I. GENERAL INFORMATION

A. Background:

The Medicare Modernization Act section 303(e)(1) added section 1842(o)(5)(C) of the Social Security Act which requires that a furnishing fee will be paid for items and services associated with clotting factor.

B. Policy:

The Center for Medicare and Medicaid Services (CMS) includes the clotting factor furnishing fee in the published national payment limits for clotting factor billing codes. When the national payment limit for a clotting factor is not included on the Average Sales Price (ASP) Medicare Part B Drug Pricing File or the Not Otherwise Classified (NOC) Pricing File, the contractor must make payment for the clotting factor as well as make payment for the furnishing fee.

For 2005, the clotting factor furnishing fee of \$0.140 per I.U. is added to the payment limit for a clotting factor when the clotting factor is not included on the ASP or NOC files. For 2006, the clotting factor furnishing fee of \$0.146 per I.U. is added to the payment amount for a clotting factor when the clotting factor is not included on the ASP or NOC files. For 2007, the clotting factor furnishing fee of \$0.152 per I.U. is added to the payment amount for a clotting factor when the clotting factor is not included on the ASP or NOC files. For 2008, the clotting factor furnishing fee of \$0.158 per I.U. is added to the payment amount for a clotting factor when the clotting factor is not included on the ASP or NOC files. For 2009, the clotting factor furnishing fee of \$0.164 per I.U. is added to the payment amount for a clotting factor when the clotting factor is not included on the ASP or NOC files.
