SUPPLEMENTARY INFORMATION:

Title: Food Stamp Redemption Certificate.

OMB Number: 0584-0085.

Form Number: FNS-278B and FNS-278-4.

Expiration Date: July 31, 2008.

Type of Request: Revision of a currently approved collection of information.

Abstract: The Food Stamp Act of 1977, as amended, Section 10, (7 U.S.C. 2019) states that regulations issued pursuant to the Act shall provide for the redemption of coupons accepted by retail food stores and wholesale food concerns or through selected financial institutions.

FNS provides for this redemption in 7 CFR 278.2 through 278.5. Section 278.4 outlines the procedure for redeeming coupons for wholesale food concerns retail stores. Form FNS-278B, Food Stamp Redemption Certificate, and Form FNS-278-4, Wholesaler Redemption Certificates, collectively called RCs, are required to be used by all authorized wholesalers or retailers, and are processed by financial institutions when they are presented for cash or credit. Requirements in the Food Stamp Program regulations are the basis for the information collected on Form FNS-278B, Food Stamp Redemption

Certificate, and Form FNS-278-4, Wholesaler Redemption Certificate.

The proposed revision to the information collection burden associated with this form is derived from a reduction in the number of RCs submitted by program respondents. The number of responses also declined as FNS phased-out the issuance of paper food coupons; and as the number of States with Electronic Benefit Transfer (EBT) systems increased nationwide. Currently, 100 percent of all food stamp benefits are issued electronically. Some paper food coupons remain in circulation, however, as they were issued before EBT was fully implemented in each of the States. Because there is not an expiration date on food coupons, recipients who were previously issued paper food coupons can use the benefits they have until they are spent. Likewise, retailers must also continue to accept paper food coupons as a form of payment, and the Federal government must continue to honor them as legal tender. Currently, there is a legislative proposal to de-obligate the paper food coupon but until legislation is passed, paper food coupons do not expire.

FNS is seeking approval not to display the expiration date of the information collection because it is impractical and not cost efficient to incur expenses for a form that hasn't been used since our last submission to OMB (Form FNS-278-4), or for one that use is rapidly declining (Form FNS-278B). There are no sensitive questions of private or personal nature involved in this information collection. All data collected concerns food stamp deposits within the banking system.

For this information collection package, the estimated reduction of respondents is based on a projected decrease in the number of RCs submitted as a result of fewer paper food coupons remaining in circulation. The estimated burden hours are 28.60442 hours.

Respondents: Businesses, wholesale food concerns, or other not-for-profit financial institutions.

Estimated Average Number of Respondents: 385.95723.

Estimated Annual Number of Responses per Respondent: 4.3033369.

Estimated Total Average Annual Responses: 1,660.904.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average .0172222 hours per response.

Estimated Total Average Annual Burden: 28.660442 hours.

Dated: April 14, 2008.

Forest Service

State of Alaska—Termination of Withdrawal

SUMMARY: The Act of March 22, 1944 (58 Stat. 119) withdrew approximately 3,235 acres of land within the Cascade Creek watershed of the Tongass National Forest as a municipal watershed for the City and Borough of Sitka. The Act provided that the withdrawal would terminate upon a finding by the Secretary of Agriculture of an abandonment and nonuse for a period of two years. With the concurrence of the City and Borough of Sitka, a finding of such abandonment and nonuse is being made and the withdrawal terminated.

DATES: This finding is effective on the date of this notice.

FOR FURTHER INFORMATION CONTACT:

Louise Herrera, USDA Forest Service, Washington, DC 20250. Phone: (202) 205-1255, E-mail: lherrera@fs.fed.us. Individuals who use telecommunication devices for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 between 8 a.m. and 8 p.m., Eastern Standard Time, Monday through Friday.

SUPPLEMENTARY INFORMATION: Pursuant to the Act of March 22, 1944 (58 Stat. 119), certain lands within the Tongass National Forest in the State of Alaska comprising approximately 3,235 acres in the watershed of Cascade Creek were withdrawn from all forms of location, entry or appropriation under the mineral and nonmineral land laws of the United States and were set aside as a municipal water supply reserve for the use and benefit of the City of Sitka. The Act further provides that the right of the City of Sitka to use the reserved land for watershed purposes shall terminate upon the abandonment of the use by such municipality upon a finding of the Secretary of Agriculture of such nonuse or abandonment for a period of two years. In such case, the reservation created by the Act shall terminate to the extent of the lands involved.

The City and Borough of Sitka has notified the Forest Service by letter dated January 22, 2007, that it relinquishes any interests in the lands identified in the Cascade Creek. This relinquishment is a restatement of an

earlier relinquishment dated December 23, 1996, but heretofore not acted upon. The City states that it has developed a primary municipal water supply from Blue Lake as well as a secondary emergency water supply from Indian River. Therefore, Cascade Creek is no longer needed for such purposes.

Based on the foregoing, as authorized by section 2 of the Act of March 22, 1944 (58 Stat. 119), I find that the lands described in section 1 of said Act, comprising approximately 3,235 acres of the Cascade Creek watershed in the Tongass National Forest, have not been used for a period of at least 2 years by the City and Borough of Sitka, Alaska, and that the City and Borough have effectively abandoned such use as indicated by letters to the Forest Service dated December 23, 1996 and January 22, 2007. Therefore, the reservation established by said Act of March 22, 1944 is hereby terminated.

Dated: April 9, 2008.

Paul K. Brewster,

Deputy Regional Forester.
