To construct a pier and floating dock in the Wando River, Berkeley County, South Carolina.

Following the public notice for this project the applicant has made modifications to the originally proposed project. The modifications include increasing the length of the fixed timber walkway to be 4' x 142' (originally noticed as 4' x 125'), which will move the floating dock and pier head further channel ward. Additionally, two (2) 10' x 12' boat lifts have been proposed, one associated with each proposed floating dock, which will be located landward of the proposed floating docks. The attached drawings represent the revisions requested by the applicant.

In order to give all interested parties an opportunity to express their views
