secretary is authorized to enter into annual contributions contracts with public housing agencies pursuant to which such agencies may enter into contracts to make assistance payments to owners of existing dwelling units in accordance with this section. In areas where no public housing agency has been organized or where the Secretary determines that a public housing agency is unable to implement the provisions of this section, the Secretary is authorized to enter into such contracts and to perform the other functions assigned to a public housing agency by this section.

(2) The Secretary is authorized to enter into annual contributions contracts with public housing agencies for the purpose of replacing public housing transferred in accordance with subchapter II–A of this chapter. Each contract entered into under this subsection shall be for a term of not more than 60 months.

(c) Contents and purposes of contracts for assistance payments; amount and scope of monthly assistance payments

(1) An assistance contract entered into pursuant to this section shall establish the maximum monthly rent (including utilities and all maintenance and management charges) which the owner is entitled to receive for each dwelling unit with respect to which such assistance payments are to be made. The maximum monthly rent shall not exceed by more than 10 per centum the fair market rental established by the Secretary periodically but not less than annually for existing or newly constructed rental dwelling units of various sizes and types in the market area suitable for occupancy by persons assisted under this section, except that the maximum monthly rent may exceed the fair market rental (A) by more than 10 but not more than 20 per centum where the Secretary determines that special circumstances warrant such higher maximum rent or that such higher rent is necessary to the implementation of a housing strategy as defined in section 12705 of this title, or (B) by such higher amount as may be requested by a tenant and approved by the public housing agency in accordance with paragraph (3)(B). In the case of newly constructed and substantially rehabilitated units, the exception in the preceding sentence shall not apply to more than 20 per centum of the total amount of authority to enter into annual contributions contracts for such units which is allocated to an area and obligated with respect to any fiscal year beginning on or after October 1, 1980. Proposed fair market rentals for an area shall be published in the Federal Register with reasonable time for public comment, and shall become effective upon the date of publication in final form in the Federal Register. Each fair market rental in effect under this subsection shall be adjusted to be effective on October 1 of each year to reflect changes, based on the most recent available data trended so the rentals will be current for the year to which they apply, of rents for existing or newly constructed rental dwelling units, as the case may be, of various sizes and types in the market area suitable for occupancy by persons assisted under this section. Notwithstanding any other provision of this section, after October 12, 1977, the Secretary shall prohibit high-rise elevator projects for families with children unless there is no practical alternative. The Secretary shall establish separate fair market rentals under this paragraph for Westchester County in the State of New York. The Secretary shall also establish separate fair market rentals under this paragraph for Monroe County in the Commonwealth of Pennsylvania. In establishing fair market rentals for the remaining portion of the market area in which Monroe County is located, the Secretary shall establish the fair market rentals as if such portion included Monroe County. If units assisted under this section are exempt from local rent control while they are so assisted or otherwise, the maximum monthly rent for such units shall be reasonable in comparison with other units in the market area that are exempt from local rent control.

(2)(A) The assistance contract shall provide for adjustment annually or more frequently in the maximum monthly rents for units covered by the contract to reflect changes in the fair market rentals established in the housing area for similar types and sizes of dwelling units or, if the Secretary determines, on the basis of a reasonable formula. However, where the maximum monthly rent, for a unit in a new construction, substantial rehabilitation, or moderate rehabilitation project, to be adjusted using an annual adjustment factor exceeds the fair market rental for an existing dwelling unit in the market area, the Secretary shall adjust the rent only to the extent that the owner demonstrates that the adjusted rent would not exceed the rent for an unassisted unit of similar quality, type, and age in the same market area, as determined by the Secretary. The immediately foregoing sentence shall be effective only during fiscal year 1995, fiscal year 1996 prior to April 26, 1996, and fiscal years 1997 and 1998, and during fiscal year 1999 and thereafter. Except for assistance under the certificate program, for any unit occupied by the same family at the time of the last annual rental adjustment, where the assistance contract provides for the adjustment of the maximum monthly rent by applying an annual adjustment factor and where the rent for a unit is otherwise eligible for an adjustment based on the full amount of the factor, 0.01 shall be subtracted from the amount of the factor, except that the factor shall not be reduced to less than

1.0. In the case of assistance under the certificate program, 0.01 shall be subtracted from the amount of the annual adjustment factor (except that the factor shall not be reduced to less than 1.0), and the adjusted rent shall not exceed the rent for a comparable unassisted unit of similar quality, type, and age in the market area. The immediately foregoing two sentences shall be effective only during fiscal year 1995, fiscal year 1996 prior to April 26, 1996, and fiscal years 1997 and 1998, and during fiscal year 1999 and thereafter. In establishing annual adjustment factors for units in new construction and substantial rehabilitation projects, the Secretary shall take into account the fact that debt service is a fixed expense. The immediately foregoing sentence shall be effective only during fiscal year 1998.

(B) The contract shall further provide for the Secretary to make additional adjustments in the maximum monthly rent for units under contract to the extent he determines such adjustments are necessary to reflect increases in the actual and necessary expenses of owning and maintaining the units which have resulted from substantial general increases in real property taxes, utility rates, or similar costs which are not adequately compensated for by the adjustment in the maximum monthly rent authorized by subparagraph (A). The Secretary shall make additional adjustments in the maximum monthly rent for units under contract (subject to the availability of appropriations for contract amendments) to the extent the Secretary determines such adjustments are necessary to reflect increases in the actual and necessary expenses of owning and maintaining the units that have resulted from the expiration of a real property tax exemption. Where the Secretary determines that a project assisted under this section is located in a community where drug-related criminal activity is generally prevalent and the project's operating, maintenance, and capital repair expenses have been substantially increased primarily as a result of the prevalence of such drug-related activity, the Secretary may (at the discretion of the Secretary and subject to the availability of appropriations for contract amendments for this purpose), on a project by project basis, provide adjustments to the maximum monthly rents, to a level no greater than 120 percent of the project rents, to cover the costs of maintenance, security, capital repairs, and reserves required for the owner to carry out a strategy acceptable to the Secretary for addressing the problem of drug-related criminal activity. Any rent comparability standard required under this paragraph may be waived by the Secretary to so implement the preceding sentence. The Secretary may (at the discretion of the Secretary and subject to the availability of appropriations for contract amendments), on a project by project basis for projects receiving project-based assistance, provide adjustments to the maximum monthly rents to cover the costs of evaluating and reducing lead-based paint hazards, as defined in section 4851b of this title.

(C) Adjustments in the maximum rents under subparagraphs (A) and (B) shall not result in material differences between the rents charged for assisted units and unassisted units of similar quality, type, and age in the same market area, as determined by the Secretary. In implementing the limitation established under the preceding sentence, the Secretary shall establish regulations for conducting comparability studies for projects where the Secretary has reason to believe that the application of the formula adjustments under subparagraph (A) would result in such material differences. The Secretary shall conduct such studies upon the request of any owner of any project, or as the Secretary determines to be appropriate by establishing, to the extent practicable, a modified annual adjustment factor for such market area, as the Secretary shall designate, that is geographically smaller than the applicable housing area used for the establishment of the annual adjustment factor under subparagraph (A). The Secretary shall establish such modified annual adjustment factor on the basis of the results of a study conducted by the Secretary of the rents charged, and any change in such rents over the previous year, for assisted units and unassisted units of similar quality, type, and age in the smaller market area. Where the Secretary determines that such modified annual adjustment factor cannot be established or that such factor when applied to a particular project would result in material differences between the rents charged for assisted units and unassisted units of similar quality, type, and age in the same market area, the Secretary may apply an alternative methodology for conducting comparability studies in order to establish rents that are not materially different from rents charged for comparable unassisted units. If the Secretary or appropriate State agency does not complete and submit to the project owner a comparability study not later than 60 days before the anniversary date of the assistance contract under this section, the automatic annual adjustment factor shall be applied. The Secretary may not reduce the contract rents in effect on or after April 15, 1987, for newly constructed, substantially rehabilitated, or moderately rehabilitated projects assisted under this section (including projects assisted under this section as in effect prior to November 30, 1983), unless the project has been refinanced in a manner that reduces the periodic payments of the owner. Any maximum monthly rent that has been reduced by the Secretary after April 14, 1987, and prior to November 7, 1988, shall be restored to the maximum monthly rent in effect on April 15, 1987. For any project which has had its maximum monthly rents reduced after April 14, 1987, the Secretary shall make assistance payments (from amounts reserved for the original contract) to the owner of such project in an amount equal to the difference between the maximum monthly rents in effect on April 15, 1987, and the reduced maximum monthly rents, multiplied by the number of months that the reduced maximum monthly rents were in effect.

(3) The amount of the monthly assistance payment with respect to any dwelling unit shall be the difference between the maximum monthly rent which the contract provides that the owner is to receive for the unit and the rent the family is required to pay under section 1437a(a) of this title. Reviews of family income shall be made no less frequently than annually.

(4) The assistance contract shall provide that assistance payments may be made only with respect to a dwelling unit under lease for occupancy by a family determined to be a lower income family at the time it initially occupied such dwelling unit, except that such payments may be made with respect to unoccupied units for a period not exceeding sixty days (A) in the event that a family vacates a dwelling unit before the expiration date of the lease for occupancy or (B) where a good faith effort is being made to fill an unoccupied unit, and, subject to the provisions of the following sentence, such payments may be made, in the case of a newly constructed or substantially rehabilitated project, after such sixty-day period in an amount equal to the debt service attributable to such an unoccupied dwelling unit for a period not to exceed one year, if a good faith effort is being made to fill the unit and the unit provides decent, safe, and sanitary housing. No such payment may be made after such sixty-day period if the Secretary determines that the dwelling unit is in a project which provides the owner with revenues exceeding the costs incurred by such owner with respect to such project.

(5) The Secretary shall take such steps as may be necessary, including the making of contracts for assistance payments in amounts in excess of the amounts required at the time of the initial renting of dwelling units, the reservation of annual contributions authority for the purpose of amending housing assistance contracts, or the allocation of a portion of new authorizations for the purpose of amending housing assistance contracts, to assure that assistance payments are increased on a timely basis to cover increases in maximum monthly rents or decreases in family incomes.

(6) Redesignated (5).

(7) Repealed. Pub. L. 105–276, title V, § 550(a)(3)(C), Oct. 21, 1998, 112 Stat. 2609.

(8)(A) Not less than one year before termination of any contract under which assistance payments are received under this section, other than a contract for tenant-based assistance under this section, an owner shall provide written notice to the Secretary and the tenants involved of the proposed termination. The notice shall also include a statement that, if the Congress makes funds available, the owner and the Secretary may agree to a renewal of the contract, thus avoiding termination, and that in the event of termination the Department of Housing and Urban Development will provide tenant-based rental assistance to all eligible residents, enabling them to choose the place they wish to rent, which is likely to include the dwelling unit in which they currently reside. Any contract covered by this paragraph that is renewed may be renewed for a period of up to 1 year or any number or years, with payments subject to the availability of appropriations for any year.

(B) In the event the owner does not provide the notice required, the owner may not evict the tenants or increase the tenants' rent payment until such time as the owner has provided the notice and 1 year has elapsed. The Secretary may allow the owner to renew the terminating contract for a period of time sufficient to give tenants 1 year of advance notice under such terms and conditions as the Secretary may require.

(C) Any notice under this paragraph shall also comply with any additional requirements established by the Secretary.

(D) For purposes of this paragraph, the term ''termination'' means the expiration of the assistance contract or an owner's refusal to renew the assistance contract, and such term shall include termination of the contract for business reasons.

(9)(A) That an applicant or participant is or has been a victim of domestic violence, dating violence, or stalking is not an appropriate basis for denial of program assistance or for denial of admission, if the applicant otherwise qualifies for assistance or admission.

(B) An incident or incidents of actual or threatened domestic violence, dating violence, or stalking will not be construed as a serious or repeated violation of the lease by the victim or threatened victim of that violence and shall not be good cause for terminating the assistance, tenancy, or occupancy rights of the victim of such violence.

(C)(i) Criminal activity directly relating to domestic violence, dating violence, or stalking, engaged in by a member of a tenant's household or any guest or other person under the tenant's control shall not be cause for termination of assistance, tenancy, or occupancy rights if the tenant or an immediate member of the tenant's family is the victim or threatened victim of that domestic violence, dating violence, or stalking.

(ii) Notwithstanding clause (i), an owner or manager may bifurcate a lease under this section, in order to evict, remove, or terminate assistance to any individual who is a tenant or lawful occupant and who engages in criminal acts of physical violence against family members or others, without evicting, removing, terminating assistance to, or otherwise penalizing the victim of such violence who is also a tenant or lawful occupant.

(iii) Nothing in clause (i) may be construed to limit the authority of a public housing agency, owner, or manager, when notified, to honor court orders addressing rights of access to or control of the property, including civil protection orders issued to protect the victim and issued to address the distribution or possession of property among the household members in cases where a family breaks up.

(iv) Nothing in clause (i) limits any otherwise available authority of an owner or manager to evict or the public housing agency to terminate assistance to a tenant for any violation of a lease not premised on the act or acts of violence in question against the tenant or a member of the tenant's household, provided that the owner or manager does not subject an individual who is or has been a victim of domestic violence, dating violence, or stalking to a more demanding standard than other tenants in determining whether to evict or terminate.

(v) Nothing in clause (i) may be construed to limit the authority of an owner, manager, or public housing agency to evict or terminate from assistance any tenant or lawful occupant if the owner, manager or public housing agency

can demonstrate an actual and imminent threat to other tenants or those employed at or providing service to the property if that tenant is not evicted or terminated from assistance.

(vi) Nothing in this section shall be construed to supersede any provision of any Federal, State, or local law that provides greater protection than this section for victims of domestic violence, dating violence, or stalking.

(d) Required provisions and duration of contracts for assistance payments; waiver of limitation

(1) Contracts to make assistance payments entered into by a public housing agency with an owner of existing housing units shall provide (with respect to any unit) that—

(A) the selection of tenants shall be the function of the owner, subject to the annual contributions contract between the Secretary and the agency, except that with respect to the certificate and moderate rehabilitation programs only, for the purpose of selecting families to be assisted, the public housing agency may establish local preferences, consistent with the public housing agency plan submitted under section 1437c–1 of this title by the public housing agency and that an applicant or participant is or has been a victim of domestic violence, dating violence, or stalking is not an appropriate basis for denial of program assistance or for denial of admission if the applicant otherwise qualifies for assistance or admission;

(B)(i) the lease between the tenant and the owner shall be for at least one year or the term of such contract, whichever is shorter, and shall contain other terms and conditions specified by the Secretary;

(iii) during the term of the lease, any criminal activity that threatens the health, safety, or right to peaceful enjoyment of the premises by other tenants, any criminal activity that threatens the health, safety, or right to peaceful enjoyment of their residences by persons residing in the immediate vicinity of the premises, or any drug-related criminal activity on or near such premises, engaged in by a tenant of any unit, any member of the tenant's household, or any guest or other person under the tenant's control, shall be cause for termination of tenancy, except that: (I) criminal activity directly relating to domestic violence, dating violence, or stalking, engaged in by a member of a tenant's household or any guest or other person under the tenant's control, shall not be cause for termination of the tenancy or occupancy rights or program assistance, if the tenant or immediate member of the tenant's family is a victim of that domestic violence, dating violence, or stalking; (II) notwithstanding subclause (I), a public housing agency may terminate assistance to any individual who is a tenant or lawful occupant and who engages in criminal acts of physical violence against family members or others, or an owner or manager under this section may bifurcate a lease, in order to evict, remove, or terminate assistance to any individual who is a tenant or lawful occupant and who engages in criminal acts of physical violence against family members or others, without evicting, removing, terminating assistance to, or otherwise penalizing the victim of such violence who is also a tenant or lawful occupant; (III) nothing in subclause (I) may be construed to limit the authority of a public housing agency, owner, or manager, when notified, to honor court orders addressing rights of access to or control of the property, including civil protection orders issued to protect the victim and issued to address the distribution or possession of property among the household members in cases where a family breaks up; (IV) nothing in subclause (I) limits any otherwise available authority of an owner or manager to evict or the public housing agency to terminate assistance to a tenant for any violation of a lease not premised on the act or acts of violence in question against the tenant or a member of the tenant's household, provided that the owner, manager, or public housing agency does not subject an individual who is or has been a victim of domestic violence, dating violence, or stalking to a more demanding standard than other tenants in determining whether to evict or terminate; (V) nothing in subclause (I) may be construed to limit the authority of an owner or manager to evict, or the public housing agency to terminate assistance,[1] to any tenant if the owner, manager, or public housing agency can demonstrate an actual and imminent threat to other tenants or those employed at or providing service to the property if that tenant is not evicted or terminated from assistance; and (VI) nothing in this section shall be construed to supersede any provision of any Federal, State, or local law that provides greater protection than this section for victims of domestic violence, dating violence, or stalking.;[2]

(iv) any termination of tenancy shall be preceded by the owner's provision of written notice to the tenant specifying the grounds for such action; and

(v) it shall be cause for termination of the tenancy of a tenant if such tenant—

(I) is fleeing to avoid prosecution, or custody or confinement after conviction, under the laws of the place from which the individual flees, for a crime, or attempt to commit a crime, which is a felony under the laws of the place from which the individual flees, or which, in the case of the State of New Jersey, is a high misdemeanor under the laws of such State; or

(2)(A) Each contract for an existing structure entered into under this section shall be for a term of not less than one month nor more than one hundred and eighty months. The Secretary shall permit public housing agencies to enter into contracts for assistance payments of less than 12 months duration in order to avoid disruption in assistance to eligible families if the annual contributions contract is within 1 year of its expiration date.

(B)(i) In determining the amount of assistance provided under an assistance contract for project-based assistance under this paragraph or a contract for assistance for housing constructed or substantially rehabilitated pursuant to assistance provided under subsection (b)(2) of this section (as such subsection existed immediately before October 1, 1983), the Secretary may consider and annually adjust, with respect to such project, for the cost of employing or otherwise retaining the services of one or more service coordinators under section 661[3] of the Housing and Community Development Act of 1992 [42 U.S.C. 13631] to coordinate the provision of any services within the project for residents of the project who are elderly or disabled families.

(3) Notwithstanding any other provision of law, with the approval of the Secretary the public housing agency administering a contract under this section with respect to existing housing units may exercise all management and maintenance responsibilities with respect to those units pursuant to a contract between such agency and the owner of such units.

(4) A public housing agency that serves more than one unit of general local government may, at the discretion of the agency, in allocating assistance under this section, give priority to disabled families that are not elderly families.

(5) CALCULATION OF LIMIT.—Any contract entered into under section 514 of the Multifamily Assisted Housing Reform and Affordability Act of 1997 shall be excluded in computing the limit on project-based assistance under this subsection.

(6) TREATMENT OF COMMON AREAS.—The Secretary may not provide any assistance amounts pursuant to an existing contract for project-based assistance under this section for a housing project and may not enter into a new or renewal contract for such assistance for a project unless the owner of the project provides consent, to such local law enforcement agencies as the Secretary determines appropriate, for law enforcement officers of such agencies to enter common areas of the project at any time and without advance notice upon a determination of probable cause by such officers that criminal activity is taking place in such areas.

(*o*) Voucher program

(1) Authority

(A) In general

The Secretary may provide assistance to public housing agencies for tenant-based assistance using a payment standard established in accordance with subparagraph (B). The payment standard shall be used to determine the monthly assistance that may be paid for any family, as provided in paragraph (2).

(B) Establishment of payment standard

Except as provided under subparagraph (D), the payment standard for each size of dwelling unit in a market area shall not exceed 110 percent of the fair market rental established under subsection (c) of this section for the same size of dwelling unit in the same market area and shall be not less than 90 percent of that fair market rental.

(C) Set-aside

The Secretary may set aside not more than 5 percent of the budget authority made available for assistance under this subsection as an adjustment pool. The Sec-

retary shall use amounts in the adjustment pool to make adjusted payments to public housing agencies under subparagraph (A), to ensure continued affordability, if the Secretary determines that additional assistance for such purpose is necessary, based on documentation submitted by a public housing agency.

(D) Approval

The Secretary may require a public housing agency to submit the payment standard of the public housing agency to the Secretary for approval, if the payment standard is less than 90 percent of the fair market rental or exceeds 110 percent of the fair market rental.

(E) Review

The Secretary—

(i) shall monitor rent burdens and review any payment standard that results in a significant percentage of the families occupying units of any size paying more than 30 percent of adjusted income for rent; and

(ii) may require a public housing agency to modify the payment standard of the public housing agency based on the results of that review.

(2) Amount of monthly assistance payment

Subject to the requirement under section 1437a(a)(3) of this title (relating to minimum rental amount), the monthly assistance payment for a family receiving assistance under this subsection shall be determined as follows:

(A) Tenant-based assistance; rent not exceeding payment standard

For a family receiving tenant-based assistance, if the rent for the family (including the amount allowed for tenant-paid utilities) does not exceed the applicable payment standard established under paragraph (1), the monthly assistance payment for the family shall be equal to the amount by which the rent (including the amount allowed for tenant-paid utilities) exceeds the greatest of the following amounts, rounded to the nearest dollar:

(i) 30 percent of the monthly adjusted income of the family.

(ii) 10 percent of the monthly income of the family.

(iii) If the family is receiving payments for welfare assistance from a public agency and a part of those payments, adjusted in accordance with the actual housing costs of the family, is specifically designated by that agency to meet the housing costs of the family, the portion of those payments that is so designated.

(B) Tenant-based assistance; rent exceeding payment standard

For a family receiving tenant-based assistance, if the rent for the family (including the amount allowed for tenant-paid utilities) exceeds the applicable payment standard established under paragraph (1), the monthly assistance payment for the family shall be equal to the amount by which the applicable payment standard exceeds the greatest of amounts under clauses (i), (ii), and (iii) of subparagraph (A).

(C) Families receiving project-based assistance

For a family receiving project-based assistance, the rent that the family is required to pay shall be determined in accordance with section 1437a(a)(1) of this title, and the amount of the housing assistance payment shall be determined in accordance with subsection (c)(3) of this section.

(3) 40 percent limit

At the time a family initially receives tenant-based assistance under this section with respect to any dwelling unit, the total amount that a family may be required to pay for rent may not exceed 40 percent of the monthly adjusted income of the family.

(4) Eligible families

To be eligible to receive assistance under this subsection, a family shall, at the time a family initially receives assistance under this subsection, be a low-income family that is—

(A) a very low-income family;

(B) a family previously assisted under this subchapter;

(5) Annual review of family income

(A) In general

Reviews of family incomes for purposes of this section shall be subject to the provisions of section 3544 of this title and shall be conducted upon the initial provision of housing assistance for the family and thereafter not less than annually.

(B) Procedures

Each public housing agency administering assistance under this subsection shall establish procedures that are appropriate and necessary to ensure that income data provided to the agency and owners by families applying for or receiving assistance from the agency is complete and accurate. Each public housing agency shall, not less frequently than annually, conduct a review of the family income of each family receiving assistance under this subsection.

(6) Selection of families and disapproval of owners

(A) Preferences

(i) Authority to establish

Each public housing agency may establish a system for making tenant-based assistance under this subsection available on

behalf of eligible families that provides preference for such assistance to eligible families having certain characteristics, which may include a preference for families residing in public housing who are victims of a crime of violence (as such term is defined in section 16 of title 18) that has been reported to an appropriate law enforcement agency.

(ii) Content

Each system of preferences established pursuant to this subparagraph shall be based upon local housing needs and priorities, as determined by the public housing agency using generally accepted data sources, including any information obtained pursuant to an opportunity for public comment as provided under section 1437c–1(f) of this title and under the requirements applicable to the comprehensive housing affordability strategy for the relevant jurisdiction.

(B) Selection of tenants

Each housing assistance payment contract entered into by the public housing agency and the owner of a dwelling unit)[5] shall provide that the screening and selection of families for those units shall be the function of the owner. In addition, the public housing agency may elect to screen applicants for the program in accordance with such requirements as the Secretary may establish. That an applicant or participant is or has been a victim of domestic violence, dating violence, or stalking is not an appropriate basis for denial of program assistance by[6] or for denial of admission if the applicant otherwise qualifies for assistance for[7] admission, and that[8] nothing in this section shall be construed to supersede any provision of any Federal, State, or local law that provides greater protection than this section for victims of domestic violence, dating violence, or stalking.

(C) PHA disapproval of owners

In addition to other grounds authorized by the Secretary, a public housing agency may elect not to enter into a housing assistance payments contract under this subsection with an owner who refuses, or has a history of refusing, to take action to terminate tenancy for activity engaged in by the tenant, any member of the tenant's household, any guest, or any other person under the control of any member of the household that—

(i) threatens the health or safety of, or right to peaceful enjoyment of the premises by, other tenants or employees of the public housing agency, owner, or other manager of the housing;

(ii) threatens the health or safety of, or right to peaceful enjoyment of the residences by, persons residing in the immediate vicinity of the premises; or

(iii) is drug-related or violent criminal activity.

(7) Leases and tenancy

Each housing assistance payment contract entered into by the public housing agency and the owner of a dwelling unit—

(A) shall provide that the lease between the tenant and the owner shall be for a term of not less than 1 year, except that the public housing agency may approve a shorter term for an initial lease between the tenant and the dwelling unit owner if the public housing agency determines that such shorter term would improve housing opportunities for the tenant and if such shorter term is considered to be a prevailing local market practice;

(B) shall provide that the dwelling unit owner shall offer leases to tenants assisted under this subsection that—

(i) are in a standard form used in the locality by the dwelling unit owner; and

(ii) contain terms and conditions that—

(I) are consistent with State and local law; and

(II) apply generally to tenants in the property who are not assisted under this section;

(C) shall provide that during the term of the lease, the owner shall not terminate the tenancy except for serious or repeated violation of the terms and conditions of the lease, for violation of applicable Federal, State, or local law, or for other good cause, and that an incident or incidents of actual or threatened domestic violence, dating violence, or stalking shall not be construed as a serious or repeated violation of the lease by the victim or threatened victim of that violence and shall not be good cause for terminating the tenancy or occupancy rights of the victim of such violence;

(D) shall provide that during the term of the lease, any criminal activity that threatens the health, safety, or right to peaceful enjoyment of the premises by other tenants, any criminal activity that threatens the health, safety, or right to peaceful enjoyment of their residences by persons residing in the immediate vicinity of the premises, or any violent or drug-related criminal activity on or near such premises, engaged in by a tenant of any unit, any member of the tenant's household, or any guest or other person under the tenant's control, shall be cause for termination of tenancy; except that (i) criminal activity directly relating to domestic violence, dating violence, or stalking, engaged in by a member of a tenant's household or any guest or other person under the tenant's control shall not be cause for termination of the tenancy or occupancy rights, if the tenant or immediate member of the tenant's family is a victim of that domestic violence, dating violence, or stalking; (ii) notwithstanding clause (i), a public housing agency may terminate assistance to any individual who is a tenant or lawful occupant and who engages in criminal acts of physical violence against family members or

others, or an owner or manager may bifurcate a lease under this section, in order to evict, remove, or terminate assistance to any individual who is a tenant or lawful occupant and who engages in criminal acts of physical violence against family members or others, without evicting, removing, terminating assistance to, or otherwise penalizing the victim of such violence who is also a tenant or lawful occupant; (iii) nothing in clause (i) may be construed to limit the authority of a public housing agency, owner, or manager, when notified, to honor court orders addressing rights of access to control of the property, including civil protection orders issued to protect the victim and issued to address the distribution or possession of property among the household members in cases where a family breaks up; (iv) nothing in clause (i) limits any otherwise available authority of an owner or manager to evict or the public housing agency to terminate assistance to a tenant for any violation of a lease not premised on the act or acts of violence in question against the tenant or a member of the tenant's household, provided that the owner, manager, or public housing agency does not subject an individual who is or has been a victim of domestic violence, dating violence, or stalking to a more demanding standard than other tenants in determining whether to evict or terminate; (v) nothing in clause (i) may be construed to limit the authority of an owner or manager to evict, or the public housing agency to terminate,[9] assistance to any tenant if the owner, manager, or public housing agency can demonstrate an actual and imminent threat to other tenants or those employed at or providing service to the property if that tenant is not evicted or terminated from assistance; and (vi) nothing in this section shall be construed to supersede any provision of any Federal, State, or local law that provides greater protection than this section for victims of domestic violence, dating violence, or stalking.;[10]

(E) shall provide that any termination of tenancy under this subsection shall be preceded by the provision of written notice by the owner to the tenant specifying the grounds for that action, and any relief shall be consistent with applicable State and local law; and

(F) may include any addenda required by the Secretary to set forth the provisions of this subsection.

(8) Inspection of units by PHAs

(A) In general

Except as provided in paragraph (11), for each dwelling unit for which a housing assistance payment contract is established under this subsection, the public housing agency shall inspect the unit before any assistance payment is made to determine whether the dwelling unit meets the housing quality standards under subparagraph (B).

(B) Housing quality standards

The housing quality standards under this subparagraph are standards for safe and habitable housing established—

(i) by the Secretary for purposes of this subsection; or

(ii) by local housing codes or by codes adopted by public housing agencies that—

(I) meet or exceed housing quality standards, except that the Secretary may waive the requirement under this subclause to significantly increase access to affordable housing and to expand housing opportunities for families assisted under this subsection, except where such waiver could adversely affect the health or safety of families assisted under this subsection; and

(II) do not severely restrict housing choice[11]

(C) Inspection

The determination required under subparagraph (A) shall be made by the public housing agency (or other entity, as provided in paragraph (11)) pursuant to an inspection of the dwelling unit conducted before any assistance payment is made for the unit. Inspections of dwelling units under this subparagraph shall be made before the expiration of the 15-day period beginning upon a request by the resident or landlord to the public housing agency or, in the case of any public housing agency that provides assistance under this subsection on behalf of more than 1250 families, before the expiration of a reasonable period beginning upon such request. The performance of the agency in meeting the 15-day inspection deadline shall be taken into consideration in assessing the performance of the agency.

(D) Annual inspections

Each public housing agency providing assistance under this subsection (or other entity, as provided in paragraph (11)) shall make an annual inspection of each assisted dwelling unit during the term of the housing assistance payments contract for the unit to determine whether the unit is maintained in accordance with the requirements under subparagraph (A). The agency (or other entity) shall retain the records of the inspection for a reasonable time and shall make the records available upon request to the Secretary, the Inspector General for the Department of Housing and Urban Development, and any auditor conducting an audit under section 1437c(h) of this title.

(E) Inspection guidelines

The Secretary shall establish procedural guidelines and performance standards to facilitate inspections of dwelling units and conform such inspections with practices utilized in the private housing market. Such guidelines and standards shall take into consideration variations in local laws and practices of public housing agencies and shall provide flexibility to authorities appropriate

to facilitate efficient provision of assistance under this subsection.

(9) Vacated units

If an assisted family vacates a dwelling unit for which rental assistance is provided under a housing assistance payment contract before the expiration of the term of the lease for the unit, rental assistance pursuant to such contract may not be provided for the unit after the month during which the unit was vacated.

(10) Rent

(A) Reasonableness

The rent for dwelling units for which a housing assistance payment contract is established under this subsection shall be reasonable in comparison with rents charged for comparable dwelling units in the private, unassisted local market.

(B) Negotiations

A public housing agency (or other entity, as provided in paragraph (11)) shall, at the request of a family receiving tenant-based assistance under this subsection, assist that family in negotiating a reasonable rent with a dwelling unit owner. A public housing agency (or such other entity) shall review the rent for a unit under consideration by the family (and all rent increases for units under lease by the family) to determine whether the rent (or rent increase) requested by the owner is reasonable. If a public housing agency (or other such entity) determines that the rent (or rent increase) for a dwelling unit is not reasonable, the public housing agency (or other such entity) shall not make housing assistance payments to the owner under this subsection with respect to that unit.

(C) Units exempt from local rent control

If a dwelling unit for which a housing assistance payment contract is established under this subsection is exempt from local rent control provisions during the term of that contract, the rent for that unit shall be reasonable in comparison with other units in the market area that are exempt from local rent control provisions.

(D) Timely payments

Each public housing agency shall make timely payment of any amounts due to a dwelling unit owner under this subsection. The housing assistance payment contract between the owner and the public housing agency may provide for penalties for the late payment of amounts due under the contract, which shall be imposed on the public housing agency in accordance with generally accepted practices in the local housing market.

(E) Penalties

Unless otherwise authorized by the Secretary, each public housing agency shall pay any penalties from administrative fees collected by the public housing agency, except that no penalty shall be imposed if the late payment is due to factors that the Secretary determines are beyond the control of the public housing agency.

(11) Leasing of units owned by PHA

If an eligible family assisted under this subsection leases a dwelling unit (other than a public housing dwelling unit) that is owned by a public housing agency administering assistance under this subsection, the Secretary shall require the unit of general local government or another entity approved by the Secretary, to make inspections required under paragraph (8) and rent determinations required under paragraph (10). The agency shall be responsible for any expenses of such inspections and determinations.

(12) Assistance for rental of manufactured housing

(A) In general

A public housing agency may make assistance payments in accordance with this subsection on behalf of a family that utilizes a manufactured home as a principal place of residence. Such payments may be made only for the rental of the real property on which the manufactured home owned by any such family is located.

(B) Rent calculation

(i) Charges included

For assistance pursuant to this paragraph, the rent for the space on which a manufactured home is located and with respect to which assistance payments are to be made shall include maintenance and management charges and tenant-paid utilities.

(ii) Payment standard

The public housing agency shall establish a payment standard for the purpose of determining the monthly assistance that may be paid for any family under this paragraph. The payment standard may not exceed an amount approved or established by the Secretary.

(iii) Monthly assistance payment

The monthly assistance payment for a family assisted under this paragraph shall be determined in accordance with paragraph (2).

(13) PHA project-based assistance

(A) In general

A public housing agency may use amounts provided under an annual contributions contract under this subsection to enter into a housing assistance payment contract with respect to an existing, newly constructed, or rehabilitated structure, that is attached to the structure, subject to the limitations and requirements of this paragraph.

(B) Percentage limitation

Not more than 20 percent of the funding available for tenant-based assistance under this section that is administered by the agency may be attached to structures pursuant to this paragraph.

(C) Consistency with PHA plan and other goals

A public housing agency may approve a housing assistance payment contract pursu-

ant to this paragraph only if the contract is consistent with—

(i) the public housing agency plan for the agency approved under section 1437c–1 of this title; and

(ii) the goal of deconcentrating poverty and expanding housing and economic opportunities.

(D) Income mixing requirement

(i) In general

Not more than 25 percent of the dwelling units in any building may be assisted under a housing assistance payment contract for project-based assistance pursuant to this paragraph.

(ii) Exceptions

The limitation under clause (i) shall not apply in the case of assistance under a contract for housing consisting of single family properties or for dwelling units that are specifically made available for households comprised of elderly families, disabled families, and families receiving supportive services.

(E) Resident choice requirement

A housing assistance payment contract pursuant to this paragraph shall provide as follows:

(i) Mobility

Each low-income family occupying a dwelling unit assisted under the contract may move from the housing at any time after the family has occupied the dwelling unit for 12 months.

(ii) Continued assistance

Upon such a move, the public housing agency shall provide the low-income family with tenant-based rental assistance under this section or such other tenant-based rental assistance that is subject to comparable income, assistance, rent contribution, affordability, and other requirements, as the Secretary shall provide by regulation. If such rental assistance is not immediately available to fulfill the requirement under the preceding sentence with respect to a low-income family, such requirement may be met by providing the family priority to receive the next voucher or other tenant-based rental assistance amounts that become available under the program used to fulfill such requirement.

(F) Contract term

A housing assistance payment contract pursuant to this paragraph between a public housing agency and the owner of a structure may have a term of up to 10 years, subject to the availability of sufficient appropriated funds for the purpose of renewing expiring contracts for assistance payments, as provided in appropriations Acts and in the agency's annual contributions contract with the Secretary, and to annual compliance with the inspection requirements under paragraph (8), except that the agency shall not be required to make annual inspections of each assisted unit in the development. The contract may specify additional conditions for its continuation. If the units covered by the contract are owned by the agency, the term of the contract shall be agreed upon by the agency and the unit of general local government or other entity approved by the Secretary in the manner provided under paragraph (11).

(G) Extension of contract term

A public housing agency may enter into a contract with the owner of a structure assisted under a housing assistance payment contract pursuant to this paragraph to extend the term of the underlying housing assistance payment contract for such period as the agency determines to be appropriate to achieve long-term affordability of the housing or to expand housing opportunities. Such a contract shall provide that the extension of such term shall be contingent upon the future availability of appropriated funds for the purpose of renewing expiring contracts for assistance payments, as provided in appropriations Acts, and may obligate the owner to have such extensions of the underlying housing assistance payment contract accepted by the owner and the successors in interest of the owner.

(H) Rent calculation

A housing assistance payment contract pursuant to this paragraph shall establish rents for each unit assisted in an amount that does not exceed 110 percent of the applicable fair market rental (or any exception payment standard approved by the Secretary pursuant to paragraph (1)(D)), except that if a contract covers a dwelling unit that has been allocated low-income housing tax credits pursuant to section 42 of title 26 and is not located in a qualified census tract (as such term is defined in subsection (d) of such section 42), the rent for such unit may be established at any level that does not exceed the rent charged for comparable units in the building that also receive the low-income housing tax credit but do not have additional rental assistance. The rents established by housing assistance payment contracts pursuant to this paragraph may vary from the payment standards established by the public housing agency pursuant to paragraph (1)(B), but shall be subject to paragraph (10)(A).

(I) Rent adjustments

A housing assistance payments contract pursuant to this paragraph shall provide for rent adjustments, except that—

(i) the adjusted rent for any unit assisted shall be reasonable in comparison with rents charged for comparable dwelling units in the private, unassisted, local market and may not exceed the maximum rent permitted under subparagraph (H); and

(ii) the provisions of subsection (c)(2)(C) of this section shall not apply.

(J) Tenant selection

A public housing agency shall select families to receive project-based assistance pur-

suant to this paragraph from its waiting list for assistance under this subsection. Eligibility for such project-based assistance shall be subject to the provisions of section 1437n(b) of this title that apply to tenant-based assistance. The agency may establish preferences or criteria for selection for a unit assisted under this paragraph that are consistent with the public housing agency plan for the agency approved under section 1437c–1 of this title. Any family that rejects an offer of project-based assistance under this paragraph or that is rejected for admission to a structure by the owner or manager of a structure assisted under this paragraph shall retain its place on the waiting list as if the offer had not been made. The owner or manager of a structure assisted under this paragraph shall not admit any family to a dwelling unit assisted under a contract pursuant to this paragraph other than a family referred by the public housing agency from its waiting list. Subject to its waiting list policies and selection preferences, a public housing agency may place on its waiting list a family referred by the owner or manager of a structure and may maintain a separate waiting list for assistance under this paragraph, but only if all families on the agency's waiting list for assistance under this subsection are permitted to place their names on the separate list.

(K) Vacated units

Notwithstanding paragraph (9), a housing assistance payment contract pursuant to this paragraph may provide as follows:

(i) Payment for vacant units

That the public housing agency may, in its discretion, continue to provide assistance under the contract, for a reasonable period not exceeding 60 days, for a dwelling unit that becomes vacant, but only: (I) if the vacancy was not the fault of the owner of the dwelling unit; and (II) the agency and the owner take every reasonable action to minimize the likelihood and extent of any such vacancy. Rental assistance may not be provided for a vacant unit after the expiration of such period.

(ii) Reduction of contract

That, if despite reasonable efforts of the agency and the owner to fill a vacant unit, no eligible family has agreed to rent the unit within 120 days after the owner has notified the agency of the vacancy, the agency may reduce its housing assistance payments contract with the owner by the amount equivalent to the remaining months of subsidy attributable to the vacant unit. Amounts deobligated pursuant to such a contract provision shall be available to the agency to provide assistance under this subsection.

Eligible applicants for assistance under this subsection may enforce provisions authorized by this subparagraph.

(14) Inapplicability to tenant-based assistance

Subsection (c) of this section shall not apply to tenant-based assistance under this subsection.

(15) Homeownership option

(A) In general

A public housing agency providing assistance under this subsection may, at the option of the agency, provide assistance for homeownership under subsection (y) of this section.

(B) Alternative administration

A public housing agency may contract with a nonprofit organization to administer a homeownership program under subsection (y) of this section.

(16) Rental vouchers for relocation of witnesses and victims of crime

(A) Witnesses

Of amounts made available for assistance under this subsection in each fiscal year, the Secretary, in consultation with the Inspector General, shall make available such sums as may be necessary for the relocation of witnesses in connection with efforts to combat crime in public and assisted housing pursuant to requests from law enforcement or prosecution agencies.

(B) Victims of crime

(i) In general

Of amounts made available for assistance under this section in each fiscal year, the Secretary shall make available such sums as may be necessary for the relocation of families residing in public housing who are victims of a crime of violence (as that term is defined in section 16 of title 18) that has been reported to an appropriate law enforcement agency.

(ii) Notice

A public housing agency that receives amounts under this subparagraph shall establish procedures for providing notice of the availability of that assistance to families that may be eligible for that assistance.

(17) Deed restrictions

Assistance under this subsection may not be used in any manner that abrogates any local deed restriction that applies to any housing consisting of 1 to 4 dwelling units. This paragraph may not be construed to affect the provisions or applicability of the Fair Housing Act [42 U.S.C. 3601 et seq.].

(18) Rental assistance for assisted living facilities

(A) In general

A public housing agency may make assistance payments on behalf of a family that uses an assisted living facility as a principal place of residence and that uses such supportive services made available in the facility as the agency may require. Such payments may be made only for covering costs of rental of the dwelling unit in the assisted

living facility and not for covering any portion of the cost of residing in such facility that is attributable to service relating to assisted living.

(B) Rent calculation

(i) Charges included

For assistance pursuant to this paragraph, the rent of the dwelling unit that is an assisted living facility with respect to which assistance payments are made shall include maintenance and management charges related to the dwelling unit and tenant-paid utilities. Such rent shall not include any charges attributable to services relating to assisted living.

(ii) Payment standard

In determining the monthly assistance that may be paid under this paragraph on behalf of any family residing in an assisted living facility, the public housing agency shall utilize the payment standard established under paragraph (1), for the market area in which the assisted living facility is located, for the applicable size dwelling unit.

(iii) Monthly assistance payment

The monthly assistance payment for a family assisted under this paragraph shall be determined in accordance with paragraph (2) (using the rent and payment standard for the dwelling unit as determined in accordance with this subsection).

(C) Definition

For the purposes of this paragraph, the term ''assisted living facility'' has the meaning given that term in section 232(b) of the National Housing Act (12 U.S.C. 1715w(b)), except that such a facility may be contained within a portion of a larger multifamily housing project.

(19) Rental vouchers for Veterans Affairs supported housing program

(A) Set aside

Subject to subparagraph (C), the Secretary shall set aside, from amounts made available for rental assistance under this subsection, the amounts specified in subparagraph (B) for use only for providing such assistance through a supported housing program administered in conjunction with the Department of Veterans Affairs. Such program shall provide rental assistance on behalf of homeless veterans who have chronic mental illnesses or chronic substance use disorders, shall require agreement of the veteran to continued treatment for such mental illness or substance use disorder as a condition of receipt of such rental assistance, and shall ensure such treatment and appropriate case management for each veteran receiving such rental assistance.

(B) Amount

The amount specified in this subparagraph is—

(i) for fiscal year 2003, the amount necessary to provide 500 vouchers for rental assistance under this subsection;

(ii) for fiscal year 2004, the amount necessary to provide 1,000 vouchers for rental assistance under this subsection;

(iii) for fiscal year 2005, the amount necessary to provide 1,500 vouchers for rental assistance under this subsection; and

(iv) for fiscal year 2006, the amount necessary to provide 2,000 vouchers for rental assistance under this subsection.

(C) Funding through incremental assistance

In any fiscal year, to the extent that this paragraph requires the Secretary to set aside rental assistance amounts for use under this paragraph in an amount that exceeds the amount set aside in the preceding fiscal year, such requirement shall be effective only to such extent or in such amounts as are or have been provided in appropriation Acts for such fiscal year for incremental rental assistance under this subsection.

(20) Prohibited basis for termination of assistance

(A) In general

A public housing agency may not terminate assistance to a participant in the voucher program on the basis of an incident or incidents of actual or threatened domestic violence, dating violence, or stalking against that participant.

(B) Construal of lease provisions

Criminal activity directly relating to domestic violence, dating violence, or stalking shall not be considered a serious or repeated violation of the lease by the victim or threatened victim of that criminal activity justifying termination of assistance to the victim or threatened victim.

(C) Termination on the basis of criminal activity

Criminal activity directly relating to domestic violence, dating violence, or stalking shall not be considered cause for termination of assistance for any participant or immediate member of a participant's family who is a victim of the domestic violence, dating violence, or stalking.

(D) Exceptions

(i) Public housing authority right to terminate for criminal acts

Nothing in subparagraph (A), (B), or (C) may be construed to limit the authority of the public housing agency to terminate voucher assistance to individuals who engage in criminal acts of physical violence against family members or others.

(ii) Compliance with court orders

Nothing in subparagraph (A), (B), or (C) may be construed to limit the authority of a public housing agency, when notified, to honor court orders addressing rights of access to or control of the property, including civil protection orders issued to protect the victim and issued to address the distribution possession of property among the household members in cases where a family breaks up.

(iii) Public housing authority right to terminate voucher assistance for lease violations

Nothing in subparagraph (A), (B), or (C) limit[12] any otherwise available authority of the public housing agency to terminate voucher assistance to a tenant for any violation of a lease not premised on the act or acts of violence in question against the tenant or a member of the tenant's household, provided that the public housing agency does not subject an individual who is or has been a victim of domestic violence, dating violence, or stalking to a more demanding standard than other tenants in determining whether to terminate.

(iv) Public housing authority right to terminate voucher assistance for imminent threat

Nothing in subparagraph (A), (B), or (C) may be construed to limit the authority of the public housing agency to terminate voucher assistance to a tenant if the public housing agency can demonstrate an actual and imminent threat to other tenants or those employed at or providing service to the property or public housing agency if that tenant is not evicted or terminated from assistance.

(v) Preemption

Nothing in this section shall be construed to supersede any provision of any Federal, State, or local law that provides greater protection than this section for victims of domestic violence, dating violence, or stalking.

(p) Shared housing for elderly and handicapped

In order to assist elderly families (as defined in section 1437a(b)(3) of this title who elect to live in a shared housing arrangement in which they benefit as a result of sharing the facilities of a dwelling with others in a manner that effectively and efficiently meets their housing needs and thereby reduces their cost of housing, the Secretary shall permit assistance provided under the existing housing and moderate rehabilitation programs to be used by such families in such arrangements. In carrying out this subsection, the Secretary shall issue minimum habitability standards for the purpose of assuring decent, safe, and sanitary housing for such families while taking into account the special circumstances of shared housing.

(q) Administrative fees

(1) Fee for ongoing costs of administration

(A) In general

The Secretary shall establish fees for the costs of administering the tenant-based assistance, certificate, voucher, and moderate rehabilitation programs under this section.

(B) Fiscal year 1999

(i) Calculation

For fiscal year 1999, the fee for each month for which a dwelling unit is covered by an assistance contract shall be—

(I) in the case of a public housing agency that, on an annual basis, is administering a program for not more than 600 dwelling units, 7.65 percent of the base amount; and

(II) in the case of an agency that, on an annual basis, is administering a program for more than 600 dwelling units (aa) for the first 600 units, 7.65 percent of the base amount, and (bb) for any additional dwelling units under the program, 7.0 percent of the base amount.

(ii) Base amount

For purposes of this subparagraph, the base amount shall be the higher of—

(I) the fair market rental established under subsection (c) of this section (as in effect immediately before the effective date under section 503(a) of the Quality Housing and Work Responsibility Act of 1998) for fiscal year 1993 for a 2-bedroom existing rental dwelling unit in the market area of the agency, and

(II) the amount that is the lesser of (aa) such fair market rental for fiscal year 1994, or (bb) 103.5 percent of the amount determined under clause (i),

adjusted based on changes in wage data or other objectively measurable data that reflect the costs of administering the program, as determined by the Secretary. The Secretary may require that the base amount be not less than a minimum amount and not more than a maximum amount.

(C) Subsequent fiscal years

For subsequent fiscal years, the Secretary shall publish a notice in the Federal Register, for each geographic area, establishing the amount of the fee that would apply for public housing agencies administering the program, based on changes in wage data or other objectively measurable data that reflect the costs of administering the program, as determined by the Secretary.

(D) Increase

The Secretary may increase the fee if necessary to reflect the higher costs of administering small programs and programs operating over large geographic areas.

(E) Decrease

The Secretary may decrease the fee for units owned by a public housing agency to reflect reasonable costs of administration.

(2) Fee for preliminary expenses

The Secretary shall also establish reasonable fees (as determined by the Secretary) for—

(A) the costs of preliminary expenses, in the amount of $500, for a public housing agency, except that such fee shall apply to an agency only in the first year that the agency administers a tenant-based assistance program under this section, and only if, immediately before the effective date under section 503(a) of the Quality Housing and Work Responsibility Act of 1998, the agency

(B) the costs incurred in assisting families who experience difficulty (as determined by the Secretary) in obtaining appropriate housing under the programs; and

(C) extraordinary costs approved by the Secretary.

(3) Transfer of fees in cases of concurrent geographical jurisdiction

In each fiscal year, if any public housing agency provides tenant-based assistance under this section on behalf of a family who uses such assistance for a dwelling unit that is located within the jurisdiction of such agency but is also within the jurisdiction of another public housing agency, the Secretary shall take such steps as may be necessary to ensure that the public housing agency that provides the services for a family receives all or part of the administrative fee under this section (as appropriate).

(4) Applicability

This subsection shall apply to fiscal year 1999 and fiscal years thereafter.

(r) Portability

(1) IN GENERAL.—(A) Any family receiving tenant-based assistance under subsection (*o*) of this section may receive such assistance to rent an eligible dwelling unit if the dwelling unit to which the family moves is within any area in which a program is being administered under this section.

(B)(i) Notwithstanding subparagraph (A) and subject to any exceptions established under clause (ii) of this subparagraph, a public housing agency may require that any family not living within the jurisdiction of the public housing agency at the time the family applies for assistance from the agency shall, during the 12-month period beginning on the date of initial receipt of housing assistance made available on behalf of the family from such agency, lease and occupy an eligible dwelling unit located within the jurisdiction served by the agency.

(ii) The Secretary may establish such exceptions to the authority of public housing agencies established under clause (i).

(2) The public housing agency having authority with respect to the dwelling unit to which a family moves under this subsection shall have the responsibility of carrying out the provisions of this subsection with respect to the family.

(3) In providing assistance under subsection (*o*) of this section for any fiscal year, the Secretary shall give consideration to any reduction in the number of resident families incurred by a public housing agency in the preceding fiscal year as a result of the provisions of this subsection. The Secretary shall establish procedures for the compensation of public housing agencies that issue vouchers to families that move into or out of the jurisdiction of the public housing agency under portability procedures. The Secretary may reserve amounts available for assistance under subsection (*o*) of this section to compensate those public housing agencies.

(4) The provisions of this subsection may not be construed to restrict any authority of the Secretary under any other provision of law to provide for the portability of assistance under this section.

(5) LEASE VIOLATIONS.—A family may not receive a voucher from a public housing agency and move to another jurisdiction under the tenant-based assistance program if the family has moved out of the assisted dwelling unit of the family in violation of a lease, except that a family may receive a voucher from a public housing agency and move to another jurisdiction under the tenant-based assistance program if the family has complied with all other obligations of the section 8 [42 U.S.C. 1437f] program and has moved out of the assisted dwelling unit in order to protect the health or safety of an individual who is or has been the victim of domestic violence, dating violence, or stalking and who reasonably believed he or she was imminently threatened by harm from further violence if he or she remained in the assisted dwelling unit.

(s) Prohibition of denial of certificates and vouchers to residents of public housing

In selecting families for the provision of assistance under this section (including subsection (*o*) of this section), a public housing agency may not exclude or penalize a family solely because the family resides in a public housing project.

(t) Enhanced vouchers

(1) In general

Enhanced voucher assistance under this subsection for a family shall be voucher assistance under subsection (*o*) of this section, except that under such enhanced voucher assistance—

(A) subject only to subparagraph (D), the assisted family shall pay as rent no less than the amount the family was paying on the date of the eligibility event for the project in which the family was residing on such date;

(B) the assisted family may elect to remain in the same project in which the family was residing on the date of the eligibility event for the project, and if, during any period the family makes such an election and continues to so reside, the rent for the dwelling unit of the family in such project exceeds the applicable payment standard established pursuant to subsection (*o*) of this section for the unit, the amount of rental assistance provided on behalf of the family shall be determined using a payment standard that is equal to the rent for the dwelling unit (as such rent may be increased from time-to-time), subject to paragraph (10)(A) of subsection (*o*) of this section and any other reasonable limit prescribed by the Secretary, except that a limit shall not be considered reasonable for purposes of this subparagraph if it adversely affects such assisted families;

(C) subparagraph (B) of this paragraph shall not apply and the payment standard for the dwelling unit occupied by the family shall be determined in accordance with subsection (*o*) of this section if—

(i) the assisted family moves, at any time, from such project; or

(ii) the voucher is made available for use by any family other than the original family on behalf of whom the voucher was provided; and

(D) if the income of the assisted family declines to a significant extent, the percentage of income paid by the family for rent shall not exceed the greater of 30 percent or the percentage of income paid at the time of the eligibility event for the project.

(2) Eligibility event

For purposes of this subsection, the term ''eligibility event'' means, with respect to a multifamily housing project, the prepayment of the mortgage on such housing project, the voluntary termination of the insurance contract for the mortgage for such housing project (including any such mortgage prepayment during fiscal year 1996 or a fiscal year thereafter or any insurance contract voluntary termination during fiscal year 1996 or a fiscal year thereafter), the termination or expiration of the contract for rental assistance under this section for such housing project (including any such termination or expiration during fiscal years after fiscal year 1994 prior to the effective date of the Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 2001), or the transaction under which the project is preserved as affordable housing, that, under paragraphs (3) and (4) of section 515(c), section 524(d) of the Multifamily Assisted Housing Reform and Affordability Act of 1997 (42 U.S.C. 1437f note), section 4113(f) of title 12, or section 1715z–1a(p) of title 12, results in tenants in such housing project being eligible for enhanced voucher assistance under this subsection.

(3) Treatment of enhanced vouchers provided under other authority

(A) In general

Notwithstanding any other provision of law, any enhanced voucher assistance provided under any authority specified in subparagraph (B) shall (regardless of the date that the amounts for providing such assistance were made available) be treated, and subject to the same requirements, as enhanced voucher assistance under this subsection.

(B) Identification of other authority

The authority specified in this subparagraph is the authority under—

(i) the 10th, 11th, and 12th provisos under the ''Preserving Existing Housing Investment'' account in title II of the Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 1997 (Public Law 104–204; 110 Stat. 2884), pursuant to such provisos, the first proviso under the ''Housing Certificate Fund'' account in title II of the Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 1998 (Public Law 105–65; 111 Stat. 1351), or the first proviso under the ''Housing Certificate Fund'' account in title II of the Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 1999 (Public Law 105–276; 112 Stat. 2469); and

(4) Authorization of appropriations

There are authorized to be appropriated for each of fiscal years 2000, 2001, 2002, 2003, and 2004 such sums as may be necessary for enhanced voucher assistance under this subsection.

(u) Assistance for residents of rental rehabilitation projects

In the case of low-income families living in rental projects rehabilitated under section 1437*o*[13] of this title or section 1490m of this title before rehabilitation—

(1) vouchers under this section shall be made for families who are required to move out of their units because of the physical rehabilitation activities or because of overcrowding;

(2) at the discretion of each public housing agency or other agency administering the allocation of assistance or vouchers under this section may be made for families who would have to pay more than 30 percent of their adjusted income for rent after rehabilitation whether they choose to remain in, or to move from, the project; and

(3) the Secretary shall allocate assistance for vouchers under this section to ensure that sufficient resources are available to address the physical or economic displacement, or potential economic displacement, of existing tenants pursuant to paragraphs (1) and (2).

(v) Extension of expiring contracts

The Secretary may extend expiring contracts entered into under this section for project-based loan management assistance to the extent necessary to prevent displacement of low-income families receiving such assistance as of September 30, 1996.

To be considered for assistance, an applicant shall submit to the Secretary a written proposal containing a report from the public child welfare agency serving the jurisdiction of the applicant that describes how a lack of adequate housing in the jurisdiction is resulting in the initial or prolonged separation of children from their families, and how the applicant will coordinate with the public child welfare agency to identify eligible families and provide the families with assistance under this subsection.

A public housing agency providing tenant-based assistance on behalf of an eligible family under this section may provide assistance for an eligible family that purchases a dwelling unit (including a unit under a lease-purchase agreement) that will be owned by 1 or more members of the family, and will be occupied by the family, if the family—

(A) is a first-time homeowner, or owns or is acquiring shares in a cooperative;

(B) demonstrates that the family has income from employment or other sources (other than public assistance, except that the Secretary may provide for the consideration of public assistance in the case of an elderly family or a disabled family), as determined in accordance with requirements of the Secretary, that is not less than twice the payment standard established by the public housing agency (or such other amount as may be established by the Secretary);

(2) Determination of amount of assistance

(A) Monthly expenses not exceeding payment standard

If the monthly homeownership expenses, as determined in accordance with requirements established by the Secretary, do not exceed the payment standard, the monthly assistance payment shall be the amount by which the homeownership expenses exceed the highest of the following amounts, rounded to the nearest dollar:

(i) 30 percent of the monthly adjusted income of the family.

(ii) 10 percent of the monthly income of the family.

(iii) If the family is receiving payments for welfare assistance from a public agency, and a portion of those payments, adjusted in accordance with the actual housing costs of the family, is specifically designated by that agency to meet the housing costs of the family, the portion of those payments that is so designated.

(B) Monthly expenses exceed payment standard

If the monthly homeownership expenses, as determined in accordance with requirements established by the Secretary, exceed the payment standard, the monthly assistance payment shall be the amount by which the applicable payment standard exceeds the highest of the amounts under clauses (i), (ii), and (iii) of subparagraph (A).

(3) Inspections and contract conditions

(A) In general

Each contract for the purchase of a unit to be assisted under this section shall—

(i) provide for pre-purchase inspection of the unit by an independent professional; and

(ii) require that any cost of necessary repairs be paid by the seller.

(B) Annual inspections not required

The requirement under subsection (*o*)(8)(A)(ii)[14] of this section for annual inspections shall not apply to units assisted under this section.

(4) Other authority of the Secretary

The Secretary may—

(A) limit the term of assistance for a family assisted under this subsection; and

[14] See References in Text note below.

(B) modify the requirements of this subsection as the Secretary determines to be necessary to make appropriate adaptations for lease-purchase agreements.

(5) Inapplicability of certain provisions

Assistance under this subsection shall not be subject to the requirements of the following provisions:

(A) Subsection (c)(3)(B)[14] of this section.

(B) Subsection (d)(1)(B)(i) of this section.

(C) Any other provisions of this section governing maximum amounts payable to owners and amounts payable by assisted families.

(D) Any other provisions of this section concerning contracts between public housing agencies and owners.

(E) Any other provisions of this chapter that are inconsistent with the provisions of this subsection.

(6) Reversion to rental status

(A) FHA-insured mortgages

If a family receiving assistance under this subsection for occupancy of a dwelling defaults under a mortgage for the dwelling insured by the Secretary under the National Housing Act [12 U.S.C. 1701 et seq.], the family may not continue to receive rental assistance under this section unless the family (i) transfers to the Secretary marketable title to the dwelling, (ii) moves from the dwelling within the period established or approved by the Secretary, and (iii) agrees that any amounts the family is required to pay to reimburse the escrow account under section 1437u(d)(3)[14] of this title may be deducted by the public housing agency from the assistance payment otherwise payable on behalf of the family.

(B) Other mortgages

If a family receiving assistance under this subsection defaults under a mortgage not insured under the National Housing Act [12 U.S.C. 1701 et seq.], the family may not continue to receive rental assistance under this section unless it complies with requirements established by the Secretary.

(C) All mortgages

A family receiving assistance under this subsection that defaults under a mortgage may not receive assistance under this subsection for occupancy of another dwelling owned by one or more members of the family.

(7) Downpayment assistance

(A) Authority

A public housing agency may, in lieu of providing monthly assistance payments under this subsection on behalf of a family eligible for such assistance and at the discretion of the public housing agency, provide assistance for the family in the form of a single grant to be used only as a contribution toward the downpayment required in connection with the purchase of a dwelling for fiscal year 2000 and each fiscal year thereafter to the extent provided in advance in appropriations Acts.

(B) Amount

The amount of a downpayment grant on behalf of an assisted family may not exceed the amount that is equal to the sum of the assistance payments that would be made during the first year of assistance on behalf of the family, based upon the income of the family at the time the grant is to be made.

(8) "First-time homeowner" defined

For purposes of this subsection, the term ''first-time homeowner'' means—

(A) a family, no member of which has had a present ownership interest in a principal residence during the 3 years preceding the date on which the family initially receives assistance for homeownership under this subsection; and

(B) any other family, as the Secretary may prescribe.

(z) Termination of section 1437f contracts and reuse of recaptured budget authority

(1) General authority

The Secretary may reuse any budget authority, in whole or part, that is recaptured on account of expiration or termination of a housing assistance payments contract only for one or more of the following:

(A) Tenant-based assistance

Pursuant to a contract with a public housing agency, to provide tenant-based assistance under this section to families occupying units formerly assisted under the terminated contract.

(B) Project-based assistance

Pursuant to a contract with an owner, to attach assistance to one or more structures under this section, for relocation of families occupying units formerly assisted under the terminated contract.

(2) Families occupying units formerly assisted under terminated contract

Pursuant to paragraph (1), the Secretary shall first make available tenant- or project-based assistance to families occupying units formerly assisted under the terminated contract. The Secretary shall provide project-based assistance in instances only where the use of tenant-based assistance is determined to be infeasible by the Secretary.

(aa) Omitted

(bb) Transfer, reuse, and rescission of budget authority

(1) Transfer of budget authority

If an assistance contract under this section, other than a contract for tenant-based assistance, is terminated or is not renewed, or if the contract expires, the Secretary shall, in order to provide continued assistance to eligible families, including eligible families receiving the benefit of the project-based assistance at the time of the termination, transfer any budget authority remaining in the contract to another contract. The transfer shall be under such terms as the Secretary may prescribe.

(2) Reuse and rescission of certain recaptured budget authority

Notwithstanding paragraph (1), if a project-based assistance contract for an eligible multifamily housing project subject to actions authorized under this subchapter is terminated or amended as part of restructuring under section 517 of the Multifamily Assisted Housing Reform and Affordability Act of 1997, the Secretary shall recapture the budget authority not required for the terminated or amended contract and use such amounts as are necessary to provide housing assistance for the same number of families covered by such contract for the remaining term of such contract, under a contract providing for project-based or tenant-based assistance. The amount of budget authority saved as a result of the shift to project-based or tenant-based assistance shall be rescinded.

(cc) Law enforcement and security personnel

(1) In general

Notwithstanding any other provision of this chapter, in the case of assistance attached to a structure, for the purpose of increasing security for the residents of a project, an owner may admit, and assistance under this section may be provided to, police officers and other security personnel who are not otherwise eligible for assistance under the chapter.

(2) Rent requirements

With respect to any assistance provided by an owner under this subsection, the Secretary may—

(A) permit the owner to establish such rent requirements and other terms and conditions of occupancy that the Secretary considers to be appropriate; and

(B) require the owner to submit an application for those rent requirements, which application shall include such information as the Secretary, in the discretion of the Secretary, determines to be necessary.

(3) Applicability

This subsection shall apply to fiscal year 1999 and fiscal years thereafter.

(dd) Tenant-based contract renewals

Subject to amounts provided in appropriation Acts, starting in fiscal year 1999, the Secretary shall renew all expiring tenant-based annual contribution contracts under this section by applying an inflation factor based on local or regional factors to an allocation baseline. The allocation baseline shall be calculated by including, at a minimum, amounts sufficient to ensure continued assistance for the actual number of families assisted as of October 1, 1997, with appropriate upward adjustments for incremental assistance and additional families authorized subsequent to that date.

(ee) Certification and confidentiality

(1) Certification

(A) In general

An owner, manager, or public housing agency responding to subsections (c)(9), (d)(1)(B)(ii), (d)(1)(B)(iii), (*o*)(7)(C), (*o*)(7)(D), (*o*)(20), and (r)(5) of this section may request that an individual certify via a HUD approved certification form that the individual is a victim of domestic violence, dating violence, or stalking, and that the incident or incidents in question are bona fide incidents of such actual or threatened abuse and meet the requirements set forth in the aforementioned paragraphs. Such certification shall include the name of the perpetrator. The individual shall provide such certification within 14 business days after the owner, manager, or public housing agency requests such certification.

(B) Failure to provide certification

If the individual does not provide the certification within 14 business days after the owner, manager, public housing agency, or assisted housing provider has requested such certification in writing, nothing in this subsection or in subsection (c)(9), (d)(1)(B)(ii), (d)(1)(B)(iii), (*o*)(7)(C), (*o*)(7)(D), (*o*)(20), or (r)(5) of this section may be construed to limit the authority of an owner or manager to evict, or the public housing agency or assisted housing provider to terminate voucher assistance for, any tenant or lawful occupant that commits violations of a lease. The owner, manager, public housing agency, or assisted housing provider may extend the 14-day deadline at their discretion.

(C) Contents

An individual may satisfy the certification requirement of subparagraph (A) by—

(i) providing the requesting owner, manager, or public housing agency with documentation signed by an employee, agent, or volunteer of a victim service provider, an attorney, or a medical professional, from whom the victim has sought assistance in addressing domestic violence, dating violence, sexual assault, or stalking, or the effects of the abuse, in which the professional attests under penalty of perjury (28 U.S.C. 1746) to the professional's belief that the incident or incidents in question are bona fide incidents of abuse, and the victim of domestic violence, dating violence, or stalking has signed or attested to the documentation; or

(ii) producing a Federal, State, tribal, territorial, or local police or court record.

(D) Limitation

Nothing in this subsection shall be construed to require an owner, manager, or public housing agency to demand that an individual produce official documentation or physical proof of the individual's status as a victim of domestic violence, dating violence, sexual assault, or stalking in order to receive any of the benefits provided in this section. At their discretion, the owner, manager, or public housing agency may provide benefits to an individual based solely on the individual's statement or other corroborating evidence.

(E) Compliance not sufficient to constitute evidence of unreasonable act

Compliance with this statute by an owner, manager, public housing agency, or assisted

housing provider based on the certification specified in paragraphs (1)(A) and (B) of this subsection or based solely on the victim's statement or other corroborating evidence, as permitted by paragraph (1)(C) of this subsection, shall not alone be sufficient to constitute evidence of an unreasonable act or omission by an owner, manger, public housing agency, or assisted housing provider, or employee thereof. Nothing in this subparagraph shall be construed to limit liability for failure to comply with the requirements of subsection (c)(9), (d)(1)(B)(ii), (d)(1)(B)(iii), (*o*)(7)(C), (*o*)(7)(D), (*o*)(20), or (r)(5) of this section.

(F) Preemption

Nothing in this section shall be construed to supersede any provision of any Federal, State, or local law that provides greater protection than this section for victims of domestic violence, dating violence, or stalking.

(2) Confidentiality

(A) In general

All information provided to an owner, manager, or public housing agency pursuant to paragraph (1), including the fact that an individual is a victim of domestic violence, dating violence, or stalking, shall be retained in confidence by an owner, manager, or public housing agency, and shall neither be entered into any shared database nor provided to any related entity, except to the extent that disclosure is—

(i) requested or consented to by the individual in writing;

(ii) required for use in an eviction proceeding under subsection (c)(9), (d)(1)(B(ii), (d)(1)(B)(iii), (*o*)(7)(C), (*o*)(7)(D), or (*o*)(20) of this section,;[15] or

(iii) otherwise required by applicable law.

(B) Notification

Public housing agencies must provide notice to tenants assisted under this section of their rights under this subsection and subsections (c)(9), (d)(1)(B(ii), (d)(1)(B)(iii), (*o*)(7)(C), (*o*)(7)(D), (*o*)(20), and (r)(5) of this section, including their right to confidentiality and the limits thereof, and to owners and managers of their rights and obligations under this subsection and subsections (c)(9), (d)(1)(B(ii), (d)(1)(B)(iii), (*o*)(7)(C), (*o*)(7)(D), (*o*)(20), and (r)(5) of this section.

A public housing agency may provide for circumstances in which families who do not qualify for any preference established in the preceding sentence are provided assistance under this subsection before families who do qualify for such preference, except that not more than 10 percent (or such higher percentage determined by the Secretary to be necessary to ensure that public housing agencies can assist families in accordance with subsection (u)(2) of this section or determined by the Secretary to be appropriate for other good cause) of the families who initially receive assistance in any 1-year period (or such shorter period selected by the public housing agency before the beginning of its first full year subject to this sentence) may be families who do not qualify for such preference. Any individual or family evicted from housing assisted under the chapter by reason of drug-related criminal activity (as defined in subsection (f)(5) of this section) shall not be eligible for a preference under any provision of this subparagraph for 3 years unless the evicted tenant successfully completes a rehabilitation program approved by the Secretary (which shall include waiver for any member of a family of an individual prohibited from tenancy under this clause who the agency determines clearly did not participate in and had no knowledge of such criminal activity or when circumstances leading to eviction no longer exist).'' See Effective and Termination Dates of 1996 Amendments note below.

''(B) In allocating loan management assistance under this section, the Secretary may give a priority to any project only on the basis that the project has serious financial problems that are likely to result in a claim on the insurance fund in the near future or the project is eligible to receive incentives under subtitle B of the Low-Income Housing Preservation and Resident Homeownership Act of 1990.''

The immediately foregoing sentence shall be effective only during fiscal year 1995. For any unit occupied by the same family at the time of the last annual rental adjustment, where the assistance contract provides for the adjustment of the maximum monthly rent by applying an annual adjustment factor and where the rent for a unit is otherwise eligible for an adjustment based on the full amount of the factor, 0.01 shall be subtracted from the amount of the factor, except that the factor shall not be reduced to less than 1.0. The Secretary shall increase the amount of assistance provided under this paragraph above the amount of assistance otherwise permitted by this paragraph and subsection (c)(1) of this section, if the Secretary determines such increase necessary to assist in the sale of multifamily housing projects owned by the Department of Housing and Urban Development. For each fiscal year, the Secretary may not provide assistance pursuant to this paragraph to any project for rehabilitation of more than 100 units. ''SUBTITLE A—FHA-INSURED MULTIFAMILY HOUSING MORTGAGE AND HOUSING ASSISTANCE RESTRUCTURING

''SEC. 511. FINDINGS AND PURPOSES.

''(a) FINDINGS.—Congress finds that—

''(1) there exists throughout the Nation a need for decent, safe, and affordable housing;

''(2) as of the date of enactment of this Act [Oct. 27, 1997], it is estimated that—

''(A) the insured multifamily housing portfolio of the Federal Housing Administration consists of 14,000 rental properties, with an aggregate unpaid principal mortgage balance of $38,000,000,000; and

''(B) approximately 10,000 of these properties contain housing units that are assisted with project-based rental assistance under section 8 of the United States Housing Act of 1937 [42 U.S.C. 1437f];

''(3) FHA-insured multifamily rental properties are a major Federal investment, providing affordable rental housing to an estimated 2,000,000 low- and very low-income families;

''(4) approximately 1,600,000 of these families live in dwelling units that are assisted with project-based rental assistance under section 8 of the United States Housing Act of 1937;

''(5) a substantial number of housing units receiving project-based assistance have rents that are higher than the rents of comparable, unassisted rental units in the same housing rental market;

''(6) many of the contracts for project-based assistance will expire during the several years following the date of enactment of this Act;

''(7) it is estimated that—

''(A) if no changes in the terms and conditions of the contracts for project-based assistance are made before fiscal year 2000, the cost of renewing all expiring rental assistance contracts under section 8 of the United States Housing Act of 1937 for both project-based and tenant-based rental assistance will increase from approximately $3,600,000,000 in fiscal year 1997 to over $14,300,000,000 by fiscal year 2000 and some $22,400,000,000 in fiscal year 2006;

''(B) of those renewal amounts, the cost of renewing project-based assistance will increase from $1,200,000,000 in fiscal year 1997 to almost $7,400,000,000 by fiscal year 2006; and

''(C) without changes in the manner in which project-based rental assistance is provided, renewals of expiring contracts for project-based rental assistance will require an increasingly larger portion of the discretionary budget authority of the Department of Housing and Urban Development in each subsequent fiscal year for the foreseeable future;

''(8) absent new budget authority for the renewal of expiring rental contracts for project-based assistance, many of the FHA-insured multifamily housing projects that are assisted with project-based assistance are likely to default on their FHA-insured mortgage payments, resulting in substantial claims to the FHA General Insurance Fund and Special Risk Insurance Fund;

''(9) more than 15 percent of federally assisted multifamily housing projects are physically or financially distressed, including a number which suffer from mismanagement;

''(10) due to Federal budget constraints, the downsizing of the Department of Housing and Urban Development, and diminished administrative capacity, the Department lacks the ability to ensure the continued economic and physical well-being of the stock of federally insured and assisted multifamily housing projects;

''(11) the economic, physical, and management problems facing the stock of federally insured and assisted multifamily housing projects will be best served by reforms that—

''(A) reduce the cost of Federal rental assistance, including project-based assistance, to these projects by reducing the debt service and operating costs of these projects while retaining the low-income affordability and availability of this housing;

''(B) address physical and economic distress of this housing and the failure of some project managers and owners of projects to comply with management and ownership rules and requirements; and

''(C) transfer and share many of the loan and contract administration functions and responsibilities of the Secretary to and with capable State, local, and other entities; and

''(12) the authority and duties of the Secretary, not including the control by the Secretary of applicable accounts in the Treasury of the United States, may be delegated to State, local or other entities at the discretion of the Secretary, to the extent the Secretary determines, and for the purpose of carrying out this title [see Short Title of 1997 Amendment note set out under section 1701 of Title 12, Banks and Banking], so that the Secretary has the discretion to be relieved of processing and approving any document or action required by these reforms.

''(b) PURPOSES.—Consistent with the purposes and requirements of the Government Performance and Results Act of 1993 [Pub. L. 103–62, see Short Title of 1993 Amendment note set out under section 1101 of Title 31, Money and Finance], the purposes of this subtitle are—

''(1) to preserve low-income rental housing affordability and availability while reducing the long-term costs of project-based assistance;

''(2) to reform the design and operation of Federal rental housing assistance programs, administered by the Secretary, to promote greater multifamily housing project operating and cost efficiencies;

''(3) to encourage owners of eligible multifamily housing projects to restructure their FHA-insured mortgages and project-based assistance contracts in a manner that is consistent with this subtitle before the year in which the contract expires;

''(4) to reduce the cost of insurance claims under the National Housing Act [12 U.S.C. 1701 et seq.] related to mortgages insured by the Secretary and used to finance eligible multifamily housing projects;

''(5) to streamline and improve federally insured and assisted multifamily housing project oversight and administration;

''(6) to resolve the problems affecting financially and physically troubled federally insured and assisted multifamily housing projects through cooperation with residents, owners, State and local governments, and other interested entities and individuals;

''(7) to protect the interest of project owners and managers, because they are partners of the Federal Government in meeting the affordable housing needs of the Nation through the section 8 rental housing assistance program;

''(8) to protect the interest of tenants residing in the multifamily housing projects at the time of the restructuring for the housing; and

''(9) to grant additional enforcement tools to use against those who violate agreements and program requirements, in order to ensure that the public interest is safeguarded and that Federal multifamily housing programs serve their intended purposes.

''(a) SECTION 8 RENEWALS OF RESTRUCTURED PROJECTS.—

''(1) PROJECT-BASED ASSISTANCE.—Subject to the availability of amounts provided in advance in appropriations Acts, and to the control of the Secretary of applicable accounts in the Treasury of the United States, with respect to an expiring section 8 contract on an eligible multifamily housing project to be renewed with project-based assistance (based on a determination under subsection (c)), the Secretary shall enter into contracts with participating administrative entities pursuant to which the participating administrative entity shall offer to renew or extend the contract, or the Secretary shall offer to renew such contract, and the owner of the project shall accept the offer, if the initial renewal is in accordance with the terms and conditions specified in the mortgage restructuring and rental assistance sufficiency plan and the rental assistance assessment plan.

''(2) TENANT-BASED ASSISTANCE.—Subject to the availability of amounts provided in advance in appropriations Acts and to the control of the Secretary of applicable accounts in the Treasury of the United States, with respect to an expiring section 8 contract on an eligible multifamily housing project to be renewed with tenant-based assistance (based on a determination under subsection (c)), the Secretary shall enter into contracts with participating administrative entities pursuant to which the participating administrative entity shall provide for the renewal of section 8 assistance on an eligible multifamily housing project with tenant-based assistance, or the Secretary shall provide for such renewal, in accordance with the terms and conditions specified in the mortgage restructuring and rental assistance sufficiency plan and the rental assistance assessment plan.

''(b) REQUIRED COMMITMENT.—After the initial renewal of a section 8 contract pursuant to this section, the owner shall accept each offer made pursuant to subsection (a) to renew the contract, for the term of the affordability and use restrictions required by section 514(e)(6), if the offer to renew is on terms and conditions specified in the mortgage restructuring and rental assistance sufficiency plan.

''(c) DETERMINATION OF WHETHER TO RENEW WITH PROJECT-BASED OR TENANT-BASED ASSISTANCE.—

''(1) MANDATORY RENEWAL OF PROJECT-BASED ASSISTANCE.—Section 8 assistance shall be renewed with project-based assistance, if—

''(A) the project is located in an area in which the participating administrative entity determines, based on housing market indicators, such as low vacancy rates or high absorption rates, that there is not adequate available and affordable housing or that the tenants of the project would not be able to locate suitable units or use the tenant-based assistance successfully;

''(B) a predominant number of the units in the project are occupied by elderly families, disabled families, or elderly and disabled families; or

''(C) the project is held by a nonprofit cooperative ownership housing corporation or nonprofit cooperative housing trust.

''(2) RENTAL ASSISTANCE ASSESSMENT PLAN.—

''(A) IN GENERAL.—With respect to any project that is not described in paragraph (1), the participating administrative entity shall, after consultation with the owner of the project, develop a rental assistance assessment plan to determine whether to renew assistance for the project with tenant-based assistance or project-based assistance.

''(B) RENTAL ASSISTANCE ASSESSMENT PLAN REQUIREMENTS.—Each rental assistance assessment plan developed under this paragraph shall include an assessment of the impact of converting to tenant-based assistance and the impact of extending project-based assistance on—

''(i) the ability of the tenants to find adequate, available, decent, comparable, and affordable housing in the local market;

''(ii) the types of tenants residing in the project (such as elderly families, disabled families, large families, and cooperative homeowners);

''(iii) the local housing needs identified in the comprehensive housing affordability strategy, and local market vacancy trends;

''(iv) the cost of providing assistance, comparing the applicable payment standard to the project's adjusted rent levels determined under section 514(g);

''(v) the long-term financial stability of the project;

''(vi) the ability of residents to make reasonable choices about their individual living situations;

''(vii) the quality of the neighborhood in which the tenants would reside; and

''(viii) the project's ability to compete in the marketplace.

''(C) REPORTS TO DIRECTOR.—Each participating administrative entity shall report regularly to the Director as defined in subtitle D, as the Director shall require, identifying—

''(i) each eligible multifamily housing project for which the entity has developed a rental assistance assessment plan under this paragraph that determined that the tenants of the project generally supported renewal of assistance with tenant-based assistance, but under which assistance for the project was renewed with project-based assistance; and

''(ii) each project for which the entity has developed such a plan under which the assistance is renewed using tenant-based assistance.

''(3) ELIGIBILITY FOR TENANT-BASED ASSISTANCE.—Subject to paragraph (4), with respect to any project that is not described in paragraph (1), if a participating administrative entity approves the use of tenant-based assistance based on a rental assistance assessment plan developed under paragraph (2), tenant-based assistance shall be provided to each assisted family (other than a family already receiving tenant-based assistance) residing in the project at the time the assistance described in section 512(2)(B) terminates.

''(4) ASSISTANCE THROUGH ENHANCED VOUCHERS.—In the case of any family described in paragraph (3) that resides in a project described in section 512(2)(B), the tenant-based assistance provided shall be enhanced voucher assistance under section 8(t) of the United States Housing Act of 1937 (42 U.S.C. 1437f(t)).

''(5) INAPPLICABILITY OF CERTAIN PROVISION.—If a participating administrative entity approves renewal with project-based assistance under this subsection, section 8(d)(2) of the United States Housing Act of 1937 shall not apply.

''SEC. 516. PROHIBITION ON RESTRUCTURING.

''(a) PROHIBITION ON RESTRUCTURING.—The Secretary may elect not to consider any mortgage restructuring and rental assistance sufficiency plan or request for contract renewal if the Secretary or the participating administrative entity determines that—

''(1)(A) the owner or purchaser of the project has engaged in material adverse financial or managerial actions or omissions with regard to such project; or

''(B) the owner or purchaser of the project has engaged in material adverse financial or managerial actions or omissions with regard to other projects of such owner or purchaser that are federally assisted or financed with a loan from, or mortgage insured or guaranteed by, an agency of the Federal Government;

''(2) material adverse financial or managerial actions or omissions include—

''(A) materially violating any Federal, State, or local law or regulation with regard to this project or any other federally assisted project, after receipt of notice and an opportunity to cure;

''(B) materially breaching a contract for assistance under section 8 of the United States Housing Act of 1937 [42 U.S.C. 1437f], after receipt of notice and an opportunity to cure;

''(C) materially violating any applicable regulatory or other agreement with the Secretary or a participating administrative entity, after receipt of notice and an opportunity to cure;

''(D) repeatedly and materially violating any Federal, State, or local law or regulation with regard to the project or any other federally assisted project;

''(E) repeatedly and materially breaching a contract for assistance under section 8 of the United States Housing Act of 1937;

''(F) repeatedly and materially violating any applicable regulatory or other agreement with the Secretary or a participating administrative entity;

''(G) repeatedly failing to make mortgage payments at times when project income was sufficient to maintain and operate the property;

''(H) materially failing to maintain the property according to housing quality standards after receipt of notice and a reasonable opportunity to cure; or

''(I) committing any actions or omissions that would warrant suspension or debarment by the Secretary;

''(3) the owner or purchaser of the property materially failed to follow the procedures and requirements of this subtitle, after receipt of notice and an opportunity to cure; or

''(4) the poor condition of the project cannot be remedied in a cost effective manner, as determined by the participating administrative entity.

The term 'owner' as used in this subsection, in addition to it having the same meaning as in section 8(f) of the United States Housing Act of 1937, also means an affiliate of the owner. The term 'purchaser' as used in this subsection means any private person or entity, including a cooperative, an agency of the Federal Government, or a public housing agency, that, upon purchase of the project, would have the legal right to lease or sublease dwelling units in the project, and also means an affiliate of the purchaser. The terms 'affiliate of the owner' and 'affiliate of the purchaser' means any person or entity (including, but not limited to, a general partner or managing member, or an officer of either) that controls an owner or purchaser, is controlled by an owner or purchaser, or is under common control with the owner or purchaser. The term 'control' means the direct or indirect power (under contract, equity ownership, the right to vote or determine a vote, or otherwise) to direct the financial, legal, beneficial or other interests of the owner or purchaser.

''(b) OPPORTUNITY TO DISPUTE FINDINGS.—

''(1) IN GENERAL.—During the 30-day period beginning on the date on which the owner or purchaser of an eligible multifamily housing project receives notice of a rejection under subsection (a) or of a mortgage restructuring and rental assistance sufficiency plan under section 514, the Secretary or participating administrative entity shall provide that owner or purchaser with an opportunity to dispute the basis for the rejection and an opportunity to cure.

''(2) AFFIRMATION, MODIFICATION, OR REVERSAL.—

''(A) IN GENERAL.—After providing an opportunity to dispute under paragraph (1), the Secretary or the participating administrative entity may affirm, modify, or reverse any rejection under subsection (a) or rejection of a mortgage restructuring and rental assistance sufficiency plan under section 514.

''(B) REASONS FOR DECISION.—The Secretary or the participating administrative entity, as applicable, shall identify the reasons for any final decision under this paragraph.

''(C) REVIEW PROCESS.—The Secretary shall establish an administrative review process to appeal any final decision under this paragraph.

''(c) FINAL DETERMINATION.—Any final determination under this section shall not be subject to judicial review.

''(d) DISPLACED TENANTS.—

''(1) NOTICE TO CERTAIN RESIDENTS.—The Office shall notify any tenant that is residing in a project or receiving assistance under section 8 of the United

States Housing Act of 1937 (42 U.S.C. 1437f) at the time of rejection under this section, of such rejection, except that the Office may delegate the responsibility to provide notice under this paragraph to the participating administrative entity.

''(2) ASSISTANCE AND MOVING EXPENSES.—Subject to the availability of amounts provided in advance in appropriations Acts, for any low-income tenant that is residing in a project or receiving assistance under section 8 of the United States Housing Act of 1937 at the time of rejection under this section, that tenant shall be provided with tenant-based assistance and reasonable moving expenses, as determined by the Secretary.

''(e) TRANSFER OF PROPERTY.—For properties disqualified from the consideration of a mortgage restructuring and rental assistance sufficiency plan under this section in accordance with paragraph (1) or (2) of subsection (a) because of actions by an owner or purchaser, the Secretary shall establish procedures to facilitate the voluntary sale or transfer of a property as part of a mortgage restructuring and rental assistance sufficiency plan, with a preference for tenant organizations and tenant-endorsed community-based nonprofit and public agency purchasers meeting such reasonable qualifications as may be established by the Secretary.

''SEC. 517. RESTRUCTURING TOOLS.

''(a) MORTGAGE RESTRUCTURING.—

''(1) In this subtitle, an approved mortgage restructuring and rental assistance sufficiency plan shall include restructuring mortgages in accordance with this subsection to provide—

''(A) a restructured or new first mortgage that is sustainable at rents at levels that are established in section 514(g); and

''(B) a second mortgage that is in an amount equal to not more than the greater of—

''(i) the full or partial payment of claim made under this subtitle; or

''(ii) the difference between the restructured or new first mortgage and the indebtedness under the existing insured mortgage immediately before it is restructured or refinanced, provided that the amount of the second mortgage shall be in an amount that the Secretary or participating administrative entity determines can reasonably be expected to be repaid.

''(2) The second mortgage shall bear interest at a rate not to exceed the applicable Federal rate as defined in section 1274(d) of the Internal Revenue Code of 1986 [26 U.S.C. 1274(d)]. The term of the second mortgage shall be equal to the term of the restructured or new first mortgage.

''(3) Payments on the second mortgage shall be deferred when the first mortgage remains outstanding, except to the extent there is excess project income remaining after payment of all reasonable and necessary operating expenses (including deposits in a reserve for replacement), debt service on the first mortgage, and any other expenditures approved by the Secretary. At least 75 percent of any excess project income shall be applied to payments on the second mortgage, and the Secretary or the participating administrative entity may permit up to 25 percent to be paid to the project owner if the Secretary or participating administrative entity determines that the project owner meets benchmarks for management and housing quality.

''(4) The full amount of the second mortgage shall be immediately due and payable if—

''(A) the first mortgage is terminated or paid in full, except as otherwise provided by the holder of the second mortgage;

''(B) the project is purchased and the second mortgage is assumed by any subsequent purchaser in violation of guidelines established by the Secretary; or

''(C) the Secretary provides notice to the project owner that such owner has failed to materially comply with any requirements of this section or the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.] as those requirements apply to the project, with a reasonable opportunity for such owner to cure such failure.

''(5) The Secretary may modify the terms of the second mortgage, assign the second mortgage to the acquiring organization or agency, or forgive all or part of the second mortgage if the Secretary holds the second mortgage and if the project is acquired by a tenant organization or tenant-endorsed community-based nonprofit or public agency, pursuant to guidelines established by the Secretary.

''(6) The second mortgage under this section may be a first mortgage if no restructured or new first mortgage will meet the requirement of paragraph (1)(A).

''(b) RESTRUCTURING TOOLS.—In addition to the requirements of subsection (a) and to the extent these actions are consistent with this section and with the control of the Secretary of applicable accounts in the Treasury of the United States, an approved mortgage restructuring and rental assistance sufficiency plan under this subtitle may include one or more of the following actions:

''(1) FULL OR PARTIAL PAYMENT OF CLAIM.—Making a full payment of claim or partial payment of claim under section 541(b) of the National Housing Act [12 U.S.C. 1735f–19(b)], as amended by section 523(b) of this Act. Any payment under this paragraph shall not require the approval of a mortgagee.

''(2) REFINANCING OF DEBT.—Refinancing of all or part of the debt on a project. If the refinancing involves a mortgage that will continue to be insured under the National Housing Act [12 U.S.C. 1701 et seq.], the refinancing shall be documented through amendment of the existing insurance contract and not through a new insurance contract.

''(3) MORTGAGE INSURANCE.—Providing FHA multifamily mortgage insurance, reinsurance or other credit enhancement alternatives, including multifamily risk-sharing mortgage programs, as provided under section 542 of the Housing and Community Development Act of 1992 [Pub. L. 102–550, 12 U.S.C. 1707 note]. The Secretary shall use risk-shared financing under section 542(c) of the Housing and Community Development Act of 1992 for any mortgage restructuring, rehabilitation financing, or debt refinancing included as part of a mortgage restructuring and rental assistance sufficiency plan if the terms and conditions are considered to be the best available financing in terms of financial savings to the FHA insurance funds and will result in reduced risk of loss to the Federal Government. Any limitations on the number of units available for mortgage insurance under section 542 shall not apply to eligible multifamily housing projects. Any credit subsidy costs of providing mortgage insurance shall be paid from the Liquidating Accounts of the General Insurance Fund or the Special Risk Insurance Fund and shall not be subject to any limitation on appropriations.

''(4) CREDIT ENHANCEMENT.—Providing any additional State or local mortgage credit enhancements and risk-sharing arrangements that may be established with State or local housing finance agencies, the Federal Housing Finance Board, the Federal National Mortgage Association, and the Federal Home Loan Mortgage Corporation, to a modified or refinanced first mortgage.

''(5) COMPENSATION OF THIRD PARTIES.—Consistent with the portfolio restructuring agreement, entering into agreements, incurring costs, or making payments, including incentive agreements designed to reward superior performance in meeting the purposes of this Act, as may be reasonably necessary, to compensate the participation of participating administrative entities and other parties in undertaking actions authorized by this subtitle. Upon request to the Secretary, participating administrative entities that are qualified under the United States Housing Act of 1937 to serve as contract administrators shall be the

contract administrators under section 8 of the United States Housing Act of 1937 [12 U.S.C. 1437f] for purposes of any contracts entered into as part of an approved mortgage restructuring and rental assistance sufficiency plan. Subject to the availability of amounts provided in advance in appropriations Acts for administrative fees under section 8 of the United States Housing Act of 1937, such amounts may be used to compensate participating administrative entities for compliance monitoring costs incurred under section 519.

''(6) USE OF PROJECT ACCOUNTS.—Applying any residual receipts, replacement reserves, and any other project accounts not required for project operations, to maintain the long-term affordability and physical condition of the property or of other eligible multifamily housing projects. The participating administrative entity may expedite the acquisition of residual receipts, replacement reserves, or other such accounts, by entering into agreements with owners of housing covered by an expiring contract to provide an owner with a share of the receipts, not to exceed 10 percent, in accordance with guidelines established by the Secretary.

''(c) REHABILITATION NEEDS AND ADDITION OF SIGNIFICANT FEATURES.—

''(1) REHABILITATION NEEDS.—

''(A) IN GENERAL.—Rehabilitation may be paid from the residual receipts, replacement reserves, or any other project accounts not required for project operations, or, as provided in appropriations Acts and subject to the control of the Secretary of applicable accounts in the Treasury of the United States, from budget authority provided for increases in the budget authority for assistance contracts under section 8 of the United States Housing Act of 1937, the rehabilitation grant program established under section 236 of the National Housing Act [12 U.S.C. 1715z–1], as amended by section 531 of subtitle B of this Act, or through the debt restructuring transaction. Rehabilitation under this paragraph shall only be for the purpose of restoring the project to a non-luxury standard adequate for the rental market intended at the original approval of the project-based assistance.

''(B) CONTRIBUTION.—Each owner or purchaser of a project to be rehabilitated under an approved mortgage restructuring and rental assistance sufficiency plan shall contribute, from non-project resources, not less than 25 percent of the amount of rehabilitation assistance received, except that the participating administrative entity may provide an exception from the requirement of this subparagraph for housing cooperatives.

''(2) ADDITION OF SIGNIFICANT FEATURES.—

''(A) AUTHORITY.—An approved mortgage restructuring and rental assistance sufficiency plan may require the improvement of the project by the addition of significant features that are not necessary for rehabilitation to the standard provided under paragraph (1), such as air conditioning, an elevator, and additional community space. The Secretary shall establish guidelines regarding the inclusion of requirements regarding such additional significant features under such plans.

''(B) FUNDING.—Significant features added pursuant to an approved mortgage restructuring and rental assistance sufficiency plan may be paid from the funding sources specified in the first sentence of paragraph (1)(A).

''(C) LIMITATION ON OWNER CONTRIBUTION.—An owner of a project may not be required to contribute from non-project resources, toward the cost of any additional significant features required pursuant to this paragraph, more than 25 percent of the amount of any assistance received for the inclusion of such features.

''(D) APPLICABILITY.—This paragraph shall apply to all eligible multifamily housing projects, except projects for which the Secretary and the project owner executed a mortgage restructuring and rental assistance sufficiency plan on or before the date of the enactment of the Mark-to-Market Extension Act of 2001 [Jan. 10, 2002].

''(d) PROHIBITION ON EQUITY SHARING BY THE SECRETARY.—The Secretary is prohibited from participating in any equity agreement or profit-sharing agreement in conjunction with any eligible multifamily housing project.

''(e) CONFLICT OF INTEREST GUIDELINES.—The Secretary may establish guidelines to prevent conflicts of interest by a participating administrative entity that provides, directly or through risk-sharing arrangements, any form of credit enhancement or financing pursuant to subsections [sic] (b)(3) or (b)(4) or to prevent conflicts of interest by any other person or entity under this subtitle.

''SEC. 518. MANAGEMENT STANDARDS.

''Each participating administrative entity shall establish management standards, including requirements governing conflicts of interest between owners, managers, contractors with an identity of interest, pursuant to guidelines established by the Secretary and consistent with industry standards.

''SEC. 519. MONITORING OF COMPLIANCE.

''(a) COMPLIANCE AGREEMENTS.—(1) Pursuant to regulations issued by the Secretary under section 522(a), each participating administrative entity, through binding contractual agreements with owners and otherwise, shall ensure long-term compliance with the provisions of this subtitle. Each agreement shall, at a minimum, provide for—

''(A) enforcement of the provisions of this subtitle; and

''(B) remedies for the breach of those provisions.

''(2) If the participating administrative entity is not qualified under the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.] to be a section 8 contract administrator or fails to perform its duties under the portfolio restructuring agreement, the Secretary shall have the right to enforce the agreement.

''(b) PERIODIC MONITORING.—

''(1) IN GENERAL.—Not less than annually, each participating administrative entity that is qualified to be the section 8 contract administrator shall review the status of all multifamily housing projects for which a mortgage restructuring and rental assistance sufficiency plan has been implemented.

''(2) INSPECTIONS.—Each review under this subsection shall include onsite inspection to determine compliance with housing codes and other requirements as provided in this subtitle and the portfolio restructuring agreements.

''(3) ADMINISTRATION.—If the participating administrative entity is not qualified under the United States Housing Act of 1937 to be a section 8 contract administrator, either the Secretary or a qualified State or local housing agency shall be responsible for the review required by this subsection.

''(c) AUDIT BY THE SECRETARY.—The Comptroller General of the United States, the Secretary, and the Inspector General of the Department of Housing and Urban Development may conduct an audit at any time of any multifamily housing project for which a mortgage restructuring and rental assistance sufficiency plan has been implemented.

''SEC. 520. REPORTS TO CONGRESS.

''(a) ANNUAL REVIEW.—In order to ensure compliance with this subtitle, the Secretary shall conduct an annual review and report to the Congress on actions taken under this subtitle and the status of eligible multifamily housing projects.

''(b) SEMIANNUAL REVIEW.—Not less than semiannually during the 2-year period beginning on the date of the enactment of this Act [Oct. 27, 1997] and not less than annually thereafter, the Secretary shall submit reports to the Committee on Financial Services of the House of Representatives and the Committee on Bank-

ing, Housing, and Urban Affairs of the Senate stating, for such periods, the total number of projects identified by participating administrative entities under each of clauses (i) and (ii) of section 515(c)(2)(C).

''SEC. 521. GAO AUDIT AND REVIEW.

''(a) INITIAL AUDIT.—Not later than 18 months after the effective date of final regulations promulgated under this subtitle, the Comptroller General of the United States shall conduct an audit to evaluate eligible multifamily housing projects and the implementation of mortgage restructuring and rental assistance sufficiency plans.

''(b) REPORT.—

''(1) IN GENERAL.—Not later than 18 months after the audit conducted under subsection (a), the Comptroller General of the United States shall submit to Congress a report on the status of eligible multifamily housing projects and the implementation of mortgage restructuring and rental assistance sufficiency plans.

''(2) CONTENTS.—The report submitted under paragraph (1) shall include—

''(A) a description of the initial audit conducted under subsection (a); and

''(B) recommendations for any legislative action to increase the financial savings to the Federal Government of the restructuring of eligible multifamily housing projects balanced with the continued availability of the maximum number of affordable low-income housing units.

''SEC. 522. REGULATIONS.

''(a) RULEMAKING AND IMPLEMENTATION.—

''(1) INTERIM REGULATIONS.—The Director shall issue such interim regulations as may be necessary to implement this subtitle and the amendments made by this subtitle with respect to eligible multifamily housing projects covered by contracts described in section 512(2)(B) that expire in fiscal year 1999 or thereafter. If, before the expiration of such period, the Director has not been appointed, the Secretary shall issue such interim regulations.

''(2) FINAL REGULATIONS.—The Director shall issue final regulations necessary to implement this subtitle and the amendments made by this subtitle with respect to eligible multifamily housing projects covered by contracts described in section 512(2)(B) that expire in fiscal year 1999 or thereafter before the later of: (A) the expiration of the 12-month period beginning upon the date of the enactment of this Act [Oct. 27, 1997]; and (B) the 3-month period beginning upon the appointment of the Director under subtitle D.

''(3) FACTORS FOR CONSIDERATION.—Before the publication of the final regulations under paragraph (2), in addition to public comments invited in connection with publication of the interim rule, the Secretary shall—

''(A) seek recommendations on the implementation of sections 513(b) and 515(c)(1) from organizations representing—

''(i) State housing finance agencies and local housing agencies;

''(ii) other potential participating administering entities;

''(iii) tenants;

''(iv) owners and managers of eligible multifamily housing projects;

''(v) States and units of general local government; and

''(vi) qualified mortgagees; and

''(B) convene not less than 3 public forums at which the organizations making recommendations under subparagraph (A) may express views concerning the proposed disposition of the recommendations.

''(b) TRANSITION PROVISION FOR CONTRACTS EXPIRING IN FISCAL YEAR 1998.—Notwithstanding any other provision of law, the Secretary shall apply all the terms of section 211 and section 212 of the Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 1997 [Pub. L. 104–204, set out below] (except for section 212(h)(1)(G) and the limitation in section 212(k)) contracts for project-based assistance that expire during fiscal year 1998 (in the same manner that such provisions apply to expiring contracts defined in section 212(a)(3) of such Act), except that section 517(a) of the Act shall apply to mortgages on projects subject to such contracts.

''SEC. 523. TECHNICAL AND CONFORMING AMENDMENTS.

''(a) CALCULATION OF LIMIT ON PROJECT-BASED ASSISTANCE.—[Amended this section.]

''(b) PARTIAL PAYMENT OF CLAIMS ON MULTIFAMILY HOUSING PROJECTS.—[Amended section 1735f–19 of Title 12, Banks and Banking.]

''(c) REUSE AND RESCISSION OF CERTAIN RECAPTURED BUDGET AUTHORITY.—[Amended this section.]

''(d) SECTION 8 CONTRACT RENEWALS.—[Amended section 405(a) of Pub. L. 104–99, set out below.]

''(e) RENEWAL UPON REQUEST OF OWNER.—[Amended section 211 of Pub. L. 104–204, set out below.]

''(f) EXTENSION OF DEMONSTRATION CONTRACT PERIOD.—[Amended section 212 of Pub. L. 104–204, set out below.]

''SEC. 524. RENEWAL OF EXPIRING PROJECT-BASED SECTION 8 CONTRACTS.

''(a) IN GENERAL.—

''(1) RENEWAL.—Subject to paragraph (2), upon termination or expiration of a contract for project-based assistance under section 8 for a multifamily housing project (and notwithstanding section 8(v) of the United States Housing Act of 1937 [42 U.S.C. 1437f] for loan management assistance), the Secretary shall, at the request of the owner of the project and to the extent sufficient amounts are made available in appropriation Acts, use amounts available for the renewal of assistance under section 8 of such Act to provide such assistance for the project. The assistance shall be provided under a contract having such terms and conditions as the Secretary considers appropriate, subject to the requirements of this section. This section shall not require contract renewal for a project that is eligible under this subtitle for a mortgage restructuring and rental assistance sufficiency plan, if there is no approved plan for the project and the Secretary determines that such an approved plan is necessary.

''(2) PROHIBITION ON RENEWAL.—Notwithstanding part 24 of title 24 of the Code of Federal Regulations, the Secretary may elect not to renew assistance for a project otherwise required to be renewed under paragraph (1) or provide comparable benefits under paragraph (1) or (2) of subsection (e) for a project described in either such paragraph, if the Secretary determines that a violation under paragraphs (1) through (4) of section 516(a) has occurred with respect to the project. For purposes of such a determination, the provisions of section 516 shall apply to a project under this section in the same manner and to the same extent that the provisions of such section apply to eligible multifamily housing projects, except that the Secretary shall make the determination under section 516(a)(4).

''(3) CONTRACT TERM FOR MARK-UP-TO-MARKET CONTRACTS.—In the case of an expiring or terminating contract that has rent levels less than comparable market rents for the market area, if the rent levels under the renewal contract under this section are equal to comparable market rents for the market area, the contract shall have a term of not less than 5 years, subject to the availability of sufficient amounts in appropriation Acts.

''(4) RENEWAL RENTS.—Except as provided in subsection (b), the contract for assistance shall provide assistance at the following rent levels:

''(A) MARKET RENTS.—At the request of the owner of the project, at rent levels equal to the lesser of comparable market rents for the market area or 150 percent of the fair market rents, in the case only of a project that—

''(i) has rent levels under the expiring or terminating contract that do not exceed such comparable market rents;

''(ii) does not have a low- and moderate-income use restriction that can not be eliminated by unilateral action by the owner;

''(iii) is decent, safe, and sanitary housing, as determined by the Secretary;

''(iv) is not—

''(I) owned by a nonprofit entity;

''(II) subject to a contract for moderate rehabilitation assistance under section 8(e)(2) of the United States Housing Act of 1937, as in effect before October 1, 1991; or

''(III) a project for which the public housing agency provided voucher assistance to one or more of the tenants after the owner has provided notice of termination of the contract covering the tenant's unit; and

''(v) has units assisted under the contract for which the comparable market rent exceeds 110 percent of the fair market rent.

The Secretary may adjust the percentages of fair market rent (as specified in the matter preceding clause (i) and in clause (v)), but only upon a determination and written notification to the Congress within 10 days of making such determination, that such adjustment is necessary to ensure that this subparagraph covers projects with a high risk of nonrenewal of expiring contracts for project-based assistance.

''(B) REDUCTION TO MARKET RENTS.—In the case of a project that has rent levels under the expiring or terminating contract that exceed comparable market rents for the market area, at rent levels equal to such comparable market rents.

''(C) RENTS NOT EXCEEDING MARKET RENTS.—In the case of a project that is not subject to subparagraph (A) or (B), at rent levels that—

''(i) are not less than the existing rents under the terminated or expiring contract, as adjusted by an operating cost adjustment factor established by the Secretary (which shall not result in a negative adjustment), if such adjusted rents do not exceed comparable market rents for the market area; and

''(ii) do not exceed comparable market rents for the market area.

In determining the rent level for a contract under this subparagraph, the Secretary shall approve rents sufficient to cover budget-based cost increases and shall give greater consideration to providing rent at a level up to comparable market rents for the market area based on the number of the criteria under clauses (i) through (iii) of subparagraph (D) that the project meets. Notwithstanding any other provision of law, the Secretary shall include in such budget-based cost increases costs relating to the project as a whole (including costs incurred with respect to units not covered by the contract for assistance), but only (I) if inclusion of such costs is requested by the owner or purchaser of the project, (II) if inclusion of such costs will permit capital repairs to the project or acquisition of the project by a nonprofit organization, and (III) to the extent that inclusion of such costs (or a portion thereof) complies with the requirement under clause (ii).

''(D) WAIVER OF 150 PERCENT LIMITATION.—Notwithstanding subparagraph (A), at rent levels up to comparable market rents for the market area, in the case of a project that meets the requirements under clauses (i) through (v) of subparagraph (A) and—

''(i) has residents who are a particularly vulnerable population, as demonstrated by a high percentage of units being rented to elderly families, disabled families, or large families;

''(ii) is located in an area in which tenant-based assistance would be difficult to use, as demonstrated by a low vacancy rate for affordable housing, a high turnback rate for vouchers, or a lack of comparable rental housing; or

''(iii) is a high priority for the local community, as demonstrated by a contribution of State or local funds to the property.

In determining the rent level for a contract under this subparagraph, the Secretary shall approve rents sufficient to cover budget-based cost increases and shall give greater consideration to providing rent at a level up to comparable market rents for the market area based on the number of the criteria under clauses (i) through (iv) that the project meets.

''(5) COMPARABLE MARKET RENTS AND COMPARISON WITH FAIR MARKET RENTS.—The Secretary shall prescribe the method for determining comparable market rent by comparison with rents charged for comparable properties (as such term is defined in section 512), which may include appropriate adjustments for utility allowances and adjustments to reflect the value of any subsidy (other than section 8 assistance) provided by the Department of Housing and Urban Development.

''(b) EXCEPTION RENTS.—

The Secretary may include the transfer of section 8 project-based assistance.

''(5) TENANT PROTECTIONS.—Any family residing in an assisted unit in a multifamily housing project that is covered by an expiring contract that is not renewed, shall be offered tenant-based assistance before the date on which the contract expires or is not renewed.''

''(1) IN GENERAL.—Subject to the funding limitation in subsection (*l*), the Secretary shall administer a demonstration program with respect to multifamily projects—

''(A) whose owners agree to participate;

''(B) with rents on units assisted under section 8 of the United States Housing Act of 1937 [42 U.S.C. 1437f] that are, in the aggregate, in excess of 120 percent of the fair market rent of the market area in which the project is located; and

''(C) the mortgages of which are insured under the National Housing Act [12 U.S.C. 1701 et seq.].

''(2) PURPOSE.—The demonstration program shall be designed to obtain as much information as is feasible on the economic viability and rehabilitation needs of the multifamily housing projects in the demonstration, to test various approaches for restructuring mortgages to reduce the financial risk to the FHA Insurance Fund while reducing the cost of section 8 subsidies, and to test the feasibility and desirability of—

''(B) utilizing section 8 rental assistance, while taking into account the capital needs of the

projects and the need for adequate rental assistance to support the low- and very low-income families residing in such projects; and

''(C) preserving low-income rental housing affordability and availability while reducing the long-term cost of section 8 rental assistance.

''(c) GOALS.—

''(1) IN GENERAL.—The Secretary shall carry out the demonstration program in a manner that will protect the financial interests of the Federal Government through debt restructuring and subsidy reduction and, in the least costly fashion, address the goals of—

''(A) maintaining existing affordable housing stock in a decent, safe, and sanitary condition;

''(B) minimizing the involuntary displacement of tenants;

''(C) taking into account housing market conditions;

''(D) encouraging responsible ownership and management of property;

''(E) minimizing any adverse income tax impact on property owners; and

''(F) minimizing any adverse impacts on residential neighborhoods and local communities.

''(2) BALANCE OF COMPETING GOALS.—In determining the manner in which a mortgage is to be restructured or a subsidy reduced under this subsection, the Secretary may balance competing goals relating to individual projects in a manner that will further the purposes of this section.

''(d) PARTICIPATION ARRANGEMENTS.—

''(1) IN GENERAL.—In carrying out the demonstration program, the Secretary may enter into participation arrangements with designees, under which the Secretary may provide for the assumption by designees (by delegation, by contract, or otherwise) of some or all of the functions, obligations, responsibilities and benefits of the Secretary.

''(2) DESIGNEES.—In entering into any arrangement under this subsection, the Secretary shall select state housing finance agencies, housing agencies or nonprofits (separately or in conjunction with each other) to act as designees to the extent such agencies are determined to be qualified by the Secretary. In locations where there is no qualified State housing finance agency, housing agency or nonprofit to act as a designee, the Secretary may act as a designee. Each participation arrangement entered into under this subsection shall include a designee as the primary partner. Any organization selected by the Secretary under this section shall have a long-term record of service in providing low-income housing and meet standards of fiscal responsibility, as determined by the Secretary.

''(G) Federal Home Loan Banks; and

''(H) other State or local mortgage insurance companies or bank lending consortia.

''(e) LONG-TERM AFFORDABILITY.—

''(1) IN GENERAL.—After the renewal of a section 8 contract pursuant to a restructuring under this section, the owner shall accept each offer to renew the section 8 contract, for a period of 20 years from the date of the renewal under the demonstration, if the offer to renew is on terms and conditions, as agreed to by the Secretary or designee and the owner under a restructuring.

''(2) AFFORDABILITY REQUIREMENTS.—Except as otherwise provided by the Secretary, in exchange for any mortgage restructuring under this section, a project shall remain affordable for a period of not less than 20 years. Affordability requirements shall be determined in accordance with guidelines established by the Secretary or designee. The Secretary or designee may waive these requirements for good cause.

''(f) PROCEDURES.—

''(1) NOTICE OF PARTICIPATION IN DEMONSTRATION.—Not later than 45 days before the date of expiration of an expiring contract (or such later date, as determined by the Secretary, for good cause), the owner of the multifamily housing project covered by that expiring contract shall notify the Secretary or designee and the residents of the owner's intent to participate in the demonstration program.

''(2) DEMONSTRATION CONTRACT.—Upon receipt of a notice under paragraph (1), the owner and the Secretary or designee shall enter into a demonstration contract, which shall provide for initial section 8 project-based rents at the same rent levels as those under the expiring contract or, if practical, the budget-based rent to cover debt service, reasonable operating expenses (including reasonable and appropriate services), and a reasonable return to the owner, as determined solely by the Secretary. The demonstration contract shall be for the minimum term necessary for the rents and mortgages of the multifamily housing project to be restructured under the demonstration program, but shall not be for a period of time to exceed 180 days, unless extended for good cause by the Secretary.

''(g)(1) PROJECT-BASED SECTION 8.—The Secretary shall renew all expiring contracts under the demonstration as section 8 project-based contracts, for a period of time not to exceed one year, unless otherwise provided under subsection (h) or in paragraph (2).

''(2) The Secretary may renew a demonstration contract for an additional period of not to exceed 120 days, if—

''(A) the contract was originally executed before February 1, 1997, and the Secretary determines, in the sole discretion of the Secretary, that the renewal period for the contract needs to exceed 1 year, due to delay of publication of the Secretary's demonstration program guidelines until January 23, 1997 (not to exceed 21 projects); or

''(B) the contract was originally executed before October 1, 1997, in connection with a project that has been identified for restructuring under the joint venture approach described in section VII.B.2. of the Secretary's demonstration program guidelines, and the Secretary determines, in the sole discretion of the Secretary, that the renewal period for the contract needs to exceed 1 year, due to delay in implementation of the joint venture agreement required by the guidelines (not to exceed 25 projects).

''(h) DEMONSTRATION ACTIONS.—

''(1) DEMONSTRATION ACTIONS.—For purposes of carrying out the demonstration program, and in order to ensure that contract rights are not abrogated, subject to such third party consents as are necessary (if any), including consent by the Government National Mortgage Association if it owns a mortgage insured by the Secretary, consent by an issuer under the mortgage-backed securities program of the Association, subject to the responsibilities of the issuer to its security holders and the Association under such program, and consent by parties to any contractual agreement which the Secretary proposes to modify or discontinue, the Secretary or, except with respect to subparagraph (B), designee, subject to the funding limitation in subsection (*l*), shall take not less than one of the actions specified in subparagraphs (G), (H), and (I) and may take any of the following actions:

ify, or agree to the removal of any mortgage, regulatory agreement, project-based assistance contract, use agreement, or restriction that had been imposed or required by the Secretary, including restrictions on distributions of income which the Secretary or designee determines would interfere with the ability of the project to operate without above-market rents.

''(ii) ACCUMULATED RESIDUAL RECEIPTS.—The Secretary or designee may require an owner of a property assisted under the section 8 new construction/substantial rehabilitation program under the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.] to apply any accumulated residual receipts toward effecting the purposes of this section.

''(B) REINSURANCE.—With respect to not more than 5,000 units within the demonstration during fiscal year 1997, the Secretary may enter into contracts to purchase reinsurance, or enter into participations or otherwise transfer economic interest in contracts of insurance or in the premiums paid, or due to be paid, on such insurance, on such terms and conditions as the Secretary may determine. Any contract entered into under this paragraph shall require that any associated units be maintained as low-income units for the life of the mortgage, unless waived by the Secretary for good cause.

''(C) PARTICIPATION BY THIRD PARTIES.—The Secretary or designee may enter into such agreements, provide such concessions, incur such costs, make such grants (including grants to cover all or a portion of the rehabilitation costs for a project) and other payments, and provide other valuable consideration as may reasonably be necessary for owners, lenders, servicers, third parties, and other entities to participate in the demonstration program. The Secretary may establish performance incentives for designees.

''(D) SECTION 8 ADMINISTRATIVE FEES.—Notwithstanding any other provision of law, the Secretary may make fees available from the section 8 contract renewal appropriation to a designee for contract administration under section 8 of the United States Housing Act of 1937 [42 U.S.C. 1437f] for purposes of any contract restructured or renewed under the demonstration program.

''(E) FULL OR PARTIAL PAYMENT OF CLAIM.—Notwithstanding any other provision of law, the Secretary may make a full payment of claim or partial payment of claim prior to default.

''(F) CREDIT ENHANCEMENT.—

''(i) IN GENERAL.—The Secretary or designee may provide FHA multifamily mortgage insurance, reinsurance, or other credit enhancement alternatives, including retaining the existing FHA mortgage insurance on a restructured first mortgage at market value or using the multifamily risk-sharing mortgage programs, as provided under section 542 of the Housing and Community Development Act of 1992 [12 U.S.C. 1707 note]. Any limitations on the number of units available for mortgage insurance under section 542 shall not apply to insurance issued for purposes of the demonstration program.

''(ii) MAXIMUM PERCENTAGE.—During fiscal year 1997, not more than 25 percent of the units in multifamily housing projects with expiring contracts in the demonstration, in the aggregate, may be restructured without FHA insurance, unless otherwise agreed to by the owner of a project.

''(iii) CREDIT SUBSIDY.—Any credit subsidy costs of providing mortgage insurance shall be paid from amounts made available under subsection (*l*).

''(G) MORTGAGE RESTRUCTURING.—

''(i) IN GENERAL.—The Secretary or designee may restructure mortgages to provide a restructured first mortgage to cover debt service and operating expenses (including a reasonable rate of return to the owner) at the market rent, and a second mortgage equal to the difference between the restructured first mortgage and the mortgage balance of the eligible multifamily housing project at the time of restructuring.

''(ii) CREDIT SUBSIDY.—Any credit subsidy costs of providing a second mortgage shall be paid from amounts made available under subsection (*l*).

''(H) DEBT FORGIVENESS.—The Secretary or designee, for good cause and at the request of the owner of a multifamily housing project, may forgive at the time of the restructuring of a mortgage any portion of a debt on the project that exceeds the market value of the project.

''(I) BUDGET-BASED RENTS.—The Secretary or designee may renew an expiring contract, including a contract for a project in which operating costs exceed comparable market rents, for a period of not more than one year, at a budget-based rent that covers debt service, reasonable operating expenses (including all reasonable and appropriate services), and a reasonable rate of return to the owner, as determined solely by the Secretary, provided that the contract does not exceed the rent levels under the expiring contract. The Secretary may establish a preference under the demonstration program for budget-based rents for unique housing projects, such as projects designated for occupancy by elderly families and projects in rural areas.

''(J) SECTION 8 TENANT-BASED ASSISTANCE.—For not more than 10 percent of units in multifamily housing projects that have had their mortgages restructured in any fiscal year under the demonstration, the Secretary or designee may provide, with the agreement of an owner and in consultation with the tenants of the housing, section 8 tenant-based assistance for some or all of the assisted units in a multifamily housing project in lieu of section 8 project-based assistance. Section 8 tenant-based assistance may only be provided where the Secretary determines and certifies that there is adequate available and affordable housing within the local area and that tenants will be able to use the section 8 tenant-based assistance successfully.

''(2) OFFER AND ACCEPTANCE.—Notwithstanding any other provision of law, an owner of a project in the demonstration must accept any reasonable offer made by the Secretary or a designee under this subsection. An owner may appeal the reasonableness of any offer to the Secretary and the Secretary shall respond within 30 days of the date of appeal with a final offer. If the final offer is not acceptable, the owner may opt out of the program.

''(i) COMMUNITY AND TENANT INPUT.—In carrying out this section, the Secretary shall develop procedures to provide appropriate and timely notice, including an opportunity for comment and timely access to all relevant information, to officials of the unit of general local government affected, the community in which the project is situated, and the tenants of the project.

''(j) TRANSFER OF PROPERTY.—The Secretary shall establish procedures to facilitate the voluntary sale or transfer of multifamily housing projects under the demonstration to tenant organizations and tenant-endorsed community-based nonprofit and public agency purchasers meeting such reasonable qualifications as may be established by the Secretary.

''(k) LIMITATION ON DEMONSTRATION AUTHORITY.—The Secretary shall carry out the demonstration program with respect to mortgages not to exceed 50,000 units.

''(*l*) FUNDING.—In addition to the $30,000,000 made available under section 210 of the Departments of Veterans Affairs and Housing and Urban Development and Independent Agencies Appropriations Act, 1996 (110 Stat. 1321) [section 101(e) [title II, §210] of Pub. Federal Housing Administration, as authorized under this section, $10,000,000 is hereby appropriated, to remain available until September 30, 1998.

''(b) PROGRAM AUTHORITY.—The Secretary of Housing and Urban Development shall conduct a demonstration program under this section beginning in fiscal year 1996 under which up to 30 public housing agencies (including Indian housing authorities) administering the public or Indian housing program and the section 8 [42 U.S.C. 1437f] housing assistance payments program may be selected by the Secretary to participate. The Secretary shall provide training and technical assistance during the demonstration and conduct detailed evaluations of up to 15 such agencies in an effort to identify replicable program models promoting the purpose of the demonstration. Under the demonstration, notwithstanding any provision of the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.] except as provided in subsection (e), an agency may combine operating assistance provided under section 9 of the United States Housing Act of 1937 [42 U.S.C. 1437g], modernization assistance provided under section 14 of such Act [42 U.S.C. 1437*l*], and assistance provided under section 8 of such Act for the certificate and voucher programs, to provide housing assistance for low-income families, as defined in section 3(b)(2) of the United States Housing Act of 1937 [42 U.S.C. 1437a(b)(2)], and services to facilitate the transition to work on such terms and conditions as the agency may propose and the Secretary may approve.

''(3) shall include a plan developed by the agency that takes into account comments from the public hearing and any other public comments on the proposed program, and comments from current and prospective residents who would be affected, and that includes criteria for—

''(A) families to be assisted, which shall require that at least 75 percent of the families assisted by participating demonstration public housing authorities shall be very low-income families, as defined in section 3(b)(2) of the United States Housing Act of 1937 [42 U.S.C. 1437a(b)(2)];

''(D) maintaining a comparable mix of families (by family size) as would have been provided had the amounts not been used under the demonstration; and

''(E) assuring that housing assisted under the demonstration program meets housing quality standards established or approved by the Secretary; and

''(4) may request assistance for training and technical assistance to assist with design of the demonstration and to participate in a detailed evaluation.

(J) the costs associated with the operation and management of mixed finance projects, to the extent appropriate; and

(K) the costs of operating computer centers in public housing through a Neighborhood Networks initiative described in subsection (d)(1)(E) of this section, and of activities related to that initiative.

(2) Formula

(A) In general

The Secretary shall establish a formula for determining the amount of assistance provided to public housing agencies from the Operating Fund for a fiscal year. The formula may take into account—

(i) standards for the costs of operating and reasonable projections of income, taking into account the characteristics and locations of the public housing projects and characteristics of the families served and to be served (including the incomes of the families), or the costs of providing comparable services as determined in accordance with criteria or a formula representing the operations of a prototype well-managed public housing project;

(ii) the number of public housing dwelling units owned, assisted, or operated by the public housing agency;

(iii) the number of public housing dwelling units owned, assisted, or operated by the public housing agency that are chronically vacant and the amount of assistance appropriate for those units;

(iv) to the extent quantifiable, the extent to which the public housing agency provides programs and activities designed to promote the economic self-sufficiency and management skills of public housing residents;

(v) the need of the public housing agency to carry out anti-crime and anti-drug activities, including providing adequate security for public housing residents;

(vi) the amount of public housing rental income foregone by the public housing agency as a result of escrow savings accounts under section 1437u(d)(2) of this title for families participating in a family self-sufficiency program of the agency under such section 1437u of this title; and

(vii) any other factors that the Secretary determines to be appropriate.

(B) Incentive to increase certain rental income

The formula shall provide an incentive to encourage public housing agencies to facilitate increases in earned income by families in occupancy. Any such incentive shall provide that the agency shall benefit from increases in such rental income and that such amounts accruing to the agency pursuant to such benefit may be used only for low-income housing or to benefit the residents of the public housing agency.

(C) Treatment of savings

(i) In general

The treatment of utility and waste management costs under the formula shall provide that a public housing agency shall receive the full financial benefit from any reduction in the cost of utilities or waste management resulting from any contract with a third party to undertake energy conservation improvements in one or more of its public housing projects.

(ii) Third party contracts

Contracts described in clause (i) may include contracts for equipment conversions to less costly utility sources, projects with resident-paid utilities, and adjustments to frozen base year consumption, including systems repaired to meet applicable building and safety codes and adjustments for occupancy rates increased by rehabilitation.

(iii) Term of contract

The total term of a contract described in clause (i) shall not exceed 20 years to allow longer payback periods for retrofits, including windows, heating system replacements, wall insulation, site-based generation, advanced energy savings technologies, including renewable energy generation, and other such retrofits.

(3) Condition on use

No portion of any public housing project operated using amounts provided under this subsection, or under this section as in effect before the effective date under section 503(a) of the Quality Housing and Work Responsibility Act of 1998, may be disposed of before the expiration of the 10-year period beginning upon the conclusion of the fiscal year for which such amounts were provided, except as otherwise provided in this chapter.

(f) Negotiated rulemaking procedure

The formulas under subsections (d)(2) and (e)(2) of this section shall be developed according to procedures for issuance of regulations under the negotiated rulemaking procedure under subchapter III of chapter 5 of title 5.

(g) Limitations on use of funds

(1) Flexibility for Capital Fund amounts

Of any amounts appropriated for fiscal year 2000 or any fiscal year thereafter that are allocated for fiscal year 2000 or any fiscal year thereafter from the Capital Fund for any public housing agency, the agency may use not more than 20 percent for activities that are eligible under subsection (e) of this section for assistance with amounts from the Operating Fund, but only if the public housing agency plan for the agency provides for such use.

(2) Full flexibility for small PHAs

Of any amounts allocated for any fiscal year for any public housing agency that owns or op-

erates less than 250 public housing dwelling units, is not designated pursuant to section 1437d(j)(2) of this title as a troubled public housing agency, and (in the determination of the Secretary) is operating and maintaining its public housing in a safe, clean, and healthy condition, the agency may use any such amounts for any eligible activities under subsections (d)(1) and (e)(1) of this section, regardless of the fund from which the amounts were allocated and provided. This subsection shall take effect on October 21, 1998.

(3) Limitation on new construction

(A) In general

Except as provided in subparagraphs (B) and (C), a public housing agency may not use any of the amounts allocated for the agency from the Capital Fund or Operating Fund for the purpose of constructing any public housing unit, if such construction would result in a net increase from the number of public housing units owned, assisted, or operated by the public housing agency on October 1, 1999, including any public housing units demolished as part of any revitalization effort.

(B) Exception regarding use of assistance

A public housing agency may use amounts allocated for the agency from the Capital Fund or Operating Fund for the construction and operation of housing units that are available and affordable to low-income families in excess of the limitations on new construction set forth in subparagraph (A), but the formulas established under subsections (d)(2) and (e)(2) of this section shall not provide additional funding for the specific purpose of allowing construction and operation of housing in excess of those limitations (except to the extent provided in subparagraph (C)).

(C) Exception regarding formulas

Subject to reasonable limitations set by the Secretary, the formulas established under subsections (d)(2) and (e)(2) of this section may provide additional funding for the operation and modernization costs (but not the initial development costs) of housing in excess of amounts otherwise permitted under this paragraph, and such amounts may be so used, if—

(i) such units are part of a mixed-finance project or otherwise leverage significant additional private or public investment; and

(ii) the estimated cost of the useful life of the project is less than the estimated cost of providing tenant-based assistance under section 1437f(*o*) of this title for the same period of time.

(h) Technical assistance

To the extent amounts are provided in advance in appropriations Acts, the Secretary may make grants or enter into contracts or cooperative agreements in accordance with this subsection for purposes of providing, either directly or indirectly—

(1) technical assistance to public housing agencies, resident councils, resident organizations, and resident management corporations, including assistance relating to monitoring and inspections;

(2) training for public housing agency employees and residents;

(3) data collection and analysis;

(4) training, technical assistance, and education to public housing agencies that are—

(A) at risk of being designated as troubled under section 1437d(j) of this title, to assist such agencies from being so designated; and

(5) contract expertise;

(6) training and technical assistance to assist in the oversight and management of public housing or tenant-based assistance;

(7) clearinghouse services in furtherance of the goals and activities of this subsection; and

(8) assistance in connection with the establishment and operation of computer centers in public housing through a Neighborhood Networks initiative described in subsection (d)(1)(E) of this section.

As used in this subsection, the terms ''training'' and ''technical assistance'' shall include training or technical assistance and the cost of necessary travel for participants in such training or technical assistance, by or to officials and employees of the Department and of public housing agencies, and to residents and to other eligible grantees.

(i) Eligibility of units acquired from proceeds of sales under demolition or disposition plan

If a public housing agency uses proceeds from the sale of units under a homeownership program in accordance with section 1437z–4 of this title to acquire additional units to be sold to low-income families, the additional units shall be counted as public housing for purposes of determining the amount of the allocation to the agency under this section until sale by the agency, but in no case longer than 5 years.

(j) Penalty for slow expenditure of capital funds

(1) Obligation of amounts

Except as provided in paragraph (4) and subject to paragraph (2), a public housing agency shall obligate any assistance received under this section not later than 24 months after, as applicable—

(A) the date on which the funds become available to the agency for obligation in the case of modernization; or

(B) the date on which the agency accumulates adequate funds to undertake modernization, substantial rehabilitation, or new construction of units.

(2) Extension of time period for obligation

The Secretary—

(A) may, extend the time period under paragraph (1) for a public housing agency, for such period as the Secretary determines to be necessary, if the Secretary determines that the failure of the agency to obligate assistance in a timely manner is attributable to—

(i) litigation;

(ii) obtaining approvals of the Federal Government or a State or local government;

(iii) complying with environmental assessment and abatement requirements;

(iv) relocating residents;

(v) an event beyond the control of the public housing agency; or

(vi) any other reason established by the Secretary by notice published in the Federal Register;

(B) shall disregard the requirements of paragraph (1) with respect to any unobligated amounts made available to a public housing agency, to the extent that the total of such amounts does not exceed 10 percent of the original amount made available to the public housing agency; and

(C) may, with the prior approval of the Secretary, extend the time period under paragraph (1), for an additional period not to exceed 12 months, based on—

(i) the size of the public housing agency;

(ii) the complexity of capital program of the public housing agency;

(iii) any limitation on the ability of the public housing agency to obligate the amounts allocated for the agency from the Capital Fund in a timely manner as a result of State or local law; or

(iv) such other factors as the Secretary determines to be relevant.

(3) Effect of failure to comply

(A) Prohibition of new assistance

A public housing agency shall not be awarded assistance under this section for any month during any fiscal year in which the public housing agency has funds unobligated in violation of paragraph (1) or (2).

(B) Withholding of assistance

During any fiscal year described in subparagraph (A), the Secretary shall withhold all assistance that would otherwise be provided to the public housing agency. If the public housing agency cures its failure to comply during the year, it shall be provided with the share attributable to the months remaining in the year.

(C) Redistribution

The total amount of any funds not provided public housing agencies by operation of this paragraph shall be allocated for agencies determined under section 1437d(j) of this title to be high-performing.

(4) Exception to obligation requirements

(A) In general

Subject to subparagraph (B), if the Secretary has consented, before the effective date under section 503(a) of the Quality Housing and Work Responsibility Act of 1998, to an obligation period for any agency longer than provided under paragraph (1), a public housing agency that obligates its funds before the expiration of that period shall not be considered to be in violation of paragraph (1).

(B) Prior fiscal years

Notwithstanding subparagraph (A), any funds appropriated to a public housing agency for fiscal year 1997 or prior fiscal years shall be fully obligated by the public housing agency not later than September 30, 1999.

(5) Expenditure of amounts

(A) In general

A public housing agency shall spend any assistance received under this section not later than 4 years (plus the period of any extension approved by the Secretary under paragraph (2)) after the date on which funds become available to the agency for obligation.

(B) Enforcement

The Secretary shall enforce the requirement of subparagraph (A) through default remedies up to and including withdrawal of the funding.

(6) Right of recapture

Any obligation entered into by a public housing agency shall be subject to the right of the Secretary to recapture the obligated amounts for violation by the public housing agency of the requirements of this subsection.

(k) Emergency reserve and use of amounts

(1) Set-asides

In each fiscal year after fiscal year 1999, the Secretary shall set aside, for use in accordance with this subsection, not more than 2 percent of the total amount made available to carry out this section for such fiscal year. In addition to amounts set aside under the preceding sentence, in each fiscal year the Secretary may set from the total amount made available to carry out this section for such fiscal year not more than $20,000,000 for the Operation Safe Home program administered by the Office of the Inspector General of the Department of Housing and Urban Development, for law enforcement efforts to combat violent crime on or near the premises of public and federally assisted housing.

(5) Publication

The Secretary shall publish the use of any amounts allocated under this subsection relating to emergencies (other than disasters and housing needs resulting from any settlement of litigation) in the Federal Register.

(*l*) Treatment of nonrental income

A public housing agency that receives income from nonrental sources (as determined by the Secretary) may retain and use such amounts without any decrease in the amounts received under this section from the Capital or Operating Fund. Any such nonrental amounts retained shall be used only for low-income housing or to benefit the residents assisted by the public housing agency.

(m) Provision of only capital or operating assistance

(1) Authority

In appropriate circumstances, as determined by the Secretary, a public housing agency may commit capital assistance only, or operating assistance only, for public housing units, which assistance shall be subject to all of the requirements applicable to public housing except as otherwise provided in this subsection.

(2) Exemptions

In the case of any public housing unit assisted pursuant to the authority under paragraph (1), the Secretary may, by regulation, reduce the period under subsection (d)(3) or (e)(3) of this section, as applicable, during which such units must be operated under requirements applicable to public housing. In cases in which there is commitment of operating assistance but no commitment of capital assistance, the Secretary may make section 8 [42 U.S.C. 1437f] requirements applicable, as appropriate, by regulation.

For each public housing resident subject to the requirement under paragraph (1), the public housing agency shall, 30 days before the expiration of each lease term of the resident under section 1437d(*l*)(1) of this title, review and determine the compliance of the resident with the requirement under paragraph (1) of this subsection.

(B) Due process

Such determinations shall be made in accordance with the principles of due process and on a nondiscriminatory basis.

(C) Noncompliance

If an agency determines that a resident subject to the requirement under paragraph (1) has not complied with the requirement, the agency—

(i) shall notify the resident—

(I) of such noncompliance;

(II) that the determination of noncompliance is subject to the administrative grievance procedure under subsection (k);[2] and

(III) that, unless the resident enters into an agreement under clause (ii) of this subparagraph, the resident's lease will not be renewed; and

(ii) may not renew or extend the resident's lease upon expiration of the lease term and shall take such action as is necessary to terminate the tenancy of the household, unless the agency enters into an agreement, before the expiration of the lease term, with the resident providing for the resident to cure any noncompliance with the requirement under paragraph (1), by participating in an economic self-sufficiency program for or contributing to community service as many additional hours as the resident needs to comply in the aggregate with such requirement over the 12-month term of the lease.

(4) Ineligibility for occupancy for noncompliance

A public housing agency may not renew or extend any lease, or provide any new lease, for a dwelling unit in public housing for any household that includes an adult member who was subject to the requirement under paragraph (1) and failed to comply with the requirement.

Each public housing agency shall include in its public housing agency plan a detailed description of the manner in which the agency intends to implement and administer this subsection.

(6) Geographic location

(8) Third-party coordinating

A public housing agency may administer the community service requirement under this subsection directly, through a resident organization, or through a contractor having experience in administering volunteer-based community service programs within the service area of the public housing agency. The Secretary may establish qualifications for such organizations and contractors.

(d) Treatment of income changes resulting from welfare program requirements

(1) Covered family

For purposes of this subsection, the term ''covered family'' means a family that (A) receives benefits for welfare or public assistance from a State or other public agency under a program for which the Federal, State, or local law relating to the program requires, as a condition of eligibility for assistance under the program, participation of a member of the family in an economic self-sufficiency program, and (B) resides in a public housing dwelling unit or is provided tenant-based assistance under section 1437f of this title.

(2) Decreases in income for failure to comply

(A) In general

Notwithstanding the provisions of section 1437a(a) of this title (relating to family rental contributions) or paragraph (4) or (5) of section 1437a(b) of this title (relating to defi-

nition of income and adjusted income), if the welfare or public assistance benefits of a covered family are reduced under a Federal, State, or local law regarding such an assistance program because of any failure of any member of the family to comply with the conditions under the assistance program requiring participation in an economic self-sufficiency program or imposing a work activities requirement, the amount required to be paid by the family as a monthly contribution toward rent may not be decreased, during the period of the reduction, as a result of any decrease in the income of the family (to the extent that the decrease in income is a result of the benefits reduction).

(B) No reduction based on time limit for assistance

For purposes of this paragraph, a reduction in benefits as a result of the expiration of a lifetime time limit for a family receiving welfare or public assistance benefits shall not be considered to be a failure to comply with the conditions under the assistance program requiring participation in an economic self-sufficiency program or imposing a work activities requirement. This paragraph shall apply beginning on October 21, 1998.

(3) Effect of fraud

Notwithstanding the provisions of section 1437a(a) of this title (relating to family rental contributions) or paragraph (4) or (5) of section 1437a(b) of this title (relating to definition of income and adjusted income), if the welfare or public assistance benefits of a covered family are reduced because of an act of fraud by a member of the family under the law or program, the amount required to be paid by the covered family as a monthly contribution toward rent may not be decreased, during the period of the reduction, as a result of any decrease in the income of the family (to the extent that the decrease in income is a result of the benefits reduction). This paragraph shall apply beginning on October 21, 1998.

(4) Notice

Paragraphs (2) and (3) shall not apply to any covered family before the public housing agency providing assistance under this chapter on behalf of the family obtains written notification from the relevant welfare or public assistance agency specifying that the family's benefits have been reduced because of noncompliance with economic self-sufficiency program or work activities requirements or fraud, and the level of such reduction.

(5) Occupancy rights

This subsection may not be construed to authorize any public housing agency to establish any time limit on tenancy in a public housing dwelling unit or on receipt of tenant-based assistance under section 1437f of this title.

(6) Review

Any covered family residing in public housing that is affected by the operation of this subsection shall have the right to review the determination under this subsection through the administrative grievance procedure established pursuant to section 1437d(k) of this title for the public housing agency.

(7) Cooperation agreements for economic self-sufficiency activities

(A) Requirement

A public housing agency providing public housing dwelling units or tenant-based assistance under section 1437f of this title for covered families shall make its best efforts to enter into such cooperation agreements, with State, local, and other agencies providing assistance to covered families under welfare or public assistance programs, as may be necessary, to provide for such agencies to transfer information to facilitate administration of subsection (c) of this section and paragraphs (2), (3), and (4) of this subsection and other information regarding rents, income, and assistance that may assist a public housing agency or welfare or public assistance agency in carrying out its functions.

(B) Contents

A public housing agency shall seek to include in a cooperation agreement under this paragraph requirements and provisions designed to target assistance under welfare and public assistance programs to families residing in public housing projects and families receiving tenant-based assistance under section 1437f of this title, which may include providing for economic self-sufficiency services within such housing, providing for services designed to meet the unique employment-related needs of residents of such housing and recipients of such assistance, providing for placement of workfare positions on-site in such housing, and such other elements as may be appropriate.

(C) Confidentiality

This paragraph may not be construed to authorize any release of information prohibited by, or in contravention of, any other provision of Federal, State, or local law.

(e) Lease provisions

A public housing agency shall incorporate into leases under section 1437d(*l*) of this title and into agreements for the provision of tenant-based assistance under section 1437f of this title, provisions incorporating the conditions under subsection (d) of this section.

(f) Treatment of income

Notwithstanding any other provision of this section, in determining the income of a family who resides in public housing or receives tenant-based assistance under section 1437f of this title, a public housing agency shall consider any decrease in the income of a family that results from the reduction of any welfare or public assistance benefits received by the family under any Federal, State, or local law regarding a program for such assistance if the family (or a member thereof, as applicable) has complied with the conditions for receiving such assistance and is unable to obtain employment notwithstanding such compliance.

(g) Definition

For purposes of this section, the term ''economic self-sufficiency program'' means any program designed to encourage, assist, train, or facilitate the economic independence of participants and their families or to provide work for participants, including programs for job training, employment counseling, work placement, basic skills training, education, workfare, financial or household management, apprenticeship, or other activities as the Secretary may provide.

§ 1437n. Eligibility for assisted housing

(a) Income eligibility for public housing

(1) Income mix within projects

A public housing agency may establish and utilize income-mix criteria for the selection of residents for dwelling units in public housing projects, subject to the requirements of this section.

(2) PHA income mix

(A)[1] TARGETING.—Except as provided in paragraph (4), of the public housing dwelling units of a public housing agency made available for occupancy in any fiscal year by eligible families, not less than 40 percent shall be occupied by families whose incomes at the time of commencement of occupancy do not exceed 30 percent of the area median income, as determined by the Secretary with adjustments for smaller and larger families; except that the Secretary may establish income ceilings higher or lower than 30 percent of the area median income on the basis of the Secretary's findings that such variations are necessary because of unusually high or low family incomes.

(3) Prohibition of concentration of low-income families

(A) Prohibition

A public housing agency may not, in complying with the requirements under paragraph (2), concentrate very low-income families (or other families with relatively low incomes) in public housing dwelling units in certain public housing projects or certain buildings within projects. The Secretary shall review the income and occupancy characteristics of the public housing projects and the buildings of such projects of such agencies to ensure compliance with the provisions of this paragraph and paragraph (2).

(B) Deconcentration

(i) In general

A public housing agency shall submit with its annual public housing agency plan under section 1437c–1 of this title an admissions policy designed to provide for deconcentration of poverty and income-mixing by bringing higher income tenants into lower income projects and lower income tenants into higher income projects. This clause may not be construed to impose or require any specific income or racial quotas for any project or projects.

(ii) Incentives

In implementing the policy under clause (i), a public housing agency may offer incentives for eligible families having higher incomes to occupy dwelling unit in projects predominantly occupied by eligible families having lower incomes, and provide for occupancy of eligible families having lower incomes in projects predominantly occupied by eligible families having higher incomes.

[1] So in original. No subpar. (B) has been enacted.

(iii) Family choice

Incentives referred to in clause (ii) may be made available by a public housing agency only in a manner that allows for the eligible family to have the sole discretion in determining whether to accept the incentive and an agency may not take any adverse action toward any eligible family for choosing not to accept an incentive and occupancy of a project described in clause (i)(II),[2] *Provided*, That the skipping of a family on a waiting list to reach another family to implement the policy under clause (i) shall not be considered an adverse action. An agency implementing an admissions policy under this subparagraph shall implement the policy in a manner that does not prevent or interfere with the use of site-based waiting lists authorized under section 1437d(s)[3] of this title.

(4) Fungibility with tenant-based assistance

(A) Authority

Except as provided under subparagraph (D), the number of public housing dwelling units that a public housing agency shall otherwise make available in accordance with paragraph (2)(A) to comply with the percentage requirement under such paragraph for a fiscal year shall be reduced by the credit number for the agency under subparagraph (B).

(B) Credit for exceeding tenant-based assistance targeting requirement

Subject to subparagraph (C), the credit number under this subparagraph for a public housing agency for a fiscal year shall be the number by which—

(i) the aggregate number of qualified families who, in such fiscal year, are initially provided tenant-based assistance under section 1437f of this title by the agency; exceeds

(ii) the number of qualified families that is required for the agency to comply with the percentage requirement under subsection (b)(1) of this section for such fiscal year.

(C) Limitations on credit number

The credit number under subparagraph (B) for a public housing agency for a fiscal year may not in any case exceed the lesser of—

(i) the number of dwelling units that is equivalent to 10 percent of the aggregate number of families initially provided tenant-based assistance under section 1437f of this title by the agency in such fiscal year; or

(ii) the number of public housing dwelling units of the agency that—

(I) are in projects that are located in census tracts having a poverty rate of 30 percent or more; and

(II) are made available for occupancy during such fiscal year and are actually filled only by families whose incomes at the time of commencement of such occupancy exceed 30 percent of the area median income, as determined by the Secretary with adjustments for smaller and larger families.

(D) Fungibility floor

Notwithstanding any authority under subparagraph (A), of the public housing dwelling units of a public housing agency made available for occupancy in any fiscal year by eligible families, not less than 30 percent shall be occupied by families whose incomes at the time of commencement of occupancy do not exceed 30 percent of the area median income, as determined by the Secretary with adjustments for smaller and larger families.

(2) Jurisdictions served by multiple PHAs

In the case of any 2 or more public housing agencies that administer tenant-based assistance under section 1437f of this title with respect solely to identical geographical areas, such agencies shall be treated as a single public housing agency for purposes of paragraph (1).

(c) Income eligibility for project-based section 1437f assistance

(4) Prohibition of skipping

In developing admission procedures implementing paragraphs (1), (2), and (3), the Secretary shall prohibit project owners from selecting families for residence in an order different from the order on the waiting list for the purpose of selecting relatively higher income families for residence. Nothing in this paragraph or this subsection may be construed to prevent an owner of housing assisted under a contract for project-based assistance from establishing a preference for occupancy in such housing for families containing a member who is employed.

(5) Exception

§ 1437p. Demolition and disposition of public housing

(a) Applications for demolition and disposition

Except as provided in subsection (b) of this section, upon receiving an application by a public housing agency for authorization, with or without financial assistance under this subchapter, to demolish or dispose of a public housing project or a portion of a public housing project (including any transfer to a resident-supported nonprofit entity), the Secretary shall approve the application, if the public housing agency certifies—

(1) in the case of—

(A) an application proposing demolition of a public housing project or a portion of a public housing project, that—

(i) the project or portion of the public housing project is obsolete as to physical condition, location, or other factors, making it unsuitable for housing purposes; and

(ii) no reasonable program of modifications is cost-effective to return the public housing project or portion of the project to useful life; and

(B) an application proposing the demolition of only a portion of a public housing project, that the demolition will help to ensure the viability of the remaining portion of the project;

(2) in the case of an application proposing disposition by sale or other transfer of a public housing project or other real property subject to this subchapter—

(A) the retention of the property is not in the best interests of the residents or the public housing agency because—

(i) conditions in the area surrounding the public housing project adversely affect the health or safety of the residents or the feasible operation of the project by the public housing agency; or

(ii) disposition allows the acquisition, development, or rehabilitation of other properties that will be more efficiently or effectively operated as low-income housing;

(B) the public housing agency has otherwise determined the disposition to be appropriate for reasons that are—

(i) in the best interests of the residents and the public housing agency;

(ii) consistent with the goals of the public housing agency and the public housing agency plan; and

(iii) otherwise consistent with this subchapter; or

(C) for property other than dwelling units, the property is excess to the needs of a public housing project or the disposition is incidental to, or does not interfere with, continued operation of a public housing project;

(3) that the public housing agency has specifically authorized the demolition or disposition in the public housing agency plan, and has certified that the actions contemplated in the public housing agency plan comply with this section;

(4) that the public housing agency—

(A) will notify each family residing in a project subject to demolition or disposition 90 days prior to the displacement date, except in cases of imminent threat to health or safety, consistent with any guidelines issued by the Secretary governing such notifications, that—

(i) the public housing project will be demolished or disposed of;

(ii) the demolition of the building in which the family resides will not commence until each resident of the building is relocated; and

(iii) each family displaced by such action will be offered comparable housing—

(I) that meets housing quality standards;

(II) that is located in an area that is generally not less desirable than the location of the displaced person's housing; and

(III) which may include—

(aa) tenant-based assistance, except that the requirement under this clause regarding offering of comparable housing shall be fulfilled by use of tenant-based assistance only upon the relocation of such family into such housing;

(bb) project-based assistance; or

(cc) occupancy in a unit operated or assisted by the public housing agency at a rental rate paid by the family that is comparable to the rental rate appli-

cable to the unit from which the family is vacated;

(B) will provide for the payment of the actual and reasonable relocation expenses of each resident to be displaced;

(C) will ensure that each displaced resident is offered comparable housing in accordance with the notice under subparagraph (A); and[1]

(D) will provide any necessary counseling for residents who are displaced; and

(E) will not commence demolition or complete disposition until all residents residing in the building are relocated;

(5) that the net proceeds of any disposition will be used—

(A) unless waived by the Secretary, for the retirement of outstanding obligations issued to finance the original public housing project or modernization of the project; and

(B) to the extent that any proceeds remain after the application of proceeds in accordance with subparagraph (A), for—

(i) the provision of low-income housing or to benefit the residents of the public housing agency; or

(ii) leveraging amounts for securing commercial enterprises, on-site in public housing projects of the public housing agency, appropriate to serve the needs of the residents; and

(6) that the public housing agency has complied with subsection (c) of this section.

(b) Disapproval of applications

The Secretary shall disapprove an application submitted under subsection (a) of this section if the Secretary determines that—

(1) any certification made by the public housing agency under that subsection is clearly inconsistent with information and data available to the Secretary or information or data requested by the Secretary; or

(2) the application was not developed in consultation with—

(A) residents who will be affected by the proposed demolition or disposition;

(B) each resident advisory board and resident council, if any, of the project (or portion thereof) that will be affected by the proposed demolition or disposition; and

(C) appropriate government officials.

(c) Resident opportunity to purchase in case of proposed disposition

(1) In general

In the case of a proposed disposition of a public housing project or portion of a project, the public housing agency shall, in appropriate circumstances, as determined by the Secretary, initially offer the property to any eligible resident organization, eligible resident management corporation, or nonprofit organization acting on behalf of the residents, if that entity has expressed an interest, in writing, to the public housing agency in a timely manner, in purchasing the property for continued use as low-income housing.

(2) Timing

(A) Expression of interest

A resident organization, resident management corporation, or other resident-supported nonprofit entity referred to in paragraph (1) may express interest in purchasing property that is the subject of a disposition, as described in paragraph (1), during the 30-day period beginning on the date of notification of a proposed sale of the property.

(B) Opportunity to arrange purchase

If an entity expresses written interest in purchasing a property, as provided in subparagraph (A), no disposition of the property shall occur during the 60-day period beginning on the date of receipt of that written notice (other than to the entity providing the notice), during which time that entity shall be given the opportunity to obtain a firm commitment for financing the purchase of the property.

(d) Replacement units

Notwithstanding any other provision of law, replacement public housing units for public housing units demolished in accordance with this section may be built on the original public housing location or in the same neighborhood as the original public housing location if the number of the replacement public housing units is significantly fewer than the number of units demolished.

(e) Consolidation of occupancy within or among buildings

Nothing in this section may be construed to prevent a public housing agency from consolidating occupancy within or among buildings of a public housing project, or among projects, or with other housing for the purpose of improving living conditions of, or providing more efficient services to, residents.

(f) De minimis exception to demolition requirements

Notwithstanding any other provision of this section, in any 5-year period a public housing agency may demolish not more than the lesser of 5 dwelling units or 5 percent of the total dwelling units owned by the public housing agency, but only if the space occupied by the demolished unit is used for meeting the service or other needs of public housing residents or the demolished unit was beyond repair.

(g) Uniform Relocation and Real Property Acquisition Act

The Uniform Relocation and Real Property Acquisition Policies Act of 1970 [42 U.S.C. 4601 et seq.] shall not apply to activities under this section.

(h) Relocation and replacement

Of the amounts appropriated for tenant-based assistance under section 1437f of this title in any fiscal year, the Secretary may use such sums as are necessary for relocation and replacement housing for dwelling units that are demolished and disposed of from the public housing inventory (in addition to other amounts that may be available for such purposes).

§ 1437r. Public housing resident management

(a) Purpose

The purpose of this section is to encourage increased resident management of public housing projects, as a means of improving existing living conditions in public housing projects, by providing increased flexibility for public housing projects that are managed by residents by—

(1) permitting the retention, and use for certain purposes, of any revenues exceeding operating and project costs; and

(2) providing funding, from amounts otherwise available, for technical assistance to promote formation and development of resident management entities.

For purposes of this section, the term ''public housing project'' includes one or more contiguous buildings or an area of contiguous row houses the elected resident councils of which approve the establishment of a resident management corporation and otherwise meet the requirements of this section.

(b) Program requirements

(1) Resident council

As a condition of entering into a resident management program, the elected resident council of a public housing project shall approve the establishment of a resident management corporation. When such approval is made by the elected resident council of a building or row house area, the resident management program shall not interfere with the rights of other families residing in the project or harm the efficient operation of the project. The resident management corporation and the resident council may be the same organization, if the organization complies with the requirements applicable to both the corporation and council. The corporation shall be a nonprofit corporation organized under the laws of the State in which the project is located, and the

tenants of the project shall be the sole voting members of the corporation. If there is no elected resident council, a majority of the households of the public housing project shall approve the establishment of a resident council to determine the feasibility of establishing a resident management corporation to manage the project.

(2) Public housing management specialist

The resident council of a public housing project, in cooperation with the public housing agency, shall select a qualified public housing management specialist to assist in determining the feasibility of, and to help establish, a resident management corporation and to provide training and other duties agreed to in the daily operations of the project.

(3) Bonding and insurance

Before assuming any management responsibility for a public housing project, the resident management corporation shall provide fidelity bonding and insurance, or equivalent protection, in accordance with regulations and requirements of the Secretary and the public housing agency. Such bonding and insurance, or its equivalent, shall be adequate to protect the Secretary and the public housing agency against loss, theft, embezzlement, or fraudulent acts on the part of the resident management corporation or its employees.

(4) Management responsibilities

A resident management corporation that qualifies under this section, and that supplies insurance and bonding or equivalent protection sufficient to the Secretary and the public housing agency, shall enter into a contract with the public housing agency establishing the respective management rights and responsibilities of the corporation and the public housing agency. Such contract shall be consistent with the requirements of this chapter applicable to public housing projects and may include specific terms governing management personnel and compensation, access to public housing project records, submission of and adherence to budgets, rent collection procedures, tenant income verification, tenant eligibility determinations, tenant eviction, the acquisition of supplies and materials, rent determination, community service requirements,,[1] and such other matters as may be appropriate. The contract shall be treated as a contracting out of services and shall be subject to any provision of a collective bargaining agreement regarding contracting out to which the public housing agency is subject.

(5) Annual audit

The books and records of a resident management corporation operating a public housing project shall be audited annually by a certified public accountant. A written report of each audit shall be forwarded to the public housing agency and the Secretary.

(c) Assistance amounts

A contract under this section for management of a public housing project by a resident management corporation shall provide for—

(1) the public housing agency to provide a portion of the assistance to agency from the Capital and Operating Funds to the resident management corporation in accordance with subsection (e) of this section for purposes of operating the public housing project covered by the contract and performing such other eligible activities with respect to the project as may be provided under the contract;

(2) the amount of income expected to be derived from the project itself (from sources such as rents and charges);

(3) the amount of income to be provided to the project from the other sources of income of the public housing agency (such as interest income, administrative fees, and rents); and

(4) any income generated by a resident management corporation of a public housing project that exceeds the income estimated under the contract shall be used for eligible activities under subsections (d)(1) and (e)(1) of section 1437g of this title.

(d) Waiver of Federal requirements

(1) Waiver of regulatory requirements

Upon the request of any resident management corporation and public housing agency, and after notice and an opportunity to comment is afforded to the affected tenants, the Secretary may waive (for both the resident management corporation and the public housing agency) any requirement established by the Secretary (and not specified in any statute) that the Secretary determines to unnecessarily increase the costs or restrict the income of a public housing project.

(2) Waiver to permit employment

Upon the request of any resident management corporation, the Secretary may, subject to applicable collective bargaining agreements, permit residents of such project to volunteer a portion of their labor.

(3) Exceptions

The Secretary may not waive under this subsection any requirement with respect to income eligibility for purposes of section 1437n of this title, rental payments under section 1437a(a) of this title, tenant or applicant protections, employee organizing rights, or rights of employees under collective bargaining agreements.

(e) Direct provision of operating and capital assistance

(1) In general

The Secretary shall directly provide assistance from the Operating and Capital Funds to a resident management corporation managing a public housing development pursuant to a contract under this section, but only if—

(A) the resident management corporation petitions the Secretary for the release of the funds;

(B) the contract provides for the resident management corporation to assume the primary management responsibilities of the public housing agency; and

(C) the Secretary determines that the corporation has the capability to effectively discharge such responsibilities.

[1] So in original.

(2) Use of assistance

Any assistance from the Operating and Capital Funds provided to a resident management corporation pursuant to this subsection shall be used for purposes of operating the public housing developments of the agency and performing such other eligible activities with respect to public housing as may be provided under the contract.

(3) Responsibility of public housing agency

If the Secretary provides direct funding to a resident management corporation under this subsection, the public housing agency shall not be responsible for the actions of the resident management corporation.

(4) Calculation of Operating Fund allocation

§ 1437s. Public housing homeownership and management opportunities

(a) Homeownership opportunities in general

Low-income families residing in a public housing project shall be provided with the opportunity to purchase the dwelling units in the project through a qualifying resident management corporation as follows:

(1) Formation of resident management corporation

As a condition for public housing homeownership—

(A) the adult residents of a public housing project shall have formed a resident management corporation in accordance with regulations and requirements of the Secretary prescribed under this section and section 1437r of this title;

(B) the resident management corporation shall have entered into a contract with the public housing agency establishing the respective management rights and responsibilities of the resident management corporation and the public housing agency; and

(C) the resident management corporation shall have demonstrated its ability to manage public housing effectively and efficiently for a period of not less than 3 years.

(2) Homeownership assistance

(A) The Secretary may provide assistance from the Capital Fund to a public housing project in which homeownership activities under this section are conducted.

(B) The Secretary may provide financial assistance to public housing agencies, resident management corporations, or resident councils that obtain, by contract or otherwise, training, technical assistance, and educational assistance as the Secretary determines to be necessary to promote homeownership opportunities under this section.

(C) This paragraph shall not have effect after February 4, 1991. The Secretary may not provide financial assistance under subparagraph (B), after such date, unless the Secretary determines that such assistance is necessary for the development of a homeownership program that was initiated, as determined by the Secretary, before November 28, 1990.

(3) Conditions of purchase by a resident management corporation

(A) A resident management corporation may purchase from a public housing agency one or more multifamily buildings in a public housing project following a determination by the Secretary that—

(i) the resident management corporation has met the conditions of paragraph (1);

(ii) the resident management corporation has applied for and is prepared to undertake the ownership, management, and maintenance of the building or buildings with continued assistance from the Secretary;

(iii) the public housing agency has held one or more public hearings to obtain the views of citizens regarding the proposed purchase and, in consultation with the Secretary, has certified that the purchase will not interfere with the rights of other families residing in public housing, will not harm the efficient operation of other public housing, and is in the interest of the community;

(iv) the public housing agency has certified that it has and will implement a plan to replace public housing units sold under this section within 30 months of the sale, which plan shall provide for replacement of 100 percent of the units sold under this section by—

(I) production, acquisition, or rehabilitation of vacant public housing units by the public housing agency; and

(II) acquisition by the resident management corporation of nonpublicly owned, decent, and affordable housing units, which the resident management corporation shall operate as rental housing subject to tenant income and rent limitations

comparable to the limitations applicable to public housing; and

(v) the building or buildings meet the housing quality standards applicable under section 1437d(f) of this title, and the physical condition, management, and operation of the building or buildings are sufficient to permit affordable homeownership by the families residing in the project.

(B) The price of a building purchased under the preceding sentence shall be approved by the Secretary, in consultation with the public housing agency and resident management corporation, taking into account the fair market value of the property, the ability of resident families to afford and maintain the property, and such other factors as the Secretary determines to be consistent with increasing the supply of dwelling units affordable to very low income families.

(C) This paragraph shall not have effect after February 4, 1991. The authority for a resident management corporation to purchase 1 or more multifamily buildings in a public housing project from a public housing agency shall terminate after such date, unless the Secretary determines that such purchase is necessary for the development of a homeownership program that was initiated, as determined by the Secretary, before November 28, 1990.

(4) Conditions of resale

(A)(i) A resident management corporation may sell a dwelling unit or ownership rights in a dwelling unit only to a lower income family residing in, or eligible to reside in, public housing and only if the Secretary determines that the purchase will not interfere with the rights of other families residing in the housing project or harm the efficient operation of the project, and the family will be able to purchase and maintain the property.

(iii) Each resident management corporation shall provide each family described in clause (ii) with a notice of the eligibility of the family to purchase a dwelling unit under this paragraph.

(B) A purchase under subparagraph (A) may be made under any of the following arrangements:

(i) Limited dividend cooperative ownership.

(D) In no case may the owner receive consideration for his or her interest in the property that exceeds the total of—

(i) the contribution to equity paid by the owner;

(ii) the value, as determined by such means as the Secretary shall determine through regulation, of any improvements installed at the expense of the owner during the owner's tenure as owner; and

(iii) the appreciated value determined by an inflation allowance at a rate which may be based on a cost of living index, an income index, or market index as determined by the Secretary through regulation and agreed to by the purchaser and the resident management corporation or the public housing agency, whichever is appropriate, at the time of initial sale, and applied against the contribution to equity; the resident management corporation or the public housing agency may, at the time of initial sale, enter into an agreement with the owner to set a maximum amount which this appreciation may not exceed.

(E) Upon sale, the resident management corporation or the public housing agency, whichever is appropriate, shall ensure that subsequent owners are bound by the same limitations on resale and further restrictions on equity appreciation.

(5) Use of proceeds

Notwithstanding any other provision of this chapter or other law to the contrary, proceeds from the sale of a building or buildings under paragraph (3) and amounts recaptured under paragraph (4) shall be paid to the public housing agency and shall be retained and used by the public housing agency only to increase the number of public housing units available for occupancy. The resident management corporation shall keep and make available to the public housing agency and the Secretary all records necessary to calculate accurately payments due the local housing agency under this section. The Secretary shall not reduce or delay payments under other provisions of law as a result of amounts made available to the local housing agency under this section.

(6) Financing

When financing for the purchase of the property is not otherwise available for purposes of assisting any purchase by a family or resident management corporation under this section,

the public housing agency involved may make a loan on the security of the property involved to the family or resident management corporation at a rate of interest that shall not be lower than 70 percent of the market interest rate for conventional mortgages on the date on which the loan is made.

(7) Capital and operating assistance

Notwithstanding the purchase of a building in a public housing project under this section, the Secretary shall continue to provide assistance under section 1437g of this title with respect to the project. Such assistance may not exceed the allocation for the project under section 1437g of this title.

The Secretary may adjust the payment standard for such assistance to take into account conditions under which the building was purchased.

(4) Rental and relocation assistance

If any family resides in a dwelling unit in a public housing project in which other dwelling units are purchased under this section, and the family decides not to purchase the dwelling unit, the Secretary shall offer (to be selected by the family, at its option)—

(A) to assist the family in relocating to a comparable appropriate sized dwelling unit in another public housing project, and to reimburse the family for their cost of relocation; and

(B) to provide to the family the financial assistance necessary to permit the family to stay in the dwelling unit or to move to another comparable dwelling unit and to pay no more for rent than required under subparagraph (A), (B), or (C) of section 1437a(a)(1) of this title.

(a) Authority

A public housing agency may convert any public housing project (or portion thereof) owned by the public housing agency to tenant-based assistance, but only in accordance with the requirements of this section.

(b) Conversion assessment

(1) In general

To convert public housing under this section, a public housing agency shall conduct an assessment of the public housing that includes—

(A) a cost analysis that demonstrates whether or not the cost (both on a net present value basis and in terms of new budget authority requirements) of providing tenant-based assistance under section 1437f of this title for the same families in substantially similar dwellings over the same period of time is less expensive than continuing public housing assistance in the public housing project for the remaining useful life of the project;

(B) an analysis of the market value of the public housing project both before and after rehabilitation, and before and after conversion;

(C) an analysis of the rental market conditions with respect to the likely success of the use of tenant-based assistance under section 1437f of this title in that market for the specific residents of the public housing project, including an assessment of the availability of decent and safe dwellings renting at or below the payment standard established for tenant-based assistance under section 1437f of this title by the agency;

(D) the impact of the conversion to tenant-based assistance under this section on the neighborhood in which the public housing project is located; and

(E) a plan that identifies actions, if any, that the public housing agency would take with regard to converting any public housing project or projects (or portions thereof) of the public housing agency to tenant-based assistance.

(2) Timing

Not later than 2 years after the effective date under section 503(a) of the Quality Housing and Work Responsibility Act of 1998, each public housing agency shall conduct an assessment under paragraph (1) or (3) of the status of each public housing project owned by such agency and shall submit to the Secretary such assessment. A public housing agency may otherwise undertake an assessment under this

At the discretion of the Secretary or at the request of a public housing agency, the Secretary may waive any or all of the requirements of paragraph (1) or (3) or otherwise require a streamlined assessment with respect to any public housing project or class of public housing projects.

(c) Criteria for implementation of conversion plan

A public housing agency may convert a public housing project (or portion thereof) owned by the agency to tenant-based assistance only pursuant to a conversion assessment under subsection (b) of this section that one year[1] and that demonstrates that the conversion—

(1) will not be more expensive than continuing to operate the public housing project (or portion thereof) as public housing;

(2) will principally benefit the residents of the public housing project (or portion thereof) to be converted, the public housing agency, and the community; and

(3) will not adversely affect the availability of affordable housing in such community.

(d) Conversion plan requirement

A public housing project may be converted under this section to tenant-based assistance only as provided in a conversion plan under this subsection, which has not been disapproved by the Secretary pursuant to subsection (e) of this section. Each conversion plan shall—

(i) the public housing project (or portion) will be removed from the inventory of the public housing agency; and

(ii) each family displaced by such action will be offered comparable housing—

(I) that meets housing quality standards;

(II) that is located in an area that is generally not less desirable than the location of the displaced person's housing; and

(III) which may include—

(B) provide any necessary counseling for families displaced by such action;

(C) ensure that, if the project (or portion) converted is used as housing after such conversion, each resident may choose to remain in their dwelling unit in the project and use the tenant-based assistance toward rent for that unit; and

(D) provide any actual and reasonable relocation expenses for families displaced by the conversion; and

(5) provide that any proceeds to the agency from the conversion will be used subject to the limitations that are applicable under section 1437p(a)(5) of this title to proceeds resulting from the disposition or demolition of public housing.

(e) Review and approval of conversion plans

The Secretary shall disapprove a conversion plan only if—

(1) the plan is plainly inconsistent with the conversion assessment for the agency developed under subsection (b) of this section;

(2) there is reliable information and data available to the Secretary that contradicts that conversion assessment; or

(3) the plan otherwise fails to meet the requirements of this section.

§ 1437u. Family Self-Sufficiency program

(a) Purpose

The purpose of the Family Self-Sufficiency program established under this section is to promote the development of local strategies to coordinate use of public housing and assistance under the certificate and voucher programs under section 1437f of this title with public and private resources, to enable eligible families to achieve economic independence and self-sufficiency.

(b) Establishment of program

(1) Required programs

Except as provided in paragraph (2), the Secretary shall carry out a program under which each public housing agency that administers assistance under subsection (b) or (*o*) of section 1437f of this title or makes available new public housing dwelling units—

(A) may, during fiscal years 1991 and 1992, carry out a local Family Self-Sufficiency program under this section;

(B) effective on October 1, 1992, the Secretary shall require each such agency to carry out a local Family Self-Sufficiency program under this section, subject to the limitations in paragraph (4); and

(C) effective on October 21, 1998, to the extent an agency is not required to carry out a program pursuant to subparagraph (B) of this paragraph and paragraph (4), may carry out a local Family Self-Sufficiency program under this section.

Each local program shall, subject to availability of supportive services, include an action plan under subsection (g) of this section and shall provide comprehensive supportive services for families electing to participate in the program. In carrying out the self-sufficiency program under this section, the Secretary shall consult with the heads of other appropriate Federal agencies and provide for cooperative actions and funding agreements with such agencies. Each public housing agency administering an approved local program may employ a service coordinator to administer the local program.

(2) Exception

The Secretary shall not require a public housing agency to carry out a local program under subsection (a) of this section if the public housing agency provides certification (as such term is defined under title I of the Cranston-Gonzalez National Affordable Housing Act [42 U.S.C. 12701 et seq.]) to the Secretary, that the establishment and operation of the program is not feasible because of local circumstances, which may include—

(A) lack of supportive services accessible to eligible families, which shall include insufficient availability of resources for programs under title I of the Workforce Investment Act of 1998 [29 U.S.C. 2801 et seq.] or the Job Opportunities and Basic Skills Training Program under part F[1] of title IV of the Social Security Act;

(B) lack of funding for reasonable administrative costs;

(C) lack of cooperation by other units of State or local government; or

(D) any other circumstances that the Secretary may consider appropriate.

In allocating assistance available for reservation under this chapter, the Secretary may not refuse to provide assistance or decrease the amount of assistance that would otherwise be provided to any public housing agency because the agency has provided a certification under this paragraph or because, pursuant to a certification, the agency has failed to carry out a self-sufficiency program.

(3) Scope

Subject to paragraph (4), each public housing agency required to carry out a local program under this section shall make the following housing assistance available under the program in each fiscal year:

(A) Certificate and voucher assistance under section 1437f(b) and (*o*) of this title, in an amount equivalent to the increase for such year in the number of families so assisted by the agency (as compared to the preceding year).

[1] See References in Text note below.

(B) Public housing dwelling units, in the number equal to the increase for such year in units made available by the agency (as compared to the preceding year).

Each such public housing agency shall continue to operate a local program for the number of families determined under this paragraph subject only to the availability under appropriations Acts of sufficient amounts for assistance.

(4) Termination of requirement to expand program

(A) In general

Notwithstanding any other provision of law, a public housing agency that receives incremental assistance under subsection (b) or (*o*) of section 1437f of this title or that makes available new public housing dwelling units shall not be required, after October 21, 1998, to provide assistance under a local Family Self-Sufficiency program under this section to any families not required to be assisted under subparagraph (B) of this paragraph.

(B) Continuation of existing obligations

(i) In general

Each public housing agency that, before October 21, 1998, was required under this section to carry out a local Family Self-Sufficiency program shall continue to operate such local program for the number of families determined under paragraph (3), subject only to the availability under appropriations Acts of sufficient amounts for housing assistance.

(ii) Reduction

The number of families for which an agency is required under clause (i) to operate such local program shall be decreased by one for each family that, after October 21, 1998, fulfills its obligations under the contract of participation.

(5) Nonparticipation

Assistance under the certificate or voucher programs under section 1437f of this title for a family that elects not to participate in a local program shall not be delayed by reason of such election.

(c) Contract of participation

(1) In general

Each public housing agency carrying out a local program under this section shall enter into a contract with each leaseholder receiving assistance under the certificate and voucher programs of the public housing agency under section 1437f of this title or residing in public housing administered by the agency, that elects to participate in the self-sufficiency program under this section. The contract shall set forth the provisions of the local program, shall establish specific interim and final goals by which compliance with and performance of the contract may be measured, and shall specify the resources and supportive services to be made available to the participating family pursuant to paragraph (2) and the responsibilities of the participating family. The contract shall provide that the public housing agency may terminate or withhold assistance under section 1437f of this title and services under paragraph (2) of this subsection if the public housing agency determines, through an administrative grievance procedure in accordance with the requirements of section 1437d(k) of this title, that the family has failed to comply with the requirements of the contract without good cause (which may include a loss or reduction in access to supportive services, or a change in circumstances that makes the family or individual unsuitable for participation).

(2) Supportive services

A local program under this section shall provide appropriate supportive services under this paragraph to each participating family entering into a contract of participation under paragraph (1). The supportive services shall be provided during the period the family is receiving assistance under section 1437f of this title or residing in public housing, and may include—

(A) child care;

(B) transportation necessary to receive services;

(C) remedial education;

(D) education for completion of high school;

(E) job training and preparation;

(F) substance abuse treatment and counseling;

(G) training in homemaking and parenting skills;

(H) training in money management;

(I) training in household management; and

(J) any other services and resources appropriate to assist eligible families to achieve economic independence and self-sufficiency.

(3) Term and extension

Each family participating in a local program shall be required to fulfill its obligations under the contract of participation not later than 5 years after entering into the contract. The public housing agency shall extend the term of the contract for any family that requests an extension, upon a finding of the agency of good cause.

(4) Employment and counseling

The contract of participation shall require the head of the participating family to seek suitable employment during the term of the contract. The public housing agency may, during such period, provide counseling for the family with respect to affordable rental and homeownership opportunities in the private housing market and money management counseling.

(d) Incentives for participation

(1) Maximum rents

During the term of the contract of participation, the amount of rent paid by any participating family whose monthly adjusted income does not exceed 50 percent of the area median income for occupancy in the public housing unit or dwelling unit assisted under section

1437f of this title may not be increased on the basis of any increase in the earned income of the family, unless the increase results in an income exceeding 50 percent of the area median income. The Secretary shall provide for increased rents for participating families whose incomes are between 50 and 80 percent of the area median income, so that any family whose income increases to 80 percent or more of the area median income pays 30 percent of the family's monthly adjusted income for rent. Upon completion of the contract of participation, if the participating family continues to qualify for and reside in a dwelling unit in public housing or housing assisted under section 1437f of this title, the rent charged the participating family shall be increased (if applicable) to 30 percent of the monthly adjusted income of the family.

(2) Escrow savings accounts

For each participating family whose monthly adjusted income is less than 50 percent of the area median income, the difference between 30 percent of the adjusted income of the participating family and the amount of rent paid by a participating family shall be placed in an interest-bearing escrow account established by the public housing agency on behalf of the participating family. For families with incomes between 50 and 80 percent of the area median income, the Secretary shall provide for escrow of the difference between 30 percent of the family income and the amount paid by the family for rent as determined by the Secretary under paragraph (1). The Secretary shall not escrow any amounts for any family whose adjusted income exceeds 80 percent of the area median income. Amounts in the escrow account may be withdrawn by the participating family after the family ceases to receive income assistance under Federal or State welfare programs, upon successful performance of the obligations of the family under the contract of participation entered into by the family under subsection (c) of this section, as determined according to the specific goals and terms included in the contract, and under other circumstances in which the Secretary determines an exception for good cause is warranted. A public housing agency establishing such escrow accounts may make certain amounts in the accounts available to the participating families before full performance of the contract obligations based on compliance with, and completion of, specific interim goals included in the contract; except that any such amounts shall be used by the participating families for purposes consistent with the contracts of participation, as determined by the public housing agency.

(3) Plan

Each public housing agency carrying out a local program under this section shall establish a plan to offer incentives to families to encourage families to participate in the program. The plan shall require the establishment of escrow savings accounts under paragraph (2) and may include any other incentives designed by the public housing agency.

(e) Effect of increases in family income

Any increase in the earned income of a family during the participation of the family in a local program established under this section may not be considered as income or a resource for purposes of eligibility of the family for other benefits, or amount of benefits payable to the family, under any program administered by the Secretary, unless the income of the family equals or exceeds 80 percent of the median income of the area (as determined by the Secretary with adjustments for smaller and larger families).

(f) Program coordinating committee

(1) Functions

Each public housing agency carrying out a local program under this section shall, in consultation with the chief executive officer of the unit of general local government, develop an action plan under subsection (g) of this section, carry out activities under the local program, and secure commitments of public and private resources through a program coordinating committee established by the public housing agency under this subsection.

(2) Membership

The program coordinating committee may consist of representatives of the public housing agency, the unit of general local government, the local agencies (if any) responsible for carrying out programs under title I of the Workforce Investment Act of 1998 [29 U.S.C. 2801 et seq.] or the Job Opportunities and Basic Skills Training Program under part F[2] of title IV of the Social Security Act, and other organizations, such as other State and local welfare and employment agencies, public and private education or training institutions, nonprofit service providers, and private businesses. The public housing agency may, in consultation with the chief executive officer of the unit of general local government, utilize an existing entity as the program coordinating committee if it meets the requirements of this subsection.

(g) Action plan

(1) Required submission

The Secretary shall require each public housing agency participating in the self-sufficiency program under this section to submit to the Secretary, for approval by the Secretary, an action plan under this subsection in such form and in accordance with such procedures as the Secretary shall require.

(2) Development of plan

In developing the plan, the public housing agency shall consult with the chief executive officer of the applicable unit of general local government, the program coordinating committee established under subsection (f) of this section, representatives of residents of the public housing, any local agencies responsible for programs under title I of the Workforce Investment Act of 1998 [29 U.S.C. 2801 et seq.] or the Job Opportunities and Basic Skills Training Program under part F[2] of title IV of the

Social Security Act, other appropriate organizations (such as other State and local welfare and employment or training institutions, child care providers, nonprofit service providers, and private businesses), and any other public and private service providers affected by the operation of the local program.

(3) Contents of plan

The Secretary shall require that the action plan contain at a minimum—

(A) a description of the size, characteristics, and needs of the population of the families expected to participate in the local self-sufficiency program;

(B) a description of the number of eligible participating families who can reasonably be expected to receive supportive services under the program, based on available and anticipated Federal, State, local, and private resources;

(C) a description of the services and activities under subsection (c)(2) of this section to be provided to families receiving assistance under this section through the section 8 [42 U.S.C. 1437f] and public housing programs, which shall be provided by both public and private resources;

(D) a description of the incentives pursuant to subsection (d) of this section offered by the public housing agency to families to encourage participation in the program;

(E) a description of how the local program will deliver services and activities according to the needs of the families participating in the program;

(F) a description of both the public and private resources that are expected to be made available to provide the activities and services under the local program;

(G) a timetable for implementation of the local program;

(H) assurances satisfactory to the Secretary that development of the services and activities under the local program has been coordinated with the Job Opportunities and Basic Skills Training Program under part F[2] of title IV of the Social Security Act and programs under title I of the Workforce Investment Act of 1998 [29 U.S.C. 2801 et seq.] and any other relevant employment, child care, transportation, training, and education programs in the applicable area, and that implementation will continue to be coordinated, in order to avoid duplication of services and activities; and

(I) assurances satisfactory to the Secretary that nonparticipating families will retain their rights to public housing or section 8 [42 U.S.C. 1437f] assistance notwithstanding the provisions of this section.

(h) Allowable public housing agency administrative fees and costs

(1) Fees under section 1437f

The Secretary shall establish a fee under section 1437f(q) of this title for the costs incurred in administering the provision of certificate and voucher assistance under section 1437f of this title through the self-sufficiency program under this section. The fee shall be the fee in effect under such section on June 1, 1990, except that for purposes of the fee under this paragraph the applicable dollar amount for preliminary expenses under section 1437f(q)(2)(A)(i)[2] of this title shall, subject to approval in appropriations Acts, be $300. Upon the submission by the Comptroller General of the United States of the report required under section 554(b) of the Cranston-Gonzalez National Affordable Housing Act, the Secretary shall revise the fee under this paragraph, taking into consideration the report of the Comptroller General.

(2) Performance funding system

Notwithstanding any provision of section 1437g of this title, the Secretary shall provide for inclusion under the performance funding system under section 1437g of this title of reasonable and eligible administrative costs (including the costs of employing a full-time service coordinator) incurred by public housing agencies carrying out local programs under this section. The Secretary shall include an estimate of the administrative costs likely to be incurred by participating public housing agencies in the annual budget request for the Department of Housing and Urban Development for public housing operating assistance under section 1437g of this title and shall include a request for such amounts in the budget request. Of any amounts appropriated under section 1437g(c) of this title for fiscal year 1993, $25,000,000 is authorized to be used for costs under this paragraph, and of any amounts appropriated under such section for fiscal year 1994, $25,900,000 is authorized to be used for costs under this paragraph.

(i) Public housing agency incentive award allocation

(1) In general

The Secretary shall carry out a competition for budget authority for certificate and voucher assistance under section 1437f of this title and public housing development assistance under section 1437c(a)(2) of this title reserved under paragraph (4) and shall allocate such budget authority to public housing agencies pursuant to the competition.

(2) Criteria

The competition shall be based on successful and outstanding implementation by public housing agencies of a local self-sufficiency program under this section. The Secretary shall establish perfomance[3] criteria for public housing agencies carrying out such local programs and the Secretary shall cause such criteria to be published in the Federal Register.

(3) Use

Each public housing agency that receives an allocation of budget authority under this subsection shall use such authority to provide assistance under the local self-sufficiency program established by the public housing agency under this section.

(4) Reservation of budget authority

Notwithstanding section 1439(d) of this title, the Secretary shall reserve for allocation

(j) On-site facilities

Each public housing agency carrying out a local program may, subject to the approval of the Secretary, make available and utilize common areas or unoccupied public housing units in public housing projects administered by the agency for the provision of supportive services under the local program. The use of the facilities of a public housing agency under this subsection shall not affect the amount of assistance provided to the agency under section 1437g of this title.

(k) Flexibility

In establishing and carrying out the self-sufficiency program under this section, the Secretary shall allow public housing agencies, units of general local government, and other organizations discretion and flexibility, to the extent practicable, in developing and carrying out local programs.

(*l*) Reports

(1) To Secretary

Each public housing agency that carries out a local self-sufficiency program approved by the Secretary under this section shall submit to the Secretary, not less than annually a report regarding the program. The report shall include—

The report under this paragraph shall also include any recommendations of the Secretary for improving the effectiveness of the self-sufficiency program under this section.

Section 554(b) of Pub. L. 101–625 directed Comptroller General to submit to Congress, not later than 18 months after Nov. 28, 1990, a report (1) evaluating the policy and administrative implications of requiring State and local governments to require participation in an economic self-sufficiency program as a condition of the receipt of rental assistance under 42 U.S.C. 1437f and public housing assistance, (2) determining the additional costs to public housing agencies under such programs and recommending a change in the amount of the administrative fee under 42 U.S.C. 1437f(q) to cover the additional costs of carrying out the Family Self-Sufficiency Program under this section, and (3) examining how housing and social service policies affect beneficiaries, particularly persons receiving public assistance, when such beneficiaries gain employment and experience a rise in income.

§ 1437v. Demolition, site revitalization, replacement housing, and tenant-based assistance grants for projects

(a) Purposes

The purpose of this section is to provide assistance to public housing agencies for the purposes of—

(1) improving the living environment for public housing residents of severely distressed public housing projects through the demolition, rehabilitation, reconfiguration, or replacement of obsolete public housing projects (or portions thereof);

(2) revitalizing sites (including remaining public housing dwelling units) on which such public housing projects are located and contributing to the improvement of the surrounding neighborhood;

(3) providing housing that will avoid or decrease the concentration of very low-income families; and

(4) building sustainable communities.

It is also the purpose of this section to provide assistance to smaller communities for the purpose of facilitating the development of affordable housing for low-income families that is undertaken in connection with a main street revitalization or redevelopment project in such communities.

(b) Grant authority

The Secretary may make grants as provided in this section to applicants whose applications for such grants are approved by the Secretary under this section.

(c) Contribution requirement

(1) In general

The Secretary may not make any grant under this section to any applicant unless the applicant certifies to the Secretary that the applicant will—

(A) supplement the aggregate amount of assistance provided under this section with an amount of funds from sources other than this section equal to not less than 5 percent of the amount provided under this section; and

(B) in addition to supplemental amounts provided in accordance with subparagraph (A), if the applicant uses more than 5 percent of the amount of assistance provided under this section for services under subsection (d)(1)(L) of this section, provide supplemental funds from sources other than this section in an amount equal to the amount so used in excess of 5 percent.

(2) Supplemental funds

In calculating the amount of supplemental funds provided by a grantee for purposes of paragraph (1), the grantee may include amounts from other Federal sources, any State or local government sources, any private contributions, the value of any donated material or building, the value of any lease on a building, the value of the time and services contributed by volunteers, and the value of any other in-kind services or administrative costs provided.

(3) Exemption

If assistance provided under this subchapter will be used only for providing tenant-based assistance under section 1437f of this title or demolition of public housing (without replacement), the Secretary may exempt the applicant from the requirements under paragraph (1)(A).

(E) payment of reasonable legal fees;

(F) providing reasonable moving expenses for residents displaced as a result of the revitalization of the project;

(G) economic development activities that promote the economic self-sufficiency of residents under the revitalization program, including a Neighborhood Networks initiative for the establishment and operation of computer centers in public housing for the purpose of enhancing the self-sufficiency, employability, an[1] economic self-reliance of public housing residents by providing them with onsite computer access and training resources;

(H) necessary management improvements;

(I) leveraging other resources, including additional housing resources, retail supportive services, jobs, and other economic development uses on or near the project that will benefit future residents of the site;

(K) transitional security activities; and

(L) necessary supportive services, except that not more than 15 percent of the amount of any grant may be used for activities under this paragraph.

(2) Endowment trust for supportive services

In using grant amounts under this section made available in fiscal year 2000 or thereafter for supportive services under paragraph (1)(L), a public housing agency may deposit such amounts in an endowment trust to provide supportive services over such period of time as the agency determines. Such amounts shall be provided to the agency by the Secretary in a lump sum when requested by the agency, shall be invested in a wise and prudent manner, and shall be used (together with any interest thereon earned) only for eligible uses pursuant to paragraph (1)(L). A public housing agency may use amounts in an endowment trust under this paragraph in conjunction with other amounts donated or otherwise made available to the trust for similar purposes.

(e) Application and selection

(1) Application

An application for a grant under this section shall demonstrate the appropriateness of the proposal in the context of the local housing market relative to other alternatives, and shall include such other information and be submitted at such time and in accordance with such procedures, as the Secretary shall prescribe.

[1] So in original. Probably should be ''and''.

(2) Selection criteria

The Secretary shall establish criteria for the award of grants under this section and shall include among the factors—

(A) the relationship of the grant to the public housing agency plan for the applicant and how the grant will result in a revitalized site that will enhance the neighborhood in which the project is located and enhance economic opportunities for residents;

(B) the capability and record of the applicant public housing agency, or any alternative management entity for the agency, for managing redevelopment or modernization projects, meeting construction timetables, and obligating amounts in a timely manner;

(C) the extent to which the applicant could undertake such activities without a grant under this section;

(D) the extent of involvement of residents, State and local governments, private service providers, financing entities, and developers, in the development and ongoing implementation of a revitalization program for the project, except that the Secretary may not award a grant under this section unless the applicant has involved affected public housing residents at the beginning and during the planning process for the revitalization program, prior to submission of an application;

(E) the need for affordable housing in the community;

(F) the supply of other housing available and affordable to families receiving tenant-based assistance under section 1437f of this title;

(G) the amount of funds and other resources to be leveraged by the grant;

(H) the extent of the need for, and the potential impact of, the revitalization program;

(I) the extent to which the plan minimizes permanent displacement of current residents of the public housing site who wish to remain in or return to the revitalized community and provides for community and supportive services to residents prior to any relocation;

(J) the extent to which the plan sustains or creates more project-based housing units available to persons eligible for public housing in markets where the plan shows there is demand for the maintenance or creation of such units;

(K) the extent to which the plan gives to existing residents priority for occupancy in dwelling units which are public housing dwelling units, or for residents who can afford to live in other units, priority for those units in the revitalized community; and

(L) such other factors as the Secretary considers appropriate.

(3) Applicability of selection criteria

The Secretary may determine not to apply certain of the selection criteria established pursuant to paragraph (2) when awarding grants for demolition only, tenant-based assistance only, or other specific categories of

revitalization activities. This section may not be construed to require any application for a grant under this section to include demolition of public housing or to preclude use of grant amounts for rehabilitation or rebuilding of any housing on an existing site.

(f) Cost limits

Subject to the provisions of this section, the Secretary—

(1) shall establish cost limits on eligible activities under this section sufficient to provide for effective revitalization programs; and

(2) may establish other cost limits on eligible activities under this section.

(g) Disposition and replacement

Any severely distressed public housing disposed of pursuant to a revitalization plan and any public housing developed in lieu of such severely distressed housing, shall be subject to the provisions of section 1437p of this title. Severely distressed public housing demolished pursuant to a revitalization plan shall not be subject to the provisions of section 1437p of this title.

(h) Administration by other entities

The Secretary may require a grantee under this section to make arrangements satisfactory to the Secretary for use of an entity other than the public housing agency to carry out activities assisted under the revitalization plan, if the Secretary determines that such action will help to effectuate the purposes of this section.

(i) Withdrawal of funding

If a grantee under this section does not proceed within a reasonable timeframe, in the determination of the Secretary, the Secretary shall withdraw any grant amounts under this section that have not been obligated by the public housing agency. The Secretary shall redistribute any withdrawn amounts to one or more other applicants eligible for assistance under this section or to one or more other entities capable of proceeding expeditiously in the same locality in carrying out the revitalization plan of the original grantee.

(2) limitations on the number of animals in a unit, based on unit size;

(3) prohibitions on—

§ 1437z–4. Resident homeownership programs

(a) In general

A public housing agency may carry out a homeownership program in accordance with this section and the public housing agency plan of the agency to make public housing dwelling units, public housing projects, and other housing projects available for purchase by low-income families for use only as principal residences for such families. An agency may transfer a unit pursuant to a homeownership program only if the program is authorized under this section and approved by the Secretary.

(b) Participating units

A program under this section may cover any existing public housing dwelling units or projects, and may include other dwelling units and housing owned, assisted, or operated, or otherwise acquired for use under such program, by the public housing agency.

(c) Eligible purchasers

(1) Low-income requirement

Only low-income families assisted by a public housing agency, other low-income families, and entities formed to facilitate such sales by purchasing units for resale to low-income families shall be eligible to purchase housing under a homeownership program under this section.

(2) Other requirements

A public housing agency may establish other requirements or limitations for families to purchase housing under a homeownership program under this section, including requirements or limitations regarding employment or participation in employment counseling or

training activities, criminal activity, participation in homeownership counseling programs, evidence of regular income, and other requirements. In the case of purchase by an entity for resale to low-income families, the entity shall sell the units to low-income families within 5 years from the date of its acquisition of the units. The entity shall use any net proceeds from the resale and from managing the units, as determined in accordance with guidelines of the Secretary, for housing purposes, such as funding resident organizations and reserves for capital replacements.

(d) Right of first refusal

In making any sale under this section, the public housing agency shall initially offer the public housing unit at issue to the resident or residents occupying that unit, if any, or to an organization serving as a conduit for sales to any such resident.

(e) Protection of nonpurchasing residents

If a public housing resident does not exercise the right of first refusal under subsection (d) of this section with respect to the public housing unit in which the resident resides, the public housing agency—

(1) shall notify the resident residing in the unit 90 days prior to the displacement date except in cases of imminent threat to health or safety, consistent with any guidelines issued by the Secretary governing such notifications, that—

(A) the public housing unit will be sold;

(B) the transfer of possession of the unit will occur until the resident is relocated; and

(C) each resident displaced by such action will be offered comparable housing—

(i) that meets housing quality standards;

(ii) that is located in an area that is generally not less desirable than the location of the displaced resident's housing; and

(iii) which may include—

(I) tenant-based assistance, except that the requirement under this subclause regarding offering of comparable housing shall be fulfilled by use of tenant-based assistance only upon the relocation of such resident into such housing;

(II) project-based assistance; or

(III) occupancy in a unit owned, operated, or assisted by the public housing agency at a rental rate paid by the resident that is comparable to the rental rate applicable to the unit from which the resident is vacated;

(2) shall provide for the payment of the actual and reasonable relocation expenses of the resident to be displaced;

(3) shall ensure that the displaced resident is offered comparable housing in accordance with the notice under paragraph (1);

(4) shall provide any necessary counseling for the displaced resident; and

(5) shall not transfer possession of the unit until the resident is relocated.

(f) Financing and assistance

A homeownership program under this section may provide financing for acquisition of housing by families purchasing under the program, or for acquisition of housing by the public housing agency for sale under the program, in any manner considered appropriate by the agency (including sale to a resident management corporation).

(g) Downpayment requirement

(1) In general

Each family purchasing housing under a homeownership program under this section shall be required to provide from its own resources a downpayment in connection with any loan for acquisition of the housing, in an amount determined by the public housing agency. Except as provided in paragraph (2), the agency shall permit the family to use grant amounts, gifts from relatives, contributions from private sources, and similar amounts as downpayment amounts in such purchase.

(2) Direct family contribution

In purchasing housing pursuant to this section, each family shall contribute an amount of the downpayment, from resources of the family other than grants, gifts, contributions, or other similar amounts referred to in paragraph (1), that is not less than 1 percent of the purchase price.

(h) Ownership interests

A homeownership program under this section may provide for sale to the purchasing family of any ownership interest that the public housing agency considers appropriate under the program, including ownership in fee simple, a condominium interest, an interest in a limited dividend cooperative, a shared appreciation interest with a public housing agency providing financing.

(i) Resale

(1) Authority and limitation

A homeownership program under this section shall permit the resale of a dwelling unit purchased under the program by an eligible family, but shall provide such limitations on resale as the agency considers appropriate (whether the family purchases directly from the agency or from another entity) for the agency to recapture—

(A) some or all of the economic gain derived from any such resale occurring during the 5-year period beginning upon purchase of the dwelling unit by the eligible family; and

(B) after the expiration of such 5-year period, only such amounts as are equivalent to the assistance provided under this section by the agency to the purchaser.

(2) Considerations

The limitations referred to in paragraph (1)(A) may provide for consideration of the aggregate amount of assistance provided under the program to the family, the contribution to equity provided by the purchasing eligible family, the period of time elapsed between purchase under the homeownership program and resale, the reason for resale, any improvements to the property made by the eligible family, any appreciation in the value of the

property, and any other factors that the agency considers appropriate.

(j) Net proceeds

The net proceeds of any sales under a homeownership program under this section remaining after payment of all costs of the sale shall be used for purposes relating to low-income housing and in accordance with the public housing agency plan of the agency carrying out the program.

(k) Homeownership assistance

From amounts distributed to a public housing agency under the Capital Fund under section 1437g(d) of this title, or from other income earned by the public housing agency, the public housing agency may provide assistance to public housing residents to facilitate the ability of those residents to purchase a principal residence, including a residence other than a residence located in a public housing project.

(*l*) Inapplicability of disposition requirements

The provisions of section 1437p of this title shall not apply to disposition of public housing dwelling units under a homeownership program under this section.

(Sept. 1, 1937, ch. 896, title I, §32, as added Pub. L. 105–276, title V, §536, Oct. 21, 1998, 112 Stat. 2586.)

EFFECTIVE DATE

Section effective and applicable beginning upon Oct. 1, 1999, except as otherwise provided, with provision that Secretary may implement section before such date except to extent otherwise provided, see section 503 of Pub. L. 105–276, set out as an Effective Date of 1998 Amendment note under section 1437 of this title.

§ 1437z–5. Required conversion of distressed public housing to tenant-based assistance

(a) Identification of units

Each public housing agency shall identify all public housing projects of the public housing agency that meet all of the following requirements:

(1) The project is on the same or contiguous sites.

(2) The project is determined by the public housing agency to be distressed, which determination shall be made in accordance with guidelines established by the Secretary, which guidelines shall take into account the criteria established in the Final Report of the National Commission on Severely Distressed Public Housing (August 1992).

(3) The project—

(A) is identified as distressed housing under paragraph (2) for which the public housing agency cannot assure the long-term viability as public housing through reasonable modernization expenses, density reduction, achievement of a broader range of family income, or other measures; or

(B) has an estimated cost, during the remaining useful life of the project, of continued operation and modernization as public housing that exceeds the estimated cost, during the remaining useful life of the project, of providing tenant-based assistance under section 1437f of this title for all families in occupancy, based on appropriate indicators of cost (such as the percentage of total development costs required for modernization).

(b) Consultation

Each public housing agency shall consult with the appropriate public housing residents and the appropriate unit of general local government in identifying any public housing projects under subsection (a) of this section.

(c) Plan for removal of units from inventories of PHAs

(1) Development

Each public housing agency shall develop and carry out a 5-year plan in conjunction with the Secretary for the removal of public housing units identified under subsection (a) of this section from the inventory of the public housing agency and the annual contributions contract.

(2) Approval

Each plan required under paragraph (1) shall—

(A) be included as part of the public housing agency plan;

(B) be certified by the relevant local official to be in accordance with the comprehensive housing affordability strategy under title I of the Housing and Community Development Act of 1992; and

(C) include a description of any disposition and demolition plan for the public housing units.

(3) Extensions

The Secretary may extend the 5-year deadline described in paragraph (1) by not more than an additional 5 years if the Secretary makes a determination that the deadline is impracticable.

(4) Review by Secretary

(A) Failure to identify projects

If the Secretary determines, based on a plan submitted under this subsection, that a public housing agency has failed to identify 1 or more public housing projects that the Secretary determines should have been identified under subsection (a) of this section, the Secretary may designate the public housing projects to be removed from the inventory of the public housing agency pursuant to this section.

(B) Erroneous identification of projects

If the Secretary determines, based on a plan submitted under this subsection, that a public housing agency has identified 1 or more public housing projects that should not have been identified pursuant to subsection (a) of this section, the Secretary shall—

(i) require the public housing agency to revise the plan of the public housing agency under this subsection; and

(ii) prohibit the removal of any such public housing project from the inventory of the public housing agency under this section.

(d) Conversion to tenant-based assistance

(1) In general

(2) Conversion requirements

Each agency carrying out a plan under subsection (c) of this section for removal of public housing dwelling units from the inventory of the agency shall—

(A) notify each family residing in a public housing project to be converted under the plan 90 days prior to the displacement date, except in cases of imminent threat to health or safety, consistent with any guidelines issued by the Secretary governing such notifications, that—

(ii) each family displaced by such action will be offered comparable housing—

(I) that meets housing quality standards; and

(II) which may include—

(aa) tenant-based assistance, except that the requirement under this clause regarding offering of comparable housing shall be fulfilled by use of tenant-based assistance only upon the relocation of such family into such housing;

(bb) project-based assistance; or

(cc) occupancy in a unit operated or assisted by the public housing agency at a rental rate paid by the family that is comparable to the rental rate applicable to the unit from which the family is vacated.

(B) provide any necessary counseling for families displaced by such action;

(C) ensure that, if the project (or portion) converted is used as housing after such conversion, each resident may choose to remain in their dwelling unit in the project and use the tenant-based assistance toward rent for that unit;

(D) ensure that each displaced resident is offered comparable housing in accordance with the notice under subparagraph (A); and

(E) provide any actual and reasonable relocation expenses for families displaced by such action.

(e) Cessation of unnecessary spending

Notwithstanding any other provision of law, if, in the determination of the Secretary, a project or projects of a public housing agency meet or are likely to meet the criteria set forth in subsection (a) of this section, the Secretary may direct the agency to cease additional spending in connection with such project or projects until the Secretary determines or approves an appropriate course of action with respect to such project or projects under this section, except to the extent that failure to expend such amounts would endanger the health or safety of residents in the project or projects.

(f) Use of budget authority

Notwithstanding any other provision of law, if a project or projects are identified pursuant to subsection (a) of this section, the Secretary may authorize or direct the transfer, to the tenant-based assistance program of such agency or to appropriate site revitalization or other capital improvements approved by the Secretary, of—

(1) in the case of an agency receiving assistance under the comprehensive improvement assistance program, any amounts obligated by the Secretary for the modernization of such project or projects pursuant to section 1437*l* of this title (as in effect immediately before the effective date under section 503(a) of the Quality Housing and Work Responsibility Act of 1998);

(2) in the case of an agency receiving public housing modernization assistance by formula pursuant to such section 1437*l* of this title, any amounts provided to the agency which are attributable pursuant to the formula for allocating such assistance to such project or projects;

(3) in the case of an agency receiving assistance for the major reconstruction of obsolete projects, any amounts obligated by the Secretary for the major reconstruction of such project or projects pursuant to section 1437c(j)(2) of this title, as in effect immediately before the effective date under section 503(a) of the Quality Housing and Work Responsibility Act of 1998; and

(4) in the case of an agency receiving assistance pursuant to the formulas under section 1437g of this title, any amounts provided to the agency which are attributable pursuant to the formulas for allocating such assistance to such project or projects.

(g) Removal by Secretary

The Secretary shall take appropriate actions to ensure removal of any public housing project identified under subsection (a) of this section from the inventory of a public housing agency, if the public housing agency fails to adequately develop a plan under subsection (c) of this section with respect to that project, or fails to adequately implement such plan in accordance with the terms of the plan.

§ 1437z–7. Mixed-finance public housing

(a) Authority

A public housing agency may own, operate, assist, or otherwise participate in 1 or more mixed-finance projects in accordance with this section.

(b) Assistance

(1) Forms

A public housing agency may provide to a mixed-finance project assistance from the Operating Fund under section 1437g of this title, assistance from the Capital Fund under such section, or both forms of assistance. A public housing agency may, in accordance with regulations established by the Secretary, provide capital assistance to a mixed-finance project in the form of a grant, loan, guarantee, or other form of investment in the project, which may involve drawdown of funds on a schedule commensurate with construction draws for deposit into an interest-bearing escrow account to serve as collateral or credit enhancement for bonds issued by a public agency, or for other forms of public or private borrowings, for the construction or rehabilitation of the development.

(2) Use

To the extent deemed appropriate by the Secretary, assistance used in connection with the costs associated with the operation and management of mixed-finance projects may be used for funding of an operating reserve to ensure affordability for low-income and very low-income families in lieu of the availability of operating funds for public housing units in a mixed-finance project.

(c) Compliance with public housing requirements

The units assisted with capital or operating assistance in a mixed-finance project shall be developed, operated, and maintained in accordance with the requirements of this chapter relating to public housing during the period required by under[1] this chapter, unless otherwise specified in this section. For purposes of this chapter, any reference to public housing owned or operated by a public housing agency shall include dwelling units in a mixed finance project that are assisted by the agency with capital or operating assistance.

(d) Mixed-finance projects

(1) In general

For purposes of this section, the term ''mixed-finance project'' means a project that meets the requirements of paragraph (2) and is financially assisted by private resources, which may include low-income housing tax credits, in addition to amounts provided under this chapter.

(2) Types of projects

The term includes a project that is developed—

[1] So in original.

(A) by a public housing agency or by an entity affiliated with a public housing agency;

(B) by a partnership, a limited liability company, or other entity in which the public housing agency (or an entity affiliated with a public housing agency) is a general partner, managing member, or otherwise participates in the activities of that entity;

(C) by any entity that grants to the public housing agency the right of first refusal and first option to purchase, after the close of the compliance period, of the qualified low-income building in which the public housing units exist in accordance with section 42(i)(7) of title 26; or

(D) in accordance with such other terms and conditions as the Secretary may prescribe by regulation.

(e) Structure of projects

Each mixed-finance project shall be developed—

(1) in a manner that ensures that public housing units are made available in the project, by regulatory and operating agreement, master contract, individual lease, condominium or cooperative agreement, or equity interest;

(2) in a manner that ensures that the number of public housing units bears approximately the same proportion to the total number of units in the mixed-finance project as the value of the total financial commitment provided by the public housing agency bears to the value of the total financial commitment in the project, or shall not be less than the number of units that could have been developed under the conventional public housing program with the assistance, or as may otherwise be approved by the Secretary; and

(3) in accordance with such other requirements as the Secretary may prescribe by regulation.

(f) Taxation

(1) In general

A public housing agency may elect to exempt all public housing units in a mixed-finance project—

(A) from the provisions of section 1437d(d) of this title, and instead subject such units to local real estate taxes; and

(B) from the finding of need and cooperative agreement provisions under section 1437c(e)(1)(ii) and 1437c(e)(2) of this title, but only if the development of the units is not inconsistent with the jurisdiction's comprehensive housing affordability strategy.

(2) Low-income housing tax credit

With respect to any unit in a mixed-finance project that is assisted pursuant to the low-income housing tax credit under section 42 of title 26, the rents charged to the residents may be set at levels not to exceed the amounts allowable under that section, provided that such levels for public housing residents do not exceed the amounts allowable under section 1437a of this title.

(g) Use of savings

Notwithstanding any other provision of this chapter, to the extent deemed appropriate by the Secretary, to facilitate the establishment of socioeconomically mixed communities, a public housing agency that uses assistance from the Capital Fund for a mixed-finance project, to the extent that income from such a project reduces the amount of assistance used for operating or other costs relating to public housing, may use such resulting savings to rent privately developed dwelling units in the neighborhood of the mixed-finance project. Such units shall be made available for occupancy only by low-income families eligible for residency in public housing.

(h) Effect of certain contract terms

If an entity that owns or operates a mixed-finance project, that includes a significant number of units other than public housing units enters into a contract with a public housing agency, the terms of which obligate the entity to operate and maintain a specified number of units in the project as public housing units in accordance with the requirements of this chapter for the period required by law, such contractual terms may provide that, if, as a result of a reduction in appropriations under section 1437g of this title or any other change in applicable law, the public housing agency is unable to fulfill its contractual obligations with respect to those public housing units, that entity may deviate, under procedures and requirements developed through regulations by the Secretary, from otherwise applicable restrictions under this chapter regarding rents, income eligibility, and other areas of public housing management with respect to a portion or all of those public housing units, to the extent necessary to preserve the viability of those units while maintaining the low-income character of the units to the maximum extent practicable.

(d) Acquisition and rehabilitation limitations

Acquisition or rehabilitation of public housing projects under a homeownership program under this subchapter may not consist of acquisition or rehabilitation of less than the whole public housing project in a project consisting of more than 1 building. The provisions of this subsection may be waived upon a finding by the Secretary that the sale of less than all the buildings in a project is feasible and will not result in a hardship to any tenants of the project who are not included in the homeownership program.

(e) Financing

(1) In general

The application shall identify and describe the proposed financing for (A) any rehabilitation, and (B) acquisition (i) of the project, where applicable, by an entity other than the public housing agency for transfer to eligible families, and (ii) by eligible families of ownership interests in, or shares representing, units in the project. Financing may include use of the implementation grant, sale for cash, or other sources of financing (subject to applicable requirements), including conventional mortgage loans and mortgage loans insured under title II of the National Housing Act [12 U.S.C. 1707 et seq.].

(2) Prohibition against pledges

(A) such encumbrance will not threaten the long-term availability of the property for occupancy by low-income families;

(B) neither the Federal Government nor the public housing agency will be exposed to undue risks related to action that may have to be taken pursuant to paragraph (3);

(C) any debt obligation can be serviced from project income, including operating assistance; and

(D) the proceeds of such encumbrance will be used only to meet housing standards in accordance with subsection (f) of this section or to make such additional capital improvements as the Secretary determines to be consistent with the purposes of this subchapter.

(3) Opportunity to cure

Any lender that provides financing in connection with a homeownership program under this subchapter shall give the public housing agency, resident management corporation, individual owner, or other appropriate entity a reasonable opportunity to cure a financial default before foreclosing on the property, or taking other action as a result of the default.

(f) Housing quality standards

The application shall include a plan ensuring that the unit—

(1) will be free from any defects that pose a danger to health or safety before transfer of an ownership interest in, or shares representing, a unit to an eligible family; and

(2) will, not later than 2 years after the transfer to an eligible family, meet minimum housing standards established by the Secretary for the purposes of this subchapter.

(g) Repealed. Pub. L. 105–276, title V, § 531(b)(1), Oct. 21, 1998, 112 Stat. 2573

(h) Protection of non-purchasing families

(1) In general

No tenant residing in a dwelling unit in a public housing project on the date the Secretary approves an application for an implementation grant may be evicted by reason of a homeownership program approved under this subchapter.

(2) Replacement assistance

If the tenant decides not to purchase a unit, or is not qualified to do so, the recipient shall,

during the term of any operating assistance under the implementation grant, permit each otherwise qualified tenant to continue to reside in the project at rents that do not exceed levels consistent with section 1437a(a) of this title or, if an otherwise qualified tenant chooses to move (at any time during the term of such operating assistance contract), the public housing agency shall, to the extent approved in appropriations Acts, offer such tenant (A) a unit in another public housing project, or (B) section 8 [42 U.S.C. 1437f] assistance for use in other housing.

(3) Relocation assistance

The recipient shall also inform each such tenant that if the tenant chooses to move, the recipient will pay relocation assistance in accordance with the approved homeownership program.

(4) Other rights

Tenants renting a unit in a project transferred under this subchapter shall have all rights provided to tenants of public housing under this chapter.

§1437aaa–4. Other program requirements

(a) Sale by public housing agency to applicant or other entity required

Where the Secretary approves an application providing for the transfer of the eligible project from the public housing agency to another applicant, the public housing agency shall transfer the project to such other applicant, in accordance with the approved homeownership program.

(b) Preferences

In selecting eligible families for homeownership, the recipient shall give a first preference to otherwise qualified current tenants and a second preference to otherwise qualified eligible families who have completed participation in an economic self-sufficiency program specified by the Secretary.

(c) Cost limitations

The Secretary may establish cost limitations on eligible activities under this subchapter, subject to the provisions of this subchapter.

(d) Annual contributions

Notwithstanding the purchase of a public housing project under this section, or the purchase of a unit in a public housing project by an eligible family, the Secretary shall continue to pay annual contributions with respect to the project. Such contributions may not exceed the maximum contributions authorized in section 1437c(a) of this title.

(e) Amounts from Operating Fund allocation

Amounts from an allocation from the Operating Fund under section 1437g of this title shall not be available with respect to a public housing project after the date of its sale by the public housing agency.

(f) Use of proceeds from sales to eligible families

The entity that transfers ownership interests in, or shares representing, units to eligible families, or another entity specified in the approved application, shall use the proceeds, if any, from the initial sale for costs of the homeownership program, including operating expenses, improvements to the project, business opportunities for low-income families, supportive services related to the homeownership program, additional

homeownership opportunities, and other activities approved by the Secretary.

(g) Restrictions on resale by homeowners

(1) In general

(A) Transfer permitted

A homeowner under a homeownership program may transfer the homeowner's ownership interest in, or shares representing, the unit, except that a homeownership program may establish restrictions on the resale of units under the program.

(B) Right to purchase

Where a resident management corporation, resident council, or cooperative has jurisdiction over the unit, the corporation, council, or cooperative shall have the right to purchase the ownership interest in, or shares representing, the unit from the homeowner for the amount specified in a firm contract between the homeowner and a prospective buyer. If such an entity does not have jurisdiction over the unit or elects not to purchase and if the prospective buyer is not a low-income family, the public housing agency or the implementation grant recipient shall have the right to purchase the ownership interest in, or shares representing, the unit for the same amount.

(C) Promissory note required

The homeowner shall execute a promissory note equal to the difference between the market value and the purchase price, payable to the public housing agency or other entity designated in the homeownership plan, together with a mortgage securing the obligation of the note.

(2) 6 years or less

In the case of a transfer within 6 years of the acquisition under the program, the homeownership program shall provide for appropriate restrictions to assure that an eligible family may not receive any undue profit. The plan shall provide for limiting the family's consideration for its interest in the property to the total of—

(A) the contribution to equity paid by the family;

(B) the value, as determined by such means as the Secretary shall determine through regulation, of any improvements installed at the expense of the family during the family's tenure as owner; and

(C) the appreciated value determined by an inflation allowance at a rate which may be based on a cost-of-living index, an income index, or market index as determined by the Secretary through regulation and agreed to by the purchaser and the entity that transfers ownership interests in, or shares representing, units to eligible families (or another entity specified in the approved application), at the time of initial sale, and applied against the contribution to equity.

Such an entity may, at the time of initial sale, enter into an agreement with the family to set a maximum amount which this appreciation may not exceed.

(3) 6–20 years

In the case of a transfer during the period beginning 6 years after the acquisition and ending 20 years after the acquisition, the homeownership program shall provide for the recapture by the Secretary or the program of an amount equal to the amount of the declining balance on the note described in paragraph (1)(C).

(4) Use of recaptured funds

Fifty percent of any portion of the net sales proceeds that may not be retained by the homeowner under the plan approved pursuant to this subsection shall be paid to the entity that transferred ownership interests in, or shares representing, units to eligible families, or another entity specified in the approved application, for use for improvements to the project, business opportunities for low-income families, supportive services related to the homeownership program, additional homeownership opportunities, and other activities approved by the Secretary. The remaining 50 percent shall be returned to the Secretary for use under this subchapter, subject to limitations contained in appropriations Acts. Such entity shall keep and make available to the Secretary all records necessary to calculate accurately payments due the Secretary under this subsection.

(h) Third party rights

The requirements under this subchapter regarding quality standards, resale, or transfer of the ownership interest of a homeowner shall be judicially enforceable against the grant recipient with respect to actions involving rehabilitation, and against purchasers of property under this subsection or their successors in interest with respect to other actions by affected low-income families, resident management corporations, resident councils, public housing agencies, and any agency, corporation, or authority of the United States Government. The parties specified in the preceding sentence shall be entitled to reasonable attorney fees upon prevailing in any such judicial action.

(i) Dollar limitation on economic development activities

Not more than an aggregate of $250,000 from amounts made available under sections 1437aaa–1 and 1437aaa–2 of this title may be used for economic development activities under sections 1437aaa–1(b)(6)[1] and 1437aaa–2(b)(9)[1] of this title for any project.

(j) Timely homeownership

Recipients shall transfer ownership of the property to tenants within a specified period of time that the Secretary determines to be reasonable. During the interim period when the property continues to be operated and managed as rental housing, the recipient shall utilize written tenant selection policies and criteria that are consistent with the public housing program and that are approved by the Secretary as consistent with the purpose of improving housing opportunities for low-income families. The

recipient shall promptly notify in writing any rejected applicant of the grounds for any rejection.

To be eligible to receive a grant under section 1437aaa–2 of this title, a resident management corporation or resident council shall demonstrate to the Secretary its ability to manage public housing by having done so effectively and efficiently for a period of not less than 3 years or by arranging for management by a qualified management entity.

***(l)* Records and audit of recipients of assistance**

(1) In general

Each recipient shall keep such records as may be reasonably necessary to fully disclose the amount and the disposition by such recipient of the proceeds of assistance received under this subchapter (and any proceeds from financing obtained in accordance with subsection (b) of this section or sales under subsections (f) and (g)(4) of this section), the total cost of the homeownership program in connection with which such assistance is given or used, and the amount and nature of that portion of the program supplied by other sources, and such other sources as will facilitate an effective audit.

(2) Exclusion of high performing agencies

Notwithstanding any other provision of this subchapter other than paragraph (4) of this subsection, the Secretary may approve for participation in the demonstration program under this subchapter only jurisdictions served by public housing agencies that—

Such City shall count for purposes of the numerical limitations on jurisdictions under paragraphs (1) and (3) of this subsection, but the provisions of paragraph (2) of this subsection (relating to exclusion of high-performing agencies) shall not apply to such City.

§ 1437bbb–2. Program allocation and covered housing assistance

For purposes of this subchapter, the term ''covered housing assistance'' means—

(a) In general

In each fiscal year of the demonstration program under this subchapter, amounts made available to a participating jurisdiction under the demonstration program shall be subject to the same terms and conditions as such amounts would be subject to if made available under the provisions of this chapter pursuant to which covered housing assistance is otherwise made available under this chapter to the public housing agency for the jurisdiction, except that—

(1) the Secretary may waive any such term or condition identified by the jurisdiction to the extent that the Secretary determines such action to be appropriate to carry out the purposes of the demonstration program under this subchapter; and

(c) Protection of recipients

This subchapter may not be construed to authorize the termination of assistance to any recipient receiving assistance under this chapter before October 21, 1998, as a result of the implementation of the demonstration program under this subchapter.

(d) Effect on ability to compete for other programs

This subchapter may not be construed to affect the ability of any applying or participating jurisdiction (or a public housing agency for any such jurisdiction) to compete or otherwise apply for or receive assistance under any other housing assistance program administered by the Secretary.

If the Secretary and the jurisdiction enter into an agreement, the Secretary shall provide any covered housing assistance for the jurisdiction in the manner authorized under this subchapter. This subchapter may not be construed to require any change in the legal status of any public housing agency or in any legal relationship between a jurisdiction and a public housing agency as a condition of participation in the program under this subchapter.

(B) afford such unit of general local government the opportunity, during the thirty-day period beginning on the date of such notification, to object to the approval of the application on the grounds that the application is inconsistent with its housing assistance plan.

Upon receiving an application for such housing assistance, the Secretary shall assure that funds made available under this section shall be utilized to the maximum extent practicable to meet the needs and goals identified in the unit of local government's housing assistance plan.

(2) If the unit of general local government objects to the application on the grounds that it is inconsistent with its housing assistance plan, the Secretary may not approve the application unless he determines that the application is consistent with such housing assistance plan. tion unless he finds it inconsistent with the housing assistance plan. If the Secretary determines that an application is inconsistent with a housing assistance plan, he shall notify the applicant stating the reasons therefor in writing.

(4) The Secretary shall make the determinations referred to in paragraphs (2) and (3) within thirty days after he receives an objection pursuant to paragraph (1)(B) or within thirty days after the close of the period referred to in paragraph (1)(B), whichever is earlier.

(5) As used in this section, the term ''housing assistance plan'' means a housing assistance plan submitted and approved under section 5304 of this title or, in the case of a unit of general local government not participating under title I of this Act [42 U.S.C. 5301 et seq.], a housing plan approved by the Secretary as meeting the requirements of this section. In developing a housing assistance plan under this paragraph a unit of general local government shall consult with local public agencies involved in providing for the welfare of children to determine the housing needs of (A) families identified by the agencies as having a lack of adequate housing that is a primary factor in the imminent placement of a child in foster care or in preventing the discharge of a child from foster care and reunification with his or her family; and (B) children who, upon discharge of the child from foster care, cannot return to their family or extended family and for which adoption is not available. The unit of general local government shall include in the housing assistance plan needs and goals with respect to such families and children.

(3) applications for assistance with respect to housing financed by loans or loan guarantees from a State or agency thereof, except that the provisions of subsection (a) of this section shall apply where the unit of general local government in which the assistance is to be provided objects in its housing assistance plan to the exemption provided by this paragraph.

(c) Repealed. Pub. L. 105–276, title V, § 551(1), Oct. 21, 1998, 112 Stat. 2610

(d) Allocation and reservation of housing assistance funds; purposes; prohibited reallocation of unutilized funds; enumerated uses for retained funds; competition for reservation and obligation of funds

(1)(A)(i) Except as provided by subparagraph (B), the Secretary shall allocate assistance referred to in subsection (a)(1) of this section the first time it is available for reservation on the basis of a formula that is contained in a regulation prescribed by the Secretary, and that is based on the relative needs of different States, areas, and communities, as reflected in data as to population, poverty, housing overcrowding, housing vacancies, amount of substandard housing, and other objectively measurable conditions specified in the regulation. The Secretary may allocate assistance under the preceding sentence in such a manner that each State shall receive not less than one-half of one percent of the amount of funds available for each program referred to in subsection (a)(1) of this section in each fiscal year. In allocating assistance under this paragraph for each program of housing assistance under subsection (a)(1) of this section, the Secretary shall apply the formula, to the extent practicable, in a manner so that the assistance under the program is allocated according to the particular relative needs under the preceding sentence that are characteristic of and related to the particular type of assistance provided under the program. Assistance under section 202 of the Housing Act of 1959 [12 U.S.C. 1701q] shall be allocated in a manner that ensures that awards of the assistance under such section are made for projects of sufficient size to accommodate facilities for supportive services appropriate to the needs of frail elderly residents. The preceding sentence shall not apply to projects acquired from the Resolution Trust Corporation under section 1441a(c) of title 12. Amounts for tenant-based assistance under section 8(*o*) of the United States Housing Act of 1937 [42 U.S.C. 1437f(*o*)] may not be provided to any public housing agency that has been disqualified from providing such assistance.

(ii) Assistance under section 8(*o*) of the United States Housing Act of 1937 [42 U.S.C. 1437f(*o*)] shall be allocated in a manner that enables participating jurisdictions to carry out, to the maximum extent practicable, comprehensive housing affordability strategies approved in accordance with section 105 of the Cranston-Gonzalez National Affordable Housing Act [42 U.S.C. 12705]. Such jurisdictions shall submit recommendations for allocating assistance under such section 8(*o*) to the Secretary in accordance with procedures that the Secretary determines to be appropriate to permit allocations of such assistance to be made on the basis of timely and complete information. This clause may not be construed to prevent, alter, or otherwise affect the application of the formula established pursuant to clause (i) for purposes of allocating such assistance. For purposes of this clause, the term ''participating jurisdiction'' means a State or unit of general local government designated by the Secretary to be a participating jurisdiction under title II of the Cranston-Gonzalez National Affordable Housing Act [42 U.S.C. 12721 et seq.].

(B) The formula allocation requirements of subparagraph (A) shall not apply to—

(i) assistance that is approved in appropriation Acts for use under sections[3] 9 [42 U.S.C. 1437g], or the rental rehabilitation grant program under section 17,[4] of the United States

[3] So in original. Probably should be ''section''.

Housing Act of 1937, except that the Secretary shall comply with section 102 of the Department of Housing and Urban Development Reform Act of 1989 [42 U.S.C. 3545] with respect to such assistance; or

(ii) other assistance referred to in subsection (a) of this section that is approved in appropriation Acts for uses that the Secretary determines are incapable of geographic allocation, including amendments of existing contracts, renewal of assistance contracts, assistance to families that would otherwise lose assistance due to the decision of the project owner to prepay the project mortgage or not to renew the assistance contract, assistance to prevent displacement or to provide replacement housing in connection with the demolition or disposition of public housing, and assistance in support of the property disposition and loan management functions of the Secretary.

(C) Any allocation of assistance under subparagraph (A) shall, as determined by the Secretary, be made to the smallest practicable area, consistent with the delivery of assistance through a meaningful competitive process designed to serve areas with greater needs.

(D) Any amounts allocated to a State or areas or communities within a State that are not likely to be used within a fiscal year shall not be reallocated for use in another State, unless the Secretary determines that other areas or communities (that are eligible for assistance under the program) within the same State cannot use the amounts within that same fiscal year.

(2) The Secretary may reserve such housing assistance funds as he deems appropriate for use by a State or agency thereof.

(3)(A) Notwithstanding any other provision of law, with respect to fiscal years beginning after September 30, 1990, the Secretary may retain not more than 5 percent of the financial assistance that becomes available under programs described in subsection (a)(1) of this section during any fiscal year. Any such financial assistance that is retained shall be available for subsequent allocation to specific areas and communities, and may only be used for—

(i) unforeseen housing needs resulting from natural and other disasters;

(ii) housing needs resulting from emergencies, as certified by the Secretary, other than such disasters;

(iii) housing needs resulting from the settlement of litigation; and

(iv) housing in support of desegregation efforts.

(B) Any amounts retained in any fiscal year under subparagraph (A) that are unexpended at the end of such fiscal year shall remain available for the following fiscal year under the program under subsection (a)(1) of this section from which the amount was retained. Such amounts shall be allocated on the basis of the formula under subsection (d)(1) of this section.

(4)(A) The Secretary shall not reserve or obligate assistance subject to allocation under paragraph (1)(A) to specific recipients, unless the assistance is first allocated on the basis of the formula contained in that paragraph and then is reserved and obligated pursuant to a competition.

(B) Any competition referred to in subparagraph (A) shall be conducted pursuant to specific criteria for the selection of recipients of assistance. The criteria shall be contained in—

(i) a regulation promulgated by the Secretary after notice and public comment; or

(ii) to the extent authorized by law, a notice published in the Federal Register.

(C) Subject to the times at which appropriations for assistance subject to paragraph (1)(A) may become available for reservation in any fiscal year, the Secretary shall take such steps as the Secretary deems appropriate to ensure that, to the maximum extent practicable, the process referred to in subparagraph (A) is carried out with similar frequency and at similar times for each fiscal year.

(D) This paragraph shall not apply to assistance referred to in paragraph (4).[4]

(e) Assistance payments for properties in Jefferson County, Texas

From budget authority made available in appropriation Acts for fiscal year 1988, the Secretary shall enter into an annual contributions contract for a term of 180 months to obligate sufficient funds to provide assistance payments pursuant to section 8(b)(1) of the United States Housing Act of 1937 [42 U.S.C. 1437f(b)(1)] on behalf of 500 lower income families from budget authority made available for fiscal year 1988, so long as such families occupy properties in Jefferson County, Texas. If a lower income family receiving assistance payments pursuant to this subsection ceases to qualify for assistance payments pursuant to the provisions of section 8 of such Act [42 U.S.C. 1437f] or of this subsection during the 180-month term of the annual contributions contract, assistance payments shall be made on behalf of another lower income family who occupies a unit identified in the previous sentence.

SUBCHAPTER I—GENERAL PROVISIONS

§ 1441. Congressional declaration of national housing policy

The Congress declares that the general welfare and security of the Nation and the health and living standards of its people require housing production and related community development sufficient to remedy the serious housing shortage, the elimination of substandard and other inadequate housing through the clearance of slums and blighted areas, and the realization as soon as feasible of the goal of a decent home and a suitable living environment for every American family, thus contributing to the development and redevelopment of communities and to the advancement of the growth, wealth, and security of the Nation. The Congress further declares that such production is necessary to enable the housing industry to make its full contribution toward an economy of maximum employment, production, and purchasing power. The policy to be followed in attaining the national housing objective established shall be: (1) private enterprise shall be encouraged to serve as large a part of the total need as it can; (2) governmental assistance shall be utilized where feasible to enable private enterprise to serve more of the total need; (3) appropriate local public bodies shall be encouraged and assisted to undertake positive programs of encouraging and assisting the development of well-planned, integrated residential neighborhoods, the development and redevelopment of communities, and the production, at lower costs, of housing of sound standards of design, construction, livability, and size for adequate family life; (4) governmental assistance to eliminate substandard and other inadequate housing through the clearance of slums and blighted areas, to facilitate community development and redevelopment, and to provide adequate housing for urban and rural nonfarm families with incomes so low that they are not being decently housed in new or existing housing shall be extended to those localities which estimate their own needs and demonstrate that these needs are not being met through reliance solely upon private enterprise, and without such aid; and (5) governmental assistance for decent, safe, and sanitary farm dwellings and related facilities shall be extended where the farm owner demonstrates that he lacks sufficient resources to provide such housing on his own account and is unable to secure necessary credit for such housing from other sources on terms and conditions which he could reasonably be expected to fulfill. The Department of Housing and Urban Development, and any other departments or agencies of the Federal Government having powers, functions, or duties with respect to housing, shall exercise their powers, functions, and duties under this or any other law, consistently with the national housing policy declared by this Act and in such manner as will facilitate sustained progress in attaining the national housing objective hereby established, and in such manner as will encourage and assist (1) the production of housing of sound standards of design, construction, livability, and size for adequate family life; (2) the reduction of the costs of housing without sacrifice of such sound standards; (3) the use of new designs, materials, techniques, and methods in residential construction, the use of standardized dimensions and methods of assembly of homebuilding materials and equipment, and the increase of efficiency in residential construction

and maintenance; (4) the development of well-planned, integrated, residential neighborhoods and the development and redevelopment of communities; and (5) the stabilization of the housing industry at a high annual volume of residential construction.

§ 1441a. National housing goals

(a) Congressional findings and reaffirmation of goals

The Congress finds that the supply of the Nation's housing is not increasing rapidly enough to meet the national housing goal, established in the Housing Act of 1949 [42 U.S.C. 1441 et seq.], of the ''realization as soon as feasible of the goal of a decent home and a suitable living environment for every American family''. The Congress reaffirms this national housing goal and determines that it can be substantially achieved within the next decade by the construction or rehabilitation of twenty-six million housing units, six million of these for low and moderate income families.

(b) Additional Congressional findings

The Congress further finds that policies designed to contribute to the achievement of the national housing goal have not directed sufficient attention and resources to the preservation of existing housing and neighborhoods, that the deterioration and abandonment of housing for the Nation's lower income families has accelerated over the last decade, and that this acceleration has contributed to neighborhood disintegration and has partially negated the progress toward achieving the national housing goal which has been made primarily through new housing construction.

(c) Congressional declaration of purposes

The Congress declares that if the national housing goal is to be achieved, a greater effort must be made to encourage the preservation of existing housing and neighborhoods through such measures as housing preservation, moderate rehabilitation, and improvements in housing management and maintenance, in conjunction with the provision of adequate municipal services. Such an effort should concentrate, to a greater extent than it has in the past, on housing and neighborhoods where deterioration is evident but has not yet become acute.

(2) In the case of a foreclosure pursuant to a power of sale provision in the mortgage, the statement required in paragraph (1) shall be included in the advertisement of the sale and either in the recitals of the deed or other appropriate instrument conveying title to the purchaser at the foreclosure sale or in an affidavit or addendum to the deed.

The Secretary of Agriculture (hereinafter referred to as the ''Secretary'') is authorized, subject to the terms and conditions of this subchapter, to extend financial assistance, through the Farmers Home Administration, (1) to owners of farms in the United States and in the Territories of Alaska and Hawaii and in the Commonwealth of Puerto Rico, the Virgin Islands, the territories and possessions of the United States, and the Trust Territory of the Pacific Islands, to enable them to construct, improve, alter, repair, or replace dwellings and other farm buildings on their farms, and to purchase buildings and land constituting a minimum adequate site, in order to provide them, their tenants, lessees, sharecroppers, and laborers with decent, safe, and sanitary living conditions and adequate farm buildings as specified in this subchapter, and (2) to owners of other real estate in rural areas for the construction, improvement, alteration, or repair of dwellings, related facilities, and farm buildings and to rural residents, including persons who reside in reservations or villages of Indian tribes, for such purposes and for the purchase of buildings and the purchase of land constituting a minimum adequate site, in order to enable them to provide dwellings and related facilities for their own use and buildings adequate for their farming operations, and (3) to elderly or handicapped persons or families who are or will be the owners of land in rural areas for the construction, improvement, alteration, or repair of dwellings and related facilities, the purchase of dwellings and related facilities and the purchase of land constituting a minimum adequate site, in order to provide them with adequate dwellings and related facilities for their own use, and (4) to an owner described in clause (1), (2), or (3) for refinancing indebtedness which—

(A) was incurred for an eligible purpose described in such clause, and

(B)(i) if not refinanced, is likely to result (because of circumstances beyond the control of the applicant) at an early date in the loss of the applicant's necessary dwelling or essential farm service buildings, or

(ii) if combined (in the case of a dwelling that the Secretary finds not to be decent, safe, and sanitary) with a loan for improvement, rehabilitation, or repairs and not refinanced, is likely to result in the applicant's continuing to be deprived of a decent, safe, and sanitary dwelling.

(5)[1] DEFINITIONS.—For purposes of this subchapter, the terms ''repair'', ''repairs'', ''reha-

bilitate'', and ''rehabilitation'' include measures to evaluate and reduce lead-based paint hazards, as such terms are defined in section 4851b of this title.

(b) Definitions

(1) For the purpose of this subchapter, the term ''farm'' shall mean a parcel or parcels of land operated as a single unit which is used for the production of one or more agricultural commodities and which customarily produces or is capable of producing such commodities for sale and for home use of a gross annual value of not less than the equivalent of a gross annual value of $400 in 1944, as determined by the Secretary. The Secretary shall promptly determine whether any parcel or parcels of land constitute a farm for the purposes of this subchapter whenever requested to do so by any interested Federal, State, or local public agency, and his determination shall be conclusive.

(2) For the purposes of this subchapter, the terms ''owner'' and ''mortgage'' shall be deemed to include, respectively, the lessee of, and other security interest in, any leasehold interest which the Secretary determines has an unexpired term (A) in the case of a loan, for a period sufficiently beyond the repayment period of the loan to provide adequate security and a reasonable probability of accomplishing the objectives for which the loan is made, and (B) in the case of a grant for a period sufficient to accomplish the objectives for which the grant is made.

(3) For the purposes of this subchapter, the term ''elderly or handicapped persons or families'' means families which consist of two or more persons, the head of which (or his or her spouse) is at least sixty-two years of age or is handicapped. Such term also means a single person who is at least sixty-two years of age or is handicapped. A person shall be considered handicapped if such person is determined, pursuant to regulations issued by the Secretary, to have an impairment which (A) is expected to be of long-continued and indefinite duration, (B) substantially impedes his ability to live independently, and (C) is of such a nature that such ability could be improved by more suitable housing conditions, or if such person has a developmental disability as defined in section 15002 of this title. The Secretary shall prescribe such regulations as may be necessary to prevent abuses in determining, under the definitions contained in this paragraph, eligibility of families and persons for admission to and occupancy of housing constructed with assistance under this subchapter. Notwithstanding the preceding provisions of this paragraph, such term also includes two or more elderly (sixty-two years of age or over) or handicapped persons living together, one or more such persons living with another person who is determined (under regulations prescribed by the Secretary) to be essential to the care or well-being of such persons, and the surviving member or members of any family described in the first sentence of this paragraph who were living, in a unit assisted under this subchapter, with the deceased member of the family at the time of his or her death.

(4) For the purpose of this subchapter, the terms ''low income families or persons'' and ''very low-income families or persons'' means those families and persons whose incomes do not exceed the respective levels established for lower income families and very low-income families under the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.]. Notwithstanding the preceding sentence, the maximum income levels established for purposes of this subchapter for such families and persons in the Virgin Islands shall not be less than the highest such levels established for purposes of this subchapter for such families and persons in American Samoa, Guam, the Northern Mariana Islands, and the Trust Territory of the Pacific Islands. The temporary absence of a child from the home due to placement in foster care should not be considered in considering family composition and family size.

(5)(A) For the purpose of this subchapter, the terms ''income'' and ''adjusted income'' have the meanings given by sections 3(b)(4) and 3(b)(5), respectively, of the United States Housing Act of 1937 [42 U.S.C. 1437a(b)(4), (5)].

(B) For purposes of this subchapter, the term ''income'' does not include dividends received from the Alaska Permanent Fund by a person who was under the age of 18 years when that person qualified for the dividend.

(6) For the purposes of this subchapter, the term ''Indian tribe'' means any Indian tribe, band, group, and nation, including Alaska Indians, Aleuts, and Eskimos, and any Alaskan Native Village, of the United States, which is considered an eligible recipient under the Indian Self-Determination and Education Assistance Act (Public Law 93–638) [25 U.S.C. 450 et seq.] or was considered an eligible recipient under chapter 67 of title 31 prior to the repeal of such chapter.

(7) For the purposes of this subchapter, the term ''rural resident'' shall include a family or a person who is a renter of a dwelling unit in a rural area.

(8) For the purposes of this subchapter, the term ''adequate dwelling'' means a decent, safe, and sanitary dwelling unit.

(c) Conditions of eligibility

In order to be eligible for the assistance authorized by subsection (a) of this section, the applicant must show (1) that he is the owner of a farm which is without a decent, safe, and sanitary dwelling for himself and his family and necessary resident farm labor, or for the family of the operating tenant, lessee, or sharecropper, or without other farm buildings adequate for the type of farming in which he engages or desires to engage, or that he is the owner of other real estate in a rural area or a rural resident without an adequate dwelling or related facilities for his own use or buildings adequate for his farming operations, or that the applicant is an elderly or handicapped person or family in a rural area without an adequate dwelling or related facility for its own use, or that he is the owner of a farm or other real estate in a rural area who needs refinancing of indebtedness described in clause (4) of subsection (a) of this section; (2) that he is without sufficient resources to provide the necessary housing and buildings on his own account; and (3) that he is unable to secure the

credit necessary for such housing and buildings from other sources upon terms and conditions which he could reasonably be expected to fulfill. If an applicant is a State or local public agency or Indian tribe—

(A) the provisions of clause (3) shall not apply to its application; and

(B) the applicant shall be eligible to participate in any program under this subchapter if the persons or families to be served by the applicant with the assistance being sought would be eligible to participate in such program.

(d) Additional definitions

As used in this subchapter (except in sections 1473 and 1474(b) of this title) the terms ''farm'', ''farm dwelling'', and ''farm housing'' shall include dwellings or other essential buildings of eligible applicants.

(e) Prepayment of taxes, insurance, and other expenses; advances to account of borrower: interest, time for repayment

The Secretary shall establish procedures under which borrowers under this subchapter are required to make periodic payments for the purpose of taxes, insurance, and other necessary expenses as the Secretary may deem appropriate. Notwithstanding any other provision of law, such payments shall not be considered public funds. The Secretary shall direct the disbursement of the funds at the appropriate time or times for the purposes for which the funds were escrowed. The Secretary shall pay the same rate of interest on escrowed funds as is required to be paid on escrowed funds held by other lenders in any State where State law requires payment of interest on escrowed funds, subject to appropriations to the extent that additional budget authority is necessary to carry out this sentence. If the prepayments made by the borrower are not sufficient to pay the amount due, advances may be made by the Secretary to pay the costs in full, which advances shall be charged to the account of the borrower, bear interest, and be payable in a timely fashion as determined by the Secretary. The Secretary shall notify a borrower in writing when loan payments are delinquent.

(f) Increase in loan limits

With respect to any limitation on the amount of any loan which may be made, insured, or guaranteed under this subchapter for the purchase of a dwelling unit, the Secretary may increase such amount by up to 20 percent if such increase is necessary to account for the increased cost of the dwelling unit due to the installation of a solar energy system (as defined in subparagraph (3) of the last paragraph of section 1703(a) of title 12) therein.

(g) Avoidance of involuntary displacement of families and businesses

The programs authorized by this subchapter shall be carried out, consistent with program goals and objectives, so that the involuntary displacement of families and businesses is avoided.

(h) Eligibility of resident aliens

The Secretary may not restrict the availability of assistance under this subchapter for any alien for whom assistance may not be restricted under section 1436a of this title.

(i) Loan packaging by nonprofit organizations as a "development cost"

For the purposes of this subchapter, the term ''development cost'' shall include the packaging of loan and grant applications and actions related thereto by public and private nonprofit organizations tax exempt under title 26.

(j) Program transfers

Notwithstanding any other provision of law, the Secretary shall not transfer any program authorized by this subchapter to the Rural Development Administration.

At the borrower's option, the borrower may prepay to the Secretary as escrow agent, on terms and conditions prescribed by him, such taxes, insurance, and other expenses as the Secretary may require in accordance with section 1471(e) of this title.

(2) The Secretary may extend the period of any loan made under this section if the Secretary determines that such extension is necessary to permit the making of such loan to any person whose income does not exceed 60 per centum of the median income for the area and who would otherwise be denied such loan because the payments required under a shorter period would exceed the financial capacity of such person. The aggregate period for which any loan may be extended under this paragraph may not exceed 5 years.

(3)(A) Notwithstanding any other provision of this subchapter, a loan may be made under this section for the purchase of a dwelling located on land owned by a community land trust, if the borrower and the loan otherwise meet the requirements applicable to loans under this section.

(b) Provisions of loan instrument

(4) be in such form and contain such covenants as the Secretary shall prescribe to secure the payment of the loan with interest, protect the security, and assure that the farm will be maintained in repair and that waste and exhaustion of the farm will be prevented.

(i) fifteen years from the date on which the loan was made in the case of a loan made or insured pursuant to a contract entered into after December 21, 1979, but before December 15, 1989, and utilized for housing and related facilities which have not received assistance under section 1490a(a)(1)(B), (a)(2), or (5) of this title or section 1437f of this title; or

(ii) twenty years from the date on which the loan was made in the case of any other such loan;

(B) The Secretary may not accept an offer to prepay, or request refinancing in accordance with subsection (b)(3) of this section of, any initial loan made or insured under section 1485 of this title pursuant to a contract entered into on or after December 15, 1989.

(v) Incremental rental assistance in connection with loans under clauses (ii) and (iv) to the extent necessary to avoid increases in the rental payments of current tenants not receiving rental assistance under section 1490a(a)(2) of this title or under section 1437f of this title, or current tenants of projects not assisted under section 1490a(a)(5) of this title.

(ii) is the least costly alternative for the Federal Government that is consistent with carrying out the purposes of this subsection.

(5)(A) OFFER TO SELL TO NONPROFIT ORGANIZATIONS AND PUBLIC AGENCIES.—

(i) IN GENERAL.—If the Secretary determines after a reasonable period that an agreement will not be entered into with a borrower under paragraph (4), the Secretary shall require the borrower (except as provided in subparagraph (G)) to offer to sell the assisted housing and related facilities involved to any qualified nonprofit organization or public agency at a fair market value determined by 2 independent appraisers, one of whom shall be selected by the Secretary and one of whom shall be selected by the borrower. If the 2 appraisers fail to agree on the fair market value, the Secretary and the borrower shall jointly select a third appraiser, whose appraisal shall be binding on the Secretary and the borrower.

(iii) SELECTION OF QUALIFIED PURCHASER.—The Secretary shall promulgate regulations that establish criteria for selecting a qualified nonprofit organization or public agency to purchase housing and related facilities when more than 1 such organization or agency has made a bona fide offer. Such regulations shall give a priority to those organizations or agencies with the greatest experience in developing or managing low income housing or community development projects and with the longest record of service to the community.

(C) FINANCING OF SALE.—To facilitate the sale described in subparagraph (A), the Secretary shall—

(i) to the extent provided in appropriation Acts, make an advance to the nonprofit organization or public agency whose offer to purchase is accepted under this paragraph to cover any direct costs (other than the purchase price) incurred by the organization or agency in purchasing and assuming responsibility for the housing and related facilities involved;

(E) RESTRICTION ON SUBSEQUENT TRANSFERS.—Except as provided in subparagraph (B)(ii), the Secretary may not approve the transfer of any housing and related facilities purchased under this paragraph during the remaining useful life of the housing and related facilities, unless the Secretary determines that—

§ 1473. Loans for housing and buildings on potentially adequate farms; conditions and terms

If the Secretary determines (a) that, because of the inadequacy of the income of an eligible applicant from the farm to be improved and from other sources, said applicant may not reasonably be expected to make annual repayments of principal and interest in an amount sufficient to repay the loan in full within the period of time prescribed by the Secretary as authorized in this subchapter; (b) that the income of the applicant may be sufficiently increased within a period of not to exceed five years by improvement or enlargement of the farm or an adjustment of the farm practices or methods; and (c) that the applicant has adopted and may reasonably be expected to put into effect a plan of farm improvement, enlargement, or adjusted practices or production which, in the opinion of the Secretary, will increase the applicant's income from said farm within a period of not to exceed five years to the extent that the applicant may be expected thereafter to make annual repayments of principal and interest sufficient to repay the balance of the indebtedness less payments in cash and credits for the contributions to be made by the Secretary as hereinafter provided, the Secretary may make a loan in an amount necessary to provide adequate farm dwellings and buildings on said farm under the terms and conditions prescribed in section 1472 of this title. In addition, the Secretary may agree with the borrower to make annual contributions during the said five-year period in the form of credits on the borrower's indebtedness in an amount not to exceed the annual installment of interest and 50 per centum of the principal payments accruing during any installment year up to and including the fifth installment year, subject to the conditions that the borrower's income is, in fact, insufficient to enable the borrower to make payments in accordance with the plan or schedule prescribed by the Secretary and that the borrower pursues his plan of farm reorganization and improvements or enlargement with due diligence.

Except as provided in title 11, this agreement with respect to credits or principal and interest upon the borrower's indebtedness shall not be assignable nor accrue to the benefit of any third party without the written consent of the Secretary and the Secretary shall have the right, at his option, to cancel the agreement upon the sale of the farm or the execution or creation of any lien thereon subsequent to the lien given to the Secretary, or to refuse to release the lien given to the Secretary except upon payment in cash of the entire original principal plus accrued interest thereon less actual cash payments of principal and interest when the Secretary determines that the release of the lien would permit the benefits of this section to accrue to a person not eligible to receive such benefits.

(3) In carrying out this subsection, the Secretary shall (A) implement the weatherization standards described in paragraphs (2)(A) and (3) of section 413(b) of the Energy Conservation in Existing Buildings Act of 1976 [42 U.S.C. 6863(b)], and (B) provide that, with respect to any dwelling unit, not more than $800 of any grant made under this section be expended on weatherization materials and related matters described in section 415(c) of the Energy Conservation in Existing Buildings Act of 1976 [42 U.S.C. 6865(c)], except that the Secretary shall increase such amount to not more than $1,500 to cover labor costs in areas where the Secretary, in consultation with the Secretary of Labor, determines there is an insufficient number of volunteers and training participants and public service employment workers, assisted pursuant to title I of the Workforce Investment Act of 1998 [29 U.S.C. 2801 et seq.] or the Older American Community Service Employment Act [42 U.S.C. 3056 et seq.], available to work on weatherization projects under the supervision of qualified supervisors.

§ 1475. Loan payment moratorium and foreclosure procedures

(a) Moratorium

During any time that any such loan is outstanding, the Secretary is authorized under regulations to be prescribed by him to grant a moratorium upon the payment of interest and principal on such loan for so long a period as he deems necessary, upon a showing by the borrower that due to circumstances beyond his control, he is unable to continue making payments of such principal and interest when due without unduly impairing his standard of living. In cases of extreme hardship under the foregoing circumstances, the Secretary is further authorized to cancel interest due and payable on such loans during the moratorium. Should any foreclosure of such a mortgage securing such a loan upon which a moratorium has been granted occur, no deficiency judgment shall be taken against the mortgagor if he shall have faithfully tried to meet his obligation.

(b) Foreclosure procedures

In foreclosing on any mortgage held by the Secretary under this subchapter, the Secretary shall follow the foreclosure procedures of the State in which the property involved is located to the extent such procedures are more favorable to the borrower than the foreclosure procedures that would otherwise be followed by the Secretary. This subsection shall be subject to the availability of amounts approved in appropriations Acts, to the extent additional budget authority is necessary to carry out this subsection.

The Secretary, for the purposes of this subchapter, shall have the power to determine and prescribe the standards of adequate farm housing and other buildings, by farms or localities, taking into consideration, among other factors, the type of housing which will provide decent, safe, and sanitary dwelling for the needs of the family using the housing, the type and character of the farming operations to be conducted, and the size and earning capacity of the land. The Secretary shall approve a residential building as meeting such standards if the building is constructed in accordance with (1) the minimum standards prescribed by the Secretary, (2) the minimum property standards prescribed by the Secretary of Housing and Urban Development for mortgages insured under title II of the National Housing Act [12 U.S.C. 1707 et seq.], (3) the standards contained in any of the voluntary national model building codes, or (4) in the case of manufactured housing, the standards referred to in section 1472(e) of this title. To the maximum extent feasible, the Secretary shall promote the use of energy saving techniques through standards established by such Secretary for newly constructed residential housing assisted under this subchapter. Such standards shall, insofar as is practicable, be consistent with the standards established pursuant to section 526 of the National Housing Act [12 U.S.C. 1735f–4] and shall incorporate the energy performance requirements developed pursuant to such section.

(b) Terms or conditions of leases or occupancy agreements subject to change with approval of Secretary

The Secretary may require any recipient of a loan or grant to agree that the availability of improvements constructed or repaired with the proceeds of the loan or grant under this subchapter shall not be a justification for directly or indirectly changing the terms or conditions of the lease or occupancy agreement with the occupants of such farms to the latter's disadvantage without the approval of the Secretary.

(c) Rural Housing Insurance Fund for payment of expenditures respecting construction defects; judicial review prohibition

The Secretary is authorized, after October 1, 1977, with respect to any unit or dwelling newly constructed during the period beginning eighteen months prior to October 12, 1977, and purchased with financial assistance authorized by this subchapter which he finds to have structural defects to make expenditures for (1) correcting such defects, (2) paying the claims of the owner of the property arising from such defects, or (3) acquiring title to the property, if such assistance is requested by the owner of the property within thirty-six months after financial assistance under this subchapter is rendered to the owner of the property or, in the case of property with respect to which assistance was made available within eighteen months prior to October 12, 1977, within thirty-six months after October 12, 1977. Expenditures pursuant to this subsection may be paid from the Rural Housing Insurance Fund. Decisions by the Secretary regarding such expenditures or payments under this subsection, and the terms and conditions under which the same are approved or disapproved, shall not be subject to judicial review.

(d) Defaults involving security interest in tribal lands

In the event of default involving a security interest in tribal allotted or trust land, the Secretary shall only pursue liquidation after offering to transfer the account to an eligible tribal member, the tribe, or the Indian housing authority serving the tribe or tribes. If the Secretary subsequently proceeds to liquidate the account, the Secretary shall not sell, transfer, or otherwise dispose of or alienate the property except to one of the entities described in the preceding sentence.

(e) Terms and conditions; regulations

The Secretary shall, by regulation, prescribe the terms and conditions under which expendi-

tures and payments may be made under the provisions of this section.

(f) Housing in underserved areas

(1) Designation of underserved area

The Secretary shall designate as targeted underserved areas 100 counties and communities in each fiscal year that have severe, unmet housing needs as determined by the Secretary. A county or community shall be eligible for designation if, during the 5-year period preceding the year in which the designation is made, it has received an average annual amount of assistance under this subchapter that is substantially lower than the average annual amount of such assistance received during that 5-year period by other counties and communities in the State that are eligible for such assistance calculated on a per capita basis, and has—

(A) 20 percent or more of its population at or below the poverty level; and

(B) 10 percent or more of its population residing in substandard housing.

As used in this paragraph, the term ''poverty level'' has the meaning given the term in section 5302(a)(9) of this title.

(2) Preferences

In selecting projects to receive assistance with amounts set aside under paragraph (4), the Secretary shall give preference to any project located in a county or community that has, at the time of designation and as determined by the Secretary—

(A) 28 percent or more of its population at or below poverty level; and

(B) 13 percent or more of its population residing in substandard housing.

In designating underserved areas under paragraph (1), in each fiscal year the Secretary shall designate not less than 5 counties or communities that contain tribal allotted or Indian trust land.

(3) Outreach program and review

(A) Outreach

The Secretary shall publicize the availability to targeted underserved areas of grants and loans under this subchapter and promote, to the maximum extent feasible, efforts to apply for those grants and loans for housing in targeted underserved areas.

(B) Review

Upon the receipt of data from the 1990 decennial census, the Secretary shall conduct a review of any designations made under paragraph (1) and preferences given under paragraph (2) and the eligibility of communities and counties for such designation and preference, examining the effects of such data on such eligibility. The Secretary shall submit to the Congress, not later than 9 months after the availability of the data, a report regarding the review, which shall include any recommendations of the Secretary for modifications in the standards for designation and preference.

(4) Set-aside for targeted underserved areas and colonias

(A) In general

The Secretary shall set aside and reserve for assistance in targeted underserved areas an amount equal to 5.0 percent in each fiscal year of the aggregate amount of lending authority under sections 1472, 1474, 1484, 1485, and 1490d of this title. During each fiscal year, the Secretary shall set aside from amounts available for assistance under paragraphs (2) and (5) of section 1490a(a) of this title, an amount that is appropriate to provide assistance with respect to the lending authority under sections 1484 and 1485 of this title that is set aside for such fiscal year. The Secretary shall establish a procedure to reallocate any assistance set aside in any fiscal year for targeted underserved areas that has not been expended during a reasonable period in such year for use in (i) colonias that have applied for and are eligible for assistance under subparagraph (B) or paragraph (7) and did not receive assistance, and (ii) counties and communities eligible for designation as targeted underserved areas but which were not so designated. The procedure shall also provide that any assistance reallocated under the preceding sentence that has not been expended by a reasonable date established by the Secretary (which shall be after the expiration of the period referred to in the preceding sentence) shall be made available and allocated under the laws and regulations relating to such assistance, notwithstanding this subsection.

(B) Priority for colonias

(i) Notwithstanding the designation of counties and communities as targeted underserved areas under paragraph (1) and the provisions of section 1490 of this title, colonias shall be eligible for assistance with amounts reserved under subparagraph (A), as provided in this subparagraph.

(ii) In providing assistance from amounts reserved under this paragraph in each fiscal year, the Secretary shall give priority to any application for assistance to be used in, or in close proximity to, and serving the residents of, a colonia located in a State described under clause (iii). After the Secretary has provided assistance under the priority for colonias located in a State in an amount equal to 5 percent of the total amount of assistance allocated under this subchapter to such State in the fiscal year, the priority shall not apply to any applications for colonias in such State.

(iii) This paragraph shall apply to any State for any fiscal year following 2 fiscal years in which the State obligated the total amount of assistance allocated to it under this subchapter during each of such 2 fiscal years.

(5) List of underserved areas

The Secretary shall publish annually the current list of targeted underserved areas in the Federal Register.

(6) Project preparation assistance

(A) In general

The Secretary may make grants to eligible applicants under subparagraph (D) to promote the development of affordable housing in targeted underserved areas and colonias.

(B) Use

A grant under this paragraph shall not exceed an amount that the Secretary determines to equal the customary and reasonable costs incurred in preparing an application for a loan under section 1472, 1474, 1484, 1485, or 1490d of this title, or a grant under section 1490m of this title (including preapplication planning, site analysis, market analysis, and other necessary technical assistance). The Secretary shall adjust the loan or grant amount under such sections to take account of project preparation costs that have been paid from grant proceeds under this paragraph and that normally would be reimbursed with proceeds of the loan or grant.

(C) Approval

The Secretary shall approve a properly submitted application or issue a written statement indicating the reasons for disapproval not later than 60 days after the receipt of the application.

(D) Eligibility

For purposes of this paragraph, an eligible applicant may be a nonprofit organization or corporation, a community housing development organization, State, unit of general local government, or agency of a State or unit of general local government.

(E) Availability of funding

Any amounts appropriated to carry out this paragraph shall remain available until expended.

(7) Priority for colonias

(A) In general

In providing assistance under this subchapter in any fiscal year described under subparagraph (B), each State in which colonias are located shall give priority to any application for assistance to be used in a colonia. The priority under this subparagraph shall not apply in such State after 5 percent of the assistance available in such fiscal year has been allocated for colonias qualifying for the priority.

(B) Covered years

This paragraph shall apply to any fiscal year following 2 fiscal years in which the State did not obligate the total amount of assistance allocated it under this subchapter during each of such 2 fiscal years.

(8) "Colonia" defined

For purposes of this subsection, the term ''colonia'' means any identifiable community that—

(A) is in the State of Arizona, California, New Mexico, or Texas;
