## **ACTIVITY: DETERMINING GOAL/VISION/PURPOSE**

### **Suggestions for Presenters**

1. Brainstorm with the group what they think would be the goal, purpose, or need for project/partnership.
2. Allow each participant to have a turn in the discussion.
3. Chart all responses on flip chart paper. When finished, combine common ideas. If there is a long list of responses, the facilitator may want to have the group vote on the ideas and narrow down to two or three ideas. This may be done by allowing each participant to make a check mark by the response or by using dots or stars to show the idea that they feel is most important.
4. Come to a consensus about the goal/purpose or vision for the project.
