APPENDIX H: CURATORIAL HEALTH AND SAFETY

A. Laws, Regulations, and NPS Policies and Guidelines

The following authorities and guidelines cover curatorial health and safety in the NPS:

- The Occupational Safety and Health Act of 1970 provides the requirements on which each federal agency's safety and health program is based. See http://www.osha-slc.gov/oshAct data/OSHACT.html>.
- The Comprehensive Drug Abuse Prevention and Control Act of 1970 establishes the mechanisms for reducing the availability of controlled substances and the procedures for bringing a substance under control.
- The Resource Conservation and Recovery Act (RCRA) of 1986 directs the Environmental Protection Agency to develop and implement a program to protect human health and the environment from improper hazardous waste management practices. See http://www.epa.gov/epahome/laws.html.
- Executive Order 12196 (1980) directs each federal agency to provide a safe and healthful working environment for its employees. See http://www.nara.gov/fedreg/eos/e12196.html>.
- 29 CFR 1910.134 provides guidance regarding the use of respirators. See http://www.osha.gov/comp-links.html>.
- 29 CFR 1910.1000, Subpart Z provides tables listing toxic and hazardous substances and maximum exposure levels. See http://www.osha.gov/comp-links.html>.
- 29 CFR 1910.1200 (Revised 1987) provides specific guidance on implementing the Occupational Safety and Health Administration (OSHA) Hazard Communication Standard. See http://www.osha.gov/comp-links.html>.
- 29 CFR 1910.1450 (Effective 5/1/90) provides guidance relevant to occupational exposure to hazardous chemicals in laboratories. See http://www.osha.gov/comp-links.html>.
- 29 CFR 1910.1047 (Revised 1985) regulates the use of the fumigant ethylene oxide. See http://www.osha.gov/comp-links.html>.
- 29 CFR 1960 provides basic program direction for Federal Employee Occupational Safety and Health Programs. See http://www.osha.gov/comp-links.html>.
- The Department Manual, Part 485, establishes the Department of the

Interior (DOI) safety and health program. See http://elips.doi.gov/>.

- Director's Order #50B: Occupational Safety and Health, covers the
 occupational safety and health of NPS employees. The NPS Risk
 Management Program has been developed to establish and implement a
 continuously improving and measurable risk management process. See
 http://www.nps.gov/refdesk/DOrders/index.htm#manuals>.
- Director's Order #83: Public Health, and Reference Manual 83, outline
 what the NPS will do to ensure compliance with prescribed public health
 policies, practices, and procedures. See http://www.nps.gov/refdesk/
 DOrders/index.htm#manuals>.

B. Sources of Assistance

 Federal agencies and cooperators for health and safety The following federal agencies regulate aspects of the National Park Service health and safety program:

• The *Occupational Safety and Health Administration (OSHA)*, part of the US Department of Labor, publishes and enforces safety and health regulations for most businesses and industries in the United States.

U.S. Department of Labor Office of Public Affairs, Room N3647 200 Constitution Avenue Washington, DC 20210

Tel: 202-693-1999 http://www.osha.gov

The National Institute for Occupational Safety and Health (NIOSH)
trains occupational health and safety professionals, conducts research on
health and safety concerns, and tests and certifies respirators for
workplace use.

Hubert H. Humphrey Building 200 Independence Avenue, SW, Room 715H Washington, DC 20201

Tel: 1-800-35-NIOSH http://www.cdc.gov/niosh/homepage.html

• The *Environmental Protection Agency (EPA)* administers laws to control and/or reduce pollution of air, water, and land systems and regulates use and labeling of pesticides in accordance with the Insecticide, Fungicide and Rodenticide Act of 1972.

1200 Pennsylvania Avenue, NW Washington, DC 20460

Tel: 202-260-4048 http://www.epa.gov

• The *U.S. Department of Transportation (DOT)* regulates the labeling and transportation of hazardous materials.

Research and Special Programs Administration Office of Hazardous Materials Safety 400 7th Street, SW Washington, DC 20590

Tel: 202-366-8553 http://www.dot.gov

 The National Pesticide Telecommunications Network provides objective pesticide information to any caller.

333 Weniger Hall Oregon State University Corvalis, OR 97331

Tel: 800-858-7378 http://www.ace.orst.edu/info/nptn/

 Professional organizations for health and safety management In addition to the above federal agencies and cooperators, park staff should be aware of the following professional organizations that are involved in health and safety management:

• The American Conference of Governmental Industrial Hygienists (ACGIH) develops and publishes recommended occupational exposure limits each year called Threshold Limit Values (TLVs) for hundreds of chemicals, physical agents, and biological exposure indices.

1330 Kemper Meadow Drive, Suite 600 Cincinnati, OH 45240

Tel: 513-742-2020 http://www.acgih.org/

• The American Industrial Hygiene Association (AIHA) provides information on occupational and environmental health and safety issues and controls, anticipates, and evaluates environmental factors arising in or from the workplace that may result in injury, illness, or impairment, or affect the well-being of workers and members of the community.

2700 Prosperity Avenue, Suite 250 Fairfax, VA 22031

Tel: 703-849-8888 http://www.aiha.org

The National Fire Protection Association (NFPA), a voluntary
membership organization, promotes and improves fire protection and
prevention. The NFPA publication Standard No. 704: Identification of
the Fire Hazards of Materials, rates the hazard of a variety of materials

during a fire. Batterymarch Park Quincy, MA 02269

Tel: 617-770-3000 http://www.nfpa.org

 The National Safety Council educates and influences people to adopt safety and health policies, practices, and procedures to prevent losses caused by accidents and hazardous occupational or environmental exposures.

444 North Michigan Avenue Chicago, IL 60611

Tel: 312-527-4800 http://www.nsc.org/

 The American National Standards Institute (ANSI), a voluntary membership organization, develops consensus standards nationally for a wide variety of health and safety devices and procedures.

1420 Broadway New York, NY 10018

Tel: 212-354-3300 http://www.ansi.org

3. Other organizations

In addition to the Park Safety Officer, the Regional Safety Officer, the regional/SO curator, the WASO Risk Management Division, and the Museum Management Program, National Center for Cultural Resources, the following organizations have extensive experience in dealing with occupational health and safety issues/problems in museum environments:

• The *American Institute for Conservation (AIC)* Health and Safety Committee has produced information directly related to museum and conservation laboratory safety.

1717 K Street, NW, Suite 200 Washington, DC 20006

Tel: 202-452-9545

http://aic.stanford.edu/health/

 Arts, Crafts and Theater Safety (ACTS) is a not-for-profit corporation dedicated to providing health and safety services to the arts.

Ms. Monona Rossol, President 181 Thompson Street, #23 New York, NY 10012

Tel: 212-777-0062

http://www.caseweb.com/ACTS

C. Sources of Health and Safety Equipment and Supplies

There are several sources for obtaining desk fans, fume hoods, portable fume hoods and fume scrubbers, laboratory protective clothing and gloves, respirators, chemical storage cabinets, health and safety publications, hazard warning labels, signs and charts, and other supplies. NPS parks and centers should contact the Museum Management Program for current sources of health and safety equipment and supplies. *Tools of the Trade* is periodically updated with new information on health and safety equipment and supplies.
