ABSTRACT

This publication contains information on accredited management system registrars¹ located in the United States, Canada and Mexico. The information was provided to the National Institute of Standard and Technology (NIST) by the accredited organizations. NO ATTEMPT HAS BEEN MADE TO EVALUATE ANY OF THESE PROGRAMS. The information on each organization includes: their accreditation(s), other forms of recognition, and the scope of their management system assessment and registration services. Organizations were asked to indicate if they provide assessment and registration services to: ANSI/ASQ (American Society for Quality) Q9001; ISO (International Organization for Standardization) 9001; QS (Quality Systems) 9000 and ISO TS (Technical Specification) 16949 for the auto industry; TL (Telecommunications) 9000; the ISO 14000 Standards Series for Environmental Management Systems (EMS); Hazard Analysis Critical Control Point (HACCP) requirements for the food industry; SA (Social Accountability) 8000; or to other related standards.

Interested parties are advised to review and compare the offered services (particularly the registrars' scopes of accreditation) when selecting a program appropriate to their needs.
