Inclement Weather:

- Shower buildings and restrooms are **NOT** storm shelters. However, the brick facilities offer a degree of protection against heavy storms.
- In the event of a Tornado Warning, seek shelter below ground level (ditch/culvert).
- A weather radio is located at the shower building. Periodically check local stations when skies are threatening.

In Case of Emergency:

- Dial 911
- Directions to area hospitals are located at fee booths and shower buildings
