

determination whether a record may be accessed will be made at the time a request is received. DHS will review and comply appropriately with information requests on a case-by-case basis. Requests for correction of records in this system may be made through the Traveler Redress Inquiry Program (TRIP) at <http://www.dhs.gov/trip> or via mail, facsimile, or e-mail in accordance with instructions available at <http://www.dhs.gov/trip>.

RECORD SOURCE CATEGORIES:

Basic information contained in this system is supplied by individuals covered by this system and other Federal, state, local, tribal, or foreign governments; private citizens; and public and private organizations.

ADIS data may be derived from records related to entry or exit data of foreign countries collected by foreign governments in support of their respective entry and exit processes; however, records collected from foreign governments must relate to individuals who have entered or exited the United States at some time, i.e., have an existing record in ADIS.

EXEMPTIONS CLAIMED FOR THE SYSTEM:

The Secretary of Homeland Security has exempted this system from 5 U.S.C. 552a(c)(3) and (4); (d); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(5), (e)(8); (f); and (g) pursuant to 5 U.S.C. 552a(j)(2). In addition, the Secretary of Homeland Security has exempted portions of this system from 5 U.S.C. 552a (c)(3); (d); (e)(1), (e)(4)(G), (e)(4)(H); and (f) pursuant to 5 U.S.C. 552a (k)(2). These exemptions apply only to the extent that records in the system are subject to exemption pursuant to 5 U.S.C. 552a(j)(2) and (k)(2).

Dated: August 15, 2007

John Kropf,

Acting Chief Privacy Officer.

BILLING CODE 4410-10-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

Disaster Housing Assistance Program (DHAP)

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice.

SUMMARY: This document provides notice that the Federal Emergency Management Agency (FEMA) and the

Department of Housing and Urban Development (HUD) executed an Interagency Agreement (IAA) establishing a pilot grant program called the Disaster Housing Assistance Program (DHAP). DHAP is a temporary housing rental assistance and case management program for identified individuals and households displaced by Hurricanes Katrina and Rita. Under the IAA, HUD acts as the servicing agency of the DHAP. Monthly rental assistance payments under the DHAP will commence November 1, 2007. Case management services will begin on or after September 1, 2007.

DATES: FEMA and the HUD executed the Interagency Agreement establishing the DHAP on July 26, 2007.

ADDRESSES: Details about the DHAP will be published by HUD in a **Federal Register** Notice. In addition, a copy of the full text of the FEMA-HUD IAA can be accessed via the FEMA Web site at <http://www.fema.gov>. Periodic updates on DHAP will be posted on FEMA's Web site.

FOR FURTHER INFORMATION CONTACT:

Donna M. Dannels, Director, Individual Assistance Division, Disaster Assistance Directorate, Federal Emergency Management Agency, Department of Homeland Security, 500 C Street, SW., Washington, DC 20472, telephone (202) 646-7082 (this is not a toll-free number). Individuals with speech or hearing impairments may access this number through TTY by calling the toll-free Federal Information Relay Service at 800-877-8339.

SUPPLEMENTARY INFORMATION: In late August 2005, Hurricane Katrina struck the Gulf Coast area of the United States causing unprecedented and catastrophic damage to property, significant loss of life, and the displacement of tens of thousands of individuals from their homes and communities. In September 2005, Hurricane Rita hit the Gulf Coast area of the United States and added to the damage to property and displacement of individuals and families from their homes and communities.

Under section 408 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (Stafford Act), 42 U.S.C. 5174, the Federal Emergency Management Agency (FEMA) disaster housing programs are short-term assistance programs with a limitation of 18 months, unless extended by the President. Due to the severity of Hurricanes Katrina and Rita and the Department of Housing and Urban Development's (HUD) expertise in assisting families with long-term housing needs through its existing

infrastructure of Public Housing Agencies (PHAs), the President determined that housing assistance should be transitioned to HUD to address this continuing need.

Since HUD is responsible for administering the Housing Choice Voucher Program (HCVP), the nation's largest tenant-based subsidy program, and since HUD assisted those Hurricane Katrina and Rita disaster victims already in HUD programs by implementing the Katrina Disaster Housing Assistance Program (KDHP) and the Disaster Voucher Program (DVP), FEMA worked with HUD to create the new pilot Disaster Housing Assistance Program (DHAP).

The local PHAs that currently administer the HCVP will be designated by HUD to administer the DHAP in their jurisdiction. PHAs will be awarded grants from FEMA to provide rent subsidies to eligible families for a period not to exceed 16 months commencing November 1, 2007 and ending March 1, 2009. Families eligible for DHAP are those identified by FEMA who: (1) Currently receive rental assistance authorized under section 408 of the Stafford Act, 42 U.S.C. 5174 pursuant to the Presidential major disaster declarations resulting from Hurricanes Katrina or Rita, and are determined by FEMA to be eligible for continued rental assistance; (2) currently receive other housing assistance from FEMA (e.g., a FEMA-provided trailer) and are determined by FEMA to be eligible for rental assistance; (3) have not received rental assistance from FEMA but are determined by FEMA to be eligible for rental assistance before the DHAP ends; or (4) currently reside in a HUD-provided Real-Estate Owned (REO) property through an arrangement between HUD and FEMA, and who are determined by FEMA to be eligible for continued rental assistance after relocating out of the REO property. FEMA will rely on the eligibility standards established for its temporary housing program at 44 CFR 206.113 in determining who is eligible for referral to the DHAP. All eligible families will be contacted by a PHA and families who agree to participate in the DHAP must sign and execute a HUD-provided DHAP lease addendum to their current lease with their landlord, which sets forth the new obligations to receive the rental subsidy. Similarly, landlords will be contacted by PHAs and those who agree to participate in the DHAP must sign and execute a Disaster Rent Subsidy Contract (DRSC) with the PHA outlining the new conditions and obligations, in addition to signing a lease addendum with the tenant.

The designated PHAs will begin the rent subsidy on November 1, 2007. Beginning in March 1, 2008, the rent subsidy will decrease \$50 per month per family, with the goal of leading the family closer to complete housing self-sufficiency at the end of the 16-month program. When the DHAP assistance ends on March 1, 2009, all families are responsible for the full amount of the rent.

The designated PHAs will also provide case management services, which will include a needs assessment and individual development plan (IDP) for each family. The objective of HUD case management services is to promote self-sufficiency for the participating family. Case management services will begin on or after September 1, 2007, for those families transitioning to the DHAP during the initial implementation phase.

Details about DHAP will be published by HUD in a **Federal Register** Notice. In addition, a copy of the full text of the FEMA-HUD IAA can be accessed via the FEMA Web site at <http://www.fema.gov>. Periodic updates on DHAP will be posted on FEMA's Web sites.

Authority

Legal authority for DHAP is based on the Department of Homeland Security's (DHS) general grant authority under section 102(b)(2) of the Homeland Security Act, 6 U.S.C. 112, and sections 306(a), 408(b)(1), and 426 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (Stafford Act), 42 U.S.C. 5149(a), 5174(b)(1), and 5189d, respectively. As a servicing agency under a grant from FEMA, and consistent with the Economy Act, HUD derives all authority under the program from FEMA.

Dated: August 17, 2007.

R. David Paulison,

Administrator, Federal Emergency Management Agency.

BILLING CODE 9110-10-P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-5117-N-68]

Notice of Submission of Proposed Information Collection to OMB; Humidity Monitoring Survey

AGENCY: Office of the Chief Information Officer, HUD.

ACTION: Notice.

SUMMARY: The proposed information collection requirement described below has been submitted to the Office of Management and Budget (OMB) for review, as required by the Paperwork Reduction Act. The Department is soliciting public comments on the subject proposal.

The purpose of this survey is: (1) Collect moisture load data to support research to better understand the impact of indoor moisture on the durability of homes; (2) Support the development of design criteria, such as ASHRAE Standard 160P, that will minimize durability problems associated with high indoor moisture levels; and (3) Investigate the influence of the interior and exterior conditions on the indoor moisture level of a typical single family home.

DATES: *Comments Due Date:* September 21, 2007.

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name and/or OMB approval Number (2528-NEW) and should be sent to: HUD Desk Officer, Office of Management and Budget, New Executive Office Building, Washington, DC 20503; fax: 202-395-6974.

FOR FURTHER INFORMATION CONTACT: Lillian Deitzer, Departmental Reports Management Officer, QDAM, Department of Housing and Urban Development, 451 Seventh Street, SW., Washington, DC 20410; e-mail Lillian_L_Deitzer@HUD.gov or telephone (202) 708-2374. This is not a toll-free number. Copies of available documents submitted to OMB may be

obtained from Ms. Deitzer or from HUD's Web site at <http://www5.hud.gov:63001/po/i/icbts/collectionsearch.cfm>.

SUPPLEMENTARY INFORMATION: This notice informs the public that the Department of Housing and Urban Development has submitted to OMB a request for approval of the information collection described below. This notice is soliciting comments from members of the public and affecting agencies concerning the proposed collection of information to: (1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (3) Enhance the quality, utility, and clarity of the information to be collected; and (4) Minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

This notice also lists the following information:

Title of Proposal: Humidity Monitoring Survey.

OMB Approval Number: 2528-New.

Form Numbers: None.

Description of the Need for the Information and Its Proposed Use: The purpose of this survey is: (1) Collect moisture load data to support research to better understand the impact of indoor moisture on the durability of homes; (2) Support the development of design criteria, such as ASHRAE Standard 160P, that will minimize durability problems associated with high indoor moisture levels; and (3) Investigate the influence of the interior and exterior conditions on the indoor moisture level of a typical single family home.

Frequency of Submission: On Occasion, Annually.
