Esteemed brother Abu-Muhammad,

We praise God and pray for his prophet. We ask God that you and whoever is with you are in good health and have peace of mind.

Please nominate two brothers with the appropriate qualifications from the camp to take the electronics course in Pakistan. This will enable us to establish a new and independent section.

May God reward you for your good deeds.

Please expedite. May God grant us success in our endeavor in a manner that pleases Him.

May God reward you for your good deeds.
