

Habitat Match-up

Animals are adapted to the habitats in which they live. This means they have characteristics that help them get what they need to survive there. Below, in the left column, are drawings of some of the habitats you'll find on BLM lands. On the right are some animals looking for a home. Draw a line from each animal to its habitat.

Desert

Grassland

Wetland

Tundra

Stream

Forest

Bear

Caribou

Frog

Short-horned lizard

Prairie dog

Salmon
