AMENDMENTS

2000—Subsec. (b). Pub. L. 106-310, §502(4)(B), made technical amendment to reference in original act which appears in text as reference to section 280f-1 of this title.

CONGRESSIONAL FINDINGS AND PURPOSE

Pub. L. 105-392, title IV, §419(b), (c), Nov. 13, 1998, 112 Stat. 3591, 3592, provided that:

“(b) FINDINGS.—Congress finds that—

“(1) Fetal Alcohol Syndrome is the leading preventable cause of mental retardation, and it is 100 percent preventable;

“(2) estimates on the number of children each year vary, but according to some researchers, up to 12,000 infants are born in the United States with Fetal Alcohol Syndrome, suffering irreversible physical and mental damage;

“(3) thousands more infants are born each year with Fetal Alcohol Effect, also known as Alcohol Related Neurobehavioral Disorder (ARND), a related and equally tragic syndrome;

“(4) children of women who use alcohol while pregnant have a significantly higher infant mortality rate (13.3 per 1,000) than children of those women who do not use alcohol (8.6 per 1,000);

“(5) Fetal Alcohol Syndrome and Fetal Alcohol Effect are national problems which can impact any child, family, or community, but their threat to American Indians and Alaska Natives is especially alarming;

“(6) in some American Indian communities, where alcohol dependency rates reach 50 percent and above, the chances of a newborn suffering Fetal Alcohol Syndrome or Fetal Alcohol Effect are up to 30 times greater than national averages;

“(7) in addition to the immeasurable toll on children and their families, Fetal Alcohol Syndrome and Fetal Alcohol Effect pose extraordinary financial costs to the Nation, including the costs of health care, education, foster care, job training, and general support services for affected individuals;

“(8) the total cost to the economy of Fetal Alcohol Syndrome was approximately \$2,500,000,000 in 1995, and over a lifetime, health care costs for one Fetal Alcohol Syndrome child are estimated to be at least \$1,400,000;

“(9) researchers have determined that the possibility of giving birth to a baby with Fetal Alcohol Syndrome or Fetal Alcohol Effect increases in proportion to the amount and frequency of alcohol consumed by a pregnant woman, and that stopping alcohol consumption at any point in the pregnancy reduces the emotional, physical, and mental consequences of alcohol exposure to the baby; and

“(10) though approximately 1 out of every 5 pregnant women drink alcohol during their pregnancy, we know of no safe dose of alcohol during pregnancy, or of any safe time to drink during pregnancy, thus, it is in the best interest of the Nation for the Federal Government to take an active role in encouraging all women to abstain from alcohol consumption during pregnancy.

“(c) PURPOSE.—It is the purpose of this section [enacting this part and provisions set out as a note under section 201 of this title] to establish, within the Department of Health and Human Services, a comprehensive program to help prevent Fetal Alcohol Syndrome and Fetal Alcohol Effect nationwide and to provide effective intervention programs and services for children, adolescents and adults already affected by these conditions. Such program shall—

“(1) coordinate, support, and conduct national, State, and community-based public awareness, prevention, and education programs on Fetal Alcohol Syndrome and Fetal Alcohol Effect;

“(2) coordinate, support, and conduct prevention and intervention studies as well as epidemiologic research concerning Fetal Alcohol Syndrome and Fetal Alcohol Effect;

“(3) coordinate, support and conduct research and demonstration projects to develop effective developmental and behavioral interventions and programs that foster effective advocacy, educational and vocational training, appropriate therapies, counseling,

medical and mental health, and other supportive services, as well as models that integrate or coordinate such services, aimed at the unique challenges facing individuals with Fetal Alcohol Syndrome or Fetal Alcohol Effect and their families; and

“(4) foster coordination among all Federal, State and local agencies, and promote partnerships between research institutions and communities that conduct or support Fetal Alcohol Syndrome and Fetal Alcohol Effect research, programs, surveillance, prevention, and interventions and otherwise meet the general needs of populations already affected or at risk of being impacted by Fetal Alcohol Syndrome and Fetal Alcohol Effect.”

(4) The data bank shall not include information relating to an investigation if the sponsor has provided a detailed certification to the Secretary that disclosure of such information would substantially interfere with the timely enrollment of subjects in the investigation, unless the Secretary, after the receipt of the certification, provides the sponsor with a detailed written determination that such disclosure would not substantially interfere with such enrollment.

L. 107-109, §3(2), Jan. 4, 2002, 115 Stat. 1408. Another section 409D of act July 1, 1944, ch. 373, as added by section 1001 of Pub. L. 106-310, is classified to section 284h of this title.

FINDINGS AND PURPOSE

Pub. L. 106-505, title II, §202, Nov. 13, 2000, 114 Stat. 2325, provided that:

“(a) FINDINGS.—Congress makes the following findings:

“(1) Clinical research is critical to the advancement of scientific knowledge and to the development of cures and improved treatment for disease.

“(2) Tremendous advances in biology are opening doors to new insights into human physiology, pathophysiology and disease, creating extraordinary opportunities for clinical research.

“(3) Clinical research includes translational research which is an integral part of the research process leading to general human applications. It is the bridge between the laboratory and new methods of diagnosis, treatment, and prevention and is thus essential to progress against cancer and other diseases.

“(4) The United States will spend more than \$1,200,000,000,000 on health care in 1999, but the Federal budget for health research at the National Institutes of Health was \$15,600,000,000 only 1 percent of that total.

“(5) Studies at the Institute of Medicine, the National Research Council, and the National Academy of Sciences have all addressed the current problems in clinical research.

“(6) The Director of the National Institutes of Health has recognized the current problems in clinical research and appointed a special panel, which recommended expanded support for existing National Institutes of Health clinical research programs and the creation of new initiatives to recruit and retain clinical investigators.

“(7) The current level of training and support for health professionals in clinical research is fragmented, undervalued, and underfunded.

“(8) Young investigators are not only apprentices for future positions but a crucial source of energy, enthusiasm, and ideas in the day-to-day research that constitutes the scientific enterprise. Serious questions about the future of life-science research are raised by the following:

“(A) The number of young investigators applying for grants dropped by 54 percent between 1985 and 1993.

“(B) The number of physicians applying for first-time National Institutes of Health research project grants fell from 1226 in 1994 to 963 in 1998, a 21 percent reduction.

“(C) Newly independent life-scientists are expected to raise funds to support their new research programs and a substantial proportion of their own salaries.

“(9) The following have been cited as reasons for the decline in the number of active clinical researchers, and those choosing this career path:

“(A) A medical school graduate incurs an average debt of \$85,619, as reported in the Medical School Graduation Questionnaire by the Association of American Medical Colleges (AAMC).

“(B) The prolonged period of clinical training required increases the accumulated debt burden.

“(C) The decreasing number of mentors and role models.

“(D) The perceived instability of funding from the National Institutes of Health and other Federal agencies.

“(E) The almost complete absence of clinical research training in the curriculum of training grant awardees.

“(F) Academic Medical Centers are experiencing difficulties in maintaining a proper environment

for research in a highly competitive health care marketplace, which are compounded by the decreased willingness of third party payers to cover health care costs for patients engaged in research studies and research procedures.

“(10) In 1960, general clinical research centers were established under the Office of the Director of the National Institutes of Health with an initial appropriation of \$3,000,000.

“(11) Appropriations for general clinical research centers in fiscal year 1999 equaled \$200,500,000.

“(12) Since the late 1960s, spending for general clinical research centers has declined from approximately 3 percent to 1 percent of the National Institutes of Health budget.

“(13) In fiscal year 1999, there were 77 general clinical research centers in operation, supplying patients in the areas in which such centers operate with access to the most modern clinical research and clinical research facilities and technologies.

“(b) PURPOSE.—It is the purpose of this title [see Short Title of 2000 Amendments note set out under section 201 of this title] to provide additional support for and to expand clinical research programs.”

OVERSIGHT BY GENERAL ACCOUNTING OFFICE

Pub. L. 106-505, title II, §207, Nov. 13, 2000, 114 Stat. 2330, provided that: “Not later than 18 months after the date of the enactment of this Act [Nov. 13, 2000], the Comptroller General of the United States shall submit to the Congress a reporting [sic] describing the extent to which the National Institutes of Health has complied with the amendments made by this title [see Short Title of 2000 Amendments note set out under section 201 of this title].”

§ 284m. Program for pediatric studies of drugs

(a) List of drugs for which pediatric studies are needed

(1) In general

Not later than one year after January 4, 2002, the Secretary, acting through the Director of the National Institutes of Health and in consultation with the Commissioner of Food and Drugs and experts in pediatric research, shall develop, prioritize, and publish an annual list of approved drugs for which—

- (A)(i) there is an approved application under section 505(j) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355(j));
- (ii) there is a submitted application that could be approved under the criteria of section 505(j) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355(j));
- (iii) there is no patent protection or market exclusivity protection under the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 301 et seq.); or
- (iv) there is a referral for inclusion on the list under section 505A(d)(4)(C) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355a(d)(4)(C)); and

(B) in the case of a drug referred to in clause (i), (ii), or (iii) of subparagraph (A), additional studies are needed to assess the safety and effectiveness of the use of the drug in the pediatric population.

(2) Consideration of available information

In developing and prioritizing the list under paragraph (1), the Secretary shall consider, for each drug on the list—

- (A) the availability of information concerning the safe and effective use of the drug in the pediatric population;
- (B) whether additional information is needed;
- (C) whether new pediatric studies concerning the drug may produce health benefits in the pediatric population; and
- (D) whether reformulation of the drug is necessary.

(b) Contracts for pediatric studies

The Secretary shall award contracts to entities that have the expertise to conduct pediatric clinical trials (including qualified universities, hospitals, laboratories, contract research organizations, federally funded programs such as pediatric pharmacology research units, other public or private institutions, or individuals) to enable the entities to conduct pediatric studies concerning one or more drugs identified in the list described in subsection (a) of this section.

(c) Process for contracts and labeling changes

(1) Written request to holders of approved applications for drugs lacking exclusivity

The Commissioner of Food and Drugs, in consultation with the Director of the National Institutes of Health, may issue a written request (which shall include a timeframe for negotiations for an agreement) for pediatric studies concerning a drug identified in the list described in subsection (a)(1)(A) of this section (except clause (iv)) to all holders of an approved application for the drug under section 505 of the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 355]. Such a written request shall be made in a manner equivalent to the manner in which a written request is made under subsection (a) or (b) of section 505A of the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 355a], including with respect to information provided on the pediatric studies to be conducted pursuant to the request.

(2) Requests for contract proposals

If the Commissioner of Food and Drugs does not receive a response to a written request issued under paragraph (1) within 30 days of the date on which a request was issued, or if a referral described in subsection (a)(1)(A)(iv) of this section is made, the Secretary, acting through the Director of the National Institutes of Health and in consultation with the Commissioner of Food and Drugs, shall publish a request for contract proposals to conduct the pediatric studies described in the written request.

(3) Disqualification

A holder that receives a first right of refusal shall not be entitled to respond to a request for contract proposals under paragraph (2).

(4) Guidance

Not later than 270 days after January 4, 2002, the Commissioner of Food and Drugs shall promulgate guidance to establish the process

for the submission of responses to written requests under paragraph (1).

(5) Contracts

A contract under this section may be awarded only if a proposal for the contract is submitted to the Secretary in such form and manner, and containing such agreements, assurances, and information as the Secretary determines to be necessary to carry out this section.

(6) Reporting of studies

(A) In general

On completion of a pediatric study in accordance with a contract awarded under this section, a report concerning the study shall be submitted to the Director of the National Institutes of Health and the Commissioner of Food and Drugs. The report shall include all data generated in connection with the study.

(B) Availability of reports

Each report submitted under subparagraph (A) shall be considered to be in the public domain (subject to section 505A(d)(4)(D) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355a(d)(4)(D))¹ and shall be assigned a docket number by the Commissioner of Food and Drugs. An interested person may submit written comments concerning such pediatric studies to the Commissioner of Food and Drugs, and the written comments shall become part of the docket file with respect to each of the drugs.

(C) Action by Commissioner

The Commissioner of Food and Drugs shall take appropriate action in response to the reports submitted under subparagraph (A) in accordance with paragraph (7).

(7) Requests for labeling change

During the 180-day period after the date on which a report is submitted under paragraph (6)(A), the Commissioner of Food and Drugs shall—

(A) review the report and such other data as are available concerning the safe and effective use in the pediatric population of the drug studied;

(B) negotiate with the holders of approved applications for the drug studied for any labeling changes that the Commissioner of Food and Drugs determines to be appropriate and requests the holders to make; and

(C)(i) place in the public docket file a copy of the report and of any requested labeling changes; and

(ii) publish in the Federal Register a summary of the report and a copy of any requested labeling changes.

(8) Dispute resolution

(A) Referral to Pediatric Advisory Subcommittee of the Anti-Infective Drugs Advisory Committee

If, not later than the end of the 180-day period specified in paragraph (7), the holder of

an approved application for the drug involved does not agree to any labeling change requested by the Commissioner of Food and Drugs under that paragraph, the Commissioner of Food and Drugs shall refer the request to the Pediatric Advisory Subcommittee of the Anti-Infective Drugs Advisory Committee.

(B) Action by the Pediatric Advisory Subcommittee of the Anti-Infective Drugs Advisory Committee

Not later than 90 days after receiving a referral under subparagraph (A), the Pediatric Advisory Subcommittee of the Anti-Infective Drugs Advisory Committee shall—

(i) review the available information on the safe and effective use of the drug in the pediatric population, including study reports submitted under this section; and

(ii) make a recommendation to the Commissioner of Food and Drugs as to appropriate labeling changes, if any.

(9) FDA determination

Not later than 30 days after receiving a recommendation from the Pediatric Advisory Subcommittee of the Anti-Infective Drugs Advisory Committee under paragraph (8)(B)(ii) with respect to a drug, the Commissioner of Food and Drugs shall consider the recommendation and, if appropriate, make a request to the holders of approved applications for the drug to make any labeling change that the Commissioner of Food and Drugs determines to be appropriate.

(10) Failure to agree

If a holder of an approved application for a drug, within 30 days after receiving a request to make a labeling change under paragraph (9), does not agree to make a requested labeling change, the Commissioner may deem the drug to be misbranded under the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 301 et seq.).

(11) No effect on authority

Nothing in this subsection limits the authority of the United States to bring an enforcement action under the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 301 et seq.] when a drug lacks appropriate pediatric labeling. Neither course of action (the Pediatric Advisory Subcommittee of the Anti-Infective Drugs Advisory Committee process or an enforcement action referred to in the preceding sentence) shall preclude, delay, or serve as the basis to stay the other course of action.

(12) Recommendation for formulation changes

If a pediatric study completed under public contract indicates that a formulation change is necessary and the Secretary agrees, the Secretary shall send a nonbinding letter of recommendation regarding that change to each holder of an approved application.

(d) Authorization of appropriations

(1) In general

There are authorized to be appropriated to carry out this section—

(A) \$200,000,000 for fiscal year 2002; and

(B) such sums as are necessary for each of the five succeeding fiscal years.

¹So in original. There probably should be an additional closing parenthesis.

(2) Availability

Any amount appropriated under paragraph (1) shall remain available to carry out this section until expended.

(9) shall, notwithstanding section 284(a) of this title, prepare and submit, directly to the President for review and transmittal to Congress, an annual budget estimate (including an estimate of the number and type of personnel needs for the Institute) for the National Cancer Program, after reasonable opportunity for comment (but without change) by the Secretary, the Director of NIH, and the Institute's advisory council.

Except as otherwise provided, experts and consultants whose services are obtained under paragraph (5) shall be paid or reimbursed, in accordance with title 5 for their travel to and from their place of service and for other expenses as-

sociated with their assignment. Such expenses shall not be allowed in connection with the assignment of an expert or consultant whose services are obtained under paragraph (5) unless the expert or consultant has agreed in writing to complete the entire period of the assignment or one year of the assignment, whichever is shorter, unless separated or reassigned for reasons which are beyond the control of the expert or consultant and which are acceptable to the Director of the Institute. If the expert or consultant violates the agreement, the money spent by the United States for such expenses is recoverable from the expert or consultant as a debt due the United States. The Secretary may waive in whole or in part a right of recovery under the preceding sentence.

FINDINGS

Pub. L. 106-505, title V, § 502, Nov. 13, 2000, 114 Stat. 2342, provided that: “The Congress finds that—

“(1) lupus is a serious, complex, inflammatory, autoimmune disease of particular concern to women;

“(2) lupus affects women nine times more often than men;

“(3) there are three main types of lupus: systemic lupus, a serious form of the disease that affects many parts of the body; discoid lupus, a form of the disease that affects mainly the skin; and drug-induced lupus caused by certain medications;

“(4) lupus can be fatal if not detected and treated early;

“(5) the disease can simultaneously affect various areas of the body, such as the skin, joints, kidneys, and brain, and can be difficult to diagnose because the symptoms of lupus are similar to those of many other diseases;

“(6) lupus disproportionately affects African-American women, as the prevalence of the disease among such women is three times the prevalence among white women, and an estimated 1 in 250 African-American women between the ages of 15 and 65 develops the disease;

“(7) it has been estimated that between 1,400,000 and 2,000,000 Americans have been diagnosed with the disease, and that many more have undiagnosed cases;

“(8) current treatments for the disease can be effective, but may lead to damaging side effects;

“(9) many victims of the disease suffer debilitating pain and fatigue, making it difficult to maintain employment and lead normal lives; and

“(10) in fiscal year 1996, the amount allocated by the National Institutes of Health for research on lupus was \$33,000,000, which is less than one-half of 1 percent of the budget for such Institutes.”

§ 285q-1. Specific authorities

To carry out section 285q of this title, the Director of the Institute may provide research training and instruction and establish, in the Institute and other nonprofit institutions, research traineeships and fellowships in the study and investigation of the prevention of disease, health promotion, and the nursing care of individuals with and the families of individuals with acute and chronic illnesses. The Director of the Institute may provide individuals receiving such training and instruction or such traineeships or fellowships with such stipends and allowances (including amounts for travel and subsistence and dependency allowances) as the Director determines necessary. (B) For each of the fiscal years 2002 and 2003, there is authorized to be appropriated an amount equal to the amount appropriated under subparagraph (A) for fiscal year 2001, except that such amount shall be adjusted for the fiscal year involved to offset any inflation occurring after October 1, 2000.

(2) The authorization of appropriations for a fiscal year under paragraph (1) is hereby reduced by the amount of any appropriation made for such year for the conduct or support by any other national research institute of any program with respect to biomedical imaging and bioengineering.

(July 1, 1944, ch. 373, title IV, §464z, as added Pub. L. 106-580, §3(a), Dec. 29, 2000, 114 Stat. 3089.)

EFFECTIVE DATE

Pub. L. 106-580, §4, Dec. 29, 2000, 114 Stat. 3092, provided that: "This Act [enacting this subpart, amending section 281 of this title, and enacting provisions set out as notes under this section and section 201 of this title] takes effect October 1, 2000, or upon the date of the enactment of this Act [Dec. 29, 2000], whichever occurs later."

FINDINGS

Pub. L. 106-580, §2, Dec. 29, 2000, 114 Stat. 3088, provided that: "The Congress makes the following findings:

"(1) Basic research in imaging, bioengineering, computer science, informatics, and related fields is critical to improving health care but is fundamentally different from the research in molecular biology on which the current national research institutes at

the National Institutes of Health ('NIH') are based. To ensure the development of new techniques and technologies for the 21st century, these disciplines therefore require an identity and research home at the NIH that is independent of the existing institute structure.

"(2) Advances based on medical research promise new, more effective treatments for a wide variety of diseases, but the development of new, noninvasive imaging techniques for earlier detection and diagnosis of disease is essential to take full advantage of such new treatments and to promote the general improvement of health care.

"(3) The development of advanced genetic and molecular imaging techniques is necessary to continue the current rapid pace of discovery in molecular biology.

"(4) Advances in telemedicine, and teleradiology in particular, are increasingly important in the delivery of high quality, reliable medical care to rural citizens and other underserved populations. To fulfill the promise of telemedicine and related technologies fully, a structure is needed at the NIH to support basic research focused on the acquisition, transmission, processing, and optimal display of images.

"(5) A number of Federal departments and agencies support imaging and engineering research with potential medical applications, but a central coordinating body, preferably housed at the NIH, is needed to coordinate these disparate efforts and facilitate the transfer of technologies with medical applications.

"(6) Several breakthrough imaging technologies, including magnetic resonance imaging ('MRI') and computed tomography ('CT'), have been developed primarily abroad, in large part because of the absence of a home at the NIH for basic research in imaging and related fields. The establishment of a central focus for imaging and bioengineering research at the NIH would promote both scientific advance and United States economic development.

"(7) At a time when a consensus exists to add significant resources to the NIH in coming years, it is appropriate to modernize the structure of the NIH to ensure that research dollars are expended more effectively and efficiently and that the fields of medical science that have contributed the most to the detection, diagnosis, and treatment of disease in recent years receive appropriate emphasis.

"(8) The establishment of a National Institute of Biomedical Imaging and Bioengineering at the NIH would accelerate the development of new technologies with clinical and research applications, improve coordination and efficiency at the NIH and throughout the Federal Government, reduce duplication and waste, lay the foundation for a new medical information age, promote economic development, and provide a structure to train the young researchers who will make the pathbreaking discoveries of the next century."

ESTABLISHMENT OF INSTITUTE AND ADVISORY COUNCIL

Pub. L. 106-580, §3(b)-(d), Dec. 29, 2000, 114 Stat. 3091, provided that:

"(b) USE OF EXISTING RESOURCES.—In providing for the establishment of the National Institute of Biomedical Imaging and Bioengineering pursuant to the amendment made by subsection (a) [enacting this subpart], the Director of the National Institutes of Health (referred to in this subsection as 'NIH')—

"(1) may transfer to the National Institute of Biomedical Imaging and Bioengineering such personnel of NIH as the Director determines to be appropriate;

"(2) may, for quarters for such Institute, utilize such facilities of NIH as the Director determines to be appropriate; and

"(3) may obtain administrative support for the Institute from the other agencies of NIH, including the other national research institutes.

"(c) CONSTRUCTION OF FACILITIES.—None of the provisions of this Act [enacting this subpart, amending sec-

tion 281 of this title, and enacting provisions set out as notes under this section and section 201 of this title) or the amendments made by the Act may be construed as authorizing the construction of facilities, or the acquisition of land, for purposes of the establishment or operation of the National Institute of Biomedical Imaging and Bioengineering.

“(d) DATE CERTAIN FOR ESTABLISHMENT OF ADVISORY COUNCIL.—Not later than 90 days after the effective date of this Act [Dec. 29, 2000] under section 4 [set out above], the Secretary of Health and Human Services shall complete the establishment of an advisory council for the National Institute of Biomedical Imaging and Bioengineering in accordance with section 406 of the Public Health Service Act [section 284a of this title] and in accordance with section 464z of such Act (as added by subsection (a) of this section) [this section].”

PART D—NATIONAL LIBRARY OF MEDICINE

SUBPART 1—GENERAL PROVISIONS

§ 286. National Library of Medicine

(a) Purpose and establishment

In order to assist the advancement of medical and related sciences and to aid the dissemination and exchange of scientific and other information important to the progress of medicine and to the public health, there is established the National Library of Medicine (hereafter in this part referred to as the “Library”).

(b) Functions

The Secretary, through the Library and subject to subsection (d) of this section, shall—

- (1) acquire and preserve books, periodicals, prints, films, recordings, and other library materials pertinent to medicine;

- (4) make available, through loans, photographic or other copying procedures, or otherwise, such materials in the Library as the Secretary determines appropriate;
- (5) provide reference and research assistance;
- (6) publicize the availability from the Library of the products and services described in any of paragraphs (1) through (5);
- (7) promote the use of computers and telecommunications by health professionals (including health professionals in rural areas) for the purpose of improving access to biomedical information for health care delivery and medical research; and
- (8) engage in such other activities as the Secretary determines appropriate and as the Library’s resources permit.

(c) Exchange, destruction, or disposal of materials not needed

The Secretary may exchange, destroy, or otherwise dispose of any books, periodicals, films, and other library materials not needed for the permanent use of the Library.

(d) Availability of publications, materials, facilities, or services; prescription of rules

(1) The Secretary may, after obtaining the advice and recommendations of the Board of Re-

gents, prescribe rules under which the Library will—

- (A) provide copies of its publications or materials,
- (B) will make available its facilities for research, or
- (C) will make available its bibliographic, reference, or other services,

to public and private entities and individuals.

(2) Rules prescribed under paragraph (1) may provide for making available such publications, materials, facilities, or services—

- (A) without charge as a public service,
- (B) upon a loan, exchange, or charge basis, or
- (C) in appropriate circumstances, under contract arrangements made with a public or other nonprofit entity.

(e) Regional medical libraries; establishment

Whenever the Secretary, with the advice of the Board of Regents, determines that—

- (1) in any geographic area of the United States there is no regional medical library adequate to serve such area;
- (2) under criteria prescribed for the administration of section 286b-6 of this title, there is a need for a regional medical library to serve such area; and
- (3) because there is no medical library located in such area which, with financial assistance under section 286b-6 of this title, can feasibly be developed into a regional medical library adequate to serve such area,

the Secretary may establish, as a branch of the Library, a regional medical library to serve the needs of such area.

(f) Acceptance and administration of gifts; memorials

Section 238 of this title shall be applicable to the acceptance and administration of gifts made for the benefit of the Library or for carrying out any of its functions, and the Board of Regents shall make recommendations to the Secretary relating to establishment within the Library of suitable memorials to the donors.

(g) “Medicine” and “medical” defined

For purposes of this part, the terms “medicine” and “medical”, except when used in section 286a of this title, include preventive and therapeutic medicine, dentistry, pharmacy, hospitalization, nursing, public health, and the fundamental sciences related thereto, and other related fields of study, research, or activity.

FINDINGS

Pub. L. 106-505, title III, § 302, Nov. 13, 2000, 114 Stat. 2330, provided that: “Congress finds that—

“(1) the National Institutes of Health is the principal source of Federal funding for medical research at universities and other research institutions in the United States;

“(2) the National Institutes of Health has received a substantial increase in research funding from Congress for the purpose of expanding the national investment of the United States in behavioral and biomedical research;

“(3) the infrastructure of our research institutions is central to the continued leadership of the United States in medical research;

“(4) as Congress increases the investment in cutting-edge basic and clinical research, it is critical that Congress also examine the current quality of the laboratories and buildings where research is being conducted, as well as the quality of laboratory equipment used in research;

“(5) many of the research facilities and laboratories in the United States are outdated and inadequate;

“(6) the National Science Foundation found, in a 1998 report on the status of biomedical research facilities, that over 60 percent of research-performing institutions indicated that they had an inadequate amount of medical research space;

“(7) the National Science Foundation reports that academic institutions have deferred nearly \$11,000,000,000 in renovation and construction projects because of a lack of funds; and

“(8) future increases in Federal funding for the National Institutes of Health must include increased support for the renovation and construction of extramural research facilities in the United States and the purchase of state-of-the-art laboratory instrumentation.”

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 287a-3 of this title.

§ 287a-3. Construction of regional centers for research on primates

(a) With respect to activities carried out by the National Center for Research Resources to support regional centers for research on primates, the Director of NIH may, for each of the fiscal years 2000 through 2002, reserve from the amounts appropriated under section 287a-2(i) of this title such sums as necessary for the purpose of making awards of grants and contracts to public or nonprofit private entities to construct, renovate, or otherwise improve such regional centers. The reservation of such amounts for any fiscal year is subject to the availability of qualified applicants for such awards.

(b) The Director of NIH may not make a grant or enter into a contract under subsection (a) of this section unless the applicant for such assistance agrees, with respect to the costs to be incurred by the applicant in carrying out the purpose described in such subsection, to make available (directly or through donations from public or private entities) non-Federal contributions in cash toward such costs in an amount equal to not less than \$1 for each \$4 of Federal funds provided in such assistance.

(July 1, 1944, ch. 373, title IV, § 481B, as added Pub. L. 103-43, title XV, § 1503, June 10, 1993, 107 Stat. 178; amended Pub. L. 105-392, title IV, § 411, Nov. 13, 1998, 112 Stat. 3590; Pub. L. 106-505, title III, § 304, Nov. 13, 2000, 114 Stat. 2335.)

AMENDMENTS

2000—Subsec. (a). Pub. L. 106-505, which directed the amendment of subsec. (a) by substituting “2000 through 2002, reserve from the amounts appropriated under section 287a-2(i) of this title such sums as necessary” for “1994” and all that follows through “\$5,000,000”, was executed by making the substitution for “1994 through 1996, reserve from the amounts appropriated under section 287a-2(h) of this title up to \$2,500,000”, to reflect the probable intent of Congress and the amendment by Pub. L. 105-392. See 1998 Amendment note below.

1998—Subsec. (a). Pub. L. 105-392, in first sentence, substituted “may” for “shall” and “up to \$2,500,000” for “\$5,000,000”.

§ 287a-3a. Sanctuary system for surplus chimpanzees

(a) In general

The Secretary shall provide for the establishment and operation in accordance with this section of a system to provide for the lifetime care of chimpanzees that have been used, or were bred or purchased for use, in research conducted or supported by the National Institutes of Health, the Food and Drug Administration, or other agencies of the Federal Government, and with respect to which it has been determined by the Secretary that the chimpanzees are not needed for such research (in this section referred to as “surplus chimpanzees”).

(b) Administration of sanctuary system

The Secretary shall carry out this section, including the establishment of regulations under subsection (d) of this section, in consultation with the board of directors of the nonprofit private entity that receives the contract under subsection (e) of this section (relating to the operation of the sanctuary system).

(c) Acceptance of chimpanzees into system

All surplus chimpanzees owned by the Federal Government shall be accepted into the sanctuary system. Subject to standards under subsection (d)(4) of this section, any chimpanzee that is not owned by the Federal Government can be accepted into the system if the owner transfers to the sanctuary system title to the chimpanzee.

(d) Standards for permanent retirement of surplus chimpanzees

(1) In general

Not later than 180 days after December 20, 2000, the Secretary shall by regulation establish standards for operating the sanctuary system to provide for the permanent retirement of surplus chimpanzees. In establishing the standards, the Secretary shall consider the recommendations of the board of directors of the nonprofit private entity that receives the contract under subsection (e) of this section, and shall consider the recommendations of the National Research Council applicable to surplus chimpanzees that are made in the report published in 1997 and entitled “Chimpanzees in Research—Strategies for Their Ethical Care, Management, and Use”.

(2) Chimpanzees accepted into system

With respect to chimpanzees that are accepted into the sanctuary system, standards

under paragraph (1) shall include the following:

(A) A prohibition that the chimpanzees may not be used for research, except as authorized under paragraph (3).

(B) Provisions regarding the housing of the chimpanzees.

(C) Provisions regarding the behavioral well-being of the chimpanzees.

(D) A requirement that the chimpanzees be cared for in accordance with the Animal Welfare Act [7 U.S.C. 2131 et seq.].

(E) A requirement that the chimpanzees be prevented from breeding.

(F) A requirement that complete histories be maintained on the health and use in research of the chimpanzees.

(G) A requirement that the chimpanzees be monitored for the purpose of promptly detecting the presence in the chimpanzees of any condition that may be a threat to the public health or the health of other chimpanzees.

(H) A requirement that chimpanzees posing such a threat be contained in accordance with applicable recommendations of the Director of the Centers for Disease Control and Prevention.

(I) A prohibition that none of the chimpanzees may be subjected to euthanasia, except as in the best interests of the chimpanzee involved, as determined by the system and an attending veterinarian.

(J) A prohibition that the chimpanzees may not be discharged from the system. If any chimpanzee is removed from a sanctuary facility for purposes of research authorized under paragraph (3)(A)(ii), the chimpanzee shall be returned immediately upon the completion of that research. All costs associated with the removal of the chimpanzee from the facility, with the care of the chimpanzee during such absence from the facility, and with the return of the chimpanzee to the facility shall be the responsibility of the entity that obtains approval under such paragraph regarding use of the chimpanzee and removes the chimpanzee from the sanctuary facility.

(K) A provision that the Secretary may, in the discretion of the Secretary, accept into the system chimpanzees that are not surplus chimpanzees.

(L) Such additional standards as the Secretary determines to be appropriate.

(3) Restrictions regarding research

(A) In general

For purposes of paragraph (2)(A), standards under paragraph (1) shall provide that a chimpanzee accepted into the sanctuary system may not be used for studies or research, except as provided in clause (i) or (ii), as follows:

(i) The chimpanzee may be used for non-invasive behavioral studies or medical studies based on information collected during the course of normal veterinary care that is provided for the benefit of the chimpanzee, provided that any such study involves minimal physical and mental

harm, pain, distress, and disturbance to the chimpanzee and the social group in which the chimpanzee lives.

(ii) The chimpanzee may be used in research if—

(I) the Secretary finds that there are special circumstances in which there is need for that individual, specific chimpanzee (based on that chimpanzee's prior medical history, prior research protocols, and current status), and there is no chimpanzee with a similar history and current status that is reasonably available among chimpanzees that are not in the sanctuary system;

(II) the Secretary finds that there are technological or medical advancements that were not available at the time the chimpanzee entered the sanctuary system, and that such advancements can and will be used in the research;

(III) the Secretary finds that the research is essential to address an important public health need; and

(IV) the design of the research involves minimal pain and physical harm to the chimpanzee, and otherwise minimizes mental harm, distress, and disturbance to the chimpanzee and the social group in which the chimpanzee lives (including with respect to removal of the chimpanzee from the sanctuary facility involved).

(B) Approval of research design

(i) Evaluation by sanctuary board

With respect to a proposed use in research of a chimpanzee in the sanctuary system under subparagraph (A)(ii), the board of directors of the nonprofit private entity that receives the contract under subsection (e) of this section shall, after consultation with the head of the sanctuary facility in which the chimpanzee has been placed and with the attending veterinarian, evaluate whether the design of the research meets the conditions described in subparagraph (A)(ii)(IV) and shall submit to the Secretary the findings of the evaluation.

(ii) Acceptance of board findings

The Secretary shall accept the findings submitted to the Secretary under clause (i) by the board of directors referred to in such clause unless the Secretary makes a determination that the findings of the board are arbitrary or capricious.

(iii) Public participation

With respect to a proposed use in research of a chimpanzee in the sanctuary system under subparagraph (A)(ii), the proposal shall not be approved until—

(I) the Secretary publishes in the Federal Register the proposed findings of the Secretary under such subparagraph, the findings of the evaluation by the board under clause (i) of this subparagraph, and the proposed evaluation by the Secretary under clause (ii) of this subparagraph; and

(II) the Secretary seeks public comment for a period of not less than 60 days.

(C) Additional restriction

For purposes of paragraph (2)(A), a condition for the use in studies or research of a chimpanzee accepted into the sanctuary system is (in addition to conditions under subparagraphs (A) and (B) of this paragraph) that the applicant for such use has not been fined for, or signed a consent decree for, any violation of the Animal Welfare Act [7 U.S.C. 2131 et seq.].

(4) Non-Federal chimpanzees offered for acceptance into system

With respect to a chimpanzee that is not owned by the Federal Government and is offered for acceptance into the sanctuary system, standards under paragraph (1) shall include the following:

(A) A provision that the Secretary may authorize the imposition of a fee for accepting such chimpanzee into the system, except as follows:

(i) Such a fee may not be imposed for accepting the chimpanzee if, on the day before December 20, 2000, the chimpanzee was owned by the nonprofit private entity that receives the contract under subsection (e) of this section or by any individual sanctuary facility receiving a subcontract or grant under subsection (e)(1) of this section.

(ii) Such a fee may not be imposed for accepting the chimpanzee if the chimpanzee is owned by an entity that operates a primate center, and if the chimpanzee is housed in the primate center pursuant to the program for regional centers for research on primates that is carried out by the National Center for Research Resources.

Any fees collected under this subparagraph are available to the Secretary for the costs of operating the system. Any other fees received by the Secretary for the long-term care of chimpanzees (including any Federal fees that are collected for such purpose and are identified in the report under section 3 of the Chimpanzee Health Improvement, Maintenance, and Protection Act) are available for operating the system, in addition to availability for such other purposes as may be authorized for the use of the fees.

(B) A provision that the Secretary may deny such chimpanzee acceptance into the system if the capacity of the system is not sufficient to accept the chimpanzee, taking into account the physical capacity of the system; the financial resources of the system; the number of individuals serving as the staff of the system, including the number of professional staff; the necessity of providing for the safety of the staff and of the public; the necessity of caring for accepted chimpanzees in accordance with the standards under paragraph (1); and such other factors as may be appropriate.

(C) A provision that the Secretary may deny such chimpanzee acceptance into the

system if a complete history of the health and use in research of the chimpanzee is not available to the Secretary.

(D) Such additional standards as the Secretary determines to be appropriate.

(e) Award of contract for operation of system

(1) In general

Subject to the availability of funds pursuant to subsection (g) of this section, the Secretary shall make an award of a contract to a nonprofit private entity under which the entity has the responsibility of operating (and establishing, as applicable) the sanctuary system and awarding subcontracts or grants to individual sanctuary facilities that meet the standards under subsection (d) of this section.

(F) The entity agrees to comply with standards under subsection (d) of this section.

(G) The entity agrees to make necropsy reports on chimpanzees in the sanctuary system available on a reasonable basis to persons who conduct biomedical or behavioral research, with priority given to such persons who are Federal employees or who receive financial support from the Federal Government for research.

(H) Such other requirements as the Secretary determines to be appropriate.

(3) Board of directors

For purposes of subparagraphs (A) and (B) of paragraph (2):

(A) The governing board of directors of the nonprofit private entity involved is composed and appointed in accordance with this paragraph if the following conditions are met:

(b) Priorities

The Director of the Center shall in expending amounts appropriated under this subpart give priority to conducting and supporting minority health disparities research.

(c) Minority health disparities research

For purposes of this subpart:

- (1) The term "minority health disparities research" means basic, clinical, and behavioral research on minority health conditions (as de-

efined in paragraph (2)), including research to prevent, diagnose, and treat such conditions.

(2) The term “minority health conditions”, with respect to individuals who are members of minority groups, means all diseases, disorders, and conditions (including with respect to mental health and substance abuse)—

(A) unique to, more serious, or more prevalent in such individuals;

(B) for which the factors of medical risk or types of medical intervention may be different for such individuals, or for which it is unknown whether such factors or types are different for such individuals; or

(C) with respect to which there has been insufficient research involving such individuals as subjects or insufficient data on such individuals.

(3) The term “minority group” has the meaning given the term “racial and ethnic minority group” in section 300u-6 of this title.

(4) The terms “minority” and “minorities” refer to individuals from a minority group.

(d) Health disparity populations

For purposes of this subpart:

(1) A population is a health disparity population if, as determined by the Director of the Center after consultation with the Director of the Agency for Healthcare Research and Quality, there is a significant disparity in the overall rate of disease incidence, prevalence, morbidity, mortality, or survival rates in the population as compared to the health status of the general population.

(2) The Director shall give priority consideration to determining whether minority groups qualify as health disparity populations under paragraph (1).

(3) The term “health disparities research” means basic, clinical, and behavioral research on health disparity populations (including individual members and communities of such populations) that relates to health disparities as defined under paragraph (1), including the causes of such disparities and methods to prevent, diagnose, and treat such disparities.

(e) Coordination of activities

The Director of the Center shall act as the primary Federal official with responsibility for coordinating all minority health disparities research and other health disparities research conducted or supported by the National Institutes of Health, and—

(1) shall represent the health disparities research program of the National Institutes of Health, including the minority health disparities research program, at all relevant Executive branch task forces, committees and planning activities; and

(2) shall maintain communications with all relevant Public Health Service agencies, including the Indian Health Service, and various other departments of the Federal Government to ensure the timely transmission of information concerning advances in minority health disparities research and other health disparities research between these various agencies for dissemination to affected communities and health care providers.

(f) Collaborative comprehensive plan and budget

Subject to the provisions of this section and other applicable law, the Director of NIH, the Director of the Center, and the directors of the other agencies of the National Institutes of Health in collaboration (and in consultation with the advisory council for the Center) shall—

(A) establish a comprehensive plan and budget for the conduct and support of all minority health disparities research and other health disparities research activities of the agencies of the National Institutes of Health (which plan and budget shall be first established under this subsection not later than 12 months after November 22, 2000);

(B) ensure that the plan and budget establish priorities among the health disparities research activities that such agencies are authorized to carry out;

(C) ensure that the plan and budget establish objectives regarding such activities, describes the means for achieving the objectives, and designates the date by which the objectives are expected to be achieved;

(D) ensure that, with respect to amounts appropriated for activities of the Center, the plan and budget give priority in the expenditure of funds to conducting and supporting minority health disparities research;

(E) ensure that all amounts appropriated for such activities are expended in accordance with the plan and budget;

(F) review the plan and budget not less than annually, and revise the plan and budget as appropriate;

(G) ensure that the plan and budget serve as a broad, binding statement of policies regarding minority health disparities research and other health disparities research activities of the agencies, but do not remove the responsibility of the heads of the agencies for the approval of specific programs or projects, or for other details of the daily administration of such activities, in accordance with the plan and budget; and

(H) promote coordination and collaboration among the agencies conducting or supporting minority health or other health disparities research.

(2) Certain components of plan and budget

With respect to health disparities research activities of the agencies of the National Institutes of Health, the Director of the Center shall ensure that the plan and budget under paragraph (1) provide for—

CHANGE OF NAME

Committee on Commerce of House of Representatives changed to Committee on Energy and Commerce of House of Representatives, and jurisdiction over matters relating to securities and exchanges and insurance generally transferred to Committee on Financial Services of House of Representatives by House Resolution No. 5, One Hundred Seventh Congress, Jan. 3, 2001.

FINDINGS

Pub. L. 106-525, §2, Nov. 22, 2000, 114 Stat. 2495, provided that: "The Congress finds as follows:

¹So in original. Section 287a-1 of this title does not contain subsections.

“(1) Despite notable progress in the overall health of the Nation, there are continuing disparities in the burden of illness and death experienced by African Americans, Hispanics, Native Americans, Alaska Natives, and Asian Pacific Islanders, compared to the United States population as a whole.

“(2) The largest numbers of the medically underserved are white individuals, and many of them have the same health care access problems as do members of minority groups. Nearly 20,000,000 white individuals live below the poverty line with many living in nonmetropolitan, rural areas such as Appalachia, where the high percentage of counties designated as health professional shortage areas (47 percent) and the high rate of poverty contribute to disparity outcomes. However, there is a higher proportion of racial and ethnic minorities in the United States represented among the medically underserved.

“(3) There is a national need for minority scientists in the fields of biomedical, clinical, behavioral, and health services research. Ninety percent of minority physicians educated at Historically Black Medical Colleges live and serve in minority communities.

“(4) Demographic trends inspire concern about the Nation’s ability to meet its future scientific, technological, and engineering workforce needs. Historically, non-Hispanic white males have made up the majority of the United States scientific, technological, and engineering workers.

“(5) The Hispanic and Black population will increase significantly in the next 50 years. The scientific, technological, and engineering workforce may decrease if participation by underrepresented minorities remains the same.

“(6) Increasing rates of Black and Hispanic workers can help ensure a strong scientific, technological, and engineering workforce.

“(7) Individuals such as underrepresented minorities and women in the scientific, technological, and engineering workforce enable society to address its diverse needs.

“(8) If there had not been a substantial increase in the number of science and engineering degrees awarded to women and underrepresented minorities over the past few decades, the United States would be facing even greater shortages in scientific, technological, and engineering workers.

“(9) In order to effectively promote a diverse and strong 21st century scientific, technological, and engineering workforce, Federal agencies should expand or add programs that effectively overcome barriers such as educational transition from one level to the next and student requirements for financial resources.

“(10) Federal agencies should work in concert with the private nonprofit sector to emphasize the recruitment and retention of qualified individuals from ethnic and gender groups that are currently underrepresented in the scientific, technological, and engineering workforce.

“(11) Behavioral and social sciences research has increased awareness and understanding of factors associated with health care utilization and access, patient attitudes toward health services, and risk and protective behaviors that affect health and illness. These factors have the potential to then be modified to help close the health disparities gap among ethnic minority populations. In addition, there is a shortage of minority behavioral science researchers and behavioral health care professionals. According to the National Science Foundation, only 15.5 percent of behavioral research-oriented psychology doctorate degrees were awarded to minority students in 1997. In addition, only 17.9 percent of practice-oriented psychology doctorate degrees were awarded to ethnic minorities.”

REPORT REGARDING RESOURCES OF NATIONAL INSTITUTES OF HEALTH DEDICATED TO MINORITY AND OTHER HEALTH DISPARITIES RESEARCH

Pub. L. 106-525, title I, §105, Nov. 22, 2000, 114 Stat. 2504, provided that: “Not later than December 1, 2003,

the Director of the National Center on Minority Health and Health Disparities (established by the amendment made by section 101(a) [enacting this section]), after consultation with the advisory council for such Center, shall submit to the Congress, the Secretary of Health and Human Services, and the Director of the National Institutes of Health a report that provides the following:

“(1) Recommendations for the methodology that should be used to determine the extent of the resources of the National Institutes of Health that are dedicated to minority health disparities research and other health disparities research, including determining the amount of funds that are used to conduct and support such research. With respect to such methodology, the report shall address any discrepancies between the methodology used by such Institutes as of the date of the enactment of this Act [Nov. 22, 2000] and the methodology used by the Institute of Medicine as of such date.

“(2) A determination of whether and to what extent, relative to fiscal year 1999, there has been an increase in the level of resources of the National Institutes of Health that are dedicated to minority health disparities research, including the amount of funds used to conduct and support such research. The report shall include provisions describing whether and to what extent there have been increases in the number and amount of awards to minority serving institutions.”

PUBLIC AWARENESS AND DISSEMINATION OF INFORMATION ON HEALTH DISPARITIES

Pub. L. 106-525, title V, §501, Nov. 22, 2000, 114 Stat. 2510, provided that:

“(a) PUBLIC AWARENESS ON HEALTH DISPARITIES.—The Secretary of Health and Human Services (in this section referred to as the ‘Secretary’) shall conduct a national campaign to inform the public and health care professionals about health disparities in minority and other underserved populations by disseminating information and materials available on specific diseases affecting these populations and programs and activities to address these disparities. The campaign shall—

“(1) have a specific focus on minority and other underserved communities with health disparities; and

“(2) include an evaluation component to assess the impact of the national campaign in raising awareness of health disparities and information on available resources.

“(b) DISSEMINATION OF INFORMATION ON HEALTH DISPARITIES.—The Secretary shall develop and implement a plan for the dissemination of information and findings with respect to health disparities under titles I, II, III, and IV of this Act [see Tables for classification]. The plan shall—

“(1) include the participation of all agencies of the Department of Health and Human Services that are responsible for serving populations included in the health disparities research; and

“(2) have agency-specific strategies for disseminating relevant findings and information on health disparities and improving health care services to affected communities.”

(2) National Research Service Awards may not be used to support residency training of physicians and other health professionals.

(3) In awarding National Research Service Awards under this section, the Secretary shall take account of the Nation's overall need for biomedical research personnel by giving special consideration to physicians who agree to undertake a minimum of two years of biomedical research.

(4) The Secretary shall carry out paragraph (1) in a manner that will result in the recruitment of women, and individuals from disadvantaged backgrounds (including racial and ethnic minorities), into fields of biomedical or behavioral research and in the provision of research training to women and such individuals.

(b) Prerequisites for Award; review and approval by appropriate advisory councils; Award period; uses for Award; payments to non-Federal public or nonprofit private institutions

(1) No National Research Service Award may be made by the Secretary to any individual unless—

(A) the individual has submitted to the Secretary an application therefor and the Secretary has approved the application;

An application for an award shall be in such form, submitted in such manner, and contain such information, as the Secretary may by regulation prescribe.

(2) The making of grants under subsection (a)(1)(B) of this section for National Research Service Awards shall be subject to review and approval by the appropriate advisory councils within the Department of Health and Human Services (A) whose activities relate to the research or training under the awards, or (B) for the entity at which such research or training will be conducted.

A National Research Service Award made to an individual for research or research training at a non-Federal public or nonprofit private institution shall also provide for payments to be made to the institution for the cost of support services (including the cost of faculty salaries, supplies, equipment, general research support, and related items) provided such individual by such institution. The amount of any such payments to any institution shall be determined by the Secretary and shall bear a direct relationship to the reasonable costs of the institution for establishing and maintaining the quality of its biomedical and behavioral research and training programs.

§ 289a-1. Certain provisions regarding review and approval of proposals for research

(a) Review as precondition to research

(1) Protection of human research subjects

(A) In the case of any application submitted to the Secretary for financial assistance to conduct research, the Secretary may not approve or fund any application that is subject to review under section 289(a) of this title by an Institutional Review Board unless the application has undergone review in accordance with such section and has been recommended for approval by a majority of the members of the Board conducting such review.

(B) In the case of research that is subject to review under procedures established by the Secretary for the protection of human subjects in clinical research conducted by the National Institutes of Health, the Secretary may not authorize the conduct of the research unless the research has, pursuant to such procedures, been recommended for approval.

(2) Peer review

(A) the inadequacy of the qualifications of the entities that would be involved with the conduct of the research (including the entity that would directly receive the funds from the Secretary), subject to the condition that, with respect to the process of review through which the research was recommended for approval for purposes of subsection (a) of this section, all findings regarding such qualifications made in such process are conclusive; or

(B) the priorities established by the Secretary for the allocation of funds among projects of research that have been so recommended.

(3) Applicability

The limitation established in paragraph (1) regarding the authority to withhold funds because of ethical considerations shall apply without regard to whether the withholding of funds on such basis is characterized as a disapproval, a moratorium, a prohibition, or other characterization.

(4) Preliminary matters regarding use of procedures

The report shall include the information considered in making the findings.

(C) An ethics board shall be composed of no fewer than 14, and no more than 20, individuals who are not officers or employees of the United States. The Secretary shall make appointments to the board from among individuals with special qualifications and competence to provide advice and recommendations regarding ethical matters in biomedical and behavioral research. Of the members of the board—

of basic pay payable for GS-18 of the General Schedule.

(J) The Secretary, acting through the Director of the National Institutes of Health, shall provide to each ethics board reasonable staff and assistance to carry out the duties of the board.

(K) An ethics board shall terminate 30 days after the date on which the report required in subparagraph (B)(ii) is submitted to the Secretary and the congressional committees specified in such subparagraph.

(6) “Ethical considerations” defined

For purposes of this subsection, the term “ethical considerations” means considerations as to whether the nature of the research involved is such that it is unethical to conduct or support the research.

§ 289a-2. Inclusion of women and minorities in clinical research

(a) Requirement of inclusion

(1) In general

In conducting or supporting clinical research for purposes of this subchapter, the Director of NIH shall, subject to subsection (b) of this section, ensure that—

- (A) women are included as subjects in each project of such research; and
- (B) members of minority groups are included as subjects in such research.

(2) Outreach regarding participation as subjects

The Director of NIH, in consultation with the Director of the Office of Research on Women’s Health and the Director of the Office of Research on Minority Health, shall conduct or support outreach programs for the recruitment of women and members of minority groups as subjects in projects of clinical research.

(b) Inapplicability of requirement

The requirement established in subsection (a) of this section regarding women and members of minority groups shall not apply to a project of clinical research if the inclusion, as subjects in the project, of women and members of minority groups, respectively—

- (1) is inappropriate with respect to the health of the subjects;
- (2) is inappropriate with respect to the purpose of the research; or
- (3) is inappropriate under such other circumstances as the Director of NIH may designate.

(c) Design of clinical trials

In the case of any clinical trial in which women or members of minority groups will under subsection (a) of this section be included as subjects, the Director of NIH shall ensure that the trial is designed and carried out in a manner sufficient to provide for a valid analysis of whether the variables being studied in the trial affect women or members of minority groups, as the case may be, differently than other subjects in the trial.

(d) Guidelines**(1) In general**

Subject to paragraph (2), the Director of NIH, in consultation with the Director of the Office of Research on Women's Health and the Director of the Office of Research on Minority Health, shall establish guidelines regarding the requirements of this section. The guidelines shall include guidelines regarding—

- (A) the circumstances under which the inclusion of women and minorities as subjects in projects of clinical research is inappropriate for purposes of subsection (b) of this section;
- (B) the manner in which clinical trials are required to be designed and carried out for purposes of subsection (c) of this section; and
- (C) the operation of outreach programs under subsection (a) of this section.

(2) Certain provisions

With respect to the circumstances under which the inclusion of women or members of minority groups (as the case may be) as subjects in a project of clinical research is inappropriate for purposes of subsection (b) of this section, the following applies to guidelines under paragraph (1):

- (A)(i) In the case of a clinical trial, the guidelines shall provide that the costs of such inclusion in the trial is not a permissible consideration in determining whether such inclusion is inappropriate.
- (ii) In the case of other projects of clinical research, the guidelines shall provide that the costs of such inclusion in the project is not a permissible consideration in determining whether such inclusion is inappropriate unless the data regarding women or members of minority groups, respectively, that would be obtained in such project (in the event that such inclusion were required) have been or are being obtained through other means that provide data of comparable quality.

(B) In the case of a clinical trial, the guidelines may provide that such inclusion in the trial is not required if there is substantial scientific data demonstrating that there is no significant difference between—

- (i) the effects that the variables to be studied in the trial have on women or members of minority groups, respectively; and
- (ii) the effects that the variables have on the individuals who would serve as subjects in the trial in the event that such inclusion were not required.

(e) Date certain for guidelines; applicability**(1) Date certain**

The guidelines required in subsection (d) of this section shall be established and published in the Federal Register not later than 180 days after June 10, 1993.

(2) Applicability

For fiscal year 1995 and subsequent fiscal years, the Director of NIH may not approve any proposal of clinical research to be conducted or supported by any agency of the National Institutes of Health unless the proposal specifies the manner in which the research will comply with this section.

(f) Reports by advisory councils

The advisory council of each national research institute shall prepare biennial reports describing the manner in which the institute has complied with this section. Each such report shall be submitted to the Director of the institute involved for inclusion in the biennial report under section 283 of this title.

(g) Definitions

For purposes of this section:

- (1) The term "project of clinical research" includes a clinical trial.
- (2) The term "minority group" includes subpopulations of minority groups. The Director of NIH shall, through the guidelines established under subsection (d) of this section, define the terms "minority group" and "subpopulation" for purposes of the preceding sentence.

(July 1, 1944, ch. 373, title IV, §492B, as added Pub. L. 103-43, title I, §131, June 10, 1993, 107 Stat. 133.)

FEDERAL FUNDING OF FETAL TISSUE TRANSPLANTATION RESEARCH

Memorandum of President of the United States, Jan. 22, 1993, 58 F.R. 7457, provided:

Memorandum for the Secretary of Health and Human Services

On March 22, 1988, the Assistant Secretary for Health of Health and Human Services (“HHS”) imposed a temporary moratorium on Federal funding of research involving transplantation of fetal tissue from induced abortions. Contrary to the recommendations of a National Institutes of Health advisory panel, on November 2, 1989, the Secretary of Health and Human Services extended the moratorium indefinitely. This moratorium has significantly hampered the development of possible treatments for individuals afflicted with serious diseases and disorders, such as Parkinson’s disease, Alzheimer’s disease, diabetes, and leukemia. Accordingly, I hereby direct that you immediately lift the moratorium.

You are hereby authorized and directed to publish this memorandum in the Federal Register.

WILLIAM J. CLINTON.

CHANGE OF NAME

Committee on Commerce of House of Representatives changed to Committee on Energy and Commerce of House of Representatives, and jurisdiction over matters relating to securities and exchanges and insurance generally transferred to Committee on Financial Services of House of Representatives by House Resolution No. 5, One Hundred Seventh Congress, Jan. 3, 2001.

FINDINGS

Pub. L. 106-310, div. B, title XXXVI, §3662, Oct. 17, 2000, 114 Stat. 1241, provided that: "Congress makes the following findings:

"(1) The illegal importation of 3,4-methylenedioxy methamphetamine, commonly referred to as 'MDMA' or 'Ecstasy' (referred to in this subtitle [subtitle C (§§3661-3665) of title XXXVI of div. B of Pub. L. 106-310, see section 3661 of Pub. L. 106-310, set out as a Short Title of 2000 Amendment note under section 201 of this title] as 'Ecstasy'), has increased in recent years, as evidenced by the fact that Ecstasy seizures by the United States Customs Service have increased from less than 500,000 tablets during fiscal year 1997 to more than 9,000,000 tablets during the first 9 months of fiscal year 2000.

"(2) Use of Ecstasy can cause long-lasting, and perhaps permanent, damage to the serotonin system of the brain, which is fundamental to the integration of information and emotion, and this damage can cause long-term problems with learning and memory.

"(3) Due to the popularity and marketability of Ecstasy, there are numerous Internet websites with information on the effects of Ecstasy, the production of Ecstasy, and the locations of Ecstasy use (often referred to as 'raves'). The availability of this information targets the primary users of Ecstasy, who are most often college students, young professionals, and other young people from middle- to high-income families.

"(4) Greater emphasis needs to be placed on—

"(A) penalties associated with the manufacture, distribution, and use of Ecstasy;

"(B) the education of young people on the negative health effects of Ecstasy, since the reputation of Ecstasy as a 'safe' drug is the most dangerous component of Ecstasy;

"(C) the education of State and local law enforcement agencies regarding the growing problem of Ecstasy trafficking across the United States;

"(D) reducing the number of deaths caused by Ecstasy use and the combined use of Ecstasy with other 'club' drugs and alcohol; and

"(E) adequate funding for research by the National Institute on Drug Abuse to—

"(i) identify those most vulnerable to using Ecstasy and develop science-based prevention approaches tailored to the specific needs of individuals at high risk;

"(ii) understand how Ecstasy produces its toxic effects and how to reverse neurotoxic damage;

"(iii) develop treatments, including new medications and behavioral treatment approaches;

"(iv) better understand the effects that Ecstasy has on the developing children and adolescents; and

"(v) translate research findings into useful tools and ensure their effective dissemination."

“(4) research of United States youth, such as a 1994 study by Lewinsohn, Rohde, and Seeley, has shown predictors of suicide, such as a history of suicide attempts, current suicidal ideation and depression, a recent attempt or completed suicide by a friend, and low self-esteem; and

(a) Requirement

Records of the identity, diagnosis, prognosis, or treatment of any patient which are maintained in connection with the performance of any program or activity relating to substance abuse education, prevention, training, treatment, rehabilitation, or research, which is conducted, regulated, or directly or indirectly assisted by any department or agency of the United States shall, except as provided in subsection (e) of this section, be confidential and be disclosed only for the purposes and under the circumstances expressly authorized under subsection (b) of this section.

(b) Permitted disclosure

(1) Consent

The content of any record referred to in subsection (a) of this section may be disclosed in accordance with the prior written consent of the patient with respect to whom such record is maintained, but only to such extent, under such circumstances, and for such purposes as may be allowed under regulations prescribed pursuant to subsection (g) of this section.

DISTURBANCES

§ 290ff. Comprehensive community mental health services for children with serious emotional disturbances

(a) Grants to certain public entities

(1) In general

The Secretary, acting through the Director of the Center for Mental Health Services, shall make grants to public entities for the purpose of providing comprehensive community mental health services to children with a serious emotional disturbance.

(2) "Public entity" defined

For purposes of this part, the term "public entity" means any State, any political subdivision of a State, and any Indian tribe or tribal organization (as defined in section 450b(b) and section 450b(c)¹ of title 25).

(b) Considerations in making grants

(1) Requirement of status as grantee under part B of subchapter XVII

The Secretary may make a grant under subsection (a) of this section to a public entity only if—

(A) in the case of a public entity that is a State, the State is a grantee under section 300x of this title;

(B) in the case of a public entity that is a political subdivision of a State, the State in which the political subdivision is located is such a grantee; and

(C) in the case of a public entity that is an Indian tribe or tribal organization, the State in which the tribe or tribal organization is located is such a grantee.

(2) Requirement of status as medicaid provider

(A) Subject to subparagraph (B), the Secretary may make a grant under subsection (a) of this section only if, in the case of any service under such subsection that is covered in the State plan approved under title XIX of the Social Security Act [42 U.S.C. 1396 et seq.] for the State involved—

(i) the public entity involved will provide the service directly, and the entity has entered into a participation agreement under the State plan and is qualified to receive payments under such plan; or

(ii) the public entity will enter into an agreement with an organization under which the organization will provide the service, and the organization has entered into such a participation agreement and is qualified to receive such payments.

(B)(i) In the case of an organization making an agreement under subparagraph (A)(ii) regarding the provision of services under subsection (a) of this section, the requirement established in such subparagraph regarding a participation agreement shall be waived by the Secretary if the organization does not, in providing health or mental health services, impose a charge or accept reimbursement available from any third-party payor, including reimbursement under any insurance policy or under any Federal or State health benefits program.

(ii) A determination by the Secretary of whether an organization referred to in clause (i) meets the criteria for a waiver under such clause shall be made without regard to whether the organization accepts voluntary donations regarding the provision of services to the public.

(3) Certain considerations

In making grants under subsection (a) of this section, the Secretary shall—

(A) equitably allocate such assistance among the principal geographic regions of the United States;

(B) consider the extent to which the public entity involved has a need for the grant; and

(C) in the case of any public entity that is a political subdivision of a State or that is an Indian tribe or tribal organization—

(i) shall consider any comments regarding the application of the entity for such a grant that are received by the Secretary from the State in which the entity is located; and

(ii) shall give special consideration to the entity if the State agrees to provide a portion of the non-Federal contributions

¹ See References in Text note below.

required in subsection (c) of this section regarding such a grant.

(c) Matching funds

(1) In general

A funding agreement for a grant under subsection (a) of this section is that the public entity involved will, with respect to the costs to be incurred by the entity in carrying out the purpose described in such subsection, make available (directly or through donations from public or private entities) non-Federal contributions toward such costs in an amount that—

(A) for the first fiscal year for which the entity receives payments from a grant under such subsection, is not less than \$1 for each \$3 of Federal funds provided in the grant;

(B) for any second or third such fiscal year, is not less than \$1 for each \$3 of Federal funds provided in the grant;

(C) for any fourth such fiscal year, is not less than \$1 for each \$1 of Federal funds provided in the grant; and

(D) for any fifth and sixth such fiscal year,² is not less than \$2 for each \$1 of Federal funds provided in the grant.

(2) Determination of amount contributed

(A) Non-Federal contributions required in paragraph (1) may be in cash or in kind, fairly evaluated, including plant, equipment, or services. Amounts provided by the Federal Government, or services assisted or subsidized to any significant extent by the Federal Government, may not be included in determining the amount of such non-Federal contributions.

(B) In making a determination of the amount of non-Federal contributions for purposes of subparagraph (A), the Secretary may include only non-Federal contributions in excess of the average amount of non-Federal contributions made by the public entity involved toward the purpose described in subsection (a) of this section for the 2-year period preceding the first fiscal year for which the entity receives a grant under such section.

(July 1, 1944, ch. 373, title V, §561, as added Pub. L. 102-321, title I, §119, July 10, 1992, 106 Stat. 349; amended Pub. L. 103-43, title XX, §2017(1), June 10, 1993, 107 Stat. 218; Pub. L. 106-310, div. B, title XXXI, §3105(a), Oct. 17, 2000, 114 Stat. 1175.)

Another section 581 of act July 1, 1944, is classified to section 290hh of this title.

§ 290kk-1. Religious organizations as program participants

(a) In general

Notwithstanding any other provision of law, a religious organization, on the same basis as any other nonprofit private provider—

(1) may receive financial assistance under a designated program; and

(2) may be a provider of services under a designated program.

(b) Religious organizations

The purpose of this section is to allow religious organizations to be program participants on the same basis as any other nonprofit private provider without impairing the religious character of such organizations, and without diminishing the religious freedom of program beneficiaries.

(c) Nondiscrimination against religious organizations

(1) Eligibility as program participants

Religious organizations are eligible to be program participants on the same basis as any other nonprofit private organization as long as the programs are implemented consistent with the Establishment Clause and Free Exercise Clause of the First Amendment to the United States Constitution. Nothing in this chapter shall be construed to restrict the ability of the Federal Government, or a State or local government receiving funds under such programs, to apply to religious organizations the same eligibility conditions in designated programs as are applied to any other nonprofit private organization.

(2) Nondiscrimination

Neither the Federal Government nor a State or local government receiving funds under designated programs shall discriminate against an organization that is or applies to be a program participant on the basis that the organization has a religious character.

(d) Religious character and freedom

(1) Religious organizations

Except as provided in this section, any religious organization that is a program partici-

pant shall retain its independence from Federal, State, and local government, including such organization's control over the definition, development, practice, and expression of its religious beliefs.

(2) Additional safeguards

Neither the Federal Government nor a State shall require a religious organization to—

- (A) alter its form of internal governance; or
- (B) remove religious art, icons, scripture, or other symbols,

in order to be a program participant.

(e) Employment practices

Nothing in this section shall be construed to modify or affect the provisions of any other Federal or State law or regulation that relates to discrimination in employment. A religious organization's exemption provided under section 2000e-1 of this title regarding employment practices shall not be affected by its participation in, or receipt of funds from, a designated program.

(f) Rights of program beneficiaries

(1) In general

If an individual who is a program beneficiary or a prospective program beneficiary objects to the religious character of a program participant, within a reasonable period of time after the date of such objection such program participant shall refer such individual to, and the appropriate Federal, State, or local government that administers a designated program or is a program participant shall provide to such individual (if otherwise eligible for such services), program services that—

- (A) are from an alternative provider that is accessible to, and has the capacity to provide such services to, such individual; and
- (B) have a value that is not less than the value of the services that the individual would have received from the program participant to which the individual had such objection.

Upon referring a program beneficiary to an alternative provider, the program participant shall notify the appropriate Federal, State, or local government agency that administers the program of such referral.

(2) Notices

Program participants, public agencies that refer individuals to designated programs, and the appropriate Federal, State, or local governments that administer designated programs or are program participants shall ensure that notice is provided to program beneficiaries or prospective program beneficiaries of their rights under this section.

(3) Additional requirements

A program participant making a referral pursuant to paragraph (1) shall—

- (A) prior to making such referral, consider any list that the State or local government makes available of entities in the geographic area that provide program services; and
- (B) ensure that the individual makes contact with the alternative provider to which the individual is referred.

(4) Nondiscrimination

A religious organization that is a program participant shall not in providing program services or engaging in outreach activities under designated programs discriminate against a program beneficiary or prospective program beneficiary on the basis of religion or religious belief.

(g) Fiscal accountability

(1) In general

Except as provided in paragraph (2), any religious organization that is a program participant shall be subject to the same regulations as other recipients of awards of Federal financial assistance to account, in accordance with generally accepted auditing principles, for the use of the funds provided under such awards.

(2) Limited audit

With respect to the award involved, a religious organization that is a program participant shall segregate Federal amounts provided under award into a separate account from non-Federal funds. Only the award funds shall be subject to audit by the government.

(h) Compliance

With respect to compliance with this section by an agency, a religious organization may obtain judicial review of agency action in accordance with chapter 7 of title 5.

(July 1, 1944, ch. 373, title V, § 582, as added Pub. L. 106-554, § 1(a)(7) [title I, § 144], Dec. 21, 2000, 114 Stat. 2763, 2763A-620.)

§ 290kk-3. Educational requirements for personnel in drug treatment programs

(a) Findings

The Congress finds that—

- (1) establishing unduly rigid or uniform educational qualification for counselors and other personnel in drug treatment programs may undermine the effectiveness of such programs; and
- (2) such educational requirements for counselors and other personnel may hinder or prevent the provision of needed drug treatment services.

(b) Nondiscrimination

In determining whether personnel of a program participant that has a record of successful drug treatment for the preceding three years have satisfied State or local requirements for education and training, a State or local government shall not discriminate against education

and training provided to such personnel by a religious organization, so long as such education and training includes basic content substantially equivalent to the content provided by nonreligious organizations that the State or local government would credit for purposes of determining whether the relevant requirements have been satisfied.

(July 1, 1944, ch. 373, title V, § 584, as added Pub. L. 106-554, § 1(a)(7) [title I, § 144], Dec. 21, 2000, 114 Stat. 2763, 2763A-622.)

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 291b, 291d, 291g, 291o of this title.

§ 291b. State allotments

(a) Computation for individual States; formulas for both new construction and modernization

(1) Each State shall be entitled for each fiscal year to an allotment bearing the same ratio to the sums appropriated for such year pursuant to subparagraphs (1), (2), and (3), respectively, of section 291a(a) of this title, and to an allotment bearing the same ratio to the sums appropriated for such year pursuant to section 291a(b) of this title, as the product of—

- (A) the population of such State, and
- (B) the square of its allotment percentage,

bears to the sum of the corresponding products for all of the States.

(2) For each fiscal year, the Secretary shall, in accordance with regulations, make allotments among the States, from the sums appropriated for such year under section 291a(c) of this title, on the basis of the population, the financial need, and the extent of the need for modernization of the facilities referred to in paragraphs (a) and (b) of section 291a of this title, of the respective States.

(b) Minimum allotments

(1) The allotment to any State under subsection (a) of this section for any fiscal year which is less than—

(A) \$50,000 for the Virgin Islands, American Samoa, the Trust Territory of the Pacific Islands, or Guam and \$100,000 for any other State, in the case of an allotment for grants for the construction of public or other nonprofit rehabilitation facilities,

(B) \$100,000 for the Virgin Islands, American Samoa, the Trust Territory of the Pacific Islands, or Guam and \$200,000 for any other State in the case of an allotment for grants for the construction of public or other nonprofit outpatient facilities,

(C) \$200,000 for the Virgin Islands, American Samoa, the Trust Territory of the Pacific Islands, or Guam and \$300,000 for any other State in the case of an allotment for grants for the construction of public or other nonprofit facilities for long-term care or for the construction of public or other nonprofit hospitals and public health centers, or for the

modernization of facilities referred to in paragraph (a) or (b) of section 291a of this title, or (D) \$200,000 for the Virgin Islands, American Samoa, the Trust Territory of the Pacific Islands, or Guam and \$300,000 for any other State in the case of an allotment for grants for the modernization of facilities referred to in paragraphs (a) and (b) of section 291a of this title,

shall be increased to that amount, the total of the increases thereby required being derived by proportionately reducing the allotment from appropriations under such subparagraph or paragraph to each of the remaining States under subsection (a) of this section, but with such adjustments as may be necessary to prevent the allotment of any of such remaining States from appropriations under such subparagraph or paragraph from being thereby reduced to less than that amount.

(2) An allotment of the Virgin Islands, American Samoa, the Trust Territory of the Pacific Islands, or Guam for any fiscal year may be increased as provided in paragraph (1) only to the extent it satisfies the Surgeon General, at such time prior to the beginning of such year as the Surgeon General may designate, that such increase will be used for payments under and in accordance with the provisions of this part.

(c) Allotment percentages; definitions; determination

For the purposes of this part—

(1) The “allotment percentage” for any State shall be 100 per centum less that percentage which bears the same ratio to 50 per centum as the per capita income of such State bears to the per capita income of the United States, except that (A) the allotment percentage shall in no case be more than 75 per centum or less than 33 $\frac{1}{3}$ per centum, and (B) the allotment percentage for the Commonwealth of Puerto Rico, Guam, American Samoa, the Trust Territory of the Pacific Islands, and the Virgin Islands shall be 75 per centum.

(2) The allotment percentages shall be determined by the Surgeon General between July 1 and September 30 of each even-numbered year, on the basis of the average of the per capita incomes of each of the States and of the United States for the three most recent consecutive years for which satisfactory data are available from the Department of Commerce, and the States shall be notified promptly thereof. Such determination shall be conclusive for each of the two fiscal years in the period beginning July 1 next succeeding such determination.

(3) The population of the several States shall be determined on the basis of the latest figures certified by the Department of Commerce.

(4) The term “United States” means (but only for purposes of paragraphs (1) and (2)) the fifty States and the District of Columbia.

(d) Availability of allotments in subsequent years

(1) Any sum allotted to a State, other than the Virgin Islands, American Samoa, the Trust Territory of the Pacific Islands, and Guam for a fiscal year under this section and remaining unobligated at the end of such year shall remain available to such State, for the purpose for

which made, for the next two fiscal years (and for such years only), in addition to the sums allotted to such State for such purposes for such next two fiscal years.

(2) Any sum allotted to the Virgin Islands, American Samoa, the Trust Territory of the Pacific Islands, or Guam for a fiscal year under this section and remaining unobligated at the end of such year shall remain available to it, for the purpose for which made, for the next two fiscal years (and for such years only), in addition to the sums allotted to it for such purpose for each of such next two fiscal years.

(e) Transfer of allotments

(1) Upon the request of any State that a specified portion of any allotment of such State under subsection (a) of this section for any fiscal year be added to any other allotment or allotments of such State under such subsection for such year, the Secretary shall promptly (but after application of subsection (b) of this section) adjust the allotments of such State in accordance with such request and shall notify the State agency; except that the aggregate of the portions so transferred from an allotment for a fiscal year pursuant to this paragraph may not exceed the amount specified with respect to such allotment in clause (A), (B), (C), or (D), as the case may be, of subsection (b)(1) of this section which is applicable to such State.

(2) In addition to the transfer of portions of allotments under paragraph (1), upon the request of any State that a specified portion of any allotment of such State under subsection (a) of this section, other than an allotment for grants for the construction of public or other nonprofit rehabilitation facilities, be added to another allotment of such State under such subsection, other than an allotment for grants for the construction of public or other nonprofit hospitals and public health centers, and upon simultaneous certification to the Secretary by the State agency in such State to the effect that—

(A) it has afforded a reasonable opportunity to make applications for the portion so specified and there have been no approvable applications for such portion, or

(B) in the case of a request to transfer a portion of an allotment for grants for the construction of public or other nonprofit hospitals and public health centers, use of such portion as requested by such State agency will better carry out the purposes of this subchapter,

the Secretary shall promptly (but after application of subsection (b) of this section) adjust the allotments of such State in accordance with such request and shall notify the State agency.

(3) In addition to the transfer of portions of allotments under paragraph (1) or (2), upon the request of any State that a specified portion of an allotment of such State under paragraph (2) of subsection (a) of this section be added to an allotment of such State under paragraph (1) of such subsection for grants for the construction of public or other nonprofit hospitals and public health centers, and upon simultaneous certification by the State agency in such State to the effect that the need for new public or other nonprofit hospitals and public health centers is sub-

stantially greater than the need for modernization of facilities referred to in paragraph (a) or (b) of section 291a of this title, the Secretary shall promptly (but after application of subsection (b) of this section) adjust the allotments of such State in accordance with such request and shall notify the State agency.

(4) After adjustment of allotments of any State, as provided in paragraph (1), (2), or (3) of this subsection, the allotments as so adjusted shall be deemed to be the State's allotments under this section.

(f) Request by State to transfer portion of allotment

In accordance with regulations, any State may file with the Surgeon General a request that a specified portion of an allotment to it under this part for grants for construction of any type of facility, or for modernization of facilities, be added to the corresponding allotment of another State for the purpose of meeting a portion of the Federal share of the cost of a project for the construction of a facility of that type in such other State, or for modernization of a facility in such other State, as the case may be. If it is found by the Surgeon General (or, in the case of a rehabilitation facility, by the Surgeon General and the Secretary) that construction or modernization of the facility with respect to which the request is made would meet needs of the State making the request and that use of the specified portion of such State's allotment, as requested by it, would assist in carrying out the purposes of this subchapter, such portion of such State's allotment shall be added to the corresponding allotment of the other State, to be used for the purpose referred to above.

(2) Guarantees of loans to nonprofit private agencies under this part shall be subject to such further terms and conditions as the Secretary determines to be necessary to assure that the

purposes of this part will be achieved, and, to the extent permitted by subsection (f) of this section, any of such terms and conditions may be modified by the Secretary to the extent he determines it to be consistent with the financial interest of the United States.

(f) Incontestable guarantee

(a) Interest rates; security; equitable geographical distribution

(1) Any loan made by the Secretary to a public agency under this part for the modernization or construction of a public hospital or other health facility shall require such public agency to pay interest thereon at a rate comparable to the current rate of interest prevailing with respect to loans, to nonprofit private agencies, which are guaranteed under this part, for the modernization or construction of similar facilities in the same or similar areas, minus 3 per centum per annum.

(2)(A) No loan to a public agency shall be made under this part unless—

(i) the Secretary is reasonably satisfied that such agency will be able to make payments of principal and interest thereon when due, and

(ii) such agency provides the Secretary with reasonable assurances that there will be available to such agency such additional funds as may be necessary to complete the project with respect to which such loan is requested.

(B) Any loan to a public agency shall have such security, have such maturity date, be repayable in such installments, and be subject to such other terms and conditions (including provision for recovery in case of default) as the Secretary determines to be necessary to carry out the purposes of this part while adequately protecting the financial interests of the United States.

(3) In making loans to public agencies under this part, the Secretary shall give due regard to achieving an equitable geographical distribution of such loans.

(1) The Secretary is authorized to enter into an agreement with the purchaser of any loan sold under this part under which the Secretary agrees—

(A) to guarantee to such purchaser (and any successor in interest to such purchaser) payment of the principal and interest payable under such loan, and

(B) to pay as an interest subsidy to such purchaser (and any successor in interest of such purchaser) amounts which when added to the amount of interest payable on such loan, are equivalent to a reasonable rate of interest on such loan as determined by the Secretary, after taking into account the range of prevailing interest rates in the private market on similar loans and the risks assumed by the United States.

(2) Any such agreement—

(A) may provide that the Secretary shall act as agent of any such purchaser, for the purpose of collecting from the public agency to which such loan was made and paying over to such purchaser, any payments of principal and interest payable by such agency under such loan;

(B) may provide for the repurchase by the Secretary of any such loan on such terms and conditions as may be specified in the agreement;

(C) shall provide that, in the event of any default by the public agency to which such loan was made in payment of principal and interest due on such loan, the Secretary shall, upon notification to the purchaser (or to the successor in interest of such purchaser), have the option to close out such loan (and any obligations of the Secretary with respect thereto) by paying to the purchaser (or his successor in interest) the total amount of outstanding principal and interest due thereon at the time of such notification; and

(D) shall provide that, in the event such loan is closed out as provided in subparagraph (C), or in the event of any other loss incurred by the Secretary by reason of the failure of such public agency to make payments of principal and interest on such loan, the Secretary shall be subrogated to all rights of such purchaser for recovery of such loss from such public agency.

(d) Right of recovery; waiver

The Secretary may, for good cause, waive any right of recovery which he has against a public agency by reason of the failure of such agency to make payments of principal and interest on a loan made to such agency under this part.

(e) Interest and interest subsidies as gross income under Internal Revenue Code

After any loan to a public agency under this part has been sold and guaranteed, interest paid on such loan and any interest subsidy paid by the Secretary with respect to such loan which is received by the purchaser thereof (or his successor in interest) shall be included in gross income for the purposes of chapter 1 of title 26.

(f) Sales proceeds; deposit and use

Amounts received by the Secretary as proceeds from the sale of loans under this section shall be deposited in the loan fund established by section 291j-6 of this title, and shall be available to the Secretary for the making of further loans under this part in accordance with the provisions of subsection (a)(2) of such section.

§ 292a. Scope and duration of loan insurance program

(a) In general

The total principal amount of new loans made and installments paid pursuant to lines of credit (as defined in section 292o of this title) to borrowers covered by Federal loan insurance under this subpart shall not exceed \$350,000,000 for fiscal year 1993, \$375,000,000 for fiscal year 1994, and \$425,000,000 for fiscal year 1995. If the total amount of new loans made and installments

paid pursuant to lines of credit in any fiscal year is less than the ceiling established for such year, the difference between the loans made and installments paid and the ceiling shall be carried over to the next fiscal year and added to the ceiling applicable to that fiscal year, and if in any fiscal year no ceiling has been established, any difference carried over shall constitute the ceiling for making new loans (including loans to new borrowers) and paying installments for such fiscal year. Thereafter, Federal loan insurance pursuant to this subpart may be granted only for loans made (or for loan installments paid pursuant to lines of credit) to enable students, who have obtained prior loans insured under this subpart, to continue or complete their educational program or to obtain a loan under section 292d(a)(1)(B) of this title to pay interest on such prior loans; but no insurance may be granted for any loan made or installment paid after September 30, 1998. The total principal amount of Federal loan insurance available under this subsection shall be granted by the Secretary without regard to any apportionment for the purpose of chapter 15 of title 31 and without regard to any similar limitation.

(b) Certain limitations and priorities

(1) Limitations regarding lenders, States, or areas

The Secretary may, if necessary to assure an equitable distribution of the benefits of this subpart, assign, within the maximum amounts specified in subsection (a) of this section, Federal loan insurance quotas applicable to eligible lenders, or to States or areas, and may from time to time reassign unused portions of these quotas.

(2) Priority for certain lenders

In providing certificates of insurance under section 292e of this title through comprehensive contracts, the Secretary shall give priority to eligible lenders that agree—

(A) to make loans to students at interest rates below the rates prevailing, during the period involved, for loans covered by Federal loan insurance pursuant to this subpart; or

(B) to make such loans under terms that are otherwise favorable to the student relative to the terms under which eligible lenders are generally making such loans during such period.

(c) Authority of Student Loan Marketing Association

(1) In general

Subject to paragraph (2), the Student Loan Marketing Association, established under part B of title IV of the Higher Education Act of 1965 [20 U.S.C. 1071 et seq.], is authorized to make advances on the security of, purchase, service, sell, consolidate, or otherwise deal in loans which are insured by the Secretary under this subpart, except that if any loan made under this subpart is included in a consolidated loan pursuant to the authority of the Association under part B of title IV of the Higher Education Act of 1965, the interest rate on such consolidated loan shall be set at the weighted average interest rate of all such

loans offered for consolidation and the resultant per centum shall be rounded downward to the nearest one-eighth of 1 per centum, except that the interest rate shall be no less than the applicable interest rate of the guaranteed student loan program established under part B of title IV of the Higher Education Act of 1965. In the case of such a consolidated loan, the borrower shall be responsible for any interest which accrues prior to the beginning of the repayment period of the loan, or which accrues during a period in which principal need not be paid (whether or not such principal is in fact paid) by reason of any provision of the Higher Education Act of 1965 [20 U.S.C. 1001 et seq.].

(2) Applicability of certain Federal regulations

With respect to Federal regulations for lenders, this subpart may not be construed to preclude the applicability of such regulations to the Student Loan Marketing Association or to any other entity in the business of purchasing student loans, including such regulations with respect to applications, contracts, and due diligence.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 238n, 292a, 292e, 292n, 292o of this title.

§292e. Certificate of loan insurance; effective date of insurance

(a) In general

(1) Authority for issuance of certificate

If, upon application by an eligible lender, made upon such form, containing such information, and supported by such evidence as the Secretary may require, and otherwise in conformity with this section, the Secretary finds that the applicant has made a loan to an eligible borrower which is insurable under the provisions of this subpart, he may issue to the applicant a certificate of insurance covering the loan and setting forth the amount and terms of the insurance.

(2) Effective date of insurance

Insurance evidenced by a certificate of insurance pursuant to subsection (a)(1) of this section shall become effective upon the date of issuance of the certificate, except that the Secretary is authorized, in accordance with regulations, to issue commitments with respect to proposed loans, or with respect to

lines (or proposed lines) of credit, submitted by eligible lenders, and in that event, upon compliance with subsection (a)(1) of this section by the lender, the certificate of insurance may be issued effective as of the date when any loan, or any payment by the lender pursuant to a line of credit, to be covered by such insurance is made to a student described in section 292d(a)(1) of this title. Such insurance shall cease to be effective upon 60 days' default by the lender in the payment of any installment of the premiums payable pursuant to section 292g of this title.

(3) Certain agreements for lenders

An application submitted pursuant to subsection (a)(1) of this section shall contain—

(A) an agreement by the applicant to pay, in accordance with regulations, the premiums fixed by the Secretary pursuant to section 292g of this title; and

(B) an agreement by the applicant that if the loan is covered by insurance the applicant will submit such supplementary reports and statements during the effective period of the loan agreement, upon such forms, at such times, and containing such information as the Secretary may prescribe by or pursuant to regulation.

(b) Authority regarding comprehensive insurance coverage

(1) In general

In lieu of requiring a separate insurance application and issuing a separate certificate of insurance for each loan made by an eligible lender as provided in subsection (a) of this section, the Secretary may, in accordance with regulations consistent with section 292a of this title, issue to any eligible lender applying therefor a certificate of comprehensive insurance coverage which shall, without further action by the Secretary, insure all insurable loans made by that lender, on or after the date of the certificate and before a specified cutoff date, within the limits of an aggregate maximum amount stated in the certificate. Such regulations may provide for conditioning such insurance, with respect to any loan, upon compliance by the lender with such requirements (to be stated or incorporated by reference in the certificate) as in the Secretary's judgment will best achieve the purpose of this subsection while protecting the financial interest of the United States and promoting the objectives of this subpart, including (but not limited to) provisions as to the reporting of such loans and information relevant thereto to the Secretary and as to the payment of initial and other premiums and the effect of default therein, and including provision for confirmation by the Secretary from time to time (through endorsement of the certificate) of the coverage of specific new loans by such certificate, which confirmation shall be incontestable by the Secretary in the absence of fraud or misrepresentation of fact or patent error.

(2) Lines of credit beyond cutoff date

If the holder of a certificate of comprehensive insurance coverage issued under this subsection grants to a borrower a line of credit

extending beyond the cutoff date specified in that certificate, loans or payments thereon made by the holder after that date pursuant to the line of credit shall not be deemed to be included in the coverage of that certificate except as may be specifically provided therein; but, subject to the limitations of section 292a of this title, the Secretary may, in accordance with regulations, make commitments to insure such future loans or payments, and such commitments may be honored either as provided in subsection (a) of this section or by inclusion of such insurance in comprehensive coverage under this subsection for the period or periods in which such future loans or payments are made.

(c) Assignment of insurance rights

The rights of an eligible lender arising under insurance evidenced by a certificate of insurance issued to it under this section may be assigned by such lender, subject to regulation by the Secretary, only to—

(1) another eligible lender (including a public entity in the business of purchasing student loans); or

(2) the Student Loan Marketing Association.

(d) Effect of refinancing or consolidation of obligations

The consolidation of the obligations of two or more federally insured loans obtained by a borrower in any fiscal year into a single obligation evidenced by a single instrument of indebtedness or the refinancing of a single loan shall not affect the insurance by the United States. If the loans thus consolidated are covered by separate certificates of insurance issued under subsection (a) of this section, the Secretary may upon surrender of the original certificates issue a new certificate of insurance in accordance with that subsection upon the consolidated obligation. If the loans thus consolidated are covered by a single comprehensive certificate issued under subsection (b) of this section, the Secretary may amend that certificate accordingly.

(e) Rule of construction regarding consolidation of debts and refinancing

Nothing in this section shall be construed to preclude the lender and the borrower, by mutual agreement, from consolidating all of the borrower's loans insured under this subpart into a single instrument (or, if the borrower obtained only 1 loan insured under this subpart, refinancing the loan 1 time) under the terms applicable to an insured loan made at the same time as the consolidation. The lender or loan holder should provide full information to the borrower concerning the advantages and disadvantages of loan consolidation or refinancing. SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 292a, 292f, 300t-12 of this title.

§ 292f. Default of borrower**(a) Conditions for payment to beneficiary****(1) In general**

Upon default by the borrower on any loan covered by Federal loan insurance pursuant to this subpart, and after a substantial collection effort (including, subject to subsection (h) of this section, commencement and prosecution of an action) as determined under regulations of the Secretary, the insurance beneficiary shall promptly notify the Secretary and the Secretary shall, if requested (at that time or after further collection efforts) by the beneficiary, or may on his own motion, if the insurance is still in effect, pay to the beneficiary the amount of the loss sustained by the insured upon that loan as soon as that amount has been determined, except that, if the insurance beneficiary including any servicer of the loan is not designated for “exceptional performance”, as set forth in paragraph (2), the Secretary shall pay to the beneficiary a sum equal to 98 percent of the amount of the loss sustained by the insured upon that loan.

(2) Exceptional performance**(A) Authority**

Where the Secretary determines that an eligible lender, holder, or servicer has a com-

pliance performance rating that equals or exceeds 97 percent, the Secretary shall designate that eligible lender, holder, or servicer, as the case may be, for exceptional performance.

(B) Compliance performance rating

For purposes of subparagraph (A), a compliance performance rating is determined with respect to compliance with due diligence in the disbursement, servicing, and collection of loans under this subpart for each year for which the determination is made. Such rating shall be equal to the percentage of all due diligence requirements applicable to each loan, on average, as established by the Secretary, with respect to loans serviced during the period by the eligible lender, holder, or servicer.

(C) Annual audits for lenders, holders, and servicers

Each eligible lender, holder, or servicer desiring a designation under subparagraph (A) shall have an annual financial and compliance audit conducted with respect to the loan portfolio of such eligible lender, holder, or servicer, by a qualified independent organization from a list of qualified organizations identified by the Secretary and in accordance with standards established by the Secretary. The standards shall measure the lender’s, holder’s, or servicer’s compliance with due diligence standards and shall include a defined statistical sampling technique designed to measure the performance rating of the eligible lender, holder, or servicer for the purpose of this section. Each eligible lender, holder, or servicer shall submit the audit required by this section to the Secretary.

(D) Secretary’s determinations

The Secretary shall make the determination under subparagraph (A) based upon the audits submitted under this paragraph and any information in the possession of the Secretary or submitted by any other agency or office of the Federal Government.

(E) Quarterly compliance audit

To maintain its status as an exceptional performer, the lender, holder, or servicer shall undergo a quarterly compliance audit at the end of each quarter (other than the quarter in which status as an exceptional performer is established through a financial and compliance audit, as described in subparagraph (C)), and submit the results of such audit to the Secretary. The compliance audit shall review compliance with due diligence requirements for the period beginning on the day after the ending date of the previous audit, in accordance with standards determined by the Secretary.

(F) Revocation authority

The Secretary shall revoke the designation of a lender, holder, or servicer under subparagraph (A) if any quarterly audit required under subparagraph (E) is not received by the Secretary by the date established by the Secretary or if the audit indi-

ates the lender, holder, or servicer has failed to meet the standards for designation as an exceptional performer under subparagraph (A). A lender, holder, or servicer receiving a compliance audit not meeting the standard for designation as an exceptional performer may reapply for designation under subparagraph (A) at any time.

(G) Documentation

Nothing in this section shall restrict or limit the authority of the Secretary to require the submission of claims documentation evidencing servicing performed on loans, except that the Secretary may not require exceptional performers to submit greater documentation than that required for lenders, holders, and servicers not designated under subparagraph (A).

(H) Cost of audits

Each eligible lender, holder, or servicer shall pay for all the costs associated with the audits required under this section.

(I) Additional revocation authority

Notwithstanding any other provision of this section, a designation under subparagraph (A) may be revoked at any time by the Secretary if the Secretary determines that the eligible lender, holder, or servicer has failed to maintain an overall level of compliance consistent with the audit submitted by the eligible lender, holder, or servicer under this paragraph or if the Secretary asserts that the lender, holder, or servicer may have engaged in fraud in securing designation under subparagraph (A) or is failing to service loans in accordance with program requirements.

(J) Noncompliance

A lender, holder, or servicer designated under subparagraph (A) that fails to service loans or otherwise comply with applicable program regulations shall be considered in violation of the Federal False Claims Act.

(b) Subrogation

Upon payment by the Secretary of the amount of the loss pursuant to subsection (a) of this section, the United States shall be subrogated for all of the rights of the holder of the obligation upon the insured loan and shall be entitled to an assignment of the note or other evidence of the insured loan by the insurance beneficiary. If the net recovery made by the Secretary on a loan after deduction of the cost of that recovery (including reasonable administrative costs) exceeds the amount of the loss, the excess shall be paid over to the insured. The Secretary may sell without recourse to eligible lenders (or other entities that the Secretary determines are capable of dealing in such loans) notes or other evidence of loans received through assignment under the first sentence.

(c) Forbearance

Nothing in this section or in this subpart shall be construed to preclude any forbearance for the benefit of the borrower which may be agreed upon by the parties to the insured loan and approved by the Secretary or to preclude forbear-

ance by the Secretary in the enforcement of the insured obligation after payment on that insurance.

(d) Reasonable care and diligence regarding loans

Nothing in this section or in this subpart shall be construed to excuse the eligible lender or holder of a federally insured loan from exercising reasonable care and diligence in the making of loans under the provisions of this subpart and from exercising a substantial effort in the collection of loans under the provisions of this subpart. If the Secretary, after reasonable notice and opportunity for hearing to an eligible lender, finds that the lender has failed to exercise such care and diligence, to exercise such substantial efforts, to make the reports and statements required under section 292e(a)(3) of this title, or to pay the required Federal loan insurance premiums, he shall disqualify that lender from obtaining further Federal insurance on loans granted pursuant to this subpart until he is satisfied that its failure has ceased and finds that there is reasonable assurance that the lender will in the future exercise necessary care and diligence, exercise substantial effort, or comply with such requirements, as the case may be.

(e) Definitions

For purposes of this section:

(1) The term “insurance beneficiary” means the insured or its authorized assignee in accordance with section 292e(c) of this title.

Procedures for reduction of payments under the medicare program are provided under section 1395ccc of this title. Notwithstanding such section 1395ccc of this title, any funds recovered under this subsection shall be deposited in the insurance fund established under section 292i of this title.

Notwithstanding any other provision of Federal or State law, a debt that is a loan insured under the authority of this subpart may be released by a discharge in bankruptcy under any chapter of title 11, only if such discharge is granted—

(1) after the expiration of the seven-year period beginning on the first date when repay-

ment of such loan is required, exclusive of any period after such date in which the obligation to pay installments on the loan is suspended;

(2) upon a finding by the Bankruptcy Court that the nondischarge of such debt would be unconscionable; and

(3) upon the condition that the Secretary shall not have waived the Secretary's rights to apply subsection (f) of this section to the borrower and the discharged debt.

(h) Requirement regarding actions for default

(1) In general

With respect to the default by a borrower on any loan covered by Federal loan insurance under this subpart, the Secretary shall, under subsection (a) of this section, require an eligible lender or holder to commence and prosecute an action for such default unless—

(A) in the determination of the Secretary—

(ii) prosecution of such an action would be fruitless because of the financial or other circumstances of the borrower;

(C) for such loans made after November 4, 1988, the loan involved was made in an amount of less than \$2,500.

(2) Relationship to claim for payment

With respect to an eligible lender or holder that has commenced an action pursuant to subsection (a) of this section, the Secretary shall make the payment required in such subsection, or deny the claim for such payment, not later than 60 days after the date on which the Secretary determines that the lender or holder has made reasonable efforts to secure a judgment and collect on the judgment entered into pursuant to this subsection.

(3) State court judgments

With respect to any State court judgment that is obtained by a lender or holder against a borrower for default on a loan insured under this subpart and that is subrogated to the United States under subsection (b) of this section, any United States attorney may register such judgment with the Federal courts for enforcement.

(i) Inapplicability of Federal and State statute of limitations on actions for loan collection

Notwithstanding any other provision of Federal or State law, there shall be no limitation on the period within which suit may be filed, a judgment may be enforced, or an offset, garnishment, or other action may be initiated or taken by the Secretary, the Attorney General, or other administrative head of another Federal agency, as the case may be, for the repayment of the amount due from a borrower on a loan made under this subpart that has been assigned to the Secretary under subsection (b) of this section.

(j) School collection assistance

An institution or postgraduate training program attended by a borrower may assist in the

collection of any loan of that borrower made under this subpart which becomes delinquent, including providing information concerning the borrower to the Secretary and to past and present lenders and holders of the borrower's loans, contacting the borrower in order to encourage repayment, and withholding services in accordance with regulations issued by the Secretary under section 292n(a)(7) of this title. (ii) may be engaged in by the borrower during such a two-year period which begins within twelve months after the completion of the borrower's participation in advanced professional training described in paragraph (1)(C) or prior to the completion of such borrower's participation in such training.

(d) Cancellation of liability

The liability to repay the unpaid balance of such a loan and accrued interest thereon shall be canceled upon the death of the borrower, or if the Secretary determines that he has become permanently, and totally disabled.

(e) Rate of interest

Such loans shall bear interest, on the unpaid balance of the loan, computed only for periods for which the loan is repayable, at the rate of 5 percent per year.

(f) Security or endorsement

Loans shall be made under this subpart without security or endorsement, except that if the borrower is a minor and the note or other evidence of obligation executed by him would not, under the applicable law, create a binding obligation, either security or endorsement may be required.

(g) Transferring and assigning loans

No note or other evidence of a loan made under this subpart may be transferred or assigned by the school making the loan except that, if the borrowers transfer to another school participating in the program under this subpart, such note or other evidence of a loan may be transferred to such other school.

Subject to regulations of the Secretary, a school may assess a charge with respect to loans made this subpart¹ to cover the costs of insuring against cancellation of liability under subsection (d) of this section.

(i) Charge with respect to late payments

Subject to regulations of the Secretary, and in accordance with this section, a school shall assess a charge with respect to a loan made under this subpart for failure of the borrower to pay all or any part of an installment when it is due and, in the case of a borrower who is entitled to deferment of the loan under subsection (c) of this section, for any failure to file timely and satisfactory evidence of such entitlement. No such charge may be made if the payment of such installment or the filing of such evidence is made within 60 days after the date on which such installment or filing is due. The amount of any such charge may not exceed an amount equal to 6 percent of the amount of such installment. The school may elect to add the amount of any such charge to the principal amount of the loan as of the first day after the day on which such installment or evidence was due, or to make the amount of the charge payable to the school not later than the due date of the next installment after receipt by the borrower of notice of the assessment of the charge.

(j) Authority of schools regarding rate of payment

(k) Authority regarding repayments by Secretary

Upon application by a person who received, and is under an obligation to repay, any loan made to such person as a health professions student to enable him to study medicine, osteopathy, dentistry, veterinary medicine, optometry, pharmacy, or podiatry, the Secretary may undertake to repay (without liability to the applicant) all or any part of such loan, and any interest or portion thereof outstanding thereon, upon his determination, pursuant to regulations establishing criteria therefor, that the applicant—

- (2) is in exceptionally needy circumstances;
- (3) is from a low-income or disadvantaged family as those terms may be defined by such regulations; and
- (4) has not resumed, or cannot reasonably be expected to resume, the study of medicine, osteopathy, dentistry, veterinary medicine, optometry, pharmacy, or podiatric medicine, within two years following the date upon which he terminated such studies.

(l) Collection efforts by Secretary

The Secretary is authorized to attempt to collect any loan which was made under this subpart, which is in default, and which was referred to the Secretary by a school with which the Secretary has an agreement under this subpart, on behalf of that school under such terms and conditions as the Secretary may prescribe (including reimbursement from the school's student loan fund for expenses the Secretary may reasonably incur in attempting collection), but only if the school has complied with such requirements as the Secretary may specify by regulation with respect to the collection of loans under this subpart. A loan so referred shall be treated as a debt subject to section 5514 of title 5. Amounts collected shall be deposited in the school's student loan fund. Whenever the Secretary desires the institution of a civil action regarding any such loan, the Secretary shall refer the matter to the Attorney General for appropriate action.

(m) Elimination of statute of limitation for loan collections**(1) Purpose**

It is the purpose of this subsection to ensure that obligations to repay loans under this section are enforced without regard to any Federal or State statutory, regulatory, or administrative limitation on the period within which debts may be enforced.

(2) Prohibition

Notwithstanding any other provision of Federal or State law, no limitation shall terminate the period within which suit may be filed, a judgment may be enforced, or an offset, garnishment, or other action may be initiated or taken by a school that has an agreement with the Secretary pursuant to section 292q of this

(A) to enter and complete a residency training program in primary health care not later than 4 years after the date on which the student graduates from such school; and
(B) to practice in such care through the date on which the loan is repaid in full.

(2) Inapplicability to certain students

(A) The requirement established in paragraph (1) regarding the student loan fund of a school does not apply to a student if—

(4) Waivers

(A) With respect to the obligation of an individual under an agreement made under paragraph (1) as a student, the Secretary shall provide for the partial or total waiver or suspension of the obligation whenever compliance by the individual is impossible, or would involve extreme hardship to the individual, and if en-

forcement of the obligation with respect to the individual would be unconscionable.

(B) For purposes of subparagraph (A), the obligation of an individual shall be waived if—

(i) the status of the individual as a student of the school involved is terminated before graduation from the school, whether voluntarily or involuntarily; and

(ii) the individual does not, after such termination, resume attendance at the school or begin attendance at any other school of medicine or osteopathic medicine.

(C) If an individual resumes or begins attendance for purposes of subparagraph (B), the obligation of the individual under the agreement under paragraph (1) shall be considered to have been suspended for the period in which the individual was not in attendance.

(a) Maximum amount per individual per year; preference to first year students

The total of the loans for any academic year (or its equivalent, as determined under regulations of the Secretary) made by schools of nursing from loan funds established pursuant to agreements under this part¹ may not exceed \$2,500 in the case of any student, except that for the final two academic years of the program involved, such total may not exceed \$4,000. The aggregate of the loans for all years from such funds may not exceed \$13,000 in the case of any student. In the granting of such loans, a school shall give preference to licensed practical nurses, to persons with exceptional financial need, and to persons who enter as first-year students after enactment of this subchapter.

(b) Terms and conditions

Loans from any such student loan fund by any school shall be made on such terms and conditions as the school may determine; subject, however, to such conditions, limitations, and requirements as the Secretary may prescribe (by regulation or in the agreement with the school) with a view to preventing impairment of the capital of such fund to the maximum extent practicable in the light of the objective of enabling the student to complete his course of study; and except that—

(1) such a loan may be made only to a student who (A) is in need of the amount of the loan to pursue a full-time or half-time course of study at the school leading to a baccalaureate or associate degree in nursing or an equivalent degree, or a diploma in nursing, or a graduate degree in nursing, (B) is capable, in the opinion of the school, of maintaining good standing in such course of study, and (C) with respect to any student enrolling in the school after June 30, 1986, is of financial need (as defined in regulations issued by the Secretary);²

(2) such a loan shall be repayable in equal or graduated periodic installments (with the right of the borrower to accelerate repayment) over the ten-year period which begins nine months after the student ceases to pursue a full-time or half-time course of study at a school of nursing, excluding from such 10-year period all (A) periods (up to three years) of (i) active duty performed by the borrower as a member of a uniformed service, or (ii) service as a volunteer under the Peace Corps Act [22 U.S.C. 2501 et seq.], (B) periods (up to ten years) during which the borrower is pursuing a full-time or half-time course of study at a collegiate school of nursing leading to baccalaureate degree in nursing or an equivalent degree, or to graduate degree in nursing, or is otherwise pursuing advanced professional

training in nursing (or training to be a nurse anesthetist), and (C) such additional periods under the terms of paragraph (8) of this subsection;

(3) in the case of a student who received such a loan before September 29, 1979, an amount up to 85 per centum of any such loan made before such date (plus interest thereon) shall be canceled for full-time employment as a professional nurse (including teaching in any of the fields of nurse training and service as an administrator, supervisor, or consultant in any of the fields of nursing) in any public or non-profit private agency, institution, or organization (including neighborhood health centers), at the rate of 15 per centum of the amount of such loan (plus interest) unpaid on the first day of such service for each of the first, second, and third complete year of such service, and 20 per centum of such amount (plus interest) for each complete fourth and fifth year of such service;

(4) the liability to repay the unpaid balance of such loan and accrued interest thereon shall be canceled upon the death of the borrower, or if the Secretary determines that he has become permanently and totally disabled;

(5) such a loan shall bear interest on the unpaid balance of the loan, computed only for periods during which the loan is repayable, at the rate of 5 percent per annum;

(6) such a loan shall be made without security or endorsement, except that if the borrower is a minor and the note or other evidence of obligation executed by him would not, under the applicable law, create a binding obligation, either security or endorsement may be required;

(7) no note or other evidence of any such loan may be transferred or assigned by the school making the loan except that, if the borrower transfers to another school participating in the program under this part¹ such note or other evidence of a loan may be transferred to such other school; and

(8) pursuant to uniform criteria established by the Secretary, the repayment period established under paragraph (2) for any student borrower who during the repayment period failed to make consecutive payments and who, during the last 12 months of the repayment period, has made at least 12 consecutive payments may be extended for a period not to exceed 10 years.

(c) Cancellation

Where all or any part of a loan, or interest, is canceled under this section, the Secretary shall pay to the school an amount equal to the school's proportionate share of the canceled portion, as determined by the Secretary.

(d) Installments

Any loan for any year by a school from a student loan fund established pursuant to an agreement under this part¹ shall be made in such installments as may be provided in regulations of the Secretary or such agreement and, upon notice to the Secretary by the school that any recipient of a loan is failing to maintain satisfactory standing, any or all further installments of his loan shall be withheld, as may be appropriate.

(e) Availability to eligible students in need

An agreement under this part¹ with any school shall include provisions designed to make loans from the student loan fund established thereunder reasonably available (to the extent of the available funds in such fund) to all eligible students in the school in need thereof.

(f) Penalty for late payment

Subject to regulations of the Secretary and in accordance with this section, a school shall assess a charge with respect to a loan from the loan fund established pursuant to an agreement under this part¹ for failure of the borrower to pay all or any part of an installment when it is due and, in the case of a borrower who is entitled to deferment of the loan under subsection (b)(2) of this section or cancellation of part or all of the loan under subsection (b)(3) of this section, for any failure to file timely and satisfactory evidence for such entitlement. No such charge may be made if the payment of such installment or the filing of such evidence is made within 60 days after the date on which such installment or filing is due. The amount of any such charge may not exceed an amount equal to 6 percent of the amount of such installment. The school may elect to add the amount of any such charge to the principal amount of the loan as of the first day after the day on which such installment or evidence was due, or to make the amount of the charge payable to the school not later than the due date of the next installment after receipt by the borrower of notice of the assessment of the charge.

(g) Minimum monthly repayment

A school may provide in accordance with regulations of the Secretary, that during the repayment period of a loan from a loan fund established pursuant to an agreement under this part¹ payments of principal and interest by the borrower with respect to all the outstanding loans made to him from loan funds so established shall be at a rate equal to not less than \$40 per month.

(h) Loan cancellation

Notwithstanding the amendment made by section 6(b) of the Nurse Training Act of 1971 to this section—

(A) any person who obtained one or more loans from a loan fund established under this part,¹ who before November 18, 1971, became eligible for cancellation of all or part of such loans (including accrued interest) under this section (as in effect on the day before such date), and who on such date was not engaged in a service for which loan cancellation was authorized under this section (as so in effect), may at any time elect to receive such cancellation in accordance with this subsection (as so in effect); and

(B) in the case of any person who obtained one or more loans from a loan fund established under this part¹ and who on such date was engaged in a service for which cancellation of all or part of such loans (including accrued interest) was authorized under this section (as so in effect), this section (as so in effect) shall continue to apply to such person for purposes of providing such loan cancellation until he terminates such service.

Nothing in this subsection shall be construed to prevent any person from entering into an agreement for loan cancellation under subsection (h)¹ of this section (as amended by section 6(b)(2) of the Nurse Training Act of 1971).

(i) Loan repayment

Upon application by a person who received, and is under an obligation to repay, any loan made to such person as a nursing student, the Secretary may undertake to repay (without liability to the applicant) all or any part of such loan, and any interest or portion thereof outstanding thereon, upon his determination, pursuant to regulations establishing criteria therefor, that the applicant—

(1) failed to complete the nursing studies with respect to which such loan was made;

(2) is in exceptionally needy circumstances; and

(3) has not resumed, or cannot reasonably be expected to resume, such nursing studies within two years following the date upon which the applicant terminated the studies with respect to which such loan was made.

(j) Collection by Secretary of loan in default; preconditions and procedures applicable

The Secretary is authorized to attempt to collect any loan which was made under this part,¹ which is in default, and which was referred to the Secretary by a school of nursing with which the Secretary has an agreement under this part,¹ on behalf of that school under such terms and conditions as the Secretary may prescribe (including reimbursement from the school's student loan fund for expenses the Secretary may reasonably incur in attempting collection), but only if the school has complied with such requirements as the Secretary may specify by regulation with respect to the collection of loans under this part.¹ A loan so referred shall be treated as a debt subject to section 5514 of title 5. Amounts collected shall be deposited in the school's student loan fund. Whenever the Secretary desires the institution of a civil action regarding any such loan, the Secretary shall refer the matter to the Attorney General for appropriate action.

(k) Redesignated (j)

(l) Elimination of statute of limitation for loan collections

(1) Purpose

It is the purpose of this subsection to ensure that obligations to repay loans under this section are enforced without regard to any Federal or State statutory, regulatory, or administrative limitation on the period within which debts may be enforced.

(2) Prohibition

Notwithstanding any other provision of Federal or State law, no limitation shall terminate the period within which suit may be filed, a judgment may be enforced, or an offset, garnishment, or other action may be initiated or taken by a school of nursing that has an agreement with the Secretary pursuant to section 297a of this title that is seeking the repayment of the amount due from a borrower

on a loan made under this part¹ after the default of the borrower on such loan.

Text read as follows: "Beginning with fiscal year 2003, the Director shall annually submit to the Congress a report regarding prevailing disparities in health care delivery as it relates to racial factors and socioeconomic factors in priority populations."

REDUCING ADMINISTRATIVE HEALTH CARE COSTS

Pub. L. 103-43, title XIX, §1909, June 10, 1993, 107 Stat. 205, as amended by Pub. L. 106-129, §2(b)(2), Dec. 6, 1999, 113 Stat. 1670, provided that: "The Secretary of Health and Human Services, acting through the Agency for Healthcare Research and Quality and, to the extent possible, in consultation with the Health Care Financing Administration, may fund research to develop a text-based standardized billing process, through the utilization of text-based information retrieval and natural language processing techniques applied to automatic coding and analysis of textual patient discharge

summaries and other text-based electronic medical records, within a parallel general purpose (shared memory) high performance computing environment. This section is referred to in section 299a-1 of this title.

§ 299a-1. Research on health disparities**(a) In general**

The Director shall—

(2) conduct and support research on the causes of and barriers to reducing the health disparities identified in paragraph (1), taking into account such factors as socioeconomic status, attitudes toward health, the language spoken, the extent of formal education, the area or community in which the population resides, and other factors the Director determines to be appropriate;

(3) conduct and support research and support demonstration projects to identify, test, and evaluate strategies for reducing or eliminating health disparities, including development or identification of effective service delivery models, and disseminate effective strategies and models;

(4) develop measures and tools for the assessment and improvement of the outcomes, quality, and appropriateness of health care services provided to health disparity populations;

(5) in carrying out section 299a(c) of this title, provide support to increase the number of researchers who are members of health disparity populations, and the health services research capacity of institutions that train such researchers; and

(6) beginning with fiscal year 2003, annually submit to the Congress a report regarding prevailing disparities in health care delivery as it relates to racial factors and socioeconomic factors in priority populations.

(b) Research and demonstration projects**(1) In general**

In carrying out subsection (a) of this section, the Director shall conduct and support research and support demonstrations to—

(A) identify the clinical, cultural, socioeconomic, geographic, and organizational factors that contribute to health disparities, including minority health disparity populations, which research shall include behavioral research, such as examination of patterns of clinical decisionmaking, and research on access, outreach, and the availability of related support services (such as cultural and linguistic services);

outcomes, and access to care for health disparity populations, including minority health disparity populations;

(C) test such strategies and widely disseminate those strategies for which there is scientific evidence of effectiveness; and

(D) determine the most effective approaches for disseminating research findings to health disparity populations, including minority populations.

(2) Use of certain strategies

In carrying out this section, the Director shall implement research strategies and mechanisms that will enhance the involvement of individuals who are members of minority health disparity populations or other health disparity populations, health services researchers who are such individuals, institutions that train such individuals as researchers, members of minority health disparity populations or other health disparity populations for whom the Agency is attempting to improve the quality and outcomes of care, and representatives of appropriate tribal or other community-based organizations with respect to health disparity populations. Such research strategies and mechanisms may include the use of—

(A) centers of excellence that can demonstrate, either individually or through consortia, a combination of multi-disciplinary expertise in outcomes or quality improvement research, linkages to relevant sites of care, and a demonstrated capacity to involve members and communities of health disparity populations, including minority health disparity populations, in the planning, conduct, dissemination, and translation of research;

(B) provider-based research networks, including health plans, facilities, or delivery system sites of care (especially primary care), that make extensive use of health care providers who are members of health disparity populations or who serve patients in such populations and have the capacity to evaluate and promote quality improvement;

(C) service delivery models (such as health centers under section 254b of this title and the Indian Health Service) to reduce health disparities; and

(D) innovative mechanisms or strategies that will facilitate the translation of past research investments into clinical practices that can reasonably be expected to benefit these populations.

(c) Quality measurement development

(1) In general

To ensure that health disparity populations, including minority health disparity populations, benefit from the progress made in the ability of individuals to measure the quality of health care delivery, the Director shall support the development of quality of health care measures that assess the experience of such populations with health care systems, such as measures that assess the access of such populations to health care, the cultural competence of the care provided, the quality of the

care provided, the outcomes of care, or other aspects of health care practice that the Director determines to be important.

(2) Examination of certain practices

The Director shall examine the practices of providers that have a record of reducing health disparities or have experience in providing culturally competent health services to minority health disparity populations or other health disparity populations. In examining such practices of providers funded under the authorities of this chapter, the Director shall consult with the heads of the relevant agencies of the Public Health Service.

(3) Report

Not later than 36 months after November 22, 2000, the Secretary, acting through the Director, shall prepare and submit to the appropriate committees of Congress a report describing the state-of-the-art of quality measurement for minority and other health disparity populations that will identify critical unmet needs, the current activities of the Department to address those needs, and a description of related activities in the private sector.

THE TITLE X "GAG RULE"

Memorandum of President of the United States, Jan. 22, 1993, 58 F.R. 7455, provided:

Memorandum for the Secretary of Health and Human Services

Title X of the Public Health Services Act [42 U.S.C. 300 et seq.] provides Federal funding for family planning clinics to provide services for low-income patients. The Act specifies that Title X funds may not be used for the performance of abortions, but places no restrictions on the ability of clinics that receive Title X funds to provide abortion counseling and referrals or to perform abortions using non-Title X funds. During the first 18 years of the program, medical professionals at Title X clinics provided complete, uncensored information, including nondirective abortion counseling. In February 1988, the Department of Health and Human Services adopted regulations, which have become known as the "Gag Rule," prohibiting Title X recipients from providing their patients with information, counseling, or referrals concerning abortion. Subsequent attempts by the Bush Administration to modify the Gag Rule and ensuing litigation have created confusion and uncertainty about the current legal status of the regulations.

The Gag Rule endangers women's lives and health by preventing them from receiving complete and accurate medical information and interferes with the doctor-patient relationship by prohibiting information that medical professionals are otherwise ethically and legally required to provide to their patients. Furthermore, the Gag Rule contravenes the clear intent of a majority of the members of both the United States Senate and House of Representatives, which twice passed legislation to block the Gag Rule's enforcement but failed to override Presidential vetoes.

For these reasons, you have informed me that you will suspend the Gag Rule pending the promulgation of new regulations in accordance with the "notice and comment" procedures of the Administrative Procedure Act [5 U.S.C. 551 et seq.]. I hereby direct you to take that action as soon as possible. I further direct that, within 30 days, you publish in the Federal Register new proposed regulations for public comment.

You are hereby authorized and directed to publish this memorandum in the Federal Register.

WILLIAM J. CLINTON.

This section is referred to in section 300a-4 of this title.

§ 300a-4. Grants and contracts**(a) Promulgation of regulations governing execution; amount of grants**

Grants and contracts made under this subchapter shall be made in accordance with such regulations as the Secretary may promulgate. The amount of any grant under any section of this subchapter shall be determined by the Secretary; except that no grant under any such section for any program or project for a fiscal year beginning after June 30, 1975, may be made for less than 90 per centum of its costs (as determined under regulations of the Secretary) unless the grant is to be made for a program or project for which a grant was made (under the same section) for the fiscal year ending June 30, 1975, for less than 90 per centum of its costs (as so determined), in which case a grant under such section for that program or project for a fiscal year beginning after that date may be made for a percentage which shall not be less than the percentage of its costs for which the fiscal year 1975 grant was made.

(b) Payment of grants

Grants under this subchapter shall be payable in such installments and subject to such conditions as the Secretary may determine to be appropriate to assure that such grants will be effectively utilized for the purposes for which made.

(2) no charge will be made in such project or program for services provided to any person from a low-income family except to the extent that payment will be made by a third party (including a government agency) which is authorized or is under legal obligation to pay such charge.

For purposes of this subsection, the term "low-income family" shall be defined by the Secretary in accordance with such criteria as he may prescribe so as to insure that economic status shall not be a deterrent to participation in the programs assisted under this subchapter.

(d) Suitability of informational or educational materials

(1) A grant may be made or a contract entered into under section 300 or 300a-3 of this title only upon assurances satisfactory to the Secretary that informational or educational materials developed or made available under the grant or contract will be suitable for the purposes of this subchapter and for the population or community to which they are to be made available, taking into account the educational and cultural background of the individuals to whom such materials are addressed and the standards of such

population or community with respect to such materials.

(2) In the case of any grant or contract under section 300 of this title, such assurances shall provide for the review and approval of the suitability of such materials, prior to their distribution, by an advisory committee established by the grantee or contractor in accordance with the Secretary's regulations. Such a committee shall include individuals broadly representative of the population or community to which the materials are to be made available.
