School Food Authorities Affected by Hallmark/Westland Meat Packing Co. Beef Recall  
February 2006 – February 2008

The U.S. Department of Agriculture (USDA) Food and Nutrition Service (FNS) prepared the following list of all School Food Authorities (SFAs) affected by the Hallmark/Westland Meat Packing Co. beef recall announced February 17, 2008. FNS compiled the list from data provided by State Distributing Agencies (SDAs) for the timeframe covered by the recall, February 2006 to February 2008. SDAs are responsible for managing the distribution of USDA-purchased commodities to local SFAs participating in the National School Lunch Program (NSLP).

The list indicates (1) States and SFAs affected by the recall, and (2) States not affected by the recall. FNS identified affected States from NSLP records of beef purchased throughout the two years covered by the recall, both through direct shipments of ground beef, and through shipments of further processed beef products. SDAs were responsible for notifying USDA which SFAs within their State received product affected by the recall. Not all SFAs listed had product remaining in inventory when the recall began. The fact that an SFA is included on this list does not necessarily indicate that an individual school within an identified SFA received any of the recalled ground beef products.

The list does not provide data about the quantities of product received by SFAs. For additional information about affected SFAs, please contact the appropriate SDA. Contact information is available via the FNS website at: [www.fns.usda.gov/fdd/contacts/SdaContacts.htm](http://www.fns.usda.gov/fdd/contacts/SdaContacts.htm). Updated information for the Hallmark/Westland Meat Packing Co. recall is available via the USDA website at: [www.usda.gov/actions](http://www.usda.gov/actions).
