Missouri State Fair Hay Contest

The Twenty third annual statewide hay contest was held in August at the Missouri State Fair in Sedalia. Hay contest entries were judged on quality, laboratory analysis and visual score. The contest is held to make Missouri hay producers aware of hay's nutritional value, and the potential for growing and marketing quality forages. The contest also showcases the state's top forages for potential buyers.

Many county fairs also hold contests. Always be sure to check contest rules and regulations. If you have questions or would like a copy of the Missouri State Fair Hay Contest Rules and Regulations or the 2008 contest results, please write:

Missouri Department of Agriculture
Agriculture Business Development (Hay Contest)
P.O. Box 630
Jefferson City, MO 65102
or call (573) 751-7213
or email: Mark.Murphy@mda.mo.gov

Larry Muck, Meadville, Missouri received the Grand Champion Award at the 2008 Missouri State Fair Hay Contest. Pictured at the awards presentation are, from left: Marion Lucas, State Fair Director; Elizabeth Schlueter, Fair Commission; Larry Muck; Whitney Wallace, Missouri State Fair Queen; and Mark Murphy, Hay Contest Superintendent.

The Missouri Department of Agriculture
thanks the following sponsors for their
support in making the hay contest possible:

AMBRACO, Dubuque, IA
America's Alfalfa, Shawnee Mission, KS
College of Agriculture, Food & Natural Resources,
University of Missouri-Columbia
Custom Laboratory, Inc., Golden City, MO
DELMHORST Instrument Company, Towaco, NJ
Dow AgroSciences LLC, Vandalia, MO
Forage Research, St. Joseph, MO
Garst Seed Company, Overland Park, KS
Green Seed Company, Inc., Springfield, MO
MFA Incorporated Seed Division, Columbia, MO
Medipharm USA, Des Moines, IA
Missouri Association of Soil and Water
Conservation Districts
Missouri Forage and Grassland Council
Missouri Southern Seed Corporation, Rolla, MO
Pioneer Hi-Bred International, Inc., Columbia, MO
Polymer Group, Inc., Kingman, KS
Producers Hybrids, Battle Creek, NE
Sunfilm, South Hackensack, NJ
Tigerco Distributing Co., Braymer, MO
Thoenen Ag Sales, Bonnots Mill, MO

National Hay Test Guidelines

Table 1: Alfalfa guidelines

Quality Designation	Relative Feed Value RFV	Acid Detergent Fiber ADF
Supreme	Over 185	Under 27
Premium	170-185	27-29
Good	150-170	29-32
Fair	130-150	32-35
Utility	Under 130	Over 35

Quantitative factors are approximate, and many factors can affect feeding value.

Table 2: Grass Hay guidelines

Quality Designation	Percent Crude Protein (CP)
Premium	Over 13
Good	9-13
Fair	5-9
Low	Under 5

Quantitative factors are approximate, and many factors can affect feeding value.

Hay Quality Designation's physical descriptions

Supreme: Very early maturity, pre-bloom, soft fine stemmed, extra leafy.

Factors indicative of very high nutritive content. Hay is excellent color and free of damage.

Premium: Early maturity, i.e., pre-bloom in legumes and pre-head in grass hays, extra leafy and fine stemmed.

Factors indicative of a high nutritive content. Hay is green and free of damage.

Good: Early to average maturity, i.e., early to mid-bloom in legumes and early head in grass hays, leafy, fine to medium stemmed, free of damage other than slight discoloration.

Fair: Late maturity, i.e., mid to late-bloom in legumes, head-in grass hays, moderate or below leaf content, and generally coarse stemmed. Hay may show light damage.

Utility: Hay in very late maturity, such as mature seed pods in legumes or mature head in grass hays, coarse stemmed. This category could include hay discounted due to excessive damage and heavy weed content or mold. Defects will be identified in market reports when using this category.

Forage Quality: The Importance of Testing

Testing forage accurately can provide a good estimation of forage quality. Test results can be used for: marketing and pricing forages; evaluating, growing, cutting, and storage; formulating nutritionally balanced rations; and developing and allocating forage inventories.

Recommended tests for determining forage quality include:

- 1. Dry Matter (DM)**
- 2. Crude Protein (CP)**
- 3. Acid Detergent Fiber (ADF)**
- 4. Neutral Detergent Fiber (NDF)**
- 5. Calcium (Ca)**
- 6. Phosphorus (P)**
- 7. Total Digestible Nutrients (TDN)**
- 8. Relative Feed Value (RFV)**

Listed below are certified Missouri laboratories which conduct hay and other forage analyses. No endorsement is implied, nor discrimination intended. Individuals should contact the laboratory for a listing of analysis offered, a fee schedule, and specific instructions for sampling and handling.

Missouri Hay Market Listings

The hay market listings web page is available to Missouri producers as a result of a joint effort between University of Missouri-Columbia Agriculture Electronic Bulletin Board (AgEBB) and the Missouri Department of Agriculture.

To list hay you wish to sell:

- @ Enter a new listing via the menu options on the AgEBB Hay Market Page <<[<http://agebb.missouri.edu/haylst>>](http://agebb.missouri.edu/haylst)
- @ Call the Missouri Department of Agriculture's Hay Hot Line at 1-800-877-4HAY
- @ Visit your county extension office and have them list your hay

Hay listings will be left on the AgEBB system for 60 days unless updated.
