Preparing for a Hurricane

This podcast is presented by the Centers for Disease Control and Prevention. CDC – safer, healthier people.

This is an important message from the U.S. Department of Health and Human Services.

If you're under a hurricane watch or warning, take important steps to prepare for the storm:

- Learn about your community's emergency plans, warning signals, evacuation routes, and emergency shelters.
- Make plans to protect people with special needs and pets.
- Stock your home and vehicle with emergency supplies.
- Secure or protect potential home hazards, such as utilities.
- Stay tuned to radio or television and listen to your local authorities.
