## **Corps of Engineers closes developed wetland areas for waterfowl hunting at Proctor Lake**

FORT WORTH, TX --. As a result of the severity and duration of the current drought, all developed wetlands areas at Proctor Lake will be closed for the 2006-2007 waterfowl season. The U.S. Army Corps of Engineers regrets any inconvenience and plans to use the closure period to make improvements to these public use areas.

To ensure receipt of an application packet for the 2007 - 2008 season, please contact the Proctor Lake Office at (254) 879-2424 or e-mail Natural Resource Specialist, Brad Campbell at [Bradley.r.campbell@swf02.usace.army.mil](mailto:Bradley.r.campbell@swf02.usace.army.mil). Mr. Campbell can also answer specific questions or concerns regarding all hunting at Proctor Lake.
