### Food and Nutrition Service

#### **National School Lunch, Special Milk, and School Breakfast Programs; National Average Payments/Maximum Reimbursement Rates**

**AGENCY:** Food and Nutrition Service, USDA.

**ACTION:** Notice.

**SUMMARY:** This Notice announces the annual adjustments to: (1) The "national

average payments," the amount of money the Federal Government provides States for lunches, afterschool snacks and breakfasts served to children participating in the National School Lunch and School Breakfast Programs; (2) the "maximum reimbursement rates," the maximum per lunch rate from Federal funds that a State can provide a school food authority for lunches served to children participating in the National School Lunch Program; and (3) the rate of reimbursement for a half-pint of milk served to nonneedy children in a school or institution which participates in the Special Milk Program for Children. The payments and rates are prescribed on an annual basis each July. The annual payments and rates adjustments for the National School Lunch and School Breakfast Programs reflect changes in the Food Away From Home series of the Consumer Price Index for All Urban Consumers. The annual rate adjustment for the Special Milk Program reflects changes in the Producer Price Index for Fluid Milk Products. These payments and rates are in effect from July 1, 2000 through June 30, 2001.

**EFFECTIVE DATE:** July 1, 2000.

**FOR FURTHER INFORMATION CONTACT:** Ms. Mary Jane Whitney, Section Chief, School Programs Section, Policy and Program Development Branch, Child Nutrition Division, Food and Nutrition Service, USDA, 3101 Park Center Drive, Room 1007, Alexandria, VA 22302 or phone (703) 305-2620.

**SUPPLEMENTARY INFORMATION:****Background***Special Milk Program for Children*

Pursuant to section 3 of the Child Nutrition Act of 1966, as amended (42 U.S.C. 1772), the Department announces the rate of reimbursement for a half-pint of milk served to nonneedy children in a school or institution which participates in the Special Milk Program for Children. This rate is adjusted annually to reflect changes in the Producer Price Index for Fresh Processed Milk, published by the Bureau of Labor Statistics of the Department of Labor.

For the period July 1, 2000 to June 30, 2001, the rate of reimbursement for a half-pint of milk served to a nonneedy child in a school or institution which participates in the Special Milk Program is 13 cents. This reflects an increase of 2.0 percent in the Producer Price Index for Fresh Processed Milk from May 1999 to May 2000 (from a level of 139.7 in May 1999 to 142.5 in May 2000).

As a reminder, schools or institutions with pricing programs which elect to serve milk free to eligible children continue to receive the average cost of a half-pint of milk (the total cost of all milk purchased during the claim period divided by the total number of purchased half-pints) for each half-pint served to an eligible child.

*National School Lunch and School Breakfast Programs*

Pursuant to sections 11 and 17A of the National School Lunch Act, (42 U.S.C. 1759a and 1766a), and section 4 of the Child Nutrition Act of 1966, (42 U.S.C. 1773), the Department annually announces the adjustments to the National Average Payment Factors and to the maximum Federal reimbursement rates for lunches and afterschool snacks served to children participating in the National School Lunch Program and breakfasts served to children participating in the School Breakfast Program. Adjustments are prescribed each July 1, based on changes in the Food Away From Home series of the Consumer Price Index for All Urban Consumers, published by the Bureau of Labor Statistics of the Department of Labor. The changes in the national average payment rates for schools and residential child care institutions for the period July 1, 2000 through June 30, 2001 reflect a 2.25 percent increase in the Consumer Price Index for All Urban Consumers during the 12-month period May 1999 to May 2000 (from a level of 164.6 in May 1999 to 168.3 in May 2000). Adjustments to the national

average payment rates for all lunches served under the National School Lunch Program, breakfasts served under the School Breakfast Program, and afterschool snacks served under the National School Lunch Program are rounded down to the nearest whole cent.

*Lunch Payment Levels*

Section 4 of the National School Lunch Act (42 U.S.C. § 1753) provides general cash for food assistance payments to States to assist schools in purchasing food. The National School Lunch Act provides two different section 4 payment levels for lunches served under the National School Lunch Program. The lower payment level applies to lunches served by school food authorities in which less than 60 percent of the lunches served in the school lunch program during the second preceding school year were served free or at a reduced price. The higher payment level applies to lunches served by school food authorities in which 60 percent or more of the lunches served during the second preceding school year were served free or at a reduced price.

To supplement these section 4 payments, section 11 of the National School Lunch Act provides special cash assistance payments to aid schools in providing free and reduced price lunches. The section 11 National Average Payment Factor for each reduced price lunch served is set at 40 cents less than the factor for each free lunch.

As authorized under sections 8 and 11 of the National School Lunch Act (42 U.S.C. 1757, 1759a), maximum reimbursement rates for each type of lunch are prescribed by the Department in this notice. These maximum rates are to ensure equitable disbursement of Federal funds to school food authorities.

*Afterschool Snack Payments in Afterschool Care Programs*

Section 17A of the National School Lunch Act (42 U.S.C. 1766a) establishes National Average Payments for free, reduced price and paid afterschool snacks as part of the National School Lunch Program.

*Breakfast Payment Factors*

Section 4 of the Child Nutrition Act of 1966 (42 U.S.C. § 1773) establishes National Average Payment Factors for free, reduced price and paid breakfasts served under the School Breakfast Program and additional payments for free and reduced price breakfasts served in schools determined to be in "severe need" because they serve a high percentage of needy children.

The following specific section 4, section 11 and section 17A National Average Payment Factors and maximum reimbursement rates for lunch, the afterschool snack rates, and the breakfast rates are in effect from July 1, 2000 through June 30, 2001. Due to a higher cost of living, the average payments and maximum reimbursements for Alaska and Hawaii are higher than those for all other States. The District of Columbia, Virgin Islands, Puerto Rico and Guam use the figures specified for the contiguous States.

#### SUPPLEMENTARY INFORMATION:

##### Background

The National Forest Management Act of 1976 (16 U.S.C. 472a(14)(c)) requires timber sale purchasers to provide the Forest Service with timber sale operating plans on timber sales with contracts that exceed 2 years in length. The timber sale operating plans are collected within 60 days following the award of timber sale contracts and annually, thereafter, until the timber has been harvested. The timber sale contract requires the timber sale purchaser to update the timber sale operating plan annually.

##### Description of Information Collection

The following describes the information collection to be extended:

*Title:* Timber Operating Plans.

*OMB Number:* 0596–0086.

*Expiration Date of Approval:* May 31, 2000.

*Type of Request:* Extension of an information collection previously approved by the Office of Management and Budget.

*Abstract:* The collected information is used by the agency to plan the agency's timber sale contract administration workload and to determine whether a timber sale purchaser's scheduled timber operation has been delayed and is, therefore, eligible for an extension of the contract termination date. The collected information also is used to facilitate the administration of a timber sale contract.

Timber sale purchasers provide information that includes planned periods of major activity, how the activity will be conducted, and any anticipated road construction. The timber sale purchaser also outlines time frames and methods of accomplishing road construction, timber harvesting, and other contract requirements.

There is no prescribed format for the collection of this information. Timber sale purchasers may submit the required information in the form of a chart or

letter using surface mail, electronic mail, or via facsimile. The information is based on the timber sale purchaser's business plan.

Respondents are National Forest System timber sale purchasers who prepare a chart or letter within 60 days of a timber sale contract award and annually thereafter, until the contract has been completed.

Data gathered in this information collection are not available from other sources.

*Estimate of Annual Burden:* 30 minutes.

*Type of Respondents:* Purchasers of National Forest System timber.

*Estimated Annual Number of Respondents:* 2500.

*Estimated Annual Number of Responses per Respondent:* 1.5.

*Estimated Total Annual Burden on Respondents:* 1,875 hours.

#### Comment Is Invited
