SUBCHAPTER II—PLANNED AREAWIDE
DEVELOPMENT

SUBCHAPTER REFERRED TO IN OTHER SECTIONS

This subchapter is referred to in title 40 section 601a.

§ 3331. Congressional findings and declaration of purpose

(a) The Congress hereby finds that the welfare of the Nation and of its people is directly dependent upon the sound and orderly development and the effective organization and functioning of our State and local governments.

It further finds that it is essential that our State and local governments prepare, keep current, and carry out comprehensive plans and programs for their orderly physical development with a view to meeting efficiently all their economic and social needs.

It further finds that our State and local governments are especially handicapped in this task by the complexity and scope of governmental services required, the multiplicity of political jurisdictions and agencies involved, and the inadequacy of the operational and administrative arrangements available for cooperation among them.

It further finds that present requirements for areawide planning and programing in connection with various Federal programs have materially assisted in the solution of areawide problems, but that greater coordination of Federal programs and additional participation and cooperation are needed from the States and localities in perfecting and carrying out such efforts.

(b) It is the purpose of this subchapter to provide through greater coordination of Federal programs, and through supplementary grants for certain federally assisted development projects, additional encouragement and assistance to States and localities for making comprehensive areawide planning and programing effective.

(Pub. L. 89-754, title II, §201, Nov. 3, 1966, 80 Stat. 1261; Pub. L. 90-448, title VI, §602(b), Aug. 1, 1968, 82 Stat. 531.)

1968—Pub. L. 90-448 extended scope from metropolitan planning and programing to areawide planning and programing.

Notwithstanding any other provision of law, the Secretary of Defense is authorized to acquire title to, hold, manage, and dispose of, or, in lieu thereof, to reimburse for certain losses upon private sale of, or foreclosure against, any property improved with a one- or two-family dwelling which is situated at or near a military base or installation which the Department of Defense has, subsequent to November 1, 1964, ordered to be closed in whole or in part, if he determines—

(1) that the owner of such property is, or has been, a Federal employee employed at or in connection with such base or installation (other than a temporary employee serving under a time limitation), a nonappropriated fund instrumentality employee employed at a nonappropriated fund instrumentality operated in connection with such base or installation, or a member of the Armed Forces of the United States assigned thereto;

(2) that the closing of such base or installation, in whole or in part, has required or will require the termination of such owner's employment or service at or in connection with such base or installation or, in the case of a member of the Armed Forces not assigned to that base or installation at the time of public announcement of such closing, will prevent any reassignment of such member to the base or installation; and

(3) that as the result of the actual or pending closing of such base or installation in whole or in part, or if as the result of such action and other similar action in the same area, there is no present market for the sale of such property upon reasonable terms and conditions.

(b) Eligibility for benefits; criteria

(1) In order to be eligible for the benefits of this section, a civilian employee or a member of the Armed Forces—

(A) must be assigned to or employed at or in connection with the installation or activity at the time of public announcement of the closure action, or employed by a nonappropriated fund instrumentality operated in connection with such base or installation;

(B) must have been transferred from such installation or activity, or terminated as an employee as a result of a reduction in force, within six months prior to public announcement of the closure action; or

(C) must have been transferred from the installation or activity on an overseas tour within three years prior to public announcement of the closure action.

(2) A member of the Armed Forces shall also be eligible for the benefits of this section if the member—

(A) was transferred from the installation or activity within three years prior to public announcement of the closure action; and

(B) in connection with the transfer, was informed of a future, programmed reassignment to the installation.

(3) The eligibility of a civilian employee and member of the Armed Forces under paragraph (1) and a member of the Armed Forces under paragraph (2) for benefits under this section in connection with the closure of an installation or activity is subject to the additional conditions set out in paragraphs (4) and (5).

(4) At the time of public announcement of the closure action, or at the time of transfer or termination as set forth above, such personnel or employees must—

(A) have been the owner-occupant of the dwelling, or

(B) have vacated the owned dwelling as a result of being ordered into on-post housing during a six-month period prior to the closure announcement.

(5) As a consequence of such closure such employees or personnel must—

(A) be required to relocate because of military transfer or acceptance of employment beyond a normal commuting distance from the dwelling for which compensation is sought, or

(B) be unemployed, not as a matter of personal choice, and able to demonstrate such financial hardship that they are unable to meet their mortgage payments and related expenses.

(c) Election of benefits; mortgage loan encumbrance; foreclosure expenses

Such persons as the Secretary of Defense may determine to be eligible under the criteria set forth above shall elect either (1) to receive a cash payment as compensation for losses which may be or have been sustained in a private sale, in an amount not to exceed the difference between (A) 95 per centum of the fair market value of their property (as such value is determined by the Secretary of Defense) prior to public announcement of intention to close all or part of the military base or installation and (B) the fair market value of such property (as such value is so determined) at the time of the sale, or (2) to receive, as purchase price for their property, an amount not to exceed 90 per centum of prior fair market value as such value is determined by the Secretary of Defense, or the amount of the outstanding mortgages. The Secretary may also pay a person who elects to receive a cash payment under clause (1) of the preceding sentence an amount that the Secretary determines appropriate to reimburse the person for the costs incurred by the person in the sale of the property if the Secretary determines that such payment will benefit the person and is in the best interest of the Federal Government. Cash payment as compensation for losses sustained in a private sale shall not be made in any case in which the property is encumbered by a mortgage loan guaranteed, insured, or held by a Federal agency

unless such mortgage loan is paid, assumed by a purchaser satisfactory to such Federal agency, or otherwise fully satisfied at or prior to the time such cash payment is made. Except in cases of payment as compensation for losses, in the event of foreclosure by mortgagees commenced on or after public announcement of intention to close all or part of the military base or installation the Secretary of Defense may reimburse or pay on account of eligible persons such sums as may be paid or be otherwise due and owing by such persons as the result of such foreclosure, including (without limiting the generality of the foregoing) direct costs of judicial foreclosure, expenses and liabilities enforceable according to the terms of their mortgages or promissory notes, and the amount of debts, if any, established against such persons by a Federal agency in the case of loans made, guaranteed, or insured by such agency following liquidation of the security for such loans.

There shall be in the Treasury a fund which shall be available to the Secretary of Defense for the purpose of extending the financial assistance provided above. The capital of such fund shall consist of such sums as may, from time to time, be appropriated thereto, and shall consist also of receipts from the management, rental, or sale of properties acquired under this section, which receipts shall be credited to the fund and shall be available, together with funds appropriated therefor, for purchase or reimbursement purposes as provided above, as well as to defray expenses arising in connection with the acquisition, management, and disposal of such properties, including payment of principal, interest, and expenses of mortgages or other indebtedness thereon, and including the cost of staff services and contract services, costs of insurance, and other indemnity. Any part of such receipts not required for such expenses shall be covered into the Treasury as miscellaneous receipts. Properties acquired under this section shall be conveyed to, and acquired in the name of, the United States. The Secretary of Defense shall have the power to deal with, rent, renovate, and dispose of, whether by sales for cash or credit or otherwise, any properties so acquired: *Provided, however,* That no contract for acquisition, or acquisition, shall be deemed to constitute a contract for or acquisition of family housing units in support of military installations or activities within the meaning of section 1594i¹ of this title, nor shall it be deemed a transaction within the contemplation of section 2662 of title 10: *Provided further,* That no properties in foreign countries shall be acquired under this section, except in connection with compensation for property located on a base or installation pursuant to subsection (l) of this section.

The amount so paid for any year upon such property shall not exceed the taxes which would be paid to the State or subdivision, as the case may be, upon such property if it were not exempt from taxation, and shall reflect such allowance as may be considered appropriate for expenditures, if any, by the Government for streets, utilities, or other public services to serve such property.

(g) Agreements between executive departments; delegation of functions; finality of determinations; availability of Fund

The Secretary of Defense is authorized to enter into such agreement with the Secretary of Housing and Urban Development as may be appropriate for the purposes of economy and efficiency of administration of this section. Such agreement may provide authority to the Secretary of Housing and Urban Development and his designee to make any or all of the determinations and take any or all of the actions which the Secretary of Defense is authorized to undertake pursuant to the preceding provisions of this section. Any such determinations shall be entitled to finality to the same extent as if made by the Secretary of Defense, and, in event the Secretaries of Defense and Housing and Urban Development so elect, the fund established pursuant to subsection (d) of this section shall be available to the Secretary of Housing and Urban Development to carry out the purposes thereof.

(h) Omitted

Such employees or military personnel whose property is located off a base or installation shall be entitled to compensation under subsection (c) of this section for losses sustained in private sales. Such employees or personnel whose property is located on a base or installation, who sell or are unable to find a purchaser for such property, may surrender their interest in such property to the United States, and shall be entitled to compensation, notwithstanding lack of ownership of the land on which such property is located, in an amount equal to (A) 90 per centum of the sum of the present owner's purchase price of the dwelling and improvements, and all costs of ownership including interest on notes, utilities and services, maintenance and insurance, less (B) the total of all housing allowances received from the Government during ownership and occupancy of the dwelling, all rents collected, and the sale price, if any, received for the property, as determined by the Secretary of Defense: *Provided, however,* That the maximum compensation shall in no event exceed 90 per centum of the unamortized portion of the cost of the property, including improvements, at the time ownership is terminated, as reflected in the amortization schedule, if any, relating to such property. (n) Relocation assistance for Coast Guard personnel

(1) Assistance under this section shall be provided by the Secretary of Defense with respect to Coast Guard bases and installations ordered to be closed, in whole or in part, after January 1, 1987. Such assistance shall be provided under terms equivalent to those under which assistance is provided under this section for closings of military bases and installations which are under the jurisdiction of the Secretary of Defense.

(2) The Secretary of the department in which the Coast Guard is operating, if other than the Department of Defense, shall reimburse the Secretary of Defense for expenditures under this section made by the Secretary of Defense with respect to closings of Coast Guard bases and installations ordered when the Coast Guard is not operating as a service in the Navy. The Secretary of Defense and the Secretary of the department in which the Coast Guard is operating shall enter into an agreement under which the Secretary of the department in which the Coast Guard is operating shall carry out such reimbursement.

(o) Relocation assistance for nonappropriated fund instrumentality and other civilian employees

(1) Assistance under this section shall be provided by the Secretary of Defense with respect to nonappropriated fund instrumentality employees adversely affected by the closure of a base or installation ordered to be closed, in whole or in part, after December 31, 1988.

§ 3401. Declaration of policy

It is the policy of the Congress that certain persons charged with or convicted of violating Federal criminal laws, who are determined to be addicted to narcotic drugs, and likely to be rehabilitated through treatment, should, in lieu of prosecution or sentencing, be civilly committed for confinement and treatment designed to effect their restoration to health, and return to society as useful members.

It is the further policy of the Congress that certain persons addicted to narcotic drugs who are not charged with the commission of any offense should be afforded the opportunity, through civil commitment, for treatment, in

order that they may be rehabilitated and returned to society as useful members and in order that society may be protected more effectively from crime and delinquency which result from narcotic addiction.

MESSAGE OF THE PRESIDENT

To the Congress of the United States:

I transmit herewith Reorganization Plan No. 1 of 1953, prepared in accordance with the provisions of the Reorganization Act of 1949, as amended.

In my message of February 2, 1953, I stated that I would send to the Congress a reorganization plan defining a new administrative status for Federal activities in health, education, and social security. This plan carries out that intention by creating a Department of Health, Education, and Welfare as one of the executive departments of the Government and by transferring to it the various units of the Federal Security Agency. The Department will be headed by a Secretary of Health, Education, and Welfare, who will be assisted by an Under Secretary and two Assistant Secretaries.

The purpose of this plan is to improve the administration of the vital health, education, and social-security functions now being carried on in the Federal Security Agency by giving them departmental rank. Such action is demanded by the importance and magnitude of these functions, which affect the well-being of millions of our citizens. The programs carried on by the Public Health Service include, for example, the conduct and promotion of research into the prevention and cure of such dangerous ailments as cancer and heart disease. The Public Health Service also administers payments to the States for the support of their health services and for urgently needed hospital construction. The Office of Education collects, analyzes, and distributes to school administrators throughout the country information relating to the organization and management of educational systems. Among its other functions is the provision of financial help to school districts burdened by activities of the United States Government. State assistance to the aged, the blind, the totally disabled, and dependent children is heavily supported by grants-in-aid administered through the Social Security Administration. The old-age and survivors insurance system and child development and welfare programs are additional responsibilities of that Administration. Other offices of the Federal Security Agency are responsible for the conduct of Federal vocational rehabilitation programs and for the enforcement of food and drug laws.

There should be an unremitting effort to improve those health, education, and social-security programs which have proved their value. I have already recommended the expansion of the social-security system to cover persons not now protected, the continuation of assistance to school districts whose population has been greatly increased by the expansion of defense activities, and the strengthening of our food and drug laws.

But good intent and high purpose are not enough; all such programs depend for their success upon efficient, responsible administration. I have recently taken action to assure that the Federal Security Administrator's views are given proper consideration in executive councils by inviting her to attend meetings of the Cabinet. Now the establishment of the new Department provided for in Reorganization Plan No. 1 of 1953 will give the needed additional assurance that these matters will receive the full consideration they deserve in the whole operation of the Government.

This need has long been recognized. In 1923, President Harding proposed a Department of Education and Welfare, which was also to include health functions. In 1924, the Joint Committee on Reorganization recommended a new department similar to that suggested by President Harding. In 1932, one of President Hoover's reorganization proposals called for the concentration of health, education, and recreational activities in a single executive department. The President's Committee

on Administrative Management in 1937 recommended the placing of health, education, and social-security functions in a Department of Social Welfare. This recommendation was partially implemented in 1939 by the creation of the Federal Security Agency—by which action the Congress indicated its approval of the grouping of these functions in a single agency. A new department could not be proposed at that time because the Reorganization Act of 1939 prohibited the creation of additional executive departments. In 1949, the Commission on Organization of the Executive Branch of the Government proposed the creation of a department for social security and education.

The present plan will make it possible to give the officials directing the Department titles indicative of their responsibilities and salaries comparable to those received by their counterparts in other executive departments. As the Under Secretary of an executive department, the Secretary's principal assistant will be better equipped to give leadership in the Department's organization and management activities, for which he will be primarily responsible. The plan opens the way to further administrative improvement by authorizing the Secretary to centralize services and activities common to the several agencies of the Department. It also established a uniform method of appointment for the heads of the three major constituent agencies. At present, the Surgeon General and the Commissioner of Education are appointed by the President and confirmed by the Senate, while the Commissioner for Social Security is appointed by the Federal Security Administrator. Hereafter, all three will be Presidential appointees subject to Senate confirmation.

I believe, and this plan reflects my conviction, that these several fields of Federal activity should continue within the framework of a single department. The plan at the same time assures that the Office of Education and the Public Health Service retain the professional and substantive responsibilities vested by law in those agencies or in their heads. The Surgeon General, the Commissioner of Education, and the Commissioner of Social Security will all have direct access to the Secretary.

There should be in the Department an Advisory Committee on Education, made up of persons chosen by the Secretary from outside the Federal Government, which would advise the Secretary with respect to the educational programs of the Department. I recommend the enactment of legislation authorizing the defrayal of the expenses of this Committee. The creation of such a Committee as an advisory body to the Secretary will help insure the maintenance of responsibility for the public educational system in State and local governments while preserving the national interest in education through appropriate Federal action.

After investigation I have found and hereby declare that each reorganization included in Reorganization Plan No. 1 of 1953 is necessary to accomplish one or more of the purposes set forth in section 2(a) of the Reorganization Act of 1949, as amended. I have also found and hereby declare that by reason of these reorganizations, it is necessary to include in the reorganization plan provisions for the appointment and compensation of the new officers specified in sections 1, 2, 3, and 4 of the reorganization plan. The rates of compensation fixed for these officers are, respectively, those which I have found to prevail in respect of comparable officers in the executive branch of the Government.

Although the effecting of the reorganizations provided for in the reorganization plan will not in itself result in immediate savings, the improvement achieved in administration will in the future allow the performance of necessary services at greater savings than present operations would permit. An itemization of these savings in advance of actual experience is not practicable.

DWIGHT D. EISENHOWER.

THE WHITE HOUSE, March 12, 1953.

EX. ORD. NO. 11583. OFFICE OF CONSUMER AFFAIRS

Ex. Ord. No. 11583, Feb. 24, 1971, 36 F.R. 3509, as amended by Ex. Ord. No. 11595, May 26, 1971, 36 F.R. 9763; Ex. Ord. No. 12608, Sept. 9, 1987, 52 F.R. 34617, provided:

Consumer protection fosters a market place in which our competitive economic system flourishes best. It is good for businessmen because it gives the consumer greater confidence in the goods and services provided by business. It is good for consumers because it reinforces the concept of buyers' rights:

—the right to make an intelligent choice among products and services;

—the right to accurate information on which to make a free choice;

—the right to expect that the health and safety of the buyer is taken into account by those who seek his patronage;

—the right to register dissatisfaction, and have a complaint heard and weighed, when a buyer's interests are badly served.

The Special Assistant to the President for Consumer Affairs is performing an important role in representing consumer interests in the Federal Government. It is important that the role of the office of the Special Assistant be reinforced by increasing its responsibilities and reemphasizing its importance.

There is need for a consumer office within the Executive Office of the President, which not only advises and represents the President on matters of consumer interest, but also analyzes and coordinates the implementation of all Federal activities in the field of consumer protection, helping to establish priorities and resolve conflicts, and recommending ways in which governmental consumer programs can be made more effective.

NOW, THEREFORE, by virtue of the authority vested in me as President of the United States, it is ordered as follows:

SECTION 1. *Office of Consumer Affairs.* The Office of Consumer Affairs (hereinafter referred to as the "Office") is hereby established in the Executive Office of the President. The Office shall be headed by a Director, who shall be appointed by the President, and there shall be in the Office two Deputy Directors who shall also be appointed by the President. The Deputy Directors shall perform such duties as the Director may designate, and in case of a vacancy in the office of Director or during the absence or incapacity of the Director, the Deputy Directors, in the order designated by the President, shall act as Director. The Director and Deputy Directors shall receive compensation at such rates as the President, consonant with law, may hereafter determine.

SEC. 2. *Powers and duties of the Director.* (a) The Director shall be responsible for the exercise of the powers and the discharge of the duties of the Office, and shall have the authority to direct and supervise all personnel and activities thereof. The Director shall take all actions as may be necessary to organize the Office so as to carry out the functions and to achieve the purposes set forth in this order.

(b) In addition to any other authority conferred upon him by this order, the Director is authorized, in carrying out his functions hereunder, to—

(1) appoint one or more advisory committees composed of such private citizens and officials of the Federal, State, and local governments as he deems desirable to advise him with respect to his functions. Members of such committees (including the Consumer Advisory Council established in section 5 of this order) other than those regularly employed by the Federal Government, while attending meetings of such committees or otherwise serving at the request of the Director, shall be entitled to receive compensation and travel expenses as authorized by law for persons serving intermittently;

(2) promulgate such rules, regulations, and procedures as may be necessary to carry out the functions vested in him or in the Office, and delegate authority

for the performance of any function to any officer or employee under his direction and supervision;

(3) utilize, with their consent, the services, personnel, and facilities of other Federal, State, local and private agencies and instrumentalities with or without reimbursement thereof except as reimbursement may be required by law; and

(c) The Director shall report periodically to the President on significant developments affecting the interests of consumers together with such recommendations including legislative recommendations as he deems appropriate.

SEC. 3. *Functions.* (a) The Office shall advise the President as to all matters affecting the interest of consumers.

(b) The Office shall—

(1) with respect to consumer interests in Federal policies and programs, encourage and assist in development and implementation of consumer programs; coordinate and review policies and programs; seek resolution of conflicts; advise and make recommendations to Federal agencies with respect to policy matters, the effectiveness of their programs and operations, and the elimination of duplications;

(2) assure that the interests of consumers are presented and considered in a timely manner by the appropriate levels of the Federal Government in the formulation of policies and in the operation of programs that affect the consumer interest;

(3) conduct investigations, conferences, and surveys concerning the needs, interests and problems of consumers, except that it shall, where feasible, avoid duplicating activities conducted by other Federal agencies;

(4) submit recommendations to the President on how Federal programs and activities affecting consumers can be improved;

(5) take action with respect to consumer complaints to the extent authorized by section 4 of this order;

(6) perform the functions assigned to the President's Committee on Consumer Interests in Executive Order No. 11566 of October 26, 1970;

(7) encourage and coordinate the development of information of interest to consumers by Federal agencies and the publication and distribution of materials which will inform consumers of matters of interest to them in language which is readily understandable by the layman;

(8) encourage and coordinate research conducted by Federal agencies leading to improved consumer products, services, and consumer information;

(9) encourage, initiate, coordinate, evaluate, and participate in consumer education programs and consumer counseling programs;

(10) encourage, cooperate with, and assist State and local governments in the promotion and protection of consumer interests; and

(11) cooperate with and encourage private enterprise in the promotion and protection of consumer interest.

SEC. 4. *Consumer complaints.* (a) Whenever the Office receives from any source complaints or other information disclosing a possible violation of (1) any law of the United States or (2) any rule or order of any Federal agency concerning consumer interests, the Office shall promptly transmit such complaint or other information to the Federal agency charged with the duty of enforcing such law, rule, or order, for appropriate action.

(b) Whenever the Office receives complaints or other information disclosing any commercial or trade practice which it deems detrimental to the general interests of consumers within the United States, and which is not included within the category specified in subsection (a) of this section, the Office may transmit such complaint or other information promptly to the Federal, State, or local agency whose regulatory or other authority provides the most effective means to act upon them; the Office may in its discretion also refer such complaint or other information to the private persons or industry against whom the complaint is made.

SEC. 5. *Consumer Advisory Council.* (a) There is hereby established in the Office a Consumer Advisory Council

to be composed of not more than 12 members appointed by the President. Members shall be appointed on the basis of their knowledge and experience in areas of interest to consumers and their demonstrated ability to exercise independent, informed, and critical judgment.

(b)(1) Members shall be appointed for two-year terms. Members of the Consumer Advisory Council, established pursuant to Executive Order No. 11136 of January 3, 1964, as amended, shall continue in office in accordance with the terms of their original appointments.

(2) Any member chosen to fill a vacancy shall be appointed for the unexpired term of the member he succeeds.

(3) A vacancy in the Council shall not affect its authority to act, and a majority of the members thereof shall constitute a quorum.

(c) The President shall designate the Chairman from among the members composing the Council. The Council shall meet at the call of the Director. The Director shall be an ex-officio member of the Council and its Executive Secretary.

(d) The Council shall advise the Director with respect to—

(1) policy matters relating to consumer interests; and

(2) the effectiveness of Federal programs and operations, which affect the interests of consumers; and

(3) problems of primary importance to consumers, and ways in which unmet consumer needs can appropriately be met through Federal Government action.

SEC. 6. *Consideration of the consumer interest in Federal agency determinations.* Every Federal agency in taking any action of a nature which can reasonably be construed as substantially affecting the interests of consumers of products and services, including, but not limited to, (1) the promulgation of rules, regulations, or guidelines, (2) the formulation of written policy decisions, or (3) the issuance of orders, decrees, or standards, shall, in taking such action, give due consideration to the valid interests of consumers.

SEC. 7. *Abolition of Committee and Council.* Except as otherwise provided herein, the President's Committee on Consumer Interests and the Consumer Advisory Council established under Executive Order No. 11136 of January 3, 1964, as amended by Executive Order No. 11349 of May 1, 1967, are abolished.

SEC. 8. *Construction.* Nothing in this order shall be construed as subjecting any function vested by law in, or assigned pursuant to law to, any Federal agency or the head thereof to the authority of any other agency or officer or as abrogating or restricting any such function in any manner.

SEC. 9. *Orders superseded.* Executive Order No. 11136 of January 3, 1964, and Executive Order No. 11349 of May 1, 1967, are hereby superseded.

EX. ORD. NO. 11702. TRANSFER OF OFFICE OF CONSUMER AFFAIRS

Ex. Ord. No. 11702, Jan. 25, 1973, 38 F.R. 2957, as amended by Ex. Ord. No. 12608, Sept. 9, 1987, 52 F.R. 34617, provided:

Under and by virtue of the authority vested in me by section 301 of title 3 of the United States Code [section 301 of title 3, The President] and as President of the United States of America, it is hereby ordered as follows:

SECTION 1. The Office of Consumer Affairs, established by Executive Order No. 11583 of February 24, 1971, as amended by Executive Order No. 11595 of May 26, 1971 [set out above], together with its functions, is hereby transferred from the Executive Office of the President to the Department of Health and Human Services. The Director of the Office of Consumer Affairs shall continue as the Special Assistant to the President for Consumer Affairs.

Each agency on the Council shall be represented by the head of the agency or by a senior-level official designated by the head of the agency.

1-2. FUNCTIONS OF THE COUNCIL

1-201. The Council shall provide leadership and coordination to ensure that agency consumer programs are implemented effectively; and shall strive to maximize effort, promote efficiency and interagency cooperation, and to eliminate duplication and inconsistency among agency consumer programs.

1-3. DESIGNATION AND FUNCTIONS OF THE CHAIRPERSON

1-301. The President shall designate the chairperson of the Council (hereinafter referred to as the "Chairperson").

1-302. The Chairperson shall be the presiding officer of the Council and shall determine the times when the Council shall convene.

1-303. The Chairperson shall establish such policies, definitions, procedures, and standards to govern the implementation, interpretation, and application of this Order, and generally perform such functions and take such steps, as are necessary or appropriate to carry out the provisions of this Order.

1-4. CONSUMER PROGRAM REFORMS

1-401. The Chairperson, assisted by the Council, shall ensure that agencies review and revise their operating procedures so that consumer needs and interests are adequately considered and addressed. Agency consumer programs should be tailored to fit particular agency

characteristics, but those programs shall include, at a minimum, the following five elements:

(a) *Consumer Affairs Perspective.* Agencies shall have identifiable, accessible professional staffs of consumer affairs personnel authorized to participate, in a manner not inconsistent with applicable statutes, in the development and review of all agency rules, policies, programs, and legislation.

(b) *Consumer Participation.* Agencies shall establish procedures for the early and meaningful participation by consumers in the development and review of all agency rules, policies, and programs. Such procedures shall include provisions to assure that consumer concerns are adequately analyzed and considered in decisionmaking. To facilitate the expression of those concerns, agencies shall provide for forums at which consumers can meet with agency decisionmakers. In addition, agencies shall make affirmative efforts to inform consumers of pending proceedings and of the opportunities available for participation therein.

(c) *Informational Materials.* Agencies shall produce and distribute materials to inform consumers about the agencies' responsibilities and services, about their procedures for consumer participation, and about aspects of the marketplace for which they have responsibility. In addition, each agency shall make available to consumers who attend agency meetings open to the public materials designed to make those meetings comprehensible to them.

(d) *Education and Training.* Agencies shall educate their staff members about the Federal consumer policy embodied in this Order and about the agencies' programs for carrying out that policy. Specialized training shall be provided to agency consumer affairs personnel and, to the extent considered appropriate by each agency and in a manner not inconsistent with applicable statutes, technical assistance shall be made available to consumers and their organizations.

(e) *Complaint Handling.* Agencies shall establish procedures for systematically logging in, investigating, and responding to consumer complaints, and for integrating analyses of complaints into the development of policy.

1-402. The head of each agency shall designate a senior-level official within that agency to exercise, as the official's sole responsibility, policy direction for, and coordination and oversight of, the agency's consumer activities. The designated official shall report directly to the head of the agency and shall apprise the agency head of the potential impact on consumers of particular policy initiatives under development or review within the agency.

1-5. IMPLEMENTATION OF CONSUMER PROGRAM REFORMS

1-501. Within 60 days after the issuance of this Order, each agency shall prepare a draft report setting forth with specificity its program for complying with the requirements of Section 1-4 above. Each agency shall publish its draft consumer program in the Federal Register and shall give the public 60 days to comment on the program. A copy of the program shall be sent to the Council.

1-502. Each agency shall, within 30 days after the close of the public comment period on its draft consumer program, submit a revised program to the Chairperson. The Chairperson shall be responsible, on behalf of the President, for approving agency programs for compliance with this Order before their final publication in the Federal Register. Each agency's final program shall be published no later than 90 days after the close of the public comment period, and shall include a summary of public comments on the draft program and a discussion of how those comments are reflected in the final program.

1-503. Each agency's consumer program shall take effect no later than 30 days after its final publication in the Federal Register.

1-504. The Chairperson, with the assistance and advice of the Council, shall monitor the implementation by agencies of their consumer programs.

1-505. The Chairperson shall, promptly after the close of the fiscal year, submit to the President a full report on government-wide progress under this Order during the previous fiscal year. In addition, the Chairperson shall evaluate, from time to time, the consumer programs of particular agencies and shall report to the President as appropriate. Such evaluations shall be informed by appropriate consultations with interested parties.

1-6. BUDGET REVIEW

1-601. Each agency shall include a separate consumer program exhibit in its yearly budget submission to the Office of Management and Budget. By October 1 of each year the Director of the Office of Management and Budget shall provide the Chairperson with a copy of each of these exhibits. The Chairperson shall thereafter provide OMB with an analysis of the adequacy of the management of, and the funding and staff levels for, particular agency consumer programs.

1-7. CIVIL SERVICE INITIATIVES

1-701. In order to strengthen the professional standing of consumer affairs personnel, and to improve the recruitment and training of such personnel, the Office of Personnel Management shall consult with the Council regarding:

(a) the need for new or revised classification and qualification standard(s), consistent with the requirements of Title 5, United States Code, to be used by agencies in their classification of positions which include significant consumer affairs duties;

(b) the recruitment and selection of employees for the performance of consumer affairs duties; and

(c) the training and development of employees for the performance of such duties.

1-8. ADMINISTRATIVE PROVISIONS

1-801. Executive agencies shall cooperate with and assist the Council and the Chairperson in the performance of their functions under this Order and shall on a timely basis furnish them with such reports as they may request.

1-802. The Chairperson shall utilize the assistance of the United States Office of Consumer Affairs in fulfilling the responsibilities assigned to the Chairperson under this Order.

1-803. The Chairperson shall be responsible for providing the Council with such administrative services and support as may be necessary or appropriate; agencies shall assign, to the extent not inconsistent with applicable statutes, such personnel and resources to the activities of the Council and the Chairperson as will enable the Council and the Chairperson to fulfill their responsibilities under this Order.

1-804. The Chairperson may invite representatives of non-member agencies, including independent regulatory agencies, to participate from time to time in the functions of the Council.

1-9. DEFINITIONS

1-901. "Consumer" means any individual who uses, purchases, acquires, attempts to purchase or acquire, or is offered or furnished any real or personal property, tangible or intangible goods, services, or credit for personal, family, or household purposes.

1-902. "Agency" or "agencies" means any department or agency in the executive branch of the Federal government, except that the term shall not include:

(a) independent regulatory agencies, except as noted in subsection 1-804;

(b) agencies to the extent that their activities fall within the categories excepted in Sections 6(b)(2), (3), (4), and (6) of Executive Order No. 12044 [5 U.S.C. 553 note].

(c) agencies to the extent that they demonstrate within 30 days of the date of issuance of this Order, to the satisfaction of the Chairperson with the advice of the Council, that their activities have no substantial impact upon consumers.

EX. ORD. NO. 13125. INCREASING OPPORTUNITY AND IMPROVING QUALITY OF LIFE OF ASIAN AMERICANS AND PACIFIC ISLANDERS

Ex. Ord. No. 13125, June 7, 1999, 64 F.R. 31105, as amended by Ex. Ord. No. 13216, June 6, 2001, 66 F.R. 31373, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, including the Federal Advisory Committee Act, as amended (5 U.S.C. App.), and in order to improve the quality of life of Asian Americans and Pacific Islanders through increased participation in Federal programs where they may be underserved (e.g., health, human services, education, housing, labor, transportation, and economic and community development), it is hereby ordered as follows:

SECTION 1. (a) There is established in the Department of Health and Human Services the President's Advisory Commission on Asian Americans and Pacific Islanders (Commission). The Commission shall consist of not more than 15 members appointed by the President, one of which shall be designated by the President as Chair. The Commission shall include members who: (i) have a history of involvement with the Asian American and Pacific Islander communities; (ii) are from the fields of health, human services, education, housing, labor, transportation, economic and community development, civil rights, and the business community; (iii) are from civic associations representing one or more of the diverse Asian American and Pacific Islander communities; and (iv) have such other experience as the President deems appropriate.

(b) The Secretary of the Department of Health and Human Services (Secretary) shall appoint an Executive Director for the Commission.

SEC. 2. The Commission shall provide advice to the President, through the Secretary, on: (a) the development, monitoring, and coordination of Federal efforts to improve the quality of life of Asian Americans and Pacific Islanders through increased participation in Federal programs where such persons may be underserved and the collection of data related to Asian American and Pacific Islander populations and sub-populations; (b) ways to increase public-sector, private-sector, and community involvement in improving the health and well-being of Asian Americans and Pacific Islanders; and (c) ways to foster research and data on Asian Americans and Pacific Islanders, including research and data on public health.

SEC. 3. The Department of Health and Human Services shall establish the White House Initiative on Asian Americans and Pacific Islanders (Initiative), an inter-agency working group (working group) whose members shall be appointed by their respective agencies. The Executive Director of the Commission shall also serve as the Director of the Initiative, and shall report to the Secretary or the Secretary's designee. The working group shall include both career and noncareer civil service staff and commissioned officers of the Public Health Service with expertise in health, human services, education, housing, labor, transportation, economic and community development, and other relevant issues. The working group shall advise the Secretary on the implementation and coordination of Federal programs as they relate to Asian Americans and Pacific Islanders across executive departments and agencies.

SEC. 4. The head of each executive department and each agency designated by the Secretary shall appoint a senior Federal official responsible for management or program administration to report directly to the agency head on activity under this Executive order, and to serve as a liaison to the Initiative. The Secretary also may designate additional Federal Government officials, with the agreement of the relevant agency head, to carry out the functions of the Initiative. To the extent permitted by law and to the extent practicable, each executive department and designated agency shall provide any appropriate information requested by the working group, including data relating to the eligi-

bility for and participation of Asian Americans and Pacific Islanders in Federal programs. Where adequate data are not available, the Initiative shall suggest the means of collecting such data.

SEC. 5. Each executive department and designated agency (collectively, the "agency") shall prepare a plan for, and shall document, its efforts to improve the quality of life of Asian Americans and Pacific Islanders through increased participation in Federal programs where Asian Americans and Pacific Islanders may be underserved. This plan shall address, among other things, Federal efforts to: (a) improve the quality of life for Asian Americans and Pacific Islanders through increased participation in Federal programs where they may be underserved and the collection of data related to Asian American and Pacific Islander populations and sub-populations; (b) increase public-sector, private-sector, and community involvement in improving the health and well-being of Asian Americans and Pacific Islanders; and (c) foster research and data on Asian Americans and Pacific Islanders, including research and data on public health. Each agency's plan shall provide appropriate measurable objectives and, after the first year, shall assess that agency's performance on the goals set in the previous year's plan. Each plan shall be submitted at a date to be established by the Secretary.

SEC. 6. The Secretary shall review the agency plans and develop for submission to the President an integrated Federal plan (Federal Plan) to improve the quality of life of Asian American and Pacific Islanders through increased participation in Federal programs where such persons may be underserved. Actions described in the Federal Plan shall address improving access by Asian Americans and Pacific Islanders to Federal programs and fostering advances in relevant research and data. The Secretary shall ensure that the working group is given the opportunity to comment on the proposed Federal Plan prior to its submission to the President. The Secretary shall disseminate the Federal Plan to appropriate members of the executive branch. The findings and recommendations in the Federal Plan shall be considered by the agencies in their policies and activities.

SEC. 7. Notwithstanding any other Executive order, the responsibilities of the President that are applicable to the Commission under the Federal Advisory Committee Act, as amended, except that of reporting to the Congress, shall be performed by the Secretary in accordance with the guidelines and procedures established by the Administrator of General Services.

SEC. 8. Members of the Commission shall serve without compensation, but shall be allowed travel expenses, including per diem in lieu of subsistence, as authorized by law for persons serving intermittently in the Government service (5 U.S.C. 5701-5707). To the extent permitted by law and appropriations, and where practicable, agencies shall, upon request by the Secretary, provide assistance to the Commission and to the Initiative. The Department of Health and Human Services shall provide administrative support and funding for the Commission.

SEC. 9. The Commission shall terminate on June 7, 2003, unless renewed by the President prior to that date.

SEC. 10. For the purposes of this order, the terms: (a) "Asian American" includes persons having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian subcontinent; and

(b) "Pacific Islander" includes the aboriginal, indigenous, native peoples of Hawaii and other Pacific Islands within the jurisdiction of the United States.

§ 3501a. Additional Assistant Secretaries

There shall be in the Department of Health and Human Services, in addition to the Assistant Secretaries now provided for by law, three additional Assistant Secretaries of Health and Human Services, who shall be appointed by the

President, by and with the advice and consent of the Senate. The provisions of section 2 of the Reorganization Plan Numbered 1 of 1953 (67 Stat. 631) shall be applicable to such additional Assistant Secretaries to the same extent as they are applicable to the Assistant Secretaries authorized by that section.

CHAPTER REFERRED TO IN OTHER SECTIONS

This chapter is referred to in title 12 section 1701d-4.

§ 3531. Congressional declaration of purpose

The Congress hereby declares that the general welfare and security of the Nation and the health and living standards of our people require, as a matter of national purpose, sound development of the Nation's communities and metropolitan areas in which the vast majority of its people live and work.

To carry out such purpose, and in recognition of the increasing importance of housing and urban development in our national life, the Congress finds that establishment of an executive department is desirable to achieve the best administration of the principal programs of the Federal Government which provide assistance for housing and for the development of the Nation's communities; to assist the President in achieving maximum coordination of the various Federal activities which have a major effect upon urban community, suburban, or metropolitan development; to encourage the solution of problems of housing, urban development, and mass transportation through State, county, town, village, or other local and private action, including promotion of interstate, regional, and metropolitan cooperation; to encourage the maximum contributions that may be made by vigorous private homebuilding and mortgage lending industries to housing, urban development, and the national economy; and to provide for full and appropriate consideration, at the national level, of the needs and interests of the Nation's communities and of the people who live and work in them.

EX. ORD. NO. 11668. NATIONAL CENTER FOR HOUSING MANAGEMENT

Ex. Ord. No. 11668, Apr. 21, 1972, 37 F.R. 8057, provided: By virtue of the authority vested in me as President of the United States and in accordance with the provisions of the Department of Housing and Urban Development Act, as amended (42 U.S.C. 3531 et seq.), title VIII of the Housing Act of 1964, as amended (20 U.S.C. 801 et seq.), and title V of the Housing and Urban Development Act of 1970 (12 U.S.C. 1701z-1 et seq.), it is ordered as follows:

SECTION 1. Policy. The Nation’s housing stock represents an important national resource which must be preserved and well managed if public and private investments are to be protected, and if we are to meet our goal of providing a decent home and suitable living environment for low and moderate income residents. The production of Federally-assisted housing has greatly expanded in recent years, creating a need for a balanced strategy to ensure that such housing remains viable for the purposes intended.

This expansion also creates a need for a growing supply of new management manpower for the years ahead. Special skills must be developed among these managers so that they can effectively overcome the social and economic problems facing many residents of Federally-assisted housing, including the elderly. Training, the improvement of career opportunities, and the upgrading of industry standards are all essential to the improvement of the Nation’s housing management capability, particularly for low and moderate income housing.

SEC. 2. Establishment of a National Center for Housing Management. (a) The Secretary of Housing and Urban Development is directed to call upon public-spirited citizens, dedicated and experienced in the appropriate disciplines, to create, in accordance with existing laws, a new, non-governmental, not-for-profit institution to serve as a National Center for Housing Management (referred to herein as the Center).

(b) The Center should be designed to provide objective and independent leadership at the national level in helping meet the Nation’s housing management and training needs and should work cooperatively with the Department of Housing and Urban Development and with the public and private organizations and institutions involved in, or affected by, its activities.

SEC. 3. Activities of the Center. The activities of the Center should be developed along lines that include the following objectives:

(1) Development of training and educational programs for housing management and personnel:

(2) Cooperation with public and private national, State, and local organizations and institutions in extending housing management training and educational opportunities, using to the fullest extent possible the services and facilities of existing agencies with expertise in training and education.

(3) Cooperation with national, State, and local organizations and institutions in establishing or expanding recruitment and placement systems that will link training in housing management to job opportunities in that field.

(4) Development of improved housing management practices and assistance in professionalizing the housing management industry; and

(5) Stimulating the creation of new management entities, and strengthening the effectiveness of existing management entities.

SEC. 4. *Assistance by Federal Agencies.* To the extent consistent with law, all other Federal executive departments and agencies shall cooperate and work with the Department of Housing and Urban Development and the Center in providing appropriate advice and financial support so as to ensure that the above described objectives are carried out with the most effective and efficient use of Federal, State and local resources, both public and private.

RICHARD NIXON.

(c) Denial or limitation of benefits of departmental programs, functions, or activities on basis of population or corporate status of community

Nothing in this chapter shall be construed to deny or limit the benefits of any program, function, or activity assigned to the Department by this chapter or any other Act to any community on the basis of its population or corporate status, except as may be expressly provided by law.

(b) Administrative remedies

If the Secretary receives or obtains information providing a reasonable basis to believe that a violation of subsection (a) of this section has occurred, the Secretary shall—

(1) in the case of a selection that has not been made, determine whether to terminate the selection process or take other appropriate actions; and

(2) in the case of a selection that has been made, determine whether to—

(A) void or rescind the selection, subject to review and determination on the record after opportunity for a hearing;

(B) impose sanctions upon the violating applicant selected, subject to review and determination on the record after opportunity for a hearing;

(C) permit the violating applicant selected to continue to participate in the program; or

(D) take any other actions that the Secretary considers appropriate.

(c) Civil money penalties

(1) In general

Whenever any employee of the Department knowingly and materially violates the prohibition in subsection (a) of this section, the Secretary may impose a civil money penalty on the employee in accordance with the provisions of this subsection. This penalty shall be in addition to any other available civil remedy or any available criminal penalty and may be imposed whether or not the Secretary takes other disciplinary actions.

(2) Amount

The amount of the penalty, as determined by the Secretary, may not exceed \$10,000 for each violation.

(3) Agency procedures

(A) Establishment

The Secretary shall establish standards and procedures governing the imposition of civil money penalties under this subsection. The standards and procedures—

(i) shall provide for the Secretary or other official of the Department to make the determination to impose a penalty or to use an administrative entity to make the determination;

(iii) may provide for review of any determination or order, or interlocutory ruling, arising from a hearing.

(B) Final orders

If no hearing is requested within 15 days of receipt of the notice of opportunity for hearing, the imposition of the penalty shall constitute a final and unappealable order. If the Secretary reviews the determination or order, the Secretary may affirm, modify, or reverse that determination or order. If the Secretary does not review the determination or order within 90 days of the issuance of the determination or order, the determination or order shall be final.

(C) Factors in determining amount of penalty

In determining the amount of a penalty under paragraph (2), consideration shall be given to such factors as the gravity of the offense, any history of prior disclosures of information on pending funding decisions made after December 15, 1989, ability to pay the penalty, injury to the public, benefits received, deterrence of future violations, and such other factors as the Secretary may determine in regulations to be appropriate.

(B) Objections not raised in hearing

The court shall not consider any objection that was not raised in the hearing conducted pursuant to paragraph (3)(A) unless a demonstration is made of extraordinary circumstances causing the failure to raise the objection. If any party demonstrates to the satisfaction of the court that additional evidence not presented at such hearing is material and that there were reasonable grounds for the failure to present such evidence at the hearing, the court shall remand the matter to the Secretary for consideration of such additional evidence.

(C) Scope of review

The decisions, findings, and determinations of the Secretary shall be reviewed pursuant to section 706 of title 5.

(D) Order to pay penalty

Notwithstanding any other provision of law, in any such review, the court shall have the power to order payment of the penalty imposed by the Secretary.

(5) Action to collect penalty

If any employee fails to comply with the Secretary's determination or order imposing a civil money penalty under paragraph (1), after the determination or order is no longer subject to review as provided by paragraphs (3)(A) and (4), the Secretary may request the Attorney General of the United States to bring an action in an appropriate United States district court to obtain a monetary judgment against the employee and such other relief as may be available. The monetary judgment may, in the court's discretion, include the attorneys' fees and other expenses incurred by the United States in connection with the action. In an action under this subsection, the validity and appropriateness of the Secretary's determination or order imposing the penalty shall not be subject to review.

(6) Settlement by Secretary

The Secretary may compromise, modify, or remit any civil money penalty which may be, or has been, imposed under this subsection.

(7) Deposit of penalties

The Secretary shall deposit all civil money penalties collected under this subsection into miscellaneous receipts of the Treasury.

No. 12148, July 20, 1979, 44 F.R. 43239, set out as a note under section 5195 of this title. Sections 5-112 and 5-113 of Ex. Ord. No. 12148, revoked Ex. Ord. Nos. 11725 and 11749, respectively, which had previously transferred President's functions under Disaster Relief Act of 1970 to Secretary of Housing and Urban Development. See Transfer of Functions note above.

§ 3540. Repealed. Pub. L. 100-242, title IV, § 420, Feb. 5, 1988, 101 Stat. 1913

Section, Pub. L. 95-128, title IX, §904, Oct. 12, 1977, 91 Stat. 1149, required annual publication of prototype housing costs for one- to four-family dwelling units.

§ 3541. Paperwork reduction

(a) Declaration of policy

The Congress finds and declares—

(1) that various departments, agencies, and instrumentalities of the Federal Government with responsibilities involving housing and housing finance programs, require, approve, use or otherwise employ a variety of different forms as residential mortgages (or deeds of trust or similar security instruments) as notes secured by those mortgages, and for applications, appraisals and other purposes, and that such duplication of forms constitutes a paperwork burden that adds to the costs imposed on the Nation's homeowners and home buyers;

(2) that unnecessary paperwork impairs the effectiveness of Federal housing and housing finance programs;

(3) that both single-family and multi-family programs are affected; and

(4) that simplification of paperwork imposed by Federal housing and housing finance programs would contribute to achieving the Nation's housing goals by reducing housing costs.

(b) Uniform legal and other forms for use by agencies in housing programs

(1) Not later than October 1, 1980, the Secretary of Housing and Urban Development, the Secretary of Agriculture, and the Secretary of Veterans Affairs shall, consistent with provisions of law governing the conduct of housing programs, employ in their respective programs—

(A) uniform single-family and multi-family note and mortgage forms;

(B) a uniform application form for mortgage approval and commitment for mortgage insurance;

(C) a uniform form for computation of the monthly net effective income of applicants;

(D) a uniform property appraisal form;

(E) a uniform settlement statement which shall satisfy the requirements of the Real Estate Settlement Procedures Act of 1974 [12 U.S.C. 2601 et seq.]; and

(F) such other consolidated or simplified forms, particularly those which solicit identical or nearly identical information from the same persons in the conduct of two or more such programs, the consolidation or simplification of which the Secretaries of Housing and Urban Development and Agriculture and the Secretary of Veterans Affairs mutually agree would contribute to a reduction in the paperwork and regulatory burden of such programs.

(2) The Secretary of Housing and Urban Development, the Secretary of Agriculture, and the Secretary of Veterans Affairs shall, consistent with provisions of law governing their respective programs, provide by regulation for the elimination of forms which solicit information which is already available from other available sources through indexing or other means of identifying such forms.

(3) Each agency referred to in subsection (b) of this section may employ riders, addenda, or similar forms of modification agreements to adapt such uniform forms to its respective programs and policies, consistent with the goals of minimizing the use and extent of such modification agreements and maximizing the suitability of such forms for the use of all participants, public and private.

(c) Coordination and reports by Director of Office of Management and Budget

The Director of the Office of Management and Budget shall coordinate and monitor the development and implementation by Federal departments and agencies of the efforts required by subsection (b) of this section and shall report to the Congress on such development and implementation and with respect to any provisions of law which unnecessarily prevent such departments and agencies from carrying out the provi-

sions of this section as part of each report required under Public Law 93-556. Such report shall include an estimate of the reduction of the level of paperwork burden hours of the affected agencies as allocated by the Office of Management and Budget.

(c) Updating of disclosure

During the period when an application is pending or assistance is being provided, the applicant shall update the disclosure required under the previous subsection within 30 days of any substantial change.

(d) Limitation of assistance

The Secretary shall certify that assistance within the jurisdiction of the Department to any housing project shall not be more than is necessary to provide affordable housing after taking account of assistance described in subsection (b)(1) of this section. The Secretary shall adjust the amount of assistance awarded or allocated to an applicant to compensate in whole or in part, as the Secretary determines to be appropriate, for any changes reported under subsection (c) of this section.

(e) Administrative remedies

If the Secretary receives or obtains information providing a reasonable basis to believe that a violation of subsection (b) or (c) of this section has occurred, the Secretary shall—

(1) in the case of a selection that has not been made, determine whether to terminate the selection process or take other appropriate actions; and

(2) in the case of a selection that has been made, determine whether to—

(A) void or rescind the selection, subject to review and determination on the record after opportunity for a hearing;

(B) impose sanctions upon the violator, including debarment, subject to review and determination on the record after opportunity for a hearing;

(C) recapture any funds that have been disbursed;

(D) permit the violating applicant selected to continue to participate in the program; or

(E) take any other actions that the Secretary considers appropriate.

The Secretary shall publish in the Federal Register a descriptive statement of each determination made and action taken under this subsection.

(f) Civil money penalties

(1) In general

Whenever any person knowingly and materially violates any provision of subsection (b) or (c) of this section, the Secretary may impose a civil money penalty on that person in ac-

(2) Amount of penalty

The amount of the penalty, as determined by the Secretary, may not exceed \$10,000 for each violation.

(g) Agency procedures

(1) In general

(C) may provide for review by the Secretary of any determination or order, or interlocutory ruling, arising from a hearing.

If no hearing is requested within 15 days of receipt of the notice of opportunity for hearing, the imposition of the penalty shall constitute a final and unappealable determination. If the Secretary reviews the determination or order, the Secretary may affirm, modify, or reverse that determination or order. If the Secretary does not review the determination or order, the determination or order shall be final.

(2) Factors in determining amount of penalty

In determining the amount of a penalty under subsection (f) of this section, consideration shall be given to such factors as the gravity of the offense, ability to pay the penalty, injury to the public, benefits received, deterrence of future violations, and such other factors as the Secretary may determine in regulations to be appropriate.

(3) Reviewability of imposition of a penalty

The Secretary's determination or order imposing a penalty under subsection (f) of this section shall not be subject to review, except as provided in subsection (h) of this section.

After exhausting all administrative remedies established by the Secretary under subsection (g)(1) of this section, a person against whom the Secretary has imposed a civil money penalty under subsection (f) of this section may obtain a review of the penalty and such ancillary issues as may be addressed in the notice of determination to impose a penalty under subsection (g)(1)(A) of this section in the appropriate court of appeals of the United States, by filing in such court, within 20 days after the entry of such order or determination, a written petition praying that the order or determination of the Secretary be modified or be set aside in whole or in part.

(2) Objections not raised in hearing

The court shall not consider any objection that was not raised in the hearing conducted pursuant to subsection (g)(1) of this section unless a demonstration is made of extraordinary circumstances causing the failure to raise the objection. If any party demonstrates to the satisfaction of the court that additional evidence not presented at the hearing is material and that there were reasonable grounds for the failure to present such evidence at the hearing, the court shall remand the matter to the Secretary for consideration of such additional evidence.

(3) Scope of review

The decisions, findings, and determinations of the Secretary shall be reviewed pursuant to section 706 of title 5.

(4) Order to pay penalty

Notwithstanding any other provision of law, in any such review, the court shall have the power to order payment of the penalty imposed by the Secretary.

If any person fails to comply with the determination or order of the Secretary imposing a civil money penalty under subsection (f) of this section, after the determination or order is no longer subject to review as provided by subsections (g)(1) and (h) of this section, the Secretary may request the Attorney General of the United States to bring an action in an appropriate United States district court to obtain a monetary judgment against the person and such other relief as may be available. The monetary judgment may, in the court's discretion, include the attorneys' fees and other expenses incurred by the United States in connection with the action. In an action under this subsection, the validity and appropriateness of the Secretary's determination or order imposing the penalty shall not be subject to review.

(j) Settlement by Secretary

The Secretary may compromise, modify, or remit any civil money penalty which may be, or has been, imposed under this section.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 3604, 3617 of this title.

§3604. Discrimination in the sale or rental of housing and other prohibited practices

As made applicable by section 3603 of this title and except as exempted by sections 3603(b) and 3607 of this title, it shall be unlawful—

(a) To refuse to sell or rent after the making of a bona fide offer, or to refuse to negotiate for the sale or rental of, or otherwise make unavailable or deny, a dwelling to any person because of race, color, religion, sex, familial status, or national origin.

(b) To discriminate against any person in the terms, conditions, or privileges of sale or rental of a dwelling, or in the provision of services or facilities in connection therewith, because of race, color, religion, sex, familial status, or national origin.

(c) To make, print, or publish, or cause to be made, printed, or published any notice, statement, or advertisement, with respect to the sale or rental of a dwelling that indicates any preference, limitation, or discrimination based on race, color, religion, sex, handicap, familial status, or national origin, or an intention to make any such preference, limitation, or discrimination.

(d) To represent to any person because of race, color, religion, sex, handicap, familial status, or national origin that any dwelling is not available for inspection, sale, or rental when such dwelling is in fact so available.

(e) For profit, to induce or attempt to induce any person to sell or rent any dwelling by representations regarding the entry or prospective entry into the neighborhood of a person or persons of a particular race, color, religion, sex, handicap, familial status, or national origin.

(f)(1) To discriminate in the sale or rental, or to otherwise make unavailable or deny, a dwelling to any buyer or renter because of a handicap of—

(A) that buyer or renter,¹

(B) a person residing in or intending to reside in that dwelling after it is so sold, rented, or made available; or

(C) any person associated with that buyer or renter.

¹ So in original. The comma probably should be a semicolon.

(2) To discriminate against any person in the terms, conditions, or privileges of sale or rental of a dwelling, or in the provision of services or facilities in connection with such dwelling, because of a handicap of—

(A) that person; or

(B) a person residing in or intending to reside in that dwelling after it is so sold, rented, or made available; or

(C) any person associated with that person.

(3) For purposes of this subsection, discrimination includes—

(A) a refusal to permit, at the expense of the handicapped person, reasonable modifications of existing premises occupied or to be occupied by such person if such modifications may be necessary to afford such person full enjoyment of the premises except that, in the case of a rental, the landlord may where it is reasonable to do so condition permission for a modification on the renter agreeing to restore the interior of the premises to the condition that existed before the modification, reasonable wear and tear excepted.²

(B) a refusal to make reasonable accommodations in rules, policies, practices, or services, when such accommodations may be necessary to afford such person equal opportunity to use and enjoy a dwelling; or

(C) in connection with the design and construction of covered multifamily dwellings for first occupancy after the date that is 30 months after September 13, 1988, a failure to design and construct those dwellings in such a manner that—

(i) the public use and common use portions of such dwellings are readily accessible to and usable by handicapped persons;

(ii) all the doors designed to allow passage into and within all premises within such dwellings are sufficiently wide to allow passage by handicapped persons in wheelchairs; and

(iii) all premises within such dwellings contain the following features of adaptive design:

(II) light switches, electrical outlets, thermostats, and other environmental controls in accessible locations;

(III) reinforcements in bathroom walls to allow later installation of grab bars; and

(IV) usable kitchens and bathrooms such that an individual in a wheelchair can maneuver about the space.

(4) Compliance with the appropriate requirements of the American National Standard for buildings and facilities providing accessibility and usability for physically handicapped people (commonly cited as “ANSI A117.1”) suffices to satisfy the requirements of paragraph (3)(C)(iii).

(5)(A) If a State or unit of general local government has incorporated into its laws the requirements set forth in paragraph (3)(C), compliance with such laws shall be deemed to satisfy the requirements of that paragraph.

(B) A State or unit of general local government may review and approve newly con-

structed covered multifamily dwellings for the purpose of making determinations as to whether the design and construction requirements of paragraph (3)(C) are met.

(C) The Secretary shall encourage, but may not require, States and units of local government to include in their existing procedures for the review and approval of newly constructed covered multifamily dwellings, determinations as to whether the design and construction of such dwellings are consistent with paragraph (3)(C), and shall provide technical assistance to States and units of local government and other persons to implement the requirements of paragraph (3)(C).

(D) Nothing in this subchapter shall be construed to require the Secretary to review or approve the plans, designs or construction of all covered multifamily dwellings, to determine whether the design and construction of such dwellings are consistent with the requirements of paragraph 3(C).

(6)(A) Nothing in paragraph (5) shall be construed to affect the authority and responsibility of the Secretary or a State or local public agency certified pursuant to section 3610(f)(3) of this title to receive and process complaints or otherwise engage in enforcement activities under this subchapter.

(B) Determinations by a State or a unit of general local government under paragraphs (5)(A) and (B) shall not be conclusive in enforcement proceedings under this subchapter.

(7) As used in this subsection, the term “covered multifamily dwellings” means—

(A) buildings consisting of 4 or more units if such buildings have one or more elevators; and

(B) ground floor units in other buildings consisting of 4 or more units.

(8) Nothing in this subchapter shall be construed to invalidate or limit any law of a State or political subdivision of a State, or other jurisdiction in which this subchapter shall be effective, that requires dwellings to be designed and constructed in a manner that affords handicapped persons greater access than is required by this subchapter.

(9) Nothing in this subsection requires that a dwelling be made available to an individual whose tenancy would constitute a direct threat to the health or safety of other individuals or whose tenancy would result in substantial physical damage to the property of others.

ing to restore the interior of the premises to the condition that existed before the modification, reasonable wear and tear excepted.” for the period at the end of subpar. (A) was executed by making the substitution for a semicolon as the probable intent of Congress because subpar. (A) ended with a semicolon, not a period.

EX. ORD. NO. 12892. LEADERSHIP AND COORDINATION OF FAIR HOUSING IN FEDERAL PROGRAMS: AFFIRMATIVELY FURTHERING FAIR HOUSING

Ex. Ord. No. 12892, Jan. 17, 1994, 59 F.R. 2939, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, and in accordance with the Fair Housing Act, as amended (42 U.S.C. 3601 et seq.) (“Act”), in order to affirmatively further fair housing in all Federal programs and activities relating to housing and urban development throughout the United States, it is hereby ordered as follows:

SECTION 1. *Administration of Programs and Activities Relating to Housing and Urban Development.*

1-101. Section 808(d) of the Act, as amended [42 U.S.C. 3608(d)], provides that all executive departments and agencies shall administer their programs and activities relating to housing and urban development (including any Federal agency having regulatory or supervisory authority over financial institutions) in a manner affirmatively to further the purposes of the Act and shall cooperate with the Secretary of Housing and Urban Development to further such purposes.

1-102. As used in this order, the phrase “programs and activities” shall include programs and activities operated, administered, or undertaken by the Federal Government; grants; loans; contracts; insurance; guarantees; and Federal supervision or exercise of regulatory responsibility (including regulatory or supervisory authority over financial institutions).

2-202. The head of each executive agency is responsible for ensuring that its programs and activities relating to housing and urban development are administered in a manner affirmatively to further the goal of fair housing as required by section 808 of the Act [42 U.S.C. 3608] and for cooperating with the Secretary of Housing and Urban Development, who shall be responsible for exercising leadership in furthering the purposes of the Act.

2-203. In carrying out the responsibilities in this order, the head of each executive agency shall take appropriate steps to require that all persons or other entities who are applicants for, or participants in, or who are supervised or regulated under, agency programs and activities relating to housing and urban development shall comply with this order.

2-204. Where such facts or information indicate a possible pattern or practice of discrimination in violation of the Act, they also shall be forwarded to the Attorney General. The authority of the Federal depository institution regu-

(b) develop memoranda of understanding and any necessary implementing procedures among executive agencies designed to provide for consultation and the coordination of Federal efforts to further fair housing through the affirmative administration of programs and activities relating to housing and urban development, including coordination of the investigation of complaints or other information referred to the Secretary as required by section 2-204 of this order that would constitute a violation of the Act or, where relevant, other Federal laws. Existing memoranda of understanding shall remain in effect until superseded.

3-304. In connection with carrying out functions under this order, the Secretary of Housing and Urban Development is authorized to request from any executive agency such information and assistance as the Secretary deems necessary. Each agency shall furnish such information to the extent permitted by law and, to the extent practicable, provide assistance to the Secretary.

(2) the cooperation of executive agencies in furtherance of the Secretary of Housing and Urban Development's authority and responsibility under the Act.

4-402. Within 180 days of the publication of final regulations by the Secretary of Housing and Urban Development under section 4-401 of this order, the head of each executive agency shall publish proposed regulations providing for the administration of programs and activities relating to housing and urban development in a manner affirmatively to further fair housing, consistent with the Secretary of Housing and Urban Development's regulations, and with the standards and procedures issued pursuant to section 4-401(b) of this order. 5-502. If any executive agency concludes that any person or entity (including any State or local public agency) applying for or participating in, or supervised or regulated under, a program or activity relating to housing and urban development has not complied with this order or any applicable rule, regulation, or procedure issued or adopted pursuant to this order, it shall endeavor to end and remedy such violation by informal means, including conference, conciliation, and persuasion. An executive agency need not pursue informal resolution of matters where similar efforts made by another executive agency have been unsuccessful, except where otherwise required by law. In the event of failure of such informal means, the executive agency, in conformity with rules, regulations, procedures, or policies issued or adopted by it pursuant to section 4 of this order hereof, shall impose such sanctions as may be authorized by law. To the extent authorized by law, such sanctions may include:

(a) cancellation or termination of agreements or contracts with such person, entity, or any State or local public agency;

(b) refusal to extend any further aid under any program or activity administered by it and affected by this order until it is satisfied that the affected person, entity, or State or local public agency will comply with the rules, regulations, and procedures issued or adopted pursuant to this order;

(d) any other action as may be appropriate under law. 5-503. Findings of any violation under section 5-502 of this order shall be promptly reported by the head of each executive agency to the Secretary of Housing and Urban Development and the Attorney General. The Secretary of Housing and Urban Development shall forward this information to all other executive agencies.

5-504. 5-505. Each executive agency shall consult with the Secretary of Housing and Urban Development, and the Attorney General where a civil action in Federal Court has been filed, regarding agency actions to invoke sanctions under the Act. WILLIAM J. CLINTON.

FEDERAL LEADERSHIP OF FAIR HOUSING

Memorandum of President of the United States, Jan. 17, 1994, 59 F.R. 8513, provided:

Memorandum for the Heads of Executive Departments and Agencies

On April 11, 1968, one week after the assassination of the great civil rights leader Martin Luther King, Jr., the Fair Housing Act [42 U.S.C. 3601 *et seq.*] was enacted (1) to prohibit discrimination in housing, and (2) to direct the Secretary of Housing and Urban Development to affirmatively further fair housing in Federal housing and urban development programs. Twenty-five years later, despite a strengthening of the Fair Housing Act 5 years ago, hundreds of acts of housing discrimination occur in our Nation each day.

Americans of every income level, seeking to live where they choose, feel the weight of discrimination because of the color of their skin, their race, their religion, their gender, their country of origin, or because they are disabled or have children.

An increasing body of evidence indicates that barriers to fair housing are pervasive. Forty percent of all families move every 5 years. This statistic is significant given the results of a recent study, commissioned by the Department of Housing and Urban Development (HUD), which found that more than half of the African Americans and Latinos seeking to rent or buy a home are treated differently than whites with the same qualifications. Moreover, based upon Home Mortgage Disclosure Act [12 U.S.C. 2801 *et seq.*] data, the number of minority persons who are rejected when attempting to obtain loans to purchase homes is two to three times higher than it is for nonminorities in almost every metropolitan area of this country.

Racial and ethnic segregation, both in the private housing market and in public and assisted housing, has been well documented. Despite legislation (the Fair Housing Act) and Executive action (Executive Order No. 11063 [42 U.S.C. 1982 note]), the divisive impact of housing segregation persists in metropolitan areas all across this country. Too many lower income and minority Americans face barriers to housing outside of central cities. Segregation in housing and schools deprives too many of our children and youth of an opportunity to enter the marketplace or work on an equal footing. For too many families, our cities are no longer the launching pads for economic self-sufficiency and upward mobility that they have been for countless immigrants and minorities since the country's birth. And many Americans who are better off abandon the cities.

The resulting decline in the very heart of too many of our metropolitan areas threatens all of us: the health of our dynamic regional economies—the very lifeblood of future national economic growth and higher living standards for all of us and all of our children—is placed at risk.

We can do better. We can start by making sure that our own Federal policies and programs across all of our agencies support the fair housing and equal opportunity goals to which all Americans are committed. If all of our executive agencies affirmatively further fair housing in the design of their policies and administration of their programs relating to housing and urban development, a truly nondiscriminatory housing market will be closer to achievement.

By an Executive Order [Ex. Ord. No. 12892, set out above] ("the Order") I am issuing today and this memorandum, I am addressing those needs. The Secretary of Housing and Urban Development and, where appropriate, the Attorney General—the officials with the pri-

mary responsibility for the enforcement of Federal fair housing laws—will take the lead in developing and coordinating measures to carry out the purposes of this Order.

Through this Order, I am first expanding Executive Order No. 11063 to provide protection against discrimination in programs of Federal insurance or guaranty to persons who are disabled and to families with children.

Second, I am revoking the old Executive Order No. 12259 entitled “Leadership and Coordination of Fair Housing in Federal Programs.” The new Executive order reflects the expanded authority of the Secretary of Housing and Urban Development and I am directing him to take stronger measures to provide leadership and coordination in affirmatively furthering fair housing in Federal programs.

Third, I ask the heads of departments and agencies, including the Federal banking agencies, to cooperate with the Secretary of Housing and Urban Development in identifying ways to structure agency programs and activities to affirmatively further fair housing and to promptly negotiate memoranda of understanding with him to accomplish that goal.

Further, I direct the Secretary of Housing and Urban Development to review all of HUD’s programs to assure that they truly provide equal opportunity and promote economic self-sufficiency for those who are beneficiaries and recipients of those programs.

I also direct the Secretary to review HUD’s programs to assure that they contain the maximum incentives to affirmatively further fair housing and to eliminate barriers to free choice where they continue to exist. This review shall include Federally assisted housing, Federally insured housing and other housing and housing related programs, including those of the Government National Mortgage Association and the Federal Housing Administration.

Today, I am establishing a new Cabinet-level organization to focus the cooperative efforts of all agencies on fair housing. The President’s Fair Housing Council will be chaired by the Secretary of Housing and Urban Development and will consist of the Secretary of Health and Human Services, the Secretary of Transportation, the Secretary of Education, the Secretary of Labor, the Secretary of Defense, the Secretary of Agriculture, the Secretary of Veterans Affairs, the Secretary of the Treasury, the Attorney General, the Secretary of the Interior, the Chair of the Federal Reserve, the Comptroller of the Currency, the Director of the Office of Thrift Supervision, and the Chair of the Federal Deposit Insurance Corporation.

The President’s Fair Housing Council shall review the design and delivery of Federal programs and activities to ensure that they support a coordinated strategy to affirmatively further fair housing. The Council shall propose revisions to existing programs or activities, develop pilot programs and activities, and propose new programs and activities to achieve its goals.

I direct the Secretary of Housing and Urban Development and the President’s Fair Housing Council to develop a pilot program to be implemented in selected metropolitan areas. This initiative will promote fair housing choice by helping inner-city families to move to suburban neighborhoods and by making the central city more attractive to those who have left it. I direct the members of the Council to undertake a demonstration program that will reinvent the way assisted housing is offered to applicants, will break down jurisdictional barriers in housing opportunities, and will promote the use of subsidies that diminish residential segregation, and will combine these initiatives with refined educational incentives aimed at improving the effectiveness of inner-city schools. I am directing that transportation alternatives be considered along with targeted social service and job training programs as part of the support necessary to create a one-stop, metropolitan area-wide fair housing opportunity pilot program that will effectively offer Federally assisted housing, Federally insured housing, and private market housing within a metropolitan area to all residents of

the area. The pilot program should call upon realtors, mortgage lenders, housing providers, and local governments, among others, to assist in expanding housing choices.

To address the findings of recent studies, I hereby direct the Secretary of Housing and Urban Development and the Attorney General and, where appropriate, the heads of the Federal banking agencies to exercise national leadership to end discrimination in mortgage lending, the secondary mortgage market, and property insurance practices. The Secretary is directed to issue regulations to define discriminatory practices in these areas and the Secretary and the Attorney General are directed to aggressively enforce the laws prohibiting these practices.

In each of these areas, I direct the Secretary of Housing and Urban Development to take the lead with the other Federal agencies in working to gain the voluntary cooperation, participation, and expertise of all of those in private industry, the States and localities who can assist in achieving the Nation’s fair housing goals.

The Secretary of Housing and Urban Development is authorized and directed to publish this memorandum in the Federal Register.

WILLIAM J. CLINTON.

(i) the Secretary shall serve notice upon the aggrieved person acknowledging such filing and advising the aggrieved person of the time limits and choice of forums provided under this subchapter;

(ii) the Secretary shall, not later than 10 days after such filing or the identification of an additional respondent under paragraph (2), serve on the respondent a notice identifying

the alleged discriminatory housing practice and advising such respondent of the procedural rights and obligations of respondents under this subchapter, together with a copy of the original complaint;

(iii) each respondent may file, not later than 10 days after receipt of notice from the Secretary, an answer to such complaint; and

(iv) the Secretary shall make an investigation of the alleged discriminatory housing practice and complete such investigation within 100 days after the filing of the complaint (or, when the Secretary takes further action under subsection (f)(2) of this section with respect to a complaint, within 100 days after the commencement of such further action), unless it is impracticable to do so.

(C) If the Secretary is unable to complete the investigation within 100 days after the filing of the complaint (or, when the Secretary takes further action under subsection (f)(2) of this section with respect to a complaint, within 100 days after the commencement of such further action), the Secretary shall notify the complainant and respondent in writing of the reasons for not doing so.

(D) Complaints and answers shall be under oath or affirmation, and may be reasonably and fairly amended at any time.

(2)(A) A person who is not named as a respondent in a complaint, but who is identified as a respondent in the course of investigation, may be joined as an additional or substitute respondent upon written notice, under paragraph (1), to such person, from the Secretary.

(B) Such notice, in addition to meeting the requirements of paragraph (1), shall explain the basis for the Secretary's belief that the person to whom the notice is addressed is properly joined as a respondent.

(b) Investigative report and conciliation

(1) During the period beginning with the filing of such complaint and ending with the filing of a charge or a dismissal by the Secretary, the Secretary shall, to the extent feasible, engage in conciliation with respect to such complaint.

(2) A conciliation agreement arising out of such conciliation shall be an agreement between the respondent and the complainant, and shall be subject to approval by the Secretary.

(3) A conciliation agreement may provide for binding arbitration of the dispute arising from the complaint. Any such arbitration that results from a conciliation agreement may award appropriate relief, including monetary relief.

(4) Each conciliation agreement shall be made public unless the complainant and respondent otherwise agree and the Secretary determines that disclosure is not required to further the purposes of this subchapter.

(5)(A) At the end of each investigation under this section, the Secretary shall prepare a final investigative report containing—

(i) the names and dates of contacts with witnesses;

(ii) a summary and the dates of correspondence and other contacts with the aggrieved person and the respondent;

(iii) a summary description of other pertinent records;

- (iv) a summary of witness statements; and
- (v) answers to interrogatories.

(B) A final report under this paragraph may be amended if additional evidence is later discovered.

(c) Failure to comply with conciliation agreement

Whenever the Secretary has reasonable cause to believe that a respondent has breached a conciliation agreement, the Secretary shall refer the matter to the Attorney General with a recommendation that a civil action be filed under section 3614 of this title for the enforcement of such agreement.

(d) Prohibitions and requirements with respect to disclosure of information

(1) Nothing said or done in the course of conciliation under this subchapter may be made public or used as evidence in a subsequent proceeding under this subchapter without the written consent of the persons concerned.

(2) Notwithstanding paragraph (1), the Secretary shall make available to the aggrieved person and the respondent, at any time, upon request following completion of the Secretary's investigation, information derived from an investigation and any final investigative report relating to that investigation.

(e) Prompt judicial action

(1) If the Secretary concludes at any time following the filing of a complaint that prompt judicial action is necessary to carry out the purposes of this subchapter, the Secretary may authorize a civil action for appropriate temporary or preliminary relief pending final disposition of the complaint under this section. Upon receipt of such an authorization, the Attorney General shall promptly commence and maintain such an action. Any temporary restraining order or other order granting preliminary or temporary relief shall be issued in accordance with the Federal Rules of Civil Procedure. The commencement of a civil action under this subsection does not affect the initiation or continuation of administrative proceedings under this section and section 3612 of this title.

(2) Whenever the Secretary has reason to believe that a basis may exist for the commencement of proceedings against any respondent under sections 3614(a) and 3614(c) of this title or for proceedings by any governmental licensing or supervisory authorities, the Secretary shall transmit the information upon which such belief is based to the Attorney General, or to such authorities, as the case may be.

(f) Referral for State or local proceedings

(1) Whenever a complaint alleges a discriminatory housing practice—

(A) within the jurisdiction of a State or local public agency; and

(B) as to which such agency has been certified by the Secretary under this subsection;

the Secretary shall refer such complaint to that certified agency before taking any action with respect to such complaint.

(2) Except with the consent of such certified agency, the Secretary, after that referral is

made, shall take no further action with respect to such complaint unless—

(A) the certified agency has failed to commence proceedings with respect to the complaint before the end of the 30th day after the date of such referral;

(B) the certified agency, having so commenced such proceedings, fails to carry forward such proceedings with reasonable promptness; or

(C) the Secretary determines that the certified agency no longer qualifies for certification under this subsection with respect to the relevant jurisdiction.

(3)(A) The Secretary may certify an agency under this subsection only if the Secretary determines that—

(i) the substantive rights protected by such agency in the jurisdiction with respect to which certification is to be made;

(ii) the procedures followed by such agency;

(iii) the remedies available to such agency; and

(iv) the availability of judicial review of such agency's action;

are substantially equivalent to those created by and under this subchapter.

(B) Before making such certification, the Secretary shall take into account the current practices and past performance, if any, of such agency.

(4) During the period which begins on September 13, 1988, and ends 40 months after September 13, 1988, each agency certified (including an agency certified for interim referrals pursuant to 24 CFR 115.11, unless such agency is subsequently denied recognition under 24 CFR 115.7) for the purposes of this subchapter on the day before September 13, 1988, shall for the purposes of this subsection be considered certified under this subsection with respect to those matters for which such agency was certified on September 13, 1988. If the Secretary determines in an individual case that an agency has not been able to meet the certification requirements within this 40-month period due to exceptional circumstances, such as the infrequency of legislative sessions in that jurisdiction, the Secretary may extend such period by not more than 8 months.

(5) Not less frequently than every 5 years, the Secretary shall determine whether each agency certified under this subsection continues to qualify for certification. The Secretary shall take appropriate action with respect to any agency not so qualifying.

(g) Reasonable cause determination and effect

(1) The Secretary shall, within 100 days after the filing of the complaint (or, when the Secretary takes further action under subsection (f)(2) of this section with respect to a complaint, within 100 days after the commencement of such further action), determine based on the facts whether reasonable cause exists to believe that a discriminatory housing practice has occurred or is about to occur, unless it is impracticable to do so, or unless the Secretary has approved a conciliation agreement with respect to the complaint. If the Secretary is unable to make the determination within 100 days after the filing of

the complaint (or, when the Secretary takes further action under subsection (f)(2) of this section with respect to a complaint, within 100 days after the commencement of such further action), the Secretary shall notify the complainant and respondent in writing of the reasons for not doing so.

(2)(A) If the Secretary determines that reasonable cause exists to believe that a discriminatory housing practice has occurred or is about to occur, the Secretary shall, except as provided in subparagraph (C), immediately issue a charge on behalf of the aggrieved person, for further proceedings under section 3612 of this title.

(B) Such charge—

(i) shall consist of a short and plain statement of the facts upon which the Secretary has found reasonable cause to believe that a discriminatory housing practice has occurred or is about to occur;

(ii) shall be based on the final investigative report; and

(iii) need not be limited to the facts or grounds alleged in the complaint filed under subsection (a) of this section.

(C) If the Secretary determines that the matter involves the legality of any State or local zoning or other land use law or ordinance, the Secretary shall immediately refer the matter to the Attorney General for appropriate action under section 3614 of this title, instead of issuing such charge.

(3) If the Secretary determines that no reasonable cause exists to believe that a discriminatory housing practice has occurred or is about to occur, the Secretary shall promptly dismiss the complaint. The Secretary shall make public disclosure of each such dismissal.

(4) The Secretary may not issue a charge under this section regarding an alleged discriminatory housing practice after the beginning of the trial of a civil action commenced by the aggrieved party under an Act of Congress or a State law, seeking relief with respect to that discriminatory housing practice.

(h) Service of copies of charge

After the Secretary issues a charge under this section, the Secretary shall cause a copy thereof, together with information as to how to make an election under section 3612(a) of this title and the effect of such an election, to be served—

(1) on each respondent named in such charge, together with a notice of opportunity for a hearing at a time and place specified in the notice, unless that election is made; and

(2) on each aggrieved person on whose behalf the complaint was filed.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 3612 of this title.

§ 3612. Enforcement by Secretary**(a) Election of judicial determination**

When a charge is filed under section 3610 of this title, a complainant, a respondent, or an aggrieved person on whose behalf the complaint was filed, may elect to have the claims asserted in that charge decided in a civil action under subsection (o) of this section in lieu of a hearing under subsection (b) of this section. The election must be made not later than 20 days after the receipt by the electing person of service under section 3610(h) of this title or, in the case of the Secretary, not later than 20 days after such service. The person making such election shall give notice of doing so to the Secretary and to all other complainants and respondents to whom the charge relates.

(b) Administrative law judge hearing in absence of election

If an election is not made under subsection (a) of this section with respect to a charge filed under section 3610 of this title, the Secretary shall provide an opportunity for a hearing on the record with respect to a charge issued under section 3610 of this title. The Secretary shall delegate the conduct of a hearing under this section to an administrative law judge appointed under section 3105 of title 5. The administrative law judge shall conduct the hearing at a place in the vicinity in which the discriminatory housing practice is alleged to have occurred or to be about to occur.

(c) Rights of parties

At a hearing under this section, each party may appear in person, be represented by counsel, present evidence, cross-examine witnesses, and obtain the issuance of subpoenas under section 3611 of this title. Any aggrieved person may intervene as a party in the proceeding. The Federal Rules of Evidence apply to the presentation of evidence in such hearing as they would in a civil action in a United States district court.

(d) Expedited discovery and hearing

(1) Discovery in administrative proceedings under this section shall be conducted as expeditiously and inexpensively as possible, consistent with the need of all parties to obtain relevant evidence.

(2) A hearing under this section shall be conducted as expeditiously and inexpensively as possible, consistent with the needs and rights of the parties to obtain a fair hearing and a complete record.

(3) The Secretary shall, not later than 180 days after September 13, 1988, issue rules to implement this subsection.

(e) Resolution of charge

Any resolution of a charge before a final order under this section shall require the consent of the aggrieved person on whose behalf the charge is issued.

(f) Effect of trial of civil action on administrative proceedings

An administrative law judge may not continue administrative proceedings under this section regarding any alleged discriminatory housing practice after the beginning of the trial of a

civil action commenced by the aggrieved party under an Act of Congress or a State law, seeking relief with respect to that discriminatory housing practice.

(g) Hearings, findings and conclusions, and order

(1) The administrative law judge shall commence the hearing under this section no later than 120 days following the issuance of the charge, unless it is impracticable to do so. If the administrative law judge is unable to commence the hearing within 120 days after the issuance of the charge, the administrative law judge shall notify the Secretary, the aggrieved person on whose behalf the charge was filed, and the respondent, in writing of the reasons for not doing so.

(2) The administrative law judge shall make findings of fact and conclusions of law within 60 days after the end of the hearing under this section, unless it is impracticable to do so. If the administrative law judge is unable to make findings of fact and conclusions of law within such period, or any succeeding 60-day period thereafter, the administrative law judge shall notify the Secretary, the aggrieved person on whose behalf the charge was filed, and the respondent, in writing of the reasons for not doing so.

(3) If the administrative law judge finds that a respondent has engaged or is about to engage in a discriminatory housing practice, such administrative law judge shall promptly issue an order for such relief as may be appropriate, which may include actual damages suffered by the aggrieved person and injunctive or other equitable relief. Such order may, to vindicate the public interest, assess a civil penalty against the respondent—

(A) in an amount not exceeding \$10,000 if the respondent has not been adjudged to have committed any prior discriminatory housing practice;

(B) in an amount not exceeding \$25,000 if the respondent has been adjudged to have committed one other discriminatory housing practice during the 5-year period ending on the date of the filing of this charge; and

(C) in an amount not exceeding \$50,000 if the respondent has been adjudged to have committed 2 or more discriminatory housing practices during the 7-year period ending on the date of the filing of this charge;

except that if the acts constituting the discriminatory housing practice that is the object of the charge are committed by the same natural person who has been previously adjudged to have committed acts constituting a discriminatory housing practice, then the civil penalties set forth in subparagraphs (B) and (C) may be imposed without regard to the period of time within which any subsequent discriminatory housing practice occurred.

(4) No such order shall affect any contract, sale, encumbrance, or lease consummated before the issuance of such order and involving a bona fide purchaser, encumbrancer, or tenant without actual notice of the charge filed under this subchapter.

(5) In the case of an order with respect to a discriminatory housing practice that occurred in the course of a business subject to a licensing

or regulation by a governmental agency, the Secretary shall, not later than 30 days after the date of the issuance of such order (or, if such order is judicially reviewed, 30 days after such order is in substance affirmed upon such review)—

(A) send copies of the findings of fact, conclusions of law, and the order, to that governmental agency; and

(B) recommend to that governmental agency appropriate disciplinary action (including, where appropriate, the suspension or revocation of the license of the respondent).

(6) In the case of an order against a respondent against whom another order was issued within the preceding 5 years under this section, the Secretary shall send a copy of each such order to the Attorney General.

(7) If the administrative law judge finds that the respondent has not engaged or is not about to engage in a discriminatory housing practice, as the case may be, such administrative law judge shall enter an order dismissing the charge. The Secretary shall make public disclosure of each such dismissal.

(h) Review by Secretary; service of final order

(1) The Secretary may review any finding, conclusion, or order issued under subsection (g) of this section. Such review shall be completed not later than 30 days after the finding, conclusion, or order is so issued; otherwise the finding, conclusion, or order becomes final.

(2) The Secretary shall cause the findings of fact and conclusions of law made with respect to any final order for relief under this section, together with a copy of such order, to be served on each aggrieved person and each respondent in the proceeding.

(i) Judicial review

(1) Any party aggrieved by a final order for relief under this section granting or denying in whole or in part the relief sought may obtain a review of such order under chapter 158 of title 28.

(2) Notwithstanding such chapter, venue of the proceeding shall be in the judicial circuit in which the discriminatory housing practice is alleged to have occurred, and filing of the petition for review shall be not later than 30 days after the order is entered.

(j) Court enforcement of administrative order upon petition by Secretary

(1) The Secretary may petition any United States court of appeals for the circuit in which the discriminatory housing practice is alleged to have occurred or in which any respondent resides or transacts business for the enforcement of the order of the administrative law judge and for appropriate temporary relief or restraining order, by filing in such court a written petition praying that such order be enforced and for appropriate temporary relief or restraining order.

(2) The Secretary shall file in court with the petition the record in the proceeding. A copy of such petition shall be forthwith transmitted by the clerk of the court to the parties to the proceeding before the administrative law judge.

(k) Relief which may be granted

(1) Upon the filing of a petition under subsection (i) or (j) of this section, the court may—

(A) grant to the petitioner, or any other party, such temporary relief, restraining order, or other order as the court deems just and proper;

(B) affirm, modify, or set aside, in whole or in part, the order, or remand the order for further proceedings; and

(C) enforce such order to the extent that such order is affirmed or modified.

(2) Any party to the proceeding before the administrative law judge may intervene in the court of appeals.

(3) No objection not made before the administrative law judge shall be considered by the court, unless the failure or neglect to urge such objection is excused because of extraordinary circumstances.

(l) Enforcement decree in absence of petition for review

If no petition for review is filed under subsection (i) of this section before the expiration of 45 days after the date the administrative law judge's order is entered, the administrative law judge's findings of fact and order shall be conclusive in connection with any petition for enforcement—

(1) which is filed by the Secretary under subsection (j) of this section after the end of such day; or

(2) under subsection (m) of this section.

(m) Court enforcement of administrative order upon petition of any person entitled to relief

If before the expiration of 60 days after the date the administrative law judge's order is entered, no petition for review has been filed under subsection (i) of this section, and the Secretary has not sought enforcement of the order under subsection (j) of this section, any person entitled to relief under the order may petition for a decree enforcing the order in the United States court of appeals for the circuit in which the discriminatory housing practice is alleged to have occurred.

(n) Entry of decree

The clerk of the court of appeals in which a petition for enforcement is filed under subsection (l) or (m) of this section shall forthwith enter a decree enforcing the order and shall transmit a copy of such decree to the Secretary, the respondent named in the petition, and to any other parties to the proceeding before the administrative law judge.

(o) Civil action for enforcement when election is made for such civil action

(1) If an election is made under subsection (a) of this section, the Secretary shall authorize, and not later than 30 days after the election is made the Attorney General shall commence and maintain, a civil action on behalf of the aggrieved person in a United States district court seeking relief under this subsection. Venue for such civil action shall be determined under chapter 87 of title 28.

(2) Any aggrieved person with respect to the issues to be determined in a civil action under this subsection may intervene as of right in that civil action.

(3) In a civil action under this subsection, if the court finds that a discriminatory housing

practice has occurred or is about to occur, the court may grant as relief any relief which a court could grant with respect to such discriminatory housing practice in a civil action under section 3613 of this title. Any relief so granted that would accrue to an aggrieved person in a civil action commenced by that aggrieved person under section 3613 of this title shall also accrue to that aggrieved person in a civil action under this subsection. If monetary relief is sought for the benefit of an aggrieved person who does not intervene in the civil action, the court shall not award such relief if that aggrieved person has not complied with discovery orders entered by the court.

(p) Attorney's fees

In any administrative proceeding brought under this section, or any court proceeding arising therefrom, or any civil action under this section, the administrative law judge or the court, as the case may be, in its discretion, may allow the prevailing party, other than the United States, a reasonable attorney's fee and costs. The United States shall be liable for such fees and costs to the extent provided by section 504 of title 5 or by section 2412 of title 28.

(Pub. L. 90-284, title VIII, §812, as added Pub. L. 100-430, §8(2), Sept. 13, 1988, 102 Stat. 1629.)

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 3608 of this title; title 28 sections 2341, 2342.

§ 3613. Enforcement by private persons

(a) Civil action

(1)(A) An aggrieved person may commence a civil action in an appropriate United States district court or State court not later than 2 years after the occurrence or the termination of an alleged discriminatory housing practice, or the breach of a conciliation agreement entered into under this subchapter, whichever occurs last, to obtain appropriate relief with respect to such discriminatory housing practice or breach.

(B) The computation of such 2-year period shall not include any time during which an administrative proceeding under this subchapter was pending with respect to a complaint or charge under this subchapter based upon such discriminatory housing practice. This subparagraph does not apply to actions arising from a breach of a conciliation agreement.

(2) An aggrieved person may commence a civil action under this subsection whether or not a complaint has been filed under section 3610(a) of

this title and without regard to the status of any such complaint, but if the Secretary or a State or local agency has obtained a conciliation agreement with the consent of an aggrieved person, no action may be filed under this subsection by such aggrieved person with respect to the alleged discriminatory housing practice which forms the basis for such complaint except for the purpose of enforcing the terms of such an agreement.

(3) An aggrieved person may not commence a civil action under this subsection with respect to an alleged discriminatory housing practice which forms the basis of a charge issued by the Secretary if an administrative law judge has commenced a hearing on the record under this subchapter with respect to such charge.

(b) Appointment of attorney by court

Upon application by a person alleging a discriminatory housing practice or a person against whom such a practice is alleged, the court may—

(1) appoint an attorney for such person; or

(2) authorize the commencement or continuation of a civil action under subsection (a) of this section without the payment of fees, costs, or security, if in the opinion of the court such person is financially unable to bear the costs of such action.

(c) Relief which may be granted

(1) In a civil action under subsection (a) of this section, if the court finds that a discriminatory housing practice has occurred or is about to occur, the court may award to the plaintiff actual and punitive damages, and subject to subsection (d) of this section, may grant as relief, as the court deems appropriate, any permanent or temporary injunction, temporary restraining order, or other order (including an order enjoining the defendant from engaging in such practice or ordering such affirmative action as may be appropriate).

(2) In a civil action under subsection (a) of this section, the court, in its discretion, may allow the prevailing party, other than the United States, a reasonable attorney's fee and costs. The United States shall be liable for such fees and costs to the same extent as a private person.

(d) Effect on certain sales, encumbrances, and rentals

Relief granted under this section shall not affect any contract, sale, encumbrance, or lease consummated before the granting of such relief and involving a bona fide purchaser, encumbrancer, or tenant, without actual notice of the filing of a complaint with the Secretary or civil action under this subchapter.

(e) Intervention by Attorney General

Upon timely application, the Attorney General may intervene in such civil action, if the Attorney General certifies that the case is of general public importance. Upon such intervention the Attorney General may obtain such relief as would be available to the Attorney General under section 3614(e) of this title in a civil action to which such section applies.

Whenever the Attorney General has reasonable cause to believe that any person or group of persons is engaged in a pattern or practice of resistance to the full enjoyment of any of the rights granted by this subchapter, or that any group of persons has been denied any of the rights granted by this subchapter and such denial raises an issue of general public importance, the Attorney General may commence a civil action in any appropriate United States district court.

(b) On referral of discriminatory housing practice or conciliation agreement for enforcement

(B) may award such other relief as the court deems appropriate, including monetary damages to persons aggrieved; and

(C) may, to vindicate the public interest, assess a civil penalty against the respondent—

(i) in an amount not exceeding \$50,000, for a first violation; and

(ii) in an amount not exceeding \$100,000, for any subsequent violation.

(2) In a civil action under this section, the court, in its discretion, may allow the prevailing party, other than the United States, a reasonable attorney's fee and costs. The United States shall be liable for such fees and costs to the extent provided by section 2412 of title 28.

CHANGE OF NAME

Committee on Banking, Finance and Urban Affairs of House of Representatives treated as referring to Committee on Banking and Financial Services of House of Representatives by section 1(a) of Pub. L. 104-14, set out as a note preceding section 21 of Title 2, The Congress. Committee on Banking and Financial Services of House of Representatives abolished and replaced by Committee on Financial Services of House of Representatives, and jurisdiction over matters relating to securities and exchanges and insurance generally transferred from Committee on Energy and Commerce of House of Representatives by House Resolution No. 5, One Hundred Seventh Congress, Jan. 3, 2001.

CONGRESSIONAL FINDINGS

Section 905(a) of Pub. L. 102-550 provided that: “The Congress finds that—

“(1) in the past half decade, there have been major legislative and administrative changes in Federal fair housing and fair lending laws and substantial improvements in the Nation’s understanding of discrimination in the housing markets;

“(2) in response to evidence of continuing housing discrimination, the Congress passed the Fair Housing Act Amendments of 1988 [probably should be the Fair Housing Amendments Act of 1988, Pub. L. 100-430, see Short Title of 1988 Amendment note set out under section 3601 of this title], to provide for more effective enforcement of fair housing rights through judicial and administrative avenues and to expand the number of protected classes covered under Federal fair housing laws;

“(3) in the Financial Institutions Reform, Recovery and Enforcement Act of 1989 [Pub. L. 101-73, see Short Title of 1989 Amendment note set out under 12 U.S.C. 1811], the Congress expanded the disclosure provisions under the Home Mortgage Disclosure Act [probably should be the Home Mortgage Disclosure Act of 1975; 12 U.S.C. 2801 et seq.] to provide increased information on the mortgage lending patterns of financial institutions;

“(4) in the Americans with Disabilities Act of 1990 [42 U.S.C. 12101 et seq.], the Congress provided a clear and comprehensive national mandate for the elimination of discrimination against individuals with disabilities;

“(5) in 1991, data collected under the Home Mortgage Disclosure Act disclosed evidence of pervasive discrimination in the Nation’s mortgage lending markets;

“(6) the Housing Discrimination Survey, released by the Department of Housing and Urban Development in 1991, found that Hispanic and African-American homeseekers experience some form of discrimination in at least half of their encounters with sales and rental agents;

“(7) the Fair Housing Initiatives Program should be revised and expanded to reflect the significant changes in the fair housing and fair lending area that have taken place since the Program’s initial authorization in the Housing and Community Development Act of 1987 [Pub. L. 100-242, see Short Title of 1988 Amendment note under section 5301 of this title];

“(8) continuing educational efforts by the real estate industry are a useful way to increase understanding by the public of their fair housing rights and responsibilities; and

“(9) the proven efficacy of private nonprofit fair housing enforcement organizations and community-based efforts makes support for these organizations a necessary component of the fair housing enforcement system.”

“SECTION 1. SHORT TITLE.

“This Act may be cited as the ‘Crime Victims With Disabilities Awareness Act’.

“SEC. 2. FINDINGS; PURPOSES.

“(a) FINDINGS.—Congress finds that—

“(1) although research conducted abroad demonstrates that individuals with developmental disabilities are at a 4 to 10 times higher risk of becoming crime victims than those without disabilities, there have been no significant studies on this subject conducted in the United States;

“(2) in fact, the National Crime Victim’s Survey, conducted annually by the Bureau of Justice Statistics of the Department of Justice, does not specifically collect data relating to crimes against individuals with developmental disabilities;

“(3) studies in Canada, Australia, and Great Britain consistently show that victims with developmental disabilities suffer repeated victimization because so few of the crimes against them are reported, and even when they are, there is sometimes a reluctance by police, prosecutors, and judges to rely on the testimony of a disabled individual, making individuals with developmental disabilities a target for criminal predators;

“(4) research in the United States needs to be done to—

“(A) understand the nature and extent of crimes against individuals with developmental disabilities;

“(B) describe the manner in which the justice system responds to crimes against individuals with developmental disabilities; and

“(C) identify programs, policies, or laws that hold promises for making the justice system more responsive to crimes against individuals with developmental disabilities; and

“(5) the National Academy of Science Committee on Law and Justice of the National Research Council

is a premier research institution with unique experience in developing seminal, multidisciplinary studies to establish a strong research base from which to make public policy.

“(b) PURPOSES.—The purposes of this Act are—

“(1) to increase public awareness of the plight of victims of crime who are individuals with developmental disabilities;

“(2) to collect data to measure the extent of the problem of crimes against individuals with developmental disabilities; and

“(3) to develop a basis to find new strategies to address the safety and justice needs of victims of crime who are individuals with developmental disabilities.

“SEC. 3. DEFINITION OF DEVELOPMENTAL DISABILITY.

“In this Act, the term ‘developmental disability’ has the meaning given the term in section 102 of the Developmental Disabilities Assistance and Bill of Rights Act of 2000 [42 U.S.C. 15002].

“SEC. 4. STUDY.

“(a) IN GENERAL.—The Attorney General shall conduct a study to increase knowledge and information about crimes against individuals with developmental disabilities that will be useful in developing new strategies to reduce the incidence of crimes against those individuals.

“(b) ISSUES ADDRESSED.—The study conducted under this section shall address such issues as—

“(1) the nature and extent of crimes against individuals with developmental disabilities;

“(2) the risk factors associated with victimization of individuals with developmental disabilities;

“(3) the manner in which the justice system responds to crimes against individuals with developmental disabilities; and

“(4) the means by which States may establish and maintain a centralized computer database on the incidence of crimes against individuals with disabilities within a State.

“(c) NATIONAL ACADEMY OF SCIENCES.—In carrying out this section, the Attorney General shall consider contracting with the Committee on Law and Justice of the National Research Council of the National Academy of Sciences to provide research for the study conducted under this section.

“(d) REPORT.—Not later than 18 months after the date of enactment of this Act [Oct. 27, 1998], the Attorney General shall submit to the Committees on the Judiciary of the Senate and the House of Representatives a report describing the results of the study conducted under this section.

“SEC. 5. NATIONAL CRIME VICTIM’S SURVEY.

“Not later than 2 years after the date of enactment of this Act, as part of each National Crime Victim’s Survey, the Attorney General shall include statistics relating to—

“(1) the nature of crimes against individuals with developmental disabilities; and

“(2) the specific characteristics of the victims of those crimes.”

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 5672, 13707 of this title.

§ 3783. Notice and hearing on denial or termination of grant

(a) Payments to recipients; limitation, reduction, or termination

Whenever, after reasonable notice and opportunity for a hearing on the record in accordance with section 554 of title 5, the Bureau of Justice Assistance, the National Institute of Justice, and the Bureau of Justice Statistics finds that a recipient of assistance under this chapter has failed to comply substantially with—

- (1) any provisions of this chapter;
- (2) any regulations or guidelines promulgated under this chapter; or
- (3) any application submitted in accordance with the provisions of this chapter, or the provisions of any other applicable Federal Act;

the Director involved shall, until satisfied that there is no longer any such failure to comply, terminate payments to the recipient under this chapter, reduce payments to the recipient under this chapter by an amount equal to the amount of such payments which were not expended in accordance with this chapter, or limit the availability of payments under this chapter to programs, projects, or activities not affected by such failure to comply.

(b) Notice of action; reasons for action; hearing or investigation; finality of findings and determinations; reasons in detail for action without hearing

If any grant application submitted under part A of subchapter V of this chapter or under subchapter XII-A, XII-B, XII-C, or XII-I of this chapter has been denied, or any grant under this chapter has been terminated, then the Bureau of Justice Assistance, the National Institute of Justice, or the Bureau of Justice Statistics, as appropriate, shall notify the applicant of its action and set forth the reason for the action taken. Whenever such an applicant requests a hearing, the Bureau of Justice Assistance, the National Institute of Justice, or the Bureau of Justice Statistics, or any authorized officer thereof, is authorized and directed to hold such hearings or investigations, including hearings on the record in accordance with section 554 of title 5, at such times and places as necessary, following appropriate and adequate notice to such applicant; and the findings of fact and determinations made with respect thereto shall be final and conclusive, except as otherwise provided herein. The Bureau of Justice Assistance, the National Institute of Justice, or the Bureau of Justice Statistics is authorized to take final action without a hearing if, after an administrative review of the denial of such application or termination of such grant, it is determined that the basis for the appeal, if substantiated, would not establish a basis for awarding or continuing of the grant involved. Under such circumstances, a more detailed statement of reasons for the agency action should be made available, upon request, to the applicant.

(c) Rehearing; regulations and procedures; presentation of additional information

If the applicant involved is dissatisfied with the findings and determinations of the Bureau of Justice Assistance, the National Institute of Justice, or the Bureau of Justice Statistics following notice and hearing provided for in subsection (a) of this section, a request may be made for rehearing, under such regulations and procedure as the Bureau of Justice Assistance, the National Institute of Justice, or the Bureau of Justice Statistics may establish, and such applicant shall be afforded an opportunity to present such additional information as may be deemed appropriate and pertinent to the matter involved.

§ 3789d. Prohibition of Federal control over State and local criminal justice agencies; prohibition of discrimination

(a) General rule

Nothing in this chapter or any other Act shall be construed to authorize any department, agency, officer, or employee of the United States to exercise any direction, supervision, or control over any police force or any other criminal justice agency of any State or any political subdivision thereof.

(b) Racial imbalance requirement restriction

Notwithstanding any other provision of law, nothing contained in this chapter shall be con-

strued to authorize the National Institute of Justice, the Bureau of Justice Statistics, or the Law Enforcement Assistance Administration—

(1) to require, or condition the availability or amount of a grant upon the adoption by an applicant or grantee under this chapter of a percentage ratio, quota system, or other program to achieve racial balance in any criminal justice agency; or

(2) to deny or discontinue a grant because of the refusal of an applicant or grantee under this chapter to adopt such a ratio, system, or other program.

(c) Discrimination prohibited; notice of non-compliance; suspension and restoration of payments; hearing; civil action by Attorney General; private action, attorney fees, intervention by Attorney General

(1) No person in any State shall on the ground of race, color, religion, national origin, or sex be excluded from participation in, be denied the benefits of, or be subjected to discrimination under or denied employment in connection with any programs or activity funded in whole or in part with funds made available under this chapter.

(2)(A) Whenever there has been—

(i) receipt of notice of a finding, after notice and opportunity for a hearing, by a Federal court (other than in an action brought by the Attorney General) or State court, or by a Federal or State administrative agency, to the effect that there has been a pattern or practice of discrimination in violation of paragraph (1); or

(ii) a determination after an investigation by the Office of Justice Programs (prior to a hearing under subparagraph (F) but including an opportunity for the State government or unit of local government to make a documentary submission regarding the allegation of discrimination with respect to such program or activity, with funds made available under this chapter) that a State government or unit of local government is not in compliance with paragraph (1);

the Office of Justice Programs shall, within ten days after such occurrence, notify the chief executive of the affected State, or the State in which the affected unit of local government is located, and the chief executive of such unit of local government, that such program or activity has been so found or determined not to be in compliance with paragraph (1), and shall request each chief executive, notified under this subparagraph with respect to such violation, to secure compliance. For purposes of clause (i) a finding by a Federal or State administrative agency shall be deemed rendered after notice and opportunity for a hearing if it is rendered pursuant to procedures consistent with the provisions of subchapter II of chapter 5 of title 5.

(B) In the event the chief executive secures compliance after notice pursuant to subparagraph (A), the terms and conditions with which the affected State government or unit of local government agrees to comply shall be set forth in writing and signed by the chief executive of the State, by the chief executive of such unit (in the event of a violation by a unit of local gov-

ernment), and by the Office of Justice Programs. On or prior to the effective date of the agreement, the Office of Justice Programs shall send a copy of the agreement to each complainant, if any, with respect to such violation. The chief executive of the State, or the chief executive of the unit (in the event of a violation by a unit of local government) shall file semiannual reports with the Office of Justice Programs detailing the steps taken to comply with the agreement. These reports shall cease to be filed upon the determination of the Office of Justice Programs that compliance has been secured, or upon the determination by a Federal or State court that such State government or local governmental unit is in compliance with this section. Within fifteen days of receipt of such reports, the Office of Justice Programs shall send a copy thereof to each such complainant.

(C) If, at the conclusion of ninety days after notification under subparagraph (A)—

(i) compliance has not been secured by the chief executive of that State or the chief executive of that unit of local government; and

(ii) an administrative law judge has not made a determination under subparagraph (F) that it is likely the State government or unit of local government will prevail on the merits; the Office of Justice Programs shall notify the Attorney General that compliance has not been secured and caused to have suspended further payment of any funds under this chapter to that program or activity. Such suspension shall be limited to the specific program or activity cited by the Office of Justice Programs in the notice under subparagraph (A). Such suspension shall be effective for a period of not more than one hundred and twenty days, or, if there is a hearing under subparagraph (G), not more than thirty days after the conclusion of such hearing, unless there has been an express finding by the Office of Justice Programs, after notice and opportunity for such a hearing, that the recipient is not in compliance with paragraph (1).

(D) Payment of the suspended funds shall resume only if—

(i) such State government or unit of local government enters into a compliance agreement approved by the Office of Justice Programs and the Attorney General in accordance with subparagraph (B);

(ii) such State government or unit of local government complies fully with the final order or judgment of a Federal or State court, or by a Federal or State administrative agency if that order or judgment covers all the matters raised by the Office of Justice Programs in the notice pursuant to subparagraph (A), or is found to be in compliance with paragraph (1) by such court; or

(iii) after a hearing the Office of Justice Programs pursuant to subparagraph (F) finds that noncompliance has not been demonstrated.

(E) Whenever the Attorney General files a civil action alleging a pattern or practice of discriminatory conduct on the basis of race, color, religion, national origin, or sex in any program or activity of a State government or unit of local government which State government or

unit of local government receives funds made available under this chapter, and the conduct allegedly violates the provisions of this section and neither party within forty-five days after such filing has been granted such preliminary relief with regard to the suspension or payment of funds as may be otherwise available by law, the Office of Justice Programs shall cause to have suspended further payment of any funds under this chapter to that specific program or activity alleged by the Attorney General to be in violation of the provisions of this subsection until such time as the court orders resumption of payment.

(F) Prior to the suspension of funds under subparagraph (C), but within the ninety-day period after notification under subparagraph (C), the State government or unit of local government may request an expedited preliminary hearing on the record in accordance with section 554 of title 5, in order to determine whether it is likely that the State government or unit of local government would, at a full hearing under subparagraph (G), prevail on the merits on the issue of the alleged noncompliance. A finding under this subparagraph by the administrative law judge in favor of the State government or unit of local government shall defer the suspension of funds under subparagraph (C) pending a finding of noncompliance at the conclusion of the hearing on the merits under subparagraph (G).

(G)(i) At any time after notification under subparagraph (A), but before the conclusion of the one-hundred-and-twenty-day period referred to in subparagraph (C), a State government or unit of local government may request a hearing on the record in accordance with section 554 of title 5, which the Office of Justice Programs shall initiate within sixty days of such request.

(ii) Within thirty days after the conclusion of the hearing, or, in the absence of a hearing, at the conclusion of the one-hundred-and-twenty-day period referred to in subparagraph (C), the Office of Justice Programs shall make a finding of compliance or noncompliance. If the Office of Justice Programs makes a finding of noncompliance, the Office of Justice Programs shall notify the Attorney General in order that the Attorney General may institute a civil action under paragraph (3), cause to have terminated the payment of funds under this chapter, and, if appropriate, seek repayment of such funds.

(iii) If the Office of Justice Programs makes a finding of compliance, payment of the suspended funds shall resume as provided in subparagraph (D).

(H) Any State government or unit of local government aggrieved by a final determination of the Office of Justice Programs under subparagraph (G) may appeal such determination as provided in section 3785 of this title.

(3) Whenever the Attorney General has reason to believe that a State government or unit of local government has engaged in or is engaging in a pattern or practice in violation of the provisions of this section, the Attorney General may bring a civil action in an appropriate United States district court. Such court may grant as relief any temporary restraining order, preliminary or permanent injunction, or other order, as necessary or appropriate to insure the full en-

joyment of the rights described in this section, including the suspension, termination, or repayment of such funds made available under this chapter as the court may deem appropriate, or placing any further such funds in escrow pending the outcome of the litigation.

(4)(A) Whenever a State government or unit of local government, or any officer or employee thereof acting in an official capacity, has engaged or is engaging in any act or practice prohibited by this subsection, a civil action may be instituted after exhaustion of administrative remedies by the person aggrieved in an appropriate United States district court or in a State court of general jurisdiction. Administrative remedies shall be deemed to be exhausted upon the expiration of sixty days after the date the administrative complaint was filed with the Office of Justice Programs or any other administrative enforcement agency, unless within such period there has been a determination by the Office of Justice Programs or the agency on the merits of the complaint, in which case such remedies shall be deemed exhausted at the time the determination becomes final.

(B) In any civil action brought by a private person to enforce compliance with any provision of this subsection, the court may grant to a prevailing plaintiff reasonable attorney fees, unless the court determines that the lawsuit is frivolous, vexatious, brought for harassment purposes, or brought principally for the purpose of gaining attorney fees.

(C) In any action instituted under this section to enforce compliance with paragraph (1), the Attorney General, or a specially designated assistant for or in the name of the United States, may intervene upon timely application if he certifies that the action is of general public importance. In such action the United States shall be entitled to the same relief as if it had instituted the action.

This part is referred to in sections 3796c-1, 3796d-1 of this title.

§ 3796. Payment of death benefits

(a) Amount; recipients

In any case in which the Bureau of Justice Assistance (hereinafter in this subchapter referred to as the “Bureau”) determines, under regulations issued pursuant to this subchapter, that a public safety officer has died as the direct and proximate result of a personal injury sustained in the line of duty, the Bureau shall pay a benefit of \$250,000, adjusted in accordance with subsection (h) of this section, as follows:

- (1) if there is no surviving child of such officer, to the surviving spouse of such officer;
- (2) if there is a surviving child or children and a surviving spouse, one-half to the surviving child or children of such officer in equal shares and one-half to the surviving spouse;
- (3) if there is no surviving spouse, to the child or children of such officer in equal shares; or

(4) if none of the above, to the parent or parents of such officer in equal shares.

(b) Benefits for permanent and total disability

In accordance with regulations issued pursuant to this subchapter, in any case in which the Bureau determines that a public safety officer has become permanently and totally disabled as the direct result of a catastrophic injury sustained in the line of duty, the Bureau shall pay, to the extent that appropriations are provided, the same benefit in any year that is payable under subsection (a) of this section in such year, adjusted in accordance with subsection (h) of this section, to such officer: *Provided*, That the total annual benefits paid under this subsection may not exceed \$5,000,000. For the purposes of making these benefit payments, there are authorized to be appropriated for each fiscal year such sums as may be necessary: *Provided further*, That these benefit payments are subject to the availability of appropriations and that each beneficiary's payment shall be reduced by a proportionate share to the extent that sufficient funds are not appropriated.

(c) Interim benefit payment

Whenever the Bureau determines upon showing of need and prior to final action that the death of a public safety officer is one with respect to which a benefit will probably be paid, the Bureau may make an interim benefit payment not exceeding \$3,000 to the individual entitled to receive a benefit under subsection (a) of this section.

(d) Deduction of interim payment

The amount of an interim payment under subsection (c) of this section shall be deducted from the amount of any final benefit paid to such individual.

(e) Repayment of interim payment; waiver

Where there is no final benefit paid, the recipient of any interim payment under subsection (c) of this section shall be liable for repayment of such amount. The Bureau may waive all or part of such repayment, considering for this purpose the hardship which would result from such repayment.

(f) Reductions from final benefit payment

The benefit payable under this subchapter shall be in addition to any other benefit that may be due from any other source, except—

(1) payments authorized by section 12(k) of the Act of September 1, 1916, as amended (D.C. Code, sec. 4-622); or

(2) benefits authorized by section 8191 of title 5. Such beneficiaries shall only receive benefits under such section 8191 that are in excess of the benefits received under this subchapter.

(g) Execution or attachment prohibited

(h) Consumer Price Index adjustment

On October 1 of each fiscal year beginning after June 1, 1988, the Bureau shall adjust the level of the benefit payable immediately before such October 1 under subsection (a) of this sec-

(i) Amount payable determined as of date of death

The amount payable under subsection (a) of this section with respect to the death of a public safety officer shall be the amount payable under subsection (a) of this section as of the date of death of such officer.

(j) Limitations on benefits

In relation to a grant for a period exceeding 1 year for hiring or rehiring career law enforcement officers, the Federal share shall decrease from year to year for up to 5 years, looking toward the continuation of the increased hiring level using State or local sources of funding following the conclusion of Federal support, as provided in an approved plan pursuant to section 3796dd-1(c)(8) of this title.

(c) Authorization to enter into partnerships, limited partnerships, or joint ventures organized under State or local laws for purpose of engaging in low and moderate income housing developments, projects, or undertakings

(g) Liability of corporation as general partner; treatment of interest of limited partner in partnership

| | (e) Reliance on previous determination. | | (a) Necessity and reasons for flood insurance program |
| | (f) Effective date. | | The Congress finds that (1) from time to time flood disasters have created personal hardships and economic distress which have required unforeseen disaster relief measures and have placed an increasing burden on the Nation's resources; (2) despite the installation of preventive and protective works and the adoption of other public programs designed to reduce losses caused by flood damage, these methods have not been sufficient to protect adequately against growing exposure to future flood losses; (3) as a matter of national policy, a reasonable method of sharing the risk of flood losses is through a program of flood insurance which can complement and encourage preventive and protective measures; and (4) if such a program is initiated and carried out gradually, it can be expanded as knowledge is gained and experience is |

appraised, thus eventually making flood insurance coverage available on reasonable terms and conditions to persons who have need for such protection.

(b) Participation of Federal Government in flood insurance program carried out by private insurance industry

The Congress also finds that (1) many factors have made it uneconomic for the private insurance industry alone to make flood insurance available to those in need of such protection on reasonable terms and conditions; but (2) a program of flood insurance with large-scale participation of the Federal Government and carried out to the maximum extent practicable by the private insurance industry is feasible and can be initiated.

(c) Unified national program for flood plain management

The Congress further finds that (1) a program of flood insurance can promote the public interest by providing appropriate protection against the perils of flood losses and encouraging sound land use by minimizing exposure of property to flood losses; and (2) the objectives of a flood insurance program should be integrally related to a unified national program for flood plain management and, to this end, it is the sense of Congress that within two years following the effective date of this chapter the President should transmit to the Congress for its consideration any further proposals necessary for such a unified program, including proposals for the allocation of costs among beneficiaries of flood protection.

(d) Authorization of flood insurance program; flexibility in program

It is therefore the purpose of this chapter to (1) authorize a flood insurance program by means of which flood insurance, over a period of time, can be made available on a nationwide basis through the cooperative efforts of the Federal Government and the private insurance industry, and (2) provide flexibility in the program so that such flood insurance may be based on workable methods of pooling risks, minimizing costs, and distributing burdens equitably among those who will be protected by flood insurance and the general public.

(e) Land use adjustments by State and local governments; development of proposed future construction; assistance of lending and credit institutions; relation of Federal assistance to all flood-related programs; continuing studies

It is the further purpose of this chapter to (1) encourage State and local governments to make appropriate land use adjustments to constrict the development of land which is exposed to flood damage and minimize damage caused by flood losses, (2) guide the development of proposed future construction, where practicable, away from locations which are threatened by flood hazards, (3) encourage lending and credit institutions, as a matter of national policy, to assist in furthering the objectives of the flood insurance program, (4) assure that any Federal assistance provided under the program will be

related closely to all flood-related programs and activities of the Federal Government, and (5) authorize continuing studies of flood hazards in order to provide for a constant reappraisal of the flood insurance program and its effect on land use requirements.

(f) Mudslides

The Congress also finds that (1) the damage and loss which results from mudslides is related in cause and similar in effect to that which results directly from storms, deluges, overflowing waters, and other forms of flooding, and (2) the problems involved in providing protection against this damage and loss, and the possibilities for making such protection available through a Federal or federally sponsored program, are similar to those which exist in connection with efforts to provide protection against damage and loss caused by such other forms of flooding. It is therefore the further purpose of this chapter to make available, by means of the methods, procedures, and instrumentalities which are otherwise established or available under this chapter for purposes of the flood insurance program, protection against damage and loss resulting from mudslides that are caused by accumulations of water on or under the ground.

AMENDMENTS

1994—Subsec. (g). Pub. L. 103-325 struck out subsec. (g) which read as follows: “The Congress also finds that (1) the damage and loss which may result from the erosion and undermining of shorelines by waves or currents in lakes and other bodies of water exceeding anticipated cyclical levels is related in cause and similar in effect to that which results directly from storms, deluges, overflowing waters, and other forms of flooding, and (2) the problems involved in providing protection against this damage and loss, and the possibilities for making such protection available through a Federal or federally sponsored program, are similar to those which exist in connection with efforts to provide protection against damage and loss caused by such other forms of flooding. It is therefore the further purpose of this chapter to make available, by means of the methods, procedures, and instrumentalities which are otherwise established or available under this chapter for purposes of the flood insurance program, protection against damage and loss resulting from the erosion and undermining of shorelines by waves or currents in lakes and other bodies of water exceeding anticipated cyclical levels.”

EVALUATION OF EROSION HAZARDS

Section 577(a)-(g) of Pub. L. 103-325 provided that: “(a) REPORT REQUIREMENT.—The Director of the Federal Emergency Management Agency (in this section referred to as the ‘Director’) shall submit a report under this section to the Congress that—

“(1) lists all communities that are likely to be identified as having erosion hazard areas;

“(2) estimates the amount of flood insurance claims under the national flood insurance program that are attributable to erosion;

“(3) states the amount of flood insurance claims under such program that are attributable to claims under section 1306(c) of the National Flood Insurance Act of 1968 [42 U.S.C. 4013(c)];

“(4) assesses the full economic impact of erosion on the National Flood Insurance Fund; and

“(5) determines the costs and benefits of expenditures necessary from the National Flood Insurance Fund to complete mapping of erosion hazard areas.

“(b) ESTIMATE OF FLOOD CLAIMS.—In developing the estimate under subsection (a)(2)—

“(1) the Director may map a statistically valid and representative number of communities with erosion hazard areas throughout the United States, including coastal, Great Lakes, and, if technologically feasible, riverine areas; and

“(2) the Director shall take into consideration the efforts of State and local governments to assess, measure, and reduce erosion hazards.

“(c) ECONOMIC IMPACT.—

“(1) IN GENERAL.—The assessment under subsection (a)(4) shall assess the economic impact of—

“(A) erosion on communities listed pursuant to subsection (a)(1);

“(B) the denial of flood insurance for all structures in communities listed pursuant to subsection (a)(1);

“(C) the denial of flood insurance for structures that are newly constructed in whole in communities listed pursuant to subsection (a)(1);

“(D) the establishment of (i) actuarial rates for existing structures in communities listed pursuant to subsection (a)(1), and (ii) actuarial rates for such structures in connection with the denial of flood insurance as described in subparagraph (C);

“(E) the establishment of actuarial rates for structures newly constructed in whole in erosion hazard areas in communities listed pursuant to subsection (a)(1);

“(F) the denial of flood insurance pursuant to existing requirements for coverage under the national flood insurance program;

“(G) erosion hazard assessment, measurement, and management activities undertaken by State and local governments, including building restrictions, beach nourishment, construction of sea walls and levees, and other activities that reduce the risk of damage due to erosion; and

“(H) the mapping and identifying of communities (or subdivisions thereof) having erosion hazard areas.

“(2) SCOPE.—In assessing the economic impact of the activities under subparagraphs (A) through (H) of paragraph (1), the assessment under subsection (a)(4) shall address such impact on all significant economic factors, including the impact on—

“(A) the value of residential and commercial properties in communities with erosion hazards;

“(B) community tax revenues due to potential changes in property values or commercial activity;

“(C) employment, including the potential loss or gain of existing and new jobs in the community;

“(D) existing businesses and future economic development;

“(E) the estimated cost of Federal and State disaster assistance to flood victims; and

“(F) the mapping and identifying of communities (or subdivisions thereof) having erosion hazard areas.

“(3) PREPARATION.—The assessment required under subsection (a)(4) shall be conducted by a private independent entity selected by the Director. The private entity shall consult with a statistically valid and representative number of communities listed pursuant to subsection (a)(1) in conducting the assessment.

“(d) COSTS AND BENEFITS OF MAPPING.—The determination under subsection (a)(5) shall—

“(1) determine the costs and benefits of mapping erosion hazard areas, based upon the Director’s estimate of the actual and prospective amount of flood insurance claims attributable to erosion;

“(2) if the Director determines that the savings to the National Flood Insurance Fund will exceed the cost of mapping erosion hazard areas, further assess whether using flood insurance premiums for costs of mapping erosion hazard areas is cost-beneficial compared to alternative uses of such amounts, including—

“(A) funding the mitigation assistance program under section 1366 of the National Flood Insurance Act of 1968 [42 U.S.C. 4104c] (as added by section 553 of this Act);

“(B) funding the program under section 1304(b) of the National Flood Insurance Act of 1968 [42 U.S.C. 4011(b)] (as added by section 555(a) of this Act) that provides additional coverage under the national

flood insurance program for compliance with land use and control measures; and

“(C) reviewing, revising, and updating flood insurance rate maps under subsections (e) and (f) of section 1360 of the National Flood Insurance Act of 1968 [42 U.S.C. 4101(e), (f)] (as added by the amendment made by section 575 of this Act);

“(3) if the Director determines under subsection (b)(1) that mapping of riverine areas for erosion hazard areas is technologically feasible, determine the costs and benefits of conducting the mapping of erosion hazards in riverine areas (A) separately from the mapping of other erosion hazard areas, and (B) together with the mapping of other such areas;

“(4) if the Director determines that the savings to the National Flood Insurance Fund will exceed the cost of mapping erosion hazard areas in riverine areas, assess whether using flood insurance premiums for costs of mapping erosion hazard areas in riverine areas is cost-beneficial compared to alternative uses of such amounts, including the uses under subparagraphs (A) through (C) of paragraph (2); and

“(5) determine the costs and benefits of mapping erosion, other than those directly related to the financial condition of the National Flood Insurance Program, and the costs of not mapping erosion.

“(e) DEFINITION.—For purposes of this section, the term ‘erosion hazard area’ means, based on erosion rate information and other historical data available, an area where erosion or avulsion is likely to result in damage to or loss of buildings and infrastructure within a 60-year period.

“(f) CONSULTATION.—In preparing the report under this section, the Director shall consult with—

“(1) representatives from State coastal zone management programs approved under section 306 of the Coastal Zone Management Act of 1972 [16 U.S.C. 1455];

“(2) the Administrator of the National Oceanic and Atmospheric Administration; and

“(3) any other persons, officials, or entities that the Director considers appropriate.

“(g) SUBMISSION.—The Director shall submit the report to the Congress as soon as practicable, but not later than 2 years after the date of enactment of this Act [Sept. 23, 1994].”

Section 584 of title V of Pub. L. 103-325 provided that: “This title [see Short Title of 1994 Amendment note above] and the amendments made by this title may not be construed to preempt, annul, alter, amend, or exempt any person from compliance with any law, ordinance, or regulation of any State or local government with respect to land use, management, or control.”

FLOODPLAIN MANAGEMENT

For provisions relating to the reduction of the risk of flood loss, the minimization of the impact of floods on human safety, health and welfare, and the management of floodplains, see Ex. Ord. No. 11988, May 24, 1977, 42 F.R. 26951, set out as a note under section 4321 of this title.

§ 4002. Additional Congressional findings and declaration of purpose

(a) The Congress finds that—

(1) annual losses throughout the Nation from floods and mudslides are increasing at an alarming rate, largely as a result of the accelerating development of, and concentration of population in, areas of flood and mudslide hazards;

(2) the availability of Federal loans, grants, guaranties, insurance, and other forms of financial assistance are often determining factors in the utilization of land and the location

and construction of public and of private industrial, commercial, and residential facilities;

(3) property acquired or constructed with grants or other Federal assistance may be exposed to risk of loss through floods, thus frustrating the purpose for which such assistance was extended;

(4) Federal instrumentalities insure or otherwise provide financial protection to banking and credit institutions whose assets include a substantial number of mortgage loans and other indebtedness secured by property exposed to loss and damage from floods and mudslides;

(5) the Nation cannot afford the tragic losses of life caused annually by flood occurrences, nor the increasing losses of property suffered by flood victims, most of whom are still inadequately compensated despite the provision of costly disaster relief benefits; and

(6) it is in the public interest for persons already living in flood-prone areas to have both an opportunity to purchase flood insurance and access to more adequate limits of coverage, so that they will be indemnified, for their losses in the event of future flood disasters.

(b) The purpose of this Act, therefore, is to—

(1) substantially increase the limits of coverage authorized under the national flood insurance program;

(2) provide for the expeditious identification of, and the dissemination of information concerning, flood-prone areas;

(3) require States or local communities, as a condition of future Federal financial assistance, to participate in the flood insurance program and to adopt adequate flood plan ordinances with effective enforcement provisions consistent with Federal standards to reduce or avoid future flood losses; and

(4) require the purchase of flood insurance by property owners who are being assisted by Federal programs or by federally supervised, regulated, or insured agencies or institutions in the acquisition or improvement of land or facilities located or to be located in identified areas having special flood hazards.

Any sale or other transfer of a loan by a regulated lending institution that has committed a violation under paragraph (1), that occurs subsequent to the violation, shall not affect the liability of the transferring lender with respect to any penalty under this subsection. § 4014. Estimates of premium rates

(a) Studies and investigations

The Director is authorized to undertake and carry out such studies and investigations and receive or exchange such information as may be necessary to estimate, and shall from time to time estimate, on an area, subdivision, or other appropriate basis—

(1) the risk premium rates for flood insurance which—

(A) based on consideration of the risk involved and accepted actuarial principles, and

(B) including—

(i) the applicable operating costs and allowances set forth in the schedules pre-

scribed under section 4018 of this title and reflected in such rates,

(ii) any administrative expenses (or portion of such expenses) of carrying out the flood insurance program which, in his discretion, should properly be reflected in such rates, and

(iii) any remaining administrative expenses incurred in carrying out the flood insurance and floodplain management programs (including the costs of mapping activities under section 4101 of this title) not included under clause (ii), which shall be recovered by a fee charged to policyholders and such fee shall not be subject to any agents' commissions, company expense allowances, or State or local premium taxes,

would be required in order to make such insurance available on an actuarial basis for any types and classes of properties for which insurance coverage is available under section 4012(a) of this title (or is recommended to the Congress under section 4012(b) of this title);

(2) the rates, if less than the rates estimated under paragraph (1), which would be reasonable, would encourage prospective insureds to purchase flood insurance, and would be consistent with the purposes of this chapter, and which, together with a fee charged to policyholders that shall not be not subject to any agents' commission, company expenses allowances, or State or local premium taxes, shall include any administrative expenses incurred in carrying out the flood insurance and floodplain management programs (including the costs of mapping activities under section 4101 of this title); and

(3) the extent, if any, to which federally assisted or other flood protection measures initiated after August 1, 1968, affect such rates.

(b) Utilization of services of other Departments and agencies

In carrying out subsection (a) of this section, the Director shall, to the maximum extent feasible and on a reimbursement basis, utilize the services of the Department of the Army, the Department of the Interior, the Department of Agriculture, the Department of Commerce, and the Tennessee Valley Authority, and, as appropriate, other Federal departments or agencies, and for such purposes may enter into agreements or other appropriate arrangements with any persons.

(c) Priority to studies and investigations in States or areas evidencing positive interest in securing insurance under program

The Director shall give priority to conducting studies and investigations and making estimates under this section in those States or areas (or subdivisions thereof) which he has determined have evidenced a positive interest in securing flood insurance coverage under the flood insurance program.

(d) Parishes of Louisiana; premium rates

Notwithstanding any other provision of law, any structure existing on December 31, 1973, and located within Avoyelles, Evangeline, Rapides, or Saint Landry Parish in the State of Louisiana, which the Secretary determines is subject

to additional flood hazards as a result of the construction or operation of the Atchafalaya Basin Levee System, shall be eligible for flood insurance under this chapter (if and to the extent it is eligible for such insurance under the other provisions of this chapter) at premium rates that shall not exceed those which would be applicable if such additional hazards did not exist.

(e) Eligibility of community making adequate progress on construction of flood protection system for rates not exceeding those applicable to completed flood protection system; determination of adequate progress

Notwithstanding any other provision of law, any community that has made adequate progress, acceptable to the Director, on the construction of a flood protection system which will afford flood protection for the one-hundred year frequency flood as determined by the Director, shall be eligible for flood insurance under this chapter (if and to the extent it is eligible for such insurance under the other provisions of this chapter) at premium rates not exceeding those which would be applicable under this section if such flood protection system had been completed. The Director shall find that adequate progress on the construction of a flood protection system as required herein has been only if (1) 100 percent of the project cost of the system has been authorized, (2) at least 60 percent of the project cost of the system has been appropriated, (3) at least 50 percent of the project cost of the system has been expended, and (4) the system is at least 50 percent completed.

(f) Availability of flood insurance in communities restoring discredited flood protection systems; criteria; rates

Notwithstanding any other provision of law, this subsection shall only apply in a community which has been determined by the Director of the Federal Emergency Management Agency to be in the process of restoring flood protection afforded by a flood protection system that had been previously accredited on a Flood Insurance Rate Map as providing 100-year frequency flood protection but no longer does so. Except as provided in this subsection, in such a community, flood insurance shall be made available to those properties impacted by the discreditation of the flood protection system at premium rates that do not exceed those which would be applicable to any property located in an area of special flood hazard, the construction of which was started prior to the effective date of the initial Flood Insurance Rate Map published by the Director for the community in which such property is located. A revised Flood Insurance Rate Map shall be prepared for the community to delineate as Zone AR the areas of special flood hazard that result from the discreditation of the flood protection system. A community will be considered to be in the process of restoration if—

- (1) the flood protection system has been deemed restorable by a Federal agency in consultation with the local project sponsor;
- (2) a minimum level of flood protection is still provided to the community by the discredited system; and

- (3) restoration of the flood protection system is scheduled to occur within a designated time period and in accordance with a progress plan negotiated between the community and the Federal Emergency Management Agency.

Communities that the Director of the Federal Emergency Management Agency determines to meet the criteria set forth in paragraphs (1) and (2) as of January 1, 1992, shall not be subject to revised Flood Insurance Rate Maps that contravene the intent of this subsection. Such communities shall remain eligible for C zone rates for properties located in zone AR for any policy written prior to promulgation of final regulations for this section. Floodplain management criteria for such communities shall not require the elevation of improvements to existing structures and shall not exceed 3 feet above existing grade for new construction, provided the base flood elevation based on the discredited flood control system does not exceed five feet above existing grade, or the remaining new construction in such communities is limited to infill sites, rehabilitation of existing structures, or redevelopment of previously developed areas.

The Director of the Federal Emergency Management Agency shall develop and promulgate regulations to implement this subsection, including minimum floodplain management criteria, within 24 months after October 28, 1992.

“(a) STUDY.—The Director of the Federal Emergency Management Agency (in this section referred to as the ‘Director’) shall conduct a study of the economic effects that would result from increasing premium rates for flood insurance coverage made available under the national flood insurance program for pre-FIRM structures to the full actuarial risk based premium rate determined under section 1307(a)(1) of the National Flood Insurance Act of 1968 [42 U.S.C. 4014(a)(1)] for the area in which the property is located. In conducting the study, the Director shall—

“(1) determine each area that would be subject to such increased premium rates; and

“(2) for each such area, determine—

“(A) the amount by which premium rates would be increased;

“(B) the number and types of properties affected and the number and types of properties covered by flood insurance under this title [probably means title XIII of Pub. L. 90-448 which enacted this chapter see Short Title note set out under section 4001 of this title and Tables] likely to cancel such insurance if the rate increases were made;

“(D) any other effects that the increased premium rates would have on the economy and homeowners.

“(b) DEFINITION OF PRE-FIRM STRUCTURE.—For purposes of subsection (a), the term ‘pre-FIRM structure’ means a structure that was not constructed or substantially improved after the later of—

“(1) December 31, 1974; or

“(2) the effective date of the initial rate map published by the Director under section 1360(a)(2) of the National Flood Insurance Act of 1968 [42 U.S.C. 4101(a)(2)] for the area in which such structure is located.

“(c) REPORT.—The Director shall submit a report to the Congress describing and explaining the findings of the study conducted under this section. The report shall be submitted not later than 12 months after the date of enactment of this Act [Sept. 23, 1994].”

Pub. L. 101-137, § 5, Nov. 3, 1989, 103 Stat. 825, directed Director of Federal Emergency Management Agency to conduct a study to determine the impact of relative sea level rise on the flood insurance rate maps, such study also to project the economic losses associated with estimated sea level rise and aggregate such data for the United States as a whole and by region, with Director to report results of study to Congress not later than one year after Nov. 3, 1989.

SECTION REFERRED TO IN OTHER SECTIONS

(1) chargeable premium rates for any types and classes of properties for which insurance coverage shall be available under section 4012 of this title (at less than the estimated risk premium rates under section 4014(a)(1) of this title, where necessary), and

(2) the terms and conditions under which, and the areas (including subdivisions thereof) within which, such rates shall apply.

(b) Considerations for rates

Such rates shall, insofar as practicable, be—

(1) based on a consideration of the respective risks involved, including differences in risks due to land use measures, flood-proofing, flood forecasting, and similar measures.

(2) adequate, on the basis of accepted actuarial principles, to provide reserves for anticipated losses, or, if less than such amount, consistent with the objective of making flood insurance available where necessary at reasonable rates so as to encourage prospective insureds to purchase such insurance and with the purposes of this chapter,

(3) adequate, together with the fee under paragraph (1)(B)(iii) or (2) of section 4014(a) of this title, to provide for any administrative expenses of the flood insurance and floodplain management programs (including the costs of mapping activities under section 4101 of this title), and

(4) stated so as to reflect the basis for such rates, including the differences (if any) between the estimated risk premium rates under section 4014(a)(1) of this title and the estimated rates under section 4014(a)(2) of this title.

(c) Rate with respect to property the construction or substantial improvement of which has been started after December 31, 1974, or effective date of initial rate map published for area in which property is located, whichever is later

The Director shall deposit the sum in the National Flood Insurance Fund established under section 4017 of this title.

(e) Annual limitation on premium increases

Notwithstanding any other provision of this chapter, the chargeable risk premium rates for flood insurance under this chapter for any properties within any single risk classification may not be increased by an amount that would result in the average of such rate increases for properties within the risk classification during any 12-month period exceeding 10 percent of the average of the risk premium rates for properties within the risk classification upon the commencement of such 12-month period.

LOSS, DESTRUCTION, OR DAMAGE OCCURRING ON OR BEFORE DECEMBER 31, 1973

Pub. L. 92-213, §2(b), Dec. 22, 1971, 85 Stat. 775, made the provisions of subsec. (a)(2) of section 4021 inapplicable with respect to any loss, destruction, or damage of real or personal property that occurred on or before Dec. 31, 1973.

§ 4022. State and local land use controls**(a) Requirement for participation in flood insurance program****(1) In general**

After December 31, 1971, no new flood insurance coverage shall be provided under this chapter in any area (or subdivision thereof) unless an appropriate public body shall have adopted adequate land use and control measures (with effective enforcement provisions) which the Director finds are consistent with the comprehensive criteria for land management and use under section 4102 of this title.

(2) Agricultural structures**(A) Activity restrictions**

Notwithstanding any other provision of law, the adequate land use and control meas-

ures required to be adopted in an area (or subdivision thereof) pursuant to paragraph (1) may provide, at the discretion of the appropriate State or local authority, for the repair and restoration to predamaged conditions of an agricultural structure that—

- (i) is a repetitive loss structure; or
- (ii) has incurred flood-related damage to the extent that the cost of restoring the structure to its predamaged condition would equal or exceed 50 percent of the market value of the structure before the damage occurred.

(B) Premium rates and coverage

To the extent applicable, an agricultural structure repaired or restored pursuant to subparagraph (A) shall pay chargeable premium rates established under section 4015 of this title at the estimated risk premium rates under section 4014(a)(1) of this title. If resources are available, the Director shall provide technical assistance and counseling, upon request of the owner of the structure, regarding wet flood-proofing and other flood damage reduction measures for agricultural structures. The Director shall not be required to make flood insurance coverage available for such an agricultural structure unless the structure is wet flood-proofed through permanent or contingent measures applied to the structure or its contents that prevent or provide resistance to damage from flooding by allowing flood waters to pass through the structure, as determined by the Director.

(C) Prohibition on disaster relief

Notwithstanding any other provision of law, any agricultural structure repaired or restored pursuant to subparagraph (A) shall not be eligible for disaster relief assistance under any program administered by the Director or any other Federal agency.

- (ii) the term “agricultural commodities” means agricultural commodities and livestock.

(b) Community rating system and incentives for community floodplain management**(1) Authority and goals**

- (B) to encourage adoption of more effective measures that protect natural and beneficial floodplain functions;
- (C) to encourage floodplain and erosion management; and
- (D) to promote the reduction of Federal flood insurance losses.

(2) Incentives

The program shall provide incentives in the form of credits on premium rates for flood insurance coverage in communities that the Director determines have adopted and enforced measures that reduce the risk of flood and erosion damage that exceed the criteria set forth in section 4102 of this title. In providing incentives under this paragraph, the Director may provide for credits to flood insurance premium rates in communities that the Director determines have implemented measures that protect natural and beneficial floodplain functions.

(3) Credits

The credits on premium rates for flood insurance coverage shall be based on the estimated reduction in flood and erosion damage risks resulting from the measures adopted by the community under this program. If a community has received mitigation assistance under section 4104c of this title, the credits shall be phased in a manner, determined by the Director, to recover the amount of such assistance provided for the community.

(4) Reports

Not later than 2 years after September 23, 1994, and not less than every 2 years thereafter, the Director shall submit a report to the Congress regarding the program under this subsection. Each report shall include an analysis of the cost-effectiveness of the program, any other accomplishments or shortcomings of the program, and any recommendations of the Director for legislation regarding the program.

SAVINGS PROVISION

§ 4104. Flood elevation determinations

(a) Publication or notification of proposed flood elevation determinations

In establishing projected flood elevations for land use purposes with respect to any community pursuant to section 4102 of this title, the Director shall first propose such determinations by publication for comment in the Federal Register, by direct notification to the chief executive officer of the community, and by publication in a prominent local newspaper.

(b) Publication of flood elevation determinations; appeal of owner or lessee to local government; scientific or technical knowledge or information as basis for appeal; modification of proposed determinations

The Director shall publish notification of flood elevation determinations in a prominent local newspaper at least twice during the ten-day period following notification to the local government. During the ninety-day period following the second publication, any owner or lessee of real property within the community who believes his property rights to be adversely affected by the Director's proposed determination may appeal such determination to the local government. The sole basis for such appeal shall be the possession of knowledge or information indicating that the elevations being proposed by the Director with respect to an identified area having special flood hazards are scientifically or technically incorrect, and the sole relief which shall be granted under the authority of this section in the event that such appeal is sustained in accordance with subsection (e) or (f) of this section is a modification of the Director's proposed determination accordingly.

(c) Appeals by private persons; submission of negating or contradicting data to community; opinion of community respecting justification for appeal by community; transmission of individual appeals to Director; filing of community action with Director

Appeals by private persons shall be made to the chief executive officer of the community, or to such agency as he shall publicly designate, and shall set forth the data that tend to negate or contradict the Director's finding in such form as the chief executive officer may specify. The community shall review and consolidate all such appeals and issue a written opinion stating whether the evidence presented is sufficient to justify an appeal on behalf of such persons by the community in its own name. Whether or not the community decides to appeal the Director's determination, copies of individual appeals shall be sent to the Director as they are received by the community, and the community's appeal or a copy of its decision not to appeal shall be filed with the Director not later than ninety days after the date of the second newspaper publication of the Director's notification.

(d) Administrative review of appeals by private persons; modification of proposed determinations; decision of Director: form and distribution

In the event the Director does not receive an appeal from the community within the ninety days provided, he shall consolidate and review on their own merits, in accordance with the procedures set forth in subsection (e) of this section, the appeals filed within the community by private persons and shall make such modifications of his proposed determinations as may be appropriate, taking into account the written opinion, if any, issued by the community in not supporting such appeals. The Director's decision shall be in written form, and copies thereof shall be sent both to the chief executive officer of the community and to each individual appellant.

(e) Administrative review of appeals by community; agencies for resolution of conflicting data; availability of flood insurance pending such resolution; time for determination of Director; community adoption of local land use and control measures within reasonable time of final determination; public inspection and admissibility in evidence of reports and other administrative information

Upon appeal by any community, as provided by this section, the Director shall review and take fully into account any technical or scientific data submitted by the community that tend to negate or contradict the information upon which his proposed determination is based. The Director shall resolve such appeal by consultation with officials of the local government involved, by administrative hearing, or by submission of the conflicting data to an independent scientific body or appropriate Federal agency for advice. Until the conflict in data is resolved, and the Director makes a final determination on the basis of his findings in the Federal Register, and so notifies the governing body of the community, flood insurance previously available within the community shall continue

to be available, and no person shall be denied the right to purchase such insurance at chargeable rates. The Director shall make his determination within a reasonable time. The community shall be given a reasonable time after the Director's final determination in which to adopt local land use and control measures consistent with the Director's determination. The reports and other information used by the Director in making his final determination shall be made available for public inspection and shall be admissible in a court of law in the event the community seeks judicial review as provided by this section.

(f) Reimbursement of certain expenses; appropriation authorization

When, incident to any appeal under subsection (b) or (c) of this section, the owner or lessee of real property or the community, as the case may be, incurs expense in connection with the services of surveyors, engineers, or similar services, but not including legal services, in the effecting of an appeal which is successful in whole or part, the Director shall reimburse such individual or community to an extent measured by the ratio of the successful portion of the appeal as compared to the entire appeal and applying such ratio to the reasonable value of all such services, but no reimbursement shall be made by the Director in respect to any fee or expense payment, the payment of which was agreed to be contingent upon the result of the appeal. There is authorized to be appropriated for purposes of implementing this subsection, not to exceed \$250,000.

(g) Judicial review of final administrative determinations; venue; time for appeal; scope of review; good cause for stay of final determinations

Any appellant aggrieved by any final determination of the Director upon administrative appeal, as provided by this section, may appeal such determination to the United States district court for the district within which the community is located not more than sixty days after receipt of notice of such determination. The scope of review by the court shall be as provided by chapter 7 of title 5. During the pendency of any such litigation, all final determinations of the Director shall be effective for the purposes of this chapter unless stayed by the court for good cause shown.

Such institutions shall also notify the

Director (or such designee) of any change in the servicer of the loan, not later than 60 days after the effective date of such change. SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 4012a, 4106 of this title.

§ 4104b. Standard hazard determination forms

(a) Development

The Director, in consultation with representatives of the mortgage and lending industry, the Federal entities for lending regulation, the Federal agency lenders, and any other appropriate individuals, shall develop a standard form for determining, in the case of a loan secured by improved real estate or a mobile home, whether the building or mobile home is located in an area identified by the Director as an area having special flood hazards and in which flood insurance under this chapter is available. The form shall be established by regulations issued not later than 270 days after September 23, 1994.

(b) Design and contents

(1) Purpose

The form under subsection (a) of this section shall be designed to facilitate compliance with the flood insurance purchase requirements of this chapter.

(2) Contents

The form shall require identification of the type of flood-risk zone in which the building or mobile home is located, the complete map and panel numbers for the improved real estate or property on which the mobile home is located, the community identification number and community participation status (for purposes of the national flood insurance program) of the community in which the improved real estate or such property is located, and the date of the map used for the determination, with respect to flood hazard information on file with the Director. If the building or mobile home is not located in an area having special flood hazards the form shall require a statement to such effect and shall indicate the complete map and panel numbers of the improved real estate or property on which the mobile home is located. If the complete map and panel numbers are not available because the building or mobile home is not located in a community that is participating in the national flood insurance program or because no map exists for the relevant area, the form shall require a statement to such effect. The form shall provide for inclusion or attachment of any relevant documents indicating revisions or amendments to maps.

(c) Required use

The Federal entities for lending regulation shall by regulation require the use of the form under this section by regulated lending institutions. Each Federal agency lender shall by regulation provide for the use of the form with respect to any loan made by such Federal agency lender. The Federal National Mortgage Association and the Federal Home Loan Mortgage Corporation and the Government National Mortgage Association shall require the use of the form with respect to any loan purchased by such entities. A lender or other person may comply with the requirement under this subsection by using the form in a printed, computerized, or electronic manner.

(d) Guarantees regarding information

In providing information regarding special flood hazards on the form developed under this

section, any lender (or other person required to use the form) who makes, increases, extends, or renews a loan secured by improved real estate or a mobile home may provide for the acquisition or determination of such information to be made by a person other than such lender (or other person), only to the extent such person guarantees the accuracy of the information.

(e) Reliance on previous determination

Any person increasing, extending, renewing, or purchasing a loan secured by improved real estate or a mobile home may rely on a previous determination of whether the building or mobile home is located in an area having special flood hazards (and shall not be liable for any error in such previous determination), if the previous determination was made not more than 7 years before the date of the transaction and the basis for the previous determination has been set forth on a form under this section, unless—

- (1) map revisions or updates pursuant to section 4101(f) of this title after such previous determination have resulted in the building or mobile home being located in an area having special flood hazards; or
- (2) the person contacts the Director to determine when the most recent map revisions or updates affecting such property occurred and such revisions and updates have occurred after such previous determination.

(f) Effective date

The regulations under this section requiring use of the form established pursuant to this section shall be issued together with the regulations required under subsection (a) of this section and shall take effect upon the expiration of the 180-day period beginning on such issuance.

(Pub. L. 90-448, title XIII, §1365, as added Pub. L. 103-325, title V, §528, Sept. 23, 1994, 108 Stat. 2264.)

The Director shall carry out a program to provide financial assistance to States and communities, using amounts made available from the National Flood Mitigation Fund under section 4104d of this title, for planning and carrying out activities designed to reduce the risk of flood damage to structures covered under contracts for flood insurance under this chapter. Such financial assistance shall be made available to States and communities in the form of grants under subsection (b) of this section for planning assistance and in the form of grants under this section for carrying out mitigation activities.

Of any amounts made available from the National Flood Mitigation Fund for use under this section in any fiscal year, the Director may use not more than \$1,500,000 to provide

planning assistance grants under this subsection.

(3) Limitations

(A) Timing

A grant under this subsection may be awarded to a State or community not more than once every 5 years and each grant may cover a period of 1 to 3 years.

(B) Single grantee amount

A grant for planning assistance may not exceed—

- (i) \$150,000, to any State; or
- (ii) \$50,000, to any community.

(C) Cumulative State grant amount

The sum of the amounts of grants made under this subsection in any fiscal year to any one State and all communities located in such State may not exceed \$300,000.

(c) Eligibility for mitigation assistance

To be eligible to receive financial assistance under this section for mitigation activities, a State or community shall develop, and have approved by the Director, a flood risk mitigation plan (in this section referred to as a "mitigation plan"), that describes the mitigation activities to be carried out with assistance provided under this section, is consistent with the criteria established by the Director under section 4102 of this title, and provides protection against flood losses to structures for which contracts for flood insurance are available under this chapter. The mitigation plan shall be consistent with a comprehensive strategy for mitigation activities for the area affected by the mitigation plan, that has been adopted by the State or community following a public hearing.

(d) Notification of approval and grant award

(1) In general

The Director shall notify a State or community submitting a mitigation plan of the approval or disapproval of the plan not later than 120 days after submission of the plan.

(2) Notification of disapproval

If the Director does not approve a mitigation plan submitted under this subsection, the Director shall notify, in writing, the State or community submitting the plan of the reasons for such disapproval.

(e) Eligible mitigation activities

(1) Use of amounts

Amounts provided under this section (other than under subsection (b) of this section) may be used only for mitigation activities specified in a mitigation plan approved by the Director under subsection (d) of this section. The Director shall provide assistance under this section to the extent amounts are available in the National Flood Mitigation Fund pursuant to appropriation Acts, subject only to the absence of approvable mitigation plans.

(2) Determination of eligible plans

The Director may approve only mitigation plans that specify mitigation activities that the Director determines are technically feasible and cost-effective and only such plans

that propose activities that are cost-beneficial to the National Flood Mitigation Fund.

(3) Standard for approval

The Director shall approve mitigation plans meeting the requirements for approval under paragraph (1) that will be most cost-beneficial to the National Flood Mitigation Fund.

(4) Priority

The Director shall make every effort to provide mitigation assistance under this section for mitigation plans proposing activities for repetitive loss structures and structures that have incurred substantial damage.

(5) Eligible activities

The Director shall determine whether mitigation activities described in a mitigation plan submitted under subsection (d) of this section comply with the requirements under paragraph (1). Such activities may include—

(A) demolition or relocation of any structure located on land that is along the shore of a lake or other body of water and is certified by an appropriate State or local land use authority to be subject to imminent collapse or subsidence as a result of erosion or flooding;

(B) elevation, relocation, demolition, or floodproofing of structures (including public structures) located in areas having special flood hazards or other areas of flood risk;

(C) acquisition by States and communities of properties (including public properties) located in areas having special flood hazards or other areas of flood risk and properties substantially damaged by flood, for public use, as the Director determines is consistent with sound land management and use in such area;

(D) minor physical mitigation efforts that do not duplicate the flood prevention activities of other Federal agencies and that lessen the frequency or severity of flooding and decrease predicted flood damages, which shall not include major flood control projects such as dikes, levees, seawalls, groins, and jetties unless the Director specifically determines in approving a mitigation plan that such activities are the most cost-effective mitigation activities for the National Flood Mitigation Fund;

(E) beach nourishment activities;

(F) the provision of technical assistance by States to communities and individuals to conduct eligible mitigation activities;

(G) other activities that the Director considers appropriate and specifies in regulation; and

(H) other mitigation activities not described in subparagraphs (A) through (F) or the regulations issued under subparagraph (G), that are described in the mitigation plan of a State or community.

(f) Limitations on amount of assistance

(1) Amount

The sum of the amounts of mitigation assistance provided under this section during any 5-year period may not exceed—

(A) \$10,000,000, to any State; or

(B) \$3,300,000, to any community.

(2) Geographic

The sum of the amounts of mitigation assistance provided under this section during any 5-year period to any one State and all communities located in such State may not exceed \$20,000,000.

(3) Waiver

The Director may waive the dollar amount limitations under paragraphs (1) and (2) for any State or community for any 5-year period during which a major disaster or emergency declared by the President (pursuant to the Robert T. Stafford Disaster Relief and Emergency Assistance Act [42 U.S.C. 5121 et seq.]) as a result of flood conditions is in effect with respect to areas in the State or community.

(g) Matching requirement

(1) In general

The Director may not provide mitigation assistance under this section to a State or community in an amount exceeding 3 times the amount that the State or community certifies, as the Director shall require, that the State or community will contribute from non-Federal funds to develop a mitigation plan under subsection (c) of this section and to carry out mitigation activities under the approved mitigation plan. In no case shall any in-kind contribution by any State or community exceed one-half of the amount of non-Federal funds contributed by the State or community.

(2) Non-Federal funds

For purposes of this subsection, the term “non-Federal funds” includes State or local agency funds, in-kind contributions, any salary paid to staff to carry out the mitigation activities of the recipient, the value of the time and services contributed by volunteers to carry out such activities (at a rate determined by the Director), and the value of any donated material or building and the value of any lease on a building.

(h) Oversight of mitigation plans

The Director shall conduct oversight of recipients of mitigation assistance under this section to ensure that the assistance is used in compliance with the approved mitigation plans of the recipients and that matching funds certified under subsection (g) of this section are used in accordance with such certification.

(i) Recapture

(1) Noncompliance with plan

If the Director determines that a State or community that has received mitigation assistance under this section has not carried out the mitigation activities as set forth in the mitigation plan, the Director shall recapture any unexpended amounts and deposit the amounts in the National Flood Mitigation Fund under section 4104d of this title.

(2) Failure to provide matching funds

If the Director determines that a State or community that has received mitigation assistance under this section has not provided

matching funds in the amount certified under subsection (g) of this section, the Director shall recapture any unexpended amounts of mitigation assistance exceeding 3 times the amount of such matching funds actually provided and deposit the amounts in the National Flood Mitigation Fund under section 4104d of this title.

(j) Reports

Not later than 1 year after September 23, 1994, and biennially thereafter, the Director shall submit a report to the Congress describing the status of mitigation activities carried out with assistance provided under this section.

(k) "Community" defined

For purposes of this section, the term "community" means—

(1) a political subdivision that (A) has zoning and building code jurisdiction over a particular area having special flood hazards, and (B) is participating in the national flood insurance program; or

(2) a political subdivision of a State, or other authority, that is designated to develop and administer a mitigation plan by political subdivisions, all of which meet the requirements of paragraph (1).

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 4012a, 4017, 4104c of this title.

§ 4105. Disaster mitigation requirements; notification to flood-prone areas

(a) Initial notification

Not later than six months following December 31, 1973, the Director shall publish information in accordance with section 4101(1) of this title, and shall notify the chief executive officer of each known flood-prone community not already participating in the national flood insurance program of its tentative identification as a community containing one or more areas having special flood hazards.

(b) Alternative actions of tentatively identified communities; public hearing; opportunity for submission of evidence; finality of administrative determination of existence or extent of flood hazard area

After such notification, each tentatively identified community shall either (1) promptly make proper application to participate in the national flood insurance program or (2) within six months submit technical data sufficient to establish to the satisfaction of the Director that the community either is not seriously flood prone or that such flood hazards as may have existed have been corrected by flood-works or other flood control methods. The Director may, in his discretion, grant a public hearing to any community with respect to which conflicting

data exist as to the nature and extent of a flood hazard. If the Director decides not to hold a hearing, the community shall be given an opportunity to submit written and documentary evidence. Whether or not such hearing is granted, the Director's final determination as to the existence or extent of a flood hazard area in a particular community shall be deemed conclusive for the purposes of this Act if supported by substantial evidence in the record considered as a whole.

(c) Subsequent notification to additional communities known to be flood prone areas

As information becomes available to the Director concerning the existence of flood hazards in communities not known to be flood prone at the time of the initial notification provided for by subsection (a) of this section he shall provide similar notifications to the chief executive officers of such additional communities, which shall then be subject to the requirements of subsection (b) of this section.

(d) Provisions of section 4106 applicable to flood-prone communities disqualified for flood insurance program

Formally identified flood-prone communities that do not qualify for the national flood insurance program within one year after such notification or by the date specified in section 4106 of this title, whichever is later, shall thereafter be subject to the provisions of that section relating to flood-prone communities which are not participating in the program.

(e) Administrative procedures; establishment; reimbursement of certain expenses; appropriation authorization

The Director is authorized to establish administrative procedures whereby the identification under this section of one or more areas in the community as having special flood hazards may be appealed to the Director by the community or any owner or lessee of real property within the community who believes his property has been inadvertently included in a special flood hazard area by the identification. When, incident to any appeal under this subsection, the owner or lessee of real property or the community, as the case may be, incurs expense in connection with the services of surveyors, engineers, or similar services, but not including legal services, in the effecting of an appeal which is successful in whole or part, the Director shall reimburse such individual or community to an extent measured by the ratio of the successful portion of the appeal as compared to the entire appeal and applying such ratio to the reasonable value of all such services, but no reimbursement shall be made by the Director in respect to any fee or expense payment, the payment of which was agreed to be contingent upon the result of the appeal. There is authorized to be appropriated for purposes of implementing this subsection not to exceed \$250,000.

Such consultation shall include, but not be limited to, fully informing local officials at the commencement of any flood elevation study or investigation undertaken by any agency on behalf of the Director concerning the nature and purpose of the study, the areas involved, the manner in which the study is to be undertaken, the general principles to be applied, and the use to be made of the data obtained. The Director shall encourage local officials to disseminate information concerning such study widely within the community, so that interested persons will have an opportunity to bring all relevant facts and technical data concerning the local flood hazard to the attention of the agency during the course of the study.
