

## LAVON LAKE HUNTERS ACTIVITY SURVEY

NAME: \_\_\_\_\_

PERMIT NUMBER: \_\_\_\_\_

Lake Lavon is a great place for all types of recreation and relaxation just minutes from most parts of the Metroplex. One of the major recreation activities on Lake Lavon is hunting. In order to provide a successful hunting experience for future generations, this hunter survey form was created to reflect actual hunting activities on lake property. Honest answers and input from Lake Lavon's hunters will assist with the updating of future hunting policy and management concerning the lakes natural resources, and how these policies will affect the people who utilize them. As crucial as this information is, each hunter at Lake Lavon is required to have a free, valid Lake Lavon hunting permit, which can be picked up at the project office. Each permitted hunter is required to submit to the project office a completed survey within 12 months of the issue date, or future permit requests will be denied. Thank you for your participation in Lake Lavon's hunting program and have a safe season.

### Non-Migratory

GAME	# DAYS HUNTED	AVG. HRS. AFIELD	# SEEN	# HARVESTED	
DEER *	N/A			N/A
