Notice No. 08-32

Date: September 5, 2008

Construction of Limestone Unloading and Empty Barge Storage Area
By Monongahela Power Company
Monongahela River, Left Bank, Mile 91.7-92.7

1. **To All Whom It May Concern:** Notice is given that Brayman Construction Corporation, contractor for Monongahela Power Company, will be constructing a limestone unloading and empty barge storage area along the left bank of the Monongahela River, Mile 91.7-92.7, in Madsville, Monongalia County, West Virginia.
2. The work will be performed Monday through Friday for 10 hours a day, beginning September 3, 2008 and continuing until completion of work on or about April 1, 2009.
3. Initially during this work, there will be one floating plant consisting of: one 50'x150' spud barge w/crane, one 35'x195' material barge, one 30'x150' material barge, one 30'x175' material barge and a 450 horsepower push boat (the Okan). This equipment will be supplemented with an additional floating plant of a 50'x165' spud barge w/crane and a 45'x110' spud barge and crane in mid to late September. Equipment will remain at the work location during all hours, working and non-working.
4. Marine radio frequency 16 should be monitored when in the vicinity of the construction site.
5. Navigators, please note the location and duration of this work and use caution in and around the area.

FOR THE DISTRICT ENGINEER:
