Emergency Management Institute/Independent Study Program

The Independent Study Program

General Information

The Emergency Management Institute's (EMI) Distance Learning (DL) Section offers the Independent Study Program (ISP). This is a distance learning program which offers training, free of charge, to the nation's emergency management network and the general public. It serves as both an alternative means to deliver valuable training to the professional and volunteer emergency management community, and an opportunity to improve public awareness and promote disaster preparedness nationally.

The Independent Study Program offers over 60 training courses via our training website <http://training.fema.gov/>.

In Addition...

Students are able to obtain continuing education units for all ISP courses. ISP also offers college credit for many of the courses through an agreement with the Frederick Community College in Maryland. Students who successfully complete courses can also request student transcripts be provided to institutions to assist students in obtaining continuing education units and/or to military institutions for military personnel to earn retirement points.

In addition, the program offers a customer support center to assist students. The customer support center can be reached through email at Independent.Study@dhs.gov or telephone at 301-447-1200. The hours of operation are Monday through Friday, 7:30am-7:30pm.

How to get started

The fastest way to begin taking courses is to visit our website. You can learn about each course, download materials and take courses interactively. Just follow these easy steps:

1. Go to our website:
<http://training.fema.gov>
2. Click on FEMA Independent Study
3. Click on Course List
4. Select your course of interest

Once, you have studied the training material, you can submit your final exam, all from the convenience of your home or office.

Upon successful exam completion, you will receive an email within one business day that confirms your transcript has been updated and a link to create your electronic certificate.

A screenshot of the FEMA Independent Study Program website. The header reads "Independent Study Program (ISP)". Below it, a section titled "Distance Learning" explains that the EMI offers self-paced courses for emergency management responsibilities. A list of mission areas includes Incident Management, Operational Planning, Continuity Programs, and Public Disaster Communications. On the right, there are two boxes: "IMPORTANT NOTICES" with links for "ISP Transcript Request", "OnScan Form Request", "Independent Study Inquiries", "College Credits", "Continuing Education Units", and "For Non-US Residents"; and "STUDENT SELF HELP GUIDES" with links for "Saving your certificate" and "Copy and paste link".
