Activity	Sub-Recipient NGO	Amount
1. Procure 300,000 KO-tab 123 kits (an insecticide retreatment kit product) to fill a supply gap. Bundle and socially market product with bednets.	PSI	\$557,021
2. Carry out a quality control study for the transfer of Long-Lasting-Insecticide Net treatment technology to four Tanzanian net manufacturers. Write report and share with the PMI Team in Tanzania. The report will be used as guidance for the implementation of technology transfer activities to local manufacturers.		
3. Design training materials and guides for use in activities related to the Tanzania National Voucher Scheme (TNVS), a program to enable pregnant women to purchase insecticide treated nets at subsidized prices. Conduct training in fifteen regions with 82 districts. Hold 82 Council Health Management Team Planning Meetings for approximately 2088 participants. Train approximately 6083 Reproductive and Child Health (RCH) staff at hospitals, health centers, and public dispensaries with RCH clinics through on the job training activities. Conduct "Facilitative Training" and re-training of District Trainers/focal persons for both PMI-Infant Voucher Scheme and TNVS. Develop and broadcast promotional Public Service Announcements for the TNVS.	World Vision Tanzania	\$648,000
4. Monitor and evaluate the Tanzania National Voucher Scheme through conducting an audit of retailers (availability and pricing of nets), tracking of voucher implementation and use, and a qualitative investigation of implementation issues. Submit reports to the PMI team and the National Malaria Control Program.	Ifakara Health Research and Development Centre	\$140,209
5. Provide financial management oversight and support, including subgrantee auditing and training. Translate TNVS training materials from Swahili into English.	CORE Group Secretariat	\$149,470
TOTAL		\$1,494,700
