Member

Joyce Werbiski, Minority
Advisor

**Next County Committee
meeting: Monday, June
16th at 7PM**

Staff:
Nancy H. Welsh, County
Executive Director

Ann Marie McCard,
Program Technician

Teresa Peavey,
Program Technician

County Committee Elections
“FSA Counts on You”

Since COC elections happen only once a year, here is an election refresher. For election purposes, counties are divided into *local administrative areas*, or LAAs. Each LAA selects one producer to serve a three-year term on the Farm Service Agency county committee.

Each year, an election is held in an LAA to replace the committee member whose three-year term is expiring. In counties with three LAAs, one seat is up for election. In combined counties in some years, two seats may be up for election.

Nominations

Candidate nominations for the FSA county committee election will be accepted June 15 through Aug. 1, 2008.

Producers who are residents in the LAA holding the election and who participate or cooperate in an FSA program and are of legal voting age may be nominated to serve on the county committee.

Individuals may nominate themselves or others as candidates. Also, organizations representing socially disadvantaged minorities and women farmers or ranchers may also nominate candidates.

The nomination form, FSA-669A, is available at the county office or may be downloaded from <http://www.fsa.usda.gov/FSA/webapp?area=newsroom&subject=landing&topic=cce>.

To be valid, the nomination form must be signed by the person being nominated, indicating agreement to serve if elected. The completed nomination form must be returned to the county office by the close of business on Aug. 1, or postmarked by midnight Aug. 1, 2008.

Voting

Ballots will be mailed to eligible voters beginning Nov. 3, and must be returned to the county office by the close of business on Dec. 1, or postmarked by midnight Dec. 1, 2008.

Agricultural producers of legal voting age can vote if they participate or cooperate in any FSA program. A person who is not of legal voting age but supervises and conducts the farming operations on an entire farm can also vote.

No one can be denied the right to vote because of race, color, national origin, sex, religion, age, disability, political beliefs, sexual orientation or marital or family status.

Candidate Eligibility

To hold office as a county committee member, a person must meet the basic eligibility criteria:

- Participate or cooperate in a program administered by FSA
- Be eligible to vote in a county committee election
- Reside in the LAA in which the person is a candidate
- Not have been:
 - Removed or disqualified from the office of county committee member, alternate or employee
 - Removed for cause from any public office or have been convicted of fraud, larceny, embezzlement or any other felony
 - Dishonorably discharged from any branch of the armed services.

For additional clarification about county committee elections, contact your local county office staff.

Disaster Signup Continues

Eligible farmers and ranchers who suffered livestock losses, feed losses, or crop loss damage before Dec. 31, 2007, can still apply to receive disaster assistance.

FSA continues to accept applications and make payments for quantity losses under the Crop Disaster Program (CDP), for losses that occurred before the end of the 2007 calendar year. In designated disaster counties producers can still receive assistance under the Livestock Compensation Program (LCP) and the Livestock Indemnity Program (LIP). No ending date has yet been announced for LIP, LCP, or CDP. Later this summer FSA will begin making payments to producers for quality losses under CDP.

For more disaster program information go online at: <http://disaster.fsa.usda.gov>

Crop Reporting

The annual requirement of reporting to the FSA office can be referred to as crop reporting, acreage reporting, or crop certification. Filing an accurate and timely report for all crops and land uses, including failed acreage, can prevent loss of benefits for a variety of Farm Service Agency programs. All cropland on the farm must be reported to receive benefits from the Direct and Counter-cyclical Program, marketing assistance loans and Loan Deficiency Payments.

The certification form FSA-578, Report of Acreage, must account for all cropland on a farm, whether idle or planted. The producer certification deadline for is Tuesday July 15th 2008.

CRP & NAP Certification

Conservation Reserve Program acreage must be reported to receive annual rental payments. And, crop acreage for Non-insured Crop Disaster Assistance Program (NAP) must also be reported.

Prevented Planting:

Prevented planting is to be reported no later than 15 calendar days after the final planting date.

Failed Acreage:

Reports of failed acreage must be filed before disposition of the crop, and producers must be able to establish to the satisfaction of the county committee that the crop failed and was prevented from being replanted through the normal planting period because of natural disaster conditions.

2008 Compliance

Compliance and spot checks will once again be utilized during the 2008 crop year. Instead of locally selecting farms, contracts, deficiency loans, etc. for spot check and review, a nationwide selection of producers is used to achieve a statistical sampling of participating producers. Spot check selections are to be conducted based on a producer's participation in Conservation Reserve Program, Direct and Counter-cyclical Program, Loan Deficiency Program, etc.

State and County Offices shall view and print their producer spot check lists as posted on the designated web site. If an entity is selected from the national database that is no longer farming or participating in the 2008 crop year, a notation shall be made on the spot check list. For more information about the new spot check selection procedure, feel free to contact your local Farm Service Agency office for additional clarification.

Controlled Substances

Program participants convicted under federal or state law of any planting, cultivating, growing, producing, harvesting or storing a controlled substance are ineligible for program payments and benefits.

If convicted of one of these offenses, the program participant shall be ineligible during that crop year and the four succeeding crop years for direct and counter-cyclical payments, price support loans, loan deficiency payments, market loan gains, storage payments, farm facility loans, Non-insured Crop Disaster Assistance Program payments or disaster payments.

Program participants convicted of any federal or state offense consisting of the distribution (trafficking) of a controlled substance shall, at the discretion of the court, be ineligible for any or all program payments and benefits:

- for up to 5 years after the first conviction
- for up to 10 years after the second conviction

- permanently for a third or subsequent conviction.

Program participants convicted of federal or state offense for the possession of a controlled substance shall be ineligible, at the discretion of the court, for any or all program benefits, as follows:

- up to 1 year upon the first conviction
- up to 5 years after a second or subsequent conviction.

Continuous CRP

The Continuous Conservation Reserve Program is a private lands environmental improvement program that allows participants the opportunity to enroll environmentally sensitive acreages in conservation practices that will reduce soil erosion, improve water and soil quality and provide wildlife habitat and food sources.

The Continuous CRP program is a voluntary enrollment program. Eligible landowners enter into contracts that range from 10 to 15 years in length. In return, the landowners will receive annual rental and maintenance payments, incentive payments for certain activities, and cost share for establishment.

To be eligible for enrollment in the Continuous CRP, participants and acreage must meet certain requirements. Provided the eligibility requirements are met, FSA will automatically accept enrollments of acreage into Continuous CRP. Landowners may enroll in the program at any time during the year.

For more information on Continuous CRP enrollments or local Conservation Reserve Enhancement Program (CREP) availability, please contact your local FSA office.

Power of Attorney

For those who find it difficult to visit the county office personally because of work schedules, distance, health, etc., FSA has a power of attorney form available that enables you to designate another person to conduct your business at the office. If you are interested, please contact our office or any Farm Service Agency office near you for more information. If you want a crop

loan, a power of attorney form will need to be completed for husband and wife, if both do not come into the office to sign the forms on the day the loan is disbursed.

Online Services

Producers, if you have Internet access you can electronically log on, fill out and print a variety of FSA paper forms in the comfort of your home as your schedule allows. You can also register for secure electronic access that will allow you to electronically sign and transmit some forms directly to the county office staff. If you are new to the website, first you will want to obtain a Level 2 USDA Service Center Customer ID and password at: <http://www.eauth.egov.usda.gov/> and then click on "Create an Account Page" link.

USDA eAuthentication is the system used by USDA agencies to enable customers to obtain accounts that will allow them to access USDA Web applications and services via the Internet. This includes things such as submitting forms electronically, completing surveys online, and checking the status of your USDA accounts.

If you already have a Customer ID and password, then click on the following eForms website at: <http://forms.sc.egov.usda.gov/eforms/main.servlet> and then click on the "Sign In" button. A disclaimer window will open and after you read the "Warning message" click on the "Continue" button.

Then the USDA Web services page will open to the eAuthentication login page. Enter your login User ID and password and then click on the "Login" button. To sign and transmit forms electronically, you must sign-up and get a User ID and password.

Submitting an e-Form is convenient. You can access information anytime day or night seven days a week. It's faster and forms and applications can be submitted and received in the county office in a matter of minutes, not days or weeks.

Special Accommodations

Reasonable accommodations will be made, upon request, for individuals with disabilities, vision impairment, or hearing impairment to attend or participate in meetings or events sponsored by the Farm Service Agency. If you require special accommodations to attend or participate in one of our events, please call the FSA county office and we will be happy to make any needed arrangements.
