Notice No. 06-02

Date: January 13, 2006

Marion County Highway Bridge Demolition Monongahela River, River Mile 127.1

1. **TO WHOM IT MAY CONCERN:** Notice is given that at approximately 7:00 A.M. on Wednesday, January 18, 2006, the main channel span of the Marion County Highway Bridge, located at River Mile 127.1, in Fairmont, WV is scheduled for explosive demolition. Following demolition of the main channel span, River Salvage Company, Inc. will immediately begin salvage operations to remove structural components from the river channel. It is intended for the work to be conducted primarily during daylight hours until completion. Equipment involved in the operations will be the towboat M/V Anna S., MONALLO, two derrickboats and four hopper barges.
2. After the main channel span has been detonated and dropped into the river, a 100-foot navigation channel shall be opened within 24 hours. The remainder of the main channel shall be cleared within 60 consecutive hours from the time of detonation. Next, the right bank span of the bridge will be detonated and dropped into the river, and River Salvage, Inc. will remove the structural components to clear this segment of the river channel.
3. As a result of the demolition and salvage activities within the navigation channel, river traffic may experience intermittent delays and are requested to exercise extreme caution when transiting this area.
4. Questions can be directed to Mr. Fred Pozzuto, Chief, Permit Enforcement and Surveillance Section, U.S. Army Corps of Engineers, Pittsburgh District at (412)395-7275.

FOR THE DISTRICT ENGINEER:
