Notice No. 06-24

Date: June 2, 2006

Emergency Dam Stabilization
Locks and Dam 3, Monongahela River
Mile 23.8

1. **TO WHOM IT MAY CONCERN:** Notice is given that Joseph B. Fay Co., contractor for the U. S. Army Corps of Engineers, will be performing emergency stabilization work on the dam at Locks and Dam 3, Monongahela River. The work consists of placing tremie concrete in the foundation of the dam and installing sheetpile and riprap at the downstream face of the dam. The work area extends to approximately 200 feet downstream of the dam and is within the restricted area of the facility.
2. This construction work is scheduled to begin on or about June 15, 2006 and continue through September 2006. In general, the contractor will be working 10 hours per day Monday through Thursday.
3. The contractor's floating plant operation will be working in the area immediately downstream of the dam. Navigators should note the location and duration of this work and use caution while entering and leaving the lock chambers.

FOR THE DISTRICT ENGINEER:
