The program targeted lower graded Operations Project Managers (OPMs) and those who aspire to become OPMs, with competitive temporary assignments to fill vacant OPM positions at various project locations.
2. The Operations Project Manager Community of Practice Advisory Board was tasked with matching the qualified candidates that were nominated by their respective MSCs with vacant OPM positions that were offered up for the program.
3. I am pleased to announce that the following four employees were approved to participate in this inaugural OPM Career Assignment Program.
