PUBLISHER INFORMATION:

Lime Wire

LimeWire is the world's fastest P2P file-sharing application for all types of computer files, including music, video, pictures, games, and text documents. Other features include dynamic querying, file previews during download, advanced techniques for locating rare files, and an easy, clean user interface. LimeWire's new spam blocker gets rid of junk results, and automatic updates will keep you sharing faster than ever with the latest version. You can search for Creative Commons and Weedshare licensed files, and publish your own creative works with Creative Commons licensing. LimeWire continues its guarantee of no adware or spyware.

Version 4.12.3 may include unspecified updates, enhancements, or bug fixes.
