(2)(A) The income level established under paragraph (1)(B) shall be at least the percent provided under subparagraph (B) (but not more than 100 percent) of the official poverty line (as defined by the Office of Management and Budget, and revised annually in accordance with section 9902(2) of this title) applicable to a family of the size involved.

(B) Except as provided in subparagraph (C), the percent provided under this clause, with respect to eligibility for medical assistance on or after—

- (i) January 1, 1989, is 85 percent,
- (ii) January 1, 1990, is 90 percent, and
- (iii) January 1, 1991, is 100 percent.

(C) In the case of a State which has elected treatment under section 1396a(f) of this title and which, as of January 1, 1987, used an income standard for individuals age 65 or older which was more restrictive than the income standard established under the supplemental security income program under subchapter XVI of this chapter, the percent provided under subparagraph (B), with respect to eligibility for medical assistance on or after—

- (i) January 1, 1989, is 80 percent,
- (ii) January 1, 1990, is 85 percent,
- (iii) January 1, 1991, is 95 percent, and
- (iv) January 1, 1992, is 100 percent.

(D)(i) In determining under this subsection the income of an individual who is entitled to monthly insurance benefits under subchapter II of this chapter for a transition month (as defined in clause (ii)) in a year, such income shall not include any amounts attributable to an increase in the level of monthly insurance benefits payable under such subchapter which have occurred pursuant to section 415(i) of this title for benefits payable for months beginning with December of the previous year.

(ii) For purposes of clause (i), the term "transition month" means each month in a year through the month following the month in which the annual revision of the official poverty line, referred to in subparagraph (A), is published.

(3) The term "medicare cost-sharing" means (subject to section 1396a(n)(2) of this title) the following costs incurred with respect to a qualified medicare beneficiary, without regard to whether the costs incurred were for items and services for which medical assistance is otherwise available under the plan:

- (A)(i) premiums under section 1395i-2 or 1395i-2a of this title, and
- (ii) premiums under section 1395r of this title,⁶

(B) Coinsurance under subchapter XVIII of this chapter (including coinsurance described in section 1395e of this title).

(D) The difference between the amount that is paid under section 1395l(a) of this title and the amount that would be paid under such section if any reference to "80 percent" therein were deemed a reference to "100 percent".

Such term also may include, at the option of a State, premiums for enrollment of a qualified medicare beneficiary with an eligible organization under section 1395mm of this title.

(4) Notwithstanding any other provision of this subchapter, in the case of a State (other than the 50 States and the District of Columbia)—

- (A) the requirement stated in section 1396a(a)(10)(E) of this title shall be optional, and

⁶ So in original. The comma probably should be a period.

(B) for purposes of paragraph (2), the State may substitute for the percent provided under subparagraph (B)⁷ or⁸ 1396a(a)(10)(E)(iii) of this title of such paragraph⁷ any percent.

In the case of any State which is providing medical assistance to its residents under a waiver granted under section 1315 of this title, the Secretary shall require the State to meet the requirement of section 1396a(a)(10)(E) of this title in the same manner as the State would be required to meet such requirement if the State had in effect a plan approved under this subchapter.

(5)(A) The Secretary shall develop and distribute to States a simplified application form for use by individuals (including both qualified medicare beneficiaries and specified low-income medicare beneficiaries) in applying for medical assistance for medicare cost-sharing under this subchapter in the States which elect to use such form. Such form shall be easily readable by applicants and uniform nationally.

(B) In developing such form, the Secretary shall consult with beneficiary groups and the States.

(6) For provisions relating to outreach efforts to increase awareness of the availability of medicare cost-sharing, see section 1320b-14 of this title.

(2) with respect to whom the Commissioner of Social Security determines that—

(A) the individual continues to be blind or continues to have the disabling physical or mental impairment on the basis of which he was found to be under a disability and, except for his earnings, continues to meet all non-disability-related requirements for eligibility for benefits under subchapter XVI of this chapter,

(B) the income of such individual would not, except for his earnings, be equal to or in excess of the amount which would cause him to be ineligible for payments under section 1382(b) of this title (if he were otherwise eligible for such payments),

(C) the lack of eligibility for benefits under this subchapter would seriously in-

hibit his ability to continue or obtain employment, and

(D) the individual's earnings are not sufficient to allow him to provide for himself a reasonable equivalent of the benefits under subchapter XVI of this chapter (including any federally administered State supplementary payments), this subchapter, and publicly funded attendant care services (including personal care assistance) that would be available to him in the absence of such earnings.

In the case of an individual who is eligible for medical assistance pursuant to section 1382h(b) of this title in June, 1987, the individual shall be a qualified severely impaired individual for so long as such individual meets the requirements of paragraph (2).

Nothing in this subchapter shall be construed as limiting providers of early and periodic screening, diagnostic, and treatment services to providers who are qualified to provide all of the items and services described in the previous sentence or as preventing a provider that is qualified under the plan to furnish one or more (but not all) of such items or services from being qualified to provide such items and services as part of early and periodic screening, diagnostic, and treatment services. The Secretary shall, not later than July 1, 1990, and every 12 months thereafter, develop and set annual participation goals for each State for participation of individuals who are covered under the State plan under this subchapter in early and periodic screening, diagnostic, and treatment services.

§ 1396e. Enrollment of individuals under group health plans

(a) Requirements of each State plan; guidelines

Each State plan—

(1) may implement guidelines established by the Secretary, consistent with subsection (b) of this section, to identify those cases in which enrollment of an individual otherwise entitled to medical assistance under this subchapter in a group health plan (in which the individual is otherwise eligible to be enrolled) is cost-effective (as defined in subsection (e)(2) of this section);

(2) may require, in case of an individual so identified and as a condition of the individual being or remaining eligible for medical assistance under this subchapter and subject to subsection (b)(2) of this section, notwithstanding any other provision of this subchapter, that the individual (or in the case of a child, the child's parent) apply for enrollment in the group health plan; and

(3) in the case of such enrollment (except as provided in subsection (c)(1)(B) of this section), shall provide for payment of all enrollee

premiums for such enrollment and all deductibles, coinsurance, and other cost-sharing obligations for items and services otherwise covered under the State plan under this subchapter (exceeding the amount otherwise permitted under section 1396o of this title), and shall treat coverage under the group health plan as a third party liability (under section 1396a(a)(25) of this title).

(b) Timing of enrollment; failure to enroll

(1) In establishing guidelines under subsection (a)(1) of this section, the Secretary shall take into account that an individual may only be eligible to enroll in group health plans at limited times and only if other individuals (not entitled to medical assistance under the plan) are also enrolled in the plan simultaneously.

(2) If a parent of a child fails to enroll the child in a group health plan in accordance with subsection (a)(2) of this section, such failure shall not affect the child's eligibility for benefits under this subchapter.

(c) Premiums considered payments for medical assistance; eligibility

(1)(A) In the case of payments of premiums, deductibles, coinsurance, and other cost-sharing obligations under this section shall be considered, for purposes of section 1396b(a) of this title, to be payments for medical assistance.

(B) If all members of a family are not eligible for medical assistance under this subchapter and enrollment of the members so eligible in a group health plan is not possible without also enrolling members not so eligible—

(i) payment of premiums for enrollment of such other members shall be treated as payments for medical assistance for eligible individuals, if it would be cost-effective (taking into account payment of all such premiums), but

(ii) payment of deductibles, coinsurance, and other cost-sharing obligations for such other members shall not be treated as payments for medical assistance for eligible individuals.

(2) The fact that an individual is enrolled in a group health plan under this section shall not change the individual's eligibility for benefits under the State plan, except insofar as section 1396a(a)(25) of this title provides that payment for such benefits shall first be made by such plan.

(d) Repealed. Pub. L. 105-33, title IV, § 4741(b)(2), Aug. 5, 1997, 111 Stat. 523

(e) Definitions

In this section:

(1) The term "group health plan" has the meaning given such term in section 5000(b)(1) of the Internal Revenue Code of 1986, and includes the provision of continuation coverage by such a plan pursuant to title XXII of the Public Health Service Act [42 U.S.C. 300bb-1 et seq.], section 4980B of the Internal Revenue Code of 1986, or title VI¹ of the Employee Retirement Income Security Act of 1974.

(2) The term "cost-effective" means, as established by the Secretary, that the reduction

in expenditures under this subchapter with respect to an individual who is enrolled in a group health plan is likely to be greater than the additional expenditures for premiums and cost-sharing required under this section with respect to such enrollment.

§ 1396g. State programs for licensing of administrators of nursing homes

(a) Nature of State program

For purposes of section 1396a(a)(29) of this title, a "State program for the licensing of administrators of nursing homes" is a program which provides that no nursing home within the State may operate except under the supervision of an administrator licensed in the manner provided in this section.

(b) Licensing by State agency or board representative of concerned professions and institutions

Licensing of nursing home administrators shall be carried out by the agency of the State responsible for licensing under the healing arts licensing act of the State, or, in the absence of such act or such an agency, a board representative of the professions and institutions concerned with care of chronically ill and infirm aged patients and established to carry out the purposes of this section.

(c) Functions and duties of State agency or board

It shall be the function and duty of such agency or board to—

(1) develop, impose, and enforce standards which must be met by individuals in order to receive a license as a nursing home administrator, which standards shall be designed to insure that nursing home administrators will be individuals who are of good character and are otherwise suitable, and who, by training or experience in the field of institutional administration, are qualified to serve as nursing home administrators;

(2) develop and apply appropriate techniques, including examinations and investigations, for determining whether an individual meets such standards;

(3) issue licenses to individuals determined, after the application of such techniques, to meet such standards, and revoke or suspend licenses previously issued by the board in any case where the individual holding any such license is determined substantially to have failed to conform to the requirements of such standards;

(4) establish and carry out procedures designed to insure that individuals licensed as nursing home administrators will, during any period that they serve as such, comply with the requirements of such standards;

(5) receive, investigate, and take appropriate action with respect to, any charge or com-

plaint filed with the board to the effect that any individual licensed as a nursing home administrator has failed to comply with the requirements of such standards; and

(6) conduct a continuing study and investigation of nursing homes and administrators of nursing homes within the State with a view to the improvement of the standards imposed for the licensing of such administrators and of procedures and methods for the enforcement of such standards with respect to administrators of nursing homes who have been licensed as such.

(d) Waiver of standards other than good character or suitability standards

No State shall be considered to have failed to comply with the provisions of section 1396a(a)(29) of this title because the agency or board of such State (established pursuant to subsection (b) of this section) shall have granted any waiver, with respect to any individual who, during all of the three calendar years immediately preceding the calendar year in which the requirements prescribed in section 1396a(a)(29) of this title are first met by the State, has served as a nursing home administrator, of any of the standards developed, imposed, and enforced by such agency or board pursuant to subsection (c) of this section.

(e) "Nursing home" and "nursing home administrator" defined

As used in this section, the term—

(1) "nursing home" means any institution or facility defined as such for licensing purposes under State law, or, if State law does not employ the term nursing home, the equivalent term or terms as determined by the Secretary, but does not include a religious nonmedical health care institution (as defined in section 1395x(ss)(1) of this title).¹

(2) "nursing home administrator" means any individual who is charged with the general administration of a nursing home whether or not such individual has an ownership interest in such home and whether or not his functions and duties are shared with one or more other individuals.

AMENDMENTS

1997—Subsec. (e)(1). Pub. L. 105-33 which directed substitution of “a religious nonmedical health care institution (as defined in section 1395x(ss)(1) of this title)” for “a Christian Science sanatorium operated, or listed and certified, by the First Church of Christ, Scientist, Boston, Massachusetts; and” in “Section 1908(e)(1) (42 U.S.C. 1396g-1(e)(1))” of the Social Security Act, was executed by making the substitution in subsec. (e)(1) of this section to reflect the probable intent of Congress, because section 1396g-1 of this title, which is also section 1908 of the Social Security Act, does not have a subsec. (e).

1996—Subsec. (e)(1). Pub. L. 104-193, which directed substitution of “The Commission for Accreditation of Christian Science Nursing Organizations/Facilities, Inc.” for “The First Church of Christ, Scientist, Boston, Massachusetts” in section 1908(e)(1) of the Social Security Act (42 U.S.C. 1396g-1(e)(1)) could not be executed to this section or section 1396g-1 of this title, both of which are section 1908. Section 1396g-1 does not have a subsec. (e) and subsec. (e)(1) of this section does not contain the quoted language with the word “the” capitalized.

1973—Subsec. (d). Pub. L. 93-233 struck out second sentence reading substantially the same as the first sentence but containing the following additional text reading “other than such standards as relate to good character or suitability if—

“(1) such waiver is for a period which ends after being in effect for two years or on June 30, 1972, whichever is earlier, and

“(2) there is provided in the State (during all of the period for which waiver is in effect), a program of training and instruction designed to enable all individuals with respect to whom any such waiver is granted, to attain the qualifications necessary in order to meet such standards” and also “calendar year” instead of “three calendar years” and reference to “subsection (c)(1) of this section” instead of “subsection (c) of this section”.

Subsec. (e). Pub. L. 93-233 redesignated subsec. (g) as (e), and repealed prior subsec. (e) relating to authorization of appropriations for fiscal years 1968 through 1972 and to limitation of grants.

Subsec. (f). Pub. L. 93-233 repealed subsec. (f) providing for creation of National Advisory Council on Nursing Home Administration and for its composition, appointment of members, the Chairman, representation of interests, functions and duties, compensation and travel expenses, technical assistance, availability of assistance and data, and termination date of Dec. 31, 1971.

Subsec. (g). Pub. L. 93-233, redesignated subsec. (g) as (e).

1972—Subsec. (d). Pub. L. 92-603, §§269, 274(b), inserted references to the grant of waivers to individuals who, during all of the three calendar years immediately preceding the calendar year in which the requirements prescribed in section 1396a(a)(29) of this title are first met by the State, have served as nursing home administrators and substituted “subsection (c)(1)” for “subsection (b)(1)”.

Subsec. (g)(1). Pub. L. 92-603, §268(b), inserted “, but does not include a Christian Science sanatorium operated, or listed and certified, by the First Church of Christ, Scientist, Boston, Massachusetts” after “Secretary”.

§ 1396g-1. Required laws relating to medical child support

(a) In general

The laws relating to medical child support, which a State is required to have in effect under section 1396a(a)(60) of this title, are as follows:

(1) A law that prohibits an insurer from denying enrollment of a child under the health coverage of the child’s parent on the ground that—

(A) the child was born out of wedlock,

(B) the child is not claimed as a dependent on the parent’s Federal income tax return, or

(C) the child does not reside with the parent or in the insurer’s service area.

(2) In any case in which a parent is required by a court or administrative order to provide health coverage for a child and the parent is eligible for family health coverage through an insurer, a law that requires such insurer—

(A) to permit such parent to enroll under such family coverage any such child who is otherwise eligible for such coverage (without regard to any enrollment season restrictions);

(B) if such a parent is enrolled but fails to make application to obtain coverage of such child, to enroll such child under such family coverage upon application by the child’s other parent or by the State agency administering the program under this subchapter or part D of subchapter IV of this chapter; and

(C) not to disenroll (or eliminate coverage of) such a child unless the insurer is provided satisfactory written evidence that—

(i) such court or administrative order is no longer in effect, or

(ii) the child is or will be enrolled in comparable health coverage through another insurer which will take effect not later than the effective date of such disenrollment.

(3) In any case in which a parent is required by a court or administrative order to provide health coverage for a child and the parent is eligible for family health coverage through an employer doing business in the State, a law that requires such employer—

(A) to permit such parent to enroll under such family coverage any such child who is otherwise eligible for such coverage (without regard to any enrollment season restrictions);

(B) if such a parent is enrolled but fails to make application to obtain coverage of such child, to enroll such child under such family coverage upon application by the child's other parent or by the State agency administering the program under this subchapter or part D of subchapter IV of this chapter; and

(C) not to disenroll (or eliminate coverage of) any such child unless—

(i) the employer is provided satisfactory written evidence that—

(I) such court or administrative order is no longer in effect, or

(II) the child is or will be enrolled in comparable health coverage which will take effect not later than the effective date of such disenrollment, or

(ii) the employer has eliminated family health coverage for all of its employees; and

(D) to withhold from such employee's compensation the employee's share (if any) of premiums for health coverage (except that the amount so withheld may not exceed the maximum amount permitted to be withheld under section 1673(b) of title 15), and to pay such share of premiums to the insurer, except that the Secretary may provide by regulation for appropriate circumstances under which an employer may withhold less than such employee's share of such premiums.

(4) A law that prohibits an insurer from imposing requirements on a State agency, which has been assigned the rights of an individual eligible for medical assistance under this subchapter and covered for health benefits from the insurer, that are different from requirements applicable to an agent or assignee of any other individual so covered.

(5) A law that requires an insurer, in any case in which a child has health coverage through the insurer of a noncustodial parent—

(A) to provide such information to the custodial parent as may be necessary for the child to obtain benefits through such coverage;

(B) to permit the custodial parent (or provider, with the custodial parent's approval) to submit claims for covered services without the approval of the noncustodial parent; and

(C) to make payment on claims submitted in accordance with subparagraph (B) directly to such custodial parent, the provider, or the State agency.

(6) A law that permits the State agency under this subchapter to garnish the wages, salary, or other employment income of, and requires withholding amounts from State tax refunds to, any person who—

(A) is required by court or administrative order to provide coverage of the costs of health services to a child who is eligible for medical assistance under this subchapter,

(B) has received payment from a third party for the costs of such services to such child, but

(C) has not used such payments to reimburse, as appropriate, either the other par-

ent or guardian of such child or the provider of such services,

to the extent necessary to reimburse the State agency for expenditures for such costs under its plan under this subchapter, but any claims for current or past-due child support shall take priority over any such claims for the costs of such services.

(b) "Insurer" defined

For purposes of this section, the term "insurer" includes a group health plan, as defined in section 1167(1) of title 29, a health maintenance organization, and an entity offering a service benefit plan.

(a)(1) Whenever the Secretary certifies a facility in a State to be qualified as a rural health

clinic under subchapter XVIII of this chapter, such facility shall be deemed to meet the standards for certification as a rural health clinic for purposes of providing rural health clinic services under this title.

(2) The Secretary shall notify the State agency administering the medical assistance plan of his approval or disapproval of any facility in that State which has applied for certification by him as a qualified rural health clinic.

(b)(1) The Secretary may cancel approval of any intermediate care facility for the mentally retarded at any time if he finds on the basis of a determination made by him as provided in section 1396a(a)(33)(B) of this title that a facility fails to meet the requirements contained in section 1396a(a)(31) of this title or section 1396d(d) of this title, or if he finds grounds for termination of his agreement with the facility pursuant to section 1395cc(b) of this title. In that event the Secretary shall notify the State agency and the intermediate care facility for the mentally retarded that approval of eligibility of the facility to participate in the programs established by this subchapter and subchapter XVIII of this chapter shall be terminated at a time specified by the Secretary. The approval of eligibility of any such facility to participate in such programs may not be reinstated unless the Secretary finds that the reason for termination has been removed and there is reasonable assurance that it will not recur.

(2) Any intermediate care facility for the mentally retarded which is dissatisfied with a determination by the Secretary that it no longer qualifies as a¹ intermediate care facility for the mentally retarded for purposes of this subchapter, shall be entitled to a hearing by the Secretary to the same extent as is provided in section 405(b) of this title and to judicial review of the Secretary's final decision after such hearing as is provided in section 405(g) of this title, except that, in so applying such sections and in applying section 405(l) of this title thereto, any reference therein to the Commissioner of Social Security or the Social Security Administration shall be considered a reference to the Secretary or the Department of Health and Human Services, respectively. Any agreement between such facility and the State agency shall remain in effect until the period for filing a request for a hearing has expired or, if a request has been filed, until a decision has been made by the Secretary; except that the agreement shall not be extended if the Secretary makes a written determination, specifying the reasons therefor, that the continuation of provider status constitutes an immediate and serious threat to the health and safety of patients, and the Secretary certifies that the facility has been notified of its deficiencies and has failed to correct them.

The Secretary shall restore to the trust funds established under sections 1395i and 1395t of this title, as appropriate, amounts recovered under this section as setoffs against overpayments under subchapter XVIII of this chapter.

(f) Liability of States for withheld payments

Notwithstanding any other provision of this subchapter, an institution or person shall not be entitled to recover from any State any amount in payment for medical care and services under this subchapter which is withheld by the State agency pursuant to an order by the Secretary under subsection (b) of this section.

(Aug. 14, 1935, ch. 531, title XIX, §1914, as added Pub. L. 96-499, title IX, §905(d), Dec. 5, 1980, 94 Stat. 2618.)

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 1396b of this title.

§ 1396n. Compliance with State plan and payment provisions**(a) Activities deemed as compliance**

A State shall not be deemed to be out of compliance with the requirements of paragraphs (1), (10), or (23) of section 1396a(a) of this title solely by reason of the fact that the State (or any political subdivision thereof)—

- (1) has entered into—

(A) a contract with an organization which has agreed to provide care and services in addition to those offered under the State plan to individuals eligible for medical assistance who reside in the geographic area served by such organization and who elect to obtain such care and services from such organization, or by reason of the fact that the plan provides for payment for rural health clinic services only if those services are provided by a rural health clinic; or

(B) arrangements through a competitive bidding process or otherwise for the purchase of laboratory services referred to in section 1396d(a)(3) of this title or medical devices if the Secretary has found that—

(i) adequate services or devices will be available under such arrangements, and

(ii) any such laboratory services will be provided only through laboratories—

(I) which meet the applicable requirements of section 1395x(e)(9) of this title or paragraphs (16) and (17) of section 1395x(s) of this title, and such additional requirements as the Secretary may require, and

(II) no more than 75 percent of whose charges for such services are for services provided to individuals who are entitled to benefits under this subchapter or under part A or part B of subchapter XVIII of this chapter; or

(2) restricts for a reasonable period of time the provider or providers from which an individual (eligible for medical assistance for items or services under the State plan) can receive such items or services, if—

(A) the State has found, after notice and opportunity for a hearing (in accordance with procedures established by the State), that the individual has utilized such items or services at a frequency or amount not medically necessary (as determined in accordance with utilization guidelines established by the State), and

(B) under such restriction, individuals eligible for medical assistance for such services have reasonable access (taking into account geographic location and reasonable travel time) to such services of adequate quality.

(b) Waivers to promote cost-effectiveness and efficiency

The Secretary, to the extent he finds it to be cost-effective and efficient and not inconsistent with the purposes of this subchapter, may waive such requirements of section 1396a of this title (other than subsection (s)) (other than sections 1396a(a)(15), 1396a(bb), and 1396a(a)(10)(A) of this title insofar as it requires provision of the care and services described in section 1396d(a)(2)(C) of this title) as may be necessary for a State—

(1) to implement a primary care case-management system or a specialty physician services arrangement which restricts the provider from (or through) whom an individual (eligible for medical assistance under this subchapter) can obtain medical care services (other than in emergency circumstances), if such restriction does not substantially impair access to such services of adequate quality where medically necessary,

(2) to allow a locality to act as a central broker in assisting individuals (eligible for medical assistance under this subchapter) in selecting among competing health care plans, if such restriction does not substantially impair access to services of adequate quality where medically necessary.

(3) to share (through provision of additional services) with recipients of medical assistance under the State plan cost savings resulting from use by the recipient of more cost-effective medical care, and

(4) to restrict the provider from (or through) whom an individual (eligible for medical assistance under this subchapter) can obtain services (other than in emergency circumstances) to providers or practitioners who undertake to provide such services and who meet, accept, and comply with the reimbursement, quality, and utilization standards under the State plan, which standards shall be consistent with the requirements of section 1396r-4 of this title and are consistent with access, quality, and efficient and economic provision of covered care and services, if such restriction does not discriminate among classes of providers on grounds unrelated to their demonstrated effectiveness and efficiency in providing those services and if providers under such restriction are paid on a timely basis in the same manner as health care practitioners must be paid under section 1396a(a)(37)(A) of this title.

No waiver under this subsection may restrict the choice of the individual in receiving services under section 1396d(a)(4)(C) of this title.

(c) Waiver respecting medical assistance requirement in State plan; scope, etc.; "habilitation services" defined; imposition of certain regulatory limits prohibited; computation of expenditures for certain disabled patients; coordinated services; substitution of participants

(1) The Secretary may by waiver provide that a State plan approved under this subchapter may include as "medical assistance" under such plan payment for part or all of the cost of home or community-based services (other than room and board) approved by the Secretary which are provided pursuant to a written plan of care to individuals with respect to whom there has been a determination that but for the provision of such services the individuals would require the level of care provided in a hospital or a nursing facility or intermediate care facility for the mentally retarded the cost of which could be reimbursed under the State plan. For purposes of this subsection, the term "room and board" shall not include an amount established under a method determined by the State to reflect the portion of costs of rent and food attributable to an unrelated personal caregiver who is residing in the same household with an individual who, but for the assistance of such caregiver, would require admission to a hospital, nursing facility, or intermediate care facility for the mentally retarded.

(2) A waiver shall not be granted under this subsection unless the State provides assurances satisfactory to the Secretary that—

(A) necessary safeguards (including adequate standards for provider participation) have been taken to protect the health and welfare of individuals provided services under the waiver and to assure financial accountability for funds expended with respect to such services;

(B) the State will provide, with respect to individuals who—

(i) are entitled to medical assistance for inpatient hospital services, nursing facility services, or services in an intermediate care facility for the mentally retarded under the State plan,

(ii) may require such services, and

(iii) may be eligible for such home or community-based care under such waiver,

for an evaluation of the need for inpatient hospital services, nursing facility services, or services in an intermediate care facility for the mentally retarded;

(C) such individuals who are determined to be likely to require the level of care provided in a hospital, nursing facility, or intermediate care facility for the mentally retarded are informed of the feasible alternatives, if available under the waiver, at the choice of such individuals, to the provision of inpatient hospital services, nursing facility services, or services in an intermediate care facility for the mentally retarded;

(D) under such waiver the average per capita expenditure estimated by the State in any fiscal year for medical assistance provided with respect to such individuals does not exceed 100 percent of the average per capita expenditure that the State reasonably estimates would have been made in that fiscal year for expenditures under the State plan for such individuals if the waiver had not been granted; and

(E) the State will provide to the Secretary annually, consistent with a data collection plan designed by the Secretary, information on the impact of the waiver granted under this subsection on the type and amount of medical assistance provided under the State plan and on the health and welfare of recipients.

(3) A waiver granted under this subsection may include a waiver of the requirements of section 1396a(a)(1) of this title (relating to state-wideness), section 1396a(a)(10)(B) of this title (relating to comparability), and section 1396a(a)(10)(C)(i)(III) of this title (relating to income and resource rules applicable in the community). A waiver under this subsection shall be for an initial term of three years and, upon the request of a State, shall be extended for additional five-year periods unless the Secretary determines that for the previous waiver period the assurances provided under paragraph (2) have not been met. A waiver may provide, with respect to post-eligibility treatment of income of all individuals receiving services under that waiver, that the maximum amount of the individual's income which may be disregarded for any month for the maintenance needs of the individual may be an amount greater than the maximum allowed for that purpose under regulations in effect on July 1, 1985.

(4) A waiver granted under this subsection may, consistent with paragraph (2)—

(A) limit the individuals provided benefits under such waiver to individuals with respect to whom the State has determined that there is a reasonable expectation that the amount of medical assistance provided with respect to the individual under such waiver will not exceed the amount of such medical assistance provided for such individual if the waiver did not apply, and

(B) provide medical assistance to individuals (to the extent consistent with written plans of care, which are subject to the approval of the State) for case management services, homemaker/home health aide services and personal care services, adult day health services, habilitation services, respite care, and such other services requested by the State as the Secretary may approve and for day treatment or other partial hospitalization services, psychosocial rehabilitation services, and clinic services (whether or not furnished in a facility) for individuals with chronic mental illness.

Except as provided under paragraph (2)(D), the Secretary may not restrict the number of hours or days of respite care in any period which a State may provide under a waiver under this subsection.

(5) For purposes of paragraph (4)(B), the term “habilitation services”—

(A) means services designed to assist individuals in acquiring, retaining, and improving the self-help, socialization, and adaptive skills necessary to reside successfully in home and community based settings; and

(B) includes (except as provided in subparagraph (C)) prevocational, educational, and supported employment services; but

(C) does not include—

(i) special education and related services (as defined in paragraphs (16) and (17) of section 1401(a)¹ of title 20) which otherwise are available to the individual through a local educational agency; and

(ii) vocational rehabilitation services which otherwise are available to the individual through a program funded under section 730 of title 29.

(6) The Secretary may not require, as a condition of approval of a waiver under this section under paragraph (2)(D), that the actual total expenditures for home and community-based services under the waiver (and a claim for Federal financial participation in expenditures for the services) cannot exceed the approved estimates for these services. The Secretary may not deny Federal financial payment with respect to services under such a waiver on the ground that, in order to comply with paragraph (2)(D), a State has failed to comply with such a requirement.

(7)(A) In making estimates under paragraph (2)(D) in the case of a waiver that applies only to individuals with a particular illness or condition who are inpatients in, or who would require the level of care provided in, hospitals, nursing facilities, or intermediate care facilities for the mentally retarded, the State may determine the average per capita expenditure that would have been made in a fiscal year for those individuals

under the State plan separately from the expenditures for other individuals who are inpatients in, or who would require the level of care provided in, those respective facilities.

(B) In making estimates under paragraph (2)(D) in the case of a waiver that applies only to individuals with developmental disabilities who are inpatients in a nursing facility and whom the State has determined, on the basis of an evaluation under paragraph (2)(B), to need the level of services provided by an intermediate care facility for the mentally retarded, the State may determine the average per capita expenditures that would have been made in a fiscal year for those individuals under the State plan on the basis of the average per capita expenditures under the State plan for services to individuals who are inpatients in an intermediate care facility for the mentally retarded, without regard to the availability of beds for such inpatients.

(C) In making estimates under paragraph (2)(D) in the case of a waiver to the extent that it applies to individuals with mental retardation or a related condition who are resident in an intermediate care facility for the mentally retarded the participation of which under the State plan is terminated, the State may determine the average per capita expenditures that would have been made in a fiscal year for those individuals without regard to any such termination.

(8) The State agency administering the plan under this subchapter may, whenever appropriate, enter into cooperative arrangements with the State agency responsible for administering the program for children with special health care needs under subchapter V of this chapter in order to assure improved access to coordinated services to meet the needs of such children.

(9) In the case of any waiver under this subsection which contains a limit on the number of individuals who shall receive home or community-based services, the State may substitute additional individuals to receive such services to replace any individuals who die or become ineligible for services under the State plan.

(10) The Secretary shall not limit to fewer than 200 the number of individuals in the State who may receive home and community-based services under a waiver under this subsection.

(d) Home and community-based services for elderly

(1) Subject to paragraph (2), the Secretary shall grant a waiver to provide that a State plan approved under this subchapter shall include as “medical assistance” under such plan payment for part or all of the cost of home or community-based services (other than room and board) which are provided pursuant to a written plan of care to individuals 65 years of age or older with respect to whom there has been a determination that but for the provision of such services the individuals would be likely to require the level of care provided in a skilled nursing facility or intermediate care facility the cost of which could be reimbursed under the State plan. For purposes of this subsection, the term “room and board” shall not include an amount established

¹ See References in Text note below.

under a method determined by the State to reflect the portion of costs of rent and food attributable to an unrelated personal caregiver who is residing in the same household with an individual who, but for the assistance of such caregiver, would require admission to a hospital, nursing facility, or intermediate care facility for the mentally retarded.

(2) A waiver shall not be granted under this subsection unless the State provides assurances satisfactory to the Secretary that—

(A) necessary safeguards (including adequate standards for provider participation) have been taken to protect the health and welfare of individuals provided services under the waiver and to assure financial accountability for funds expended with respect to such services;

(B) with respect to individuals 65 years of age or older who—

(i) are entitled to medical assistance for skilled nursing or intermediate care facility services under the State plan,

(ii) may require such services, and

(iii) may be eligible for such home or community-based services under such waiver,

the State will provide for an evaluation of the need for such skilled nursing facility or intermediate care facility services; and

(C) such individuals who are determined to be likely to require the level of care provided in a skilled nursing facility or intermediate care facility are informed of the feasible alternatives to the provision of skilled nursing facility or intermediate care facility services, which such individuals may choose if available under the waiver.

Each State with a waiver under this subsection shall provide to the Secretary annually, consistent with a reasonable data collection plan designed by the Secretary, information on the impact of the waiver granted under this subsection on the type and amount of medical assistance provided under the State plan and on the health and welfare of recipients.

(3) A waiver granted under this subsection may include a waiver of the requirements of section 1396a(a)(1) of this title (relating to state-wideness), section 1396a(a)(10)(B) of this title (relating to comparability), and section 1396a(a)(10)(C)(i)(III) of this title (relating to income and resource rules applicable in the community). Subject to a termination by the State (with notice to the Secretary) at any time, a waiver under this subsection shall be for an initial term of 3 years and, upon the request of a State, shall be extended for additional 5-year periods unless the Secretary determines that for the previous waiver period the assurances provided under paragraph (2) have not been met. A waiver may provide, with respect to post-eligibility treatment of income of all individuals receiving services under the waiver, that the maximum amount of the individual's income which may be disregarded for any month is equal to the amount that may be allowed for that purpose under a waiver under subsection (c) of this section.

(4) A waiver under this subsection may, consistent with paragraph (2), provide medical as-

sistance to individuals for case management services, homemaker/home health aide services and personal care services, adult day health services, respite care, and other medical and social services that can contribute to the health and well-being of individuals and their ability to reside in a community-based care setting.

(5)(A) In the case of a State having a waiver approved under this subsection, notwithstanding any other provision of section 1396b of this title to the contrary, the total amount expended by the State for medical assistance with respect to skilled nursing facility services, intermediate care facility services, and home and community-based services under the State plan for individuals 65 years of age or older during a waiver year under this subsection may not exceed the projected amount determined under subparagraph (B).

(B) For purposes of subparagraph (A), the projected amount under this subparagraph is the sum of the following:

(i) The aggregate amount of the State's medical assistance under this subchapter for skilled nursing facility services and intermediate care facility services furnished to individuals who have attained the age of 65 for the base year increased by a percentage which is equal to the lesser of 7 percent times the number of years (rounded to the nearest quarter of a year) beginning after the base year and ending at the end of the waiver year involved or the sum of—

(I) the percentage increase (based on an appropriate market-basket index representing the costs of elements of such services) between the beginning of the base year and the beginning of the waiver year involved, plus

(II) the percentage increase between the beginning of the base year and the beginning of the waiver year involved in the number of residents in the State who have attained the age of 65, plus

(III) 2 percent for each year (rounded to the nearest quarter of a year) beginning after the base year and ending at the end of the waiver year.

(ii) The aggregate amount of the State's medical assistance under this subchapter for home and community-based services for individuals who have attained the age of 65 for the base year increased by a percentage which is equal to the lesser of 7 percent times the number of years (rounded to the nearest quarter of a year) beginning after the base year and ending at the end of the waiver year involved or the sum of—

(I) the percentage increase (based on an appropriate market-basket index representing the costs of elements of such services) between the beginning of the base year and the beginning of the waiver year involved, plus

(II) the percentage increase between the beginning of the base year and the beginning of the waiver year involved in the number of residents in the State who have attained the age of 65, plus

(III) 2 percent for each year (rounded to the nearest quarter of a year) beginning

after the base year and ending at the end of the waiver year.

(iii) The Secretary shall develop and promulgate by regulation (by not later than October 1, 1989)—

(I) a method, based on an index of appropriately weighted indicators of changes in the wages and prices of the mix of goods and services which comprise both skilled nursing facility services and intermediate care facility services (regardless of the source of payment for such services), for projecting the percentage increase for purposes of clause (i)(I);

(II) a method, based on an index of appropriately weighted indicators of changes in the wages and prices of the mix of goods and services which comprise home and community-based services (regardless of the source of payment for such services), for projecting the percentage increase for purposes of clause (ii)(I); and

(III) a method for projecting, on a State specific basis, the percentage increase in the number of residents in each State who are over 65 years of age for any period.

The Secretary shall develop (by not later than October 1, 1989) a method for projecting, on a State-specific basis, the percentage increase in the number of residents in each State who are over 65 years of age for any period. Effective on and after the date the Secretary promulgates the regulation under clause (iii), any reference in this subparagraph to the "lesser of 7 percent" shall be deemed to be a reference to the "greater of 7 percent".

(iv) If there is enacted after December 22, 1987, an Act which amends this subchapter whose provisions become effective on or after such date and which results in an increase in the aggregate amount of medical assistance under this subchapter for nursing facility services and home and community-based services for individuals who have attained the age of 65 years, the Secretary, at the request of a State with a waiver under this subsection for a waiver year or years and in close consultation with the State, shall adjust the projected amount computed under this subparagraph for the waiver year or years to take into account such increase.

(C) In this paragraph:

(i) The term "home and community-based services" includes services described in sections 1396d(a)(7) and 1396d(a)(8) of this title, services described in subsection (c)(4)(B) of this section, services described in paragraph (4), and personal care services.

(ii)(I) Subject to subclause (II), the term "base year" means the most recent year (ending before December 22, 1987) for which actual final expenditures under this subchapter have been reported to, and accepted by, the Secretary.

(II) For purposes of subparagraph (C), in the case of a State that does not report expenditures on the basis of the age categories described in such subparagraph for a year ending before December 22, 1987, the term "base year" means fiscal year 1989.

(iii) The term "intermediate care facility services" does not include services furnished in an institution certified in accordance with section 1396d(d) of this title.

(6)(A) A determination by the Secretary to deny a request for a waiver (or extension of waiver) under this subsection shall be subject to review to the extent provided under section 1316(b) of this title.

(B) Notwithstanding any other provision of this chapter, if the Secretary denies a request of the State for an extension of a waiver under this subsection, any waiver under this subsection in effect on the date such request is made shall remain in effect for a period of not less than 90 days after the date on which the Secretary denies such request (or, if the State seeks review of such determination in accordance with subparagraph (A), the date on which a final determination is made with respect to such review).

(e) Waiver for children infected with AIDS or drug dependent at birth

(1)(A) Subject to paragraph (2), the Secretary shall grant a waiver to provide that a State plan approved under this subchapter shall include as "medical assistance" under such plan payment for part or all of the cost of nursing care, respite care, physicians' services, prescribed drugs, medical devices and supplies, transportation services, and such other services requested by the State as the Secretary may approve which are provided pursuant to a written plan of care to a child described in subparagraph (B) with respect to whom there has been a determination that but for the provision of such services the infants would be likely to require the level of care provided in a hospital or nursing facility the cost of which could be reimbursed under the State plan.

(B) Children described in this subparagraph are individuals under 5 years of age who—

(i) at the time of birth were infected with (or tested positively for) the etiologic agent for acquired immune deficiency syndrome (AIDS),

(ii) have such syndrome, or

(iii) at the time of birth were dependent on heroin, cocaine, or phencyclidine,

and with respect to whom adoption or foster care assistance is (or will be) made available under part E of subchapter IV of this chapter.

(2) A waiver shall not be granted under this subsection unless the State provides assurances satisfactory to the Secretary that—

(A) necessary safeguards (including adequate standards for provider participation) have been taken to protect the health and welfare of individuals provided services under the waiver and to assure financial accountability for funds expended with respect to such services;

(B) under such waiver the average per capita expenditure estimated by the State in any fiscal year for medical assistance provided with respect to such individuals does not exceed 100 percent of the average per capita expenditure that the State reasonably estimates would have been made in that fiscal year for expenditures under the State plan for such individuals if the waiver had not been granted; and

(C) the State will provide to the Secretary annually, consistent with a data collection plan designed by the Secretary, information on the impact of the waiver granted under this subsection on the type and amount of medical assistance provided under the State plan and on the health and welfare of recipients.

(3) A waiver granted under this subsection may include a waiver of the requirements of section 1396a(a)(1) of this title (relating to state-wideness) and section 1396a(a)(10)(B) of this title (relating to comparability). A waiver under this subsection shall be for an initial term of 3 years and, upon the request of a State, shall be extended for additional five-year periods unless the Secretary determines that for the previous waiver period the assurances provided under paragraph (2) have not been met.

(4) The provisions of paragraph (6) of subsection (d) of this section shall apply to this subsection in the same manner as it applies to subsection (d) of this section.

(f) Monitor of implementation of waivers; termination of waiver for noncompliance; time limitation for action on requests for plan approval, amendments, or waivers

(1) The Secretary shall monitor the implementation of waivers granted under this section to assure that the requirements for such waiver are being met and shall, after notice and opportunity for a hearing, terminate any such waiver where he finds noncompliance has occurred.

(2) A request to the Secretary from a State for approval of a proposed State plan or plan amendment or a waiver of a requirement of this subchapter submitted by the State pursuant to a provision of this subchapter shall be deemed granted unless the Secretary, within 90 days after the date of its submission to the Secretary, either denies such request in writing or informs the State agency in writing with respect to any additional information which is needed in order to make a final determination with respect to the request. After the date the Secretary receives such additional information, the request shall be deemed granted unless the Secretary, within 90 days of such date, denies such request.

(g) Optional targeted case management services

(1) A State may provide, as medical assistance, case management services under the plan without regard to the requirements of section 1396a(a)(1) of this title and section 1396a(a)(10)(B) of this title. The provision of case management services under this subsection shall not restrict the choice of the individual to receive medical assistance in violation of section 1396a(a)(23) of this title. A State may limit the provision of case management services under this subsection to individuals with acquired immune deficiency syndrome (AIDS), or with AIDS-related conditions, or with either, or to individuals described in section 1396a(z)(1)(A) of this title and a State may limit the provision of case management services under this subsection to individuals with chronic mental illness. The State may limit the case managers available with respect to case management services for eligible individuals with developmental disabilities or with

chronic mental illness in order to ensure that the case managers for such individuals are capable of ensuring that such individuals receive needed services.

(2) For purposes of this subsection, the term "case management services" means services which will assist individuals eligible under the plan in gaining access to needed medical, social, educational, and other services.

(h) Period of waivers; continuations

No waiver under this section (other than a waiver under subsection (c), (d), or (e) of this section) may extend over a period of longer than two years unless the State requests continuation of such waiver, and such request shall be deemed granted unless the Secretary, within 90 days after the date of its submission to the Secretary, either denies such request in writing or informs the State agency in writing with respect to any additional information which is needed in order to make a final determination with respect to the request. After the date the Secretary receives such additional information, the request shall be deemed granted unless the Secretary, within 90 days of such date, denies such request.

(a) Imposition of certain charges under plan in case of individuals described in section 1396a(a)(10)(A) or (E)

Subject to subsection (g) of this section, the State plan shall provide that in the case of individuals described in subparagraph (A) or (E)(i) of section 1396a(a)(10) of this title who are eligible under the plan—

(1) no enrollment fee, premium, or similar charge will be imposed under the plan (except for a premium imposed under subsection (c) of this section);

(2) no deduction, cost sharing or similar charge will be imposed under the plan with respect to—

(A) services furnished to individuals under 18 years of age (and, at the option of the State, individuals under 21, 20, or 19 years of age, or any reasonable category of individuals 18 years of age or over),

(B) services furnished to pregnant women, if such services relate to the pregnancy or to any other medical condition which may complicate the pregnancy (or, at the option of the State, any services furnished to pregnant women),

(C) services furnished to any individual who is an inpatient in a hospital, nursing facility, intermediate care facility for the mentally retarded, or other medical institution, if such individual is required, as a condition of receiving services in such institution under the State plan, to spend for costs of medical care all but a minimal amount of his income required for personal needs.

(b) Imposition of certain charges under plan in case of individuals other than those described in section 1396a(a)(10)(A) or (E)

The State plan shall provide that in the case of individuals other than those described in subparagraph (A) or (E) of section 1396a(a)(10) of this title who are eligible under the plan—

(1) there may be imposed an enrollment fee, premium, or similar charge, which (as determined in accordance with standards prescribed by the Secretary) is related to the individual’s income,

(2) no deduction, cost sharing, or similar charge will be imposed under the plan with respect to—

(B) services furnished to pregnant women, if such services relate to the pregnancy or to any other medical condition which may complicate the pregnancy (or, at the option of the State, any services furnished to pregnant women),

(C) services furnished to any individual who is an inpatient in a hospital, nursing facility, intermediate care facility for the mentally retarded, or other medical institution, if such individual is required, as a condition of receiving services in such institution under the State plan, to spend for costs of medical care all but a minimal amount of his income required for personal needs,

(D) emergency services (as defined by the Secretary), family planning services and supplies described in section 1396d(a)(4)(C) of this title, or

(E) services furnished to an individual who is receiving hospice care (as defined in section 1396d(o) of this title); and

(3) any deduction, cost sharing, or similar charge imposed under the plan with respect to other such individuals or other care and services will be nominal in amount (as determined by the Secretary in regulations which shall, if the definition of "nominal" under the regulations in effect on July 1, 1982 is changed, take into account the level of cash assistance provided in such State and such other criteria as the Secretary determines to be appropriate); except that a deduction, cost-sharing, or similar charge of up to twice the nominal amount established for outpatient services may be imposed by a State under a waiver granted by the Secretary for services received at a hospital emergency room if the services are not emergency services (referred to in paragraph (2)(D)) and the State has established to the satisfaction of the Secretary that individuals eligible for services under the plan have actually available and accessible to them alternative sources of nonemergency, outpatient services.

(c) Imposition of monthly premium; persons affected; amount; prepayment; failure to pay; use of funds from other programs

(1) The State plan of a State may at the option of the State provide for imposing a monthly premium (in an amount that does not exceed the limit established under paragraph (2)) with respect to an individual described in subparagraph (A) or (B) of section 1396a(l)(1) of this title who is receiving medical assistance on the basis of section 1396a(a)(10)(A)(ii)(IX) of this title and whose family income (as determined in accordance with the methodology specified in section 1396a(l)(3) of this title) equals or exceeds 150 percent of the income official poverty line (as defined by the Office of Management and Budget, and revised annually in accordance with section 9902(2) of this title) applicable to a family of the size involved.

(2) In no case may the amount of any premium imposed under paragraph (1) exceed 10 percent of the amount by which the family income (less expenses for the care of a dependent child) of an individual exceeds 150 percent of the line described in paragraph (1).

(3) A State shall not require prepayment of a premium imposed pursuant to paragraph (1) and shall not terminate eligibility of an individual for medical assistance under this subchapter on the basis of failure to pay any such premium until such failure continues for a period of not less than 60 days. The State may waive payment of any such premium in any case where the State determines that requiring such payment would create an undue hardship.

(4) A State may permit State or local funds available under other programs to be used for payment of a premium imposed under paragraph (1). Payment of a premium with such funds shall not be counted as income to the individual with respect to whom such payment is made.

(d) Premiums for qualified disabled and working individuals described in section 1396d(s)

With respect to a qualified disabled and working individual described in section 1396d(s) of this title whose income (as determined under paragraph (3) of that section) exceeds 150 percent of the official poverty line referred to in that paragraph, the State plan of a State may provide for the charging of a premium (expressed as a percentage of the medicare cost-sharing described in section 1396d(p)(3)(A)(i) of this title provided with respect to the individual) according to a sliding scale under which such percentage increases from 0 percent to 100 percent, in reasonable increments (as determined by the Secretary), as the individual's income increases from 150 percent of such poverty line to 200 percent of such poverty line.

(e) Prohibition of denial of services on basis of individual's inability to pay certain charges

The State plan shall require that no provider participating under the State plan may deny care or services to an individual eligible for such care or services under the plan on account of such individual's inability to pay a deduction, cost sharing, or similar charge. The requirements of this subsection shall not extinguish the liability of the individual to whom the care or services were furnished for payment of the deduction, cost sharing, or similar charge.

(f) Charges imposed under waiver authority of Secretary

No deduction, cost sharing, or similar charge may be imposed under any waiver authority of the Secretary, except as provided in subsections (a)(3) and (b)(3) of this section, unless such waiver is for a demonstration project which the Secretary finds after public notice and opportunity for comment—

(1) will test a unique and previously untested use of copayments,

(2) is limited to a period of not more than two years,

(3) will provide benefits to recipients of medical assistance which can reasonably be expected to be equivalent to the risks to the recipients,

(4) is based on a reasonable hypothesis which the demonstration is designed to test in a methodologically sound manner, including the use of control groups of similar recipients of medical assistance in the area, and

(5) is voluntary, or makes provision for assumption of liability for preventable damage

to the health of recipients of medical assistance resulting from involuntary participation.

(g) Individuals provided medical assistance under section 1396a(a)(10)(A)(ii)(XV) or (XVI)

With respect to individuals provided medical assistance only under subclause (XV) or (XVI) of section 1396a(a)(10)(A)(ii) of this title—

(1) a State may (in a uniform manner for individuals described in either such subclause)—

(A) require such individuals to pay premiums or other cost-sharing charges set on a sliding scale based on income that the State may determine; and

(B) require payment of 100 percent of such premiums for such year in the case of such an individual who has income for a year that exceeds 250 percent of the income official poverty line (referred to in subsection (c)(1) of this section) applicable to a family of the size involved, except that in the case of such an individual who has income for a year that does not exceed 450 percent of such poverty line, such requirement may only apply to the extent such premiums do not exceed 7.5 percent of such income; and

(2) such State shall require payment of 100 percent of such premiums for a year by such an individual whose adjusted gross income (as defined in section 62 of the Internal Revenue Code of 1986) for such year exceeds \$75,000, except that a State may choose to subsidize such premiums by using State funds which may not be federally matched under this subchapter.

In the case of any calendar year beginning after 2000, the dollar amount specified in paragraph (2) shall be increased in accordance with the provisions of section 415(i)(2)(A)(ii) of this title.

§ 1396p. Liens, adjustments and recoveries, and transfers of assets

(a) Imposition of lien against property of an individual on account of medical assistance rendered to him under a State plan

(1) No lien may be imposed against the property of any individual prior to his death on account of medical assistance paid or to be paid on his behalf under the State plan, except—

(B) in the case of the real property of an individual—

(i) who is an inpatient in a nursing facility, intermediate care facility for the mentally retarded, or other medical institution, if such individual is required, as a condition of receiving services in such institution under the State plan, to spend for costs of medical care all but a minimal amount of his income required for personal needs, and

(ii) with respect to whom the State determines, after notice and opportunity for a hearing (in accordance with procedures established by the State), that he cannot reasonably be expected to be discharged from the medical institution and to return home,

except as provided in paragraph (2).

(2) No lien may be imposed under paragraph (1)(B) on such individual's home if—

(A) the spouse of such individual,

(B) such individual's child who is under age 21, or (with respect to States eligible to participate in the State program established under subchapter XVI of this chapter) is blind or permanently and totally disabled, or (with respect to States which are not eligible to participate in such program) is blind or disabled as defined in section 1382c of this title, or

(C) a sibling of such individual (who has an equity interest in such home and who was residing in such individual's home for a period of at least one year immediately before the date of the individual's admission to the medical institution),

(3) Any lien imposed with respect to an individual pursuant to paragraph (1)(B) shall dissolve upon that individual's discharge from the medical institution and return home.

(b) Adjustment or recovery of medical assistance correctly paid under a State plan

(1) No adjustment or recovery of any medical assistance correctly paid on behalf of an individual under the State plan may be made, except that the State shall seek adjustment or recovery of any medical assistance correctly paid on behalf of an individual under the State plan in the case of the following individuals:

(A) In the case of an individual described in subsection (a)(1)(B) of this section, the State shall seek adjustment or recovery from the individual's estate or upon sale of the property subject to a lien imposed on account of medical assistance paid on behalf of the individual.

(B) In the case of an individual who was 55 years of age or older when the individual received such medical assistance, the State shall seek adjustment or recovery from the individual's estate, but only for medical assistance consisting of—

(i) nursing facility services, home and community-based services, and related hospital and prescription drug services, or

(ii) at the option of the State, any items or services under the State plan.

(C)(i) In the case of an individual who has received (or is entitled to receive) benefits under a long-term care insurance policy in connection with which assets or resources are disregarded in the manner described in clause (ii), except as provided in such clause, the State shall seek adjustment or recovery from the individual's estate on account of medical assistance paid on behalf of the individual for nursing facility and other long-term care services.

(ii) Clause (i) shall not apply in the case of an individual who received medical assistance under a State plan of a State which had a

State plan amendment approved as of May 14, 1993, which provided for the disregard of any assets or resources—

- (I) to the extent that payments are made under a long-term care insurance policy; or
- (II) because an individual has received (or is entitled to receive) benefits under a long-term care insurance policy.

(2) Any adjustment or recovery under paragraph (1) may be made only after the death of the individual's surviving spouse, if any, and only at a time—

(A) when he has no surviving child who is under age 21, or (with respect to States eligible to participate in the State program established under subchapter XVI of this chapter) is blind or permanently and totally disabled, or (with respect to States which are not eligible to participate in such program) is blind or disabled as defined in section 1382c of this title; and

(ii) no son or daughter of the individual (who was residing in the individual's home for a period of at least two years immediately before the date of the individual's admission to the medical institution, and who establishes to the satisfaction of the State that he or she provided care to such individual which permitted such individual to reside at home rather than in an institution),

is lawfully residing in such home who has lawfully resided in such home on a continuous basis since the date of the individual's admission to the medical institution.

(3) The State agency shall establish procedures (in accordance with standards specified by the Secretary) under which the agency shall waive the application of this subsection (other than paragraph (1)(C)) if such application would work an undue hardship as determined on the basis of criteria established by the Secretary.

(4) For purposes of this subsection, the term "estate", with respect to a deceased individual—

(A) shall include all real and personal property and other assets included within the individual's estate, as defined for purposes of State probate law; and

(c) Taking into account certain transfers of assets

(1)(A) In order to meet the requirements of this subsection for purposes of section

1396a(a)(18) of this title, the State plan must provide that if an institutionalized individual or the spouse of such an individual (or, at the option of a State, a noninstitutionalized individual or the spouse of such an individual) disposes of assets for less than fair market value on or after the look-back date specified in subparagraph (B)(i), the individual is ineligible for medical assistance for services described in subparagraph (C)(i) (or, in the case of a noninstitutionalized individual, for the services described in subparagraph (C)(ii)) during the period beginning on the date specified in subparagraph (D) and equal to the number of months specified in subparagraph (E).

(B)(i) The look-back date specified in this subparagraph is a date that is 36 months (or, in the case of payments from a trust or portions of a trust that are treated as assets disposed of by the individual pursuant to paragraph (3)(A)(iii) or (3)(B)(ii) of subsection (d) of this section, 60 months) before the date specified in clause (ii).

(ii) The date specified in this clause, with respect to—

(I) an institutionalized individual is the first date as of which the individual both is an institutionalized individual and has applied for medical assistance under the State plan, or

(II) a noninstitutionalized individual is the date on which the individual applies for medical assistance under the State plan or, if later, the date on which the individual disposes of assets for less than fair market value.

(C)(i) The services described in this subparagraph with respect to an institutionalized individual are the following:

(I) Nursing facility services.

(II) A level of care in any institution equivalent to that of nursing facility services.

(D) The date specified in this subparagraph is the first day of the first month during or after which assets have been transferred for less than fair market value and which does not occur in any other periods of ineligibility under this subsection.

(E)(i) With respect to an institutionalized individual, the number of months of ineligibility under this subparagraph for an individual shall be equal to—

(I) the total, cumulative uncompensated value of all assets transferred by the individual (or individual's spouse) on or after the look-back date specified in subparagraph (B)(i), divided by

(II) the average monthly cost to a private patient of nursing facility services in the State (or, at the option of the State, in the community in which the individual is institutionalized) at the time of application.

(ii) With respect to a noninstitutionalized individual, the number of months of ineligibility under this subparagraph for an individual shall not be greater than a number equal to—

(I) the total, cumulative uncompensated value of all assets transferred by the individual (or individual's spouse) on or after the look-back date specified in subparagraph (B)(i), divided by

(II) the average monthly cost to a private patient of nursing facility services in the State (or, at the option of the State, in the community in which the individual is institutionalized) at the time of application.

(iii) The number of months of ineligibility otherwise determined under clause (i) or (ii) with respect to the disposal of an asset shall be reduced—

(I) in the case of periods of ineligibility determined under clause (i), by the number of months of ineligibility applicable to the individual under clause (ii) as a result of such disposal, and

(II) in the case of periods of ineligibility determined under clause (ii), by the number of months of ineligibility applicable to the individual under clause (i) as a result of such disposal.

(2) An individual shall not be ineligible for medical assistance by reason of paragraph (1) to the extent that—

(A) the assets transferred were a home and title to the home was transferred to—

(i) the spouse of such individual;

(ii) a child of such individual who (I) is under age 21, or (II) (with respect to States eligible to participate in the State program established under subchapter XVI of this chapter) is blind or permanently and totally disabled, or (with respect to States which are not eligible to participate in such program) is blind or disabled as defined in section 1382c of this title;

(iii) a sibling of such individual who has an equity interest in such home and who was residing in such individual's home for a period of at least one year immediately before the date the individual becomes an institutionalized individual; or

(iv) a son or daughter of such individual (other than a child described in clause (ii)) who was residing in such individual's home for a period of at least two years immediately before the date the individual becomes an institutionalized individual, and who (as determined by the State) provided care to such individual which permitted such individual to reside at home rather than in such an institution or facility;

(B) the assets—

(i) were transferred to the individual's spouse or to another for the sole benefit of the individual's spouse,

(ii) were transferred from the individual's spouse to another for the sole benefit of the individual's spouse,

(iii) were transferred to, or to a trust (including a trust described in subsection (d)(4) of this section) established solely for the benefit of, the individual's child described in subparagraph (A)(ii)(II), or

(iv) were transferred to a trust (including a trust described in subsection (d)(4) of this section) established solely for the benefit of an individual under 65 years of age who is disabled (as defined in section 1382c(a)(3) of this title);

(C) a satisfactory showing is made to the State (in accordance with regulations promulgated by the Secretary) that (i) the individual intended to dispose of the assets either at fair market value, or for other valuable consideration, (ii) the assets were transferred exclusively for a purpose other than to qualify for medical assistance, or (iii) all assets transferred for less than fair market value have been returned to the individual; or

(D) the State determines, under procedures established by the State (in accordance with standards specified by the Secretary), that the denial of eligibility would work an undue hardship as determined on the basis of criteria established by the Secretary;¹

(3) For purposes of this subsection, in the case of an asset held by an individual in common with another person or persons in a joint tenancy, tenancy in common, or similar arrangement, the asset (or the affected portion of such asset) shall be considered to be transferred by such individual when any action is taken, either by such individual or by any other person, that reduces or eliminates such individual's ownership or control of such asset.

(4) A State (including a State which has elected treatment under section 1396a(f) of this title) may not provide for any period of ineligibility for an individual due to transfer of resources for less than fair market value except in accordance with this subsection. In the case of a transfer by the spouse of an individual which results in a period of ineligibility for medical assistance under a State plan for such individual, a State shall, using a reasonable methodology (as specified by the Secretary), apportion such period of ineligibility (or any portion of such period) among the individual and the individual's spouse if the spouse otherwise becomes eligible for medical assistance under the State plan.

(5) In this subsection, the term "resources" has the meaning given such term in section 1382b of this title, without regard to the exclusion described in subsection (a)(1) thereof.

(d) Treatment of trust amounts

(1) For purposes of determining an individual's eligibility for, or amount of, benefits under a State plan under this subchapter, subject to paragraph (4), the rules specified in paragraph (3) shall apply to a trust established by such individual.

(2)(A) For purposes of this subsection, an individual shall be considered to have established a trust if assets of the individual were used to form all or part of the corpus of the trust and if any of the following individuals established such trust other than by will:

(B) In the case of a trust the corpus of which includes assets of an individual (as determined under subparagraph (A)) and assets of any other person or persons, the provisions of this subsection shall apply to the portion of the trust attributable to the assets of the individual.

(C) Subject to paragraph (4), this subsection shall apply without regard to—

(i) the purposes for which a trust is established,

(ii) whether the trustees have or exercise any discretion under the trust,

(iii) any restrictions on when or whether distributions may be made from the trust, or

(iv) any restrictions on the use of distributions from the trust.

(3)(A) In the case of a revocable trust—

(i) the corpus of the trust shall be considered resources available to the individual,

(ii) payments from the trust to or for the benefit of the individual shall be considered income of the individual, and

(iii) any other payments from the trust shall be considered assets disposed of by the individual for purposes of subsection (c) of this section.

(B) In the case of an irrevocable trust—

(i) if there are any circumstances under which payment from the trust could be made to or for the benefit of the individual, the portion of the corpus from which, or the income on the corpus from which, payment to the individual could be made shall be considered resources available to the individual, and payments from that portion of the corpus or income—

(I) to or for the benefit of the individual, shall be considered income of the individual, and

(II) for any other purpose, shall be considered a transfer of assets by the individual subject to subsection (c) of this section; and

(ii) any portion of the trust from which, or any income on the corpus from which, no payment could under any circumstances be made to the individual shall be considered, as of the date of establishment of the trust (or, if later, the date on which payment to the individual was foreclosed) to be assets disposed of by the individual for purposes of subsection (c) of this section, and the value of the trust shall be determined for purposes of such subsection by including the amount of any payments made from such portion of the trust after such date.

(4) This subsection shall not apply to any of the following trusts:

(A) A trust containing the assets of an individual under age 65 who is disabled (as defined in section 1382c(a)(3) of this title) and which is established for the benefit of such individual by a parent, grandparent, legal guardian of the individual, or a court if the State will receive all amounts remaining in the trust upon the

death of such individual up to an amount equal to the total medical assistance paid on behalf of the individual under a State plan under this subchapter.

(B) A trust established in a State for the benefit of an individual if—

(i) the trust is composed only of pension, Social Security, and other income to the individual (and accumulated income in the trust),

(ii) the State will receive all amounts remaining in the trust upon the death of such individual up to an amount equal to the total medical assistance paid on behalf of the individual under a State plan under this subchapter; and

(iii) the State makes medical assistance available to individuals described in section 1396a(a)(10)(A)(ii)(V) of this title, but does not make such assistance available to individuals for nursing facility services under section 1396a(a)(10)(C) of this title.

(C) A trust containing the assets of an individual who is disabled (as defined in section 1382c(a)(3) of this title) that meets the following conditions:

(i) The trust is established and managed by a non-profit association.

(iii) Accounts in the trust are established solely for the benefit of individuals who are disabled (as defined in section 1382c(a)(3) of this title) by the parent, grandparent, or legal guardian of such individuals, by such individuals, or by a court.

(iv) To the extent that amounts remaining in the beneficiary's account upon the death of the beneficiary are not retained by the trust, the trust pays to the State from such remaining amounts in the account an amount equal to the total amount of medical assistance paid on behalf of the beneficiary under the State plan under this subchapter.

(5) The State agency shall establish procedures (in accordance with standards specified by the Secretary) under which the agency waives the application of this subsection with respect to an individual if the individual establishes that such application would work an undue hardship on the individual as determined on the basis of criteria established by the Secretary.

(6) The term "trust" includes any legal instrument or device that is similar to a trust but includes an annuity only to such extent and in such manner as the Secretary specifies.

(e) Definitions

In this section, the following definitions shall apply:

(1) The term "assets", with respect to an individual, includes all income and resources of the individual and of the individual's spouse, including any income or resources which the individual or such individual's spouse is entitled to but does not receive because of action—

§ 1396r. Requirements for nursing facilities

(a) "Nursing facility" defined

In this subchapter, the term "nursing facility" means an institution (or a distinct part of an institution) which—

(1) is primarily engaged in providing to residents—

(A) skilled nursing care and related services for residents who require medical or nursing care,

(B) rehabilitation services for the rehabilitation of injured, disabled, or sick persons, or

(C) on a regular basis, health-related care and services to individuals who because of their mental or physical condition require care and services (above the level of room and board) which can be made available to them only through institutional facilities,

and is not primarily for the care and treatment of mental diseases;

(2) has in effect a transfer agreement (meeting the requirements of section 1395x(l) of this title) with one or more hospitals having agreements in effect under section 1395cc of this title; and

(3) meets the requirements for a nursing facility described in subsections (b), (c), and (d) of this section.

Such term also includes any facility which is located in a State on an Indian reservation and is certified by the Secretary as meeting the requirements of paragraph (1) and subsections (b), (c), and (d) of this section.

(b) Requirements relating to provision of services

(1) Quality of life

(A) In general

A nursing facility must care for its residents in such a manner and in such an environment as will promote maintenance or enhancement of the quality of life of each resident.

(B) Quality assessment and assurance

A nursing facility must maintain a quality assessment and assurance committee, consisting of the director of nursing services, a physician designated by the facility, and at least 3 other members of the facility's staff, which (i) meets at least quarterly to identify issues with respect to which quality assessment and assurance activities are necessary and (ii) develops and implements appropriate plans of action to correct identified quality deficiencies. A State or the Secretary may not require disclosure of the records of such committee except insofar as such disclosure is related to the compliance of such committee with the requirements of this subparagraph.

(2) Scope of services and activities under plan of care

A nursing facility must provide services and activities to attain or maintain the highest practicable physical, mental, and psychosocial well-being of each resident in accordance with a written plan of care which—

(A) describes the medical, nursing, and psychosocial needs of the resident and how such needs will be met;

(B) is initially prepared, with the participation to the extent practicable of the resident or the resident's family or legal representative, by a team which includes the resident's attending physician and a registered professional nurse with responsibility for the resident; and

(C) is periodically reviewed and revised by such team after each assessment under paragraph (3).

(3) Residents' assessment

(A) Requirement

A nursing facility must conduct a comprehensive, accurate, standardized, reproducible assessment of each resident's functional capacity, which assessment—

(i) describes the resident's capability to perform daily life functions and significant impairments in functional capacity;

(ii) is based on a uniform minimum data set specified by the Secretary under subsection (f)(6)(A) of this section;

(iii) uses an instrument which is specified by the State under subsection (e)(5) of this section; and

(iv) includes the identification of medical problems.

(B) Certification

(i) In general

Each such assessment must be conducted or coordinated (with the appropriate participation of health professionals) by a registered professional nurse who signs and certifies the completion of the assessment. Each individual who completes a portion of such an assessment shall sign and certify as to the accuracy of that portion of the assessment.

(ii) Penalty for falsification

(I) An individual who willfully and knowingly certifies under clause (i) a material and false statement in a resident assessment is subject to a civil money penalty of not more than \$1,000 with respect to each assessment.

(II) An individual who willfully and knowingly causes another individual to certify under clause (i) a material and false statement in a resident assessment is subject to a civil money penalty of not more than \$5,000 with respect to each assessment.

(III) The provisions of section 1320a-7a of this title (other than subsections (a) and (b)) shall apply to a civil money penalty under this clause in the same manner as such provisions apply to a penalty or proceeding under section 1320a-7a(a) of this title.

(iii) Use of independent assessors

If a State determines, under a survey under subsection (g) of this section or otherwise, that there has been a knowing and willful certification of false assessments under this paragraph, the State may require (for a period specified by the State) that resident assessments under this paragraph be conducted and certified by individuals who are independent of the facility and who are approved by the State.

(C) Frequency

(i) In general

Such an assessment must be conducted—

(I) promptly upon (but no later than 14 days after the date of) admission for each individual admitted on or after October 1, 1990, and by not later than October 1, 1991, for each resident of the facility on that date;

(II) promptly after a significant change in the resident's physical or mental condition; and

(III) in no case less often than once every 12 months.

(ii) Resident review

The nursing facility must examine each resident no less frequently than once every 3 months and, as appropriate, revise the resident's assessment to assure the continuing accuracy of the assessment.

(D) Use

The results of such an assessment shall be used in developing, reviewing, and revising the resident's plan of care under paragraph (2).

(E) Coordination

Such assessments shall be coordinated with any State-required preadmission screening program to the maximum extent practicable in order to avoid duplicative testing and effort. In addition, a nursing facility shall notify the State mental health authority or State mental retardation or developmental disability authority, as applicable, promptly after a significant change in the physical or mental condition of a resident who is mentally ill or mentally retarded.

(F) Requirements relating to preadmission screening for mentally ill and mentally retarded individuals

Except as provided in clauses (ii) and (iii) of subsection (e)(7)(A) of this section, a nursing facility must not admit, on or after January 1, 1989, any new resident who—

(i) is mentally ill (as defined in subsection (e)(7)(G)(i) of this section) unless the State mental health authority has determined (based on an independent physical and mental evaluation performed by a person or entity other than the State mental health authority) prior to admission that, because of the physical and mental condition of the individual, the individual requires the level of services provided by a nursing facility, and, if the individual requires such level of services, whether the individual requires specialized services for mental illness, or

(ii) is mentally retarded (as defined in subsection (e)(7)(G)(ii) of this section) unless the State mental retardation or developmental disability authority has determined prior to admission that, because of the physical and mental condition of the individual, the individual requires the level of services provided by a nursing facility, and, if the individual requires such level of services, whether the individual requires specialized services for mental retardation.

A State mental health authority and a State mental retardation or developmental disability authority may not delegate (by subcontract or otherwise) their responsibilities under this subparagraph to a nursing facility (or to an entity that has a direct or indirect affiliation or relationship with such a facility).

(4) Provision of services and activities

(A) In general

To the extent needed to fulfill all plans of care described in paragraph (2), a nursing facility must provide (or arrange for the provision of)—

(i) nursing and related services and specialized rehabilitative services to attain or maintain the highest practicable physical, mental, and psychosocial well-being of each resident;

(ii) medically-related social services to attain or maintain the highest practicable physical, mental, and psychosocial well-being of each resident;

(iii) pharmaceutical services (including procedures that assure the accurate acquiring, receiving, dispensing, and administering of all drugs and biologicals) to meet the needs of each resident;

(iv) dietary services that assure that the meals meet the daily nutritional and special dietary needs of each resident;

(v) an on-going program, directed by a qualified professional, of activities designed to meet the interests and the physical, mental, and psychosocial well-being of each resident;

(vi) routine dental services (to the extent covered under the State plan) and emergency dental services to meet the needs of each resident; and

(vii) treatment and services required by mentally ill and mentally retarded residents not otherwise provided or arranged for (or required to be provided or arranged for) by the State.

The services provided or arranged by the facility must meet professional standards of quality.

(B) Qualified persons providing services

Services described in clauses (i), (ii), (iii), (iv), and (vi) of subparagraph (A) must be provided by qualified persons in accordance with each resident's written plan of care.

(C) Required nursing care; facility waivers

(i) General requirements

With respect to nursing facility services provided on or after October 1, 1990, a nursing facility—

(I) except as provided in clause (ii), must provide 24-hour licensed nursing services which are sufficient to meet the nursing needs of its residents, and

(II) except as provided in clause (ii), must use the services of a registered professional nurse for at least 8 consecutive hours a day, 7 days a week.

(ii) Waiver by State

To the extent that a facility is unable to meet the requirements of clause (i), a

State may waive such requirements with respect to the facility if—

(I) the facility demonstrates to the satisfaction of the State that the facility has been unable, despite diligent efforts (including offering wages at the community prevailing rate for nursing facilities), to recruit appropriate personnel,

(II) the State determines that a waiver of the requirement will not endanger the health or safety of individuals staying in the facility,

(III) the State finds that, for any such periods in which licensed nursing services are not available, a registered professional nurse or a physician is obligated to respond immediately to telephone calls from the facility,

(IV) the State agency granting a waiver of such requirements provides notice of the waiver to the State long-term care ombudsman (established under section 307(a)(12)¹ of the Older Americans Act of 1965) and the protection and advocacy system in the State for the mentally ill and the mentally retarded, and

(V) the nursing facility that is granted such a waiver by a State notifies residents of the facility (or, where appropriate, the guardians or legal representatives of such residents) and members of their immediate families of the waiver.

A waiver under this clause shall be subject to annual review and to the review of the Secretary and subject to clause (iii) shall be accepted by the Secretary for purposes of this subchapter to the same extent as is the State's certification of the facility. In granting or renewing a waiver, a State may require the facility to use other qualified, licensed personnel.

(iii) Assumption of waiver authority by Secretary

If the Secretary determines that a State has shown a clear pattern and practice of allowing waivers in the absence of diligent efforts by facilities to meet the staffing requirements, the Secretary shall assume and exercise the authority of the State to grant waivers.

(5) Required training of nurse aides

(A) In general

(i) Except as provided in clause (ii), a nursing facility must not use on a full-time basis any individual as a nurse aide in the facility on or after October 1, 1990, for more than 4 months unless the individual—

(I) has completed a training and competency evaluation program, or a competency evaluation program, approved by the State under subsection (e)(1)(A) of this section, and

(II) is competent to provide nursing or nursing-related services.

(ii) A nursing facility must not use on a temporary, per diem, leased, or on any other

¹ See References in Text note below.

basis other than as a permanent employee any individual as a nurse aide in the facility on or after January 1, 1991, unless the individual meets the requirements described in clause (i).

(B) Offering competency evaluation programs for current employees

A nursing facility must provide, for individuals used as a nurse aide by the facility as of January 1, 1990, for a competency evaluation program approved by the State under subsection (e)(1) of this section and such preparation as may be necessary for the individual to complete such a program by October 1, 1990.

(C) Competency

The nursing facility must not permit an individual, other than in a training and competency evaluation program approved by the State, to serve as a nurse aide or provide services of a type for which the individual has not demonstrated competency and must not use such an individual as a nurse aide unless the facility has inquired of any State registry established under subsection (e)(2)(A) of this section that the facility believes will include information concerning the individual.

(D) Re-training required

For purposes of subparagraph (A), if, since an individual's most recent completion of a training and competency evaluation program, there has been a continuous period of 24 consecutive months during none of which the individual performed nursing or nursing-related services for monetary compensation, such individual shall complete a new training and competency evaluation program, or a new competency evaluation program.

(E) Regular in-service education

The nursing facility must provide such regular performance review and regular in-service education as assures that individuals used as nurse aides are competent to perform services as nurse aides, including training for individuals providing nursing and nursing-related services to residents with cognitive impairments.

(F) "Nurse aide" defined

In this paragraph, the term "nurse aide" means any individual providing nursing or nursing-related services to residents in a nursing facility, but does not include an individual—

- (i) who is a licensed health professional (as defined in subparagraph (G)) or a registered dietician, or
- (ii) who volunteers to provide such services without monetary compensation.

(G) Licensed health professional defined

In this paragraph, the term "licensed health professional" means a physician, physician assistant, nurse practitioner, physical, speech, or occupational therapist, physical or occupational therapy assistant, registered professional nurse, licensed practical nurse, or licensed or certified social worker.

(6) Physician supervision and clinical records

A nursing facility must—

(A) require that the health care of every resident be provided under the supervision of a physician (or, at the option of a State, under the supervision of a nurse practitioner, clinical nurse specialist, or physician assistant who is not an employee of the facility but who is working in collaboration with a physician);

(B) provide for having a physician available to furnish necessary medical care in case of emergency; and

(C) maintain clinical records on all residents, which records include the plans of care (described in paragraph (2)) and the residents' assessments (described in paragraph (3)), as well as the results of any pre-admission screening conducted under subsection (e)(7) of this section.

(7) Required social services

In the case of a nursing facility with more than 120 beds, the facility must have at least one social worker (with at least a bachelor's degree in social work or similar professional qualifications) employed full-time to provide or assure the provision of social services.

(c) Requirements relating to residents' rights

(1) General rights

(A) Specified rights

A nursing facility must protect and promote the rights of each resident, including each of the following rights:

(i) Free choice

The right to choose a personal attending physician, to be fully informed in advance about care and treatment, to be fully informed in advance of any changes in care or treatment that may affect the resident's well-being, and (except with respect to a resident adjudged incompetent) to participate in planning care and treatment or changes in care and treatment.

(ii) Free from restraints

The right to be free from physical or mental abuse, corporal punishment, involuntary seclusion, and any physical or chemical restraints imposed for purposes of discipline or convenience and not required to treat the resident's medical symptoms. Restraints may only be imposed—

(I) to ensure the physical safety of the resident or other residents, and

(II) only upon the written order of a physician that specifies the duration and circumstances under which the restraints are to be used (except in emergency circumstances specified by the Secretary until such an order could reasonably be obtained).

(iii) Privacy

The right to privacy with regard to accommodations, medical treatment, written and telephonic communications, visits, and meetings of family and of resident groups.

(iv) Confidentiality

The right to confidentiality of personal and clinical records and to access to current clinical records of the resident upon request by the resident or the resident's legal representative, within 24 hours (excluding hours occurring during a weekend or holiday) after making such a request.

(v) Accommodation of needs

The right—

(I) to reside and receive services with reasonable accommodation of individual needs and preferences, except where the health or safety of the individual or other residents would be endangered, and

(II) to receive notice before the room or roommate of the resident in the facility is changed.

(vi) Grievances

(xi) Other rights

Any other right established by the Secretary.

Clause (iii) shall not be construed as requiring the provision of a private room. A resident's exercise of a right to refuse transfer under clause (x) shall not affect the resident's eligibility or entitlement to medical assistance under this subchapter or a State's entitlement to Federal medical assistance under this subchapter with respect to services furnished to such a resident.

(B) Notice of rights

A nursing facility must—

(i) inform each resident, orally and in writing at the time of admission to the facility, of the resident's legal rights during the stay at the facility and of the requirements and procedures for establishing eligibility for medical assistance under this subchapter, including the right to request an assessment under section 1396r-5(c)(1)(B) of this title;

(D) Use of psychopharmacologic drugs

Psychopharmacologic drugs may be administered only on the orders of a physician and only as part of a plan (included in the

written plan of care described in paragraph (2) designed to eliminate or modify the symptoms for which the drugs are prescribed and only if, at least annually an independent, external consultant reviews the appropriateness of the drug plan of each resident receiving such drugs.

(2) Transfer and discharge rights

(A) In general

A nursing facility must permit each resident to remain in the facility and must not transfer or discharge the resident from the facility unless—

- (i) the transfer or discharge is necessary to meet the resident's welfare and the resident's welfare cannot be met in the facility;
- (ii) the transfer or discharge is appropriate because the resident's health has improved sufficiently so the resident no longer needs the services provided by the facility;
- (iii) the safety of individuals in the facility is endangered;
- (iv) the health of individuals in the facility would otherwise be endangered;
- (v) the resident has failed, after reasonable and appropriate notice, to pay (or to have paid under this subchapter or subchapter XVIII of this chapter on the resident's behalf) for a stay at the facility; or
- (vi) the facility ceases to operate.

In each of the cases described in clauses (i) through (iv), the basis for the transfer or discharge must be documented in the resident's clinical record. In the cases described in clauses (i) and (ii), the documentation must be made by the resident's physician, and in the case described in clause (iv) the documentation must be made by a physician. For purposes of clause (v), in the case of a resident who becomes eligible for assistance under this subchapter after admission to the facility, only charges which may be imposed under this subchapter shall be considered to be allowable.

(B) Pre-transfer and pre-discharge notice

- (II) in a case described in clause (ii) of subparagraph (A), where the resident's

health improves sufficiently to allow a more immediate transfer or discharge;

(III) in a case described in clause (i) of subparagraph (A), where a more immediate transfer or discharge is necessitated by the resident's urgent medical needs; or

(IV) in a case where a resident has not resided in the facility for 30 days.

In the case of such exceptions, notice must be given as many days before the date of the transfer or discharge as is practicable.

(iii) Items included in notice

Each notice under clause (i) must include—

(I) for transfers or discharges effected on or after October 1, 1989, notice of the resident's right to appeal the transfer or discharge under the State process established under subsection (e)(3) of this section;

(i) In general

In the case of a nursing facility that voluntarily withdraws from participation in a State plan under this subchapter but continues to provide services of the type provided by nursing facilities—

(I) the facility's voluntary withdrawal from participation is not an acceptable basis for the transfer or discharge of residents of the facility who were residing in the facility on the day before the effective date of the withdrawal (including those residents who were not entitled to medical assistance as of such day);

(II) the provisions of this section continue to apply to such residents until the date of their discharge from the facility; and

(III) in the case of each individual who begins residence in the facility after the effective date of such withdrawal, the facility shall provide notice orally and in a prominent manner in writing on a separate page at the time the individual begins residence of the information described in clause (ii) and shall obtain from each such individual at such time an acknowledgment of receipt of such information that is in writing, signed by the individual, and separate from other documents signed by such individual.

Nothing in this subparagraph shall be construed as affecting any requirement of a participation agreement that a nursing facility provide advance notice to the State or the Secretary, or both, of its intention to terminate the agreement.

(ii) Information for new residents

The information described in this clause for a resident is the following:

(I) The facility is not participating in the program under this subchapter with respect to that resident.

(iii) Continuation of payments and oversight authority

Notwithstanding any other provision of this subchapter, with respect to the residents described in clause (i)(I), a participation agreement of a facility described in clause (i) is deemed to continue in effect under such plan after the effective date of the facility's voluntary withdrawal from participation under the State plan for purposes of—

(I) receiving payments under the State plan for nursing facility services provided to such residents;

(II) maintaining compliance with all applicable requirements of this subchapter; and

(III) continuing to apply the survey, certification, and enforcement authority provided under subsections (g) and (h) of this section (including involuntary termination of a participation agreement deemed continued under this clause).

health, social, legal, or other services to the resident, subject to the resident's right to deny or withdraw consent at any time; and

A nursing facility must establish and maintain identical policies and practices regarding transfer, discharge, and the provision of services required under the State plan for all individuals regardless of source of payment.

Subparagraph (A) shall not be construed as prohibiting a nursing facility from charging any amount for services furnished, consistent with the notice in paragraph (1)(B) describing such charges.

(ii) No additional services required

Subparagraph (A) shall not be construed as requiring a State to offer additional services on behalf of a resident than are otherwise provided under the State plan.

(5) Admissions policy

(A) Admissions

With respect to admissions practices, a nursing facility must—

(i) not require individuals applying to reside or residing in the facility to waive their rights to benefits under this subchapter or subchapter XVIII of this chapter, (II) not require oral or written assurance that such individuals are not eligible for, or will not apply for, benefits under this subchapter or subchapter XVIII of this chapter, and (III) prominently display in the facility written information, and provide to such individuals oral and written information, about how to apply for and use such benefits and how to receive refunds for previous payments covered by such benefits;

(ii) not require a third party guarantee of payment to the facility as a condition of admission (or expedited admission) to, or continued stay in, the facility; and

(iii) in the case of an individual who is entitled to medical assistance for nursing facility services, not charge, solicit, accept, or receive, in addition to any amount otherwise required to be paid under the State plan under this subchapter, any gift, money, donation, or other consideration as a precondition of admitting (or expediting the admission of) the individual to the facility or as a requirement for the individual's continued stay in the facility.

(B) Construction

(i) No preemption of stricter standards

Subparagraph (A) shall not be construed as preventing States or political subdivi-

sions therein from prohibiting, under State or local law, the discrimination against individuals who are entitled to medical assistance under the State plan with respect to admissions practices of nursing facilities.

(ii) Contracts with legal representatives

Subparagraph (A)(ii) shall not be construed as preventing a facility from requiring an individual, who has legal access to a resident's income or resources available to pay for care in the facility, to sign a contract (without incurring personal financial liability) to provide payment from the resident's income or resources for such care.

(iii) Charges for additional services requested

Subparagraph (A)(iii) shall not be construed as preventing a facility from charging a resident, eligible for medical assistance under the State plan, for items or services the resident has requested and received and that are not specified in the State plan as included in the term "nursing facility services".

(iv) Bona fide contributions

Subparagraph (A)(iii) shall not be construed as prohibiting a nursing facility from soliciting, accepting, or receiving a charitable, religious, or philanthropic contribution from an organization or from a person unrelated to the resident (or potential resident), but only to the extent that such contribution is not a condition of admission, expediting admission, or continued stay in the facility.

(6) Protection of resident funds

(A) In general

The nursing facility—

(i) may not require residents to deposit their personal funds with the facility, and

(ii) upon the written authorization of the resident, must hold, safeguard, and account for such personal funds under a system established and maintained by the facility in accordance with this paragraph.

(B) Management of personal funds

Upon written authorization of a resident under subparagraph (A)(ii), the facility must manage and account for the personal funds of the resident deposited with the facility as follows:

(i) Deposit

The facility must deposit any amount of personal funds in excess of \$50 with respect to a resident in an interest bearing account (or accounts) that is separate from any of the facility's operating accounts and credits all interest earned on such separate account to such account. With respect to any other personal funds, the facility must maintain such funds in a non-interest bearing account or petty cash fund.

(ii) Accounting and records

The facility must assure a full and complete separate accounting of each such

resident's personal funds, maintain a written record of all financial transactions involving the personal funds of a resident deposited with the facility, and afford the resident (or a legal representative of the resident) reasonable access to such record.

(iii) Notice of certain balances

The facility must notify each resident receiving medical assistance under the State plan under this subchapter when the amount in the resident's account reaches \$200 less than the dollar amount determined under section 1382(a)(3)(B) of this title and the fact that if the amount in the account (in addition to the value of the resident's other nonexempt resources) reaches the amount determined under such section the resident may lose eligibility for such medical assistance or for benefits under subchapter XVI of this chapter.

(iv) Conveyance upon death

Upon the death of a resident with such an account, the facility must convey promptly the resident's personal funds (and a final accounting of such funds) to the individual administering the resident's estate.

(C) Assurance of financial security

The facility must purchase a surety bond, or otherwise provide assurance satisfactory to the Secretary, to assure the security of all personal funds of residents deposited with the facility.

(D) Limitation on charges to personal funds

The facility may not impose a charge against the personal funds of a resident for any item or service for which payment is made under this subchapter or subchapter XVIII of this chapter.

(7) Limitation on charges in case of medicaid-eligible individuals

(A) In general

A nursing facility may not impose charges, for certain medicaid-eligible individuals for nursing facility services covered by the State under its plan under this subchapter, that exceed the payment amounts established by the State for such services under this subchapter.

(B) "Certain medicaid-eligible individual" defined

In subparagraph (A), the term "certain medicaid-eligible individual" means an individual who is entitled to medical assistance for nursing facility services in the facility under this subchapter but with respect to whom such benefits are not being paid because, in determining the amount of the individual's income to be applied monthly to payment for the costs of such services, the amount of such income exceeds the payment amounts established by the State for such services under this subchapter.

(8) Posting of survey results

A nursing facility must post in a place readily accessible to residents, and family mem-

(d) Requirements relating to administration and other matters

(1) Administration

(A) In general

(iii) the corporation, association, or other company responsible for the management of the facility, or

(iv) the individual who is the administrator or director of nursing of the facility,

the nursing facility must provide notice to the State agency responsible for the licensing of the facility, at the time of the change, of the change and of the identity of each new person, company, or individual described in the respective clause.

(C) Nursing facility administrator

The administrator of a nursing facility must meet standards established by the Secretary under subsection (f)(4) of this section.

(2) Licensing and Life Safety Code

(A) Licensing

A nursing facility must be licensed under applicable State and local law.

(B) Life Safety Code

A nursing facility must meet such provisions of such edition (as specified by the Secretary in regulation) of the Life Safety Code of the National Fire Protection Association as are applicable to nursing homes; except that—

(i) the Secretary may waive, for such periods as he deems appropriate, specific provisions of such Code which if rigidly applied would result in unreasonable hardship upon a facility, but only if such waiver would not adversely affect the health and safety of residents or personnel, and

(ii) the provisions of such Code shall not apply in any State if the Secretary finds that in such State there is in effect a fire and safety code, imposed by State law, which adequately protects residents of and personnel in nursing facilities.

(3) Sanitary and infection control and physical environment

A nursing facility must—

(A) establish and maintain an infection control program designed to provide a safe, sanitary, and comfortable environment in which residents reside and to help prevent the development and transmission of disease and infection, and

(B) be designed, constructed, equipped, and maintained in a manner to protect the health and safety of residents, personnel, and the general public.

(4) Miscellaneous

(A) Compliance with Federal, State, and local laws and professional standards

A nursing facility must operate and provide services in compliance with all applicable Federal, State, and local laws and regulations (including the requirements of section 1320a-3 of this title) and with accepted professional standards and principles which apply to professionals providing services in such a facility.

(B) Other

A nursing facility must meet such other requirements relating to the health and safety of residents or relating to the physical facilities thereof as the Secretary may find necessary.

(e) State requirements relating to nursing facility requirements

As a condition of approval of its plan under this subchapter, a State must provide for the following:

(1) Specification and review of nurse aide training and competency evaluation programs and of nurse aide competency evaluation programs

The State must—

(A) by not later than January 1, 1989, specify those training and competency evaluation programs, and those competency evaluation programs, that the State approves for purposes of subsection (b)(5) of this section and that meet the requirements established under subsection (f)(2) of this section, and

(B) by not later than January 1, 1990, provide for the review and reapproval of such programs, at a frequency and using a methodology consistent with the requirements established under subsection (f)(2)(A)(iii) of this section.

The failure of the Secretary to establish requirements under subsection (f)(2) of this section shall not relieve any State of its responsibility under this paragraph.

(2) Nurse aide registry

(A) In general

By not later than January 1, 1989, the State shall establish and maintain a registry of all individuals who have satisfactorily completed a nurse aide training and competency evaluation program, or a nurse aide competency evaluation program, approved under paragraph (1) in the State, or any individual described in subsection (f)(2)(B)(ii) of this section or in subparagraph (B), (C), or (D) of section 6901(b)(4) of the Omnibus Budget Reconciliation Act of 1989.

(B) Information in registry

The registry under subparagraph (A) shall provide (in accordance with regulations of the Secretary) for the inclusion of specific documented findings by a State under subsection (g)(1)(C) of this section of resident neglect or abuse or misappropriation of resident property involving an individual listed in the registry, as well as any brief statement of the individual disputing the findings. The State shall make available to the public information in the registry. In the case of inquiries to the registry concerning an individual listed in the registry, any information disclosed concerning such a finding shall also include disclosure of any such statement in the registry relating to the finding or a clear and accurate summary of such a statement.

(C) Prohibition against charges

A State may not impose any charges on a nurse aide relating to the registry established and maintained under subparagraph (A).

(3) State appeals process for transfers and discharges

The State, for transfers and discharges from nursing facilities effected on or after October 1, 1989, must provide for a fair mechanism, meeting the guidelines established under subsection (f)(3) of this section, for hearing appeals on transfers and discharges of residents of such facilities; but the failure of the Secretary to establish such guidelines under such subsection shall not relieve any State of its responsibility under this paragraph.

(4) Nursing facility administrator standards

By not later than July 1, 1989, the State must have implemented and enforced the nursing facility administrator standards developed under subsection (f)(4) of this section respecting the qualification of administrators of nursing facilities.

(5) Specification of resident assessment instrument

Effective July 1, 1990, the State shall specify the instrument to be used by nursing facilities in the State in complying with the requirement of subsection (b)(3)(A)(iii) of this section. Such instrument shall be—

(A) one of the instruments designated under subsection (f)(6)(B) of this section, or

(B) an instrument which the Secretary has approved as being consistent with the minimum data set of core elements, common definitions, and utilization guidelines specified by the Secretary under subsection (f)(6)(A) of this section.

(6) Notice of medicaid rights

Each State, as a condition of approval of its plan under this subchapter, effective April 1, 1988, must develop (and periodically update) a written notice of the rights and obligations of residents of nursing facilities (and spouses of such residents) under this subchapter.

(7) State requirements for preadmission screening and resident review

(A) Preadmission screening

(i) In general

Effective January 1, 1989, the State must have in effect a preadmission screening program, for making determinations (using any criteria developed under subsection (f)(8) of this section) described in subsection (b)(3)(F) of this section for mentally ill and mentally retarded individuals (as defined in subparagraph (G)) who are admitted to nursing facilities on or after January 1, 1989. The failure of the Secretary to develop minimum criteria under subsection (f)(8) of this section shall not relieve any State of its responsibility to have a preadmission screening program under this subparagraph or to perform resident reviews under subparagraph (B).

(ii) Clarification with respect to certain readmissions

The preadmission screening program under clause (i) need not provide for determinations in the case of the readmission to a nursing facility of an individual who, after being admitted to the nursing facility, was transferred for care in a hospital.

(iii) Exception for certain hospital discharges

The preadmission screening program under clause (i) shall not apply to the admission to a nursing facility of an individual—

(I) who is admitted to the facility directly from a hospital after receiving acute inpatient care at the hospital,

(II) who requires nursing facility services for the condition for which the individual received care in the hospital, and

(III) whose attending physician has certified, before admission to the facility, that the individual is likely to require less than 30 days of nursing facility services.

(B) State requirement for resident review

(i) For mentally ill residents

As of April 1, 1990, in the case of each resident of a nursing facility who is mentally ill, the State mental health authority must review and determine (using any criteria developed under subsection (f)(8) of this section and based on an independent physical and mental evaluation performed by a person or entity other than the State mental health authority)—

(I) whether or not the resident, because of the resident's physical and mental condition, requires the level of services provided by a nursing facility or requires the level of services of an inpatient psychiatric hospital for individuals under age 21 (as described in section 1396d(h) of this title) or of an institution for mental diseases providing medical assistance to individuals 65 years of age or older; and

(II) whether or not the resident requires specialized services for mental illness.

(ii) For mentally retarded residents

As of April 1, 1990, in the case of each resident of a nursing facility who is mentally retarded, the State mental retardation or developmental disability authority must review and determine (using any criteria developed under subsection (f)(8) of this section)—

(I) whether or not the resident, because of the resident's physical and mental condition, requires the level of services provided by a nursing facility or requires the level of services of an intermediate care facility described under section 1396d(d) of this title; and

(II) whether or not the resident requires specialized services for mental retardation.

(iii) Review required upon change in resident's condition

A review and determination under clause (i) or (ii) must be conducted promptly after a nursing facility has notified the State mental health authority or State mental retardation or developmental disability authority, as applicable, under subsection (b)(3)(E) of this section with respect to a mentally ill or mentally retarded resident, that there has been a significant change in the resident's physical or mental condition.

(iv) Prohibition of delegation

A State mental health authority, a State mental retardation or developmental disability authority, and a State may not delegate (by subcontract or otherwise) their responsibilities under this subparagraph to a nursing facility (or to an entity that has a direct or indirect affiliation or relationship with such a facility).

(C) Response to preadmission screening and resident review

As of April 1, 1990, the State must meet the following requirements:

(i) Long-term residents not requiring nursing facility services, but requiring specialized services

In the case of a resident who is determined, under subparagraph (B), not to require the level of services provided by a nursing facility, but to require specialized services for mental illness or mental retardation, and who has continuously resided in a nursing facility for at least 30 months before the date of the determination, the State must, in consultation with the resident's family or legal representative and care-givers—

(I) inform the resident of the institutional and noninstitutional alternatives covered under the State plan for the resident,

(II) offer the resident the choice of remaining in the facility or of receiving covered services in an alternative appropriate institutional or noninstitutional setting,

(III) clarify the effect on eligibility for services under the State plan if the resi-

dent chooses to leave the facility (including its effect on readmission to the facility), and

(IV) regardless of the resident's choice, provide for (or arrange for the provision of) such specialized services for the mental illness or mental retardation.

A State shall not be denied payment under this subchapter for nursing facility services for a resident described in this clause because the resident does not require the level of services provided by such a facility, if the resident chooses to remain in such a facility.

(ii) Other residents not requiring nursing facility services, but requiring specialized services

In the case of a resident who is determined, under subparagraph (B), not to require the level of services provided by a nursing facility, but to require specialized services for mental illness or mental retardation, and who has not continuously resided in a nursing facility for at least 30 months before the date of the determination, the State must, in consultation with the resident's family or legal representative and care-givers—

(I) arrange for the safe and orderly discharge of the resident from the facility, consistent with the requirements of subsection (c)(2) of this section,

(II) prepare and orient the resident for such discharge, and

(III) provide for (or arrange for the provision of) such specialized services for the mental illness or mental retardation.

(iii) Residents not requiring nursing facility services and not requiring specialized services

In the case of a resident who is determined, under subparagraph (B), not to require the level of services provided by a nursing facility and not to require specialized services for mental illness or mental retardation, the State must—

(I) arrange for the safe and orderly discharge of the resident from the facility, consistent with the requirements of subsection (c)(2) of this section, and

(II) prepare and orient the resident for such discharge.

(iv) Annual report

Each State shall report to the Secretary annually concerning the number and disposition of residents described in each of clauses (ii) and (iii).

(D) Denial of payment

(i) For failure to conduct preadmission screening or review

No payment may be made under section 1396b(a) of this title with respect to nursing facility services furnished to an individual for whom a determination is required under subsection (b)(3)(F) of this section or subparagraph (B) but for whom the determination is not made.

(ii) For certain residents not requiring nursing facility level of services

No payment may be made under section 1396b(a) of this title with respect to nursing facility services furnished to an individual (other than an individual described in subparagraph (C)(i)) who does not require the level of services provided by a nursing facility.

(E) Permitting alternative disposition plans

With respect to residents of a nursing facility who are mentally retarded or mentally ill and who are determined under subparagraph (B) not to require the level of services of such a facility, but who require specialized services for mental illness or mental retardation, a State and the nursing facility shall be considered to be in compliance with the requirements of subparagraphs (A) through (C) of this paragraph if, before April 1, 1989, the State and the Secretary have entered into an agreement relating to the disposition of such residents of the facility and the State is in compliance with such agreement. Such an agreement may provide for the disposition of the residents after the date specified in subparagraph (C). The State may revise such an agreement, subject to the approval of the Secretary, before October 1, 1991, but only if, under the revised agreement, all residents subject to the agreement who do not require the level of services of such a facility are discharged from the facility by not later than April 1, 1994.

(F) Appeals procedures

Each State, as a condition of approval of its plan under this subchapter, effective January 1, 1989, must have in effect an appeals process for individuals adversely affected by determinations under subparagraph (A) or (B).

(G) Definitions

In this paragraph and in subsection (b)(3)(F) of this section:

(i) An individual is considered to be "mentally ill" if the individual has a serious mental illness (as defined by the Secretary in consultation with the National Institute of Mental Health) and does not have a primary diagnosis of dementia (including Alzheimer's disease or a related disorder) or a diagnosis (other than a primary diagnosis) of dementia and a primary diagnosis that is not a serious mental illness.

(ii) An individual is considered to be "mentally retarded" if the individual is mentally retarded or a person with a related condition (as described in section 1396d(d) of this title).

(iii) The term "specialized services" has the meaning given such term by the Secretary in regulations, but does not include, in the case of a resident of a nursing facility, services within the scope of services which the facility must provide or arrange for its residents under subsection (b)(4) of this section.

(f) Responsibilities of Secretary relating to nursing facility requirements**(1) General responsibility**

It is the duty and responsibility of the Secretary to assure that requirements which govern the provision of care in nursing facilities under State plans approved under this subchapter, and the enforcement of such requirements, are adequate to protect the health, safety, welfare, and rights of residents and to promote the effective and efficient use of public moneys.

(2) Requirements for nurse aide training and competency evaluation programs and for nurse aide competency evaluation programs**(A) In general**

For purposes of subsections (b)(5) and (e)(1)(A) of this section, the Secretary shall establish, by not later than September 1, 1988—

(i) requirements for the approval of nurse aide training and competency evaluation programs, including requirements relating to (I) the areas to be covered in such a program (including at least basic nursing skills, personal care skills, recognition of mental health and social service needs, care of cognitively impaired residents, basic restorative services, and residents' rights) and content of the curriculum, (II) minimum hours of initial and ongoing training and retraining (including not less than 75 hours in the case of initial training), (III) qualifications of instructors, and (IV) procedures for determination of competency;

(ii) requirements for the approval of nurse aide competency evaluation programs, including requirement relating to the areas to be covered in such a program, including at least basic nursing skills, personal care skills, recognition of mental health and social service needs, care of cognitively impaired residents, basic restorative services, and residents' rights, and procedures for determination of competency;

(iii) requirements respecting the minimum frequency and methodology to be used by a State in reviewing such programs' compliance with the requirements for such programs; and

(iv) requirements, under both such programs, that—

(I) provide procedures for determining competency that permit a nurse aide, at the nurse aide's option, to establish competency through procedures or methods other than the passing of a written examination and to have the competency evaluation conducted at the nursing facility at which the aide is (or will be) employed (unless the facility is described in subparagraph (B)(iii)(I)),

(II) prohibit the imposition on a nurse aide who is employed by (or who has received an offer of employment from) a facility on the date on which the aide be-

gins either such program of any charges (including any charges for textbooks and other required course materials and any charges for the competency evaluation) for either such program, and

(III) in the case of a nurse aide not described in subclause (II) who is employed by (or who has received an offer of employment from) a facility not later than 12 months after completing either such program, the State shall provide for the reimbursement of costs incurred in completing such program on a prorata basis during the period in which the nurse aide is so employed.

(B) Approval of certain programs

Such requirements—

(i) may permit approval of programs offered by or in facilities, as well as outside facilities (including employee organizations), and of programs in effect on December 22, 1987;

(ii) shall permit a State to find that an individual who has completed (before July 1, 1989) a nurse aide training and competency evaluation program shall be deemed to have completed such a program approved under subsection (b)(5) of this section if the State determines that, at the time the program was offered, the program met the requirements for approval under such paragraph; and

(iii) subject to subparagraph (C), shall prohibit approval of such a program—

(I) offered by or in a nursing facility which, within the previous 2 years—

(a) has operated under a waiver under subsection (b)(4)(C)(ii) of this section that was granted on the basis of a demonstration that the facility is unable to provide the nursing care required under subsection (b)(4)(C)(i) of this section for a period in excess of 48 hours during a week;

(b) has been subject to an extended (or partial extended) survey under section 1395i-3(g)(2)(B)(i) of this title or subsection (g)(2)(B)(i) of this section; or

(c) has been assessed a civil money penalty described in section 1395i-3(h)(2)(B)(ii) of this title or subsection (h)(2)(A)(ii) of this section of not less than \$5,000, or has been subject to a remedy described in subsection (h)(1)(B)(i) of this section, clauses³ (i), (iii), or (iv) of subsection (h)(2)(A) of this section, clauses³ (i) or (iii) of section 1395i-3(h)(2)(B) of this title, or section 1395i-3(h)(4) of this title, or

(II) offered by or in a nursing facility unless the State makes the determination, upon an individual's completion of the program, that the individual is competent to provide nursing and nursing-related services in nursing facilities.

A State may not delegate (through subcontract or otherwise) its responsibility

³So in original. Probably should be "clause".

under clause (iii)(II) to the nursing facility.

(C) Waiver authorized

Clause (iii)(I) of subparagraph (B) shall not apply to a program offered in (but not by) a nursing facility (or skilled nursing facility for purposes of subchapter XVIII of this chapter) in a State if the State—

(i) determines that there is no other such program offered within a reasonable distance of the facility,

(ii) assures, through an oversight effort, that an adequate environment exists for operating the program in the facility, and

(iii) provides notice of such determination and assurances to the State long-term care ombudsman.

(3) Federal guidelines for State appeals process for transfers and discharges

For purposes of subsections (c)(2)(B)(iii) and (e)(3) of this section, by not later than October 1, 1988, the Secretary shall establish guidelines for minimum standards which State appeals processes under subsection (e)(3) of this section must meet to provide a fair mechanism for hearing appeals on transfers and discharges of residents from nursing facilities.

(4) Secretarial standards qualification of administrators

For purposes of subsections (d)(1)(C) and (e)(4) of this section, the Secretary shall develop, by not later than March 1, 1988, standards to be applied in assuring the qualifications of administrators of nursing facilities.

(5) Criteria for administration

The Secretary shall establish criteria for assessing a nursing facility's compliance with the requirement of subsection (d)(1) of this section with respect to—

(A) its governing body and management,

(B) agreements with hospitals regarding transfers of residents to and from the hospitals and to and from other nursing facilities,

(C) disaster preparedness,

(D) direction of medical care by a physician,

(E) laboratory and radiological services,

(F) clinical records, and

(G) resident and advocate participation.

(6) Specification of resident assessment data set and instruments

The Secretary shall—

(A) not later than January 1, 1989, specify a minimum data set of core elements and common definitions for use by nursing facilities in conducting the assessments required under subsection (b)(3) of this section, and establish guidelines for utilization of the data set; and

(B) by not later than April 1, 1990, designate one or more instruments which are consistent with the specification made under subparagraph (A) and which a State may specify under subsection (e)(5)(A) of this section for use by nursing facilities in complying with the requirements of subsection (b)(3)(A)(iii) of this section.

(7) List of items and services furnished in nursing facilities not chargeable to the personal funds of a resident

(A) Regulations required

Pursuant to the requirement of section 21(b) of the Medicare-Medicaid Anti-Fraud and Abuse Amendments of 1977, the Secretary shall issue regulations, on or before the first day of the seventh month to begin after December 22, 1987, that define those costs which may be charged to the personal funds of residents in nursing facilities who are individuals receiving medical assistance with respect to nursing facility services under this subchapter and those costs which are to be included in the payment amount under this subchapter for nursing facility services.

(B) Rule if failure to publish regulations

If the Secretary does not issue the regulations under subparagraph (A) on or before the date required in that subparagraph, in the case of a resident of a nursing facility who is eligible to receive benefits for nursing facility services under this subchapter, for purposes of section 1396a(a)(28)(B) of this title, the Secretary shall be deemed to have promulgated regulations under this paragraph which provide that the costs which may not be charged to the personal funds of such resident (and for which payment is considered to be made under this subchapter) include, at a minimum, the costs for routine personal hygiene items and services furnished by the facility.

(8) Federal minimum criteria and monitoring for preadmission screening and resident review

(A) Minimum criteria

The Secretary shall develop, by not later than October 1, 1988, minimum criteria for States to use in making determinations under subsections (b)(3)(F) and (e)(7)(B) of this section and in permitting individuals adversely affected to appeal such determinations, and shall notify the States of such criteria.

(B) Monitoring compliance

The Secretary shall review, in a sufficient number of cases to allow reasonable inferences, each State's compliance with the requirements of subsection (e)(7)(C)(ii) of this section (relating to discharge and placement for active treatment of certain residents).

(9) Criteria for monitoring State waivers

The Secretary shall develop, by not later than October 1, 1988, criteria and procedures for monitoring State performances in granting waivers pursuant to subsection (b)(4)(C)(ii) of this section.

(g) Survey and certification process

(1) State and Federal responsibility

(A) In general

Under each State plan under this subchapter, the State shall be responsible for certifying, in accordance with surveys con-

ducted under paragraph (2), the compliance of nursing facilities (other than facilities of the State) with the requirements of subsections (b), (c), and (d) of this section. The Secretary shall be responsible for certifying, in accordance with surveys conducted under paragraph (2), the compliance of State nursing facilities with the requirements of such subsections.

(B) Educational program

Each State shall conduct periodic educational programs for the staff and residents (and their representatives) of nursing facilities in order to present current regulations, procedures, and policies under this section.

(C) Investigation of allegations of resident neglect and abuse and misappropriation of resident property

The State shall provide, through the agency responsible for surveys and certification of nursing facilities under this subsection, for a process for the receipt and timely review and investigation of allegations of neglect and abuse and misappropriation of resident property by a nurse aide of a resident in a nursing facility or by another individual used by the facility in providing services to such a resident. The State shall, after notice to the individual involved and a reasonable opportunity for a hearing for the individual to rebut allegations, make a finding as to the accuracy of the allegations. If the State finds that a nurse aide has neglected or abused a resident or misappropriated resident property in a facility, the State shall notify the nurse aide and the registry of such finding. If the State finds that any other individual used by the facility has neglected or abused a resident or misappropriated resident property in a facility, the State shall notify the appropriate licensure authority. A State shall not make a finding that an individual has neglected a resident if the individual demonstrates that such neglect was caused by factors beyond the control of the individual.

(D) Removal of name from nurse aide registry

(i) In general

In the case of a finding of neglect under subparagraph (C), the State shall establish a procedure to permit a nurse aide to petition the State to have his or her name removed from the registry upon a determination by the State that—

(I) the employment and personal history of the nurse aide does not reflect a pattern of abusive behavior or neglect; and

(II) the neglect involved in the original finding was a singular occurrence.

(ii) Timing of determination

In no case shall a determination on a petition submitted under clause (i) be made prior to the expiration of the 1-year period beginning on the date on which the name of the petitioner was added to the registry under subparagraph (C).

(E) Construction

The failure of the Secretary to issue regulations to carry out this subsection shall not relieve a State of its responsibility under this subsection.

(2) Surveys

(A) Annual standard survey

(i) In general

Each nursing facility shall be subject to a standard survey, to be conducted without any prior notice to the facility. Any individual who notifies (or causes to be notified) a nursing facility of the time or date on which such a survey is scheduled to be conducted is subject to a civil money penalty of not to exceed \$2,000. The provisions of section 1320a-7a of this title (other than subsections (a) and (b)) shall apply to a civil money penalty under the previous sentence in the same manner as such provisions apply to a penalty or proceeding under section 1320a-7a(a) of this title. The Secretary shall review each State's procedures for scheduling and conduct of standard surveys to assure that the State has taken all reasonable steps to avoid giving notice of such a survey through the scheduling procedures and the conduct of the surveys themselves.

(ii) Contents

Each standard survey shall include, for a case-mix stratified sample of residents—

(I) a survey of the quality of care furnished, as measured by indicators of medical, nursing, and rehabilitative care, dietary and nutrition services, activities and social participation, and sanitation, infection control, and the physical environment,

(II) written plans of care provided under subsection (b)(2) of this section and an audit of the residents' assessments under subsection (b)(3) of this section to determine the accuracy of such assessments and the adequacy of such plans of care, and

(III) a review of compliance with residents' rights under subsection (c) of this section.

(iii) Frequency

(I) In general

Each nursing facility shall be subject to a standard survey not later than 15 months after the date of the previous standard survey conducted under this subparagraph. The statewide average interval between standard surveys of a nursing facility shall not exceed 12 months.

(II) Special surveys

If not otherwise conducted under subclause (I), a standard survey (or an abbreviated standard survey) may be conducted within 2 months of any change of ownership, administration, management of a nursing facility, or director of nursing in order to determine whether the

change has resulted in any decline in the quality of care furnished in the facility.

(B) Extended surveys

(i) In general

Each nursing facility which is found, under a standard survey, to have provided substandard quality of care shall be subject to an extended survey. Any other facility may, at the Secretary's or State's discretion, be subject to such an extended survey (or a partial extended survey).

(ii) Timing

The extended survey shall be conducted immediately after the standard survey (or, if not practicable, not later than 2 weeks after the date of completion of the standard survey).

(iii) Contents

In such an extended survey, the survey team shall review and identify the policies and procedures which produced such substandard quality of care and shall determine whether the facility has complied with all the requirements described in subsections (b), (c), and (d) of this section. Such review shall include an expansion of the size of the sample of residents' assessments reviewed and a review of the staffing, of in-service training, and, if appropriate, of contracts with consultants.

(iv) Construction

Nothing in this paragraph shall be construed as requiring an extended or partial extended survey as a prerequisite to imposing a sanction against a facility under subsection (h) of this section on the basis of findings in a standard survey.

(C) Survey protocol

Standard and extended surveys shall be conducted—

(i) based upon a protocol which the Secretary has developed, tested, and validated by not later than January 1, 1990, and

(ii) by individuals, of a survey team, who meet such minimum qualifications as the Secretary establishes by not later than such date.

The failure of the Secretary to develop, test, or validate such protocols or to establish such minimum qualifications shall not relieve any State of its responsibility (or the Secretary of the Secretary's responsibility) to conduct surveys under this subsection.

(D) Consistency of surveys

Each State shall implement programs to measure and reduce inconsistency in the application of survey results among surveyors.

(E) Survey teams

(i) In general

Surveys under this subsection shall be conducted by a multidisciplinary team of professionals (including a registered professional nurse).

(ii) Prohibition of conflicts of interest

A State may not use as a member of a survey team under this subsection an indi-

vidual who is serving (or has served within the previous 2 years) as a member of the staff of, or as a consultant to, the facility surveyed respecting compliance with the requirements of subsections (b), (c), and (d) of this section, or who has a personal or familial financial interest in the facility being surveyed.

(iii) Training

The Secretary shall provide for the comprehensive training of State and Federal surveyors in the conduct of standard and extended surveys under this subsection, including the auditing of resident assessments and plans of care. No individual shall serve as a member of a survey team unless the individual has successfully completed a training and testing program in survey and certification techniques that has been approved by the Secretary.

(3) Validation surveys

(A) In general

The Secretary shall conduct onsite surveys of a representative sample of nursing facilities in each State, within 2 months of the date of surveys conducted under paragraph (2) by the State, in a sufficient number to allow inferences about the adequacies of each State's surveys conducted under paragraph (2). In conducting such surveys, the Secretary shall use the same survey protocols as the State is required to use under paragraph (2). If the State has determined that an individual nursing facility meets the requirements of subsections (b), (c), and (d) of this section, but the Secretary determines that the facility does not meet such requirements, the Secretary's determination as to the facility's noncompliance with such requirements is binding and supersedes that of the State survey.

(B) Scope

With respect to each State, the Secretary shall conduct surveys under subparagraph (A) each year with respect to at least 5 percent of the number of nursing facilities surveyed by the State in the year, but in no case less than 5 nursing facilities in the State.

(C) Reduction in administrative costs for substandard performance

If the Secretary finds, on the basis of such surveys, that a State has failed to perform surveys as required under paragraph (2) or that a State's survey and certification performance otherwise is not adequate, the Secretary may provide for the training of survey teams in the State and shall provide for a reduction of the payment otherwise made to the State under section 1396b(a)(2)(D) of this title with respect to a quarter equal to 33 percent multiplied by a fraction, the denominator of which is equal to the total number of residents in nursing facilities surveyed by the Secretary that quarter and the numerator of which is equal to the total number of residents in nursing facilities which were found pursuant to such surveys

to be not in compliance with any of the requirements of subsections (b), (c), and (d) of this section. A State that is dissatisfied with the Secretary's findings under this subparagraph may obtain reconsideration and review of the findings under section 1316 of this title in the same manner as a State may seek reconsideration and review under that section of the Secretary's determination under section 1316(a)(1) of this title.

(D) Special surveys of compliance

Where the Secretary has reason to question the compliance of a nursing facility with any of the requirements of subsections (b), (c), and (d) of this section, the Secretary may conduct a survey of the facility and, on the basis of that survey, make independent and binding determinations concerning the extent to which the nursing facility meets such requirements.

(4) Investigation of complaints and monitoring nursing facility compliance

Each State shall maintain procedures and adequate staff to—

(A) investigate complaints of violations of requirements by nursing facilities, and

(B) monitor, on-site, on a regular, as needed basis, a nursing facility's compliance with the requirements of subsections (b), (c), and (d) of this section, if—

(i) the facility has been found not to be in compliance with such requirements and is in the process of correcting deficiencies to achieve such compliance;

(ii) the facility was previously found not to be in compliance with such requirements, has corrected deficiencies to achieve such compliance, and verification of continued compliance is indicated; or

(iii) the State has reason to question the compliance of the facility with such requirements.

A State may maintain and utilize a specialized team (including an attorney, an auditor, and appropriate health care professionals) for the purpose of identifying, surveying, gathering and preserving evidence, and carrying out appropriate enforcement actions against substandard nursing facilities.

(5) Disclosure of results of inspections and activities

(A) Public information

Each State, and the Secretary, shall make available to the public—

(i) information respecting all surveys and certifications made respecting nursing facilities, including statements of deficiencies, within 14 calendar days after such information is made available to those facilities, and approved plans of correction,

(ii) copies of cost reports of such facilities filed under this subchapter or under subchapter XVIII of this chapter,

(iii) copies of statements of ownership under section 1320a-3 of this title, and

(iv) information disclosed under section 1320a-5 of this title.

(B) Notice to ombudsman

Each State shall notify the State long-term care ombudsman (established under

title III or VII of the Older Americans Act of 1965 [42 U.S.C. 3021 et seq., 3058 et seq.] in accordance with section 712 of the Act [42 U.S.C. 3058g] of the State's findings of non-compliance with any of the requirements of subsections (b), (c), and (d) of this section, or of any adverse action taken against a nursing facility under paragraphs⁴ (1), (2), or (3) of subsection (h) of this section, with respect to a nursing facility in the State.

(C) Notice to physicians and nursing facility administrator licensing board

If a State finds that a nursing facility has provided substandard quality of care, the State shall notify—

(i) the attending physician of each resident with respect to which such finding is made, and

(ii) any State board responsible for the licensing of the nursing facility administrator of the facility.

(D) Access to fraud control units

Each State shall provide its State medicare fraud and abuse control unit (established under section 1396b(q) of this title) with access to all information of the State agency responsible for surveys and certifications under this subsection.

(h) Enforcement process

(1) In general

If a State finds, on the basis of a standard, extended, or partial extended survey under subsection (g)(2) of this section or otherwise, that a nursing facility no longer meets a requirement of subsection (b), (c), or (d) of this section, and further finds that the facility's deficiencies—

(A) immediately jeopardize the health or safety of its residents, the State shall take immediate action to remove the jeopardy and correct the deficiencies through the remedy specified in paragraph (2)(A)(iii), or terminate the facility's participation under the State plan and may provide, in addition, for one or more of the other remedies described in paragraph (2); or

(B) do not immediately jeopardize the health or safety of its residents, the State may—

(i) terminate the facility's participation under the State plan,

(ii) provide for one or more of the remedies described in paragraph (2), or

(iii) do both.

Nothing in this paragraph shall be construed as restricting the remedies available to a State to remedy a nursing facility's deficiencies. If a State finds that a nursing facility meets the requirements of subsections (b), (c), and (d) of this section, but, as of a previous period, did not meet such requirements, the State may provide for a civil money penalty under paragraph (2)(A)(ii) for the days in which it finds that the facility was not in compliance with such requirements.

⁴So in original. Probably should be "paragraph".

(2) Specified remedies**(A) Listing**

Except as provided in subparagraph (B)(ii), each State shall establish by law (whether statute or regulation) at least the following remedies:

(i) Denial of payment under the State plan with respect to any individual admitted to the nursing facility involved after such notice to the public and to the facility as may be provided for by the State.

(ii) A civil money penalty assessed and collected, with interest, for each day in which the facility is or was out of compliance with a requirement of subsection (b), (c), or (d) of this section. Funds collected by a State as a result of imposition of such a penalty (or as a result of the imposition by the State of a civil money penalty for activities described in subsections (b)(3)(B)(i)(I), (b)(3)(B)(i)(II), or (g)(2)(A)(i) of this section) shall be applied to the protection of the health or property of residents of nursing facilities that the State or the Secretary finds deficient, including payment for the costs of relocation of residents to other facilities, maintenance of operation of a facility pending correction of deficiencies or closure, and reimbursement of residents for personal funds lost.

(iii) The appointment of temporary management to oversee the operation of the facility and to assure the health and safety of the facility's residents, where there is a need for temporary management while—

(I) there is an orderly closure of the facility, or

(II) improvements are made in order to bring the facility into compliance with all the requirements of subsections (b), (c), and (d) of this section.

The temporary management under this clause shall not be terminated under subclause (II) until the State has determined that the facility has the management capability to ensure continued compliance with all the requirements of subsections (b), (c), and (d) of this section.

(iv) The authority, in the case of an emergency, to close the facility, to transfer residents in that facility to other facilities, or both.

The State also shall specify criteria, as to when and how each of such remedies is to be applied, the amounts of any fines, and the severity of each of these remedies, to be used in the imposition of such remedies. Such criteria shall be designed so as to minimize the time between the identification of violations and final imposition of the remedies and shall provide for the imposition of incrementally more severe fines for repeated or uncorrected deficiencies. In addition, the State may provide for other specified remedies, such as directed plans of correction.

(B) Deadline and guidance

(i) Except as provided in clause (ii), as a condition for approval of a State plan for

calendar quarters beginning on or after October 1, 1989, each State shall establish the remedies described in clauses (i) through (iv) of subparagraph (A) by not later than October 1, 1989. The Secretary shall provide, through regulations by not later than October 1, 1988, guidance to States in establishing such remedies; but the failure of the Secretary to provide such guidance shall not relieve a State of the responsibility for establishing such remedies.

(ii) A State may establish alternative remedies (other than termination of participation) other than those described in clauses (i) through (iv) of subparagraph (A), if the State demonstrates to the Secretary's satisfaction that the alternative remedies are as effective in deterring noncompliance and correcting deficiencies as those described in subparagraph (A).

(C) Assuring prompt compliance

If a nursing facility has not complied with any of the requirements of subsections (b), (c), and (d) of this section, within 3 months after the date the facility is found to be out of compliance with such requirements, the State shall impose the remedy described in subparagraph (A)(i) for all individuals who are admitted to the facility after such date.

(D) Repeated noncompliance

In the case of a nursing facility which, on 3 consecutive standard surveys conducted under subsection (g)(2) of this section, has been found to have provided substandard quality of care, the State shall (regardless of what other remedies are provided)—

(i) impose the remedy described in subparagraph (A)(i), and

(ii) monitor the facility under subsection (g)(4)(B) of this section,

until the facility has demonstrated, to the satisfaction of the State, that it is in compliance with the requirements of subsections (b), (c), and (d) of this section, and that it will remain in compliance with such requirements.

(E) Funding

The reasonable expenditures of a State to provide for temporary management and other expenses associated with implementing the remedies described in clauses (iii) and (iv) of subparagraph (A) shall be considered, for purposes of section 1396b(a)(7) of this title, to be necessary for the proper and efficient administration of the State plan.

(F) Incentives for high quality care

In addition to the remedies specified in this paragraph, a State may establish a program to reward, through public recognition, incentive payments, or both, nursing facilities that provide the highest quality care to residents who are entitled to medical assistance under this subchapter. For purposes of section 1396b(a)(7) of this title, proper expenses incurred by a State in carrying out such a program shall be considered to be expenses necessary for the proper and efficient administration of the State plan under this subchapter.

(3) Secretarial authority**(A) For State nursing facilities**

With respect to a State nursing facility, the Secretary shall have the authority and duties of a State under this subsection, including the authority to impose remedies described in clauses (i), (ii), and (iii) of paragraph (2)(A).

(B) Other nursing facilities

With respect to any other nursing facility in a State, if the Secretary finds that a nursing facility no longer meets a requirement of subsection (b), (c), (d), or (e) of this section, and further finds that the facility's deficiencies—

(i) immediately jeopardize the health or safety of its residents, the Secretary shall take immediate action to remove the jeopardy and correct the deficiencies through the remedy specified in subparagraph (C)(iii), or terminate the facility's participation under the State plan and may provide, in addition, for one or more of the other remedies described in subparagraph (C); or

(ii) do not immediately jeopardize the health or safety of its residents, the Secretary may impose any of the remedies described in subparagraph (C).

Nothing in this subparagraph shall be construed as restricting the remedies available to the Secretary to remedy a nursing facility's deficiencies. If the Secretary finds that a nursing facility meets such requirements but, as of a previous period, did not meet such requirements, the Secretary may provide for a civil money penalty under subparagraph (C)(ii) for the days on which he finds that the facility was not in compliance with such requirements.

(C) Specified remedies

The Secretary may take the following actions with respect to a finding that a facility has not met an applicable requirement:

(i) Denial of payment

The Secretary may deny any further payments to the State for medical assistance furnished by the facility to all individuals in the facility or to individuals admitted to the facility after the effective date of the finding.

(ii) Authority with respect to civil money penalties

The Secretary may impose a civil money penalty in an amount not to exceed \$10,000 for each day of noncompliance. The provisions of section 1320a-7a of this title (other than subsections (a) and (b)) shall apply to a civil money penalty under the previous sentence in the same manner as such provisions apply to a penalty or proceeding under section 1320a-7a(a) of this title.

(iii) Appointment of temporary management

In consultation with the State, the Secretary may appoint temporary management to oversee the operation of the facil-

ity and to assure the health and safety of the facility's residents, where there is a need for temporary management while—

(I) there is an orderly closure of the facility, or

(II) improvements are made in order to bring the facility into compliance with all the requirements of subsections (b), (c), and (d) of this section.

The temporary management under this clause shall not be terminated under subclause (II) until the Secretary has determined that the facility has the management capability to ensure continued compliance with all the requirements of subsections (b), (c), and (d) of this section.

The Secretary shall specify criteria, as to when and how each of such remedies is to be applied, the amounts of any fines, and the severity of each of these remedies, to be used in the imposition of such remedies. Such criteria shall be designed so as to minimize the time between the identification of violations and final imposition of the remedies and shall provide for the imposition of incrementally more severe fines for repeated or uncorrected deficiencies. In addition, the Secretary may provide for other specified remedies, such as directed plans of correction.

(D) Continuation of payments pending remediation

The Secretary may continue payments, over a period of not longer than 6 months after the effective date of the findings, under this subchapter with respect to a nursing facility not in compliance with a requirement of subsection (b), (c), or (d) of this section, if—

(i) the State survey agency finds that it is more appropriate to take alternative action to assure compliance of the facility with the requirements than to terminate the certification of the facility, and

(ii) the State has submitted a plan and timetable for corrective action to the Secretary for approval and the Secretary approves the plan of corrective action.

The Secretary shall establish guidelines for approval of corrective actions requested by States under this subparagraph.

(4) Effective period of denial of payment

A finding to deny payment under this subsection shall terminate when the State or Secretary (or both, as the case may be) finds that the facility is in substantial compliance with all the requirements of subsections (b), (c), and (d) of this section.

(5) Immediate termination of participation for facility where State or Secretary finds non-compliance and immediate jeopardy

If either the State or the Secretary finds that a nursing facility has not met a requirement of subsection (b), (c), or (d) of this section, and finds that the failure immediately jeopardizes the health or safety of its residents, the State or the Secretary, respectively⁵ shall notify the other of such finding,

⁵ So in original. Probably should be followed by a comma.

and the State or the Secretary, respectively, shall take immediate action to remove the jeopardy and correct the deficiencies through the remedy specified in paragraph (2)(A)(iii) or (3)(C)(iii), or terminate the facility's participation under the State plan. If the facility's participation in the State plan is terminated by either the State or the Secretary, the State shall provide for the safe and orderly transfer of the residents eligible under the State plan consistent with the requirements of subsection (c)(2) of this section.

(6) Special rules where State and Secretary do not agree on finding of noncompliance

(A) State finding of noncompliance and no Secretarial finding of noncompliance

If the Secretary finds that a nursing facility has met all the requirements of subsections (b), (c), and (d) of this section, but a State finds that the facility has not met such requirements and the failure does not immediately jeopardize the health or safety of its residents, the State's findings shall control and the remedies imposed by the State shall be applied.

(B) Secretarial finding of noncompliance and no State finding of noncompliance

If the Secretary finds that a nursing facility has not met all the requirements of subsections (b), (c), and (d) of this section, and that the failure does not immediately jeopardize the health or safety of its residents, but the State has not made such a finding, the Secretary—

(i) may impose any remedies specified in paragraph (3)(C) with respect to the facility, and

(ii) shall (pending any termination by the Secretary) permit continuation of payments in accordance with paragraph (3)(D).

If both the Secretary and the State find that a nursing facility has not met all the requirements of subsections (b), (c), and (d) of this section, and neither finds that the failure immediately jeopardizes the health or safety of its residents—

(A)(i) if both find that the facility's participation under the State plan should be terminated, the State's timing of any termination shall control so long as the termination date does not occur later than 6 months after the date of the finding to terminate;

(B)(i) if the Secretary or the State, but not both, establishes one or more remedies

which are additional or alternative to the remedy of terminating the facility's participation under the State plan, such additional or alternative remedies shall also be applied, or

(ii) if both the Secretary and the State establish one or more remedies which are additional or alternative to the remedy of terminating the facility's participation under the State plan, only the additional or alternative remedies of the Secretary shall apply.

(8) Construction

The remedies provided under this subsection are in addition to those otherwise available under State or Federal law and shall not be construed as limiting such other remedies, including any remedy available to an individual at common law. The remedies described in clauses (i), (iii), and (iv) of paragraph (2)(A) may be imposed during the pendency of any hearing. The provisions of this subsection shall apply to a nursing facility (or portion thereof) notwithstanding that the facility (or portion thereof) also is a skilled nursing facility for purposes of subchapter XVIII of this chapter.

(9) Sharing of information

Notwithstanding any other provision of law, all information concerning nursing facilities required by this section to be filed with the Secretary or a State agency shall be made available by such facilities to Federal or State employees for purposes consistent with the effective administration of programs established under this subchapter and subchapter XVIII of this chapter, including investigations by State Medicaid fraud control units.

§ 1396r-3. Correction and reduction plans for intermediate care facilities for mentally retarded

(a) Written plans to remedy substantial deficiencies; time for submission

If the Secretary finds that an intermediate care facility for the mentally retarded has substantial deficiencies which do not pose an immediate threat to the health and safety of residents (including failure to provide active treatment), the State may elect, subject to the limitations in this section, to—

(1) submit, within the number of days specified by the Secretary in regulations which apply to submission of compliance plans with respect to deficiencies of such type, a written plan of correction which details the extent of the facility's current compliance with the standards promulgated by the Secretary, including all deficiencies identified during a validation survey, and which provides for a timetable for completion of necessary steps to correct all staffing deficiencies within 6 months, and a timetable for rectifying all physical plant deficiencies within 6 months; or

(2) submit, within a time period consisting of the number of days specified for submissions under paragraph (1) plus 35 days, a written plan for permanently reducing the number of certified beds, within a maximum of 36 months, in order to permit any noncomplying buildings (or distinct parts thereof) to be vacated and any staffing deficiencies to be corrected (hereinafter in this section referred to as a “reduction plan”).

(b) Conditions for approval of reduction plans

As conditions of approval of any reduction plan submitted pursuant to subsection (a)(2) of this section, the State must—

(1) provide for a hearing to be held at the affected facility at least 35 days prior to submission of the reduction plan, with reasonable notice thereof to the staff and residents of the facility, responsible members of the residents' families, and the general public;

(2) demonstrate that the State has successfully provided home and community services similar to the services proposed to be provided under the reduction plan for similar individuals eligible for medical assistance; and

(3) provide assurances that the requirements of subsection (c) of this section shall be met with respect to the reduction plan.

(c) Contents of reduction plan

The reduction plan must—

(1) identify the number and service needs of existing facility residents to be provided home or community services and the timetable for providing such services, in 6 month intervals, within the 36-month period;

(2) describe the methods to be used to select such residents for home and community services and to develop the alternative home and community services to meet their needs effectively;

(3) describe the necessary safeguards that will be applied to protect the health and welfare of the former residents of the facility who are to receive home or community services, including adequate standards for consumer and provider participation and assurances that applicable State licensure and applicable State and Federal certification requirements will be met in providing such home or community services;

(4) provide that residents of the affected facility who are eligible for medical assistance while in the facility shall, at their option, be placed in another setting (or another part of the affected facility) so as to retain their eligibility for medical assistance;

(5) specify the actions which will be taken to protect the health and safety of, and to provide active treatment for, the residents who remain in the affected facility while the reduction plan is in effect;

(6) provide that the ratio of qualified staff to residents at the affected facility (or the part thereof) which is subject to the reduction plan will be the higher of—

(A) the ratio which the Secretary determines is necessary in order to assure the health and safety of the residents of such facility (or part thereof); or

(B) the ratio which was in effect at the time that the finding of substantial deficiencies (referred to in subsection (a) of this section) was made; and

(7) provide for the protection of the interests of employees affected by actions under the reduction plan, including—

(A) arrangements to preserve employee rights and benefits;

(B) training and retraining of such employees where necessary;

(C) redeployment of such employees to community settings under the reduction plan; and

(D) making maximum efforts to guarantee the employment of such employees (but this requirement shall not be construed to guarantee the employment of any employee).

(d) Notice and comment; approval of more than 15 reduction plans in any fiscal year; corrections costing \$2,000,000 or more

(1) The Secretary must provide for a period of not less than 30 days after the submission of a reduction plan by a State, during which comments on such reduction plan may be submitted to the Secretary, before the Secretary approves or disapproves such reduction plan.

(2) If the Secretary approves more than 15 reduction plans under this section in any fiscal year, any reduction plans approved in addition to the first 15 such plans approved, must be for a facility (or part thereof) for which the costs of correcting the substantial deficiencies (referred to in subsection (a) of this section) are \$2,000,000 or greater (as demonstrated by the State to the satisfaction of the Secretary).

(e) Termination of provider agreements; disallowance of percentage amounts for purposes of Federal financial participation

(1) If the Secretary, at the conclusion of the 6-month plan of correction described in subsection (a)(1) of this section, determines that the State has substantially failed to correct the deficiencies described in subsection (a) of this section, the Secretary may terminate the facility's provider agreement in accordance with the provisions of section 1396i(b) of this title.

(2) In the case of a reduction plan described in subsection (a)(2) of this section, if the Secretary determines, at the conclusion of the initial 6-month period or any 6-month interval thereafter, that the State has substantially failed to meet the requirements of subsection (c) of this section, the Secretary shall—

(A) terminate the facility's provider agreement in accordance with the provisions of section 1396i(b) of this title; or

(B) if the State has failed to meet such requirements despite good faith efforts, disallow, for purposes of Federal financial participation, an amount equal to 5 percent of the cost of care for all eligible individuals in the facility for each month for which the State fails to meet such requirements.

(f) Applicability of section limited to plans approved by January 1, 1990

The provisions of this section shall apply only to plans of correction and reduction plans approved by the Secretary by January 1, 1990.

§ 1396r-4. Adjustment in payment for inpatient hospital services furnished by disproportionate share hospitals

(a) Implementation of requirement

(1) A State plan under this subchapter shall not be considered to meet the requirement of section 1396a(a)(13)(A)(iv) of this title (insofar as it requires payments to hospitals to take into

account the situation of hospitals which serve a disproportionate number of low income patients with special needs), as of July 1, 1988, unless the State has submitted to the Secretary, by not later than such date, an amendment to such plan that—

(A) specifically defines the hospitals so described (and includes in such definition any disproportionate share hospital described in subsection (b)(1) of this section which meets the requirements of subsection (d) of this section), and

(B) provides, effective for inpatient hospital services provided not later than July 1, 1988, for an appropriate increase in the rate or amount of payment for such services provided by such hospitals, consistent with subsection (c) of this section.

(2)(A) In order to be considered to have met such requirement of section 1396a(a)(13)(A) of this title as of July 1, 1989, the State must submit to the Secretary by not later than April 1, 1989, the State plan amendment described in paragraph (1), consistent with subsection (c) of this section, effective for inpatient hospital services provided on or after July 1, 1989.

(B) In order to be considered to have met such requirement of section 1396a(a)(13)(A) of this title as of July 1, 1990, the State must submit to the Secretary by not later than April 1, 1990, the State plan amendment described in paragraph (1), consistent with subsections (c) and (f) of this section, effective for inpatient hospital services provided on or after July 1, 1990.

(C) If a State plan under this subchapter provides for payments for inpatient hospital services on a prospective basis (whether per diem, per case, or otherwise), in order for the plan to be considered to have met such requirement of section 1396a(a)(13)(A) of this title as of July 1, 1989, the State must submit to the Secretary by not later than April 1, 1989, a State plan amendment that provides, in the case of hospitals defined by the State as disproportionate share hospitals under paragraph (1)(A), for an outlier adjustment in payment amounts for medically necessary inpatient hospital services provided on or after July 1, 1989, involving exceptionally high costs or exceptionally long lengths of stay for individuals under one year of age.

(D) A State plan under this subchapter shall not be considered to meet the requirements of section 1396a(a)(13)(A)(iv) of this title (insofar as it requires payments to hospitals to take into account the situation of hospitals that serve a disproportionate number of low-income patients with special needs), as of October 1, 1998, unless the State has submitted to the Secretary by such date a description of the methodology used by the State to identify and to make payments to disproportionate share hospitals, including children's hospitals, on the basis of the proportion of low-income and medicaid patients (including such patients who receive benefits through a managed care entity) served by such hospitals. The State shall provide an annual report to the Secretary describing the disproportionate share payments to each such disproportionate share hospital.

(3) The Secretary shall, not later than 90 days after the date a State submits an amendment

under this subsection, review each such amendment for compliance with such requirement and by such date shall approve or disapprove each such amendment. If the Secretary disapproves such an amendment, the State shall immediately submit a revised amendment which meets such requirement.

(4) The requirement of this subsection may not be waived under section 1396n(b)(4) of this title.

(b) Hospitals deemed disproportionate share

(1) For purposes of subsection (a)(1) of this section, a hospital which meets the requirements of subsection (d) of this section is deemed to be a disproportionate share hospital if—

(A) the hospital's medicaid inpatient utilization rate (as defined in paragraph (2)) is at least one standard deviation above the mean medicaid inpatient utilization rate for hospitals receiving medicaid payments in the State; or

(B) the hospital's low-income utilization rate (as defined in paragraph (3)) exceeds 25 percent.

(2) For purposes of paragraph (1)(A), the term "medicaid inpatient utilization rate" means, for a hospital, a fraction (expressed as a percentage), the numerator of which is the hospital's number of inpatient days attributable to patients who (for such days) were eligible for medical assistance under a State plan approved under this subchapter in a period (regardless of whether such patients receive medical assistance on a fee-for-service basis or through a managed care entity), and the denominator of which is the total number of the hospital's inpatient days in that period. In this paragraph, the term "inpatient day" includes each day in which an individual (including a newborn) is an inpatient in the hospital, whether or not the individual is in a specialized ward and whether or not the individual remains in the hospital for lack of suitable placement elsewhere.

(3) For purposes of paragraph (1)(B), the term "low-income utilization rate" means, for a hospital, the sum of—

(A) the fraction (expressed as a percentage)—

(i) the numerator of which is the sum (for a period) of (I) the total revenues paid the hospital for patient services under a State plan under this subchapter (regardless of whether the services were furnished on a fee-for-service basis or through a managed care entity) and (II) the amount of the cash subsidies for patient services received directly from State and local governments, and

(ii) the denominator of which is the total amount of revenues of the hospital for patient services (including the amount of such cash subsidies) in the period; and

(B) a fraction (expressed as a percentage)—

(i) the numerator of which is the total amount of the hospital's charges for inpatient hospital services which are attributable to charity care in a period, less the portion of any cash subsidies described in clause (i)(II) of subparagraph (A) in the period reasonably attributable to inpatient hospital services, and

(ii) the denominator of which is the total amount of the hospital's charges for inpatient hospital services in the hospital in the period.

The numerator under subparagraph (B)(i) shall not include contractual allowances and discounts (other than for indigent patients not eligible for medical assistance under a State plan approved under this subchapter).

(4) The Secretary may not restrict a State's authority to designate hospitals as disproportionate share hospitals under this section. The previous sentence shall not be construed to affect the authority of the Secretary to reduce payments pursuant to section 1396b(w)(1)(A)(iii) of this title if the Secretary determines that, as a result of such designations, there is in effect a hold harmless provision described in section 1396b(w)(4) of this title.

(c) Payment adjustment

Subject to subsections (f) and (g) of this section, in order to be consistent with this subsection, a payment adjustment for a disproportionate share hospital must either—

(1) be in an amount equal to at least the product of (A) the amount paid under the State plan to the hospital for operating costs for inpatient hospital services (of the kind described in section 1395ww(a)(4) of this title), and (B) the hospital's disproportionate share adjustment percentage (established under section 1395ww(d)(5)(F)(iv) of this title);

(2) provide for a minimum specified additional payment amount (or increased percentage payment) and (without regard to whether the hospital is described in subparagraph (A) or (B) of subsection (b)(1) of this section) for an increase in such a payment amount (or percentage payment) in proportion to the percentage by which the hospital's medicaid utilization rate (as defined in subsection (b)(2) of this section) exceeds one standard deviation above the mean medicaid inpatient utilization rate for hospitals receiving medicaid payments in the State or the hospital's low-income utilization rate (as defined in paragraph¹ (b)(3) of this section); or

(3) provide for a minimum specified additional payment amount (or increased percentage payment) that varies according to type of hospital under a methodology that—

(A) applies equally to all hospitals of each type; and

(B) results in an adjustment for each type of hospital that is reasonably related to the costs, volume, or proportion of services provided to patients eligible for medical assistance under a State plan approved under this subchapter or to low-income patients,

except that, for purposes of paragraphs (1)(B) and (2)(A) of subsection (a) of this section, the payment adjustment for a disproportionate share hospital is consistent with this subsection if the appropriate increase in the rate or amount of payment is equal to at least one-third of the increase otherwise applicable under this subsection (in the case of such paragraph (1)(B)) and

¹ So in original. Probably should be "subsection".

at least two-thirds of such increase (in the case of paragraph (2)(A)). In the case of a hospital described in subsection (d)(2)(A)(i) of this section (relating to children's hospitals), in computing the hospital's disproportionate share adjustment percentage for purposes of paragraph (1)(B) of this subsection, the disproportionate patient percentage (defined in section 1395ww(d)(5)(F)(vi) of this title) shall be computed by substituting for the fraction described in subclause (I) of such section the fraction described in subclause (II) of that section. If a State elects in a State plan amendment under subsection (a) of this section to provide the payment adjustment described in paragraph (2), the State must include in the amendment a detailed description of the specific methodology to be used in determining the specified additional payment amount (or increased percentage payment) to be made to each hospital qualifying for such a payment adjustment and must publish at least annually the name of each hospital qualifying for such a payment adjustment and the amount of such payment adjustment made for each such hospital.

(d) Requirements to qualify as disproportionate share hospital

(1) Except as provided in paragraph (2), no hospital may be defined or deemed as a disproportionate share hospital under a State plan under this subchapter or under subsection (b) of this section unless the hospital has at least 2 obstetricians who have staff privileges at the hospital and who have agreed to provide obstetric services to individuals who are entitled to medical assistance for such services under such State plan.

(2)(A) Paragraph (1) shall not apply to a hospital—

- (i) the inpatients of which are predominantly individuals under 18 years of age; or
- (ii) which does not offer nonemergency obstetric services to the general population as of December 22, 1987.

(B) In the case of a hospital located in a rural area (as defined for purposes of section 1395ww of this title), in paragraph (1) the term "obstetrician" includes any physician with staff privileges at the hospital to perform nonemergency obstetric procedures.

(3) No hospital may be defined or deemed as a disproportionate share hospital under a State plan under this subchapter or under subsection (b) or (e) of this section unless the hospital has a medicaid inpatient utilization rate (as defined in subsection (b)(2) of this section) of not less than 1 percent.

(e) Special rule

(1) A State plan shall be considered to meet the requirement of section 1396a(a)(13)(A)(iv) of this title (insofar as it requires payments to hospitals to take into account the situation of hospitals which serve a disproportionate number of low income patients with special needs) without regard to the requirement of subsection (a) of this section if (A)(i) the plan provided for payment adjustments based on a pooling arrangement involving a majority of the hospitals participating under the plan for disproportionate

share hospitals as of January 1, 1984, or (ii) the plan as of January 1, 1987, provided for payment adjustments based on a statewide pooling arrangement involving all acute care hospitals and the arrangement provides for reimbursement of the total amount of uncompensated care provided by each participating hospital, (B) the aggregate amount of the payment adjustments under the plan for such hospitals is not less than the aggregate amount of such adjustments otherwise required to be made under such subsection, and (C) the plan meets the requirement of subsection (d)(3) of this section and such payment adjustments are made consistent with the last sentence of subsection (c) of this section.

(2) In the case of a State that used a health insuring organization before January 1, 1986, to administer a portion of its plan on a statewide basis, beginning on July 1, 1988—

(A) the requirements of subsections (b) and (c) of this section (other than the last sentence of subsection (c) of this section) shall not apply if the aggregate amount of the payment adjustments under the plan for disproportionate share hospitals (as defined under the State plan) is not less than the aggregate amount of payment adjustments otherwise required to be made if such subsections applied,

(B) subsection (d)(2)(B) of this section shall apply to hospitals located in urban areas, as well as in rural areas,

(C) subsection (d)(3) of this section shall apply, and

(D) subsection (g) of this section shall apply.

(f) Limitation on Federal financial participation

(1) In general

Payment under section 1396b(a) of this title shall not be made to a State with respect to any payment adjustment made under this section for hospitals in a State for quarters in a fiscal year in excess of the disproportionate share hospital (in this subsection referred to as "DSH") allotment for the State for the fiscal year, as specified in paragraphs (2) and (3).

(2) State DSH allotments for fiscal years 1998 through 2002

(3) State DSH allotments for fiscal year 2003 and thereafter

(A) In general

The DSH allotment for any State for fiscal year 2003 and each succeeding fiscal year is equal to the DSH allotment for the State for the preceding fiscal year under paragraph (2) or this paragraph, increased, subject to subparagraph (B) and paragraph (5) by the percentage change in the consumer price index for all urban consumers (all items; U.S. city average), for the previous fiscal year.

(B) Limitation

The DSH allotment for a State shall not be increased under subparagraph (A) for a fiscal year to the extent that such an increase would result in the DSH allotment for the year exceeding the greater of—

(i) the DSH allotment for the previous year, or

(ii) 12 percent of the total amount of expenditures under the State plan for medical assistance during the fiscal year.

(4) Special rule for fiscal years 2001 and 2002

(A) In general

Notwithstanding paragraph (2), the DSH allotment for any State for—

(i) fiscal year 2001, shall be the DSH allotment determined under paragraph (2)

for fiscal year 2000 increased, subject to subparagraph (B) and paragraph (5), by the percentage change in the consumer price index for all urban consumers (all items; U.S. city average) for fiscal year 2000; and

(ii) fiscal year 2002, shall be the DSH allotment determined under clause (i) increased, subject to subparagraph (B) and paragraph (5), by the percentage change in the consumer price index for all urban consumers (all items; U.S. city average) for fiscal year 2001.

(B) Limitation

Subparagraph (B) of paragraph (3) shall apply to subparagraph (A) of this paragraph in the same manner as that subparagraph (B) applies to paragraph (3)(A).

(C) No application to allotments after fiscal year 2002

The DSH allotment for any State for fiscal year 2003 or any succeeding fiscal year shall be determined under paragraph (3) without regard to the DSH allotments determined under subparagraph (A) of this paragraph.

(5) Special rule for extremely low DSH States

In subsequent fiscal years, such increased allotment is subject to an increase for inflation as provided in paragraph (3)(A).

(6) "State" defined

In this subsection, the term "State" means the 50 States and the District of Columbia.

(g) Limit on amount of payment to hospital

(1) Amount of adjustment subject to uncompensated costs

(A) In general

A payment adjustment during a fiscal year shall not be considered to be consistent with subsection (c) of this section with respect to a hospital if the payment adjustment exceeds the costs incurred during the year of furnishing hospital services (as determined by the Secretary and net of payments under this subchapter, other than under this section, and by uninsured patients) by the hospital to individuals who either are eligible for medical assistance under the State plan or have no health insurance (or other source of third party coverage) for services provided during the year. For purposes of the preceding sentence, payments made to a hospital for services provided to indigent patients made by a State or a unit of local government within a State shall not be considered to be a source of third party payment.

(B) Limit to public hospitals during transition period

With respect to payment adjustments during a State fiscal year that begins before January 1, 1995, subparagraph (A) shall apply only to hospitals owned or operated by a State (or by an instrumentality or a unit of government within a State).

(C) Modifications for private hospitals

With respect to hospitals that are not owned or operated by a State (or by an instrumentality or a unit of government within a State), the Secretary may make such modifications to the manner in which the limitation on payment adjustments is applied to such hospitals as the Secretary considers appropriate.

(2) Additional amount during transition period for certain hospitals with high disproportionate share**(A) In general**

In the case of a hospital with high disproportionate share (as defined in subparagraph (B)), a payment adjustment during a State fiscal year that begins before January 1, 1995, shall be considered consistent with subsection (c) of this section if the payment adjustment does not exceed 200 percent of the costs of furnishing hospital services described in paragraph (1)(A) during the year, but only if the Governor of the State certifies to the satisfaction of the Secretary that the hospital's applicable minimum amount is used for health services during the year. In determining the amount that is used for such services during a year, there shall be excluded any amounts received under the Public Health Service Act [42 U.S.C. 201 et seq.], subchapter V of this chapter, subchapter XVIII of this chapter, or from third party payors (not including the State plan under this subchapter) that are used for providing such services during the year.

(B) "Hospital with high disproportionate share" defined

In subparagraph (A), a hospital is a "hospital with high disproportionate share" if—

- (i) the hospital is owned or operated by a State (or by an instrumentality or a unit of government within a State); and
- (ii) the hospital—

- (I) meets the requirement described in subsection (b)(1)(A) of this section, or
- (II) has the largest number of inpatient days attributable to individuals entitled to benefits under the State plan of any hospital in such State for the previous State fiscal year.

(C) "Applicable minimum amount" defined

In subparagraph (A), the "applicable minimum amount" for a hospital for a fiscal year is equal to the difference between the amount of the hospital's payment adjustment for the fiscal year and the costs to the hospital of furnishing hospital services described in paragraph (1)(A) during the fiscal year.

(h) Limitation on certain State DSH expenditures**(1) In general**

Payment under section 1396b(a) of this title shall not be made to a State with respect to any payment adjustments made under this section for quarters in a fiscal year (beginning with fiscal year 1998) to institutions for mental diseases or other mental health facilities, to the extent the aggregate of such adjustments in the fiscal year exceeds the lesser of the following:

(A) 1995 IMD DSH payment adjustments

The total State DSH expenditures that are attributable to fiscal year 1995 for payments to institutions for mental diseases and other mental health facilities (based on reporting data specified by the State on HCFA Form 64 as mental health DSH, and as approved by the Secretary).

(B) Applicable percentage of 1995 total DSH payment allotment

The amount of such payment adjustments which are equal to the applicable percentage of the Federal share of payment adjustments made to hospitals in the State under subsection (c) of this section that are attributable to the 1995 DSH allotment for the State for payments to institutions for mental diseases and other mental health facilities (based on reporting data specified by the State on HCFA Form 64 as mental health DSH, and as approved by the Secretary).

(2) Applicable percentage**(A) In general**

For purposes of paragraph (1), the applicable percentage with respect to—

- (i) each of fiscal years 1998, 1999, and 2000, is the percentage determined under subparagraph (B); or
- (ii) a succeeding fiscal year is the lesser of the percentage determined under subparagraph (B) or the following percentage:
 - (I) For fiscal year 2001, 50 percent.
 - (II) For fiscal year 2002, 40 percent.
 - (III) For each succeeding fiscal year, 33 percent.

(B) 1995 percentage

The percentage determined under this subparagraph is the ratio (determined as a percentage) of—

- (i) the Federal share of payment adjustments made to hospitals in the State under subsection (c) of this section that are attributable to the 1995 DSH allotment for the State (as reported by the State not later than January 1, 1997, on HCFA Form 64, and as approved by the Secretary) for payments to institutions for mental diseases and other mental health facilities, to
- (ii) the State 1995 DSH spending amount.

(C) State 1995 DSH spending amount

For purposes of subparagraph (B)(ii), the "State 1995 DSH spending amount", with respect to a State, is the Federal medical assistance percentage (for fiscal year 1995) of the payment adjustments made under sub-

section (c) of this section under the State plan that are attributable to the fiscal year 1995 DSH allotment for the State (as reported by the State not later than January 1, 1997, on HCFA Form 64, and as approved by the Secretary).

(i) Requirement for direct payment

(1) In general

No payment may be made under section 1396b(a)(1) of this title with respect to a payment adjustment made under this section, for services furnished by a hospital on or after October 1, 1997, with respect to individuals eligible for medical assistance under the State plan who are enrolled with a managed care entity (as defined in section 1396u-2(a)(1)(B) of this title) or under any other managed care arrangement unless a payment, equal to the amount of the payment adjustment—

(A) is made directly to the hospital by the State; and

(B) is not used to determine the amount of a prepaid capitation payment under the State plan to the entity or arrangement with respect to such individuals.

(2) Exception for current arrangements

Paragraph (1) shall not apply to a payment adjustment provided pursuant to a payment arrangement in effect on July 1, 1997.

Except as this section specifically provides, this section does not apply to—

(A) the determination of what constitutes income or resources, or

(B) the methodology and standards for determining and evaluating income and resources.

(4) Application in certain States and territories

(A) Application in States operating under demonstration projects

In the case of any State which is providing medical assistance to its residents under a waiver granted under section 1315 of this title, the Secretary shall require the State

(B) No application in commonwealths and territories

This section shall only apply to a State that is one of the 50 States or the District of Columbia.

During any month in which an institutionalized spouse is in the institution, except as provided in paragraph (2), no income of the community spouse shall be deemed available to the institutionalized spouse.

(2) Attribution of income

In determining the income of an institutionalized spouse or community spouse for purposes of the post-eligibility income determination described in subsection (d) of this section, except as otherwise provided in this section and regardless of any State laws relating to community property or the division of marital property, the following rules apply:

(A) Non-trust property

Subject to subparagraphs (C) and (D), in the case of income not from a trust, unless the instrument providing the income otherwise specifically provides—

(i) if payment of income is made solely in the name of the institutionalized spouse or the community spouse, the income shall be considered available only to that respective spouse;

(ii) if payment of income is made in the names of the institutionalized spouse and the community spouse, one-half of the income shall be considered available to each of them; and

(iii) if payment of income is made in the names of the institutionalized spouse or the community spouse, or both, and to another person or persons, the income shall be considered available to each spouse in proportion to the spouse's interest (or, if payment is made with respect to both spouses and no such interest is specified, one-half of the joint interest shall be considered available to each spouse).

(B) Trust property

(II) if payment of income is made to both the institutionalized spouse and the community spouse, one-half of the income shall be considered available to each of them; and

(III) if payment of income is made to the institutionalized spouse or the community spouse, or both, and to another person or persons, the income shall be considered available to each spouse in proportion to the spouse's interest (or, if payment is made with respect to both spouses and no such interest is specified, one-half of the joint interest shall be considered available to each spouse).

(C) Property with no instrument

In the case of income not from a trust in which there is no instrument establishing ownership, subject to subparagraph (D), one-half of the income shall be considered to be available to the institutionalized spouse and one-half to the community spouse.

(D) Rebutting ownership

The rules of subparagraphs (A) and (C) are superseded to the extent that an institutionalized spouse can establish, by a preponderance of the evidence, that the ownership interests in income are other than as provided under such subparagraphs.

(c) Rules for treatment of resources

(1) Computation of spousal share at time of institutionalization

(A) Total joint resources

There shall be computed (as of the beginning of the first continuous period of institutionalization (beginning on or after September 30, 1989) of the institutionalized spouse)—

(i) the total value of the resources to the extent either the institutionalized spouse or the community spouse has an ownership interest, and

(B) Assessment

At the request of an institutionalized spouse or community spouse, at the beginning of the first continuous period of institutionalization (beginning on or after September 30, 1989) of the institutionalized spouse and upon the receipt of relevant documentation of resources, the State shall promptly assess and document the total value described in subparagraph (A)(i) and shall provide a copy of such assessment and documentation to each spouse and shall retain a copy of the assessment for use under this section. If the request is not part of an application for medical assistance under this subchapter, the State may, at its option as a condition of providing the assessment, require payment of a fee not exceeding the

reasonable expenses of providing and documenting the assessment. At the time of providing the copy of the assessment, the State shall include a notice indicating that the spouse will have a right to a fair hearing under subsection (e)(2) of this section.

(2) Attribution of resources at time of initial eligibility determination

In determining the resources of an institutionalized spouse at the time of application for benefits under this subchapter, regardless of any State laws relating to community property or the division of marital property—

(A) except as provided in subparagraph (B), all the resources held by either the institutionalized spouse, community spouse, or both, shall be considered to be available to the institutionalized spouse, and

(B) resources shall be considered to be available to an institutionalized spouse, but only to the extent that the amount of such resources exceeds the amount computed under subsection (f)(2)(A) of this section (as of the time of application for benefits).

(3) Assignment of support rights

The institutionalized spouse shall not be ineligible by reason of resources determined under paragraph (2) to be available for the cost of care where—

(A) the institutionalized spouse has assigned to the State any rights to support from the community spouse;

(B) the institutionalized spouse lacks the ability to execute an assignment due to physical or mental impairment but the State has the right to bring a support proceeding against a community spouse without such assignment; or

(C) the State determines that denial of eligibility would work an undue hardship.

(4) Separate treatment of resources after eligibility for benefits established

During the continuous period in which an institutionalized spouse is in an institution and after the month in which an institutionalized spouse is determined to be eligible for benefits under this subchapter, no resources of the community spouse shall be deemed available to the institutionalized spouse.

In this section, the term “resources” does not include—

(A) resources excluded under subsection (a) or (d) of section 1382b of this title, and

(B) resources that would be excluded under section 1382b(a)(2)(A) of this title but for the limitation on total value described in such section.

(d) Protecting income for community spouse

(1) Allowances to be offset from income of institutionalized spouse

After an institutionalized spouse is determined or redetermined to be eligible for medical assistance, in determining the amount of the spouse’s income that is to be applied monthly to payment for the costs of care in the institution, there shall be deducted from

the spouse’s monthly income the following amounts in the following order:

(D) Amounts for incurred expenses for medical or remedial care for the institutionalized spouse (as provided under section 1396a(r) of this title).

In subparagraph (C), the term “family member” only includes minor or dependent children, dependent parents, or dependent siblings of the institutionalized or community spouse who are residing with the community spouse.

(2) Community spouse monthly income allowance defined

In this section (except as provided in paragraph (5)), the “community spouse monthly income allowance” for a community spouse is an amount by which—

(A) except as provided in subsection (e) of this section, the minimum monthly maintenance needs allowance (established under and in accordance with paragraph (3)) for the spouse, exceeds

(B) the amount of monthly income otherwise available to the community spouse (determined without regard to such an allowance).

(3) Establishment of minimum monthly maintenance needs allowance

(A) In general

Each State shall establish a minimum monthly maintenance needs allowance for each community spouse which, subject to subparagraph (C), is equal to or exceeds—

(ii) an excess shelter allowance (as defined in paragraph (4)).

A revision of the official poverty line referred to in clause (i) shall apply to medical assistance furnished during and after the second calendar quarter that begins after the date of publication of the revision.

The minimum monthly maintenance needs allowance established under subparagraph (A) may not exceed \$1,500 (subject to adjustment under subsections (e) and (g) of this section).

(4) Excess shelter allowance defined

In paragraph (3)(A)(ii), the term “excess shelter allowance” means, for a community spouse, the amount by which the sum of—

(A) the spouse’s expenses for rent or mortgage payment (including principal and interest), taxes and insurance and, in the case of a condominium or cooperative, required maintenance charge, for the community spouse’s principal residence, and

(B) the standard utility allowance (used by the State under section 2014(e) of title 7) or, if the State does not use such an allowance, the spouse’s actual utility expenses,

exceeds 30 percent of the amount described in paragraph (3)(A)(i), except that, in the case of a condominium or cooperative, for which a maintenance charge is included under subparagraph (A), any allowance under subparagraph (B) shall be reduced to the extent the maintenance charge includes utility expenses.

(5) Court ordered support

If a court has entered an order against an institutionalized spouse for monthly income for the support of the community spouse, the community spouse monthly income allowance for the spouse shall be not less than the amount of the monthly income so ordered.

(e) Notice and fair hearing

(1) Notice

Upon—

(A) a determination of eligibility for medical assistance of an institutionalized spouse, or

(B) a request by either the institutionalized spouse, or the community spouse, or a representative acting on behalf of either spouse,

each State shall notify both spouses (in the case described in subparagraph (A)) or the spouse making the request (in the case described in subparagraph (B)) of the amount of the community spouse monthly income allowance (described in subsection (d)(1)(B) of this section), of the amount of any family allowances (described in subsection (d)(1)(C) of this section), of the method for computing the amount of the community spouse resources allowance permitted under subsection (f) of this section, and of the spouse’s right to a fair hearing under this subsection respecting ownership or availability of income or resources, and the determination of the community spouse monthly income or resource allowance.

Any such hearing respecting the determination of the community spouse resource allowance shall be held within 30 days of the date of the request for the hearing.

(B) Revision of minimum monthly maintenance needs allowance

If either such spouse establishes that the community spouse needs income, above the level otherwise provided by the minimum monthly maintenance needs allowance, due to exceptional circumstances resulting in significant financial duress, there shall be substituted, for the minimum monthly maintenance needs allowance in subsection (d)(2)(A) of this section, an amount adequate to provide such additional income as is necessary.

(C) Revision of community spouse resource allowance

If either such spouse establishes that the community spouse resource allowance (in relation to the amount of income generated by such an allowance) is inadequate to raise the community spouse’s income to the minimum monthly maintenance needs allowance, there shall be substituted, for the community spouse resource allowance under subsection (f)(2) of this section, an amount adequate to provide such a minimum monthly maintenance needs allowance.

(f) Permitting transfer of resources to community spouse

(1) In general

An institutionalized spouse may, without regard to section 1396p(c)(1) of this title, transfer an amount equal to the community spouse resource allowance (as defined in paragraph (2)), but only to the extent the resources of the institutionalized spouse are transferred to (or for the sole benefit of) the community spouse. (B) the amount of the resources otherwise available to the community spouse (determined without regard to such an allowance).

(3) Transfers under court orders

If a court has entered an order against an institutionalized spouse for the support of the community spouse, section 1396p of this title shall not apply to amounts of resources transferred pursuant to such order for the support of the spouse or a family member (as defined in subsection (d)(1) of this section).

For services furnished during a calendar year after 1989, the dollar amounts specified in subsections (d)(3)(C), (f)(2)(A)(i), and (f)(2)(A)(ii)(II) of this section shall be increased by the same percentage as the percentage increase in the consumer price index for all urban consumers (all items; U.S. city average) between September 1988 and the September before the calendar year involved.

§ 1396r-6. Extension of eligibility for medical assistance

(a) Initial 6-month extension

(1) Requirement

Notwithstanding any other provision of this subchapter, each State plan approved under this subchapter must provide that each family which was receiving aid pursuant to a plan of the State approved under part A of subchapter IV of this chapter in at least 3 of the 6 months immediately preceding the month in which such family becomes ineligible for such aid, because of hours of, or income from, employment of the caretaker relative (as defined in subsection (e) of this section) or because of section 602(a)(8)(B)(ii)(II)¹ of this title (providing for a time-limited earned income disregard), shall, subject to paragraph (3) and without any reapplication for benefits under the plan, remain eligible for assistance under the plan approved under this subchapter during the immediately succeeding 6-month period in accordance with this subsection.

(2) Notice of benefits

Each State, in the notice of termination of aid under part A of subchapter IV of this chapter sent to a family meeting the requirements of paragraph (1)—

(A) shall notify the family of its right to extended medical assistance under this subsection and include in the notice a description of the reporting requirement of subsection (b)(2)(B)(i) of this section and of the circumstances (described in paragraph (3))

¹ See References in Text note below.

under which such extension may be terminated; and

(B) shall include a card or other evidence of the family's entitlement to assistance under this subchapter for the period provided in this subsection.

(3) Termination of extension

(A) No dependent child

Subject to subparagraphs (B) and (C), extension of assistance during the 6-month period described in paragraph (1) to a family shall terminate (during such period) at the close of the first month in which the family ceases to include a child, whether or not the child is (or would if needy be) a dependent child under part A of subchapter IV of this chapter.

(B) Notice before termination

No termination of assistance shall become effective under subparagraph (A) until the State has provided the family with notice of the grounds for the termination.

(C) Continuation in certain cases until re-termination

With respect to a child who would cease to receive medical assistance because of subparagraph (A) but who may be eligible for assistance under the State plan because the child is described in clause (i) of section 1396d(a) of this title or clause (i)(IV), (i)(VI), (i)(VII), or (ii)(IX) of section 1396a(a)(10)(A) of this title, the State may not discontinue such assistance under such subparagraph until the State has determined that the child is not eligible for assistance under the plan.

(4) Scope of coverage

(A) In general

Subject to subparagraph (B), during the 6-month extension period under this subsection, the amount, duration, and scope of medical assistance made available with respect to a family shall be the same as if the family were still receiving aid under the plan approved under part A of subchapter IV of this chapter.

(B) State medicaid "wrap-around" option

A State, at its option, may pay a family's expenses for premiums, deductibles, coinsurance, and similar costs for health insurance or other health coverage offered by an employer of the caretaker relative or by an employer of the absent parent of a dependent child. In the case of such coverage offered by an employer of the caretaker relative—

(i) the State may require the caretaker relative, as a condition of extension of coverage under this subsection for the caretaker and the caretaker's family, to make application for such employer coverage, but only if—

(I) the caretaker relative is not required to make financial contributions for such coverage (whether through payroll deduction, payment of deductibles, coinsurance, or similar costs, or otherwise), and

(II) the State provides, directly or otherwise, for payment of any of the premium amount, deductible, coinsurance, or similar expense that the employee is otherwise required to pay; and

(ii) the State shall treat the coverage under such an employer plan as a third party liability (under section 1396a(a)(25) of this title).

Payments for premiums, deductibles, coinsurance, and similar expenses under this subparagraph shall be considered, for purposes of section 1396b(a) of this title, to be payments for medical assistance.

(b) Additional 6-month extension

(1) Requirement

Notwithstanding any other provision of this subchapter, each State plan approved under this subchapter shall provide that the State shall offer to each family, which has received assistance during the entire 6-month period under subsection (a) of this section and which meets the requirement of paragraph (2)(B)(i), in the last month of the period the option of extending coverage under this subsection for the succeeding 6-month period, subject to paragraph (3).

(2) Notice and reporting requirements

(A) Notices

(i) Notice during initial extension period of option and requirements

Each State, during the 3rd and 6th month of any extended assistance furnished to a family under subsection (a) of this section, shall notify the family of the family's option for additional extended assistance under this subsection. Each such notice shall include (I) in the 3rd month notice, a statement of the reporting requirement under subparagraph (B)(i), and, in the 6th month notice, a statement of the reporting requirement under subparagraph (B)(ii), (II) a statement as to whether any premiums are required for such additional extended assistance, and (III) a description of other out-of-pocket expenses, benefits, reporting and payment procedures, and any pre-existing condition limitations, waiting periods, or other coverage limitations imposed under any alternative coverage options offered under paragraph (4)(D). The 6th month notice under this subparagraph shall describe the amount of any premium required of a particular family for each of the first 3 months of additional extended assistance under this subsection.

(ii) Notice during additional extension period of reporting requirements and premiums

Each State, during the 3rd month of any additional extended assistance furnished to a family under this subsection, shall notify the family of the reporting requirement under subparagraph (B)(ii) and a statement of the amount of any premium required for such extended assistance for the succeeding 3 months.

(B) Reporting requirements**(i) During initial extension period**

Each State shall require (as a condition for additional extended assistance under this subsection) that a family receiving extended assistance under subsection (a) of this section report to the State, not later than the 21st day of the 4th month in the period of extended assistance under subsection (a) of this section, on the family's gross monthly earnings and on the family's costs for such child care as is necessary for the employment of the caretaker relative in each of the first 3 months of that period. A State may permit such additional extended assistance under this subsection notwithstanding a failure to report under this clause if the family has established, to the satisfaction of the State, good cause for the failure to report on a timely basis.

(ii) During additional extension period

Each State shall require that a family receiving extended assistance under this subsection report to the State, not later than the 21st day of the 1st month and of the 4th month in the period of additional extended assistance under this subsection, on the family's gross monthly earnings and on the family's costs for such child care as is necessary for the employment of the caretaker relative in each of the 3 preceding months.

(iii) Clarification on frequency of reporting

A State may not require that a family receiving extended assistance under this subsection or subsection (a) of this section report more frequently than as required under clause (i) or (ii).

(3) Termination of extension**(A) In general**

Subject to subparagraphs (B) and (C), extension of assistance during the 6-month period described in paragraph (1) to a family shall terminate (during the period) as follows:

(i) No dependent child

The extension shall terminate at the close of the first month in which the family ceases to include a child, whether or not the child is (or would if needy be) a dependent child under part A of subchapter IV of this chapter.

(ii) Failure to pay any premium

If the family fails to pay any premium for a month under paragraph (5) by the 21st day of the following month, the extension shall terminate at the close of that following month, unless the family has established, to the satisfaction of the State, good cause for the failure to pay such premium on a timely basis.

(iii) Quarterly income reporting and test

The extension under this subsection shall terminate at the close of the 1st or 4th month of the 6-month period if—

(I) the family fails to report to the State, by the 21st day of such month, the information required under paragraph (2)(B)(ii), unless the family has established, to the satisfaction of the State, good cause for the failure to report on a timely basis;

(II) the caretaker relative had no earnings in one or more of the previous 3 months, unless such lack of any earnings was due to an involuntary loss of employment, illness, or other good cause, established to the satisfaction of the State; or

(III) the State determines that the family's average gross monthly earnings (less such costs for such child care as is necessary for the employment of the caretaker relative) during the immediately preceding 3-month period exceed 185 percent of the official poverty line (as defined by the Office of Management and Budget, and revised annually in accordance with section 9902(2) of this title) applicable to a family of the size involved.

Information described in clause (iii)(I) shall be subject to the restrictions on use and disclosure of information provided under section 602(a)(9)² of this title. Instead of terminating a family's extension under clause (iii)(I), a State, at its option, may provide for suspension of the extension until the month after the month in which the family reports information required under paragraph (2)(B)(ii), but only if the family's extension has not otherwise been terminated under subclause (II) or (III) of clause (iii). The State shall make determinations under clause (iii)(III) for a family each time a report under paragraph (2)(B)(ii) for the family is received.

(B) Notice before termination

No termination of assistance shall become effective under subparagraph (A) until the State has provided the family with notice of the grounds for the termination, which notice shall include (in the case of termination under subparagraph (A)(iii)(II), relating to no continued earnings) a description of how the family may reestablish eligibility for medical assistance under the State plan. No such termination shall be effective earlier than 10 days after the date of mailing of such notice.

(C) Continuation in certain cases until re-termination**(i) Dependent children**

With respect to a child who would cease to receive medical assistance because of subparagraph (A)(i) but who may be eligible for assistance under the State plan because the child is described in clause (i) of section 1396d(a) of this title or clause (i)(IV), (i)(VI), (i)(VII), or (ii)(IX) of section 1396a(a)(10)(A) of this title, the State may not discontinue such assistance under such

²See References in Text note below.

subparagraph until the State has determined that the child is not eligible for assistance under the plan.

(ii) Medically needy

With respect to an individual who would cease to receive medical assistance because of clause (ii) or (iii) of subparagraph (A) but who may be eligible for assistance under the State plan because the individual is within a category of person for which medical assistance under the State plan is available under section 1396a(a)(10)(C) of this title (relating to medically needy individuals), the State may not discontinue such assistance under such subparagraph until the State has determined that the individual is not eligible for assistance under the plan.

(4) Coverage

(A) In general

During the extension period under this subsection—

(i) the State plan shall offer to each family medical assistance which (subject to subparagraphs (B) and (C)) is the same amount, duration, and scope as would be made available to the family if it were still receiving aid under the plan approved under part A of subchapter IV of this chapter; and

(ii) the State plan may offer alternative coverage described in subparagraph (D).

(B) Elimination of most non-acute care benefits

At a State's option and notwithstanding any other provision of this subchapter, a State may choose not to provide medical assistance under this subsection with respect to any (or all) of the items and services described in paragraphs (4)(A), (6), (7), (8), (11), (13), (14), (15), (16), (18), (20), and (21)³ of section 1396d(a) of this title.

(C) State medicaid "wrap-around" option

At a State's option, the State may elect to apply the option described in subsection (a)(4)(B) of this section (relating to "wrap-around" coverage) for families electing medical assistance under this subsection in the same manner as such option applies to families provided extended eligibility for medical assistance under subsection (a) of this section.

(D) Alternative assistance

At a State's option, the State may offer families a choice of health care coverage under one or more of the following, instead of the medical assistance otherwise made available under this subsection:

(i) Enrollment in family option of employer plan

Enrollment of the caretaker relative and dependent children in a family option of the group health plan offered to the caretaker relative.

(ii) Enrollment in family option of State employee plan

Enrollment of the caretaker relative and dependent children in a family option within the options of the group health plan or plans offered by the State to State employees.

(iii) Enrollment in State uninsured plan

Enrollment of the caretaker relative and dependent children in a basic State health plan offered by the State to individuals in the State (or areas of the State) otherwise unable to obtain health insurance coverage.

(iv) Enrollment in medicaid managed care organization

Enrollment of the caretaker relative and dependent children in a medicaid managed care organization (as defined in section 1396b(m)(1)(A) of this title).

If a State elects to offer an option to enroll a family under this subparagraph, the State shall pay any premiums and other costs for such enrollment imposed on the family and may pay deductibles and coinsurance imposed on the family. A State's payment of premiums for the enrollment of families under this subparagraph (not including any premiums otherwise payable by an employer and less the amount of premiums collected from such families under paragraph (5)) and payment of any deductibles and coinsurance shall be considered, for purposes of section 1396b(a)(1) of this title, to be payments for medical assistance.

(E) Prohibition on cost-sharing for maternity and preventive pediatric care

(i) In general

If a State offers any alternative option under subparagraph (D) for families, under each such option the State must assure that care described in clause (ii) is available without charge to the families through—

(I) payment of any deductibles, coinsurance, and other cost-sharing respecting such care, or

(II) providing coverage under the State plan for such care without any cost-sharing,

or any combination of such mechanisms.

(ii) Care described

The care described in this clause consists of—

(I) services related to pregnancy (including prenatal, delivery, and post partum services), and

(II) ambulatory preventive pediatric care (including ambulatory early and periodic screening, diagnosis, and treatment services under section 1396d(a)(4)(B) of this title) for each child who meets the age and date of birth requirements to be a qualified child under section 1396d(n)(2) of this title.

³See References in Text note below.

(5) Premium**(A) Permitted**

Notwithstanding any other provision of this subchapter (including section 1396o of this title), a State may impose a premium for a family for additional extended coverage under this subsection for a premium payment period (as defined in subparagraph (D)(i)), but only if the family's average gross monthly earnings (less the average monthly costs for such child care as is necessary for the employment of the caretaker relative) for the premium base period exceed 100 percent of the official poverty line (as defined by the Office of Management and Budget, and revised annually in accordance with section 9902(2) of this title) applicable to a family of the size involved.

(B) Level may vary by option offered

The level of such premium may vary, for the same family, for each option offered by a State under paragraph (4)(D).

(C) Limit on premium

In no case may the amount of any premium under this paragraph for a family for a month in either of the premium payment periods described in subparagraph (D)(i) exceed 3 percent of the family's average gross monthly earnings (less the average monthly costs for such child care as is necessary for the employment of the caretaker relative) during the premium base period (as defined in subparagraph (D)(ii)).

(D) Definitions

In this paragraph:

(i) A "premium payment period" described in this clause is a 3-month period beginning with the 1st or 4th month of the 6-month additional extension period provided under this subsection.

(ii) The term "premium base period" means, with respect to a particular premium payment period, the period of 3 consecutive months the last of which is 4 months before the beginning of that premium payment period.

(c) Applicability in States and territories**(1) States operating under demonstration projects**

In the case of any State which is providing medical assistance to its residents under a waiver granted under section 1315(a) of this title, the Secretary shall require the State to meet the requirements of this section in the same manner as the State would be required to meet such requirement if the State had in effect a plan approved under this subchapter.

(2) Inapplicability in commonwealths and territories

The provisions of this section shall only apply to the 50 States and the District of Columbia.

(d) General disqualification for fraud**(1) Ineligibility for aid**

This section shall not apply to an individual who is a member of a family which has re-

ceived aid under part A of subchapter IV of this chapter if the State makes a finding that, at any time during the last 6 months in which the family was receiving such aid before otherwise being provided extended eligibility under this section, the individual was ineligible for such aid because of fraud.

(2) General disqualifications

For additional provisions relating to fraud and program abuse, see sections 1320a-7, 1320a-7a, and 1320a-7b of this title.

(e) "Caretaker relative" defined

In this section, the term "caretaker relative" has the meaning of such term as used in part A of subchapter IV of this chapter.

(f) Sunset

This section shall not apply with respect to families that cease to be eligible for aid under part A of subchapter IV of this chapter after September 30, 2002.

§ 1396r-8. Payment for covered outpatient drugs

(a) Requirement for rebate agreement

(1) In general

In order for payment to be available under section 1396b(a) of this title for covered outpatient drugs of a manufacturer, the manufacturer must have entered into and have in effect a rebate agreement described in subsection (b) of this section with the Secretary, on behalf of States (except that, the Secretary may authorize a State to enter directly into agreements with a manufacturer), and must meet the requirements of paragraph (5) (with respect to drugs purchased by a covered entity on or after the first day of the first month that begins after November 4, 1992) and paragraph (6). Any agreement between a State and a manufacturer prior to April 1, 1991, shall be deemed to have been entered into on January 1, 1991, and payment to such manufacturer shall be retroactively calculated as if the agreement between the manufacturer and the State had been entered into on January 1, 1991. If a manufacturer has not entered into such an agreement before March 1, 1991, such an agreement, subsequently entered into, shall become effective as of the date on which the agreement is entered into or, at State option, on any date thereafter on or before the first day of the calendar quarter that begins more than 60 days after the date the agreement is entered into.

(2) Effective date

Paragraph (1) shall first apply to drugs dispensed under this subchapter on or after January 1, 1991.

(3) Authorizing payment for drugs not covered under rebate agreements

Paragraph (1), and section 1396b(i)(10)(A) of this title, shall not apply to the dispensing of a single source drug or innovator multiple source drug if (A)(i) the State has made a determination that the availability of the drug is essential to the health of beneficiaries under the State plan for medical assistance; (ii) such drug has been given a rating of 1-A by the Food and Drug Administration; and (iii)(I) the physician has obtained approval for use of the drug in advance of its dispensing in accordance with a prior authorization program described in subsection (d) of this section, or (II) the Secretary has reviewed and approved the State's determination under subparagraph (A); or (B) the Secretary determines that in the first calendar quarter of 1991, there were extenuating circumstances.

(4) Effect on existing agreements

In the case of a rebate agreement in effect between a State and a manufacturer on November 5, 1990, such agreement, for the initial

agreement period specified therein, shall be considered to be a rebate agreement in compliance with this section with respect to that State, if the State agrees to report to the Secretary any rebates paid pursuant to the agreement and such agreement provides for a minimum aggregate rebate of 10 percent of the State's total expenditures under the State plan for coverage of the manufacturer's drugs under this subchapter. If, after the initial agreement period, the State establishes to the satisfaction of the Secretary that an agreement in effect on November 5, 1990, provides for rebates that are at least as large as the rebates otherwise required under this section, and the State agrees to report any rebates under the agreement to the Secretary, the agreement shall be considered to be a rebate agreement in compliance with the section for the renewal periods of such agreement.

(5) Limitation on prices of drugs purchased by covered entities

(A) Agreement with Secretary

(ii) State agency

Each such single State agency shall provide a means by which a covered entity shall indicate on any drug reimbursement claims form (or format, where electronic claims management is used) that a unit of the drug that is the subject of the form is subject to an agreement under section 256b of this title, and not submit to any manufacturer a claim for a rebate payment under subsection (b) of this section with respect to such a drug.

(D) Effect of subsequent amendments

In determining whether an agreement under subparagraph (A) meets the require-

ments of section 256b of this title, the Secretary shall not take into account any amendments to such section that are enacted after November 4, 1992.

(E) Determination of compliance

A manufacturer is deemed to meet the requirements of this paragraph if the manufacturer establishes to the satisfaction of the Secretary that the manufacturer would comply (and has offered to comply) with the provisions of section 256b of this title (as in effect immediately after November 4, 1992) and would have entered into an agreement under such section (as such section was in effect at such time), but for a legislative change in such section after November 4, 1992.

(2) State provision of information

(A) State responsibility

Each State agency under this subchapter shall report to each manufacturer not later than 60 days after the end of each rebate period and in a form consistent with a standard reporting format established by the Secretary, information on the total number of units of each dosage form and strength and package size of each covered outpatient drug dispensed after December 31, 1990, for which payment was made under the plan during the period, and shall promptly transmit a copy of such report to the Secretary.

Any manufacturer with an agreement under this section that knowingly provides false information is subject to a civil money penalty in an amount not to exceed \$100,000 for each item of false information. Such civil money penalties are in addition to other penalties as may be prescribed by law. The provisions of section 1320a-7a of this title (other than subsections (a) and (b)) shall apply to a civil money penalty under this subparagraph in the same manner as such provisions apply to a penalty or proceeding under section 1320a-7a(a) of this title.

(ii) the amount (if any) by which—

(I) the average manufacturer price for the dosage form and strength of the drug for the period, exceeds

(II) the average manufacturer price for such dosage form and strength for the calendar quarter beginning July 1, 1990 (without regard to whether or not the drug has been sold or transferred to an entity, including a division or subsidiary of the manufacturer, after the first day of such quarter), increased by the percentage by which the consumer price index for all urban consumers (United States city average) for the month before the month in which the rebate period begins exceeds such index for September 1990.

(B) Treatment of subsequently approved drugs

In the case of a covered outpatient drug approved by the Food and Drug Administration after October 1, 1990, clause (ii)(II) of subparagraph (A) shall be applied by substituting “the first full calendar quarter after the day on which the drug was first marketed” for “the calendar quarter beginning July 1, 1990” and “the month prior to the first month of the first full calendar quarter after the day on which the drug was first marketed” for “September 1990”.

(3) Rebate for other drugs

(A) In general

The amount of the rebate paid to a State for a rebate period with respect to each dosage form and strength of covered outpatient drugs (other than single source drugs and innovator multiple source drugs) shall be equal to the product of—

(i) the applicable percentage (as described in subparagraph (B)) of the average manufacturer price for the dosage form and strength for the rebate period, and

(ii) the total number of units of such dosage form and strength dispensed after De-

ember 31, 1990, for which payment was made under the State plan for the rebate period.

(B) “Applicable percentage” defined

For purposes of subparagraph (A)(i), the “applicable percentage” for rebate periods beginning—

- (i) before January 1, 1994, is 10 percent, and
- (ii) after December 31, 1993, is 11 percent.

(d) Limitations on coverage of drugs

(1) Permissible restrictions

(A) A State may subject to prior authorization any covered outpatient drug. Any such prior authorization program shall comply with the requirements of paragraph (5).

(B) A State may exclude or otherwise restrict coverage of a covered outpatient drug if—

- (i) the prescribed use is not for a medically accepted indication (as defined in subsection (k)(6) of this section);
- (ii) the drug is contained in the list referred to in paragraph (2);
- (iii) the drug is subject to such restrictions pursuant to an agreement between a manufacturer and a State authorized by the Secretary under subsection (a)(1) of this section or in effect pursuant to subsection (a)(4) of this section; or
- (iv) the State has excluded coverage of the drug from its formulary established in accordance with paragraph (4).

(2) List of drugs subject to restriction

The following drugs or classes of drugs, or their medical uses, may be excluded from coverage or otherwise restricted:

- (A) Agents when used for anorexia, weight loss, or weight gain.
- (B) Agents when used to promote fertility.
- (C) Agents when used for cosmetic purposes or hair growth.
- (D) Agents when used for the symptomatic relief of cough and colds.
- (E) Agents when used to promote smoking cessation.
- (F) Prescription vitamins and mineral products, except prenatal vitamins and fluoride preparations.
- (G) Nonprescription drugs.
- (H) Covered outpatient drugs which the manufacturer seeks to require as a condition of sale that associated tests or monitoring services be purchased exclusively from the manufacturer or its designee.
- (I) Barbiturates.
- (J) Benzodiazepines.

(3) Update of drug listings

The Secretary shall, by regulation, periodically update the list of drugs or classes of drugs described in paragraph (2) or their medical uses, which the Secretary has determined, based on data collected by surveillance and utilization review programs of State medical assistance programs, to be subject to clinical abuse or inappropriate use.

(4) Requirements for formularies

A State may establish a formulary if the formulary meets the following requirements:

(A) The formulary is developed by a committee consisting of physicians, pharmacists, and other appropriate individuals appointed by the Governor of the State (or, at the option of the State, the State’s drug use review board established under subsection (g)(3) of this section).

(B) Except as provided in subparagraph (C), the formulary includes the covered outpatient drugs of any manufacturer which has entered into and complies with an agreement under subsection (a) of this section (other than any drug excluded from coverage or otherwise restricted under paragraph (2)).

(C) A covered outpatient drug may be excluded with respect to the treatment of a specific disease or condition for an identified population (if any) only if, based on the drug’s labeling (or, in the case of a drug the prescribed use of which is not approved under the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 301 et seq.] but is a medically accepted indication, based on information from the appropriate compendia described in subsection (k)(6) of this section), the excluded drug does not have a significant, clinically meaningful therapeutic advantage in terms of safety, effectiveness, or clinical outcome of such treatment for such population over other drugs included in the formulary and there is a written explanation (available to the public) of the basis for the exclusion.

(D) The State plan permits coverage of a drug excluded from the formulary (other than any drug excluded from coverage or otherwise restricted under paragraph (2)) pursuant to a prior authorization program that is consistent with paragraph (5).

(E) The formulary meets such other requirements as the Secretary may impose in order to achieve program savings consistent with protecting the health of program beneficiaries.

A prior authorization program established by a State under paragraph (5) is not a formulary subject to the requirements of this paragraph.

(5) Requirements of prior authorization programs

A State plan under this subchapter may require, as a condition of coverage or payment for a covered outpatient drug for which Federal financial participation is available in accordance with this section, with respect to drugs dispensed on or after July 1, 1991, the approval of the drug before its dispensing for any medically accepted indication (as defined in subsection (k)(6) of this section) only if the system providing for such approval—

(A) provides response by telephone or other telecommunication device within 24 hours of a request for prior authorization; and

(B) except with respect to the drugs on the list referred to in paragraph (2), provides for the dispensing of at least 72-hour supply of a covered outpatient prescription drug in an emergency situation (as defined by the Secretary).

(6) Other permissible restrictions

A State may impose limitations, with respect to all such drugs in a therapeutic class, on the minimum or maximum quantities per prescription or on the number of refills, if such limitations are necessary to discourage waste, and may address instances of fraud or abuse by individuals in any manner authorized under this chapter.

(e) Treatment of pharmacy reimbursement limits**(1) In general**

During the period beginning on January 1, 1991, and ending on December 31, 1994—

(A) a State may not reduce the payment limits established by regulation under this subchapter or any limitation described in paragraph (3) with respect to the ingredient cost of a covered outpatient drug or the dispensing fee for such a drug below the limits in effect as of January 1, 1991, and

(B) except as provided in paragraph (2), the Secretary may not modify by regulation the formula established under sections 447.331 through 447.334 of title 42, Code of Federal Regulations, in effect on November 5, 1990, to reduce the limits described in subparagraph (A).

(2) Special rule

If a State is not in compliance with the regulations described in paragraph (1)(B), paragraph (1)(A) shall not apply to such State until such State is in compliance with such regulations.

(3) Effect on State maximum allowable cost limitations

This section shall not supersede or affect provisions in effect prior to January 1, 1991, or after December 31, 1994, relating to any maximum allowable cost limitation established by a State for payment by the State for covered outpatient drugs, and rebates shall be made under this section without regard to whether or not payment by the State for such drugs is subject to such a limitation or the amount of such a limitation.

[(4)]² Establishment of upper payment limits

HCFA shall establish a Federal upper reimbursement limit for each multiple source drug for which the FDA has rated three or more products therapeutically and pharmaceutically equivalent, regardless of whether all such additional formulations are rated as such and shall use only such formulations when determining any such upper limit.

(f) Repealed and redesignated

(1) **Repealed. Pub. L. 103-66, title XIII, § 13602(a)(1), Aug. 10, 1993, 107 Stat. 613**

(2) **Redesignated (e)[(4)]**

(g) Drug use review**(1) In general**

(A) In order to meet the requirement of section 1396b(i)(10)(B) of this title, a State shall provide, by not later than January 1, 1993, for

a drug use review program described in paragraph (2) for covered outpatient drugs in order to assure that prescriptions (i) are appropriate, (ii) are medically necessary, and (iii) are not likely to result in adverse medical results. The program shall be designed to educate physicians and pharmacists to identify and reduce the frequency of patterns of fraud, abuse, gross overuse, or inappropriate or medically unnecessary care, among physicians, pharmacists, and patients, or associated with specific drugs or groups of drugs, as well as potential and actual severe adverse reactions to drugs including education on therapeutic appropriateness, overutilization and underutilization, appropriate use of generic products, therapeutic duplication, drug-disease contraindications, drug-drug interactions, incorrect drug dosage or duration of drug treatment, drug-allergy interactions, and clinical abuse/misuse.

(B) The program shall assess data on drug use against predetermined standards, consistent with the following:

(i) compendia which shall consist of the following:

(I) American Hospital Formulary Service Drug Information;

(II) United States Pharmacopeia-Drug Information;

(III) the DRUGDEX Information System; and

(IV) American Medical Association Drug Evaluations; and

(ii) the peer-reviewed medical literature.

(C) The Secretary, under the procedures established in section 1396b of this title, shall pay to each State an amount equal to 75 per centum of so much of the sums expended by the State plan during calendar years 1991 through 1993 as the Secretary determines is attributable to the statewide adoption of a drug use review program which conforms to the requirements of this subsection.

(D) States shall not be required to perform additional drug use reviews with respect to drugs dispensed to residents of nursing facilities which are in compliance with the drug regimen review procedures prescribed by the Secretary for such facilities in regulations implementing section 1396r of this title, currently at section 483.60 of title 42, Code of Federal Regulations.

(2) Description of program

Each drug use review program shall meet the following requirements for covered outpatient drugs:

(A) Prospective drug review

(i) The State plan shall provide for a review of drug therapy before each prescription is filled or delivered to an individual receiving benefits under this subchapter, typically at the point-of-sale or point of distribution. The review shall include screening for potential drug therapy problems due to therapeutic duplication, drug-disease contraindications, drug-drug interactions (including serious interactions with non-prescription or over-the-counter drugs), in-

² See 1993 Amendment note below.

correct drug dosage or duration of drug treatment, drug-allergy interactions, and clinical abuse/misuse. Each State shall use the compendia and literature referred to in paragraph (1)(B) as its source of standards for such review.

(ii) As part of the State's prospective drug use review program under this subparagraph applicable State law shall establish standards for counseling of individuals receiving benefits under this subchapter by pharmacists which includes at least the following:

(I) The pharmacist must offer to discuss with each individual receiving benefits under this subchapter or caregiver of such individual (in person, whenever practicable, or through access to a telephone service which is toll-free for long-distance calls) who presents a prescription, matters which in the exercise of the pharmacist's professional judgment (consistent with State law respecting the provision of such information), the pharmacist deems significant including the following:

(aa) The name and description of the medication.

(bb) The route, dosage form, dosage, route of administration, and duration of drug therapy.

(cc) Special directions and precautions for preparation, administration and use by the patient.

(dd) Common severe side or adverse effects or interactions and therapeutic contraindications that may be encountered, including their avoidance, and the action required if they occur.

(ee) Techniques for self-monitoring drug therapy.

(ff) Proper storage.

(gg) Prescription refill information.

(hh) Action to be taken in the event of a missed dose.

(II) A reasonable effort must be made by the pharmacist to obtain, record, and maintain at least the following information regarding individuals receiving benefits under this subchapter:

(aa) Name, address, telephone number, date of birth (or age) and gender.

(bb) Individual history where significant, including disease state or states, known allergies and drug reactions, and a comprehensive list of medications and relevant devices.

(cc) Pharmacist comments relevant to the individual's drug therapy.

Nothing in this clause shall be construed as requiring a pharmacist to provide consultation when an individual receiving benefits under this subchapter or caregiver of such individual refuses such consultation.

(B) Retrospective drug use review

The program shall provide, through its mechanized drug claims processing and information retrieval systems (approved by the Secretary under section 1396b(r) of this title) or otherwise, for the ongoing periodic

examination of claims data and other records in order to identify patterns of fraud, abuse, gross overuse, or inappropriate or medically unnecessary care, among physicians, pharmacists and individuals receiving benefits under this subchapter, or associated with specific drugs or groups of drugs.

(C) Application of standards

The program shall, on an ongoing basis, assess data on drug use against explicit predetermined standards (using the compendia and literature referred to in subsection³ (1)(B) as the source of standards for such assessment) including but not limited to monitoring for therapeutic appropriateness, overutilization and underutilization, appropriate use of generic products, therapeutic duplication, drug-disease contraindications, drug-drug interactions, incorrect drug dosage or duration of drug treatment, and clinical abuse/misuse and, as necessary, introduce remedial strategies, in order to improve the quality of care and to conserve program funds or personal expenditures.

(D) Educational program

The program shall, through its State drug use review board established under paragraph (3), either directly or through contracts with accredited health care educational institutions, State medical societies or State pharmacists associations/societies or other organizations as specified by the State, and using data provided by the State drug use review board on common drug therapy problems, provide for active and ongoing educational outreach programs (including the activities described in paragraph (3)(C)(iii) of this subsection) to educate practitioners on common drug therapy problems with the aim of improving prescribing or dispensing practices.

(3) State drug use review board

(A) Establishment

Each State shall provide for the establishment of a drug use review board (hereinafter referred to as the "DUR Board") either directly or through a contract with a private organization.

(B) Membership

The membership of the DUR Board shall include health care professionals who have recognized knowledge and expertise in one or more of the following:

(i) The clinically appropriate prescribing of covered outpatient drugs.

(ii) The clinically appropriate dispensing and monitoring of covered outpatient drugs.

(iii) Drug use review, evaluation, and intervention.

(iv) Medical quality assurance.

The membership of the DUR Board shall be made up at least $\frac{1}{3}$ but no more than 51 percent licensed and actively practicing physicians and at least $\frac{1}{3}$ * * *⁴ licensed and actively practicing pharmacists.

³So in original. Probably should be "paragraph".

⁴So in original.

(C) Activities

The activities of the DUR Board shall include but not be limited to the following:

(i) Retrospective DUR as defined in section⁵ (2)(B).

(ii) Application of standards as defined in section⁵ (2)(C).

(iii) Ongoing interventions for physicians and pharmacists, targeted toward therapy problems or individuals identified in the course of retrospective drug use reviews performed under this subsection. Intervention programs shall include, in appropriate instances, at least:

(I) information dissemination sufficient to ensure the ready availability to physicians and pharmacists in the State of information concerning its duties, powers, and basis for its standards;

(II) written, oral, or electronic reminders containing patient-specific or drug-specific (or both) information and suggested changes in prescribing or dispensing practices, communicated in a manner designed to ensure the privacy of patient-related information;

(III) use of face-to-face discussions between health care professionals who are experts in rational drug therapy and selected prescribers and pharmacists who have been targeted for educational intervention, including discussion of optimal prescribing, dispensing, or pharmacy care practices, and follow-up face-to-face discussions; and

(IV) intensified review or monitoring of selected prescribers or dispensers.

The Board shall re-evaluate interventions after an appropriate period of time to determine if the intervention improved the quality of drug therapy, to evaluate the success of the interventions and make modifications as necessary.

(D) Annual report

Each State shall require the DUR Board to prepare a report on an annual basis. The State shall submit a report on an annual basis to the Secretary which shall include a description of the activities of the Board, including the nature and scope of the prospective and retrospective drug use review programs, a summary of the interventions used, an assessment of the impact of these educational interventions on quality of care, and an estimate of the cost savings generated as a result of such program. The Secretary shall utilize such report in evaluating the effectiveness of each State's drug use review program.

(h) Electronic claims management**(1) In general**

In accordance with chapter 35 of title 44 (relating to coordination of Federal information policy), the Secretary shall encourage each State agency to establish, as its principal means of processing claims for covered out-

patient drugs under this subchapter, a point-of-sale electronic claims management system, for the purpose of performing on-line, real time eligibility verifications, claims data capture, adjudication of claims, and assisting pharmacists (and other authorized persons) in applying for and receiving payment.

(2) Encouragement

In order to carry out paragraph (1)—

(A) for calendar quarters during fiscal years 1991 and 1992, expenditures under the State plan attributable to development of a system described in paragraph (1) shall receive Federal financial participation under section 1396b(a)(3)(A)(i) of this title (at a matching rate of 90 percent) if the State acquires, through applicable competitive procurement process in the State, the most cost-effective telecommunications network and automatic data processing services and equipment; and

(B) the Secretary may permit, in the procurement described in subparagraph (A) in the application of part 433 of title 42, Code of Federal Regulations, and parts 95, 205, and 307 of title 45, Code of Federal Regulations, the substitution of the State's request for proposal in competitive procurement for advance planning and implementation documents otherwise required.

(i) Omitted**(j) Exemption of organized health care settings**

(1) Covered outpatient drugs dispensed by health maintenance organizations, including medicaid managed care organizations that contract under section 1396b(m) of this title, are not subject to the requirements of this section.

(2) The State plan shall provide that a hospital (providing medical assistance under such plan) that dispenses covered outpatient drugs using drug formulary systems, and bills the plan no more than the hospital's purchasing costs for covered outpatient drugs (as determined under the State plan) shall not be subject to the requirements of this section.

(3) Nothing in this subsection shall be construed as providing that amounts for covered outpatient drugs paid by the institutions described in this subsection should not be taken into account for purposes of determining the best price as described in subsection (c) of this section.

(k) Definitions

In this section—

(1) Average manufacturer price

The term "average manufacturer price" means, with respect to a covered outpatient drug of a manufacturer for a rebate period, the average price paid to the manufacturer for the drug in the United States by wholesalers for drugs distributed to the retail pharmacy class of trade, after deducting customary prompt pay discounts.

(2) Covered outpatient drug

Subject to the exceptions in paragraph (3), the term "covered outpatient drug" means—

(A) of those drugs which are treated as prescribed drugs for purposes of section

⁵So in original. Probably should be "paragraph".

1396d(a)(12) of this title, a drug which may be dispensed only upon prescription (except as provided in paragraph (5)), and—

(i) which is approved for safety and effectiveness as a prescription drug under section 505 [21 U.S.C. 355] or 507⁶ of the Federal Food, Drug, and Cosmetic Act or which is approved under section 505(j) of such Act [21 U.S.C. 355(j)];

(ii)(I) which was commercially used or sold in the United States before October 10, 1962, or which is identical, similar, or related (within the meaning of section 310.6(b)(1) of title 21 of the Code of Federal Regulations) to such a drug, and (II) which has not been the subject of a final determination by the Secretary that it is a “new drug” (within the meaning of section 201(p) of the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 321(p)]) or an action brought by the Secretary under section 301, 302(a), or 304(a) of such Act [21 U.S.C. 331, 332(a), 334(a)] to enforce section 502(f) or 505(a) of such Act [21 U.S.C. 352(f), 355(a)]; or

(iii)(I) which is described in section 107(c)(3) of the Drug Amendments of 1962 and for which the Secretary has determined there is a compelling justification for its medical need, or is identical, similar, or related (within the meaning of section 310.6(b)(1) of title 21 of the Code of Federal Regulations) to such a drug, and (II) for which the Secretary has not issued a notice of an opportunity for a hearing under section 505(e) of the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 355(e)] on a proposed order of the Secretary to withdraw approval of an application for such drug under such section because the Secretary has determined that the drug is less than effective for some or all conditions of use prescribed, recommended, or suggested in its labeling; and

(B) a biological product, other than a vaccine which—

(i) may only be dispensed upon prescription,

(ii) is licensed under section 262 of this title, and

(iii) is produced at an establishment licensed under such section to produce such product; and

(C) insulin certified under section 506⁶ of the Federal Food, Drug, and Cosmetic Act.

(3) Limiting definition

The term “covered outpatient drug” does not include any drug, biological product, or insulin provided as part of, or as incident to and in the same setting as, any of the following (and for which payment may be made under this subchapter as part of payment for the following and not as direct reimbursement for the drug):

(A) Inpatient hospital services.

(B) Hospice services.

(C) Dental services, except that drugs for which the State plan authorizes direct reim-

bursement to the dispensing dentist are covered outpatient drugs.

(D) Physicians' services.

(E) Outpatient hospital services.

(F) Nursing facility services and services provided by an intermediate care facility for the mentally retarded.

(G) Other laboratory and x-ray services.

(H) Renal dialysis.

Such term also does not include any such drug or product for which a National Drug Code number is not required by the Food and Drug Administration or a drug or biological⁷ used for a medical indication which is not a medically accepted indication. Any drug, biological product, or insulin excluded from the definition of such term as a result of this paragraph shall be treated as a covered outpatient drug for purposes of determining the best price (as defined in subsection (c)(1)(C) of this section) for such drug, biological product, or insulin.

(4) Nonprescription drugs

If a State plan for medical assistance under this subchapter includes coverage of prescribed drugs as described in section 1396d(a)(12) of this title and permits coverage of drugs which may be sold without a prescription (commonly referred to as “over-the-counter” drugs), if they are prescribed by a physician (or other person authorized to prescribe under State law), such a drug shall be regarded as a covered outpatient drug.

(5) Manufacturer

The term “manufacturer” means any entity which is engaged in—

(A) the production, preparation, propagation, compounding, conversion, or processing of prescription drug products, either directly or indirectly by extraction from substances of natural origin, or independently by means of chemical synthesis, or by a combination of extraction and chemical synthesis, or

(B) in the packaging, repackaging, labeling, relabeling, or distribution of prescription drug products.

Such term does not include a wholesale distributor of drugs or a retail pharmacy licensed under State law.

(6) Medically accepted indication

The term “medically accepted indication” means any use for a covered outpatient drug which is approved under the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 301 et seq.] or the use of which is supported by one or more citations included or approved for inclusion in any of the compendia described in subsection (g)(1)(B)(i) of this section.

(7) Multiple source drug; innovator multiple source drug; noninnovator multiple source drug; single source drug

(A) Defined

(i) Multiple source drug

The term “multiple source drug” means, with respect to a rebate period, a covered

⁶See References in Text note below.

outpatient drug (not including any drug described in paragraph (5)) for which there are 2 or more drug products which—

(I) are rated as therapeutically equivalent (under the Food and Drug Administration's most recent publication of "Approved Drug Products with Therapeutic Equivalence Evaluations"),

(II) except as provided in subparagraph (B), are pharmaceutically equivalent and bioequivalent, as defined in subparagraph (C) and as determined by the Food and Drug Administration, and

(III) are sold or marketed in the State during the period.

(ii) Innovator multiple source drug

The term "innovator multiple source drug" means a multiple source drug that was originally marketed under an original new drug application approved by the Food and Drug Administration.

(iii) Noninnovator multiple source drug

The term "noninnovator multiple source drug" means a multiple source drug that is not an innovator multiple source drug.

(iv) Single source drug

The term "single source drug" means a covered outpatient drug which is produced or distributed under an original new drug application approved by the Food and Drug Administration, including a drug product marketed by any cross-licensed producers or distributors operating under the new drug application.

(B) Exception

Subparagraph (A)(i)(II) shall not apply if the Food and Drug Administration changes by regulation the requirement that, for purposes of the publication described in subparagraph (A)(i)(I), in order for drug products to be rated as therapeutically equivalent, they must be pharmaceutically equivalent and bioequivalent, as defined in subparagraph (C).

(C) Definitions

For purposes of this paragraph—

(i) drug products are pharmaceutically equivalent if the products contain identical amounts of the same active drug ingredient in the same dosage form and meet compendial or other applicable standards of strength, quality, purity, and identity;

(ii) drugs are bioequivalent if they do not present a known or potential bioequivalence problem, or, if they do present such a problem, they are shown to meet an appropriate standard of bioequivalence; and

(iii) a drug product is considered to be sold or marketed in a State if it appears in a published national listing of average wholesale prices selected by the Secretary, provided that the listed product is generally available to the public through retail pharmacies in that State.

(8) Rebate period

The term "rebate period" means, with respect to an agreement under subsection (a) of

this section, a calendar quarter or other period specified by the Secretary with respect to the payment of rebates under such agreement.

(9) State agency

The term "State agency" means the agency designated under section 1396a(a)(5) of this title to administer or supervise the administration of the State plan for medical assistance.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 256b, 1396a, 1396b of this title; title 38 section 8126.

§ 1396s. Program for distribution of pediatric vaccines

(a) Establishment of program

(1) In general

In order to meet the requirement of section 1396a(a)(62) of this title, each State shall establish a pediatric vaccine distribution program (which may be administered by the State department of health), consistent with the requirements of this section, under which—

(A) each vaccine-eligible child (as defined in subsection (b) of this section), in receiving an immunization with a qualified pediatric vaccine (as defined in subsection (h)(8) of this section) from a program-registered provider (as defined in subsection (c) of this section) on or after October 1, 1994, is entitled to receive the immunization without charge for the cost of such vaccine; and

(B)(i) each program-registered provider who administers such a pediatric vaccine to a vaccine-eligible child on or after such date is entitled to receive such vaccine under the program without charge either for the vaccine or its delivery to the provider, and (ii) no vaccine is distributed under the program to a provider unless the provider is a program-registered provider.

(2) Delivery of sufficient quantities of pediatric vaccines to immunize federally vaccine-eligible children

(A) In general

The Secretary shall provide under subsection (d) of this section for the purchase and delivery on behalf of each State meeting the requirement of section 1396a(a)(62) of this title (or, with respect to vaccines administered by an Indian tribe or tribal organization to Indian children, directly to the tribe or organization), without charge to the State, of such quantities of qualified pediatric vaccines as may be necessary for the administration of such vaccines to all federally vaccine-eligible children in the State on

or after October 1, 1994. This paragraph constitutes budget authority in advance of appropriations Acts, and represents the obligation of the Federal Government to provide for the purchase and delivery to States of the vaccines (or payment under subparagraph (C)) in accordance with this paragraph.

(B) Special rules where vaccine is unavailable

To the extent that a sufficient quantity of a vaccine is not available for purchase or delivery under subsection (d) of this section, the Secretary shall provide for the purchase and delivery of the available vaccine in accordance with priorities established by the Secretary, with priority given to federally vaccine-eligible children unless the Secretary finds there are other public health considerations.

(C) Special rules where State is a manufacturer

(i) Payments in lieu of vaccines

In the case of a State that manufactures a pediatric vaccine the Secretary, instead of providing the vaccine on behalf of a State under subparagraph (A), shall provide to the State an amount equal to the value of the quantity of such vaccine that otherwise would have been delivered on behalf of the State under such subparagraph, but only if the State agrees that such payments will only be used for purposes relating to pediatric immunizations.

(ii) Determination of value

In determining the amount to pay a State under clause (i) with respect to a pediatric vaccine, the value of the quantity of vaccine shall be determined on the basis of the price in effect for the qualified pediatric vaccine under contracts under subsection (d) of this section. If more than 1 such contract is in effect, the Secretary shall determine such value on the basis of the average of the prices under the contracts, after weighting each such price in relation to the quantity of vaccine under the contract involved.

(b) Vaccine-eligible children

For purposes of this section:

(1) In general

The term “vaccine-eligible child” means a child who is a federally vaccine-eligible child (as defined in paragraph (2)) or a State vaccine-eligible child (as defined in paragraph (3)).

(2) Federally vaccine-eligible child

(A) In general

The term “federally vaccine-eligible child” means any of the following children:

- (i) A medicaid-eligible child.
- (ii) A child who is not insured.
- (iii) A child who (I) is administered a qualified pediatric vaccine by a federally-qualified health center (as defined in section 1396d(7)(2)(B) of this title) or a rural

health clinic (as defined in section 1396d(7)(1) of this title), and (II) is not insured with respect to the vaccine.

(iv) A child who is an Indian (as defined in subsection (h)(3) of this section).

(B) Definitions

In subparagraph (A):

(i) The term “medicaid-eligible” means, with respect to a child, a child who is entitled to medical assistance under a state¹ plan approved under this subchapter.

(ii) The term “insured” means, with respect to a child—

(I) for purposes of subparagraph (A)(ii), that the child is enrolled under, and entitled to benefits under, a health insurance policy or plan, including a group health plan, a prepaid health plan, or an employee welfare benefit plan under the Employee Retirement Income Security Act of 1974 [29 U.S.C. 1001 et seq.]; and

(II) for purposes of subparagraph (A)(iii)(II) with respect to a pediatric vaccine, that the child is entitled to benefits under such a health insurance policy or plan, but such benefits are not available with respect to the cost of the pediatric vaccine.

(3) State vaccine-eligible child

The term “State vaccine-eligible child” means, with respect to a State and a qualified pediatric vaccine, a child who is within a class of children for which the State is purchasing the vaccine pursuant to subsection (d)(4)(B) of this section.

(c) Program-registered providers

(1) Defined

In this section, except as otherwise provided, the term “program-registered provider” means, with respect to a State, any health care provider that—

(A) is licensed or otherwise authorized for administration of pediatric vaccines under the law of the State in which the administration occurs (subject to section 254f(e) of this title), without regard to whether or not the provider participates in the plan under this subchapter;

(B) submits to the State an executed provider agreement described in paragraph (2); and

(C) has not been found, by the Secretary or the State, to have violated such agreement or other applicable requirements established by the Secretary or the State consistent with this section.

(2) Provider agreement

A provider agreement for a provider under this paragraph is an agreement (in such form and manner as the Secretary may require) that the provider agrees as follows:

(A)(i) Before administering a qualified pediatric vaccine to a child, the provider will ask a parent of the child such questions as are necessary to determine whether the child is a vaccine-eligible child, but the pro-

vider need not independently verify the answers to such questions.

(ii) The provider will, for a period of time specified by the Secretary, maintain records of responses made to the questions.

(iii) The provider will, upon request, make such records available to the State and to the Secretary, subject to section 1396a(a)(7) of this title.

(B)(i) Subject to clause (ii), the provider will comply with the schedule, regarding the appropriate periodicity, dosage, and contraindications applicable to pediatric vaccines, that is established and periodically reviewed and, as appropriate, revised by the advisory committee referred to in subsection (e) of this section, except in such cases as, in the provider's medical judgment subject to accepted medical practice, such compliance is medically inappropriate.

(ii) The provider will provide pediatric vaccines in compliance with applicable State law, including any such law relating to any religious or other exemption.

(C)(i) In administering a qualified pediatric vaccine to a vaccine-eligible child, the provider will not impose a charge for the cost of the vaccine. A program-registered provider is not required under this section to administer such a vaccine to each child for whom an immunization with the vaccine is sought from the provider.

(ii) The provider may impose a fee for the administration of a qualified pediatric vaccine so long as the fee in the case of a federally vaccine-eligible child does not exceed the costs of such administration (as determined by the Secretary based on actual regional costs for such administration).

(iii) The provider will not deny administration of a qualified pediatric vaccine to a vaccine-eligible child due to the inability of the child's parent to pay an administration fee.

(3) Encouraging involvement of providers

Each program under this section shall provide, in accordance with criteria established by the Secretary—

(A) for encouraging the following to become program-registered providers: private health care providers, the Indian Health Service, health care providers that receive funds under title V of the Indian Health Care Improvement Act [25 U.S.C. 1651 et seq.], and health programs or facilities operated by Indian tribes or tribal organizations; and

(B) for identifying, with respect to any population of vaccine-eligible children a substantial portion of whose parents have a limited ability to speak the English language, those program-registered providers who are able to communicate with the population involved in the language and cultural context that is most appropriate.

(4) State requirements

Except as the Secretary may permit in order to prevent fraud and abuse and for related purposes, a State may not impose additional qualifications or conditions, in addition to the requirements of paragraph (1), in order that a

provider qualify as a program-registered provider under this section. This subsection does not limit the exercise of State authority under section 1396n(b) of this title.

(d) Negotiation of contracts with manufacturers

(1) In general

For the purpose of meeting obligations under this section, the Secretary shall negotiate and enter into contracts with manufacturers of pediatric vaccines consistent with the requirements of this subsection and, to the maximum extent practicable, consolidate such contracting with any other contracting activities conducted by the Secretary to purchase vaccines. The Secretary may enter into such contracts under which the Federal Government is obligated to make outlays, the budget authority for which is not provided for in advance in appropriations Acts, for the purchase and delivery of pediatric vaccines under subsection (a)(2)(A) of this section.

(2) Authority to decline contracts

The Secretary may decline to enter into such contracts and may modify or extend such contracts.

(3) Contract price

(A) In general

The Secretary, in negotiating the prices at which pediatric vaccines will be purchased and delivered from a manufacturer under this subsection, shall take into account quantities of vaccines to be purchased by States under the option under paragraph (4)(B).

(B) Negotiation of discounted price for current vaccines

With respect to contracts entered into under this subsection for a pediatric vaccine for which the Centers for Disease Control and Prevention has a contract in effect under section 247b(j)(1) of this title as of May 1, 1993, no price for the purchase of such vaccine for vaccine-eligible children shall be agreed to by the Secretary under this subsection if the price per dose of such vaccine (including delivery costs and any applicable excise tax established under section 4131 of the Internal Revenue Code of 1986) exceeds the price per dose for the vaccine in effect under such a contract as of such date increased by the percentage increase in the consumer price index for all urban consumers (all items; United States city average) from May 1993 to the month before the month in which such contract is entered into.

(C) Negotiation of discounted price for new vaccines

With respect to contracts entered into for a pediatric vaccine not described in subparagraph (B), the price for the purchase of such vaccine shall be a discounted price negotiated by the Secretary that may be established without regard to such subparagraph.

(4) Quantities and terms of delivery

Under such contracts—

(A) the Secretary shall provide, consistent with paragraph (6), for the purchase and delivery on behalf of States (and tribes and tribal organizations) of quantities of pediatric vaccines for federally vaccine-eligible children; and

(B) each State, at the option of the State, shall be permitted to obtain additional quantities of pediatric vaccines (subject to amounts specified to the Secretary by the State in advance of negotiations) through purchasing the vaccines from the manufacturers at the applicable price negotiated by the Secretary consistent with paragraph (3), if (i) the State agrees that the vaccines will be used to provide immunizations only for children who are not federally vaccine-eligible children and (ii) the State provides to the Secretary such information (at a time and manner specified by the Secretary, including in advance of negotiations under paragraph (1)) as the Secretary determines to be necessary, to provide for quantities of pediatric vaccines for the State to purchase pursuant to this subsection and to determine annually the percentage of the vaccine market that is purchased pursuant to this section and this subparagraph.

The Secretary shall enter into the initial negotiations under the preceding sentence not later than 180 days after August 10, 1993.

(5) Charges for shipping and handling

The Secretary may enter into a contract referred to in paragraph (1) only if the manufacturer involved agrees to submit to the Secretary such reports as the Secretary determines to be appropriate to assure compliance with the contract and if, with respect to a State program under this section that does not provide for the direct delivery of qualified pediatric vaccines, the manufacturer involved agrees that the manufacturer will provide for the delivery of the vaccines on behalf of the State in accordance with such program and will not impose any charges for the costs of such delivery (except to the extent such costs are provided for in the price established under paragraph (3)).

(6) Assuring adequate supply of vaccines

The Secretary, in negotiations under paragraph (1), shall negotiate for quantities of pediatric vaccines such that an adequate supply of such vaccines will be maintained to meet unanticipated needs for the vaccines. For purposes of the preceding sentence, the Secretary shall negotiate for a 6-month supply of vaccines in addition to the quantity that the Secretary otherwise would provide for in such negotiations. In carrying out this paragraph, the Secretary shall consider the potential for outbreaks of the diseases with respect to which the vaccines have been developed.

(7) Multiple suppliers

In the case of the pediatric vaccine involved, the Secretary shall, as appropriate, enter into a contract referred to in paragraph (1) with each manufacturer of the vaccine that meets the terms and conditions of the Secretary for an award of such a contract (including terms

and conditions regarding safety and quality). With respect to multiple contracts entered into pursuant to this paragraph, the Secretary may have in effect different prices under each of such contracts and, with respect to a purchase by States pursuant to paragraph (4)(B), the Secretary shall determine which of such contracts will be applicable to the purchase.

(e) Use of pediatric vaccines list

The Secretary shall use, for the purpose of the purchase, delivery, and administration of pediatric vaccines under this section, the list established (and periodically reviewed and as appropriate revised) by the Advisory Committee on Immunization Practices (an advisory committee established by the Secretary, acting through the Director of the Centers for Disease Control and Prevention).

(f) Requirement of State maintenance of immunization laws

In the case of a State that had in effect as of May 1, 1993, a law that requires some or all health insurance policies or plans to provide some coverage with respect to a pediatric vaccine, a State program under this section does not comply with the requirements of this section unless the State certifies to the Secretary that the State has not modified or repealed such law in a manner that reduces the amount of coverage so required.

(g) Termination

This section, and the requirement of section 1396a(a)(62) of this title, shall cease to be in effect beginning on such date as may be prescribed in Federal law providing for immunization services for all children as part of a broad-based reform of the national health care system.

(b) “Functionally disabled elderly individual” defined

(1) In general

In this subchapter, the term “functionally disabled elderly individual” means an individual who—

(A) is 65 years of age or older,

(B) is determined to be a functionally disabled individual under subsection (c) of this section, and

(C) subject to section 1396a(f) of this title (as applied consistent with section 1396a(r)(2) of this title), is receiving supplemental security income benefits under subchapter XVI of this chapter (or under a State plan approved under subchapter XVI of this chapter) or, at the option of the State, is described in section 1396a(a)(10)(C) of this title.

(2) Treatment of certain individuals previously covered under a waiver

(A) In the case of a State which—

(i) at the time of its election to provide coverage for home and community care under this section has a waiver approved under section 1396n(c) or 1396n(d) of this title with respect to individuals 65 years of age or older, and

(ii) subsequently discontinues such waiver, individuals who were eligible for benefits under the waiver as of the date of its discontinuance and who would, but for income or resources, be eligible for medical assistance for home and community care under the plan shall, notwithstanding any other provision of this subchapter, be deemed a functionally disabled elderly individual for so long as the individual would have remained eligible for medical assistance under such waiver.

(B) In the case of a State which used a health insuring organization before January 1, 1986, and which, as of December 31, 1990, had in effect a waiver under section 1315 of this title that provides under the State plan under this subchapter for personal care services for functionally disabled individuals, the term “functionally disabled elderly individual” may include, at the option of the State, an individual who—

(i) is 65 years of age or older or is disabled (as determined under the supplemental security income program under subchapter XVI of this chapter);

(ii) is determined to meet the test of functional disability applied under the waiver as of such date; and

(iii) meets the resource requirement and income standard that apply in the State to individuals described in section 1396a(a)(10)(A)(ii)(V) of this title.

(3) Use of projected income

In applying section 1396b(f)(1) of this title in determining the eligibility of an individual

(described in section 1396a(a)(10)(C) of this title) for medical assistance for home and community care, a State may, at its option, provide for the determination of the individual's anticipated medical expenses (to be deducted from income) over a period of up to 6 months.

(c) Determinations of functional disability

(1) In general

In this section, an individual is "functionally disabled" if the individual—

(A) is unable to perform without substantial assistance from another individual at least 2 of the following 3 activities of daily living: toileting, transferring, and eating; or

(B) has a primary or secondary diagnosis of Alzheimer's disease and is (i) unable to perform without substantial human assistance (including verbal reminding or physical cueing) or supervision at least 2 of the following 5 activities of daily living: bathing, dressing, toileting, transferring, and eating; or (ii) cognitively impaired so as to require substantial supervision from another individual because he or she engages in inappropriate behaviors that pose serious health or safety hazards to himself or herself or others.

(2) Assessments of functional disability

(A) Requests for assessments

If a State has elected to provide home and community care under this section, upon the request of an individual who is 65 years of age or older and who meets the requirements of subsection (b)(1)(C) of this section (or another person on such individual's behalf), the State shall provide for a comprehensive functional assessment under this subparagraph which—

(i) is used to determine whether or not the individual is functionally disabled,

(ii) is based on a uniform minimum data set specified by the Secretary under subparagraph (C)(i), and

(iii) uses an instrument which has been specified by the State under subparagraph (B).

No fee may be charged for such an assessment.

(B) Specification of assessment instrument

The State shall specify the instrument to be used in the State in complying with the requirement of subparagraph (A)(iii) which instrument shall be—

(i) one of the instruments designated under subparagraph (C)(ii); or

(ii) an instrument which the Secretary has approved as being consistent with the minimum data set of core elements, common definitions, and utilization guidelines specified by the Secretary in subparagraph (C)(i).

(C) Specification of assessment data set and instruments

The Secretary shall—

(i) not later than July 1, 1991—

(I) specify a minimum data set of core elements and common definitions for use

in conducting the assessments required under subparagraph (A); and

(II) establish guidelines for use of the data set; and

(ii) by not later than July 1, 1991, designate one or more instruments which are consistent with the specification made under subparagraph (A) and which a State may specify under subparagraph (B) for use in complying with the requirements of subparagraph (A).

(D) Periodic review

Each individual who qualifies as a functionally disabled elderly individual shall have the individual's assessment periodically reviewed and revised not less often than once every 12 months.

(E) Conduct of assessment by interdisciplinary teams

An assessment under subparagraph (A) and a review under subparagraph (D) must be conducted by an interdisciplinary team designated by the State. The Secretary shall permit a State to provide for assessments and reviews through teams under contracts—

(i) with public organizations; or

(ii) with nonpublic organizations which do not provide home and community care or nursing facility services and do not have a direct or indirect ownership or control interest in, or direct or indirect affiliation or relationship with, an entity that provides, community care or nursing facility services.

(F) Contents of assessment

The interdisciplinary team must—

(i) identify in each such assessment or review each individual's functional disabilities and need for home and community care, including information about the individual's health status, home and community environment, and informal support system; and

(ii) based on such assessment or review, determine whether the individual is (or continues to be) functionally disabled.

The results of such an assessment or review shall be used in establishing, reviewing, and revising the individual's ICCP under subsection (d)(1) of this section.

(G) Appeal procedures

Each State which elects to provide home and community care under this section must have in effect an appeals process for individuals adversely affected by determinations under subparagraph (F).

(d) Individual community care plan (ICCP)

(1) "Individual community care plan" defined

In this section, the terms "individual community care plan" and "ICCP" mean, with respect to a functionally disabled elderly individual, a written plan which—

(A) is established, and is periodically reviewed and revised, by a qualified case manager after a face-to-face interview with the

individual or primary caregiver and based upon the most recent comprehensive functional assessment of such individual conducted under subsection (c)(2) of this section;

(B) specifies, within any amount, duration, and scope limitations imposed on home and community care provided under the State plan, the home and community care to be provided to such individual under the plan, and indicates the individual's preferences for the types and providers of services; and

(C) may specify other services required by such individual.

An ICCP may also designate the specific providers (qualified to provide home and community care under the State plan) which will provide the home and community care described in subparagraph (B). Nothing in this section shall be construed as authorizing an ICCP or the State to restrict the specific persons or individuals (who are competent to provide home and community care under the State plan) who will provide the home and community care described in subparagraph (B).

(2) "Qualified community care case manager" defined

In this section, the term "qualified community care case manager" means a nonprofit or public agency or organization which—

(A) has experience or has been trained in establishing, and in periodically reviewing and revising, individual community care plans and in the provision of case management services to the elderly;

(B) is responsible for (i) assuring that home and community care covered under the State plan and specified in the ICCP is being provided, (ii) visiting each individual's home or community setting where care is being provided not less often than once every 90 days, and (iii) informing the elderly individual or primary caregiver on how to contact the case manager if service providers fail to properly provide services or other similar problems occur;

(C) in the case of a nonpublic agency, does not provide home and community care or nursing facility services and does not have a direct or indirect ownership or control interest in, or direct or indirect affiliation or relationship with, an entity that provides, home and community care or nursing facility services;

(D) has procedures for assuring the quality of case management services that includes a peer review process;

(E) completes the ICCP in a timely manner and reviews and discusses new and revised ICCPs with elderly individuals or primary caregivers; and

(F) meets such other standards, established by the Secretary, as to assure that—

(i) such a manager is competent to perform case management functions;

(ii) individuals whose home and community care they manage are not at risk of financial exploitation due to such a manager; and

(iii) meets such other standards as the State may establish.

The Secretary may waive the requirement of subparagraph (C) in the case of a nonprofit agency located in a rural area.

(3) Appeals process

Each State which elects to provide home and community care under this section must have in effect an appeals process for individuals who disagree with the ICCP established.

(e) Ceiling on payment amounts and maintenance of effort

(1) Ceiling on payment amounts

Payments may not be made under section 1396b(a) of this title to a State for home and community care provided under this section in a quarter to the extent that the medical assistance for such care in the quarter exceeds 50 percent of the product of—

(A) the average number of individuals in the quarter receiving such care under this section;

(B) the average per diem rate of payment which the Secretary has determined (before the beginning of the quarter) will be payable under subchapter XVIII of this chapter (without regard to coinsurance) for extended care services to be provided in the State during such quarter; and

(C) the number of days in such quarter.

(2) Maintenance of effort

(A) Annual reports

As a condition for the receipt of payment under section 1396b(a) of this title with respect to medical assistance provided by a State for home and community care (other than a waiver under section 1396n(c) of this title and other than home health care services described in section 1396d(a)(7) of this title and personal care services specified under regulations under section 1396d(a)(23) of this title), the State shall report to the Secretary, with respect to each Federal fiscal year (beginning with fiscal year 1990) and in a format developed or approved by the Secretary, the amount of funds obligated by the State with respect to the provision of home and community care to the functionally disabled elderly in that fiscal year.

(B) Reduction in payment if failure to maintain effort

If the amount reported under subparagraph (A) by a State with respect to a fiscal year is less than the amount reported under subparagraph (A) with respect to fiscal year 1989, the Secretary shall provide for a reduction in payments to the State under section 1396b(a) of this title in an amount equal to the difference between the amounts so reported.

(f) Minimum requirements for home and community care

(1) Requirements

Home and Community¹ care provided under this section must meet such requirements for individuals' rights and quality as are published or developed by the Secretary under

¹ So in original. Probably should not be capitalized.

(2) Specified rights

The rights specified in this paragraph are as follows:

(J) Any other rights established by the Secretary.

(g) Minimum requirements for small community care settings

(1) "Small community care setting" defined

In this section, the term "small community care setting" means—

(A) a nonresidential setting that serves more than 2 and less than 8 individuals; or

(B) a residential setting in which more than 2 and less than 8 unrelated adults reside and in which personal services (other than merely board) are provided in conjunction with residing in the setting.

(h) Minimum requirements for large community care settings

(1) "Large community care setting" defined

In this section, the term "large community care setting" means—

(A) a nonresidential setting in which more than 8 individuals are served; or

(B) a residential setting in which more than 8 unrelated adults reside and in which personal services are provided in conjunction with residing in the setting in which home and community care under this section is provided.

(2) Minimum requirements

A large community care setting in which community care is provided under this section must—

(A) meet such requirements as are published or developed by the Secretary under subsection (k) of this section;

(B) meet the requirements of paragraphs (1)(A), (1)(C), (1)(D), (3), and (6) of section 1396r(c) of this title, to the extent applicable to such a setting;

(C) inform each individual receiving community care under this section in the setting, orally and in writing at the time the individual first receives home and community care in the setting, of the individual's legal rights with respect to such a setting and the care provided in the setting; and

(D) meet the requirements of paragraphs (2) and (3) of section 1396r(d) of this title (relating to administration and other matters) in the same manner as such requirements apply to nursing facilities under such section; except that, in applying the requirement of section 1396r(d)(2) of this title (relating to life safety code), the Secretary shall provide for the application of such life safety requirements (if any) that are appropriate to the setting.

(3) Disclosure of ownership and control interests and exclusion of repeated violators

A community care setting—

(A) must disclose persons with an ownership or control interest (including such persons as defined in section 1320a-3(a)(3) of this title) in the setting; and

(B) may not have, as a person with an ownership or control interest in the setting, any individual or person who has been excluded

from participation in the program under this subchapter or who has had such an ownership or control interest in one or more community care settings which have been found repeatedly to be substandard or to have failed to meet the requirements of paragraph (2).

(i) Survey and certification process

(1) Certifications

(A) Responsibilities of the State

Under each State plan under this subchapter, the State shall be responsible for certifying the compliance of providers of home and community care and community care settings with the applicable requirements of subsections (f), (g) and (h) of this section. The failure of the Secretary to issue regulations to carry out this subsection shall not relieve a State of its responsibility under this subsection.

(B) Responsibilities of the Secretary

The Secretary shall be responsible for certifying the compliance of State providers of home and community care, and of State community care settings in which such care is provided, with the requirements of subsections (f), (g) and (h) of this section.

(C) Frequency of certifications

Certification of providers and settings under this subsection shall occur no less frequently than once every 12 months.

(2) Reviews of providers

(A) In general

The certification under this subsection with respect to a provider of home or community care must be based on a periodic review of the provider's performance in providing the care required under ICCP's in accordance with the requirements of subsection (f) of this section.

(B) Special reviews of compliance

Where the Secretary has reason to question the compliance of a provider of home or community care with any of the requirements of subsection (f) of this section, the Secretary may conduct a review of the provider and, on the basis of that review, make independent and binding determinations concerning the extent to which the provider meets such requirements.

(3) Surveys of community care settings

(A) In general

The certification under this subsection with respect to community care settings must be based on a survey. Such survey for such a setting must be conducted without prior notice to the setting. Any individual who notifies (or causes to be notified) a community care setting of the time or date on which such a survey is scheduled to be conducted is subject to a civil money penalty of not to exceed \$2,000. The provisions of section 1320a-7a of this title (other than subsections (a) and (b)) shall apply to a civil money penalty under the previous sentence in the same manner as such provisions apply

to a penalty or proceeding under section 1320a-7a(a) of this title. The Secretary shall review each State's procedures for scheduling and conducting such surveys to assure that the State has taken all reasonable steps to avoid giving notice of such a survey through the scheduling procedures and the conduct of the surveys themselves.

(B) Survey protocol

Surveys under this paragraph shall be conducted based upon a protocol which the Secretary has provided for under subsection (k) of this section.

(C) Prohibition of conflict of interest in survey team membership

A State and the Secretary may not use as a member of a survey team under this paragraph an individual who is serving (or has served within the previous 2 years) as a member of the staff of, or as a consultant to, the community care setting being surveyed (or the person responsible for such setting) respecting compliance with the requirements of subsection (g) or (h) of this section or who has a personal or familial financial interest in the setting being surveyed.

(D) Validation surveys of community care settings

The Secretary shall conduct onsite surveys of a representative sample of community care settings in each State, within 2 months of the date of surveys conducted under subparagraph (A) by the State, in a sufficient number to allow inferences about the adequacies of each State's surveys conducted under subparagraph (A). In conducting such surveys, the Secretary shall use the same survey protocols as the State is required to use under subparagraph (B). If the State has determined that an individual setting meets the requirements of subsection (g) of this section, but the Secretary determines that the setting does not meet such requirements, the Secretary's determination as to the setting's noncompliance with such requirements is binding and supersedes that of the State survey.

(E) Special surveys of compliance

Where the Secretary has reason to question the compliance of a community care setting with any of the requirements of subsection (g) or (h) of this section, the Secretary may conduct a survey of the setting and, on the basis of that survey, make independent and binding determinations concerning the extent to which the setting meets such requirements.

(4) Investigation of complaints and monitoring of providers and settings

Each State and the Secretary shall maintain procedures and adequate staff to investigate complaints of violations of applicable requirements imposed on providers of community care or on community care settings under subsections (f), (g) and (h) of this section.

(5) Investigation of allegations of individual neglect and abuse and misappropriation of individual property

The State shall provide, through the agency responsible for surveys and certification of providers of home or community care and community care settings under this subsection, for a process for the receipt, review, and investigation of allegations of individual neglect and abuse (including injuries of unknown source) by individuals providing such care or in such setting and of misappropriation of individual property by such individuals. The State shall, after notice to the individual involved and a reasonable opportunity for hearing for the individual to rebut allegations, make a finding as to the accuracy of the allegations. If the State finds that an individual has neglected or abused an individual receiving community care or misappropriated such individual's property, the State shall notify the individual against whom the finding is made. A State shall not make a finding that a person has neglected an individual receiving community care if the person demonstrates that such neglect was caused by factors beyond the control of the person. The State shall provide for public disclosure of findings under this paragraph upon request and for inclusion, in any such disclosure of such findings, of any brief statement (or of a clear and accurate summary thereof) of the individual disputing such findings.

(6) Disclosure of results of inspections and activities

(A) Public information

Each State, and the Secretary, shall make available to the public—

- (i) information respecting all surveys, reviews, and certifications made under this subsection respecting providers of home or community care and community care settings, including statements of deficiencies,
- (ii) copies of cost reports (if any) of such providers and settings filed under this subchapter,
- (iii) copies of statements of ownership under section 1320a-3 of this title, and
- (iv) information disclosed under section 1320a-5 of this title.

(B) Notices of substandard care

If a State finds that—

- (i) a provider of home or community care has provided care of substandard quality with respect to an individual, the State shall make a reasonable effort to notify promptly (I) an immediate family member of each such individual and (II) individuals receiving home or community care from that provider under this subchapter, or
- (ii) a community care setting is substandard, the State shall make a reasonable effort to notify promptly (I) individuals receiving community care in that setting, and (II) immediate family members of such individuals.

(C) Access to fraud control units

Each State shall provide its State medicare fraud and abuse control unit (established

under section 1396b(q) of this title) with access to all information of the State agency responsible for surveys, reviews, and certifications under this subsection.

(j) Enforcement process for providers of community care

(1) State authority

(A) In general

If a State finds, on the basis of a review under subsection (i)(2) of this section or otherwise, that a provider of home or community care no longer meets the requirements of this section, the State may terminate the provider's participation under the State plan and may provide in addition for a civil money penalty. Nothing in this subparagraph shall be construed as restricting the remedies available to a State to remedy a provider's deficiencies. If the State finds that a provider meets such requirements but, as of a previous period, did not meet such requirements, the State may provide for a civil money penalty under paragraph (2)(A) for the period during which it finds that the provider was not in compliance with such requirements.

(B) Civil money penalty

(i) In general

Each State shall establish by law (whether statute or regulation) at least the following remedy: A civil money penalty assessed and collected, with interest, for each day in which the provider is or was out of compliance with a requirement of this section. Funds collected by a State as a result of imposition of such a penalty (or as a result of the imposition by the State of a civil money penalty under subsection (i)(3)(A) of this section) may be applied to reimbursement of individuals for personal funds lost due to a failure of home or community care providers to meet the requirements of this section. The State also shall specify criteria, as to when and how this remedy is to be applied and the amounts of any penalties. Such criteria shall be designed so as to minimize the time between the identification of violations and final imposition of the penalties and shall provide for the imposition of incrementally more severe penalties for repeated or uncorrected deficiencies.

(ii) Deadline and guidance

Each State which elects to provide home and community care under this section must establish the civil money penalty remedy described in clause (i) applicable to all providers of community care covered under this section. The Secretary shall provide, through regulations or otherwise by not later than July 1, 1990, guidance to States in establishing such remedy; but the failure of the Secretary to provide such guidance shall not relieve a State of the responsibility for establishing such remedy.

(2) Secretarial authority**(A) For State providers**

With respect to a State provider of home or community care, the Secretary shall have the authority and duties of a State under this subsection, except that the civil money penalty remedy described in subparagraph (C) shall be substituted for the civil money remedy described in paragraph (1)(B)(i).

(B) Other providers

With respect to any other provider of home or community care in a State, if the Secretary finds that a provider no longer meets a requirement of this section, the Secretary may terminate the provider's participation under the State plan and may provide, in addition, for a civil money penalty under subparagraph (C). If the Secretary finds that a provider meets such requirements but, as of a previous period, did not meet such requirements, the Secretary may provide for a civil money penalty under subparagraph (C) for the period during which the Secretary finds that the provider was not in compliance with such requirements.

(C) Civil money penalty

If the Secretary finds on the basis of a review under subsection (i)(2) of this section or otherwise that a home or community care provider no longer meets the requirements of this section, the Secretary shall impose a civil money penalty in an amount not to exceed \$10,000 for each day of noncompliance. The provisions of section 1320a-7a of this title (other than subsections (a) and (b)) shall apply to a civil money penalty under the previous sentence in the same manner as such provisions apply to a penalty or proceeding under section 1320a-7a(a) of this title. The Secretary shall specify criteria, as to when and how this remedy is to be applied and the amounts of any penalties. Such criteria shall be designed so as to minimize the time between the identification of violations and final imposition of the penalties and shall provide for the imposition of incrementally more severe penalties for repeated or uncorrected deficiencies.

(k) Secretarial responsibilities**(1) Publication of interim requirements****(A) In general**

The Secretary shall publish, by December 1, 1991, a proposed regulation that sets forth interim requirements, consistent with subparagraph (B), for the provision of home and community care and for community care settings, including—

(i) the requirements of subsection (c)(2) of this section (relating to comprehensive functional assessments, including the use of assessment instruments), of subsection (d)(2)(E) of this section (relating to qualifications for qualified case managers), of subsection (f) of this section (relating to minimum requirements for home and community care), of subsection (g) of this section (relating to minimum requirements for small community care settings), and of

subsection (h) of this section (relating to minimum requirements for large community care settings), and

(ii) survey protocols (for use under subsection (i)(3)(A) of this section) which relate to such requirements.

(B) Minimum protections

Interim requirements under subparagraph (A) and final requirements under paragraph (2) shall assure, through methods other than reliance on State licensure processes, that individuals receiving home and community care are protected from neglect, physical and sexual abuse, financial exploitation, inappropriate involuntary restraint, and the provision of health care services by unqualified personnel in community care settings.

(2) Development of final requirements

The Secretary shall develop, by not later than October 1, 1992—

(A) final requirements, consistent with paragraph (1)(B), respecting the provision of appropriate, quality home and community care and respecting community care settings under this section, and including at least the requirements referred to in paragraph (1)(A)(i), and

(B) survey protocols and methods for evaluating and assuring the quality of community care settings.

The Secretary may, from time to time, revise such requirements, protocols, and methods.

(3) No delegation to States

The Secretary's authority under this subsection shall not be delegated to States.

(4) No prevention of more stringent requirements by States

Nothing in this section shall be construed as preventing States from imposing requirements that are more stringent than the requirements published or developed by the Secretary under this subsection.

(l) Waiver of Statewideness

States may waive the requirement of section 1396a(a)(1) of this title (related to Statewideness) for a program of home and community care under this section.

(m) Limitation on amount of expenditures as medical assistance**(1) Limitation on amount**

The amount of funds that may be expended as medical assistance to carry out the purposes of this section shall be for fiscal year 1991, \$40,000,000, for fiscal year 1992, \$70,000,000, for fiscal year 1993, \$130,000,000, for fiscal year 1994, \$160,000,000, and for fiscal year 1995, \$180,000,000.

(2) Assurance of entitlement to service

A State which receives Federal medical assistance for expenditures for home and community care under this section must provide home and community care specified under the Individual Community Care Plan under subsection (d) of this section to individuals described in subsection (b) of this section for the duration of the election period, without regard

to the amount of funds available to the State under paragraph (1). For purposes of this paragraph, an election period is the period of 4 or more calendar quarters elected by the State, and approved by the Secretary, for the provision of home and community care under this section.

(3) Limitation on eligibility

The State may limit eligibility for home and community care under this section during an election period under paragraph (2) to reasonable classifications (based on age, degree of functional disability, and need for services).

(4) Allocation of medical assistance

The Secretary shall establish a limitation on the amount of Federal medical assistance available to any State during the State's election period under paragraph (2). The limitation under this paragraph shall take into account the limitation under paragraph (1) and the number of elderly individuals age 65 or over residing in such State in relation to the number of such elderly individuals in the United States during 1990. For purposes of the previous sentence, elderly individuals shall, to the maximum extent practicable, be low-income elderly individuals.

§ 1396u-1. Assuring coverage for certain low-income families

(a) References to subchapter IV-A are references to pre-welfare-reform provisions

Subject to the succeeding provisions of this section, with respect to a State any reference in this subchapter (or any other provision of law in relation to the operation of this subchapter) to a provision of part A of subchapter IV of this chapter, or a State plan under such part (or a provision of such a plan), including income and resource standards and income and resource methodologies under such part or plan, shall be considered a reference to such a provision or plan as in effect as of July 16, 1996, with respect to the State.

(b) Application of pre-welfare-reform eligibility criteria

(1) In general

For purposes of this subchapter, subject to paragraphs (2) and (3), in determining eligibility for medical assistance—

(A) an individual shall be treated as receiving aid or assistance under a State plan approved under part A of subchapter IV of this chapter only if the individual meets—

(i) the income and resource standards for determining eligibility under such plan, and

(ii) the eligibility requirements of such plan under subsections (a) through (c) of section 606 of this title and section 607(a) of this title,

as in effect as of July 16, 1996; and

(B) the income and resource methodologies under such plan as of such date shall be used in the determination of whether any individual meets income and resource standards under such plan.

(2) State option

For purposes of applying this section, a State—

(A) may lower its income standards applicable with respect to part A of subchapter IV of this chapter, but not below the income standards applicable under its State plan under such part on May 1, 1988;

(B) may increase income or resource standards under the State plan referred to in paragraph (1) over a period (beginning after July 16, 1996) by a percentage that does not exceed the percentage increase in the Consumer Price Index for all urban consumers (all items; United States city average) over such period; and

(C) may use income and resource methodologies that are less restrictive than the methodologies used under the State plan under such part as of July 16, 1996.

(3) Option to terminate medical assistance for failure to meet work requirement

(A) Individuals receiving cash assistance under TANF

In the case of an individual who—

(i) is receiving cash assistance under a State program funded under part A of subchapter IV of this chapter,

(ii) is eligible for medical assistance under this subchapter on a basis not related to section 1396a(l) of this title, and

(iii) has the cash assistance under such program terminated pursuant to section 607(e)(1)(B) of this title (as in effect on or after the welfare reform effective date) because of refusing to work,

the State may terminate such individual's eligibility for medical assistance under this subchapter until such time as there no longer is a basis for the termination of such cash assistance because of such refusal.

(B) Exception for children

Subparagraph (A) shall not be construed as permitting a State to terminate medical assistance for a minor child who is not the head of a household receiving assistance under a State program funded under part A of subchapter IV of this chapter.

(c) Treatment for purposes of transitional coverage provisions

(1) Transition in the case of child support collections

The provisions of section 606(h) of this title (as in effect on July 16, 1996) shall apply, in relation to this subchapter, with respect to individuals (and families composed of individuals) who are described in subsection (b)(1)(A) of

(2) Transition in the case of earnings from employment

For continued medical assistance in the case of individuals (and families composed of individuals) described in subsection (b)(1)(A) of this section who would otherwise become ineligible because of hours or income from employment, see sections 1396r-6 and 1396a(e)(1) of this title.

(d) Waivers

(e) State option to use 1 application form

Nothing in this section, or part A of subchapter IV of this chapter, shall be construed as preventing a State from providing for the same application form for assistance under a State program funded under part A of subchapter IV of this chapter (on or after the welfare reform effective date) and for medical assistance under this subchapter.

(f) Additional rules of construction

(1) With respect to the reference in section 1396a(a)(5) of this title to a State plan approved under part A of subchapter IV of this chapter, a State may treat such reference as a reference either to a State program funded under such part (as in effect on and after the welfare reform effective date) or to the State plan under this subchapter.

(2) Any reference in section 1396a(a)(55) of this title to a State plan approved under part A of subchapter IV of this chapter shall be deemed a reference to a State program funded under such part.

(3) In applying section 1396b(f) of this title, the applicable income limitation otherwise determined shall be subject to increase in the same manner as income or resource standards of a State may be increased under subsection (b)(2)(B) of this section.

(g) Relation to other provisions

The provisions of this section shall apply notwithstanding any other provision of this chapter.

(h) Transitional increased Federal matching rate for increased administrative costs

described in paragraph (2) the per centum specified in section 1396b(a)(7) of this title shall be increased to such percentage as the Secretary specifies.

(2) Administrative expenditures described

The administrative expenditures described in this paragraph are expenditures described in section 1396b(a)(7) of this title that a State demonstrates to the satisfaction of the Secretary are attributable to administrative costs of eligibility determinations that (but for the enactment of this section) would not be incurred.

(3) Limitation

The total amount of additional Federal funds that are expended as a result of the application of this subsection for the period beginning with fiscal year 1997 shall not exceed \$500,000,000. In applying this paragraph, the Secretary shall ensure the equitable distribution of additional funds among the States.

(i) Welfare reform effective date

In this section, the term “welfare reform effective date” means the effective date, with respect to a State, of title I of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (as specified in section 116 of such Act).

To the extent available, quality and performance indicators for the benefits under the entity.

(D) Information on benefits not covered under managed care arrangement

A State, directly or through managed care entities, shall, on or before an individual enrolls with such an entity under this subchapter, inform the enrollee in a written and prominent manner of any benefits to which the enrollee may be entitled to under this subchapter but which are not made available to the enrollee through the entity. Such information shall include information on where and how such enrollees may access benefits not made available to the enrollee through the entity.

(b) Beneficiary protections

(1) Specification of benefits

Each contract with a managed care entity under section 1396b(m) of this title or under section 1396d(t)(3) of this title shall specify the benefits the provision (or arrangement) for which the entity is responsible.

(2) Assuring coverage to emergency services

(A) In general

Each contract with a medicaid managed care organization under section 1396b(m) of this title and each contract with a primary care case manager under section 1396d(t)(3) of this title shall require the organization or manager—

(i) to provide coverage for emergency services (as defined in subparagraph (B)) without regard to prior authorization or the emergency care provider's contractual relationship with the organization or manager, and

(ii) to comply with guidelines established under section 1395w-22(d)(2) of this title (respecting coordination of post-stabilization care) in the same manner as such guidelines apply to Medicare+Choice plans offered under part C of subchapter XVIII of this chapter.

The requirement under clause (ii) shall first apply 30 days after the date of promulgation of the guidelines referred to in such clause.

(B) "Emergency services" defined

In subparagraph (A)(i), the term "emergency services" means, with respect to an individual enrolled with an organization, covered inpatient and outpatient services that—

(i) are furnished by a provider that is qualified to furnish such services under this subchapter, and

(ii) are needed to evaluate or stabilize an emergency medical condition (as defined in subparagraph (C)).

(C) "Emergency medical condition" defined

In subparagraph (B)(ii), the term "emergency medical condition" means a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in—

(i) placing the health of the individual (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy,

(ii) serious impairment to bodily functions, or

(iii) serious dysfunction of any bodily organ or part.

(3) Protection of enrollee-provider communications

(A) In general

Subject to subparagraphs (B) and (C), under a contract under section 1396b(m) of this title a medicaid managed care organization (in relation to an individual enrolled under the contract) shall not prohibit or otherwise restrict a covered health care professional (as defined in subparagraph (D)) from advising such an individual who is a patient of the professional about the health status of the individual or medical care or treatment for the individual's condition or disease, regardless of whether benefits for such care or treatment are provided under the contract, if the professional is acting within the lawful scope of practice.

(B) Construction

Subparagraph (A) shall not be construed as requiring a medicaid managed care organization to provide, reimburse for, or provide coverage of, a counseling or referral service if the organization—

(i) objects to the provision of such service on moral or religious grounds; and

(ii) in the manner and through the written instrumentalities such organization deems appropriate, makes available information on its policies regarding such service to prospective enrollees before or during enrollment and to enrollees within 90 days after the date that the organization adopts a change in policy regarding such a counseling or referral service.

Nothing in this subparagraph shall be construed to affect disclosure requirements under State law or under the Employee Retirement Income Security Act of 1974 [29 U.S.C. 1001 et seq.].

(C) "Health care professional" defined

For purposes of this paragraph, the term "health care professional" means a physician (as defined in section 1395x(r) of this title) or other health care professional if coverage for the professional's services is provided under the contract referred to in subparagraph (A) for the services of the professional. Such term includes a podiatrist, optometrist, chiropractor, psychologist, dentist, physician assistant, physical or occupational therapist and therapy assistant, speech-language pathologist, audiologist, registered or licensed practical nurse (including nurse practitioner, clinical nurse specialist, certified registered nurse anesthetist, and certified nurse-midwife), licensed certified social worker, registered respiratory therapist, and certified respiratory therapy technician.

(4) Grievance procedures

Each medicaid managed care organization shall establish an internal grievance procedure under which an enrollee who is eligible for medical assistance under the State plan under this subchapter, or a provider on behalf of such an enrollee, may challenge the denial of coverage of or payment for such assistance.

(5) Demonstration of adequate capacity and services

Each medicaid managed care organization shall provide the State and the Secretary with adequate assurances (in a time and manner determined by the Secretary) that the organization, with respect to a service area, has the capacity to serve the expected enrollment in such service area, including assurances that the organization—

(A) offers an appropriate range of services and access to preventive and primary care services for the population expected to be enrolled in such service area, and

(B) maintains a sufficient number, mix, and geographic distribution of providers of services.

(6) Protecting enrollees against liability for payment

Each medicaid managed care organization shall provide that an individual eligible for medical assistance under the State plan under this subchapter who is enrolled with the organization may not be held liable—

(A) for the debts of the organization, in the event of the organization's insolvency,

(B) for services provided to the individual—

(i) in the event of the organization failing to receive payment from the State for such services; or

(ii) in the event of a health care provider with a contractual, referral, or other arrangement with the organization failing to receive payment from the State or the organization for such services, or

(C) for payments to a provider that furnishes covered services under a contractual, referral, or other arrangement with the organization in excess of the amount that would be owed by the individual if the organization had directly provided the services.

(7) Antidiscrimination

A medicaid managed care organization shall not discriminate with respect to participation, reimbursement, or indemnification as to any provider who is acting within the scope of the provider's license or certification under applicable State law, solely on the basis of such license or certification. This paragraph shall not be construed to prohibit an organization from including providers only to the extent necessary to meet the needs of the organization's enrollees or from establishing any measure designed to maintain quality and control costs consistent with the responsibilities of the organization.

(8) Compliance with certain maternity and mental health requirements

Each medicaid managed care organization shall comply with the requirements of subpart

2 of part A of title XXVII of the Public Health Service Act [42 U.S.C. 300gg-4 et seq.] insofar as such requirements apply and are effective with respect to a health insurance issuer that offers group health insurance coverage.

(c) Quality assurance standards**(1) Quality assessment and improvement strategy****(A) In general**

If a State provides for contracts with medicaid managed care organizations under section 1396b(m) of this title, the State shall develop and implement a quality assessment and improvement strategy consistent with this paragraph. Such strategy shall include the following:

(i) Access standards

Standards for access to care so that covered services are available within reasonable timeframes and in a manner that ensures continuity of care and adequate primary care and specialized services capacity.

(ii) Other measures

Examination of other aspects of care and service directly related to the improvement of quality of care (including grievance procedures and marketing and information standards).

(iii) Monitoring procedures

Procedures for monitoring and evaluating the quality and appropriateness of care and services to enrollees that reflect the full spectrum of populations enrolled under the contract and that includes requirements for provision of quality assurance data to the State using the data and information set that the Secretary has specified for use under part C of subchapter XVIII of this chapter or such alternative data as the Secretary approves, in consultation with the State.

(iv) Periodic review

Regular, periodic examinations of the scope and content of the strategy.

(B) Standards

The strategy developed under subparagraph (A) shall be consistent with standards that the Secretary first establishes within 1 year after August 5, 1997. Such standards shall not preempt any State standards that are more stringent than such standards. Guidelines relating to quality assurance that are applied under section 1396n(b)(1) of this title shall apply under this subsection until the effective date of standards for quality assurance established under this subparagraph.

(C) Monitoring

The Secretary shall monitor the development and implementation of strategies under subparagraph (A).

(D) Consultation

The Secretary shall conduct activities under subparagraphs (B) and (C) in consultation with the States.

(2) External independent review of managed care activities**(A) Review of contracts****(i) In general**

Each contract under section 1396b(m) of this title with a medicaid managed care organization shall provide for an annual (as appropriate) external independent review conducted by a qualified independent entity of the quality outcomes and timeliness of, and access to, the items and services for which the organization is responsible under the contract. The requirement for such a review shall not apply until after the date that the Secretary establishes the identification method described in clause (ii).

(ii) Qualifications of reviewer

The Secretary, in consultation with the States, shall establish a method for the identification of entities that are qualified to conduct reviews under clause (i).

(iii) Use of protocols

The Secretary, in coordination with the National Governors' Association, shall contract with an independent quality review organization (such as the National Committee for Quality Assurance) to develop the protocols to be used in external independent reviews conducted under this paragraph on and after January 1, 1999.

(iv) Availability of results

The results of each external independent review conducted under this subparagraph shall be available to participating health care providers, enrollees, and potential enrollees of the organization, except that the results may not be made available in a manner that discloses the identity of any individual patient.

(B) Nonduplication of accreditation

A State may provide that, in the case of a medicaid managed care organization that is accredited by a private independent entity (such as those described in section 1395w-22(e)(4) of this title) or that has an external review conducted under section 1395w-22(e)(3) of this title, the external review activities conducted under subparagraph (A) with respect to the organization shall not be duplicative of review activities conducted as part of the accreditation process or the external review conducted under such section.

(C) Deemed compliance for medicare managed care organizations

At the option of a State, the requirements of subparagraph (A) shall not apply with respect to a medicaid managed care organization if the organization is an eligible organization with a contract in effect under section 1395mm of this title or a Medicare+Choice organization with a contract in effect under part C of subchapter XVIII of this chapter and the organization has had a contract in effect under section 1396b(m) of this title at least during the previous 2-year period.

(d) Protections against fraud and abuse**(1) Prohibiting affiliations with individuals debarred by Federal agencies****(A) In general**

A managed care entity may not knowingly—

(i) have a person described in subparagraph (C) as a director, officer, partner, or person with beneficial ownership of more than 5 percent of the entity's equity, or

(ii) have an employment, consulting, or other agreement with a person described in such subparagraph for the provision of items and services that are significant and material to the entity's obligations under its contract with the State.

(B) Effect of noncompliance

If a State finds that a managed care entity is not in compliance with clause (i) or (ii) of subparagraph (A), the State—

(i) shall notify the Secretary of such noncompliance;

(ii) may continue an existing agreement with the entity unless the Secretary (in consultation with the Inspector General of the Department of Health and Human Services) directs otherwise; and

(iii) may not renew or otherwise extend the duration of an existing agreement with the entity unless the Secretary (in consultation with the Inspector General of the Department of Health and Human Services) provides to the State and to Congress a written statement describing compelling reasons that exist for renewing or extending the agreement.

(C) Persons described

A person is described in this subparagraph if such person—

(i) is debarred, suspended, or otherwise excluded from participating in procurement activities under the Federal Acquisition Regulation or from participating in nonprocurement activities under regulations issued pursuant to Executive Order No. 12549 or under guidelines implementing such order; or

(ii) is an affiliate (as defined in such Regulation) of a person described in clause (i).

(2) Restrictions on marketing**(A) Distribution of materials****(i) In general**

A managed care entity, with respect to activities under this subchapter, may not distribute directly or through any agent or independent contractor marketing materials within any State—

(I) without the prior approval of the State, and

(II) that contain false or materially misleading information.

The requirement of subclause (I) shall not apply with respect to a State until such date as the Secretary specifies in consultation with such State.

(ii) Consultation in review of market materials

In the process of reviewing and approving such materials, the State shall provide

for consultation with a medical care advisory committee.

(B) Service market

A managed care entity shall distribute marketing materials to the entire service area of such entity covered under the contract under section 1396b(m) of this title or section 1396d(t)(3) of this title.

(C) Prohibition of tie-ins

A managed care entity, or any agency of such entity, may not seek to influence an individual's enrollment with the entity in conjunction with the sale of any other insurance.

(D) Prohibiting marketing fraud

Each managed care entity shall comply with such procedures and conditions as the Secretary prescribes in order to ensure that, before an individual is enrolled with the entity, the individual is provided accurate oral and written information sufficient to make an informed decision whether or not to enroll.

(E) Prohibition of "cold-call" marketing

Each managed care entity shall not, directly or indirectly, conduct door-to-door, telephonic, or other "cold-call" marketing of enrollment under this subchapter.

(3) State conflict-of-interest safeguards in medicaid risk contracting

A medicaid managed care organization may not enter into a contract with any State under section 1396b(m) of this title unless the State has in effect conflict-of-interest safeguards with respect to officers and employees of the State with responsibilities relating to contracts with such organizations or to the default enrollment process described in subsection (a)(4)(C)(ii) of this section that are at least as effective as the Federal safeguards provided under section 423 of title 41, against conflicts of interest that apply with respect to Federal procurement officials with comparable responsibilities with respect to such contracts.

(4) Use of unique physician identifier for participating physicians

Each medicaid managed care organization shall require each physician providing services to enrollees eligible for medical assistance under the State plan under this subchapter to have a unique identifier in accordance with the system established under section 1320d-2(b) of this title.

(e) Sanctions for noncompliance

(1) Use of intermediate sanctions by the State to enforce requirements

(A) In general

A State may not enter into or renew a contract under section 1396b(m) of this title unless the State has established intermediate sanctions, which may include any of the types described in paragraph (2), other than the termination of a contract with a medicaid managed care organization, which the State may impose against a medicaid man-

aged care organization with such a contract, if the organization—

(i) fails substantially to provide medically necessary items and services that are required (under law or under such organization's contract with the State) to be provided to an enrollee covered under the contract;

(ii) imposes premiums or charges on enrollees in excess of the premiums or charges permitted under this subchapter;

(iii) acts to discriminate among enrollees on the basis of their health status or requirements for health care services, including expulsion or refusal to reenroll an individual, except as permitted by this subchapter, or engaging in any practice that would reasonably be expected to have the effect of denying or discouraging enrollment with the organization by eligible individuals whose medical condition or history indicates a need for substantial future medical services;

(iv) misrepresents or falsifies information that is furnished—

(I) to the Secretary or the State under this subchapter; or

(II) to an enrollee, potential enrollee, or a health care provider under such subchapter; or

(v) fails to comply with the applicable requirements of section 1396b(m)(2)(A)(x) of this title.

The State may also impose such intermediate sanction against a managed care entity if the State determines that the entity distributed directly or through any agent or independent contractor marketing materials in violation of subsection (d)(2)(A)(i)(II) of this section.

(B) Rule of construction

Clause (i) of subparagraph (A) shall not apply to the provision of abortion services, except that a State may impose a sanction on any medicaid managed care organization that has a contract to provide abortion services if the organization does not provide such services as provided for under the contract.

(2) Intermediate sanctions

The sanctions described in this paragraph are as follows:

(A) Civil money penalties as follows:

(i) Except as provided in clause (ii), (iii), or (iv), not more than \$25,000 for each determination under paragraph (1)(A).

(ii) With respect to a determination under clause (iii) or (iv)(I) of paragraph (1)(A), not more than \$100,000 for each such determination.

(iii) With respect to a determination under paragraph (1)(A)(ii), double the excess amount charged in violation of such subsection (and the excess amount charged shall be deducted from the penalty and returned to the individual concerned).

(iv) Subject to clause (ii), with respect to a determination under paragraph (1)(A)(iii), \$15,000 for each individual not

enrolled as a result of a practice described in such subsection.

(B) The appointment of temporary management—

(i) to oversee the operation of the medicaid managed care organization upon a finding by the State that there is continued egregious behavior by the organization or there is a substantial risk to the health of enrollees; or

(ii) to assure the health of the organization's enrollees, if there is a need for temporary management while—

(I) there is an orderly termination or reorganization of the organization; or

(II) improvements are made to remedy the violations found under paragraph (1),

except that temporary management under this subparagraph may not be terminated until the State has determined that the medicaid managed care organization has the capability to ensure that the violations shall not recur.

(C) Permitting individuals enrolled with the managed care entity to terminate enrollment without cause, and notifying such individuals of such right to terminate enrollment.

(D) Suspension or default of all enrollment of individuals under this subchapter after the date the Secretary or the State notifies the entity of a determination of a violation of any requirement of section 1396b(m) of this title or this section.

(E) Suspension of payment to the entity under this subchapter for individuals enrolled after the date the Secretary or State notifies the entity of such a determination and until the Secretary or State is satisfied that the basis for such determination has been corrected and is not likely to recur.

(3) Treatment of chronic substandard entities

In the case of a medicaid managed care organization which has repeatedly failed to meet the requirements of section 1396b(m) of this title and this section, the State shall (regardless of what other sanctions are provided) impose the sanctions described in subparagraphs (B) and (C) of paragraph (2).

(4) Authority to terminate contract

(A) In general

In the case of a managed care entity which has failed to meet the requirements of this part or a contract under section 1396b(m) or 1396d(t)(3) of this title, the State shall have the authority to terminate such contract with the entity and to enroll such entity's enrollees with other managed care entities (or to permit such enrollees to receive medical assistance under the State plan under this subchapter other than through a managed care entity).

(B) Availability of hearing prior to termination of contract

A State may not terminate a contract with a managed care entity under subparagraph (A) unless the entity is provided with a hearing prior to the termination.

(C) Notice and right to disenroll in cases of termination hearing

A State may—

(i) notify individuals enrolled with a managed care entity which is the subject of a hearing to terminate the entity's contract with the State of the hearing, and

(ii) in the case of such an entity, permit such enrollees to disenroll immediately with the entity without cause.

(5) Other protections for managed care entities against sanctions imposed by State

Before imposing any sanction against a managed care entity other than termination of the entity's contract, the State shall provide the entity with notice and such other due process protections as the State may provide, except that a State may not provide a managed care entity with a pre-termination hearing before imposing the sanction described in paragraph (2)(B).

(f) Timeliness of payment

A contract under section 1396b(m) of this title with a medicaid managed care organization shall provide that the organization shall make payment to health care providers for items and services which are subject to the contract and that are furnished to individuals eligible for medical assistance under the State plan under this subchapter who are enrolled with the organization on a timely basis consistent with the claims payment procedures described in section 1396a(a)(37)(A) of this title, unless the health care provider and the organization agree to an alternate payment schedule.

(g) Identification of patients for purposes of making DSH payments

Each contract with a managed care entity under section 1396b(m) of this title or under section 1396d(t)(3) of this title shall require the entity either—

(1) to report to the State information necessary to determine the hospital services provided under the contract (and the identity of hospitals providing such services) for purposes of applying sections 1395ww(d)(5)(F) and 1396r-4 of this title; or

(2) to include a sponsorship code in the identification card issued to individuals covered under this subchapter in order that a hospital may identify a patient as being entitled to benefits under this subchapter.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 1320a-3, 1395eee, 1396a, 1396b, 1396d, 1396r-4, 1396u-4 of this title.

§ 1396u-3. State coverage of medicare cost-sharing for additional low-income medicare beneficiaries

(a) In general

A State plan under this subchapter shall provide, under section 1396a(a)(10)(E)(iv) of this title and subject to the succeeding provisions of this section and through a plan amendment, for medical assistance for payment of the cost of medicare cost-sharing described in such section on behalf of all individuals described in such section (in this section referred to as “qualifying individuals”) who are selected to receive such assistance under subsection (b) of this section.

(b) Selection of qualifying individuals

A State shall select qualifying individuals, and provide such individuals with assistance, under this section consistent with the following:

(1) All qualifying individuals may apply

The State shall permit all qualifying individuals to apply for assistance during a calendar year.

(2) Selection on first-come, first-served basis

(A) In general

For each calendar year (beginning with 1998), from (and to the extent of) the amount of the allocation under subsection (c) of this section for the State for the fiscal year ending in such calendar year, the State shall se-

lect qualifying individuals who apply for the assistance in the order in which they apply.

(B) Carryover

For calendar years after 1998, the State shall give preference to individuals who were provided such assistance (or other assistance described in section 1396a(a)(10)(E) of this title) in the last month of the previous year and who continue to be (or become) qualifying individuals.

(3) Limit on number of individuals based on allocation

The State shall limit the number of qualifying individuals selected with respect to assistance in a calendar year so that the aggregate amount of such assistance provided to such individuals in such year is estimated to be equal to (but not exceed) the State's allocation under subsection (c) of this section for the fiscal year ending in such calendar year.

(4) Receipt of assistance during duration of year

If a qualifying individual is selected to receive assistance under this section for a month in a year, the individual is entitled to receive such assistance for the remainder of the year if the individual continues to be a qualifying individual. The fact that an individual is selected to receive assistance under this section at any time during a year does not entitle the individual to continued assistance for any succeeding year.

In the case of an individual who is enrolled under the program under this section and whose enrollment ceases for any reason (including that the individual no longer qualifies as a PACE program eligible individual, the termination of a PACE program agreement, or otherwise), the program provides assistance to the individual in obtaining necessary transitional care through appropriate referrals and making the individual's medical records available to new providers.

(3) "PACE provider" defined

(A) In general

For purposes of this section, the term "PACE provider" means an entity that—

(10) "Regulations" defined

For purposes of this section, the term "regulations" refers to interim final or final regula-

tions promulgated under subsection (f) of this section to carry out this section and section 1395eee of this title.

(A) provide to PACE program eligible individuals, regardless of source of payment and directly or under contracts with other entities, at a minimum—

(i) all items and services covered under subchapter XVIII of this chapter (for individuals enrolled under section 1395eee of this title) and all items and services covered under this subchapter, but without any limitation or condition as to amount, duration, or scope and without application of deductibles, copayments, coinsurance, or other cost-sharing that would otherwise apply under such subchapter or this subchapter, respectively; and

(ii) all additional items and services specified in regulations, based upon those required under the PACE protocol;

(B) provide such enrollees access to necessary covered items and services 24 hours per day, every day of the year;

(C) provide services to such enrollees through a comprehensive, multidisciplinary health and social services delivery system which integrates acute and long-term care services pursuant to regulations; and

(D) specify the covered items and services that will not be provided directly by the entity, and to arrange for delivery of those items and services through contracts meeting the requirements of regulations.

(2) Quality assurance; patient safeguards

The PACE program agreement shall require the PACE provider to have in effect at a minimum—

(A) a written plan of quality assurance and improvement, and procedures implementing such plan, in accordance with regulations, and

(B) written safeguards of the rights of enrolled participants (including a patient bill of rights and procedures for grievances and appeals) in accordance with regulations and with other requirements of this subchapter and Federal and State law designed for the protection of patients.

(c) Eligibility determinations

(1) In general

The determination of—

(A) whether an individual is a PACE program eligible individual shall be made under and in accordance with the PACE program agreement, and

(B) who is entitled to medical assistance under this subchapter shall be made (or who is not so entitled, may be made) by the State administering agency.

(2) Condition

An individual is not a PACE program eligible individual (with respect to payment under

this section) unless the individual's health status has been determined by the Secretary or the State administering agency, in accordance with regulations, to be comparable to the health status of individuals who have participated in the PACE demonstration waiver programs. Such determination shall be based upon information on health status and related indicators (such as medical diagnoses and measures of activities of daily living, instrumental activities of daily living, and cognitive impairment) that are part of a uniform minimum data set collected by PACE providers on potential eligible individuals.

(3) Annual eligibility recertifications

(A) In general

Subject to subparagraph (B), the determination described in subsection (a)(5)(B) of this section for an individual shall be reevaluated at least annually.

(B) Exception

The requirement of annual reevaluation under subparagraph (A) may be waived during a period in accordance with regulations in those cases in which the State administering agency determines that there is no reasonable expectation of improvement or significant change in an individual's condition during the period because of the severity of chronic condition, or degree of impairment of functional capacity of the individual involved.

(4) Continuation of eligibility

An individual who is a PACE program eligible individual may be deemed to continue to be such an individual notwithstanding a determination that the individual no longer meets the requirement of subsection (a)(5)(B) of this section if, in accordance with regulations, in the absence of continued coverage under a PACE program the individual reasonably would be expected to meet such requirement within the succeeding 6-month period.

(5) Enrollment; disenrollment

(A) Voluntary disenrollment at any time

The enrollment and disenrollment of PACE program eligible individuals in a PACE program shall be pursuant to regulations and the PACE program agreement and shall permit enrollees to voluntarily disenroll without cause at any time.

(B) Limitations on disenrollment

(i) In general

Regulations promulgated by the Secretary under this section and section 1395eee of this title, and the PACE program agreement, shall provide that the PACE program may not disenroll a PACE program eligible individual except—

(I) for nonpayment of premiums (if applicable) on a timely basis; or

(II) for engaging in disruptive or threatening behavior, as defined in such regulations (developed in close consultation with State administering agencies).

(ii) No disenrollment for noncompliant behavior

Except as allowed under regulations promulgated to carry out clause (i)(II), a

PACE program may not disenroll a PACE program eligible individual on the ground that the individual has engaged in non-compliant behavior if such behavior is related to a mental or physical condition of the individual. For purposes of the preceding sentence, the term “noncompliant behavior” includes repeated noncompliance with medical advice and repeated failure to appear for appointments.

(iii) Timely review of proposed nonvoluntary disenrollment

A proposed disenrollment, other than a voluntary disenrollment, shall be subject to timely review and final determination by the Secretary or by the State administering agency (as applicable), prior to the proposed disenrollment becoming effective.

(d) Payments to PACE providers on a capitated basis

(1) In general

In the case of a PACE provider with a PACE program agreement under this section, except as provided in this subsection or by regulations, the State shall make prospective monthly payments of a capitation amount for each PACE program eligible individual enrolled under the agreement under this section.

(2) Capitation amount

The capitation amount to be applied under this subsection for a provider for a contract year shall be an amount specified in the PACE program agreement for the year. Such amount shall be an amount, specified under the PACE agreement, which is less than the amount that would otherwise have been made under the State plan if the individuals were not so enrolled and shall be adjusted to take into account the comparative frailty of PACE enrollees and such other factors as the Secretary determines to be appropriate. The payment under this section shall be in addition to any payment made under section 1395eee of this title for individuals who are enrolled in a PACE program under such section.

(e) PACE program agreement

(1) Requirement

(A) In general

The Secretary, in close cooperation with the State administering agency, shall establish procedures for entering into, extending, and terminating PACE program agreements for the operation of PACE programs by entities that meet the requirements for a PACE provider under this section, section 1395eee of this title, and regulations.

(B) Numerical limitation

(i) In general

The Secretary shall not permit the number of PACE providers with which agreements are in effect under this section or under section 9412(b) of the Omnibus Budget Reconciliation Act of 1986 to exceed—

(I) 40 as of August 5, 1997, or

(II) as of each succeeding anniversary of August 5, 1997, the numerical limita-

tion under this subparagraph for the preceding year plus 20.

Subclause (II) shall apply without regard to the actual number of agreements in effect as of a previous anniversary date.

(ii) Treatment of certain private, for-profit providers

The numerical limitation in clause (i) shall not apply to a PACE provider that—

(I) is operating under a demonstration project waiver under subsection (h) of this section, or

(II) was operating under such a waiver and subsequently qualifies for PACE provider status pursuant to subsection (a)(3)(B)(ii) of this section.

(2) Service area and eligibility

(A) In general

A PACE program agreement for a PACE program—

(i) shall designate the service area of the program;

(ii) may provide additional requirements for individuals to qualify as PACE program eligible individuals with respect to the program;

(iii) shall be effective for a contract year, but may be extended for additional contract years in the absence of a notice by a party to terminate, and is subject to termination by the Secretary and the State administering agency at any time for cause (as provided under the agreement);

(iv) shall require a PACE provider to meet all applicable State and local laws and requirements; and

(v) shall contain such additional terms and conditions as the parties may agree to, so long as such terms and conditions are consistent with this section and regulations.

(B) Service area overlap

In designating a service area under a PACE program agreement under subparagraph (A)(i), the Secretary (in consultation with the State administering agency) may exclude from designation an area that is already covered under another PACE program agreement, in order to avoid unnecessary duplication of services and avoid impairing the financial and service viability of an existing program.

(3) Data collection; development of outcome measures

(A) Data collection

(i) In general

Under a PACE program agreement, the PACE provider shall—

(I) collect data;

(II) maintain, and afford the Secretary and the State administering agency access to, the records relating to the program, including pertinent financial, medical, and personnel records; and

(III) submit to the Secretary and the State administering agency such reports

as the Secretary finds (in consultation with State administering agencies) necessary to monitor the operation, cost, and effectiveness of the PACE program.

(ii) Requirements during trial period

During the first 3 years of operation of a PACE program (either under this section or under a PACE demonstration waiver program), the PACE provider shall provide such additional data as the Secretary specifies in regulations in order to perform the oversight required under paragraph (4)(A).

(B) Development of outcome measures

Under a PACE program agreement, the PACE provider, the Secretary, and the State administering agency shall jointly cooperate in the development and implementation of health status and quality of life outcome measures with respect to PACE program eligible individuals.

(4) Oversight

(A) Annual, close oversight during trial period

During the trial period (as defined in subsection (a)(9) of this section) with respect to a PACE program operated by a PACE provider, the Secretary (in cooperation with the State administering agency) shall conduct a comprehensive annual review of the operation of the PACE program by the provider in order to assure compliance with the requirements of this section and regulations. Such a review shall include—

- (i) an onsite visit to the program site;
- (ii) comprehensive assessment of a provider's fiscal soundness;
- (iii) comprehensive assessment of the provider's capacity to provide all PACE services to all enrolled participants;
- (iv) detailed analysis of the entity's substantial compliance with all significant requirements of this section and regulations; and
- (v) any other elements the Secretary or the State administering agency considers necessary or appropriate.

(B) Continuing oversight

After the trial period, the Secretary (in cooperation with the State administering agency) shall continue to conduct such review of the operation of PACE providers and PACE programs as may be appropriate, taking into account the performance level of a provider and compliance of a provider with all significant requirements of this section and regulations.

(C) Disclosure

The results of reviews under this paragraph shall be reported promptly to the PACE provider, along with any recommendations for changes to the provider's program, and shall be made available to the public upon request.

(5) Termination of PACE provider agreements

(A) In general

Under regulations—

(i) the Secretary or a State administering agency may terminate a PACE program agreement for cause, and

(ii) a PACE provider may terminate such an agreement after appropriate notice to the Secretary, the State administering agency, and enrollees.

(B) Causes for termination

In accordance with regulations establishing procedures for termination of PACE program agreements, the Secretary or a State administering agency may terminate a PACE program agreement with a PACE provider for, among other reasons, the fact that—

(i) the Secretary or State administering agency determines that—

(I) there are significant deficiencies in the quality of care provided to enrolled participants; or

(II) the provider has failed to comply substantially with conditions for a program or provider under this section or section 1395eee of this title; and

(ii) the entity has failed to develop and successfully initiate, within 30 days of the date of the receipt of written notice of such a determination, a plan to correct the deficiencies, or has failed to continue implementation of such a plan.

(C) Termination and transition procedures

An entity whose PACE provider agreement is terminated under this paragraph shall implement the transition procedures required under subsection (a)(2)(C) of this section.

(6) Secretary's oversight; enforcement authority

(A) In general

Under regulations, if the Secretary determines (after consultation with the State administering agency) that a PACE provider is failing substantially to comply with the requirements of this section and regulations, the Secretary (and the State administering agency) may take any or all of the following actions:

(i) Condition the continuation of the PACE program agreement upon timely execution of a corrective action plan.

(ii) Withhold some or all further payments under the PACE program agreement under this section or section 1395eee of this title with respect to PACE program services furnished by such provider until the deficiencies have been corrected.

(iii) Terminate such agreement.

(B) Application of intermediate sanctions

Under regulations, the Secretary may provide for the application against a PACE provider of remedies described in section 1395w-27(g)(2) (or, for periods before January 1, 1999, section 1395mm(i)(6)(B) of this title) or 1396b(m)(5)(B) of this title in the case of violations by the provider of the type described in section 1395w-27(g)(1) (or 1395mm(i)(6)(A) of this title for such periods) or 1396b(m)(5)(A) of this title, respectively (in relation to agreements, enrollees, and re-

quirements under section 1395eee of this title or this section, respectively).

(7) Procedures for termination or imposition of sanctions

Under regulations, the provisions of section 1395w-27(h) of this title (or for periods before January 1, 1999, section 1395mm(i)(9) of this title) shall apply to termination and sanctions respecting a PACE program agreement and PACE provider under this subsection in the same manner as they apply to a termination and sanctions with respect to a contract and a Medicare+Choice organization under part C of subchapter XVIII of this chapter (or for such periods an eligible organization under section 1395mm of this title).

(8) Timely consideration of applications for PACE program provider status

In considering an application for PACE provider program status, the application shall be deemed approved unless the Secretary, within 90 days after the date of the submission of the application to the Secretary, either denies such request in writing or informs the applicant in writing with respect to any additional information that is needed in order to make a final determination with respect to the application. After the date the Secretary receives such additional information, the application shall be deemed approved unless the Secretary, within 90 days of such date, denies such request.

(f) Regulations

(1) In general

The Secretary shall issue interim final or final regulations to carry out this section and section 1395eee of this title.

(2) Use of PACE protocol

(A) In general

In issuing such regulations, the Secretary shall, to the extent consistent with the provisions of this section, incorporate the requirements applied to PACE demonstration waiver programs under the PACE protocol.

(B) Flexibility

In order to provide for reasonable flexibility in adapting the PACE service delivery model to the needs of particular organizations (such as those in rural areas or those that may determine it appropriate to use nonstaff physicians according to State licensing law requirements) under this section and section 1395eee of this title, the Secretary (in close consultation with State administering agencies) may modify or waive provisions of the PACE protocol so long as any such modification or waiver is not inconsistent with and would not impair the essential elements, objectives, and requirements of this section, but may not modify or waive any of the following provisions:

(i) The focus on frail elderly qualifying individuals who require the level of care provided in a nursing facility.

(ii) The delivery of comprehensive, integrated acute and long-term care services.

(iii) The interdisciplinary team approach to care management and service delivery.

(iv) Capitated, integrated financing that allows the provider to pool payments received from public and private programs and individuals.

(v) The assumption by the provider of full financial risk.

(C) Continuation of modifications or waivers of operational requirements under demonstration status

If a PACE program operating under demonstration authority has contractual or other operating arrangements which are not otherwise recognized in regulation and which were in effect on July 1¹ 2000, the Secretary (in close consultation with, and with the concurrence of, the State administering agency) shall permit any such program to continue such arrangements so long as such arrangements are found by the Secretary and the State to be reasonably consistent with the objectives of the PACE program.

(3) Application of certain additional beneficiary and program protections

(A) In general

In issuing such regulations and subject to subparagraph (B), the Secretary may apply with respect to PACE programs, providers, and agreements such requirements of part C of subchapter XVIII of this chapter (or, for periods before January 1, 1999, section 1395mm of this title) and sections 1396b(m) and 1396u-2 of this title relating to protection of beneficiaries and program integrity as would apply to Medicare+Choice organizations under such part C (or for such periods eligible organizations under risk-sharing contracts under section 1395mm of this title) and to medicaid managed care organizations under prepaid capitation agreements under section 1396b(m) of this title.

(B) Considerations

In issuing such regulations, the Secretary shall—

(i) take into account the differences between populations served and benefits provided under this section and under part C of subchapter XVIII of this chapter (or, for periods before January 1, 1999, section 1395mm of this title) and section 1396b(m) of this title;

(ii) not include any requirement that conflicts with carrying out PACE programs under this section; and

(iii) not include any requirement restricting the proportion of enrollees who are eligible for benefits under this subchapter or subchapter XVIII of this chapter.

(4) Construction

Nothing in this subsection shall be construed as preventing the Secretary from including in regulations provisions to ensure the health and safety of individuals enrolled in a PACE program under this section that are in addition to those otherwise provided under paragraphs (2) and (3).

¹ So in original. Probably should be followed by a comma.

(g) Waivers of requirements

With respect to carrying out a PACE program under this section, the following requirements of this subchapter (and regulations relating to such requirements) shall not apply:

(1) Section 1396a(a)(1) of this title, relating to any requirement that PACE programs or PACE program services be provided in all areas of a State.

(2) Section 1396a(a)(10) of this title, insofar as such section relates to comparability of services among different population groups.

(3) Sections 1396a(a)(23) and 1396n(b)(4) of this title, relating to freedom of choice of providers under a PACE program.

(4) Section 1396b(m)(2)(A) of this title, insofar as it restricts a PACE provider from receiving prepaid capitation payments.

(5) Such other provisions of this subchapter that, as added or amended by the Balanced Budget Act of 1997, the Secretary determines are inapplicable to carrying out a PACE program under this section.

(h) Demonstration project for for-profit entities**(1) In general**

In order to demonstrate the operation of a PACE program by a private, for-profit entity, the Secretary (in close consultation with State administering agencies) shall grant waivers from the requirement under subsection (a)(3) of this section that a PACE provider may not be a for-profit, private entity.

(2) Similar terms and conditions**(A) In general**

Except as provided under subparagraph (B), and paragraph (1), the terms and conditions for operation of a PACE program by a provider under this subsection shall be the same as those for PACE providers that are nonprofit, private organizations.

(B) Numerical limitation

The number of programs for which waivers are granted under this subsection shall not exceed 10. Programs with waivers granted under this subsection shall not be counted against the numerical limitation specified in subsection (e)(1)(B) of this section.

(i) Post-eligibility treatment of income

A State may provide for post-eligibility treatment of income for individuals enrolled in PACE programs under this section in the same manner as a State treats post-eligibility income for individuals receiving services under a waiver under section 1396n(c) of this title.

(j) Miscellaneous provisions

Nothing in this section or section 1395eee of this title shall be construed as preventing a PACE provider from entering into contracts with other governmental or nongovernmental payers for the care of PACE program eligible individuals who are not eligible for benefits under part A, or enrolled under part B, of subchapter XVIII of this chapter or eligible for medical assistance under this subchapter.

(B) for the provision of medical assistance on behalf of a child during a presumptive eligibility period under section 1396r-1a of this title;

(C) for child health assistance under the plan for targeted low-income children in the form of providing health benefits coverage that meets the requirements of section 1397cc of this title; and

(D) only to the extent permitted consistent with subsection (c) of this section—

(i) for payment for other child health assistance for targeted low-income children;

(ii) for expenditures for health services initiatives under the plan for improving the health of children (including targeted low-income children and other low-income children);

(iii) for expenditures for outreach activities as provided in section 1397bb(c)(1) of this title under the plan; and

(iv) for other reasonable costs incurred by the State to administer the plan.

(2) Order of payments

Payments under paragraph (1) from a State's allotment shall be made in the following order:

(A) First, for expenditures for items described in paragraph (1)(A).

(B) Second, for expenditures for items described in paragraph (1)(B).

(C) Third, for expenditures for items described in paragraph (1)(C).

(D) Fourth, for expenditures for items described in paragraph (1)(D).

(b) Enhanced FMAP

For purposes of subsection (a) of this section, the “enhanced FMAP”, for a State for a fiscal year, is equal to the Federal medical assistance percentage (as defined in the first sentence of section 1396d(b) of this title) for the State increased by a number of percentage points equal to 30 percent of the number of percentage points by which (1) such Federal medical assistance percentage for the State, is less than (2) 100 percent; but in no case shall the enhanced FMAP for a State exceed 85 percent.

(c) Limitation on certain payments for certain expenditures

(1) General limitations

Funds provided to a State under this subchapter shall only be used to carry out the purposes of this subchapter (as described in section 1397aa of this title), and any health insurance coverage provided with such funds may include coverage of abortion only if necessary to save the life of the mother or if the pregnancy is the result of an act of rape or incest.

(2) Limitation on expenditures not used for medicaid or health insurance assistance

(A) In general

Except as provided in this paragraph, the amount of payment that may be made under subsection (a) of this section for a fiscal year for expenditures for items described in paragraph (1)(D) of such subsection shall not exceed 10 percent of the total amount of expenditures for which payment is made under subparagraphs (A), (C), and (D) of paragraph (1) of such subsection.

(B) Waiver authorized for cost-effective alternative

The limitation under subparagraph (A) on expenditures for items described in subsection (a)(1)(D) of this section shall not apply to the extent that a State establishes to the satisfaction of the Secretary that—

(i) coverage provided to targeted low-income children through such expenditures meets the requirements of section 1397cc of this title;

(ii) the cost of such coverage is not greater, on an average per child basis, than the cost of coverage that would otherwise be provided under section 1397cc of this title; and

(iii) such coverage is provided through the use of a community-based health delivery system, such as through contracts with health centers receiving funds under section 254b of this title or with hospitals such as those that receive disproportionate share payment adjustments under section 1395ww(d)(5)(F) or 1396r-4 of this title.

(3) Waiver for purchase of family coverage

Payment may be made to a State under subsection (a)(1) of this section for the purchase of family coverage under a group health plan or health insurance coverage that includes

coverage of targeted low-income children only if the State establishes to the satisfaction of the Secretary that—

(A) purchase of such coverage is cost-effective relative to the amounts that the State would have paid to obtain comparable coverage only of the targeted low-income children involved, and

(B) such coverage shall not be provided if it would otherwise substitute for health insurance coverage that would be provided to such children but for the purchase of family coverage.

(4) Use of non-Federal funds for State matching requirement

Amounts provided by the Federal Government, or services assisted or subsidized to any significant extent by the Federal Government, may not be included in determining the amount of non-Federal contributions required under subsection (a) of this section.

(5) Offset of receipts attributable to premiums and other cost-sharing

For purposes of subsection (a) of this section, the amount of the expenditures under the plan shall be reduced by the amount of any premiums and other cost-sharing received by the State.

(6) Prevention of duplicative payments

(A) Other health plans

No payment shall be made to a State under this section for expenditures for child health assistance provided for a targeted low-income child under its plan to the extent that a private insurer (as defined by the Secretary by regulation and including a group health plan (as defined in section 1167(1) of title 29), a service benefit plan, and a health maintenance organization) would have been obligated to provide such assistance but for a provision of its insurance contract which has the effect of limiting or excluding such obligation because the individual is eligible for or is provided child health assistance under the plan.

(B) Other Federal governmental programs

Except as provided in subparagraph (A) or (B) of subsection (a)(1) of this section or any other provision of law, no payment shall be made to a State under this section for expenditures for child health assistance provided for a targeted low-income child under its plan to the extent that payment has been made or can reasonably be expected to be made promptly (as determined in accordance with regulations) under any other federally operated or financed health care insurance program, other than an insurance program operated or financed by the Indian Health Service, as identified by the Secretary. For purposes of this paragraph, rules similar to the rules for overpayments under section 1396b(d)(2) of this title shall apply.

(7) Limitation on payment for abortions

(A) In general

Payment shall not be made to a State under this section for any amount expended

under the State plan to pay for any abortion or to assist in the purchase, in whole or in part, of health benefit coverage that includes coverage of abortion.

(B) Exception

Subparagraph (A) shall not apply to an abortion only if necessary to save the life of the mother or if the pregnancy is the result of an act of rape or incest.

(C) Rule of construction

Nothing in this section shall be construed as affecting the expenditure by a State, locality, or private person or entity of State, local, or private funds (other than funds expended under the State plan) for any abortion or for health benefits coverage that includes coverage of abortion.

(d) Maintenance of effort

(1) In medicaid eligibility standards

No payment may be made under subsection (a) of this section with respect to child health assistance provided under a State child health plan if the State adopts income and resource standards and methodologies for purposes of determining a child's eligibility for medical assistance under the State plan under subchapter XIX of this chapter that are more restrictive than those applied as of June 1, 1997.

(2) In amounts of payment expended for certain State-funded health insurance programs for children

(A) In general

The amount of the allotment for a State in a fiscal year (beginning with fiscal year 1999) shall be reduced by the amount by which—

(i) the total of the State children's health insurance expenditures in the preceding fiscal year, is less than

(ii) the total of such expenditures in fiscal year 1996.

(B) State children's health insurance expenditures

The term "State children's health insurance expenditures" means the following:

(i) The State share of expenditures under this subchapter.

(ii) The State share of expenditures under subchapter XIX of this chapter that are attributable to an enhanced FMAP under the fourth sentence of section 1396d(b) of this title.

(iii) State expenditures under health benefits coverage under an existing comprehensive State-based program, described in section 1397cc(d) of this title.

(e) Advance payment; retrospective adjustment

The Secretary may make payments under this section for each quarter on the basis of advance estimates of expenditures submitted by the State and such other investigation as the Secretary may find necessary, and may reduce or increase the payments as necessary to adjust for any overpayment or underpayment for prior quarters.

(f) Flexibility in submittal of claims

Nothing in this section or subsections (e) and (f) of section 1397dd of this title shall be con-

strued as preventing a State from claiming as expenditures in the quarter expenditures that were incurred in a previous quarter.

(c) Preservation of families; students

(1) If, following completion of the applicable hearing process, financial assistance for any individual receiving such assistance on February 5, 1988, is to be terminated, the public housing agency or other local governmental entity involved (in the case of public housing or assistance under section 8 of the United States Housing Act of 1937 [42 U.S.C. 1437f]) or the applicable Secretary (in the case of any other financial assistance) shall take one of the following actions:

For purposes of this paragraph, the term “family” means a head of household, any spouse, any parents of the head of household, any parents of the spouse, and any children of the head of household or spouse. If the declaration states that the individual is a citizen or national of the United States, the applicable Secretary, or the agency administering assistance covered by this section, may request verification of the declaration by requiring presentation of documentation that the applicable Secretary considers appropriate, includ-

In the case of an individual applying for financial assistance on or after September 30, 1996, the applicable Secretary may not provide any such assistance for the benefit of that individual before documentation is presented and verified under paragraph (3) or (4).

(3) If the documentation described in paragraph (2)(A) is presented, the applicable Secretary shall utilize the individual’s alien file or alien admission number to verify with the Immigration and Naturalization Service the individual’s immigration status through an automated or other system (designated by the Service for use with States) that—

CONGRESSIONAL STATEMENT OF FINDINGS AND PURPOSES

Pub. L. 105-276, title V, §502, Oct. 21, 1998, 112 Stat. 2520, provided that:

“(a) FINDINGS.—Congress finds that—

“(1) there exists throughout the Nation a need for decent, safe, and affordable housing;

“(2) the inventory of public housing units owned, assisted, or operated by public housing agencies, an asset in which the Federal Government has invested over \$90,000,000,000, has traditionally provided rental housing that is affordable to low-income persons;

“(3) despite serving this critical function, the public housing system is plagued by a series of problems, including the concentration of very poor people in very poor neighborhoods and disincentives for economic self-sufficiency;

“(4) the Federal method of overseeing every aspect of public housing by detailed and complex statutes and regulations has aggravated the problem and has placed excessive administrative burdens on public housing agencies; and

“(5) the interests of low-income persons, and the public interest, will best be served by a reformed public housing program that—

“(A) consolidates many public housing programs into programs for the operation and capital needs of public housing;

“(B) streamlines program requirements;

“(C) vests in public housing agencies that perform well the maximum feasible authority, discretion, and control with appropriate accountability to public housing residents, localities, and the general public; and

“(D) rewards employment and economic self-sufficiency of public housing residents.

“(b) PURPOSES.—The purpose of this title [see Tables for classification] is to promote homes that are affordable to low-income families in safe and healthy environments, and thereby contribute to the supply of affordable housing, by—

“(1) deregulating and decontrolling public housing agencies, thereby enabling them to perform as property and asset managers;

“(2) providing for more flexible use of Federal assistance to public housing agencies, allowing the authorities to leverage and combine assistance amounts with amounts obtained from other sources;

“(3) facilitating mixed income communities and decreasing concentrations of poverty in public housing;

“(4) increasing accountability and rewarding effective management of public housing agencies;

“(5) creating incentives and economic opportunities for residents of dwelling units assisted by public housing agencies to work, become self-sufficient, and transition out of public housing and federally assisted dwelling units;

“(6) consolidating the voucher and certificate programs for rental assistance under section 8 of the

United States Housing Act of 1937 [42 U.S.C. 1437f] into a single market-driven program that will assist in making tenant-based rental assistance under such section more successful at helping low-income families obtain affordable housing and will increase housing choice for low-income families; and

“(7) remedying the problems of troubled public housing agencies and replacing or revitalizing severely distressed public housing projects.”

MENTAL HEALTH ACTION PLAN

Pub. L. 105-276, title V, §517, Oct. 21, 1998, 112 Stat. 2550, provided that: “The Secretary of Housing and Urban Development, in consultation with the Secretary of Health and Human Services, the Secretary of Labor, and appropriate State and local officials and representatives, shall—

“(1) develop an action plan and list of recommendations for the improvement of means of providing severe mental illness treatment to families and individuals receiving housing assistance under the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.], including public housing residents, residents of multi-family housing assisted with project-based assistance under section 8 of such Act [42 U.S.C. 1437f], and recipients of tenant-based assistance under such section; and

“(2) develop and disseminate a list of current practices among public housing agencies and owners of assisted housing that serve to benefit persons in need of mental health care.”

“(1) the impact of the amendments made by this Act [Pub. L. 105-276, see Tables for classification] on—

“(A) the demographics of public housing residents and families receiving tenant-based assistance under the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.]; and

“(B) the economic viability of public housing agencies; and

“(2) the effectiveness of the rent policies established by this Act and the amendments made by this Act on the employment status and earned income of public housing residents.

“(b) EFFECTIVE DATE.—This section shall take effect on the date of the enactment of this Act [Oct. 21, 1998].”

§ 1437a. Rental payments

(a) Families included; rent options; minimum amount; occupancy by police officers and over-income families

(1) Dwelling units assisted under this chapter shall be rented only to families who are low-income families at the time of their initial occupancy of such units. Reviews of family income shall be made at least annually. Except as provided in paragraph (2) and subject to the requirement under paragraph (3), a family shall pay as rent for a dwelling unit assisted under this chapter (other than a family assisted under section 1437f(o) or (y) of this title or paying rent under section 1437f(c)(3)(B)¹ of this title) the highest of the following amounts, rounded to the nearest dollar:

(A) 30 per centum of the family's monthly adjusted income;

(B) 10 per centum of the family's monthly income; or

(C) if the family is receiving payments for welfare assistance from a public agency and a part of such payments, adjusted in accordance with the family's actual housing costs, is specifically designated by such agency to meet the family's housing costs, the portion of such payments which is so designated.

(2) RENTAL PAYMENTS FOR PUBLIC HOUSING FAMILIES.—

(A) AUTHORITY FOR FAMILY TO SELECT.—

(i) IN GENERAL.—A family residing in a public housing dwelling shall pay as monthly rent for the unit the amount determined under clause (i) or (ii) of subparagraph (B), subject to the requirement under paragraph (3) (relating to minimum rents). Each public housing agency shall provide for each family residing in a public housing dwelling unit owned, assisted, or operated by the agency to elect annually whether the rent paid by such family shall be determined under clause (i) or (ii) of subparagraph (B). A public housing agency may not at any time fail to provide both such rent options for any public housing dwelling unit owned, assisted, or operated by the agency.

(ii) AUTHORITY TO RETAIN FLAT AND CEILING RENTS.—Notwithstanding clause (i) or any other provision of law, any public housing agency that is administering flat rents or ceiling rents pursuant to any authority re-

¹ See References in Text note below.

ferred to in section 519(d) of the Quality Housing and Work Responsibility Act of 1998 before the effective day of such Act may continue to charge rent in accordance with such rent provisions after such effective date, except that the agency shall provide for families residing in public housing dwelling units owned or operated by the agency to elect annually whether to pay rent under such provisions or in accordance with one of the rent options referred to in subparagraph (A).

(B) ALLOWABLE RENT STRUCTURES.—

(i) FLAT RENTS.—Except as otherwise provided under this clause, each public housing agency shall establish, for each dwelling unit in public housing owned or operated by the agency, a flat rental amount for the dwelling unit, which shall—

(I) be based on the rental value of the unit, as determined by the public housing agency; and

(II) be designed in accordance with subparagraph (D) so that the rent structures do not create a disincentive for continued residency in public housing by families who are attempting to become economically self-sufficient through employment or who have attained a level of self-sufficiency through their own efforts.

The rental amount for a dwelling unit shall be considered to comply with the requirements of this clause if such amount does not exceed the actual monthly costs to the public housing agency attributable to providing and operating the dwelling unit. The preceding sentence may not be construed to require establishment of rental amounts equal to or based on operating costs or to prevent public housing agencies from developing flat rents required under this clause in any other manner that may comply with this clause.

(ii) INCOME-BASED RENTS.—

(I) IN GENERAL.—The monthly rental amount determined under this clause for a family shall be an amount, determined by the public housing agency, that does not exceed the greatest of the amounts (rounded to the nearest dollar) determined under subparagraphs (A), (B), and (C) of paragraph (1). This clause may not be construed to require a public housing agency to charge a monthly rent in the maximum amount permitted under this clause.

(II) DISCRETION.—Subject to the limitation on monthly rental amount under subclause (I), a public housing agency may, in its discretion, implement a rent structure under this clause requiring that a portion of the rent be deposited to an escrow or savings account, imposing ceiling rents, or adopting income exclusions (such as those set forth in subsection (b)(5)(B) of this section), or may establish another reasonable rent structure or amount.

(C) SWITCHING RENT DETERMINATION METHODS BECAUSE OF HARDSHIP CIRCUMSTANCES.—Notwithstanding subparagraph (A), in the case of a family that has elected to pay rent in the amount determined under subparagraph (B)(i),

a public housing agency shall immediately provide for the family to pay rent in the amount determined under subparagraph (B)(ii) during the period for which such election was made upon a determination that the family is unable to pay the amount determined under subparagraph (B)(i) because of financial hardship, including—

(i) situations in which the income of the family has decreased because of changed circumstances, loss of² reduction of employment, death in the family, and reduction in or loss of income or other assistance;

(ii) an increase, because of changed circumstances, in the family's expenses for medical costs, child care, transportation, education, or similar items; and

(iii) such other situations as may be determined by the agency.

(D) ENCOURAGEMENT OF SELF-SUFFICIENCY.—The rental policy developed by each public housing agency shall encourage and reward employment and economic self-sufficiency.

(E) INCOME REVIEWS.—Notwithstanding the second sentence of paragraph (1), in the case of families that are paying rent in the amount determined under subparagraph (B)(i), the agency shall review the income of such family not less than once every 3 years.

(3) MINIMUM RENTAL AMOUNT.—

(A) REQUIREMENT.—Notwithstanding paragraph (1) of this subsection, the method for rent determination elected pursuant to paragraph (2)(A) of this subsection by a family residing in public housing, section 1437f(o)(2) of this title, or section 206(d) of the Housing and Urban-Rural Recovery Act of 1983 (including paragraph (5) of such section), the following entities shall require the following families to pay a minimum monthly rental amount (which amount shall include any amount allowed for utilities) of not more than \$50 per month, as follows:

(i) Each public housing agency shall require the payment of such minimum monthly rental amount, which amount shall be determined by the agency, by—

(I) each family residing in a dwelling unit in public housing by the agency;

(II) each family who is assisted under the certificate or moderate rehabilitation program under section 1437f of this title; and

(ii) The Secretary shall require each family who is assisted under any other program for rental assistance under section 1437f of this title to pay such minimum monthly rental amount, which amount shall be determined by the Secretary.

(B) EXCEPTION FOR HARDSHIP CIRCUMSTANCES.—

²So in original. Probably should be "or".

(i) **IN GENERAL.**—Notwithstanding subparagraph (A), a public housing agency (or the Secretary, in the case of a family described in subparagraph (A)(ii)) shall immediately grant an exemption from application of the minimum monthly rental under such subparagraph to any family unable to pay such amount because of financial hardship, which shall include situations in which (I) the family has lost eligibility for or is awaiting an eligibility determination for a Federal, State, or local assistance program, including a family that includes a member who is an alien lawfully admitted for permanent residence under the Immigration and Nationality Act [8 U.S.C. 1101 et seq.] who would be entitled to public benefits but for title IV of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996; (II) the family would be evicted as a result of the imposition of the minimum rent requirement under subparagraph (A); (III) the income of the family has decreased because of changed circumstance, including loss of employment; (IV) a death in the family has occurred; and (V) other situations as may be determined by the agency (or the Secretary, in the case of a family described in subparagraph (A)(ii)).

(ii) **WAITING PERIOD.**—If a resident requests a hardship exemption under this subparagraph and the public housing agency (or the Secretary, in the case of a family described in subparagraph (A)(ii)) reasonably determines the hardship to be of a temporary nature, an exemption shall not be granted during the 90-day period beginning upon the making of a request for the exemption. A resident may not be evicted during such 90-day period for nonpayment of rent. In such a case, if the resident thereafter demonstrates that the financial hardship is of a long-term basis, the agency (or the Secretary) shall retroactively exempt the resident from the applicability of the minimum rent requirement for such 90-day period.

(4) OCCUPANCY BY POLICE OFFICERS.—

The number and location of units occupied by police officers under this paragraph and the terms and conditions of their tenancies shall be determined by the public housing agency.

(B) **INCREASED SECURITY.**—A public housing agency may take the actions authorized in subparagraph (A) only for the purpose of increasing security for the residents of a public housing project.

(C) **DEFINITION.**—In this paragraph, the term “police officer” means any person determined by a public housing agency to be, during the period of residence of that person in public housing, employed on a full-time basis as a duly licensed professional police officer by a Federal, State, or local government or by any

agency thereof (including a public housing agency having an accredited police force).

(5) OCCUPANCY BY OVER-INCOME FAMILIES IN CERTAIN PUBLIC HOUSING.—

(A) **AUTHORITY.**—Notwithstanding any other provision of law, a public housing agency that owns or operates less than 250 units may, on a month-to-month basis, lease a dwelling unit in a public housing project to an over-income family in accordance with this paragraph, but only if there are no eligible families applying for housing assistance from the public housing agency for that month and the agency provides not less than 30-day public notice of the availability of such assistance.

(B) **TERMS AND CONDITIONS.**—The number and location of dwelling units of a public housing agency occupied under this paragraph by over-income families, and the terms and conditions of those tenancies, shall be determined by the public housing agency, except that—

(i) notwithstanding paragraph (2), rent for a unit shall be in an amount that is not less than the costs to operate the unit;

(ii) if an eligible family applies for residence after an over-income family moves in to the last available unit, the over-income family shall vacate the unit in accordance with notice of termination of tenancy provided by the agency, which shall be provided not less than 30 days before such termination; and

(iii) if a unit is vacant and there is no one on the waiting list, the public housing agency may allow an over-income family to gain immediate occupancy in the unit, while simultaneously providing reasonable public notice and outreach with regard to availability of the unit.

(C) **DEFINITION.**—For purposes of this paragraph, the term “over-income family” means an individual or family that is not a low-income family at the time of initial occupancy.

essary because of prevailing levels of construction costs or unusually high or low family incomes. The term “very low-income families” means low-income families whose incomes do not exceed 50 per centum of the median family income for the area, as determined by the Secretary with adjustments for smaller and larger families, except that the Secretary may establish income ceilings higher or lower than 50 per centum of the median for the area on the basis of the Secretary’s findings that such variations are necessary because of unusually high or low family incomes. Such ceilings shall be established in consultation with the Secretary of Agriculture for any rural area, as defined in section 1490 of this title, taking into account the subsidy characteristics and types of programs to which such ceilings apply. In determining median incomes (of persons, families, or households) for an area or establishing any ceilings or limits based on income under this chapter, the Secretary shall determine or establish area median incomes and income ceilings and limits for Westchester and Rockland Counties, in the State of New York, as if each such county were an area not contained within the metropolitan statistical area in which it is located. In determining such area median incomes or establishing such income ceilings or limits for the portion of such metropolitan statistical area that does not include Westchester or Rockland Counties, the Secretary shall determine or establish area median incomes and income ceilings and limits as if such portion included Westchester and Rockland Counties. Section 206(d) of Pub. L. 98-181 provided that:

“(1) The following provisions of this paragraph apply to determinations of the rent to be paid by or the contribution required of a tenant occupying housing assisted under the authorities amended by this section [amending this section] or subsections (a) through (h) of section 322 of the Housing and Community Development Amendments of 1981 [amending sections 1437 to 1437d, 1437f, 1437g, 1437i, 1437j, and 1437l of this title and sections 1701s and 1715z-1 of Title 12, Banks and Bank-

ing, and repealing provisions set out as notes under this section and section 1701s of Title 12] (hereinafter referred to as 'assisted housing') on or before the effective date of regulations implementing this section:

“(A) Notwithstanding any other provision of this section or subsections (a) through (h) of section 322 of the Housing and Community Development Amendments of 1981, the Secretary of Housing and Urban Development (hereinafter referred to as the 'Secretary') may provide for delayed applicability, or for staged implementation, of the procedures for determining rents or contributions, as appropriate, required by such provisions if the Secretary determines that immediate application of such procedures would be impracticable, would violate the terms of existing leases, or would result in extraordinary hardship for any class of tenants.

“(B) The Secretary shall provide that the rent or contribution, as appropriate, required to be paid by a tenant shall not increase as a result of the amendments made by this section and subsections (a) through (h) of section 322 of the Housing and Community Development Amendments of 1981, and as a result of any other provision of Federal law or regulation, by more than 10 per centum during any twelve-month period, unless the increase above 10 per centum is attributable to increases in income which are unrelated to such amendments, law, or regulation.

“(2) Tenants of assisted housing other than those referred to in paragraph (1) shall be subject to immediate rent payment or contribution determinations in accordance with applicable law and without regard to the provisions of paragraph (1), but the Secretary shall provide that the rent or contribution payable by any such tenant who is occupying assisted housing on the effective date of any provision of Federal law or regulation shall not increase, as a result of any such provision of Federal law or regulation, by more than 10 per centum during any twelve-month period, unless the increase above 10 per centum is attributable to increases in income which are unrelated to such law or regulation.

“(3) In the case of tenants receiving rental assistance under section 521(a)(1) of the Housing Act of 1949 [section 1490a(a)(1) of this title] on the effective date of this section [Nov. 30, 1983] whose assistance is converted to assistance under section 8 of the United States Housing Act of 1937 [section 1437f of this title] on or after such date, the Secretary shall provide that the rent or contribution payable by any such tenant shall not increase, as a result of such conversion, by more than 10 per centum during any twelve-month period, unless the increase above 10 per centum is attributable to increases in income which are unrelated to such conversion or to any provision of Federal law or regulation.

“(4)(A) Notwithstanding any other provision of law, in the case of the conversion of any assistance under section 101 of the Housing and Urban Development Act of 1965 [12 U.S.C. 1701s], section 236(f)(2) of the National Housing Act [12 U.S.C. 1715z-1(f)(2)], or section 23 of the United States Housing Act of 1937 [section 1421b of this title] (as in effect before the date of the enactment of the Housing and Community Development Act of 1974 [Aug. 22, 1974]) to assistance under section 8 of the United States Housing Act of 1937, any increase in rent payments or contributions resulting from such conversion, and from the amendments made by this section of any tenant benefiting from such assistance who is sixty-two years of age or older may not exceed 10 per centum per annum.

“(B) In the case of any such conversion of assistance occurring on or after October 1, 1981, and before the date of the enactment of this section [Nov. 30, 1983], the rental payments due after such date of enactment by any tenant benefiting from such assistance who was sixty-two years of age or older on the date of such conversion shall be computed as if the tenant's rental payment or contribution had, on the date of conversion, been the lesser of the actual rental payment or contribution required, or 25 per centum of the tenant's income.

“(5) The limitations on increases in rent contained in paragraphs (1)(B), (2), (3), and (4) shall remain in effect and may not be changed or superseded except by another provision of law which amends this subsection.

“(6) As used in this subsection, the term 'contribution' means an amount representing 30 per centum of a tenant's monthly adjusted income, 10 per centum of the tenant's monthly income, or the designated amount of welfare assistance, whichever amount is used to determine the monthly assistance payment for the tenant under section 3(a) of the United States Housing Act of 1937 [subsec. (a) of this section].

“(7) The provisions of subsections (a) through (h) of section 322 of the Housing and Community Development Amendments of 1981 shall be implemented and fully applicable to all affected tenants no later than five years following the date of enactment of such amendments [Aug. 13, 1981], except that the Secretary may extend the time for implementation if the Secretary determines that full implementation would result in extraordinary hardship for any class of tenants.”

Prior provisions for determining rent payable by tenants occupying assisted housing under and authorizing delayed application or staged implementation of provisions amended by section 322 of Pub. L. 97-35 were contained in Pub. L. 97-35, title III, §322(i), Aug. 13, 1981, 95 Stat. 404, which was repealed by Pub. L. 98-181, title II, §206(e), Nov. 30, 1983, 97 Stat. 1181.

§ 1437b. Loans and commitments to make loans for low-income housing projects

(a) Authority of Secretary; interest rates; repayment date; use as security for obligations of public housing agency

The Secretary may make loans or commitments to make loans to public housing agencies to help finance or refinance the development, acquisition, or operation of low-income housing projects by such agencies. Any contract for such loans and any amendment to a contract for such loans shall provide that such loans shall bear interest at a rate specified by the Secretary which shall not be less than a rate determined by the Secretary of the Treasury taking into consideration the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the average maturities of such loans, plus one-eighth of 1 per centum. Such loans shall be secured in such manner and shall be repaid within such period not exceeding forty years, or not exceeding forty years from the date of the bonds evidencing the loan, as the Secretary may determine. The Secretary may require loans or commitments to make loans under this section to be pledged as security for obligations issued by a public housing agency in connection with a low-income housing project.

(b) Issuance of obligations by Secretary; limitation on amounts; forms and denominations; terms and conditions; purchase, establishment of maturities and rates of interest, and sale by Secretary of the Treasury

The Secretary may issue and have outstanding at any one time notes and other obligations for purchase by the Secretary of the Treasury in an amount which will not, unless authorized by the President, exceed \$1,500,000,000. For the purpose of determining obligations incurred to make loans pursuant to this chapter against any limitation otherwise applicable with respect to such loans, the Secretary shall estimate the maximum amount to be loaned at any one time pursuant to loan agreements then outstanding with public housing agencies. Such notes or other obligations shall be in such forms and denominations and shall be subject to such terms and conditions as may be prescribed by the Secretary with the approval of the Secretary of the Treasury. The notes or other obligations issued under this subsection shall have such maturities and bear such rate or rates of interest as shall be determined by the Secretary of the Treasury. The Secretary of the Treasury is authorized and directed to purchase any notes or other obligations of the Secretary issued hereunder and for such purpose is authorized to use as a public debt transaction the proceeds from the sale of any securities issued under chapter 31 of title 31, and the purposes for which securities may be issued under such chapter are extended to include any purchases of such obligations. The Secretary of the Treasury may at any time sell any of the notes or other obligations acquired by him under this section. All redemptions, purchases, and sales by the Secretary of the Treasury of such notes or other obligations shall be treated as public debt transactions of the United States.

(c) Public and Indian housing financing reforms

Such cancellation shall not affect any other terms and conditions of such contract, which shall remain in effect as if the cancellation had not occurred. This paragraph shall not apply to any loan the repayment of which was not to be made using annual contributions, or to any loan all or part of the proceeds of which are due a public housing agency from contractors or others.

(2)(A) On April 7, 1986, each note or other obligation issued by the Secretary to the Secretary of the Treasury pursuant to subsection (b) of this section, together with any promise to repay the principal and unpaid interest that has accrued on each note or obligation, shall be forgiven; and any other term or condition specified by each such obligation shall be canceled.

(B) On September 30, 1986, and on any subsequent September 30, each such note or other obligation issued by the Secretary to the Secretary of the Treasury pursuant to subsection (b) of this section during the fiscal year ending on such date, together with any promise to repay the principal and unpaid interest that has accrued on each note or obligation, shall be forgiven; and any other term or condition specified by each such obligation shall be canceled.

(3) Any amount of budget authority (and contract authority) that becomes available during any fiscal year as a result of the forgiveness of any loan, note, or obligation under this subsection shall be rescinded.

This section is referred to in sections 1437c, 1437q of this title.

§ 1437c. Contributions for low-income housing projects**(a) Contract authorization; amounts; use as security for obligations of public housing agency; use of existing structures**

(1) The Secretary may make annual contributions to public housing agencies to assist in achieving and maintaining the lower income character of their projects. The Secretary shall embody the provisions for such annual contributions in a contract guaranteeing their payment. The contribution payable annually under this section shall in no case exceed a sum equal to the annual amount of principal and interest payable on obligations issued by the public housing agency to finance the development or acquisition cost of the lower income project involved. Annual contributions payable under this section shall be pledged, if the Secretary so requires, as security for obligations issued by a public housing agency to assist the development or acquisition of the project to which annual contributions relate and shall be paid over a period not to exceed 40 years.

(2) The Secretary may make contributions (in the form of grants) to public housing agencies to cover the development cost of public housing projects. The contract under which such contributions shall be made shall specify the amount of capital contributions required for

each project to which the contract pertains, and that the terms and conditions of such contract shall remain in effect for a 40-year period.

(3) The amount of contributions that would be established for a newly constructed project by a public housing agency designed to accommodate a number of families of a given size and kind may be established under this section for a project by such public housing agency that would provide housing for the comparable number, sizes, and kinds of families through the acquisition and rehabilitation, or use under lease, of structures that are suitable for low-income housing use and obtained in the local market.

(b) Maximum amount of contributions; regulations; criteria for rates of contribution

The Secretary may prescribe regulations fixing the maximum contributions available under different circumstances, giving consideration to cost, location, size, rent-paying ability of prospective tenants, or other factors bearing upon the amounts and periods of assistance needed to achieve and maintain low rentals. Such regulations may provide for rates of contribution based upon development, acquisition, or operation costs, number of dwelling units, number of persons housed, interest charges, or other appropriate factors.

(c) Limitation on aggregate contractual contributions; contracts for preliminary loans; payments of annual contributions; limitations on specific authorities

(1) The Secretary may enter into contracts for annual contributions aggregating not more than \$7,875,049,000 per annum, which amount shall be increased by \$1,494,400,000 on October 1, 1980, and by \$906,985,000 on October 1, 1981. The additional authority to enter into such contracts provided on or after October 1, 1980, shall be effective only in such amounts as may be approved in appropriation Acts. In addition, the aggregate amount which may be obligated over the duration of the contracts may not exceed \$31,200,000,000 with respect to the additional authority provided on October 1, 1980, and \$18,087,370,000 with respect to the additional authority provided on October 1, 1981.

(2) The Secretary shall enter into only such new contracts for preliminary loans as are consistent with the number of dwelling units for which contracts for annual contributions may be entered into.

(3) The full faith and credit of the United States is solemnly pledged to the payment of all annual contributions contracted for pursuant to this section, and there are hereby authorized to be appropriated in each fiscal year, out of any money in the Treasury not otherwise appropriated, the amounts necessary to provide for such payments.

Any contract for loans or annual contributions, or both, entered into by the Secretary with a public housing agency, may cover one or more than one low-income housing project owned by such public housing agency; in the event the contract covers two or more projects, such projects may, for any of the purposes of this chapter and of such contract (including, but not limited to, the determination of the amount of the loan, annual contributions, or payments in lieu of taxes, specified in such contract), be treated collectively as one project.

(e) Local determination of need as prerequisite for contracts for preliminary loans, and contracts for loans or annual contributions; notice

In recognition that there should be local determination of the need for low-income housing to meet needs not being adequately met by private enterprise—

(1) the Secretary shall not make any contract with a public housing agency for preliminary loans (all of which shall be repaid out of any moneys which become available to such agency for the development of the projects involved) for surveys and planning in respect to any low-income housing projects (i) unless the governing body of the locality involved has by resolution approved the application of the public housing agency for such preliminary loan; and (ii) unless the public housing agency has demonstrated to the satisfaction of the Secretary that there is need for such low-income housing which is not being met by private enterprise; and

(2) the Secretary shall not make any contract for loans (other than preliminary loans) or for contributions pursuant to this chapter unless the governing body of the locality involved has entered into an agreement with the public housing agency providing for the local cooperation required by the Secretary pursuant to this chapter; the Secretary shall require that each such agreement shall provide that, notwithstanding any order, judgment, or decree of any court (including any settlement order), before making any amounts that are provided pursuant to any contract for contributions under this subchapter available for use for the development of any housing or other property not previously used as public housing, the public housing agency shall (A) notify the chief executive officer (or other appropriate official) of the unit of general local government in which the public housing for

which such amounts are to be so used is located (or to be located) of such use, and (B) pursuant to the request of such unit of general local government, provide such information as may reasonably be requested by such unit of general local government regarding the public housing to be so assisted (except to the extent otherwise prohibited by law).

(f) Modification by Secretary of terms of contracts, etc.; limitations; amendment or supersession of contracts for annual contributions or loans

Subject to the specific limitations or standards in this chapter governing the terms of sales, rentals, leases, loans, contracts for annual contributions, or other agreements, the Secretary may, whenever he deems it necessary or desirable in the fulfillment of the purposes of this chapter, consent to the modification, with respect to rate of interest, time of payment of any installment of principal or interest, security, amount of annual contribution, or any other term, of any contract or agreement of any kind to which the Secretary is a party. When the Secretary finds that it would promote economy or be in the financial interest of the Federal Government or is necessary to assure or maintain the lower income character of the project or projects involved, any contract heretofore or hereafter made for annual contributions, loans, or both, may be amended or superseded by a contract entered into by mutual agreement between the public housing agency and the Secretary. Contracts may not be amended or superseded in a manner which would impair the rights of the holders of any outstanding obligations of the public housing agency involved for which annual contributions have been pledged. Any rule of law contrary to this provision shall be deemed inapplicable.

(g) Pledge of annual contributions as guarantee of payment of obligations issued by public housing agency; exception

In addition to the authority of the Secretary under subsection (a) of this section to pledge annual contributions as security for obligations issued by a public housing agency, the Secretary is authorized to pledge annual contributions as a guarantee of payment by a public housing agency of all principal and interest on obligations issued by it to assist the development or acquisition of the project to which the annual contributions relate, except that no obligation shall be guaranteed under this subsection if the income thereon is exempt from Federal taxation.

(h) Audits

with respect to financial assistance under the this¹ chapter.

(2) Withholding of amounts for audits under Single Audit Act

The Secretary may, in the sole discretion of the Secretary, arrange for and pay the costs of an audit required under chapter 75 of title 31. In such circumstances, the Secretary may withhold, from assistance otherwise payable to the agency under this chapter, amounts sufficient to pay for the reasonable costs of conducting an acceptable audit, including, when appropriate, the reasonable costs of accounting services necessary to place the agency's books and records in auditable condition. As agreed to by the Secretary and the Inspector General, the Inspector General may arrange for an audit under this paragraph.

(i) Prohibition on use of funds

None of the funds made available to the Department of Housing and Urban Development to carry out this chapter, which are obligated to State or local governments, public housing agencies, housing finance agencies, or other public or quasi-public housing agencies, shall be used to indemnify contractors or subcontractors of the government or agency against costs associated with judgments of infringement of intellectual property rights.

§ 1437d. Contract provisions and requirements; loans and annual contributions

(a) Conditions; elevators

The Secretary may include in any contract for loans, contributions, sale, lease, mortgage, or any other agreement or instrument made pursuant to this chapter, such covenants, conditions, or provisions as he may deem necessary in order to insure the lower income character of the project involved, in a manner consistent with the public housing agency plan. Any such contract shall require that, except in the case of housing predominantly for elderly or disabled families, high-rise elevator projects shall not be provided for families with children unless the Secretary makes a determination that there is no practical alternative.

(b) Limitation on development costs

(1) Each contract for loans (other than preliminary loans) or contributions for the development, acquisition, or operation of public housing shall provide that the total development cost of the project on which the computation of any annual contributions under this chapter may be based may not exceed the amount determined under paragraph (2) (for the appropriate structure type) unless the Secretary provides otherwise, and in any case may not exceed 110 per centum of such amount unless the Secretary for good cause determines otherwise.

(2) For purposes of paragraph (1), the Secretary shall determine the total development cost by multiplying the construction cost guideline for the project (which shall be determined by averaging the current construction costs, as listed by not less than 2 nationally recognized residential construction cost indices, for publicly bid construction of a good and sound quality) by—

(A) in the case of elevator type structures, 1.6; and

(B) in the case of nonelevator type structures, 1.75.

(3) In calculating the total development cost of a project under paragraph (2), the Secretary shall consider only capital assistance provided by the Secretary to a public housing agency that are¹ authorized for use in connection with the development of public housing, and shall ex-

clude all other amounts, including amounts provided under—

(A) the HOME investment partnerships program authorized under title II of the Cranston-Gonzalez National Affordable Housing Act [42 U.S.C. 12721 et seq.]; or

(B) the community development block grants program under title I of the Housing and Community Development Act of 1974 [42 U.S.C. 5301 et seq.].

(4) The Secretary may restrict the amount of capital funds that a public housing agency may use to pay for housing construction costs. For purposes of this paragraph, housing construction costs include the actual hard costs for the construction of units, builders' overhead and profit, utilities from the street, and finish landscaping.

(c) Revision of maximum income limits; certification of compliance with requirements; notification of eligibility; informal hearing; compliance with procedures for sound management

Every contract for contributions shall provide that—

(1) the Secretary may require the public housing agency to review and revise its maximum income limits if the Secretary determines that changed conditions in the locality make such revision necessary in achieving the purposes of this chapter;

(2) the public housing agency shall determine, and so certify to the Secretary, that each family in the project was admitted in accordance with duly adopted regulations and approved income limits; and the public housing agency shall review the incomes of families living in the project no less frequently than annually;

(3) the public housing agency shall promptly notify (i) any applicant determined to be ineligible for admission to the project of the basis for such determination and provide the applicant upon request, within a reasonable time after the determination is made, with an opportunity for an informal hearing on such determination, and (ii) any applicant determined to be eligible for admission to the project of the approximate date of occupancy insofar as such date can be reasonably determined; and

(4) the public housing agency shall comply with such procedures and requirements as the Secretary may prescribe to assure that sound management practices will be followed in the operation of the project, including requirements pertaining to—

(A) making dwelling units in public housing available for occupancy, which shall provide that the public housing agency may establish a system for making dwelling units available that provides preference for such occupancy to families having certain characteristics; each system of preferences established pursuant to this subparagraph shall be based upon local housing needs and priorities, as determined by the public housing agency using generally accepted data sources, including any information obtained pursuant to an opportunity for public comment as provided under section 1437c-1(f) of this title and under the requirements appli-

cable to the comprehensive housing affordability strategy for the relevant jurisdiction;

(B) the establishment of satisfactory procedures designed to assure the prompt payment and collection of rents and the prompt processing of evictions in the case of non-payment of rent;

(C) the establishment of effective tenant-management relationships designed to assure that satisfactory standards of tenant security and project maintenance are formulated and that the public housing agency (together with tenant councils where they exist) enforces those standards fully and effectively;

(D) the development by local housing authority managements of viable homeownership opportunity programs for low-income families capable of assuming the responsibilities of homeownership;

(E) for each agency that receives assistance under this subchapter, the establishment and maintenance of a system of accounting for rental collections and costs (including administrative, utility, maintenance, repair and other operating costs) for each project or operating cost center (as determined by the Secretary), which collections and costs shall be made available to the general public and submitted to the appropriate local public official (as determined by the Secretary); except that the Secretary may permit agencies owning or operating less than 500 units to comply with the requirements of this subparagraph by accounting on an agency-wide basis; and

(F) requiring the public housing agency to ensure and maintain compliance with subtitle C of title VI of the Housing and Community Development Act of 1992 [42 U.S.C. 13601 et seq.] and any regulations issued under such subtitle.

(d) Exemption from personal and real property taxes; payments in lieu of taxes; cash contribution or tax remission

Every contract for contributions with respect to a low-income housing project shall provide that no contributions by the Secretary shall be made available for such project unless such project (exclusive of any portion thereof which is not assisted by contributions under this chapter) is exempt from all real and personal property taxes levied or imposed by the State, city, county, or other political subdivision; and such contract shall require the public housing agency to make payments in lieu of taxes equal to 10 per centum of the sum of the shelter rents charged in such project, or such lesser amount as (i) is prescribed by State law, or (ii) is agreed to by the local governing body in its agreement for local cooperation with the public housing agency required under section 1437c(e)(2) of this title, or (iii) is due to failure of a local public body or bodies other than the public housing agency to perform any obligation under such agreement. If any such project is not exempt from all real and personal property taxes levied or imposed by the State, city, county, or other political subdivision, such contract shall pro-

vide, in lieu of the requirement for tax exemption and payments in lieu of taxes, that no contributions by the Secretary shall be made available for such project unless and until the State, city, county, or other political subdivision in which such project is situated shall contribute, in the form of cash or tax remission, the amount by which the taxes paid with respect to the project exceed 10 per centum of the shelter rents charged in such project.

(f) Housing quality requirements

(1) In general

Each contract for contributions for a public housing agency shall require that the agency maintain its public housing in a condition that complies with standards which meet or exceed the housing quality standards established under paragraph (2).

(2) Federal standards

The Secretary shall establish housing quality standards under this paragraph that ensure that public housing dwelling units are safe and habitable. Such standards shall include requirements relating to habitability, including maintenance, health and sanitation factors, condition, and construction of dwellings, and shall, to the greatest extent practicable, be consistent with the standards established under section 1437f(o)(8)(B)(i) of this title. The Secretary may determine whether the laws, regulations, standards, or codes of any State or local jurisdiction meet or exceed these standards, for purposes of this subsection.

(3) Annual inspections

Each public housing agency that owns or operates public housing shall make an annual inspection of each public housing project to determine whether units in the project are maintained in accordance with the requirements under paragraph (1). The agency shall retain the results of such inspections and, upon the request of the Secretary, the Inspector General for the Department of Housing and Urban Development, or any auditor conducting an audit under section 1437c(h) of this title, shall make such results available.

(g) Substantial default; conveyance of title and delivery of possession; reconveyance and redelivery; payments for outstanding obligations

Every contract for contributions (including contracts which amend or supersede contracts previously made) may provide that—

(1) upon the occurrence of a substantial default in respect to the covenants or conditions to which the public housing agency is subject (as such substantial default shall be defined in such contract), the public housing agency shall be obligated at the option of the Secretary either to convey title in any case where, in the determination of the Secretary (which determination shall be final and conclusive), such conveyance of title is necessary to achieve the purposes of this chapter, or to deliver to the Secretary possession of the

project, as then constituted, to which such contract relates; and

(2) the Secretary shall be obligated to reconvey or redeliver possession of the project as constituted at the time of reconveyance or redelivery, to such public housing agency or to its successor (if such public housing agency or a successor exists) upon such terms as shall be prescribed in such contract, and as soon as practicable (i) after the Secretary is satisfied that all defaults with respect to the project have been cured, and that the project will, in order to fulfill the purposes of this chapter, thereafter be operated in accordance with the terms of such contract; or (ii) after the termination of the obligation to make annual contributions available unless there are any obligations or covenants of the public housing agency to the Secretary which are then in default. Any prior conveyances and reconveyances or deliveries and redeliveries of possession shall not exhaust the right to require a conveyance or delivery of possession of the project to the Secretary pursuant to subparagraph (1) upon the subsequent occurrence of a substantial default.

Whenever such a contract for annual contributions includes provisions which the Secretary in such contract determines are in accordance with this subsection, and the portion of the annual contribution payable for debt service requirements pursuant to such contract has been pledged by the public housing agency as security for the payment of the principal and interest on any of its obligations, the Secretary (notwithstanding any other provisions of this chapter) shall continue to make such annual contributions available for the project so long as any of such obligations remain outstanding, and may covenant in such contract that in any event such annual contributions shall in each year be at least equal to an amount which, together with such income or other funds as are actually available from the project for the purpose at the time such annual contribution is made, will suffice for the payment of all installments, falling due within the next succeeding twelve months, of principal and interest on the obligations for which the annual contributions provided for in the contract shall have been pledged as security. In no case shall such annual contributions be in excess of the maximum sum specified in the contract involved, nor for longer than the remainder of the maximum period fixed by the contract.

(h) New construction contracts

On or after October 1, 1983, the Secretary may enter into a contract involving new construction only if the public housing agency demonstrates to the satisfaction of the Secretary that the cost of new construction in the neighborhood where the public housing agency determines the housing is needed is less than the cost of acquisition or acquisition and rehabilitation in such neighborhood, including any reserve fund under subsection (i) of this section, would be.

(i) Reserve fund; major repairs

The Secretary may, upon application by a public housing agency in connection with the

acquisition of housing for use as public housing, establish and set aside a reserve fund in an amount not to exceed 30 per centum of the acquisition cost which shall be available for use for major repairs to such housing.

(j) Performance indicators for public housing agencies

(1) The Secretary shall develop and publish in the Federal Register indicators to assess the management performance of public housing agencies and resident management corporations. The indicators shall be established by rule under section 553 of title 5. Such indicators shall enable the Secretary to evaluate the performance of public housing agencies and resident management corporations in all major areas of management operations. The Secretary shall, in particular, use the following indicators for public housing agencies, to the extent practicable:

(A) The number and percentage of vacancies within an agency's inventory, including the progress that an agency has made within the previous 3 years to reduce such vacancies.

(B) The amount and percentage of funds provided to the public housing agency from the Capital Fund under section 1437g(d) of this title which remain unobligated by the public housing agency after 3 years.

(C) The percentage of rents uncollected.

(D) The utility consumption (with appropriate adjustments to reflect different regions and unit sizes).

(E) The average period of time that an agency requires to repair and turn-around vacant units.

(F) The proportion of maintenance work orders outstanding, including any progress that an agency has made during the preceding 3 years to reduce the period of time required to complete maintenance work orders.

(G) The percentage of units that an agency fails to inspect to ascertain maintenance or modernization needs within such period of time as the Secretary deems appropriate (with appropriate adjustments, if any, for large and small agencies).

(H) The extent to which the public housing agency—

(i) coordinates, promotes, or provides effective programs and activities to promote the economic self-sufficiency of public housing residents; and

(ii) provides public housing residents with opportunities for involvement in the administration of the public housing.

(I)² The extent to which the public housing agency—

(i) implements effective screening and eviction policies and other anticrime strategies; and

(ii) coordinates with local government officials and residents in the project and implementation of such strategies.

(J) The extent to which the public housing agency is providing acceptable basic housing conditions.

(K) Any other factors as the Secretary deems appropriate which shall not exceed the

seven factors in the statute, plus an additional five.

(I)³ The Secretary shall:

(1) administer the system of evaluating public housing agencies flexibly to ensure that such agencies are not penalized as result of circumstances beyond their control;

(2) reflect in the weights assigned to the various indicators the differences in the difficulty of managing individual projects that result from their physical condition and their neighborhood environment; and

(3) determine a public housing agency's status as "troubled with respect to the program under section 1437l⁴ of this title" based upon factors solely related to its ability to carry out that program.

(2)(A)(i) The Secretary shall, under the rule-making procedures under section 553 of title 5, establish procedures for designating troubled public housing agencies, which procedures shall include identification of serious and substantial failure to perform as measured by the performance indicators specified under paragraph (1) and such other factors as the Secretary may deem to be appropriate. Such procedures shall provide that an agency that fails on a widespread basis to provide acceptable basic housing conditions for its residents shall be designated as a troubled public housing agency. The Secretary may use a simplified set of indicators for public housing agencies with less than 250 public housing units. The Secretary shall also designate, by rule under section 553 of title 5, agencies that are troubled with respect to the program for assistance from the Capital Fund under section 1437g(d) of this title.

(ii) The Secretary may also, in consultation with national organizations representing public housing agencies and public officials (as the Secretary determines appropriate), identify and commend public housing agencies that meet the performance standards established under paragraph (1) in an exemplary manner.

(iii) The Secretary shall establish procedures for public housing agencies to appeal designation as a troubled agency (including designation as a troubled agency for purposes of the program for assistance from the Capital Fund under section 1437g(d) of this title), to petition for removal of such designation, and to appeal any refusal to remove such designation.

(B)(i) Upon designating a public housing agency with more than 250 units as troubled pursuant to subparagraph (A) and determining that an assessment under this subparagraph will not duplicate any comparable and recent review, the Secretary shall provide for an on-site, independent assessment of the management of the agency.

(ii) To the extent the Secretary deems appropriate (taking into account an agency's performance under the indicators specified under paragraph (1)), the assessment team shall also consider issues relating to the agency's resident population and physical inventory, including the extent to which (I) the agency's comprehensive plan prepared pursuant to section 1437l⁴ of

this title adequately and appropriately addresses the rehabilitation needs of the agency's inventory, (II) residents of the agency are involved in and informed of significant management decisions, and (III) any projects in the agency's inventory are severely distressed and eligible for assistance pursuant to section 1437v of this title.

(iii) An independent assessment under this subparagraph shall be carried out by a team of knowledgeable individuals selected by the Secretary (referred to in this section as the "assessment team") with expertise in public housing and real estate management. In conducting an assessment, the assessment team shall consult with the residents and with public and private entities in the jurisdiction in which the public housing is located. The assessment team shall provide to the Secretary and the public housing agency a written report, which shall contain, at a minimum, recommendations for such management improvements as are necessary to eliminate or substantially remedy existing deficiencies.

(C) The Secretary shall seek to enter into an agreement with each troubled public housing agency, after reviewing the report submitted pursuant to subparagraph (B) (if applicable) and consulting with the agency's assessment team. Such agreement shall set forth—

(i) targets for improving performance as measured by the performance indicators specified under paragraph (1) and other requirements within a specified period of time;

(ii) strategies for meeting such targets, including a description of the technical assistance that the Secretary will make available to the agency; and

(iii) incentives or sanctions for effective implementation of such strategies, which may include any constraints on the use of funds that the Secretary determines are appropriate.

To the extent the Secretary deems appropriate (taking into account an agency's performance under the indicators specified under paragraph (1)), such agreement shall also set forth a plan for enhancing resident involvement in the management of the public housing agency. The Secretary and the public housing agency shall, to the maximum extent practicable, seek the assistance of local public and private entities in carrying out the agreement.

(D) The Secretary shall apply the provisions of this paragraph to resident management corporations as well as public housing agencies.

(3)(A) Notwithstanding any other provision of law or of any contract for contributions, upon the occurrence of events or conditions that constitute a substantial default by a public housing agency with respect to the covenants or conditions to which the public housing agency is subject or an agreement entered into under paragraph (2), the Secretary may—

(i) solicit competitive proposals from other public housing agencies and private housing management agents which (I) in the discretion of the Secretary, may be selected by existing public housing residents through administrative procedures established by the Secretary, and (II) if appropriate, shall provide for such agents to manage all, or part, of the housing

administered by the public housing agency or all or part of the other programs of the agency;

(ii) petition for the appointment of a receiver (which may be another public housing agency or a private management corporation) of the public housing agency to any district court of the United States or to any court of the State in which the real property of the public housing agency is situated, that is authorized to appoint a receiver for the purposes and having the powers prescribed in this subsection;

(iii) solicit competitive proposals from other public housing agencies and private entities with experience in construction management in the eventuality that such agencies or firms may be needed to oversee implementation of assistance made available from the Capital Fund under section 1437g(d) of this title for the housing; and⁵

(iv) take possession of all or part of the public housing agency, including all or part of any project or program of the agency, including any project or program under any other provision of this subchapter; and

(v) require the agency to make other arrangements acceptable to the Secretary and in the best interests of the public housing residents and families assisted under section 1437f of this title for managing all, or part, of the public housing administered by the agency or of the programs of the agency.

Residents of a public housing agency designated as troubled pursuant to paragraph (2)(A) may petition the Secretary in writing to take 1 or more of the actions referred to in this subparagraph. The Secretary shall respond to such petitions in a timely manner with a written description of the actions, if any, the Secretary plans to take and, where applicable, the reasons why such actions differ from the course proposed by the residents.

(B)(i) If a public housing agency is identified as troubled under this subsection, the Secretary shall notify the agency of the troubled status of the agency.

(ii)(I) Upon the expiration of the 1-year period beginning on the later of the date on which the agency receives initial notice from the Secretary of the troubled status of the agency under clause (i) and October 21, 1998, the agency shall improve its performance, as measured by the performance indicators established pursuant to paragraph (1), by at least 50 percent of the difference between the most recent performance measurement and the measurement necessary to remove that agency's designation as troubled.

(II) Upon the expiration of the 2-year period beginning on the later of the date on which the agency receives initial notice from the Secretary of the troubled status of the agency under clause (i) and October 21, 1998, the agency shall improve its performance, as measured by the performance indicators established pursuant to paragraph (1), such that the agency is no longer designated as troubled.

(III) In the event that a public housing agency designated as troubled under this subsection

fails to comply with the requirements set forth in subclause (I) or (II), the Secretary shall—

(aa) in the case of a troubled public housing agency with 1,250 or more units, petition for the appointment of a receiver pursuant to subparagraph (A)(ii); or

(bb) in the case of a troubled public housing agency with fewer than 1,250 units, either petition for the appointment of a receiver pursuant to subparagraph (A)(ii), or take possession of the public housing agency (including all or part of any project or program of the agency) pursuant to subparagraph (A)(iv) and appoint, on a competitive or noncompetitive basis, an individual or entity as an administrative receiver to assume the responsibilities of the Secretary for the administration of all or part of the public housing agency (including all or part of any project or program of the agency).

This subparagraph shall not be construed to limit the courses of action available to the Secretary under subparagraph (A).

(IV) During the period between the date on which a petition is filed under subclause (III)(aa) and the date on which a receiver assumes responsibility for the management of the public housing agency under such subclause, the Secretary may take possession of the public housing agency (including all or part of any project or program of the agency) pursuant to subparagraph (A)(iv) and may appoint, on a competitive or noncompetitive basis, an individual or entity as an administrative receiver to assume the responsibilities of the Secretary for the administration of all or part of the public housing agency (including all or part of any project or program of the agency).

(C) If a receiver is appointed pursuant to subparagraph (A)(ii), in addition to the powers accorded by the court appointing the receiver, the receiver—

(i) may abrogate any contract to which the United States or an agency of the United States is not a party that, in the receiver's written determination (which shall include the basis for such determination), substantially impedes correction of the substantial default, but only after the receiver determines that reasonable efforts to renegotiate such contract have failed;

(ii) may demolish and dispose of all or part of the assets of the public housing agency (including all or part of any project of the agency) in accordance with section 1437p of this title, including disposition by transfer of properties to resident-supported nonprofit entities;

(iii) if determined to be appropriate by the Secretary, may seek the establishment, as permitted by applicable State and local law, of 1 or more new public housing agencies;

(iv) if determined to be appropriate by the Secretary, may seek consolidation of all or part of the agency (including all or part of any project or program of the agency), as permitted by applicable State and local laws, into other well-managed public housing agencies with the consent of such well-managed agencies; and

(v) shall not be required to comply with any State or local law relating to civil service requirements, employee rights (except civil

rights), procurement, or financial or administrative controls that, in the receiver's written determination (which shall include the basis for such determination), substantially impedes correction of the substantial default.

(D)(i) If, pursuant to subparagraph (A)(iv), the Secretary takes possession of all or part of the public housing agency, including all or part of any project or program of the agency, the Secretary—

(I) may abrogate any contract to which the United States or an agency of the United States is not a party that, in the written determination of the Secretary (which shall include the basis for such determination), substantially impedes correction of the substantial default, but only after the Secretary determines that reasonable efforts to renegotiate such contract have failed;

(II) may demolish and dispose of all or part of the assets of the public housing agency (including all or part of any project of the agency) in accordance with section 1437p of this title, including disposition by transfer of properties to resident-supported nonprofit entities;

(III) may seek the establishment, as permitted by applicable State and local law, of 1 or more new public housing agencies;

(IV) may seek consolidation of all or part of the agency (including all or part of any project or program of the agency), as permitted by applicable State and local laws, into other well-managed public housing agencies with the consent of such well-managed agencies;

(V) shall not be required to comply with any State or local law relating to civil service requirements, employee rights (except civil rights), procurement, or financial or administrative controls that, in the Secretary's written determination (which shall include the basis for such determination), substantially impedes correction of the substantial default; and

(VI) shall, without any action by a district court of the United States, have such additional authority as a district court of the United States would have the authority to confer upon a receiver to achieve the purposes of the receivership.

(ii) If, pursuant to subparagraph (B)(ii)(III)(bb), the Secretary appoints an administrative receiver to assume the responsibilities of the Secretary for the administration of all or part of the public housing agency (including all or part of any project or program of the agency), the Secretary may delegate to the administrative receiver any or all of the powers given the Secretary by this subparagraph, as the Secretary determines to be appropriate and subject to clause (iii).

(iii) An administrative receiver may not take an action described in subclause (III) or (IV) of clause (i) unless the Secretary first approves an application by the administrative receiver to authorize such action.

(E) The Secretary may make available to receivers and other entities selected or appointed pursuant to this paragraph such assistance as the Secretary determines in the discretion of

the Secretary is necessary and available to remedy the substantial deterioration of living conditions in individual public housing projects or other related emergencies that endanger the health, safety, and welfare of public housing residents or families assisted under section 1437f of this title. A decision made by the Secretary under this paragraph shall not be subject to review in any court of the United States, or in any court of any State, territory, or possession of the United States.

(F) In any proceeding under subparagraph (A)(ii), upon a determination that a substantial default has occurred and without regard to the availability of alternative remedies, the court shall appoint a receiver to conduct the affairs of all or part of the public housing agency in a manner consistent with this chapter and in accordance with such further terms and conditions as the court may provide. The receiver appointed may be another public housing agency, a private management corporation, or any other person or appropriate entity. The court shall have power to grant appropriate temporary or preliminary relief pending final disposition of the petition by the Secretary.

(G) The appointment of a receiver pursuant to this paragraph may be terminated, upon the petition of any party, when the court determines that all defaults have been cured or the public housing agency is capable again of discharging its duties.

(H) If the Secretary (or an administrative receiver appointed by the Secretary) takes possession of a public housing agency (including all or part of any project or program of the agency), or if a receiver is appointed by a court, the Secretary or receiver shall be deemed to be acting not in the official capacity of that person or entity, but rather in the capacity of the public housing agency, and any liability incurred, regardless of whether the incident giving rise to that liability occurred while the Secretary or receiver was in possession of all or part of the public housing agency (including all or part of any project or program of the agency), shall be the liability of the public housing agency.

(4) SANCTIONS FOR IMPROPER USE OF AMOUNTS.—

(A) IN GENERAL.—In addition to any other actions authorized under this chapter, if the Secretary finds that a public housing agency receiving assistance amounts under section 1437g of this title for public housing has failed to comply substantially with any provision of this chapter relating to the public housing program, the Secretary may—

(i) terminate assistance payments under this⁶ section 1437g of this title to the agency;

(ii) withhold from the agency amounts from the total allocations for the agency pursuant to section 1437g of this title;

(iii) reduce the amount of future assistance payments under section 1437g of this title to the agency by an amount equal to the amount of such payments that were not expended in accordance with this chapter;

(iv) limit the availability of assistance amounts provided to the agency under sec-

tion 1437g of this title to programs, projects, or activities not affected by such failure to comply;

(v) withhold from the agency amounts allocated for the agency under section 1437f of this title; or

(vi) order other corrective action with respect to the agency.

(B) **TERMINATION OF COMPLIANCE ACTION.**—If the Secretary takes action under subparagraph (A) with respect to a public housing agency, the Secretary shall—

(i) in the case of action under subparagraph (A)(i), resume payments of assistance amounts under section 1437g of this title to the agency in the full amount of the total allocations under section 1437g of this title for the agency at the time that the Secretary first determines that the agency will comply with the provisions of this chapter relating to the public housing program;

(ii) in the case of action under clause (ii) or (v) of subparagraph (A), make withheld amounts available as the Secretary considers appropriate to ensure that the agency complies with the provisions of this chapter relating to such program;

(iii) in the case of action under subparagraph (A)(iv), release such restrictions at the time that the Secretary first determines that the agency will comply with the provisions of this chapter relating to such program; or

(iv) in the case of action under subparagraph (vi), cease such action at the time that the Secretary first determines that the agency will comply with the provisions of this chapter relating to such program.

(5) The Secretary shall submit to the Congress annually, as a part of the report of the Secretary under section 3536 of this title, a report that—

(A) identifies the public housing agencies that have been designated as troubled under paragraph (2);

(B) describes the grounds on which such public housing agencies were designated as troubled and continue to be so designated;

(C) describes the agreements that have been entered into with such agencies under such paragraph;

(D) describes the status of progress under such agreements;

(E) describes any action that has been taken in accordance with paragraph (3), including an accounting of the authorized funds that have been expended to support such actions; and

(F) describes the status of any public housing agency designated as troubled with respect to the program for assistance from the Capital Fund under section 1437g(d) of this title and specifies the amount of assistance the agency received under such program.

(6)(A) To the extent that the Secretary determines such action to be necessary in order to ensure the accuracy of any certification made under this section, the Secretary shall require an independent auditor to review documentation or other information maintained by a public housing agency pursuant to this section to sub-

stantiate each certification submitted by the agency or corporation relating to the performance of that agency or corporation.

(B) The Secretary may withhold, from assistance otherwise payable to the agency or corporation under section 1437g of this title, amounts sufficient to pay for the reasonable costs of any review under this paragraph.

(7) The Secretary shall apply the provisions of this subsection to resident management corporations in the same manner as applied to public housing agencies.

(k) Administrative grievance procedure regulations: grounds of adverse action, hearing, examination of documents, representation, evidence, decision; judicial hearing; eviction and termination procedures

The Secretary shall by regulation require each public housing agency receiving assistance under this chapter to establish and implement an administrative grievance procedure under which tenants will—

(1) be advised of the specific grounds of any proposed adverse public housing agency action;

(2) have an opportunity for a hearing before an impartial party upon timely request within any period applicable under subsection (l) of this section;

(3) have an opportunity to examine any documents or records or regulations related to the proposed action;

(4) be entitled to be represented by another person of their choice at any hearing;

(5) be entitled to ask questions of witnesses and have others make statements on their behalf; and

(6) be entitled to receive a written decision by the public housing agency on the proposed action.

For any grievance concerning an eviction or termination of tenancy that involves any activity that threatens the health, safety, or right to peaceful enjoyment of the premises of other tenants or employees of the public housing agency or any violent or drug-related criminal activity on or off such premises, or any activity resulting in a felony conviction, the agency may (A) establish an expedited grievance procedure as the Secretary shall provide by rule under section 553 of title 5, or (B) exclude from its grievance procedure any such grievance, in any jurisdiction which requires that prior to eviction, a tenant be given a hearing in court which the Secretary determines provides the basic elements of due process (which the Secretary shall establish by rule under section 553 of title 5). Such elements of due process shall not include a requirement that the tenant be provided an opportunity to examine relevant documents within the possession of the public housing agency. The agency shall provide to the tenant a reasonable opportunity, prior to hearing or trial, to examine any relevant documents, records, or regulations directly related to the eviction or termination.

(l) Leases; terms and conditions; maintenance; termination

Each public housing agency shall utilize leases which—

(1) have a term of 12 months and shall be automatically renewed for all purposes except for noncompliance with the requirements under section 1437j(c) of this title (relating to community service requirements); except that nothing in this subchapter shall prevent a resident from seeking timely redress in court for failure to renew based on such noncompliance;

(2) do not contain unreasonable terms and conditions;

(3) obligate the public housing agency to maintain the project in a decent, safe, and sanitary condition;

(4) require the public housing agency to give adequate written notice of termination of the lease which shall not be less than—

(A) a reasonable period of time, but not to exceed 30 days—

(i) if the health or safety of other tenants, public housing agency employees, or persons residing in the immediate vicinity of the premises is threatened; or

(ii) in the event of any drug-related or violent criminal activity or any felony conviction;

(B) 14 days in the case of nonpayment of rent; and

(C) 30 days in any other case, except that if a State or local law provides for a shorter period of time, such shorter period shall apply;

(5) require that the public housing agency may not terminate the tenancy except for serious or repeated violation of the terms or conditions of the lease or for other good cause;

(6) provide that any criminal activity that threatens the health, safety, or right to peaceful enjoyment of the premises by other tenants or any drug-related criminal activity on or off such premises, engaged in by a public housing tenant, any member of the tenant's household, or any guest or other person under the tenant's control, shall be cause for termination of tenancy;

(7) specify that with respect to any notice of eviction or termination, notwithstanding any State law, a public housing tenant shall be informed of the opportunity, prior to any hearing or trial, to examine any relevant documents, records, or regulations directly related to the eviction or termination;

(7)⁷ provide that any occupancy in violation of section 13661(b) of this title (relating to ineligibility of illegal drug users and alcohol abusers) or the furnishing of any false or misleading information pursuant to section 13662 of this title (relating to termination of tenancy and assistance for illegal drug users and alcohol abusers) shall be cause for termination of tenancy;⁸

(9) provide that it shall be cause for immediate termination of the tenancy of a public housing tenant if such tenant—

(A) is fleeing to avoid prosecution, or custody or confinement after conviction, under the laws of the place from which the individ-

ual flees, for a crime, or attempt to commit a crime, which is a felony under the laws of the place from which the individual flees, or which, in the case of the State of New Jersey, is a high misdemeanor under the laws of such State; or

(2)⁹ is violating a condition of probation or parole imposed under Federal or State law.

For purposes of paragraph (5),¹⁰ the term “drug-related criminal activity” means the illegal manufacture, sale, distribution, use, or possession with intent to manufacture, sell, distribute, or use, of a controlled substance (as defined in section 802 of title 21).

(m) Reporting requirements; limitation

The Secretary shall not impose any unnecessarily duplicative or burdensome reporting requirements on tenants or public housing agencies assisted under this chapter.

(n) Notice to post office regarding eviction for criminal activity

When a public housing agency evicts an individual or family from a dwelling unit for engaging in criminal activity, including drug-related criminal activity, the public housing agency shall notify the local post office serving that dwelling unit that such individual or family is no longer residing in the dwelling unit.

(o) Public housing assistance for foster care children

In providing housing in low-income housing projects, each public housing agency may coordinate with any local public agencies involved in providing for the welfare of children to make available dwelling units to—

(1) families identified by the agencies as having a lack of adequate housing that is a primary factor—

(A) in the imminent placement of a child in foster care; or

(B) in preventing the discharge of a child from foster care and reunification with his or her family; and

(2) youth, upon discharge from foster care, in cases in which return to the family or extended family or adoption is not available.

(p) Repealed. Pub. L. 105-276, title V, § 519(b), Oct. 21, 1998, 112 Stat. 2561

(A) Provision of information

Notwithstanding any other provision of law, except as provided in subparagraph (C), the National Crime Information Center, police departments, and other law enforcement agencies shall, upon request, provide information to public housing agencies regarding the criminal conviction records of adult applicants for, or tenants of, covered housing assistance for purposes of applicant screening, lease enforcement, and eviction.

(B) Requests by owners of project-based section 8 [42 U.S.C. 1437f] housing

tion regarding applicants for, or tenants of, housing that is provided project-based assistance under section 1437f of this title only if the housing is located within the jurisdiction of the agency and the owner of such housing has requested that the agency obtain such information on behalf of the owner. Upon such a request by the owner, the agency shall make a request under subparagraph (A) for the information. The agency may not make such information available to the owner but shall perform determinations for the owner regarding screening, lease enforcement, and eviction based on criteria supplied by the owner.

(C) Exception

A law enforcement agency described in subparagraph (A) shall provide information under this paragraph relating to any criminal conviction of a juvenile only to the extent that the release of such information is authorized under the law of the applicable State, tribe, or locality.

(2) Opportunity to dispute

Before an adverse action is taken with regard to assistance under this subchapter on the basis of a criminal record, the public housing agency shall provide the tenant or applicant with a copy of the criminal record and an opportunity to dispute the accuracy and relevance of that record.

(3) Fees

A public housing agency may be charged a reasonable fee for information provided under paragraph (1). In the case of a public housing agency obtaining information pursuant to paragraph (1)(B) for another owner of housing, the agency may pass such fee on to the owner initiating the request and may charge additional reasonable fees for making the request on behalf of the owner and taking other actions for owners under this subsection.

(4) Records management

Each public housing agency shall establish and implement a system of records management that ensures that any criminal record received by the public housing agency is—

- (A) maintained confidentially;
- (B) not misused or improperly disseminated; and
- (C) destroyed, once the purpose for which the record was requested has been accomplished.

(5) Confidentiality

A public housing agency receiving information under this subsection may use such information only for the purposes provided in this subsection and such information may not be disclosed to any person who is not an officer, employee, or authorized representative of the agency and who has a job-related need to have access to the information in connection with admission of applicants, eviction of tenants, or termination of assistance. For judicial eviction proceedings, disclosures may be made to the extent necessary. The Secretary shall, by regulation, establish procedures necessary to ensure that information provided under this

subsection to a public housing agency is used, and confidentiality of such information is maintained, as required under this subsection. The Secretary shall establish standards for confidentiality of information obtained under this subsection by public housing agencies on behalf of owners.

(6) Penalty

Any person who knowingly and willfully requests or obtains any information concerning an applicant for, or tenant of, covered housing assistance pursuant to the authority under this subsection under false pretenses, or any person who knowingly and willfully discloses any such information in any manner to any individual not entitled under any law to receive it, shall be guilty of a misdemeanor and fined not more than \$5,000. The term “person” as used in this paragraph include¹¹ an officer, employee, or authorized representative of any public housing agency.

(7) Civil action

Any applicant for, or tenant of, covered housing assistance affected by (A) a negligent or knowing disclosure of information referred to in this subsection about such person by an officer, employee, or authorized representative of any public housing agency, which disclosure is not authorized by this subsection, or (B) any other negligent or knowing action that is inconsistent with this subsection, may bring a civil action for damages and such other relief as may be appropriate against any public housing agency responsible for such unauthorized action. The district court of the United States in the district in which the affected applicant or tenant resides, in which such unauthorized action occurred, or in which the officer, employee, or representative alleged to be responsible for any such unauthorized action resides, shall have jurisdiction in such matters. Appropriate relief that may be ordered by such district courts shall include reasonable attorney’s fees and other litigation costs.

(r) Site-based waiting lists

(1) Authority

A public housing agency may establish procedures for maintaining waiting lists for admissions to public housing projects of the agency, which may include (notwithstanding any other law, regulation, handbook, or notice to the contrary) a system of site-based waiting lists under which applicants may apply directly at or otherwise designate the project or projects in which they seek to reside. All such procedures shall comply with all provisions of title VI of the Civil Rights Act of 1964 [42 U.S.C. 2000d et seq.], the Fair Housing Act [42 U.S.C. 3601 et seq.], and other applicable civil rights laws.

(2) Notice

(s) Authority to require access to criminal records

A public housing agency may require, as a condition of providing admission to the public housing program or assisted housing program under the jurisdiction of the public housing agency, that each adult member of the household provide a signed, written authorization for the public housing agency to obtain records described in subsection (q)(1) of this section regarding such member of the household from the National Crime Information Center, police departments, and other law enforcement agencies.

(t) Obtaining information from drug abuse treatment facilities

(1) Authority

Notwithstanding any other provision of law other than the Public Health Service Act (42 U.S.C. 201 et seq.), a public housing agency may require each person who applies for admission to public housing to sign one or more forms of written consent authorizing the agency to receive information from a drug abuse treatment facility that is solely related to whether the applicant is currently engaging in the illegal use of a controlled substance.

(2) Confidentiality of applicant's records

(A) Limitation on information requested

In a form of written consent, a public housing agency may request only whether the drug abuse treatment facility has reasonable cause to believe that the applicant is currently engaging in the illegal use of a controlled substance.

(B) Records management

Each public housing agency that receives information under this subsection from a drug abuse treatment facility shall establish and implement a system of records manage-

ment that ensures that any information received by the public housing agency under this subsection—

(i) is maintained confidentially in accordance with section 543 of the Public Health Service Act [42 U.S.C. 290dd-2];

(ii) is not misused or improperly disseminated; and

(iii) is destroyed, as applicable—

(I) not later than 5 business days after the date on which the public housing agency gives final approval for an application for admission; or

(II) if the public housing agency denies the application for admission, in a timely manner after the date on which the statute of limitations for the commencement of a civil action from the applicant based upon that denial of admission has expired.

(C) Expiration of written consent

In addition to the requirements of subparagraph (B), an applicant's signed written consent shall expire automatically after the public housing agency has made a final decision to either approve or deny the applicant's application for admittance to public housing.

(3) Prohibition of discriminatory treatment of applicants

(A) Forms signed

A public housing agency may only require an applicant for admission to public housing to sign one or more forms of written consent under this subsection if the public housing agency requires all such applicants to sign the same form or forms of written consent.

(B) Circumstances of inquiry

A public housing agency may only make an inquiry to a drug abuse treatment facility under this subsection if—

(i) the public housing agency makes the same inquiry with respect to all applicants; or

(ii) the public housing agency only makes the same inquiry with respect to each and every applicant with respect to whom—

(I) the public housing agency receives information from the criminal record of the applicant that indicates evidence of a prior arrest or conviction; or

(II) the public housing agency receives information from the records of prior tenancy of the applicant that demonstrates that the applicant—

(aa) engaged in the destruction of property;

(bb) engaged in violent activity against another person; or

(cc) interfered with the right of peaceful enjoyment of the premises of another tenant.

(4) Fee permitted

A drug abuse treatment facility may charge a public housing agency a reasonable fee for information provided under this subsection.

(5) Disclosure permitted by treatment facilities

A drug abuse treatment facility shall not be liable for damages based on any information

required to be disclosed pursuant to this subsection if such disclosure is consistent with section 543 of the Public Health Service Act (42 U.S.C. 290dd-2).

(6) Option to not request information

A public housing agency shall not be liable for damages based on its decision not to require each person who applies for admission to public housing to sign one or more forms of written consent authorizing the public housing agency to receive information from a drug abuse treatment facility under this subsection.

(7) Definitions

For purposes of this subsection, the following definitions shall apply:

(A) Drug abuse treatment facility

(3) Eligibility of near-elderly families

If a public housing agency determines that there are insufficient numbers of elderly families to fill all the units in a project (or portion of a project) designated under paragraph (1) for occupancy by only elderly families, the agency may provide that near-elderly families may occupy dwelling units in the project (or portion).

(b) Standards regarding evictions

Except as provided in section 1437n(e)(1)(B)¹ of this title, any tenant who is lawfully residing in a dwelling unit in a public housing project may not be evicted or otherwise required to vacate such unit because of the designation of the project (or portion of a project) pursuant to this section or because of any action taken by the Secretary or any public housing agency pursuant to this section.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 1437c-1, 8013 of this title.

§ 1437f. Low-income housing assistance

(a) Authorization for assistance payments

For the purpose of aiding low-income families in obtaining a decent place to live and of promoting economically mixed housing, assistance payments may be made with respect to existing housing in accordance with the provisions of this section.

(b) Other existing housing programs

(1) IN GENERAL.—The Secretary is authorized to enter into annual contributions contracts with public housing agencies pursuant to which such agencies may enter into contracts to make assistance payments to owners of existing dwelling units in accordance with this section. In areas where no public housing agency has been organized or where the Secretary determines that a public housing agency is unable to implement the provisions of this section, the Secretary is authorized to enter into such contracts and to perform the other functions assigned to a public housing agency by this section.

(2) The Secretary is authorized to enter into annual contributions contracts with public housing agencies for the purpose of replacing public housing transferred in accordance with subchapter II-A of this chapter. Each contract entered into under this subsection shall be for a term of not more than 60 months.

(c) Contents and purposes of contracts for assistance payments; amount and scope of monthly assistance payments

(1) An assistance contract entered into pursuant to this section shall establish the maximum monthly rent (including utilities and all maintenance and management charges) which the owner is entitled to receive for each dwelling unit with respect to which such assistance payments are to be made. The maximum monthly rent shall not exceed by more than 10 per centum the fair market rental established by the Secretary periodically but not less than annually for existing or newly constructed rental dwelling units of various sizes and types in the market area suitable for occupancy by persons assisted under this section, except that the maximum

monthly rent may exceed the fair market rental (A) by more than 10 but not more than 20 per centum where the Secretary determines that special circumstances warrant such higher maximum rent or that such higher rent is necessary to the implementation of a housing strategy as defined in section 12705 of this title, or (B) by such higher amount as may be requested by a tenant and approved by the public housing agency in accordance with paragraph (3)(B). In the case of newly constructed and substantially rehabilitated units, the exception in the preceding sentence shall not apply to more than 20 per centum of the total amount of authority to enter into annual contributions contracts for such units which is allocated to an area and obligated with respect to any fiscal year beginning on or after October 1, 1980. Proposed fair market rentals for an area shall be published in the Federal Register with reasonable time for public comment, and shall become effective upon the date of publication in final form in the Federal Register. Each fair market rental in effect under this subsection shall be adjusted to be effective on October 1 of each year to reflect changes, based on the most recent available data trended so the rentals will be current for the year to which they apply, of rents for existing or newly constructed rental dwelling units, as the case may be, of various sizes and types in the market area suitable for occupancy by persons assisted under this section. Notwithstanding any other provision of this section, after October 12, 1977, the Secretary shall prohibit high-rise elevator projects for families with children unless there is no practical alternative. The Secretary shall establish separate fair market rentals under this paragraph for Westchester County in the State of New York. The Secretary shall also establish separate fair market rentals under this paragraph for Monroe County in the Commonwealth of Pennsylvania. In establishing fair market rentals for the remaining portion of the market area in which Monroe County is located, the Secretary shall establish the fair market rentals as if such portion included Monroe County. If units assisted under this section are exempt from local rent control while they are so assisted or otherwise, the maximum monthly rent for such units shall be reasonable in comparison with other units in the market area that are exempt from local rent control.

(2)(A) The assistance contract shall provide for adjustment annually or more frequently in the maximum monthly rents for units covered by the contract to reflect changes in the fair market rentals established in the housing area for similar types and sizes of dwelling units or, if the Secretary determines, on the basis of a reasonable formula. However, where the maximum monthly rent, for a unit in a new construction, substantial rehabilitation, or moderate rehabilitation project, to be adjusted using an annual adjustment factor exceeds the fair market rental for an existing dwelling unit in the market area, the Secretary shall adjust the rent only to the extent that the owner demonstrates that the adjusted rent would not exceed the rent for an unassisted unit of similar quality, type, and age in the same market area, as determined by the Secretary. The immediately foregoing sentence

shall be effective only during fiscal year 1995, fiscal year 1996 prior to April 26, 1996, and fiscal years 1997 and 1998, and during fiscal year 1999 and thereafter. Except for assistance under the certificate program, for any unit occupied by the same family at the time of the last annual rental adjustment, where the assistance contract provides for the adjustment of the maximum monthly rent by applying an annual adjustment factor and where the rent for a unit is otherwise eligible for an adjustment based on the full amount of the factor, 0.01 shall be subtracted from the amount of the factor, except that the factor shall not be reduced to less than 1.0. In the case of assistance under the certificate program, 0.01 shall be subtracted from the amount of the annual adjustment factor (except that the factor shall not be reduced to less than 1.0), and the adjusted rent shall not exceed the rent for a comparable unassisted unit of similar quality, type, and age in the market area. The immediately foregoing two sentences shall be effective only during fiscal year 1995, fiscal year 1996 prior to April 26, 1996, and fiscal years 1997 and 1998, and during fiscal year 1999 and thereafter. In establishing annual adjustment factors for units in new construction and substantial rehabilitation projects, the Secretary shall take into account the fact that debt service is a fixed expense. The immediately foregoing sentence shall be effective only during fiscal year 1998.

(B) The contract shall further provide for the Secretary to make additional adjustments in the maximum monthly rent for units under contract to the extent he determines such adjustments are necessary to reflect increases in the actual and necessary expenses of owning and maintaining the units which have resulted from substantial general increases in real property taxes, utility rates, or similar costs which are not adequately compensated for by the adjustment in the maximum monthly rent authorized by subparagraph (A). The Secretary shall make additional adjustments in the maximum monthly rent for units under contract (subject to the availability of appropriations for contract amendments) to the extent the Secretary determines such adjustments are necessary to reflect increases in the actual and necessary expenses of owning and maintaining the units that have resulted from the expiration of a real property tax exemption. Where the Secretary determines that a project assisted under this section is located in a community where drug-related criminal activity is generally prevalent and the project's operating, maintenance, and capital repair expenses have been substantially increased primarily as a result of the prevalence of such drug-related activity, the Secretary may (at the discretion of the Secretary and subject to the availability of appropriations for contract amendments for this purpose), on a project by project basis, provide adjustments to the maximum monthly rents, to a level no greater than 120 percent of the project rents, to cover the costs of maintenance, security, capital repairs, and reserves required for the owner to carry out a strategy acceptable to the Secretary for addressing the problem of drug-related criminal activity. Any rent comparability standard required under this paragraph may be waived by

the Secretary to so implement the preceding sentence. The Secretary may (at the discretion of the Secretary and subject to the availability of appropriations for contract amendments), on a project by project basis for projects receiving project-based assistance, provide adjustments to the maximum monthly rents to cover the costs of evaluating and reducing lead-based paint hazards, as defined in section 4851b of this title.

(C) Adjustments in the maximum rents under subparagraphs (A) and (B) shall not result in material differences between the rents charged for assisted units and unassisted units of similar quality, type, and age in the same market area, as determined by the Secretary. In implementing the limitation established under the preceding sentence, the Secretary shall establish regulations for conducting comparability studies for projects where the Secretary has reason to believe that the application of the formula adjustments under subparagraph (A) would result in such material differences. The Secretary shall conduct such studies upon the request of any owner of any project, or as the Secretary determines to be appropriate by establishing, to the extent practicable, a modified annual adjustment factor for such market area, as the Secretary shall designate, that is geographically smaller than the applicable housing area used for the establishment of the annual adjustment factor under subparagraph (A). The Secretary shall establish such modified annual adjustment factor on the basis of the results of a study conducted by the Secretary of the rents charged, and any change in such rents over the previous year, for assisted units and unassisted units of similar quality, type, and age in the smaller market area. Where the Secretary determines that such modified annual adjustment factor cannot be established or that such factor when applied to a particular project would result in material differences between the rents charged for assisted units and unassisted units of similar quality, type, and age in the same market area, the Secretary may apply an alternative methodology for conducting comparability studies in order to establish rents that are not materially different from rents charged for comparable unassisted units. If the Secretary or appropriate State agency does not complete and submit to the project owner a comparability study not later than 60 days before the anniversary date of the assistance contract under this section, the automatic annual adjustment factor shall be applied. The Secretary may not reduce the contract rents in effect on or after April 15, 1987, for newly constructed, substantially rehabilitated, or moderately rehabilitated projects assisted under this section (including projects assisted under this section as in effect prior to November 30, 1983), unless the project has been refinanced in a manner that reduces the periodic payments of the owner. Any maximum monthly rent that has been reduced by the Secretary after April 14, 1987, and prior to November 7, 1988, shall be restored to the maximum monthly rent in effect on April 15, 1987. For any project which has had its maximum monthly rents reduced after April 14, 1987, the Secretary shall make assistance payments (from amounts reserved for the original contract) to the owner of such project in an

amount equal to the difference between the maximum monthly rents in effect on April 15, 1987, and the reduced maximum monthly rents, multiplied by the number of months that the reduced maximum monthly rents were in effect.

(3) The amount of the monthly assistance payment with respect to any dwelling unit shall be the difference between the maximum monthly rent which the contract provides that the owner is to receive for the unit and the rent the family is required to pay under section 1437a(a) of this title. Reviews of family income shall be made no less frequently than annually.

(4) The assistance contract shall provide that assistance payments may be made only with respect to a dwelling unit under lease for occupancy by a family determined to be a lower income family at the time it initially occupied such dwelling unit, except that such payments may be made with respect to unoccupied units for a period not exceeding sixty days (A) in the event that a family vacates a dwelling unit before the expiration date of the lease for occupancy or (B) where a good faith effort is being made to fill an unoccupied unit, and, subject to the provisions of the following sentence, such payments may be made, in the case of a newly constructed or substantially rehabilitated project, after such sixty-day period in an amount equal to the debt service attributable to such an unoccupied dwelling unit for a period not to exceed one year, if a good faith effort is being made to fill the unit and the unit provides decent, safe, and sanitary housing. No such payment may be made after such sixty-day period if the Secretary determines that the dwelling unit is in a project which provides the owner with revenues exceeding the costs incurred by such owner with respect to such project.

(5) The Secretary shall take such steps as may be necessary, including the making of contracts for assistance payments in amounts in excess of the amounts required at the time of the initial renting of dwelling units, the reservation of annual contributions authority for the purpose of amending housing assistance contracts, or the allocation of a portion of new authorizations for the purpose of amending housing assistance contracts, to assure that assistance payments are increased on a timely basis to cover increases in maximum monthly rents or decreases in family incomes.

(6) Redesignated (5).

(7) Repealed. Pub. L. 105-276, title V, § 550(a)(3)(C), Oct. 21, 1998, 112 Stat. 2609.

(8)(A) Not less than one year before termination of any contract under which assistance payments are received under this section, other than a contract for tenant-based assistance under this section, an owner shall provide written notice to the Secretary and the tenants involved of the proposed termination. The notice shall also include a statement that, if the Congress makes funds available, the owner and the Secretary may agree to a renewal of the contract, thus avoiding termination, and that in the event of termination the Department of Housing and Urban Development will provide tenant-based rental assistance to all eligible residents, enabling them to choose the place they wish to rent, which is likely to include the

dwelling unit in which they currently reside. Any contract covered by this paragraph that is renewed may be renewed for a period of up to 1 year or any number or years, with payments subject to the availability of appropriations for any year.

(B) In the event the owner does not provide the notice required, the owner may not evict the tenants or increase the tenants' rent payment until such time as the owner has provided the notice and 1 year has elapsed. The Secretary may allow the owner to renew the terminating contract for a period of time sufficient to give tenants 1 year of advance notice under such terms and conditions as the Secretary may require.

(C) Any notice under this paragraph shall also comply with any additional requirements established by the Secretary.

(D) For purposes of this paragraph, the term "termination" means the expiration of the assistance contract or an owner's refusal to renew the assistance contract, and such term shall include termination of the contract for business reasons.

(d) Required provisions and duration of contracts for assistance payments; waiver of limitation

(1) Contracts to make assistance payments entered into by a public housing agency with an owner of existing housing units shall provide (with respect to any unit) that—

(A) the selection of tenants shall be the function of the owner, subject to the annual contributions contract between the Secretary and the agency, except that with respect to the certificate and moderate rehabilitation programs only, for the purpose of selecting families to be assisted, the public housing agency may establish local preferences, consistent with the public housing agency plan submitted under section 1437c-1 of this title by the public housing agency;

(B)(i) the lease between the tenant and the owner shall be for at least one year or the term of such contract, whichever is shorter, and shall contain other terms and conditions specified by the Secretary;

(ii) during the term of the lease, the owner shall not terminate the tenancy except for serious or repeated violation of the terms and conditions of the lease, for violation of applicable Federal, State, or local law, or for other good cause;

(iii) during the term of the lease, any criminal activity that threatens the health, safety, or right to peaceful enjoyment of the premises by other tenants, any criminal activity that threatens the health, safety, or right to peaceful enjoyment of their residences by persons residing in the immediate vicinity of the premises, or any drug-related criminal activity on or near such premises, engaged in by a tenant of any unit, any member of the tenant's household, or any guest or other person under the tenant's control, shall be cause for termination of tenancy;

(iv) any termination of tenancy shall be preceded by the owner's provision of written notice to the tenant specifying the grounds for such action; and

(v) it shall be cause for termination of the tenancy of a tenant if such tenant—

(I) is fleeing to avoid prosecution, or custody or confinement after conviction, under the laws of the place from which the individual flees, for a crime, or attempt to commit a crime, which is a felony under the laws of the place from which the individual flees, or which, in the case of the State of New Jersey, is a high misdemeanor under the laws of such State; or

(II) is violating a condition of probation or parole imposed under Federal or State law;

(C) maintenance and replacement (including redecoration) shall be in accordance with the standard practice for the building concerned as established by the owner and agreed to by the agency; and

(D) the agency and the owner shall carry out such other appropriate terms and conditions as may be mutually agreed to by them.

(2)(A) Each contract for an existing structure entered into under this section shall be for a term of not less than one month nor more than one hundred and eighty months. The Secretary shall permit public housing agencies to enter into contracts for assistance payments of less than 12 months duration in order to avoid disruption in assistance to eligible families if the annual contributions contract is within 1 year of its expiration date.

(B)(i) In determining the amount of assistance provided under an assistance contract for project-based assistance under this paragraph or a contract for assistance for housing constructed or substantially rehabilitated pursuant to assistance provided under subsection (b)(2) of this section (as such subsection existed immediately before October 1, 1983), the Secretary may consider and annually adjust, with respect to such project, for the cost of employing or otherwise retaining the services of one or more service coordinators under section 661¹ of the Housing and Community Development Act of 1992 [42 U.S.C. 13631] to coordinate the provision of any services within the project for residents of the project who are elderly or disabled families.

(ii) The budget authority available under section 1437c(c) of this title for assistance under this section is authorized to be increased by \$15,000,000 on or after October 1, 1992, and by \$15,000,000 on or after October 1, 1993. Amounts made available under this subparagraph shall be used to provide additional amounts under annual contributions contracts for assistance under this section which shall be made available through assistance contracts only for the purpose of providing service coordinators under clause (i) for projects receiving project-based assistance under this paragraph and to provide additional amounts under contracts for assistance for projects constructed or substantially rehabilitated pursuant to assistance provided under subsection (b)(2) of this section (as such subsection existed immediately before October 1, 1983) only for such purpose.

(C) An assistance contract for project-based assistance under this paragraph shall provide

that the owner shall ensure and maintain compliance with subtitle C of title VI of the Housing and Community Development Act of 1992 [42 U.S.C. 13601 et seq.] and any regulations issued under such subtitle.

(D) An owner of a covered section 8 housing project (as such term is defined in section 659 of the Housing and Community Development Act of 1992 [42 U.S.C. 13619]) may give preference for occupancy of dwelling units in the project, and reserve units for occupancy, in accordance with subtitle D of title VI of the Housing and Community Development Act of 1992 [42 U.S.C. 13611 et seq.].

(3) Notwithstanding any other provision of law, with the approval of the Secretary the public housing agency administering a contract under this section with respect to existing housing units may exercise all management and maintenance responsibilities with respect to those units pursuant to a contract between such agency and the owner of such units.

(4) A public housing agency that serves more than one unit of general local government may, at the discretion of the agency, in allocating assistance under this section, give priority to disabled families that are not elderly families.

(5) CALCULATION OF LIMIT.—Any contract entered into under section 514 of the Multifamily Assisted Housing Reform and Affordability Act of 1997 shall be excluded in computing the limit on project-based assistance under this subsection.

(6) TREATMENT OF COMMON AREAS.—The Secretary may not provide any assistance amounts pursuant to an existing contract for project-based assistance under this section for a housing project and may not enter into a new or renewal contract for such assistance for a project unless the owner of the project provides consent, to such local law enforcement agencies as the Secretary determines appropriate, for law enforcement officers of such agencies to enter common areas of the project at any time and without advance notice upon a determination of probable cause by such officers that criminal activity is taking place in such areas.

(e) Restrictions on contracts for assistance payments

(1) Nothing in this chapter shall be deemed to prohibit an owner from pledging, or offering as security for any loan or obligation, a contract for assistance payments entered into pursuant to this section: *Provided*, That such security is in connection with a project constructed or rehabilitated pursuant to authority granted in this section, and the terms of the financing or any refinancing have been approved by the Secretary.

(2) Repealed. Pub. L. 101-625, title II, §289(b), Nov. 28, 1990, 104 Stat. 4128.

In establishing such procedures, the Secretary shall randomly, regularly, and periodically select a sample of families to authorize the Secretary to obtain information on these families for the purpose of income verification, or to allow those families to provide

such information themselves. (o) Voucher program

(1) Authority

(A) In general

The Secretary may provide assistance to public housing agencies for tenant-based assistance using a payment standard established in accordance with subparagraph (B). The payment standard shall be used to determine the monthly assistance that may be paid for any family, as provided in paragraph (2).

(B) Establishment of payment standard

Except as provided under subparagraph (D), the payment standard for each size of dwelling unit in a market area shall not exceed 110 percent of the fair market rental established under subsection (c) of this section for the same size of dwelling unit in the same market area and shall be not less than 90 percent of that fair market rental.

(C) Set-aside

The Secretary may set aside not more than 5 percent of the budget authority made available for assistance under this subsection as an adjustment pool. The Secretary shall use amounts in the adjustment pool to make adjusted payments to public housing agencies under subparagraph (A), to ensure continued affordability, if the Secretary determines that additional assistance for such purpose is necessary, based on documentation submitted by a public housing agency.

(D) Approval

The Secretary may require a public housing agency to submit the payment standard of the public housing agency to the Secretary for approval, if the payment standard is less than 90 percent of the fair market rental or exceeds 110 percent of the fair market rental.

(E) Review

The Secretary—

(i) shall monitor rent burdens and review any payment standard that results in a significant percentage of the families occupying units of any size paying more than 30 percent of adjusted income for rent; and

(ii) may require a public housing agency to modify the payment standard of the public housing agency based on the results of that review.

(2) Amount of monthly assistance payment

Subject to the requirement under section 1437a(a)(3) of this title (relating to minimum rental amount), the monthly assistance payment for a family receiving assistance under this subsection shall be determined as follows:

(A) Tenant-based assistance; rent not exceeding payment standard

For a family receiving tenant-based assistance, if the rent for the family (including the amount allowed for tenant-paid utilities) does not exceed the applicable payment standard established under paragraph (1), the monthly assistance payment for the family shall be equal to the amount by which the rent (including the amount allowed for tenant-paid utilities) exceeds the greatest of the following amounts, rounded to the nearest dollar:

- (i) 30 percent of the monthly adjusted income of the family.
- (ii) 10 percent of the monthly income of the family.
- (iii) If the family is receiving payments for welfare assistance from a public agency and a part of those payments, adjusted in accordance with the actual housing costs of the family, is specifically designated by that agency to meet the housing costs of the family, the portion of those payments that is so designated.

(B) Tenant-based assistance; rent exceeding payment standard

For a family receiving tenant-based assistance, if the rent for the family (including the amount allowed for tenant-paid utilities) exceeds the applicable payment standard established under paragraph (1), the monthly assistance payment for the family shall be equal to the amount by which the applicable payment standard exceeds the greatest of amounts under clauses (i), (ii), and (iii) of subparagraph (A).

(C) Families receiving project-based assistance

For a family receiving project-based assistance, the rent that the family is required to pay shall be determined in accordance with section 1437a(a)(1) of this title, and the amount of the housing assistance payment shall be determined in accordance with subsection (c)(3) of this section.

(3) 40 percent limit

At the time a family initially receives tenant-based assistance under this section with respect to any dwelling unit, the total amount that a family may be required to pay for rent may not exceed 40 percent of the monthly adjusted income of the family.

(4) Eligible families

To be eligible to receive assistance under this subsection, a family shall, at the time a family initially receives assistance under this subsection, be a low-income family that is—

(A) a very low-income family;

(B) a family previously assisted under this subchapter;

(C) a low-income family that meets eligibility criteria specified by the public housing agency;

(D) a family that qualifies to receive a voucher in connection with a homeownership program approved under title IV of the Cranston-Gonzalez National Affordable Housing Act; or

(E) a family that qualifies to receive a voucher under section 223 or 226 of the Low-Income Housing Preservation and Resident Homeownership Act of 1990 [12 U.S.C. 4113, 4116].

(5) Annual review of family income

(A) In general

Reviews of family incomes for purposes of this section shall be subject to the provisions of section 3544 of this title and shall be conducted upon the initial provision of housing assistance for the family and thereafter not less than annually.

(B) Procedures

Each public housing agency administering assistance under this subsection shall establish procedures that are appropriate and necessary to ensure that income data provided to the agency and owners by families applying for or receiving assistance from the agency is complete and accurate. Each public housing agency shall, not less frequently than annually, conduct a review of the family income of each family receiving assistance under this subsection.

(6) Selection of families and disapproval of owners

(A) Preferences

(i) Authority to establish

Each public housing agency may establish a system for making tenant-based assistance under this subsection available on behalf of eligible families that provides preference for such assistance to eligible families having certain characteristics, which may include a preference for families residing in public housing who are victims of a crime of violence (as such term is defined in section 16 of title 18) that has been reported to an appropriate law enforcement agency.

(ii) Content

Each system of preferences established pursuant to this subparagraph shall be based upon local housing needs and priorities, as determined by the public housing agency using generally accepted data sources, including any information obtained pursuant to an opportunity for public comment as provided under section 1437c-1(f) of this title and under the requirements applicable to the comprehensive housing affordability strategy for the relevant jurisdiction.

(B) Selection of tenants

Each housing assistance payment contract entered into by the public housing agency

and the owner of a dwelling unit)² shall provide that the screening and selection of families for those units shall be the function of the owner. In addition, the public housing agency may elect to screen applicants for the program in accordance with such requirements as the Secretary may establish.

(C) PHA disapproval of owners

In addition to other grounds authorized by the Secretary, a public housing agency may elect not to enter into a housing assistance payments contract under this subsection with an owner who refuses, or has a history of refusing, to take action to terminate tenancy for activity engaged in by the tenant, any member of the tenant's household, any guest, or any other person under the control of any member of the household that—

(iii) is drug-related or violent criminal activity.

(7) Leases and tenancy

Each housing assistance payment contract entered into by the public housing agency and the owner of a dwelling unit—

(A) shall provide that the lease between the tenant and the owner shall be for a term of not less than 1 year, except that the public housing agency may approve a shorter term for an initial lease between the tenant and the dwelling unit owner if the public housing agency determines that such shorter term would improve housing opportunities for the tenant and if such shorter term is considered to be a prevailing local market practice;

(B) shall provide that the dwelling unit owner shall offer leases to tenants assisted under this subsection that—

(i) are in a standard form used in the locality by the dwelling unit owner; and

(ii) contain terms and conditions that—

(I) are consistent with State and local law; and

(II) apply generally to tenants in the property who are not assisted under this section;

(E) shall provide that any termination of tenancy under this subsection shall be preceded by the provision of written notice by the owner to the tenant specifying the grounds for that action, and any relief shall be consistent with applicable State and local law; and

(F) may include any addenda required by the Secretary to set forth the provisions of this subsection.

(8) Inspection of units by PHAs

(A) In general

Except as provided in paragraph (11), for each dwelling unit for which a housing assistance payment contract is established under this subsection, the public housing agency shall inspect the unit before any assistance payment is made to determine whether the dwelling unit meets the housing quality standards under subparagraph (B).

(B) Housing quality standards

The housing quality standards under this subparagraph are standards for safe and habitable housing established—

(i) by the Secretary for purposes of this subsection; or

(ii) by local housing codes or by codes adopted by public housing agencies that—

(I) meet or exceed housing quality standards, except that the Secretary may waive the requirement under this subclause to significantly increase access to affordable housing and to expand housing opportunities for families assisted under this subsection, except where such waiver could adversely affect the health or safety of families assisted under this subsection; and

(II) do not severely restrict housing choice³

(C) Inspection

The determination required under subparagraph (A) shall be made by the public housing agency (or other entity, as provided in paragraph (11)) pursuant to an inspection of the dwelling unit conducted before any assistance payment is made for the unit. Inspections of dwelling units under this subparagraph shall be made before the expiration of the 15-day period beginning upon a request by the resident or landlord to the public housing agency or, in the case of any public housing agency that provides assistance under this subsection on behalf of more than 1250 families, before the expiration of a reasonable period beginning upon such request. The performance of the agency in meeting the 15-day inspection deadline shall be taken into consideration in assessing the performance of the agency.

(D) Annual inspections

Each public housing agency providing assistance under this subsection (or other entity, as provided in paragraph (11)) shall make an annual inspection of each assisted dwelling unit during the term of the housing assistance payments contract for the unit to determine whether the unit is maintained in accordance with the requirements under subparagraph (A). The agency (or other entity) shall retain the records of the inspection for a reasonable time and shall make the records available upon request to the Secretary, the Inspector General for the Department of Housing and Urban Development, and any auditor conducting an audit under section 1437c(h) of this title.

(E) Inspection guidelines

The Secretary shall establish procedural guidelines and performance standards to facilitate inspections of dwelling units and conform such inspections with practices utilized in the private housing market. Such guidelines and standards shall take into consideration variations in local laws and practices of public housing agencies and shall provide flexibility to authorities appropriate to facilitate efficient provision of assistance under this subsection.

(9) Vacated units

If an assisted family vacates a dwelling unit for which rental assistance is provided under a housing assistance payment contract before the expiration of the term of the lease for the unit, rental assistance pursuant to such contract may not be provided for the unit after the month during which the unit was vacated.

(10) Rent**(A) Reasonableness**

The rent for dwelling units for which a housing assistance payment contract is established under this subsection shall be reasonable in comparison with rents charged for comparable dwelling units in the private, unassisted local market.

(B) Negotiations

A public housing agency (or other entity, as provided in paragraph (11)) shall, at the request of a family receiving tenant-based assistance under this subsection, assist that family in negotiating a reasonable rent with a dwelling unit owner. A public housing agency (or such other entity) shall review the rent for a unit under consideration by the family (and all rent increases for units under lease by the family) to determine whether the rent (or rent increase) requested by the owner is reasonable. If a public housing agency (or other such entity) determines that the rent (or rent increase) for a dwelling unit is not reasonable, the public housing agency (or other such entity) shall not make housing assistance payments to the owner under this subsection with respect to that unit.

(C) Units exempt from local rent control

If a dwelling unit for which a housing assistance payment contract is established

under this subsection is exempt from local rent control provisions during the term of that contract, the rent for that unit shall be reasonable in comparison with other units in the market area that are exempt from local rent control provisions.

(D) Timely payments

Each public housing agency shall make timely payment of any amounts due to a dwelling unit owner under this subsection. The housing assistance payment contract between the owner and the public housing agency may provide for penalties for the late payment of amounts due under the contract, which shall be imposed on the public housing agency in accordance with generally accepted practices in the local housing market.

(E) Penalties

Unless otherwise authorized by the Secretary, each public housing agency shall pay any penalties from administrative fees collected by the public housing agency, except that no penalty shall be imposed if the late payment is due to factors that the Secretary determines are beyond the control of the public housing agency.

(11) Leasing of units owned by PHA

If an eligible family assisted under this subsection leases a dwelling unit (other than a public housing dwelling unit) that is owned by a public housing agency administering assistance under this subsection, the Secretary shall require the unit of general local government or another entity approved by the Secretary, to make inspections required under paragraph (8) and rent determinations required under paragraph (10). The agency shall be responsible for any expenses of such inspections and determinations.

(12) Assistance for rental of manufactured housing**(A) In general**

A public housing agency may make assistance payments in accordance with this subsection on behalf of a family that utilizes a manufactured home as a principal place of residence. Such payments may be made only for the rental of the real property on which the manufactured home owned by any such family is located.

(B) Rent calculation**(i) Charges included**

For assistance pursuant to this paragraph, the rent for the space on which a manufactured home is located and with respect to which assistance payments are to be made shall include maintenance and management charges and tenant-paid utilities.

(ii) Payment standard

The public housing agency shall establish a payment standard for the purpose of determining the monthly assistance that may be paid for any family under this paragraph. The payment standard may not

(13) PHA project-based assistance

(A) In general

A public housing agency may use amounts provided under an annual contributions contract under this subsection to enter into a housing assistance payment contract with respect to an existing, newly constructed, or rehabilitated structure, that is attached to the structure, subject to the limitations and requirements of this paragraph.

(B) Percentage limitation

Not more than 20 percent of the funding available for tenant-based assistance under this section that is administered by the agency may be attached to structures pursuant to this paragraph.

(C) Consistency with PHA plan and other goals

A public housing agency may approve a housing assistance payment contract pursuant to this paragraph only if the contract is consistent with—

(i) the public housing agency plan for the agency approved under section 1437c-1 of this title; and

(ii) the goal of deconcentrating poverty and expanding housing and economic opportunities.

(D) Income mixing requirement

(i) In general

Not more than 25 percent of the dwelling units in any building may be assisted under a housing assistance payment contract for project-based assistance pursuant to this paragraph.

(ii) Exceptions

The limitation under clause (i) shall not apply in the case of assistance under a contract for housing consisting of single family properties or for dwelling units that are specifically made available for households comprised of elderly families, disabled families, and families receiving supportive services.

(E) Resident choice requirement

A housing assistance payment contract pursuant to this paragraph shall provide as follows:

(i) Mobility

Each low-income family occupying a dwelling unit assisted under the contract may move from the housing at any time after the family has occupied the dwelling unit for 12 months.

(ii) Continued assistance

Upon such a move, the public housing agency shall provide the low-income fam-

ily with tenant-based rental assistance under this section or such other tenant-based rental assistance that is subject to comparable income, assistance, rent contribution, affordability, and other requirements, as the Secretary shall provide by regulation. If such rental assistance is not immediately available to fulfill the requirement under the preceding sentence with respect to a low-income family, such requirement may be met by providing the family priority to receive the next voucher or other tenant-based rental assistance amounts that become available under the program used to fulfill such requirement.

(F) Contract term

A housing assistance payment contract pursuant to this paragraph between a public housing agency and the owner of a structure may have a term of up to 10 years, subject to the availability of sufficient appropriated funds for the purpose of renewing expiring contracts for assistance payments, as provided in appropriations Acts and in the agency's annual contributions contract with the Secretary, and to annual compliance with the inspection requirements under paragraph (8), except that the agency shall not be required to make annual inspections of each assisted unit in the development. The contract may specify additional conditions for its continuation. If the units covered by the contract are owned by the agency, the term of the contract shall be agreed upon by the agency and the unit of general local government or other entity approved by the Secretary in the manner provided under paragraph (11).

(G) Extension of contract term

A public housing agency may enter into a contract with the owner of a structure assisted under a housing assistance payment contract pursuant to this paragraph to extend the term of the underlying housing assistance payment contract for such period as the agency determines to be appropriate to achieve long-term affordability of the housing or to expand housing opportunities. Such a contract shall provide that the extension of such term shall be contingent upon the future availability of appropriated funds for the purpose of renewing expiring contracts for assistance payments, as provided in appropriations Acts, and may obligate the owner to have such extensions of the underlying housing assistance payment contract accepted by the owner and the successors in interest of the owner.

(H) Rent calculation

A housing assistance payment contract pursuant to this paragraph shall establish rents for each unit assisted in an amount that does not exceed 110 percent of the applicable fair market rental (or any exception payment standard approved by the Secretary pursuant to paragraph (1)(D)), except that if a contract covers a dwelling unit that has been allocated low-income housing tax credits pursuant to section 42 of title 26 and is

not located in a qualified census tract (as such term is defined in subsection (d) of such section 42), the rent for such unit may be established at any level that does not exceed the rent charged for comparable units in the building that also receive the low-income housing tax credit but do not have additional rental assistance. The rents established by housing assistance payment contracts pursuant to this paragraph may vary from the payment standards established by the public housing agency pursuant to paragraph (1)(B), but shall be subject to paragraph (10)(A).

(I) Rent adjustments

A housing assistance payments contract pursuant to this paragraph shall provide for rent adjustments, except that—

(i) the adjusted rent for any unit assisted shall be reasonable in comparison with rents charged for comparable dwelling units in the private, unassisted, local market and may not exceed the maximum rent permitted under subparagraph (H); and

(ii) the provisions of subsection (c)(2)(C) of this section shall not apply.

(J) Tenant selection

A public housing agency shall select families to receive project-based assistance pursuant to this paragraph from its waiting list for assistance under this subsection. Eligibility for such project-based assistance shall be subject to the provisions of section 1437n(b) of this title that apply to tenant-based assistance. The agency may establish preferences or criteria for selection for a unit assisted under this paragraph that are consistent with the public housing agency plan for the agency approved under section 1437c-1 of this title. Any family that rejects an offer of project-based assistance under this paragraph or that is rejected for admission to a structure by the owner or manager of a structure assisted under this paragraph shall retain its place on the waiting list as if the offer had not been made. The owner or manager of a structure assisted under this paragraph shall not admit any family to a dwelling unit assisted under a contract pursuant to this paragraph other than a family referred by the public housing agency from its waiting list. Subject to its waiting list policies and selection preferences, a public housing agency may place on its waiting list a family referred by the owner or manager of a structure and may maintain a separate waiting list for assistance under this paragraph, but only if all families on the agency's waiting list for assistance under this subsection are permitted to place their names on the separate list.

(K) Vacated units

Notwithstanding paragraph (9), a housing assistance payment contract pursuant to this paragraph may provide as follows:

(i) Payment for vacant units

That the public housing agency may, in its discretion, continue to provide assist-

ance under the contract, for a reasonable period not exceeding 60 days, for a dwelling unit that becomes vacant, but only: (I) if the vacancy was not the fault of the owner of the dwelling unit; and (II) the agency and the owner take every reasonable action to minimize the likelihood and extent of any such vacancy. Rental assistance may not be provided for a vacant unit after the expiration of such period.

(ii) Reduction of contract

That, if despite reasonable efforts of the agency and the owner to fill a vacant unit, no eligible family has agreed to rent the unit within 120 days after the owner has notified the agency of the vacancy, the agency may reduce its housing assistance payments contract with the owner by the amount equivalent to the remaining months of subsidy attributable to the vacant unit. Amounts deobligated pursuant to such a contract provision shall be available to the agency to provide assistance under this subsection.

Eligible applicants for assistance under this subsection may enforce provisions authorized by this subparagraph.

(14) Inapplicability to tenant-based assistance

Subsection (c) of this section shall not apply to tenant-based assistance under this subsection.

(15) Homeownership option

(A) In general

A public housing agency providing assistance under this subsection may, at the option of the agency, provide assistance for homeownership under subsection (y) of this section.

(B) Victims of crime

(i) In general

Of amounts made available for assistance under this section in each fiscal year, the Secretary shall make available such sums as may be necessary for the relocation of families residing in public housing who are victims of a crime of violence (as that term is defined in section 16 of title 18) that has been reported to an appropriate law enforcement agency.

(ii) Notice

A public housing agency that receives amounts under this subparagraph shall establish procedures for providing notice of the availability of that assistance to families that may be eligible for that assistance.

(17) Deed restrictions

Assistance under this subsection may not be used in any manner that abrogates any local deed restriction that applies to any housing consisting of 1 to 4 dwelling units. This paragraph may not be construed to affect the provisions or applicability of the Fair Housing Act [42 U.S.C. 3601 et seq.].

(18) Rental assistance for assisted living facilities**(A) In general**

A public housing agency may make assistance payments on behalf of a family that uses an assisted living facility as a principal place of residence and that uses such supportive services made available in the facility as the agency may require. Such payments may be made only for covering costs of rental of the dwelling unit in the assisted living facility and not for covering any portion of the cost of residing in such facility that is attributable to service relating to assisted living.

(B) Rent calculation**(i) Charges included**

For assistance pursuant to this paragraph, the rent of the dwelling unit that is an assisted living facility with respect to which assistance payments are made shall include maintenance and management charges related to the dwelling unit and tenant-paid utilities. Such rent shall not include any charges attributable to services relating to assisted living.

(ii) Payment standard

In determining the monthly assistance that may be paid under this paragraph on behalf of any family residing in an assisted living facility, the public housing agency shall utilize the payment standard established under paragraph (1), for the market area in which the assisted living facility is located, for the applicable size dwelling unit.

(iii) Monthly assistance payment

The monthly assistance payment for a family assisted under this paragraph shall be determined in accordance with paragraph (2) (using the rent and payment standard for the dwelling unit as determined in accordance with this subsection).

(C) Definition

For the purposes of this paragraph, the term “assisted living facility” has the meaning given that term in section 232(b) of the National Housing Act (12 U.S.C. 1715w(b)), except that such a facility may be contained within a portion of a larger multifamily housing project.

Subject to subparagraph (C), the Secretary shall set aside, from amounts made available for rental assistance under this subsection, the amounts specified in subparagraph (B) for use only for providing such assistance through a supported housing program administered in conjunction with the Department of Veterans Affairs. Such program shall provide rental assistance on behalf of homeless veterans who have chronic mental illnesses or chronic substance use disorders, shall require agreement of the veteran to continued treatment for such mental illness or substance use disorder as a condition of receipt of such rental assistance, and shall ensure such treatment and appropriate case management for each veteran receiving such rental assistance.

(B) Amount

The amount specified in this subparagraph is—

- (i) for fiscal year 2003, the amount necessary to provide 500 vouchers for rental assistance under this subsection;

(p) Shared housing for elderly and handicapped

In order to assist elderly families (as defined in section 1437a(b)(3) of this title who elect to live in a shared housing arrangement in which they benefit as a result of sharing the facilities of a dwelling with others in a manner that effectively and efficiently meets their housing needs and thereby reduces their cost of housing, the Secretary shall permit assistance provided under the existing housing and moderate rehabilitation programs to be used by such families in such arrangements. In carrying out this subsection, the Secretary shall issue minimum habitability standards for the purpose of assuring decent, safe, and sanitary housing for such families while taking into account the special circumstances of shared housing.

(II) the amount that is the lesser of (aa) such fair market rental for fiscal year 1994, or (bb) 103.5 percent of the amount determined under clause (i),

(C) Subsequent fiscal years

For subsequent fiscal years, the Secretary shall publish a notice in the Federal Register, for each geographic area, establishing the amount of the fee that would apply for public housing agencies administering the program, based on changes in wage data or other objectively measurable data that reflect the costs of administering the program, as determined by the Secretary.

(D) Increase

The Secretary may increase the fee if necessary to reflect the higher costs of administering small programs and programs operating over large geographic areas.

(E) Decrease

The Secretary may decrease the fee for units owned by a public housing agency to reflect reasonable costs of administration.

(2) Fee for preliminary expenses

The Secretary shall also establish reasonable fees (as determined by the Secretary) for—

(A) the costs of preliminary expenses, in the amount of \$500, for a public housing

agency, except that such fee shall apply to an agency only in the first year that the agency administers a tenant-based assistance program under this section, and only if, immediately before the effective date under section 503(a) of the Quality Housing and Work Responsibility Act of 1998, the agency was not administering a tenant-based assistance program under this chapter (as in effect immediately before such effective date), in connection with its initial increment of assistance received;

(4) Applicability

This subsection shall apply to fiscal year 1999 and fiscal years thereafter.

(r) Portability

(1) IN GENERAL.—(A) Any family receiving tenant-based assistance under subsection (o) of this section may receive such assistance to rent an eligible dwelling unit if the dwelling unit to which the family moves is within any area in which a program is being administered under this section.

(ii) The Secretary may establish such exceptions to the authority of public housing agencies established under clause (i).

(2) The public housing agency having authority with respect to the dwelling unit to which a family moves under this subsection shall have the responsibility of carrying out the provisions of this subsection with respect to the family.

(3) In providing assistance under subsection (o) of this section for any fiscal year, the Secretary shall give consideration to any reduction in the number of resident families incurred by a public housing agency in the preceding fiscal year as a result of the provisions of this subsection. The

Secretary shall establish procedures for the compensation of public housing agencies that issue vouchers to families that move into or out of the jurisdiction of the public housing agency under portability procedures. The Secretary may reserve amounts available for assistance under subsection (o) of this section to compensate those public housing agencies.

(4) The provisions of this subsection may not be construed to restrict any authority of the Secretary under any other provision of law to provide for the portability of assistance under this section.

(1) In general

Enhanced voucher assistance under this subsection for a family shall be voucher assistance under subsection (o) of this section, except that under such enhanced voucher assistance—

(A) subject only to subparagraph (D), the assisted family shall pay as rent no less than the amount the family was paying on the date of the eligibility event for the project in which the family was residing on such date;

(B) the assisted family may elect to remain in the same project in which the family was residing on the date of the eligibility event for the project, and if, during any period the family makes such an election and continues to so reside, the rent for the dwelling unit of the family in such project exceeds the applicable payment standard established pursuant to subsection (o) of this section for the unit, the amount of rental assistance provided on behalf of the family shall be determined using a payment standard that is equal to the rent for the dwelling unit (as such rent may be increased from time-to-time), subject to paragraph (10)(A) of subsection (o) of this section and any other reasonable limit prescribed by the Secretary, except that a limit shall not be considered reasonable for purposes of this subparagraph if it adversely affects such assisted families;

(C) subparagraph (B) of this paragraph shall not apply and the payment standard for the dwelling unit occupied by the family shall be determined in accordance with subsection (o) of this section if—

(i) the assisted family moves, at any time, from such project; or

(ii) the voucher is made available for use by any family other than the original fam-

ily on behalf of whom the voucher was provided; and

(D) if the income of the assisted family declines to a significant extent, the percentage of income paid by the family for rent shall not exceed the greater of 30 percent or the percentage of income paid at the time of the eligibility event for the project.

(2) Eligibility event

For purposes of this subsection, the term “eligibility event” means, with respect to a multifamily housing project, the prepayment of the mortgage on such housing project, the voluntary termination of the insurance contract for the mortgage for such housing project (including any such mortgage prepayment during fiscal year 1996 or a fiscal year thereafter or any insurance contract voluntary termination during fiscal year 1996 or a fiscal year thereafter), the termination or expiration of the contract for rental assistance under this section for such housing project (including any such termination or expiration during fiscal years after fiscal year 1994 prior to the effective date of the Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 2001), or the transaction under which the project is preserved as affordable housing, that, under paragraphs (3) and (4) of section 515(c), section 524(d) of the Multifamily Assisted Housing Reform and Affordability Act of 1997 (42 U.S.C. 1437f note), section 4113(f) of title 12, or section 1715z-1a(p) of title 12, results in tenants in such housing project being eligible for enhanced voucher assistance under this subsection.

(3) Treatment of enhanced vouchers provided under other authority

(A) In general

Notwithstanding any other provision of law, any enhanced voucher assistance provided under any authority specified in subparagraph (B) shall (regardless of the date that the amounts for providing such assistance were made available) be treated, and subject to the same requirements, as enhanced voucher assistance under this subsection.

(B) Identification of other authority

The authority specified in this subparagraph is the authority under—

In the case of low-income families living in rental projects rehabilitated under section 1437o⁴ of this title or section 1490m of this title before rehabilitation—

(1) vouchers under this section shall be made for families who are required to move out of their units because of the physical rehabilitation activities or because of overcrowding;

(2) at the discretion of each public housing agency or other agency administering the allocation of assistance or vouchers under this section may be made for families who would have to pay more than 30 percent of their adjusted income for rent after rehabilitation whether they choose to remain in, or to move from, the project; and

(3) the Secretary shall allocate assistance for vouchers under this section to ensure that sufficient resources are available to address the physical or economic displacement, or potential economic displacement, of existing tenants pursuant to paragraphs (1) and (2).

(1) Transfer of budget authority

If an assistance contract under this section, other than a contract for tenant-based assistance, is terminated or is not renewed, or if the contract expires, the Secretary shall, in order to provide continued assistance to eligible families, including eligible families receiving the benefit of the project-based assistance at the time of the termination, transfer any budget authority remaining in the contract to another contract. The transfer shall be under such terms as the Secretary may prescribe.

(2) Reuse and rescission of certain recaptured budget authority

Notwithstanding paragraph (1), if a project-based assistance contract for an eligible

multifamily housing project subject to actions authorized under this subchapter is terminated or amended as part of restructuring under section 517 of the Multifamily Assisted Housing Reform and Affordability Act of 1997, the Secretary shall recapture the budget authority not required for the terminated or amended contract and use such amounts as are necessary to provide housing assistance for the same number of families covered by such contract for the remaining term of such contract, under a contract providing for project-based or tenant-based assistance. The amount of budget authority saved as a result of the shift to project-based or tenant-based assistance shall be rescinded.

A public housing agency may provide for circumstances in which families who do not qualify for any preference established in the preceding sentence are provided assistance under this subsection before families who do qualify for such preference, except that not more than 10 percent (or such higher percentage determined by the Secretary to be necessary to ensure that public housing agencies can assist families in accordance with subsection (u)(2) of this section or determined by the Secretary to be appropriate for other good cause) of the families who initially receive assistance in any 1-year period (or such shorter period selected by the public housing agency before the beginning of its first full year subject to this sentence) may be families who do not qualify for such preference. “(B) to lease any available dwelling unit in any multifamily housing project of such owner to a holder of a voucher under subsection (o) of this section, and to enter into a voucher contract respecting such unit, a proximate cause of which is the status of such prospective tenant as holder of such voucher.

“(2)(A) The eligibility of a multifamily residential project for loan management assistance under this section shall be determined without regard to whether the project is subsidized or unsubsidized.

“(B) In allocating loan management assistance under this section, the Secretary may give a priority to any project only on the basis that the project has serious financial problems that are likely to result in a claim on the insurance fund in the near future or the project is eligible to receive incentives under subtitle B of the Low-Income Housing Preservation and Resident Homeownership Act of 1990.”

The immediately foregoing sentence shall be effective only during fiscal year 1995. For any unit occupied by the same family at the time of the last annual rental adjustment, where the assistance contract provides for the adjustment of the maximum monthly rent by applying an annual adjustment factor and where the rent for a unit is otherwise eligible for an adjustment based on the full amount of the factor, 0.01 shall be subtracted from the amount of the factor, except that the factor shall not be reduced to less than 1.0. The Secretary is authorized to prescribe such terms and conditions for contracts entered into under this section pursuant to this paragraph as the Secretary determines to be necessary and appropriate, except that such terms and conditions, to the maximum extent feasible, shall be consistent with terms and conditions otherwise applicable with respect to other dwelling units assisted under this section. Notwithstanding subsection (c)(1) of this section, the Secretary may, in carrying out the preceding sentence, establish a maximum monthly rent (for units upgraded pursuant to this paragraph) which exceeds the fair market rental by not more than 20 per centum if such units are located in an area where the Secretary finds cost levels so require, except that the Secretary may approve maximum monthly rents which exceed the fair market rentals by more than 20 but not more than 30 per centum where the Secretary determines that special circumstances warrant such higher rent or where necessary to the implementation of a local housing assistance plan. The Secretary shall increase the amount of assistance provided under this paragraph above the amount of assistance otherwise permitted by this paragraph and subsection (c)(1) of this section, if the Secretary determines such increase necessary to assist in the sale of multifamily housing projects owned by the Department of Housing and Urban Development. For each fiscal year, the Secretary may not provide assistance pursuant to this paragraph to any project for rehabilitation of more than 100 units. Assistance pursuant to this paragraph shall be allocated according to the formula established pursuant to section 1439(d) of this title, and awarded pursuant to a competition under such section. “SUBTITLE A—FHA-INSURED MULTIFAMILY HOUSING MORTGAGE AND HOUSING ASSISTANCE RESTRUCTURING

“SEC. 511. FINDINGS AND PURPOSES.

“(a) FINDINGS.—Congress finds that—

“(1) there exists throughout the Nation a need for decent, safe, and affordable housing;

“(2) as of the date of enactment of this Act [Oct. 27, 1997], it is estimated that—

“(A) the insured multifamily housing portfolio of the Federal Housing Administration consists of 14,000 rental properties, with an aggregate unpaid principal mortgage balance of \$38,000,000,000; and

“(B) approximately 10,000 of these properties contain housing units that are assisted with project-based rental assistance under section 8 of the United States Housing Act of 1937 [42 U.S.C. 1437f];

“(3) FHA-insured multifamily rental properties are a major Federal investment, providing affordable rental housing to an estimated 2,000,000 low- and very low-income families;

“(4) approximately 1,600,000 of these families live in dwelling units that are assisted with project-based rental assistance under section 8 of the United States Housing Act of 1937;

“(5) a substantial number of housing units receiving project-based assistance have rents that are higher than the rents of comparable, unassisted rental units in the same housing rental market;

“(6) many of the contracts for project-based assistance will expire during the several years following the date of enactment of this Act;

“(7) it is estimated that—

“(A) if no changes in the terms and conditions of the contracts for project-based assistance are made before fiscal year 2000, the cost of renewing all expiring rental assistance contracts under section 8 of the United States Housing Act of 1937 for both project-based and tenant-based rental assistance will increase from approximately \$3,600,000,000 in fiscal year 1997 to over \$14,300,000,000 by fiscal year 2000 and some \$22,400,000,000 in fiscal year 2006;

“(B) of those renewal amounts, the cost of renewing project-based assistance will increase from

\$1,200,000,000 in fiscal year 1997 to almost \$7,400,000,000 by fiscal year 2006; and

“(C) without changes in the manner in which project-based rental assistance is provided, renewals of expiring contracts for project-based rental assistance will require an increasingly larger portion of the discretionary budget authority of the Department of Housing and Urban Development in each subsequent fiscal year for the foreseeable future;

“(8) absent new budget authority for the renewal of expiring rental contracts for project-based assistance, many of the FHA-insured multifamily housing projects that are assisted with project-based assistance are likely to default on their FHA-insured mortgage payments, resulting in substantial claims to the FHA General Insurance Fund and Special Risk Insurance Fund;

“(9) more than 15 percent of federally assisted multifamily housing projects are physically or financially distressed, including a number which suffer from mismanagement;

“(10) due to Federal budget constraints, the downsizing of the Department of Housing and Urban Development, and diminished administrative capacity, the Department lacks the ability to ensure the continued economic and physical well-being of the stock of federally insured and assisted multifamily housing projects;

“(11) the economic, physical, and management problems facing the stock of federally insured and assisted multifamily housing projects will be best served by reforms that—

“(A) reduce the cost of Federal rental assistance, including project-based assistance, to these projects by reducing the debt service and operating costs of these projects while retaining the low-income affordability and availability of this housing;

“(B) address physical and economic distress of this housing and the failure of some project managers and owners of projects to comply with management and ownership rules and requirements; and

“(C) transfer and share many of the loan and contract administration functions and responsibilities of the Secretary to and with capable State, local, and other entities; and

“(12) the authority and duties of the Secretary, not including the control by the Secretary of applicable accounts in the Treasury of the United States, may be delegated to State, local or other entities at the discretion of the Secretary, to the extent the Secretary determines, and for the purpose of carrying out this title [see Short Title of 1997 Amendment note set out under section 1701 of Title 12, Banks and Banking], so that the Secretary has the discretion to be relieved of processing and approving any document or action required by these reforms.

“(b) PURPOSES.—Consistent with the purposes and requirements of the Government Performance and Results Act of 1993 [Pub. L. 103-62, see Short Title of 1993 Amendment note set out under section 1101 of Title 31, Money and Finance], the purposes of this subtitle are—

“(1) to preserve low-income rental housing affordability and availability while reducing the long-term costs of project-based assistance;

“(2) to reform the design and operation of Federal rental housing assistance programs, administered by the Secretary, to promote greater multifamily housing project operating and cost efficiencies;

“(3) to encourage owners of eligible multifamily housing projects to restructure their FHA-insured mortgages and project-based assistance contracts in a manner that is consistent with this subtitle before the year in which the contract expires;

“(4) to reduce the cost of insurance claims under the National Housing Act [12 U.S.C. 1701 et seq.] related to mortgages insured by the Secretary and used to finance eligible multifamily housing projects;

“(5) to streamline and improve federally insured and assisted multifamily housing project oversight and administration;

“(6) to resolve the problems affecting financially and physically troubled federally insured and assisted multifamily housing projects through cooperation with residents, owners, State and local governments, and other interested entities and individuals;

“(7) to protect the interest of project owners and managers, because they are partners of the Federal Government in meeting the affordable housing needs of the Nation through the section 8 rental housing assistance program;

“(8) to protect the interest of tenants residing in the multifamily housing projects at the time of the restructuring for the housing; and

“(9) to grant additional enforcement tools to use against those who violate agreements and program requirements, in order to ensure that the public interest is safeguarded and that Federal multifamily housing programs serve their intended purposes.

“SEC. 512. DEFINITIONS.

“In this subtitle:

“(1) COMPARABLE PROPERTIES.—The term ‘comparable properties’ means properties in the same market areas, where practicable, that—

“(B) are not receiving project-based assistance.

“(2) ELIGIBLE MULTIFAMILY HOUSING PROJECT.—The term ‘eligible multifamily housing project’ means a property consisting of more than 4 dwelling units—

“(B) that is covered in whole or in part by a contract for project-based assistance under—

“(i) the new construction or substantial rehabilitation program under section 8(b)(2) of the United States Housing Act of 1937 [42 U.S.C. 1437f(b)(2)] (as in effect before October 1, 1983);

“(2) The second mortgage shall bear interest at a rate not to exceed the applicable Federal rate as defined in section 1274(d) of the Internal Revenue Code of 1986 [26 U.S.C. 1274(d)]. The term of the second mortgage shall be equal to the term of the restructured or new first mortgage.

“(3) Payments on the second mortgage shall be deferred when the first mortgage remains outstanding, except to the extent there is excess project income remaining after payment of all reasonable and necessary operating expenses (including deposits in a reserve for replacement), debt service on the first mortgage, and any other expenditures approved by the Secretary. At least 75 percent of any excess project income shall be applied to payments on the second mortgage, and the Secretary or the participating administrative entity may permit up to 25 percent to be paid to the project owner if the Secretary or participating administrative entity determines that the project owner meets benchmarks for management and housing quality.

“(4) The full amount of the second mortgage shall be immediately due and payable if—

“(A) the first mortgage is terminated or paid in full, except as otherwise provided by the holder of the second mortgage;

“(B) the project is purchased and the second mortgage is assumed by any subsequent purchaser in violation of guidelines established by the Secretary; or

“(C) the Secretary provides notice to the project owner that such owner has failed to materially comply with any requirements of this section or the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.] as those requirements apply to the project, with a reasonable opportunity for such owner to cure such failure.

“(5) The Secretary may modify the terms of the second mortgage, assign the second mortgage to the

acquiring organization or agency, or forgive all or part of the second mortgage if the Secretary holds the second mortgage and if the project is acquired by a tenant organization or tenant-endorsed community-based nonprofit or public agency, pursuant to guidelines established by the Secretary.

“(6) The second mortgage under this section may be a first mortgage if no restructured or new first mortgage will meet the requirement of paragraph (1)(A).

“(b) RESTRUCTURING TOOLS.—In addition to the requirements of subsection (a) and to the extent these actions are consistent with this section and with the control of the Secretary of applicable accounts in the Treasury of the United States, an approved mortgage restructuring and rental assistance sufficiency plan under this subtitle may include one or more of the following actions:

“(1) FULL OR PARTIAL PAYMENT OF CLAIM.—Making a full payment of claim or partial payment of claim under section 541(b) of the National Housing Act [12 U.S.C. 1735f-19(b)], as amended by section 523(b) of this Act. Any payment under this paragraph shall not require the approval of a mortgagee.

“(2) REFINANCING OF DEBT.—Refinancing of all or part of the debt on a project. If the refinancing involves a mortgage that will continue to be insured under the National Housing Act [12 U.S.C. 1701 et seq.], the refinancing shall be documented through amendment of the existing insurance contract and not through a new insurance contract.

“(3) MORTGAGE INSURANCE.—Providing FHA multifamily mortgage insurance, reinsurance or other credit enhancement alternatives, including multifamily risk-sharing mortgage programs, as provided under section 542 of the Housing and Community Development Act of 1992 [Pub. L. 102-550, 12 U.S.C. 1707 note]. The Secretary shall use risk-shared financing under section 542(c) of the Housing and Community Development Act of 1992 for any mortgage restructuring, rehabilitation financing, or debt refinancing included as part of a mortgage restructuring and rental assistance sufficiency plan if the terms and conditions are considered to be the best available financing in terms of financial savings to the FHA insurance funds and will result in reduced risk of loss to the Federal Government. Any limitations on the number of units available for mortgage insurance under section 542 shall not apply to eligible multifamily housing projects. Any credit subsidy costs of providing mortgage insurance shall be paid from the Liquidating Accounts of the General Insurance Fund or the Special Risk Insurance Fund and shall not be subject to any limitation on appropriations.

“(4) CREDIT ENHANCEMENT.—Providing any additional State or local mortgage credit enhancements and risk-sharing arrangements that may be established with State or local housing finance agencies, the Federal Housing Finance Board, the Federal National Mortgage Association, and the Federal Home Loan Mortgage Corporation, to a modified or refinanced first mortgage.

“(5) COMPENSATION OF THIRD PARTIES.—Consistent with the portfolio restructuring agreement, entering into agreements, incurring costs, or making payments, including incentive agreements designed to reward superior performance in meeting the purposes of this Act, as may be reasonably necessary, to compensate the participation of participating administrative entities and other parties in undertaking actions authorized by this subtitle. Upon request to the Secretary, participating administrative entities that are qualified under the United States Housing Act of 1937 to serve as contract administrators shall be the contract administrators under section 8 of the United States Housing Act of 1937 [12 U.S.C. 1437f] for purposes of any contracts entered into as part of an approved mortgage restructuring and rental assistance sufficiency plan. Subject to the availability of amounts provided in advance in appropriations Acts for administrative fees under section 8 of the United

States Housing Act of 1937, such amounts may be used to compensate participating administrative entities for compliance monitoring costs incurred under section 519.

“(6) USE OF PROJECT ACCOUNTS.—Applying any residual receipts, replacement reserves, and any other project accounts not required for project operations, to maintain the long-term affordability and physical condition of the property or of other eligible multifamily housing projects. The participating administrative entity may expedite the acquisition of residual receipts, replacement reserves, or other such accounts, by entering into agreements with owners of housing covered by an expiring contract to provide an owner with a share of the receipts, not to exceed 10 percent, in accordance with guidelines established by the Secretary.

“(c) REHABILITATION NEEDS AND ADDITION OF SIGNIFICANT FEATURES.—

“(1) REHABILITATION NEEDS.—

“(A) IN GENERAL.—Rehabilitation may be paid from the residual receipts, replacement reserves, or any other project accounts not required for project operations, or, as provided in appropriations Acts and subject to the control of the Secretary of applicable accounts in the Treasury of the United States, from budget authority provided for increases in the budget authority for assistance contracts under section 8 of the United States Housing Act of 1937, the rehabilitation grant program established under section 236 of the National Housing Act [12 U.S.C. 1715z-1], as amended by section 531 of subtitle B of this Act, or through the debt restructuring transaction. Rehabilitation under this paragraph shall only be for the purpose of restoring the project to a non-luxury standard adequate for the rental market intended at the original approval of the project-based assistance.

“(B) CONTRIBUTION.—Each owner or purchaser of a project to be rehabilitated under an approved mortgage restructuring and rental assistance sufficiency plan shall contribute, from non-project resources, not less than 25 percent of the amount of rehabilitation assistance received, except that the participating administrative entity may provide an exception from the requirement of this subparagraph for housing cooperatives.

“(2) ADDITION OF SIGNIFICANT FEATURES.—

“(A) AUTHORITY.—An approved mortgage restructuring and rental assistance sufficiency plan may require the improvement of the project by the addition of significant features that are not necessary for rehabilitation to the standard provided under paragraph (1), such as air conditioning, an elevator, and additional community space. The Secretary shall establish guidelines regarding the inclusion of requirements regarding such additional significant features under such plans.

“(B) FUNDING.—Significant features added pursuant to an approved mortgage restructuring and rental assistance sufficiency plan may be paid from the funding sources specified in the first sentence of paragraph (1)(A).

“(C) LIMITATION ON OWNER CONTRIBUTION.—An owner of a project may not be required to contribute from non-project resources, toward the cost of any additional significant features required pursuant to this paragraph, more than 25 percent of the amount of any assistance received for the inclusion of such features.

“(D) APPLICABILITY.—This paragraph shall apply to all eligible multifamily housing projects, except projects for which the Secretary and the project owner executed a mortgage restructuring and rental assistance sufficiency plan on or before the date of the enactment of the Mark-to-Market Extension Act of 2001 [Jan. 10, 2002].

“(d) PROHIBITION ON EQUITY SHARING BY THE SECRETARY.—The Secretary is prohibited from participating in any equity agreement or profit-sharing agree-

ment in conjunction with any eligible multifamily housing project.

“(e) CONFLICT OF INTEREST GUIDELINES.—The Secretary may establish guidelines to prevent conflicts of interest by a participating administrative entity that provides, directly or through risk-sharing arrangements, any form of credit enhancement or financing pursuant to subsections [sic] (b)(3) or (b)(4) or to prevent conflicts of interest by any other person or entity under this subtitle.

“SEC. 518. MANAGEMENT STANDARDS.

“Each participating administrative entity shall establish management standards, including requirements governing conflicts of interest between owners, managers, contractors with an identity of interest, pursuant to guidelines established by the Secretary and consistent with industry standards.

“SEC. 519. MONITORING OF COMPLIANCE.

“(a) COMPLIANCE AGREEMENTS.—(1) Pursuant to regulations issued by the Secretary under section 522(a), each participating administrative entity, through binding contractual agreements with owners and otherwise, shall ensure long-term compliance with the provisions of this subtitle. Each agreement shall, at a minimum, provide for—

“(A) enforcement of the provisions of this subtitle; and

“(B) remedies for the breach of those provisions.

“(2) If the participating administrative entity is not qualified under the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.] to be a section 8 contract administrator or fails to perform its duties under the portfolio restructuring agreement, the Secretary shall have the right to enforce the agreement.

“(b) PERIODIC MONITORING.—

“(1) IN GENERAL.—Not less than annually, each participating administrative entity that is qualified to be the section 8 contract administrator shall review the status of all multifamily housing projects for which a mortgage restructuring and rental assistance sufficiency plan has been implemented.

“(2) INSPECTIONS.—Each review under this subsection shall include onsite inspection to determine compliance with housing codes and other requirements as provided in this subtitle and the portfolio restructuring agreements.

“(3) ADMINISTRATION.—If the participating administrative entity is not qualified under the United States Housing Act of 1937 to be a section 8 contract administrator, either the Secretary or a qualified State or local housing agency shall be responsible for the review required by this subsection.

“(c) AUDIT BY THE SECRETARY.—The Comptroller General of the United States, the Secretary, and the Inspector General of the Department of Housing and Urban Development may conduct an audit at any time of any multifamily housing project for which a mortgage restructuring and rental assistance sufficiency plan has been implemented.

“SEC. 520. REPORTS TO CONGRESS.

“(a) ANNUAL REVIEW.—In order to ensure compliance with this subtitle, the Secretary shall conduct an annual review and report to the Congress on actions taken under this subtitle and the status of eligible multifamily housing projects.

“(b) SEMIANNUAL REVIEW.—Not less than semiannually during the 2-year period beginning on the date of the enactment of this Act [Oct. 27, 1997] and not less than annually thereafter, the Secretary shall submit reports to the Committee on Financial Services of the House of Representatives and the Committee on Banking, Housing, and Urban Affairs of the Senate stating, for such periods, the total number of projects identified by participating administrative entities under each of clauses (i) and (ii) of section 515(c)(2)(C).

“SEC. 521. GAO AUDIT AND REVIEW.

“(a) INITIAL AUDIT.—Not later than 18 months after the effective date of final regulations promulgated

under this subtitle, the Comptroller General of the United States shall conduct an audit to evaluate eligible multifamily housing projects and the implementation of mortgage restructuring and rental assistance sufficiency plans.

“(b) REPORT.—

“(1) IN GENERAL.—Not later than 18 months after the audit conducted under subsection (a), the Comptroller General of the United States shall submit to Congress a report on the status of eligible multifamily housing projects and the implementation of mortgage restructuring and rental assistance sufficiency plans.

“(2) CONTENTS.—The report submitted under paragraph (1) shall include—

“(A) a description of the initial audit conducted under subsection (a); and

“(B) recommendations for any legislative action to increase the financial savings to the Federal Government of the restructuring of eligible multifamily housing projects balanced with the continued availability of the maximum number of affordable low-income housing units.

“SEC. 522. REGULATIONS.

“(a) RULEMAKING AND IMPLEMENTATION.—

“(1) INTERIM REGULATIONS.—The Director shall issue such interim regulations as may be necessary to implement this subtitle and the amendments made by this subtitle with respect to eligible multifamily housing projects covered by contracts described in section 512(2)(B) that expire in fiscal year 1999 or thereafter. If, before the expiration of such period, the Director has not been appointed, the Secretary shall issue such interim regulations.

“(2) FINAL REGULATIONS.—The Director shall issue final regulations necessary to implement this subtitle and the amendments made by this subtitle with respect to eligible multifamily housing projects covered by contracts described in section 512(2)(B) that expire in fiscal year 1999 or thereafter before the later of: (A) the expiration of the 12-month period beginning upon the date of the enactment of this Act [Oct. 27, 1997]; and (B) the 3-month period beginning upon the appointment of the Director under subtitle D.

“(3) FACTORS FOR CONSIDERATION.—Before the publication of the final regulations under paragraph (2), in addition to public comments invited in connection with publication of the interim rule, the Secretary shall—

“(A) seek recommendations on the implementation of sections 513(b) and 515(c)(1) from organizations representing—

“(i) State housing finance agencies and local housing agencies;

“(ii) other potential participating administering entities;

“(iii) tenants;

“(iv) owners and managers of eligible multifamily housing projects;

“(v) States and units of general local government; and

“(vi) qualified mortgagees; and

“(b) TRANSITION PROVISION FOR CONTRACTS EXPIRING IN FISCAL YEAR 1998.—Notwithstanding any other provision of law, the Secretary shall apply all the terms of section 211 and section 212 of the Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 1997 [Pub. L. 104-204, set out below] (except for section 212(h)(1)(G) and the limitation in section 212(k)) contracts for project-based assistance that expire during fiscal year 1998 (in the same manner that such provisions apply to expiring contracts defined in section 212(a)(3) of such Act), except that section 517(a) of the Act shall apply to mortgages on projects subject to such contracts.

“SEC. 524. RENEWAL OF EXPIRING PROJECT-BASED SECTION 8 CONTRACTS.

“(a) IN GENERAL.—

“(1) RENEWAL.—Subject to paragraph (2), upon termination or expiration of a contract for project-based assistance under section 8 for a multifamily housing project (and notwithstanding section 8(v) of the United States Housing Act of 1937 [42 U.S.C. 1437f] for loan management assistance), the Secretary shall, at the request of the owner of the project and to the extent sufficient amounts are made available in appropriation Acts, use amounts available for the renewal of assistance under section 8 of such Act to provide such assistance for the project. The assistance shall be provided under a contract having such terms and conditions as the Secretary considers appropriate, subject to the requirements of this section. This section shall not require contract renewal for a project that is eligible under this subtitle for a mortgage restructuring and rental assistance sufficiency plan, if there is no approved plan for the project and the Secretary determines that such an approved plan is necessary.

“(2) PROHIBITION ON RENEWAL.—Notwithstanding part 24 of title 24 of the Code of Federal Regulations, the Secretary may elect not to renew assistance for a project otherwise required to be renewed under paragraph (1) or provide comparable benefits under paragraph (1) or (2) of subsection (e) for a project described in either such paragraph, if the Secretary determines that a violation under paragraphs (1) through (4) of section 516(a) has occurred with respect to the project. For purposes of such a determination, the provisions of section 516 shall apply to a project under this section in the same manner and to the same extent that the provisions of such section apply to eligible multifamily housing projects, except that the Secretary shall make the determination under section 516(a)(4).

“(3) CONTRACT TERM FOR MARK-UP-TO-MARKET CONTRACTS.—In the case of an expiring or terminating contract that has rent levels less than comparable market rents for the market area, if the rent levels under the renewal contract under this section are equal to comparable market rents for the market area, the contract shall have a term of not less than 5 years, subject to the availability of sufficient amounts in appropriation Acts.

“(4) RENEWAL RENTS.—Except as provided in subsection (b), the contract for assistance shall provide assistance at the following rent levels:

“(A) MARKET RENTS.—At the request of the owner of the project, at rent levels equal to the lesser of comparable market rents for the market area or 150 percent of the fair market rents, in the case only of a project that—

“(i) has rent levels under the expiring or terminating contract that do not exceed such comparable market rents;

“(ii) does not have a low- and moderate-income use restriction that can not be eliminated by unilateral action by the owner;

“(iii) is decent, safe, and sanitary housing, as determined by the Secretary;

“(iv) is not—

“(I) owned by a nonprofit entity;

“(II) subject to a contract for moderate rehabilitation assistance under section 8(e)(2) of the United States Housing Act of 1937, as in effect before October 1, 1991; or

“(III) a project for which the public housing agency provided voucher assistance to one or more of the tenants after the owner has provided notice of termination of the contract covering the tenant's unit; and

“(v) has units assisted under the contract for which the comparable market rent exceeds 110 percent of the fair market rent.

The Secretary may adjust the percentages of fair market rent (as specified in the matter preceding clause (i) and in clause (v)), but only upon a determination and written notification to the Congress within 10 days of making such determination, that such adjustment is necessary to ensure that this subparagraph covers projects with a high risk of nonrenewal of expiring contracts for project-based assistance.

“(B) REDUCTION TO MARKET RENTS.—In the case of a project that has rent levels under the expiring or terminating contract that exceed comparable market rents for the market area, at rent levels equal to such comparable market rents.

“(C) RENTS NOT EXCEEDING MARKET RENTS.—In the case of a project that is not subject to subparagraph (A) or (B), at rent levels that—

“(i) are not less than the existing rents under the terminated or expiring contract, as adjusted by an operating cost adjustment factor established by the Secretary (which shall not result in a negative adjustment), if such adjusted rents do not exceed comparable market rents for the market area; and

“(ii) do not exceed comparable market rents for the market area.

In determining the rent level for a contract under this subparagraph, the Secretary shall approve rents sufficient to cover budget-based cost increases and shall give greater consideration to providing rent at a level up to comparable market rents for the market area based on the number of the criteria under clauses (i) through (iii) of subparagraph (D) that the project meets. Notwithstanding any other provision of law, the Secretary shall include in such budget-based cost increases costs relating to the project as a whole (including costs incurred with respect to units not covered by the contract for assistance), but only (I) if inclusion of such costs is requested by the owner or purchaser of the project, (II) if inclusion of such costs will permit capital repairs to the project or acquisition of the project by a nonprofit organization, and (III) to the extent that inclusion of such costs (or a portion thereof) complies with the requirement under clause (ii).

“(D) WAIVER OF 150 PERCENT LIMITATION.—Notwithstanding subparagraph (A), at rent levels up to comparable market rents for the market area, in the case of a project that meets the requirements under clauses (i) through (v) of subparagraph (A) and—

“(i) has residents who are a particularly vulnerable population, as demonstrated by a high percentage of units being rented to elderly families, disabled families, or large families;

“(ii) is located in an area in which tenant-based assistance would be difficult to use, as demonstrated by a low vacancy rate for affordable housing, a high turnback rate for vouchers, or a lack of comparable rental housing; or

“(iii) is a high priority for the local community, as demonstrated by a contribution of State or local funds to the property.

In determining the rent level for a contract under this subparagraph, the Secretary shall approve

rents sufficient to cover budget-based cost increases and shall give greater consideration to providing rent at a level up to comparable market rents for the market area based on the number of the criteria under clauses (i) through (iv) that the project meets.

“(5) COMPARABLE MARKET RENTS AND COMPARISON WITH FAIR MARKET RENTS.—The Secretary shall prescribe the method for determining comparable market rent by comparison with rents charged for comparable properties (as such term is defined in section 512), which may include appropriate adjustments for utility allowances and adjustments to reflect the value of any subsidy (other than section 8 assistance) provided by the Department of Housing and Urban Development.

“(b) EXCEPTION RENTS.—

“(1) RENEWAL.—In the case of a multifamily housing project described in paragraph (2), pursuant to the request of the owner of the project, the contract for assistance for the project pursuant to subsection (a) shall provide assistance at the lesser of the following rent levels:

“(A) ADJUSTED EXISTING RENTS.—The existing rents under the expiring contract, as adjusted by an operating cost adjustment factor established by the Secretary (which shall not result in a negative adjustment).

“(B) BUDGET-BASED RENTS.—Subject to a determination by the Secretary that a rent level under this subparagraph is appropriate for a project, a rent level that provides income sufficient to support a budget-based rent (including a budget-based rent adjustment if justified by reasonable and expected operating expenses).

“(2) PROJECTS COVERED.—A multifamily housing project described in this paragraph is a multifamily housing project that—

“(A) is not an eligible multifamily housing project under section 512(2); or

“(B) is exempt from mortgage restructuring under this subtitle pursuant to section 514(h).

“(3) MODERATE REHABILITATION PROJECTS.—In the case of a project with a contract under the moderate rehabilitation program, other than a moderate rehabilitation contract under section 441 of the McKinney-Vento Homeless Assistance Act [42 U.S.C. 11401], pursuant to the request of the owner of the project, the contract for assistance for the project pursuant to subsection (a) shall provide assistance at the lesser of the following rent levels:

“(A) ADJUSTED EXISTING RENTS.—The existing rents under the expiring contract, as adjusted by an operating cost adjustment factor established by the Secretary (which shall not result in a negative adjustment).

“(B) FAIR MARKET RENTS.—Fair market rents (less any amounts allowed for tenant-purchased utilities).

“(C) MARKET RENTS.—Comparable market rents for the market area.

“(c) RENT ADJUSTMENTS AFTER RENEWAL OF CONTRACT.—

“(1) REQUIRED.—After the initial renewal of a contract for assistance under section 8 of the United States Housing Act of 1937 [42 U.S.C. 1437f] pursuant to subsection (a), (b)(1), or (e)(2), the Secretary shall annually adjust the rents using an operating cost adjustment factor established by the Secretary (which shall not result in a negative adjustment) or, upon the request of the owner and subject to approval of the Secretary, on a budget basis. In the case of projects with contracts renewed pursuant to subsection (a) or pursuant to subsection (e)(2) at rent levels equal to comparable market rents for the market area, at the expiration of each 5-year period, the Secretary shall compare existing rents with comparable market rents for the market area and may make any adjustments in the rent necessary to maintain the contract rents at a level not greater than

comparable market rents or to increase rents to comparable market rents.

“(2) DISCRETIONARY.—In addition to review and adjustment required under paragraph (1), in the case of projects with contracts renewed pursuant to subsection (a) or pursuant to subsection (e)(2) at rent levels equal to comparable market rents for the market area, the Secretary may, at the discretion of the Secretary but only once within each 5-year period referred to in paragraph (1), conduct a comparison of rents for a project and adjust the rents accordingly to maintain the contract rents at a level not greater than comparable market rents or to increase rents to comparable market rents.

“(d) ENHANCED VOUCHERS UPON CONTRACT EXPIRATION.—

“(1) IN GENERAL.—In the case of a contract for project-based assistance under section 8 for a covered project that is not renewed under subsection (a) or (b) of this section (or any other authority), to the extent that amounts for assistance under this subsection are provided in advance in appropriation Acts, upon the date of the expiration of such contract the Secretary shall make enhanced voucher assistance under section 8(t) of the United States Housing Act of 1937 (42 U.S.C. 1437f(t)) available on behalf of each low-income family who, upon the date of such expiration, is residing in an assisted dwelling unit in the covered project.

“(2) DEFINITIONS.—For purposes of this subsection, the following definitions shall apply:

“(A) ASSISTED DWELLING UNIT.—The term ‘assisted dwelling unit’ means a dwelling unit that—

“(i) is in a covered project; and

“(ii) is covered by rental assistance provided under the contract for project-based assistance for the covered project.

“(B) COVERED PROJECT.—The term ‘covered project’ means any housing that—

“(i) consists of more than four dwelling units;

“(ii) is covered in whole or in part by a contract for project-based assistance under—

which contract will (under its own terms) expire during the period consisting of fiscal years 2000 through 2004; and

“(iii) is not housing for which residents are eligible for enhanced voucher assistance as provided, pursuant to the ‘Preserving Existing Housing Investment’ account in the Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 1997 (Public Law 104-204; 110 Stat. 2884) or any other subsequently enacted provision of law, in lieu of any benefits under section 223 of the Low-Income Housing Preservation and Resident Homeownership Act of 1990 (12 U.S.C. 4113).

“(4) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated for each of fiscal years 2000, 2001, 2002, 2003, and 2004 such sums as may be necessary for enhanced voucher assistance under this subsection.

“(e) CONTRACTUAL COMMITMENTS UNDER PRESERVATION LAWS.—Except as provided in subsection (a)(2) and notwithstanding any other provision of this subtitle, the following shall apply:

“(1) PRESERVATION PROJECTS.—Upon expiration of a contract for assistance under section 8 [42 U.S.C. 1437f] for a project that is subject to an approved plan of action under the Emergency Low Income Housing Preservation Act of 1987 (12 U.S.C. 1715f note) or the Low-Income Housing Preservation and Resident Homeownership Act of 1990 (12 U.S.C. 4101 et seq.), to the extent amounts are specifically made available in appropriation Acts, the Secretary shall provide to the owner benefits comparable to those provided under such plan of action, including distributions, rent increase procedures, and duration of low-income affordability restrictions. This paragraph shall apply to projects with contracts expiring before, on, or after the date of the enactment of this section [Oct. 27, 1997].

“(2) DEMONSTRATION PROJECTS.—

“(A) IN GENERAL.—Upon expiration of a contract for assistance under section 8 for a project entered into pursuant to any authority specified in subparagraph (B) for which the Secretary determines that debt restructuring is inappropriate, the Secretary shall, at the request of the owner of the project and to the extent sufficient amounts are made available in appropriation Acts, provide benefits to the owner comparable to those provided under such contract, including annual distributions, rent increase procedures, and duration of low-income affordability restrictions. This paragraph shall apply to projects with contracts expiring before, on, or after the date of the enactment of this section [Oct. 27, 1997].

“(B) DEMONSTRATION PROGRAMS.—The authority specified in this subparagraph is the authority under—

“(i) section 210 of the Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 1996 (Public Law 104-134; 110 Stat. 1321-285; 42 U.S.C. 1437f note);

“(f) PREEMPTION OF CONFLICTING STATE LAWS LIMITING DISTRIBUTIONS.—

“(1) IN GENERAL.—Except as provided in paragraph (2), no State or political subdivision of a State may establish, continue in effect, or enforce any law or regulation that limits or restricts, to an amount that is less than the amount provided for under the regulations of the Secretary establishing allowable

project distributions to provide a return on investment, the amount of surplus funds accruing after the date of the enactment of this section [Oct. 27, 1997] that may be distributed from any multifamily housing project assisted under a contract for rental assistance renewed under any provision of this section (except subsection (b)) to the owner of the project.

“(2) EXCEPTION AND WAIVER.—Paragraph (1) shall not apply to any law or regulation to the extent such law or regulation applies to—

“(A) a State-financed multifamily housing project; or

“(B) a multifamily housing project for which the owner has elected to waive the applicability of paragraph (1).

“(g) APPLICABILITY.—Except to the extent otherwise specifically provided in this section, this section shall apply with respect to any multifamily housing project having a contract for project-based assistance under section 8 [42 U.S.C. 1437f] that terminates or expires during fiscal year 2000 or thereafter.

“SEC. 525. CONSISTENCY OF RENT LEVELS UNDER ENHANCED VOUCHER ASSISTANCE AND RENT RESTRUCTURING.

“(a) IN GENERAL.—The Secretary shall examine the standards and procedures for determining and establishing the rent standards described under subsection (b). Pursuant to such examination, the Secretary shall establish procedures and guidelines that are designed to ensure that the amounts determined by the various rent standards for the same dwelling units are reasonably consistent and reflect rents for comparable assisted units in the same area as such dwelling units.

“(b) RENT STANDARDS.—The rent standards described in this subsection are as follows:

“(ii) ACCUMULATED RESIDUAL RECEIPTS.—The Secretary or designee may require an owner of a

property assisted under the section 8 new construction/substantial rehabilitation program under the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.] to apply any accumulated residual receipts toward effecting the purposes of this section.

“(B) REINSURANCE.—With respect to not more than 5,000 units within the demonstration during fiscal year 1997, the Secretary may enter into contracts to purchase reinsurance, or enter into participations or otherwise transfer economic interest in contracts of insurance or in the premiums paid, or due to be paid, on such insurance, on such terms and conditions as the Secretary may determine. Any contract entered into under this paragraph shall require that any associated units be maintained as low-income units for the life of the mortgage, unless waived by the Secretary for good cause.

“(C) PARTICIPATION BY THIRD PARTIES.—The Secretary or designee may enter into such agreements, provide such concessions, incur such costs, make such grants (including grants to cover all or a portion of the rehabilitation costs for a project) and other payments, and provide other valuable consideration as may reasonably be necessary for owners, lenders, servicers, third parties, and other entities to participate in the demonstration program. The Secretary may establish performance incentives for designees.

“(D) SECTION 8 ADMINISTRATIVE FEES.—Notwithstanding any other provision of law, the Secretary may make fees available from the section 8 contract renewal appropriation to a designee for contract administration under section 8 of the United States Housing Act of 1937 [42 U.S.C. 1437f] for purposes of any contract restructured or renewed under the demonstration program.

Any limitations on the number of units available for mortgage insurance under section 542 shall not apply to insurance issued for purposes of the demonstration program.

The Secretary may establish a preference under the demonstration program for budget-based rents for unique housing projects, such as projects designated for occupancy by elderly families and projects in rural areas.

Section 8 tenant-based assistance may only be provided where the Secretary determines and certifies that there is adequate available and affordable housing within the local area and that tenants will be able to use the section 8 tenant-based assistance successfully.

“(2) OFFER AND ACCEPTANCE.—Notwithstanding any other provision of law, an owner of a project in the demonstration must accept any reasonable offer made by the Secretary or a designee under this subsection. under this subsection or under section 1437l of this title (as in effect before the effective date under section 503(a) of the Quality Housing and Work Responsibility Act of 1998) shall be maintained and operated under the terms and conditions applicable to public housing during the 20-year period that begins on the latest date on which modernization is completed.

(C) Applicability of latest expiration date

Public housing subject to this paragraph or to any other provision of law mandating the operation of the housing as public housing or under the terms and conditions applicable to public housing for a specified length of time, shall be maintained and operated as required until the latest such expiration date.

(e) Operating Fund

(1) In general

The Secretary shall establish an Operating Fund for the purpose of making assistance available to public housing agencies for the operation and management of public housing, including—

(A) procedures and systems to maintain and ensure the efficient management and operation of public housing units (including amounts sufficient to pay for the reasonable costs of review by an independent auditor of the documentation or other information maintained pursuant to section 1437d(j)(6) of this title by a public housing agency or resident management corporation to substantiate the performance of that agency or corporation);

(B) activities to ensure a program of routine preventative maintenance;

(C) anticrime and antidrug activities, including the costs of providing adequate security for public housing residents, including above-baseline police service agreements;

(D) activities related to the provision of services, including service coordinators for elderly persons or persons with disabilities;

(E) activities to provide for management and participation in the management and policymaking of public housing by public housing residents;

(F) the costs of insurance;

(G) the energy costs associated with public housing units, with an emphasis on energy conservation;

(H) the costs of administering a public housing work program under section 1437j of this title, including the costs of any related insurance needs;

(I) the costs of repaying, together with rent contributions, debt incurred to finance the rehabilitation and development of public housing units, which shall be subject to such reasonable requirements as the Secretary may establish;

(J) the costs associated with the operation and management of mixed finance projects, to the extent appropriate; and

(K) the costs of operating computer centers in public housing through a Neighborhood Networks initiative described in sub-

section (d)(1)(E) of this section, and of activities related to that initiative.

(2) Formula

(A) In general

The Secretary shall establish a formula for determining the amount of assistance provided to public housing agencies from the Operating Fund for a fiscal year. The formula may take into account—

(i) standards for the costs of operating and reasonable projections of income, taking into account the characteristics and locations of the public housing projects and characteristics of the families served and to be served (including the incomes of the families), or the costs of providing comparable services as determined in accordance with criteria or a formula representing the operations of a prototype well-managed public housing project;

(ii) the number of public housing dwelling units owned, assisted, or operated by the public housing agency;

(iii) the number of public housing dwelling units owned, assisted, or operated by the public housing agency that are chronically vacant and the amount of assistance appropriate for those units;

(iv) to the extent quantifiable, the extent to which the public housing agency provides programs and activities designed to promote the economic self-sufficiency and management skills of public housing residents;

(v) the need of the public housing agency to carry out anti-crime and anti-drug activities, including providing adequate security for public housing residents;

(vi) the amount of public housing rental income foregone by the public housing agency as a result of escrow savings accounts under section 1437u(d)(2) of this title for families participating in a family self-sufficiency program of the agency under such section 1437u of this title; and

(vii) any other factors that the Secretary determines to be appropriate.

(B) Incentive to increase certain rental income

The formula shall provide an incentive to encourage public housing agencies to facilitate increases in earned income by families in occupancy. Any such incentive shall provide that the agency shall benefit from increases in such rental income and that such amounts accruing to the agency pursuant to such benefit may be used only for low-income housing or to benefit the residents of the public housing agency.

(C) Treatment of savings

The treatment of utility and waste management costs under the formula shall provide that a public housing agency shall receive the full financial benefit from any reduction in the cost of utilities or waste management resulting from any contract with a third party to undertake energy conservation improvements in one or more of its public housing projects.

(3) Condition on use

No portion of any public housing project operated using amounts provided under this subsection, or under this section as in effect before the effective date under section 503(a) of the Quality Housing and Work Responsibility Act of 1998, may be disposed of before the expiration of the 10-year period beginning upon the conclusion of the fiscal year for which such amounts were provided, except as otherwise provided in this chapter.

(f) Negotiated rulemaking procedure

The formulas under subsections (d)(2) and (e)(2) of this section shall be developed according to procedures for issuance of regulations under the negotiated rulemaking procedure under subchapter III of chapter 5 of title 5.

(g) Limitations on use of funds**(1) Flexibility for Capital Fund amounts**

Of any amounts appropriated for fiscal year 2000 or any fiscal year thereafter that are allocated for fiscal year 2000 or any fiscal year thereafter from the Capital Fund for any public housing agency, the agency may use not more than 20 percent for activities that are eligible under subsection (e) of this section for assistance with amounts from the Operating Fund, but only if the public housing agency plan for the agency provides for such use.

(2) Full flexibility for small PHAs

Of any amounts allocated for any fiscal year for any public housing agency that owns or operates less than 250 public housing dwelling units, is not designated pursuant to section 1437d(j)(2) of this title as a troubled public housing agency, and (in the determination of the Secretary) is operating and maintaining its public housing in a safe, clean, and healthy condition, the agency may use any such amounts for any eligible activities under subsections (d)(1) and (e)(1) of this section, regardless of the fund from which the amounts were allocated and provided. This subsection shall take effect on October 21, 1998.

(3) Limitation on new construction**(A) In general**

Except as provided in subparagraphs (B) and (C), a public housing agency may not use any of the amounts allocated for the agency from the Capital Fund or Operating Fund for the purpose of constructing any public housing unit, if such construction would result in a net increase from the number of public housing units owned, assisted, or operated by the public housing agency on October 1, 1999, including any public housing units demolished as part of any revitalization effort.

(B) Exception regarding use of assistance

A public housing agency may use amounts allocated for the agency from the Capital Fund or Operating Fund for the construction and operation of housing units that are available and affordable to low-income families in excess of the limitations on new construction set forth in subparagraph (A), but the formulas established under subsections (d)(2) and (e)(2) of this section shall not pro-

vide additional funding for the specific purpose of allowing construction and operation of housing in excess of those limitations (except to the extent provided in subparagraph (C)).

(C) Exception regarding formulas

Subject to reasonable limitations set by the Secretary, the formulas established under subsections (d)(2) and (e)(2) of this section may provide additional funding for the operation and modernization costs (but not the initial development costs) of housing in excess of amounts otherwise permitted under this paragraph, and such amounts may be so used, if—

(i) such units are part of a mixed-finance project or otherwise leverage significant additional private or public investment; and

(ii) the estimated cost of the useful life of the project is less than the estimated cost of providing tenant-based assistance under section 1437f(o) of this title for the same period of time.

(h) Technical assistance

To the extent amounts are provided in advance in appropriations Acts, the Secretary may make grants or enter into contracts or cooperative agreements in accordance with this subsection for purposes of providing, either directly or indirectly—

(1) technical assistance to public housing agencies, resident councils, resident organizations, and resident management corporations, including assistance relating to monitoring and inspections;

(2) training for public housing agency employees and residents;

(3) data collection and analysis;

(4) training, technical assistance, and education to public housing agencies that are—

(A) at risk of being designated as troubled under section 1437d(j) of this title, to assist such agencies from being so designated; and

(B) designated as troubled under section 1437d(j) of this title, to assist such agencies in achieving the removal of that designation;

(5) contract expertise;

(6) training and technical assistance to assist in the oversight and management of public housing or tenant-based assistance;

(7) clearinghouse services in furtherance of the goals and activities of this subsection; and

(8) assistance in connection with the establishment and operation of computer centers in public housing through a Neighborhood Networks initiative described in subsection (d)(1)(E) of this section.

As used in this subsection, the terms “training” and “technical assistance” shall include training or technical assistance and the cost of necessary travel for participants in such training or technical assistance, by or to officials and employees of the Department and of public housing agencies, and to residents and to other eligible grantees.

(i) Eligibility of units acquired from proceeds of sales under demolition or disposition plan

If a public housing agency uses proceeds from the sale of units under a homeownership program in accordance with section 1437z-4 of this title to acquire additional units to be sold to low-income families, the additional units shall be counted as public housing for purposes of determining the amount of the allocation to the agency under this section until sale by the agency, but in no case longer than 5 years.

(j) Penalty for slow expenditure of capital funds**(1) Obligation of amounts**

Except as provided in paragraph (4) and subject to paragraph (2), a public housing agency shall obligate any assistance received under this section not later than 24 months after, as applicable—

(A) the date on which the funds become available to the agency for obligation in the case of modernization; or

(B) the date on which the agency accumulates adequate funds to undertake modernization, substantial rehabilitation, or new construction of units.

(2) Extension of time period for obligation

The Secretary—

(A) may, extend the time period under paragraph (1) for a public housing agency, for such period as the Secretary determines to be necessary, if the Secretary determines that the failure of the agency to obligate assistance in a timely manner is attributable to—

- (i) litigation;
- (ii) obtaining approvals of the Federal Government or a State or local government;
- (iii) complying with environmental assessment and abatement requirements;
- (iv) relocating residents;
- (v) an event beyond the control of the public housing agency; or
- (vi) any other reason established by the Secretary by notice published in the Federal Register;

(B) shall disregard the requirements of paragraph (1) with respect to any unobligated amounts made available to a public housing agency, to the extent that the total of such amounts does not exceed 10 percent of the original amount made available to the public housing agency; and

(C) may, with the prior approval of the Secretary, extend the time period under paragraph (1), for an additional period not to exceed 12 months, based on—

- (i) the size of the public housing agency;
- (ii) the complexity of capital program of the public housing agency;
- (iii) any limitation on the ability of the public housing agency to obligate the amounts allocated for the agency from the Capital Fund in a timely manner as a result of State or local law; or
- (iv) such other factors as the Secretary determines to be relevant.

(3) Effect of failure to comply**(A) Prohibition of new assistance**

A public housing agency shall not be awarded assistance under this section for any month during any fiscal year in which the public housing agency has funds unobligated in violation of paragraph (1) or (2).

(B) Withholding of assistance

During any fiscal year described in subparagraph (A), the Secretary shall withhold all assistance that would otherwise be provided to the public housing agency. If the public housing agency cures its failure to comply during the year, it shall be provided with the share attributable to the months remaining in the year.

(C) Redistribution

The total amount of any funds not provided public housing agencies by operation of this paragraph shall be allocated for agencies determined under section 1437d(j) of this title to be high-performing.

(4) Exception to obligation requirements**(A) In general**

Subject to subparagraph (B), if the Secretary has consented, before the effective date under section 503(a) of the Quality Housing and Work Responsibility Act of 1998, to an obligation period for any agency longer than provided under paragraph (1), a public housing agency that obligates its funds before the expiration of that period shall not be considered to be in violation of paragraph (1).

(B) Prior fiscal years

Notwithstanding subparagraph (A), any funds appropriated to a public housing agency for fiscal year 1997 or prior fiscal years shall be fully obligated by the public housing agency not later than September 30, 1999.

(5) Expenditure of amounts**(A) In general**

A public housing agency shall spend any assistance received under this section not later than 4 years (plus the period of any extension approved by the Secretary under paragraph (2)) after the date on which funds become available to the agency for obligation.

(B) Enforcement

The Secretary shall enforce the requirement of subparagraph (A) through default remedies up to and including withdrawal of the funding.

(6) Right of recapture

Any obligation entered into by a public housing agency shall be subject to the right of the Secretary to recapture the obligated amounts for violation by the public housing agency of the requirements of this subsection.

(k) Emergency reserve and use of amounts**(1) Set-asides**

In each fiscal year after fiscal year 1999, the Secretary shall set aside, for use in accordance

with this subsection, not more than 2 percent of the total amount made available to carry out this section for such fiscal year. In addition to amounts set aside under the preceding sentence, in each fiscal year the Secretary may set from the total amount made available to carry out this section for such fiscal year not more than \$20,000,000 for the Operation Safe Home program administered by the Office of the Inspector General of the Department of Housing and Urban Development, for law enforcement efforts to combat violent crime on or near the premises of public and federally assisted housing.

(2) Use of funds

(5) Publication

The Secretary shall publish the use of any amounts allocated under this subsection relating to emergencies (other than disasters and housing needs resulting from any settlement of litigation) in the Federal Register.

(l) Treatment of nonrental income

A public housing agency that receives income from nonrental sources (as determined by the Secretary) may retain and use such amounts without any decrease in the amounts received under this section from the Capital or Operating Fund. Any such nonrental amounts retained shall be used only for low-income housing or to benefit the residents assisted by the public housing agency.

(m) Provision of only capital or operating assistance

(1) Authority

In appropriate circumstances, as determined by the Secretary, a public housing agency may commit capital assistance only, or operating assistance only, for public housing units, which assistance shall be subject to all of the requirements applicable to public housing except as otherwise provided in this subsection.

(2) Exemptions

In the case of any public housing unit assisted pursuant to the authority under paragraph (1), the Secretary may, by regulation, reduce the period under subsection (d)(3) or (e)(3) of this section, as applicable, during which such units must be operated under requirements applicable to public housing. In cases in which there is commitment of operating assistance but no commitment of capital assistance, the Secretary may make section 8 [42 U.S.C. 1437f] requirements applicable, as appropriate, by regulation.

(2) Decreases in income for failure to comply**(A) In general**

Notwithstanding the provisions of section 1437a(a) of this title (relating to family rental contributions) or paragraph (4) or (5) of section 1437a(b) of this title (relating to definition of income and adjusted income), if the welfare or public assistance benefits of a covered family are reduced under a Federal, State, or local law regarding such an assistance program because of any failure of any member of the family to comply with the conditions under the assistance program requiring participation in an economic self-sufficiency program or imposing a work activities requirement, the amount required to be paid by the family as a monthly contribution toward rent may not be decreased, during the period of the reduction, as a result of any decrease in the income of the family (to the extent that the decrease in income is a result of the benefits reduction).

(B) No reduction based on time limit for assistance

For purposes of this paragraph, a reduction in benefits as a result of the expiration of a lifetime time limit for a family receiving welfare or public assistance benefits shall not be considered to be a failure to comply with the conditions under the assistance program requiring participation in an economic self-sufficiency program or imposing a work activities requirement. This paragraph shall apply beginning on October 21, 1998.

(4) Notice

Paragraphs (2) and (3) shall not apply to any covered family before the public housing agency providing assistance under this chapter on behalf of the family obtains written notification from the relevant welfare or public assistance agency specifying that the family’s benefits have been reduced because of noncompliance with economic self-sufficiency program or work activities requirements or fraud, and the level of such reduction.

(5) Occupancy rights

A public housing agency shall incorporate into leases under section 1437d(l) of this title and into agreements for the provision of tenant-based assistance under section 1437f of this title, provisions incorporating the conditions under subsection (d) of this section.

(f) Treatment of income

Notwithstanding any other provision of this section, in determining the income of a family who resides in public housing or receives tenant-based assistance under section 1437f of this title, a public housing agency shall consider any decrease in the income of a family that results from the reduction of any welfare or public assistance benefits received by the family under any Federal, State, or local law regarding a program for such assistance if the family (or a member thereof, as applicable) has complied with the conditions for receiving such assistance and is unable to obtain employment notwithstanding such compliance.

(g) Definition

§ 1437n. Eligibility for assisted housing

(a) Income eligibility for public housing

(1) Income mix within projects

A public housing agency may establish and utilize income-mix criteria for the selection of residents for dwelling units in public housing projects, subject to the requirements of this section.

(2) PHA income mix

(A)¹ TARGETING.—Except as provided in paragraph (4), of the public housing dwelling units of a public housing agency made available for occupancy in any fiscal year by eligible families, not less than 40 percent shall be occupied by families whose incomes at the time of commencement of occupancy do not exceed 30 percent of the area median income, as determined by the Secretary with adjustments for smaller and larger families; except that the Secretary may establish income ceilings higher or lower than 30 percent of the area median income on the basis of the Secretary’s findings that such variations are necessary because of unusually high or low family incomes.

(3) Prohibition of concentration of low-income families

(A) Prohibition

A public housing agency may not, in complying with the requirements under paragraph (2), concentrate very low-income families (or other families with relatively low incomes) in public housing dwelling units in certain public housing projects or certain buildings within projects. The Secretary shall review the income and occupancy characteristics of the public housing projects and the buildings of such projects of such agen-

cies to ensure compliance with the provisions of this paragraph and paragraph (2).

(B) Deconcentration

(i) In general

A public housing agency shall submit with its annual public housing agency plan under section 1437c-1 of this title an admissions policy designed to provide for deconcentration of poverty and income-mixing by bringing higher income tenants into lower income projects and lower income tenants into higher income projects. This clause may not be construed to impose or require any specific income or racial quotas for any project or projects.

(ii) Incentives

In implementing the policy under clause (i), a public housing agency may offer incentives for eligible families having higher incomes to occupy dwelling unit in projects predominantly occupied by eligible families having lower incomes, and provide for occupancy of eligible families having lower incomes in projects predominantly occupied by eligible families having higher incomes.

(iii) Family choice

Incentives referred to in clause (ii) may be made available by a public housing agency only in a manner that allows for the eligible family to have the sole discretion in determining whether to accept the incentive and an agency may not take any adverse action toward any eligible family for choosing not to accept an incentive and occupancy of a project described in clause (i)(II).² *Provided*, That the skipping of a family on a waiting list to reach another family to implement the policy under clause (i) shall not be considered an adverse action. An agency implementing an admissions policy under this subparagraph shall implement the policy in a manner that does not prevent or interfere with the use of site-based waiting lists authorized under section 1437d(s)³ of this title.

(4) Fungibility with tenant-based assistance

(A) Authority

Except as provided under subparagraph (D), the number of public housing dwelling units that a public housing agency shall otherwise make available in accordance with paragraph (2)(A) to comply with the percentage requirement under such paragraph for a fiscal year shall be reduced by the credit number for the agency under subparagraph (B).

(B) Credit for exceeding tenant-based assistance targeting requirement

Subject to subparagraph (C), the credit number under this subparagraph for a public housing agency for a fiscal year shall be the number by which—

(i) the aggregate number of qualified families who, in such fiscal year, are ini-

tially provided tenant-based assistance under section 1437f of this title by the agency; exceeds

(ii) the number of qualified families that is required for the agency to comply with the percentage requirement under subsection (b)(1) of this section for such fiscal year.

(C) Limitations on credit number

The credit number under subparagraph (B) for a public housing agency for a fiscal year may not in any case exceed the lesser of—

(i) the number of dwelling units that is equivalent to 10 percent of the aggregate number of families initially provided tenant-based assistance under section 1437f of this title by the agency in such fiscal year; or

(ii) the number of public housing dwelling units of the agency that—

(I) are in projects that are located in census tracts having a poverty rate of 30 percent or more; and

(II) are made available for occupancy during such fiscal year and are actually filled only by families whose incomes at the time of commencement of such occupancy exceed 30 percent of the area median income, as determined by the Secretary with adjustments for smaller and larger families.

(D) Fungibility floor

Notwithstanding any authority under subparagraph (A), of the public housing dwelling units of a public housing agency made available for occupancy in any fiscal year by eligible families, not less than 30 percent shall be occupied by families whose incomes at the time of commencement of occupancy do not exceed 30 percent of the area median income, as determined by the Secretary with adjustments for smaller and larger families.

(E) Qualified family

For purposes of this paragraph, the term “qualified family” means a family having an income described in subsection (b)(1) of this section.

(b) Income eligibility for tenant-based section 1437f assistance

(1) In general

Of the families initially provided tenant-based assistance under section 1437f of this title by a public housing agency in any fiscal year, not less than 75 percent shall be families whose incomes do not exceed 30 percent of the area median income, as determined by the Secretary with adjustments for smaller and larger families; except that the Secretary may establish income ceilings higher or lower than 30 percent of the area median income on the basis of the Secretary’s findings that such variations are necessary because of unusually high or low family incomes.

(2) Jurisdictions served by multiple PHAs

In the case of any 2 or more public housing agencies that administer tenant-based assistance under section 1437f of this title with re-

spect solely to identical geographical areas, such agencies shall be treated as a single public housing agency for purposes of paragraph (1).

(c) Income eligibility for project-based section 1437f assistance

(1) Pre-1981 act projects

Not more than 25 percent of the dwelling units that were available for occupancy under section 8 [42 U.S.C. 1437f] housing assistance payments contracts under this chapter before October 1, 1981, and which will be leased on or after October 1, 1981, shall be available for leasing by low-income families other than very low-income families.

(2) Post-1981 act projects

Not more than 15 percent of the dwelling units which become available for occupancy under section 8 [42 U.S.C. 1437f] housing assistance payments contracts under this chapter on or after October 1, 1981, shall be available for leasing by low-income families other than very low-income families.

(3) Targeting

For each project assisted under a contract for project-based assistance, of the dwelling units that become available for occupancy in any fiscal year that are assisted under the contract, not less than 40 percent shall be available for leasing only by families whose incomes at the time of commencement of occupancy do not exceed 30 percent of the area median income, as determined by the Secretary with adjustments for smaller and larger families; except that the Secretary may establish income ceilings higher or lower than 30 percent of the area median income on the basis of the Secretary's findings that such variations are necessary because of unusually high or low family incomes.

(4) Prohibition of skipping

In developing admission procedures implementing paragraphs (1), (2), and (3), the Secretary shall prohibit project owners from selecting families for residence in an order different from the order on the waiting list for the purpose of selecting relatively higher income families for residence. Nothing in this paragraph or this subsection may be construed to prevent an owner of housing assisted under a contract for project-based assistance from establishing a preference for occupancy in such housing for families containing a member who is employed.

(5) Exception

The limitations established in paragraphs (1), (2), and (3) shall not apply to dwelling units made available under project-based contracts under section 1437f of this title for the purpose of preventing displacement, or ameliorating the effects of displacement.

(6) Definition

For purposes of this subsection, the term "project-based assistance" means assistance under any of the following programs:

1437f(b)(2) of this title (as in effect before October 1, 1983).

(B) The property disposition program under section 1437f(b) of this title (as in effect before the effective date under section 503(a) of the Quality Housing and Work Responsibility Act of 1998).

§ 1437p. Demolition and disposition of public housing

(a) Applications for demolition and disposition

Except as provided in subsection (b) of this section, upon receiving an application by a public housing agency for authorization, with or without financial assistance under this subchapter, to demolish or dispose of a public housing project or a portion of a public housing project (including any transfer to a resident-supported nonprofit entity), the Secretary shall approve the application, if the public housing agency certifies—

(1) in the case of—

(A) an application proposing demolition of a public housing project or a portion of a public housing project, that—

- (i) the project or portion of the public housing project is obsolete as to physical condition, location, or other factors, making it unsuitable for housing purposes; and
- (ii) no reasonable program of modifications is cost-effective to return the public housing project or portion of the project to useful life; and

(B) an application proposing the demolition of only a portion of a public housing project, that the demolition will help to ensure the viability of the remaining portion of the project;

(2) in the case of an application proposing disposition by sale or other transfer of a public housing project or other real property subject to this subchapter—

(A) the retention of the property is not in the best interests of the residents or the public housing agency because—

- (i) conditions in the area surrounding the public housing project adversely affect the health or safety of the residents or the feasible operation of the project by the public housing agency; or
- (ii) disposition allows the acquisition, development, or rehabilitation of other properties that will be more efficiently or effectively operated as low-income housing;

(B) the public housing agency has otherwise determined the disposition to be appropriate for reasons that are—

- (i) in the best interests of the residents and the public housing agency;
- (ii) consistent with the goals of the public housing agency and the public housing agency plan; and
- (iii) otherwise consistent with this subchapter; or

(C) for property other than dwelling units, the property is excess to the needs of a public housing project or the disposition is incidental to, or does not interfere with, continued operation of a public housing project;

(3) that the public housing agency has specifically authorized the demolition or disposition in the public housing agency plan, and has certified that the actions contemplated in the public housing agency plan comply with this section;

(4) that the public housing agency—

(A) will notify each family residing in a project subject to demolition or disposition 90 days prior to the displacement date, except in cases of imminent threat to health or safety, consistent with any guidelines issued by the Secretary governing such notifications, that—

(i) the public housing project will be demolished or disposed of;

(ii) the demolition of the building in which the family resides will not commence until each resident of the building is relocated; and

(iii) each family displaced by such action will be offered comparable housing—

(I) that meets housing quality standards;

(II) that is located in an area that is generally not less desirable than the location of the displaced person's housing; and

(III) which may include—

(aa) tenant-based assistance, except that the requirement under this clause regarding offering of comparable housing shall be fulfilled by use of tenant-based assistance only upon the relocation of such family into such housing;

(bb) project-based assistance; or

(cc) occupancy in a unit operated or assisted by the public housing agency at a rental rate paid by the family that is comparable to the rental rate applicable to the unit from which the family is vacated;

(C) will ensure that each displaced resident is offered comparable housing in accordance with the notice under subparagraph (A); and¹

(D) will provide any necessary counseling for residents who are displaced; and

(E) will not commence demolition or complete disposition until all residents residing in the building are relocated;

(5) that the net proceeds of any disposition will be used—

(A) unless waived by the Secretary, for the retirement of outstanding obligations issued to finance the original public housing project or modernization of the project; and

(B) to the extent that any proceeds remain after the application of proceeds in accordance with subparagraph (A), for—

(i) the provision of low-income housing or to benefit the residents of the public housing agency; or

(ii) leveraging amounts for securing commercial enterprises, on-site in public housing projects of the public housing agency, appropriate to serve the needs of the residents; and

(6) that the public housing agency has complied with subsection (c) of this section.

(b) Disapproval of applications

The Secretary shall disapprove an application submitted under subsection (a) of this section if the Secretary determines that—

(1) any certification made by the public housing agency under that subsection is clearly inconsistent with information and data available to the Secretary or information or data requested by the Secretary; or

(2) the application was not developed in consultation with—

(A) residents who will be affected by the proposed demolition or disposition;

(B) each resident advisory board and resident council, if any, of the project (or portion thereof) that will be affected by the proposed demolition or disposition; and

(C) appropriate government officials.

(c) Resident opportunity to purchase in case of proposed disposition

(1) In general

In the case of a proposed disposition of a public housing project or portion of a project, the public housing agency shall, in appropriate circumstances, as determined by the Secretary, initially offer the property to any eligible resident organization, eligible resident management corporation, or nonprofit organization acting on behalf of the residents, if that entity has expressed an interest, in writing, to the public housing agency in a timely manner, in purchasing the property for continued use as low-income housing.

(2) Timing

(A) Expression of interest

A resident organization, resident management corporation, or other resident-supported nonprofit entity referred to in paragraph (1) may express interest in purchasing property that is the subject of a disposition, as described in paragraph (1), during the 30-day period beginning on the date of notification of a proposed sale of the property.

(B) Opportunity to arrange purchase

If an entity expresses written interest in purchasing a property, as provided in subparagraph (A), no disposition of the property shall occur during the 60-day period beginning on the date of receipt of that written notice (other than to the entity providing the notice), during which time that entity shall be given the opportunity to obtain a firm commitment for financing the purchase of the property.

(d) Replacement units

Notwithstanding any other provision of law, replacement public housing units for public housing units demolished in accordance with this section may be built on the original public housing location or in the same neighborhood as the original public housing location if the number of the replacement public housing units is significantly fewer than the number of units demolished.

(e) Consolidation of occupancy within or among buildings

Nothing in this section may be construed to prevent a public housing agency from consoli-

dating occupancy within or among buildings of a public housing project, or among projects, or with other housing for the purpose of improving living conditions of, or providing more efficient services to, residents.

(f) De minimis exception to demolition requirements

Notwithstanding any other provision of this section, in any 5-year period a public housing agency may demolish not more than the lesser of 5 dwelling units or 5 percent of the total dwelling units owned by the public housing agency, but only if the space occupied by the demolished unit is used for meeting the service or other needs of public housing residents or the demolished unit was beyond repair.

(g) Uniform Relocation and Real Property Acquisition Act

The Uniform Relocation and Real Property Acquisition Policies Act of 1970 [42 U.S.C. 4601 et seq.] shall not apply to activities under this section.

§ 1437r. Public housing resident management

(a) Purpose

The purpose of this section is to encourage increased resident management of public housing projects, as a means of improving existing living conditions in public housing projects, by providing increased flexibility for public housing projects that are managed by residents by—

(1) permitting the retention, and use for certain purposes, of any revenues exceeding operating and project costs; and

(2) providing funding, from amounts otherwise available, for technical assistance to promote formation and development of resident management entities.

For purposes of this section, the term “public housing project” includes one or more contiguous buildings or an area of contiguous row houses the elected resident councils of which approve the establishment of a resident management corporation and otherwise meet the requirements of this section.

(b) Program requirements

(1) Resident council

As a condition of entering into a resident management program, the elected resident council of a public housing project shall approve the establishment of a resident management corporation. When such approval is made by the elected resident council of a building or row house area, the resident management program shall not interfere with the rights of other families residing in the project or harm the efficient operation of the project. The resident management corporation and the resident council may be the same organization, if the organization complies with the requirements applicable to both the corporation and council. The corporation shall be a nonprofit corporation organized under the laws of the State in which the project is located, and the tenants of the project shall be the sole voting members of the corporation. If there is no elected resident council, a majority of the households of the public housing project shall approve the establishment of a resident council to determine the feasibility of establishing a resident management corporation to manage the project.

(2) Public housing management specialist

The resident council of a public housing project, in cooperation with the public housing agency, shall select a qualified public housing management specialist to assist in determining the feasibility of, and to help establish, a resident management corporation and to provide training and other duties agreed to in the daily operations of the project.

(3) Bonding and insurance

Before assuming any management responsibility for a public housing project, the resident management corporation shall provide fidelity bonding and insurance, or equivalent protection, in accordance with regulations and requirements of the Secretary and the public housing agency. Such bonding and insurance, or its equivalent, shall be adequate to protect the Secretary and the public housing agency against loss, theft, embezzlement, or fraudulent acts on the part of the resident management corporation or its employees.

(4) Management responsibilities

A resident management corporation that qualifies under this section, and that supplies insurance and bonding or equivalent protection sufficient to the Secretary and the public

housing agency, shall enter into a contract with the public housing agency establishing the respective management rights and responsibilities of the corporation and the public housing agency. Such contract shall be consistent with the requirements of this chapter applicable to public housing projects and may include specific terms governing management personnel and compensation, access to public housing project records, submission of and adherence to budgets, rent collection procedures, tenant income verification, tenant eligibility determinations, tenant eviction, the acquisition of supplies and materials, rent determination, community service requirements,¹ and such other matters as may be appropriate. The contract shall be treated as a contracting out of services and shall be subject to any provision of a collective bargaining agreement regarding contracting out to which the public housing agency is subject.

(5) Annual audit

The books and records of a resident management corporation operating a public housing project shall be audited annually by a certified public accountant. A written report of each audit shall be forwarded to the public housing agency and the Secretary.

(c) Assistance amounts

A contract under this section for management of a public housing project by a resident management corporation shall provide for—

(1) the public housing agency to provide a portion of the assistance to agency from the Capital and Operating Funds to the resident management corporation in accordance with subsection (e) of this section for purposes of operating the public housing project covered by the contract and performing such other eligible activities with respect to the project as may be provided under the contract;

(2) the amount of income expected to be derived from the project itself (from sources such as rents and charges);

(3) the amount of income to be provided to the project from the other sources of income of the public housing agency (such as interest income, administrative fees, and rents); and

(4) any income generated by a resident management corporation of a public housing project that exceeds the income estimated under the contract shall be used for eligible activities under subsections (d)(1) and (e)(1) of section 1437g of this title.

(d) Waiver of Federal requirements

(1) Waiver of regulatory requirements

Upon the request of any resident management corporation and public housing agency, and after notice and an opportunity to comment is afforded to the affected tenants, the Secretary may waive (for both the resident management corporation and the public housing agency) any requirement established by the Secretary (and not specified in any statute) that the Secretary determines to unnecessarily increase the costs or restrict the income of a public housing project.

¹ So in original.

(2) Waiver to permit employment

Upon the request of any resident management corporation, the Secretary may, subject to applicable collective bargaining agreements, permit residents of such project to volunteer a portion of their labor.

(3) Exceptions

The Secretary may not waive under this subsection any requirement with respect to income eligibility for purposes of section 1437n of this title, rental payments under section 1437a(a) of this title, tenant or applicant protections, employee organizing rights, or rights of employees under collective bargaining agreements.

(e) Direct provision of operating and capital assistance**(1) In general**

The Secretary shall directly provide assistance from the Operating and Capital Funds to a resident management corporation managing a public housing development pursuant to a contract under this section, but only if—

(A) the resident management corporation petitions the Secretary for the release of the funds;

(B) the contract provides for the resident management corporation to assume the primary management responsibilities of the public housing agency; and

(C) the Secretary determines that the corporation has the capability to effectively discharge such responsibilities.

(2) Use of assistance

Any assistance from the Operating and Capital Funds provided to a resident management corporation pursuant to this subsection shall be used for purposes of operating the public housing developments of the agency and performing such other eligible activities with respect to public housing as may be provided under the contract.

If the Secretary provides direct funding to a resident management corporation under this subsection, the public housing agency shall not be responsible for the actions of the resident management corporation.

(4) Calculation of Operating Fund allocation

Notwithstanding any provision of section 1437g of this title or any regulation under such section, and subject to the exception provided in paragraph (3), the portion of the amount received by a public housing agency under section 1437g of this title that is due to an allocation from the Operating Fund and that is allocated to a public housing project managed by a resident management corporation shall not be less than the public housing agency per unit monthly amount provided in the previous year as determined on an individual project basis.

(5) Calculation of total income

(A) Subject to subparagraph (B), the amount of funds provided by a public housing agency to a public housing project managed by a resi-

dent management corporation may not be reduced during the 3-year period beginning on February 5, 1988, or on any later date on which a resident management corporation is first established for the project.

(B) If the total income of a public housing agency (including any amounts from the Capital or Operating Funds provided to the public housing agency under section 1437g of this title) is reduced or increased, the income provided by the public housing agency to a public housing project managed by a resident management corporation shall be reduced or increased in proportion to the reduction or increase in the total income of the public housing agency, except that any reduction in amounts from the Operating Fund that occurs as a result of fraud, waste, or mismanagement by the public housing agency shall not affect the funds provided to the resident management corporation.

(6) Retention of excess revenues

(A) Any income generated by a resident management corporation of a public housing project that exceeds the income estimated for purposes of this subsection shall be excluded in subsequent years in calculating (i) the allocations from the Operating Fund for the public housing agency under section 1437g of this title; and (ii) the funds provided by the public housing agency to the resident management corporation.

(B) Any revenues retained by a resident management corporation under subparagraph (A) shall be used for purposes of improving the maintenance and operation of the public housing project, for establishing business enterprises that employ residents of public housing, or for acquiring additional dwelling units for low-income families.

§ 1437t. Authority to convert public housing to vouchers

(a) Authority

A public housing agency may convert any public housing project (or portion thereof) owned by the public housing agency to tenant-based assistance, but only in accordance with the requirements of this section.

(b) Conversion assessment

(1) In general

To convert public housing under this section, a public housing agency shall conduct an assessment of the public housing that includes—

- (A) a cost analysis that demonstrates whether or not the cost (both on a net present value basis and in terms of new budget authority requirements) of providing tenant-based assistance under section 1437f of this title for the same families in substantially similar dwellings over the same period of time is less expensive than continuing public housing assistance in the public hous-

ing project for the remaining useful life of the project;

(B) an analysis of the market value of the public housing project both before and after rehabilitation, and before and after conversion;

(C) an analysis of the rental market conditions with respect to the likely success of the use of tenant-based assistance under section 1437f of this title in that market for the specific residents of the public housing project, including an assessment of the availability of decent and safe dwellings renting at or below the payment standard established for tenant-based assistance under section 1437f of this title by the agency;

(D) the impact of the conversion to tenant-based assistance under this section on the neighborhood in which the public housing project is located; and

(E) a plan that identifies actions, if any, that the public housing agency would take with regard to converting any public housing project or projects (or portions thereof) of the public housing agency to tenant-based assistance.

(2) Timing

Not later than 2 years after the effective date under section 503(a) of the Quality Housing and Work Responsibility Act of 1998, each public housing agency shall conduct an assessment under paragraph (1) or (3) of the status of each public housing project owned by such agency and shall submit to the Secretary such assessment. A public housing agency may otherwise undertake an assessment under this subsection at any time and for any public housing project (or portion thereof) owned by the agency. A public housing agency may update a previously conducted assessment for a project (or portion thereof) for purposes of compliance with the one-year limitation under subsection (c) of this section.

(3) Streamlined assessment

At the discretion of the Secretary or at the request of a public housing agency, the Secretary may waive any or all of the requirements of paragraph (1) or (3) or otherwise require a streamlined assessment with respect to any public housing project or class of public housing projects.

(c) Criteria for implementation of conversion plan

A public housing agency may convert a public housing project (or portion thereof) owned by the agency to tenant-based assistance only pursuant to a conversion assessment under subsection (b) of this section that one year¹ and that demonstrates that the conversion—

(1) will not be more expensive than continuing to operate the public housing project (or portion thereof) as public housing;

(2) will principally benefit the residents of the public housing project (or portion thereof) to be converted, the public housing agency, and the community; and

(3) will not adversely affect the availability of affordable housing in such community.

(d) Conversion plan requirement

A public housing project may be converted under this section to tenant-based assistance only as provided in a conversion plan under this subsection, which has not been disapproved by the Secretary pursuant to subsection (e) of this section. Each conversion plan shall—

(2) be consistent with and part of the public housing agency plan;

(3) describe the conversion and future use or disposition of the project (or portion thereof) and include an impact analysis on the affected community;

(4) provide that the public housing agency shall—

(A) notify each family residing in a public housing project (or portion) to be converted under the plan 90 days prior to the displacement date except in cases of imminent threat to health or safety, consistent with any guidelines issued by the Secretary governing such notifications, that—

(i) the public housing project (or portion) will be removed from the inventory of the public housing agency; and

(ii) each family displaced by such action will be offered comparable housing—

(I) that meets housing quality standards;

(II) that is located in an area that is generally not less desirable than the location of the displaced person's housing; and

(III) which may include—

(aa) tenant-based assistance, except that the requirement under this clause regarding offering of comparable housing shall be fulfilled by use of tenant-based assistance only upon the relocation of such family into such housing;

(bb) project-based assistance; or

(cc) occupancy in a unit operated or assisted by the public housing agency at a rental rate paid by the family that is comparable to the rental rate applicable to the unit from which the family is vacated;

(B) provide any necessary counseling for families displaced by such action;

(C) ensure that, if the project (or portion) converted is used as housing after such conversion, each resident may choose to remain in their dwelling unit in the project and use the tenant-based assistance toward rent for that unit; and

(D) provide any actual and reasonable relocation expenses for families displaced by the conversion; and

(5) provide that any proceeds to the agency from the conversion will be used subject to the limitations that are applicable under section 1437p(a)(5) of this title to proceeds resulting

¹ So in original.

from the disposition or demolition of public housing.

(e) Review and approval of conversion plans

The Secretary shall disapprove a conversion plan only if—

- (1) the plan is plainly inconsistent with the conversion assessment for the agency developed under subsection (b) of this section;
- (2) there is reliable information and data available to the Secretary that contradicts that conversion assessment; or
- (3) the plan otherwise fails to meet the requirements of this section.

(f) Tenant-based assistance

To the extent approved by the Secretary, the funds used by the public housing agency to provide tenant-based assistance under section 1437f of this title shall be added to the annual contribution contract administered by the public housing agency.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 1437c-1 of this title.

§ 1437u. Family Self-Sufficiency program

(a) Purpose

The purpose of the Family Self-Sufficiency program established under this section is to promote the development of local strategies to coordinate use of public housing and assistance under the certificate and voucher programs under section 1437f of this title with public and private resources, to enable eligible families to achieve economic independence and self-sufficiency.

(b) Establishment of program

(1) Required programs

Except as provided in paragraph (2), the Secretary shall carry out a program under which each public housing agency that administers assistance under subsection (b) or (c) of section 1437f of this title or makes available new public housing dwelling units—

(A) may, during fiscal years 1991 and 1992, carry out a local Family Self-Sufficiency program under this section;

(B) effective on October 1, 1992, the Secretary shall require each such agency to carry out a local Family Self-Sufficiency program under this section, subject to the limitations in paragraph (4); and

(C) effective on October 21, 1998, to the extent an agency is not required to carry out a program pursuant to subparagraph (B) of this paragraph and paragraph (4), may carry out a local Family Self-Sufficiency program under this section.

Each local program shall, subject to availability of supportive services, include an action plan under subsection (g) of this section and shall provide comprehensive supportive services for families electing to participate in the program. In carrying out the self-sufficiency program under this section, the Secretary shall consult with the heads of other appropriate Federal agencies and provide for cooperative actions and funding agreements with such agencies. Each public housing agency administering an approved local program may employ a service coordinator to administer the local program.

(2) Exception

The Secretary shall not require a public housing agency to carry out a local program under subsection (a) of this section if the public housing agency provides certification (as

such term is defined under title I of the Cranston-Gonzalez National Affordable Housing Act [42 U.S.C. 12701 et seq.] to the Secretary, that the establishment and operation of the program is not feasible because of local circumstances, which may include—

(A) lack of supportive services accessible to eligible families, which shall include insufficient availability of resources for programs under title I of the Workforce Investment Act of 1998 [29 U.S.C. 2801 et seq.] or the Job Opportunities and Basic Skills Training Program under part F¹ of title IV of the Social Security Act;

(B) lack of funding for reasonable administrative costs;

(C) lack of cooperation by other units of State or local government; or

(D) any other circumstances that the Secretary may consider appropriate.

In allocating assistance available for reservation under this chapter, the Secretary may not refuse to provide assistance or decrease the amount of assistance that would otherwise be provided to any public housing agency because the agency has provided a certification under this paragraph or because, pursuant to a certification, the agency has failed to carry out a self-sufficiency program.

(3) Scope

Subject to paragraph (4), each public housing agency required to carry out a local program under this section shall make the following housing assistance available under the program in each fiscal year:

(A) Certificate and voucher assistance under section 1437f(b) and (o) of this title, in an amount equivalent to the increase for such year in the number of families so assisted by the agency (as compared to the preceding year).

(B) Public housing dwelling units, in the number equal to the increase for such year in units made available by the agency (as compared to the preceding year).

Each such public housing agency shall continue to operate a local program for the number of families determined under this paragraph subject only to the availability under appropriations Acts of sufficient amounts for assistance.

(4) Termination of requirement to expand program

(A) In general

Notwithstanding any other provision of law, a public housing agency that receives incremental assistance under subsection (b) or (o) of section 1437f of this title or that makes available new public housing dwelling units shall not be required, after October 21, 1998, to provide assistance under a local Family Self-Sufficiency program under this section to any families not required to be assisted under subparagraph (B) of this paragraph.

(B) Continuation of existing obligations

(i) In general

Each public housing agency that, before October 21, 1998, was required under this section to carry out a local Family Self-Sufficiency program shall continue to operate such local program for the number of families determined under paragraph (3), subject only to the availability under appropriations Acts of sufficient amounts for housing assistance.

(ii) Reduction

The number of families for which an agency is required under clause (i) to operate such local program shall be decreased by one for each family that, after October 21, 1998, fulfills its obligations under the contract of participation.

(5) Nonparticipation

Assistance under the certificate or voucher programs under section 1437f of this title for a family that elects not to participate in a local program shall not be delayed by reason of such election.

(c) Contract of participation

(1) In general

Each public housing agency carrying out a local program under this section shall enter into a contract with each leaseholder receiving assistance under the certificate and voucher programs of the public housing agency under section 1437f of this title or residing in public housing administered by the agency, that elects to participate in the self-sufficiency program under this section. The contract shall set forth the provisions of the local program, shall establish specific interim and final goals by which compliance with and performance of the contract may be measured, and shall specify the resources and supportive services to be made available to the participating family pursuant to paragraph (2) and the responsibilities of the participating family. The contract shall provide that the public housing agency may terminate or withhold assistance under section 1437f of this title and services under paragraph (2) of this subsection if the public housing agency determines, through an administrative grievance procedure in accordance with the requirements of section 1437d(k) of this title, that the family has failed to comply with the requirements of the contract without good cause (which may include a loss or reduction in access to supportive services, or a change in circumstances that makes the family or individual unsuitable for participation).

(2) Supportive services

A local program under this section shall provide appropriate supportive services under this paragraph to each participating family entering into a contract of participation under paragraph (1). The supportive services shall be provided during the period the family is receiving assistance under section 1437f of this title or residing in public housing, and may include—

¹ See References in Text note below.

- (A) child care;
- (B) transportation necessary to receive services;
- (C) remedial education;
- (D) education for completion of high school;
- (E) job training and preparation;
- (F) substance abuse treatment and counseling;
- (G) training in homemaking and parenting skills;
- (H) training in money management;
- (I) training in household management; and
- (J) any other services and resources appropriate to assist eligible families to achieve economic independence and self-sufficiency.

(3) Term and extension

Each family participating in a local program shall be required to fulfill its obligations under the contract of participation not later than 5 years after entering into the contract. The public housing agency shall extend the term of the contract for any family that requests an extension, upon a finding of the agency of good cause.

(4) Employment and counseling

The contract of participation shall require the head of the participating family to seek suitable employment during the term of the contract. The public housing agency may, during such period, provide counseling for the family with respect to affordable rental and homeownership opportunities in the private housing market and money management counseling.

(d) Incentives for participation

(1) Maximum rents

During the term of the contract of participation, the amount of rent paid by any participating family whose monthly adjusted income does not exceed 50 percent of the area median income for occupancy in the public housing unit or dwelling unit assisted under section 1437f of this title may not be increased on the basis of any increase in the earned income of the family, unless the increase results in an income exceeding 50 percent of the area median income. The Secretary shall provide for increased rents for participating families whose incomes are between 50 and 80 percent of the area median income, so that any family whose income increases to 80 percent or more of the area median income pays 30 percent of the family's monthly adjusted income for rent. Upon completion of the contract of participation, if the participating family continues to qualify for and reside in a dwelling unit in public housing or housing assisted under section 1437f of this title, the rent charged the participating family shall be increased (if applicable) to 30 percent of the monthly adjusted income of the family.

(2) Escrow savings accounts

For each participating family whose monthly adjusted income is less than 50 percent of the area median income, the difference between 30 percent of the adjusted income of the participating family and the amount of rent

paid by a participating family shall be placed in an interest-bearing escrow account established by the public housing agency on behalf of the participating family. For families with incomes between 50 and 80 percent of the area median income, the Secretary shall provide for escrow of the difference between 30 percent of the family income and the amount paid by the family for rent as determined by the Secretary under paragraph (1). The Secretary shall not escrow any amounts for any family whose adjusted income exceeds 80 percent of the area median income. Amounts in the escrow account may be withdrawn by the participating family after the family ceases to receive income assistance under Federal or State welfare programs, upon successful performance of the obligations of the family under the contract of participation entered into by the family under subsection (c) of this section, as determined according to the specific goals and terms included in the contract, and under other circumstances in which the Secretary determines an exception for good cause is warranted. A public housing agency establishing such escrow accounts may make certain amounts in the accounts available to the participating families before full performance of the contract obligations based on compliance with, and completion of, specific interim goals included in the contract; except that any such amounts shall be used by the participating families for purposes consistent with the contracts of participation, as determined by the public housing agency.

(3) Plan

(3) Applicability of selection criteria

The Secretary may determine not to apply certain of the selection criteria established pursuant to paragraph (2) when awarding grants for demolition only, tenant-based assistance only, or other specific categories of revitalization activities. The Secretary shall redistribute any withdrawn amounts to one or more other applicants eligible for assistance under this section or to one or more other entities capable of proceeding expeditiously in the same locality in carrying out the revitalization plan of the original grantee.
