Army Corps gives green light for final 2008 scheduled whitewater release from Walter Dam, Oct. 11-12

PHILADELPHIA (Sept. 30, 2008): The U.S. Army Corps of Engineers today announced that there is sufficient reservoir storage behind Francis E. Walter Dam to schedule the final planned whitewater release of the season, for Oct. 11 and 12. The release will be at the maximum level of 1,200 cubic feet per second in accordance with the 2008 Francis E. Walter Dam Flow Management Plan.
