

Atlanta Quarantine Station

Jurisdiction

The jurisdiction of the CDC Atlanta Quarantine Station includes all ports in Georgia, North Carolina, South Carolina, and Tennessee.

Activities

- Respond to reports of illness or death on airplanes, cargo vessels, and other conveyances at international ports of entry within jurisdiction.
- Review medical records of migrants who will reside permanently in the United States, and notify state and local health departments of specific medical conditions.
- Partner with other federal agencies, local and state health departments, private medical providers, and hospitals in preparedness activities related to quarantine and isolation at ports of entry.
- Monitor importations that may have pathogens infectious to humans.
- Partner with health departments regarding emergency response, migrant health, and other public-health issues.
- Participate in teams and workgroups for CDC's Division of Global Migration and Quarantine, Quarantine and Border Health Services Branch.
