United Brethren General Conference.

The twentieth General Confer-ence of the United Brethren Church, which is now in secsion Charten, which is now in season those who particular thereby with one of the most important meet-ings in the history of the denom-ination. Since the foundation of the church there have been six General Conferences of special tion to stand fast to their positions ence of 1515 frew up the first printed dicipline, and adopted the Confession of Faith. The General true church, and therefore entitled Conference of 1883 mule the creed to the church property Most of nuchangable. The General Con-the United Brothren living in Day-ference of 1887 mole steps for the two will affere to the new constiadoption of a constitution. The intion and confession of faith. General Conference of 1841 deew up and adopted the present constitution of the church. At the Genaral Conference of 1585 measures were adopted looking forward to a change in both Constitution and Army, having been victimized by Confession of Faith, and the pres-ent General Conference is expect-of to declare the use Constitution and Confession of Faith the organ-square with him in the follow ic law and fundamental belief of ing manner: The cool joker, the the church.

the church for many years in re-gard to certain questions of church polity. Szveral principles which the church had held from its form the church had held from its form dation. with a large class in the church, nervous, and an effort was made to change them. The struggle finally cui-minated in 1885 in an attempt to them. set aside both the articles of gov-ernment and the articles of relig-which you had taken thelter from ion of the church. A commission a company of tharp-thootherth, was appointed to draw up a new and where it was thertain, if you constitution and a new confession put out of faith for submission to the vote pered F of the church. One party at once denied the legality of the proposed ing at the circle, "why, take it method of change, and utterly re- cool, and spit on the fuse." fused to take any part in the com-mission, or in the vote on its work. The party broke up, and all re-tired except the patrol. The next fused to take any part in the commission, or in the vote on its work. tired except the patrol. The next As a result the proposed constitution morning a number of soldiers tion and one for are a result the proposed constitu-tion and confession of faith receiv-ed almost every vote east at the election, and was declared adopted. Came the liping licenters, when along results are also been by the problem of the problem of the set of the came the liping licenters. Las a simple justice—no more and no in accordance with its own pro-ily opening his eyes, he remarked:

visions, it will go into effect on declared to be the organic law of be the result. One party will not that the new constitution has been legally adopted, and that those who refuse to be governed by it thereby secole from the church. The other party will hold that the present constitution is the only for a defense; the occupant took been adopted in accordance with its provisions, it still remains the constitution of the church, and those who place themselves. constitution of the church, and those who place themselves under met" shouled the captain. the new constitution thereby withdraw from the United Brethren shouted in return. The General Confer- in which case a division of the

Why Dont You Spit on It.

A good story has been told of a captain, was always quizzing the A struggle has been going on in lisping officer, the lieutenant, for

The Amenities of Advertising.

If through the medium of an ad-vertisiment you discover some art-isle that you disciver some art-isle that you discive is state the name of the publication wherein you as whe advertisement. If you are either an advertiser or a pub-lisher you would be glad to have a correspondent deal aimliarly with you. It is an easy thing to do, and benedits at least two parties, yie, the one who inserts the ad-vertisement and the publisher in whose journal it appeared. It ben-efits the former, because it points on the bin the paper which is the heat advertising modium, and helps in to concentrate his advertising
