— FOR IMMEDIATE RELEASE —

Corps hosts 10th annual small business conference

Philadelphia (April 25, 2008): The U.S. Army Corps of Engineers today announced that it will host the 10th Annual Small Business Conference in Philadelphia April 28 and 29 at the Center City Courtyard.

The Corps anticipates approximately 250 attendees, including disadvantaged, woman-owned, minority, and veteran-owned small businesses.

Businesses across a broad spectrum of industries will be represented including: construction, engineering, environmental, professional services' contractors as well as information technology and security.

There will be several guest speakers and a number of presentations.
