Public Hunting Program
Fort Worth District U.S. Army Corps of Engineers
2008-2009

Thank you for your interest in public hunting opportunities in the Fort Worth District of the U.S. Army Corps of Engineers. We manage 25 lake projects in Texas for multiple benefits of flood damage reduction, water supply, outdoor recreation, and environmental stewardship of federal lands and waters. We work in close partnership with Texas Parks & Wildlife Department (TPWD) and several other entities to provide you with safe and enjoyable hunting opportunities on approximately 188,000 acres of public land at 23 of the 25 lakes. This booklet is designed to give you an overview of the rules and regulations that apply to the public hunting program as well as a few specific facts about each lake. If you are interested in finding more information about any particular lake, we encourage you to contact that lake directly and speak with one of our park rangers or natural resources specialists. Look in the "Lake Information" section for contact addresses and phone numbers.

If you have enjoyed hunting at Corps lakes in past years, you are probably aware that the public hunting program is dynamic and continues to change as a result of public comment, and in reaction to changes in state and federal wildlife rules and regulations. Our lakes differ substantially from one another as do our stewardship responsibilities. Therefore, it is important to check with us each year for possible changes in the program. Also, please realize every lake will have its own rules with regard to type of game taken, method of hunting, dates, permits, etc. Please review this manual carefully and address any questions to the lake office for which you are interested.

Your safety is our concern. Hunting on public lands is a unique recreation experience and a valuable natural resource management tool. However, since it is public land, the safety of our visitors is our main priority. Hunters are required to follow all safety regulations set forth in this guide as well as those issued by the lake staff where you are hunting and state law. They are not meant as a hindrance, but as a way to ensure that the hunting program continues to be a safe and enjoyable experience for years to come.

The Corps of Engineers manages over 450 lakes nationwide and strives to be a good steward of your public lands and waters. As a hunting enthusiast, we invite you to visit our national website at <http://corpslakes.usace.army.mil>. This website is tailored to provide a broad overview of natural resources and recreation programs at all Corps lakes. The District website at <http://www.swf-wc.usace.army.mil/index.htm> includes links to general information for each of the 25 lakes in the District. If you enjoy camping, you might also consider visiting another website at <http://www.recreation.gov>. Through this site, you can reserve a campsite at most Corps, U.S. Forest Service, National Park Service and other Federal recreation agency campgrounds.

We hope you enjoy your visit. If you have questions, please call our Natural Resources and Recreation Section in Fort Worth, Texas at 817-886-1530.

THOMAS W. FLEEGER
Chief, Operations Division
Fort Worth District

Frequently Asked Questions About the Hunting Program

1. What are the requirements to hunt on Corps of Engineers lakes?

Hunters are required to comply with the Corps of Engineers requirements and all state and federal hunting laws. Hunters are advised to call or write to the individual Corps lake offices for specific hunting requirements for that lake.

Residents: While hunting, persons 17 years of age or older must carry on their person: (1) a valid State of Texas hunting license; (2) a valid driver's license or personal identification certificate issued by the Texas Department of Public Safety; and (3) a valid Corps of Engineers hunting permit (if required).

Non-residents must carry on their person: (1) a valid State of Texas hunting license; (2) a valid driver's license or personal identification certificate issued by the agency in their state or country of residence that is authorized to issue driver licenses or personal identification certificates; and (3) a valid Corps of Engineers hunting permit (if required).

2. What is a Corps of Engineers valid hunting permit?

A Corps of Engineers hunting permit is required to hunt at many of the lakes listed in the Lake Information section of this guide. A hunting permit is a document issued by the Corps at the respective Corps of Engineers lake offices. The permit is valid only at the lake office where issued and authorizes written permission for a hunter to hunt on Corps managed land. A permit is valid only when used by the individual named on the document, while hunting in the proper area(s) and during the proper open hunting season. Failure to comply with permit conditions, or violation of state hunting regulations on Corps land, will result in revocation of the permit and loss of hunting privileges for up to two years at all Fort Worth District lakes where hunting permits are required.

3. Why do some projects issue permits and others do not?

14 lakes in the Fort Worth District currently require some type of Corps of Engineers hunting permit. The permits are necessary for a variety of reasons including prevention of overcrowding, improvement of public safety, separation of incompatible users, better management of the wildlife resources, or to offer special opportunities.

4. How do I obtain a Corps of Engineers hunting permit?

Corps hunting permits are issued at individual lake offices and are valid only at the lake where issued. Hunters are advised to call or write to Corps lake offices to obtain hunting information, maps, and permit applications. Hunters who are required by state law to complete a Hunter Education training course must present proof of course completion and, if 18 years or older, will be required to sign a Corps of Engineers Waiver of Liability statement. Persons age

12-17 are eligible to obtain a permit, but can hunt only under the immediate supervision of an authorized supervising adult accompanying them at all times.

5. What are the hunter education requirements?

The State of Texas requires every hunter (including out-of-state hunters) born after September 2, 1971, to successfully complete a Hunter Education training course. The basic hunter education information available on the TPWD website can be found at http://www.tpwd.state.tx.us/learning/hunter_education/required.phtml. The minimum age of certification is 9 years. If you were born **after** September 2, 1971 and you are:

- Under 9 years of age, you must be **accompanied***.
- Age 9 through 16, you must successfully complete a hunter education course, or you must be **accompanied***.
- Age 17 and over, you must successfully complete a hunter education course; or purchase a **“Hunter Education Deferral”**, and you must be **accompanied***.

Hunter Education Deferral (cost: \$10) Allows a person 17 years of age or older who has not completed a hunter education program to defer completion for one year. A deferral may only be obtained once and is only valid until the end of the current year. A person who has been convicted or has received deferred adjudication for violation of the mandatory hunter education requirement is prohibited from applying for a deferral. Take the course by August 31 of the current license year and receive a \$5 discount. The one-time Hunter Education Deferral is available at license vendors and went into effect September 1, 2004.

***Accompanied** means: By a person who is at least 17, who is licensed to hunt in Texas, who has passed hunter education or is exempt (born before September 2, 1971), and you must be within normal voice control. Proof of certification or deferral is required to be on your person while hunting. Note: Certification is not required to purchase a hunting license.

6. What minimum age restrictions are in effect on public hunting areas?

Corps Non-Permit Lakes: No age requirement.

Corps Permit Lakes: Any person with a valid hunter’s education certificate may hunt at a Corps permit lake under the following conditions:

- a. Persons under the age of 17 must be accompanied by a “permitted” adult 17 years of age or older.
- b. Persons 17 years of age and older must sign the Corps of Engineers Waiver of Liability statement and show proof of a valid hunter’s education card to the lake office or proof of exemption, e.g. state drivers license, to obtain a valid hunting permit.

7. How much does it cost to hunt on Corps of Engineers property?

At this time the Corps does not charge a user fee to hunt; however, some lakes charge an administrative fee applicable to the hunting program. Somerville Lake charges an administrative fee for a permanent (season long) waterfowl blind permit. Lake Georgetown and Wright Patman Lake charge Special Activity Fees for hunting and ATV access permits. These fees are lake specific. For more information, see the specific lake section in this guide or contact the lake office.

8. Are the seasons, bag limits, application times, and time limit the same as in State Regulations?

The State of Texas sets the bag limits and seasons. However, the Corps of Engineers may further restrict any of the above in an effort to better manage the resources. Hunters are advised to call or write to the individual Corps lake offices for specific hunting requirements.

9. Can I build a blind or have a tree stand?

All lakes allow temporary non-bark penetrating portable tree stands, as well as temporary free-standing blinds such as towers, platforms, tent-style, and natural blinds. However, each blind, regardless of use, must be completely removed from the land or water upon completion of each hunting day or as specified at individual lakes. All blinds must have the hunter's name, date of installation, address, and phone number written legibly and placed at the entry point of the blind in a conspicuous location. If proper identification is not present, the structure may be impounded and/or removed.

Natural blinds may be constructed by gathering loose and/or dead vegetation. Cutting of grass, shrubs, trees, or any other vegetation is strictly prohibited except at Georgetown, Grapevine and Lewisville Lakes, where live cedar up to 4 inches in size may be cut for use with no stub greater than 2 inches remaining above ground.

Temporary blinds for deer or waterfowl do not require a fee. A limited number of permanent (season long) waterfowl blinds are allowed only at Somerville Lake; however, hunters must obtain a special lakeshore use permit from the Somerville Lake Office to install these blinds. Refer to the information on Somerville Lake for specific requirements.

10. Are there weapons and/or means and methods restrictions on public hunting areas?

The "Means and Methods" restrictions as required under state law apply to all Corps of Engineers hunting areas with the following additional requirements:

a. Hunting or shooting within 600 feet of homes, developed parks, roads, fishing piers or platforms, farm and ranch yards, outlet structures, emergency spillways, or other areas is prohibited unless otherwise stated or posted.

b. Pistols are prohibited.

c. Buckshot (any shot size large than #2 shot) is prohibited anywhere on government

property. Buckshot is prohibited due to increased public safety concerns. Shotguns with rifled slugs are allowed when hunting deer and feral hogs except at those lakes which restrict deer and feral hog hunting to archery only.

d. Crossbows may be used in accordance with state law when hunting deer and feral hogs unless prohibited at specific lakes.

e. Muzzleloaders: Muzzle-loading shotguns may be used at any lake which allows the use of a conventional legal shotgun as defined by state law. Muzzle-loading rifles may be used only at Lake O' the Pines, Town Bluff, Sam Rayburn, and Wright Patman Lakes as stated in the Lake Information section of this guide.

f. The use of conventional center-fire or rim-fire rifles is prohibited at all lakes, except Lake O' The Pines and Wright Patman Lake as stated in the Lake Information section of this guide.

g. The use of pellet, BB, or any other type of air gun is prohibited at all lakes.

h. Archery equipment for bow fishing must comply with TPWD regulations http://www.tpwd.state.tx.us/publications/pwdpubs/pwd_lf_t3200_1559/ and will not take place within 600 feet of homes, developed parks, roads, farm and ranch yards, outlet structures, emergency spillways, or other areas.

11. Must I wear hunter orange?

Corps Non-Permit Lakes: No, but the proper wearing of hunter orange is highly recommended for hunter safety. Please refer to the information for Sam Rayburn Lake for specific requirements on wearing hunter orange.

Corps Permit Lakes: Yes. Hunters (and anyone accompanying the hunter) must wear at least 400 square inches of hunter orange material (144 square inches on both chest and back) when hunting and are also required to wear some type of orange head wear. Hunters exempt from this requirement are: persons hunting deer/turkey/feral hog during the archery only season and persons hunting turkey, waterfowl, or migratory birds (except dove hunters during concurrent hunts for quail).

12. What vehicle restrictions are in effect on Corps of Engineer areas?

The operation of all vehicles, including, but not limited to, motorcycles, all terrain vehicles (ATV's), bicycles, automobiles, trucks, and any other vehicles (see CFR Title 36, Section 327.2 (a) for vehicle definition) off authorized roadways is prohibited. Exception: ATV permits are available at Wright Patman Lake.

Vehicles must be parked on Corps designated areas or along roadsides on Corps property without blocking the passage of other vehicles or gate openings. Parking on other public roadways is at your own risk and contacting local law enforcement is recommended. Access to

the interior of designated hunting areas is authorized by foot or boat only.

13. Are there any special allowances for individuals with disabilities?

Persons with permanent walking disabilities (a disability that permanently prevents walking) may apply for permission to enter a hunting area by means other than foot. The applicant must present a physician's certification of that condition to qualify for vehicle use inside a hunting area. Site managers have the discretion to approve or deny any application based on natural resource protection, safety or other concerns. If approved, a special event permit specifying time and duration of hunting availability may be issued to the disabled person. Additionally, site managers have the option to allow the use of crossbows for persons with an upper limb disability to hunt deer and turkey only during the "Archery Only" Season as defined by TPWD and any lake specific seasons. An upper limb disability is defined, as a permanent loss of the use of fingers, hand, or arm in a manner that renders a person incapable of using a bow and documentation, as described above, is required.

14. What authorized (legal) game may be hunted on Corps of Engineers lands?

The only authorized game allowed to be taken is those game species listed in the "Legal Game" section for each lake. Hunting game species not listed in the information guide is prohibited, including species such as rattlesnakes, skunks, crows, English sparrows, grackles, coyotes, javelina, etc. Note: Possession of manual or electronic varmint calling devices, baits or lures is prohibited while hunting.

Sport chasing is allowed for raccoons, foxes and coyotes only, except where prohibited under the Lake Information section of this guide (Aquilla & Waco Lakes). Possession of a firearm, archery equipment, or any other weapon while sport chasing these animals is prohibited. Possession of calling devices, baits or lures is prohibited while sport chasing the animals.

Dogs may be used to hunt rabbit, squirrels, game birds, and migratory game birds in compliance with TPWD regulations. The use of dogs to hunt deer is prohibited.

15. May I target shoot on Corps of Engineers lands?

Shooting for practice or at targets is prohibited. Discharging any weapon (including archery equipment) is allowed only during authorized hunting activities and only during the attempt to take game.

16. May I trap animals on Corps of Engineers lands?

Trapping is prohibited. The possession of traps, snares, baits, tranquilizers or scent lures are prohibited for use on Corps lakes.

17. Who enforces the hunting laws and regulations on Corps of Engineers lands?

State and Federal Game Wardens, as well as local law enforcement personnel, enforce the state and federal hunting laws respectively. The U.S. Army Corps of Engineers Park Rangers implement the regulations and safety requirements of the Corps of Engineers hunting program at each lake.

18. Is baiting allowed on Corps of Engineers hunting lands?

A hunter may **not** hunt migratory birds with the aid of bait or on or over any baited area. Contact the site manager of a specific lake for information on using corn to bait deer or other game animals. Note: Hunters are responsible for knowing whether an area is baited or not.

LAKE INFORMATION

Aquilla Lake

| | | |
|---|---------------|------------------|
| 285 CR 3602 | County: | Hill |
| Clifton, TX 76634-3396 | Acreage: | 4,000 acres |
| (254) 694-3189 | Corps Permit: | Yes, all species |
| www.CorpsLakes.us/Aquilla | | |
| http://whitneylakehunting.tamu.edu/ | | |

Administration: U.S. Army Corps of Engineers

Legal Game: Dove, squirrel, rabbit, waterfowl, turkey, feral hog, and deer.

Season: As published in the Texas Outdoor Annual for these counties.

Muzzleloaders and Crossbows: No

Special Restrictions: Deer hunting is by archery only. Other game may be hunted with a shotgun, but no shot larger than #2 may be used or carried. Sport chasing is prohibited. Tree stands are restricted to portable non-bark penetrating stands only and must be removed after each day's hunt.

Bardwell Lake

| | | |
|--|---------------|--------------|
| 4000 Observation Drive | County: | Ellis |
| Ennis, Texas 75119-1339 | Acreage: | 2,528 acres |

Administration: U.S. Army Corps of Engineers

Legal Game: Dove, quail, snipe, rail, squirrel, rabbits, waterfowl, feral hogs, and deer.

Season: Open year around. Game hunting allowed as published in the Texas Outdoor Annual for Denton County. The hunting area will open September 1, 2008 and close August 31, 2009 to allow archery hunting for turkeys during the Denton County spring hunting season for gobblers and year-round archery hunting for feral hogs.

Muzzleloaders and Crossbows: No

Special Restrictions: Deer and feral hog hunting are by archery only. Shotguns using #3 or smaller shot may be used during appropriate turkey seasons. Hunting on Grapevine and Lewisville Lakes will be combined into one permit that will include both lakes. However, the hunter's safety course will be required for individuals hunting at Lewisville, but not Grapevine. Requests for hunting information for either lake should be directed to the Lewisville Lake Office at 469-645-9100. *A hunter survey must be returned to the Lewisville Lake office to obtain a permit for the following year. The hunter survey must be received by the Lewisville Lake office no later than July 2, 2009.

(903) 665-8441 (fax)

www.CorpsLakes.us/LakeOPines

www.swf-wc.usace.army.mil/lakeopines/

Counties:

Camp/Harrison/

Marion/Morris/Upshur

Acreage:

4,500 acres

Corps Permit:

Not Required

Administration: U.S. Army Corps of Engineers

Legal Game: Mourning dove, bobwhite quail, squirrel, rabbit, waterfowl, feral hogs, white-tailed deer, and eastern wild turkey.

Season: As published in the Texas Outdoor Annual for these counties.

Muzzleloaders and Crossbows: Yes

Special Restrictions: Rifle hunting for deer or feral hogs is only authorized for hunting areas south of the dam and west of Cypress Creek and for hunting areas north of Highway 155.

For all other areas, hunting for deer or feral hogs is restricted to shotguns with slugs, muzzle loading rifles, and legal archery equipment. Hunters (and anyone accompanying the hunter) must wear at least 400 square inches of hunter orange material (144 square inches on both chest and back) when hunting and are also required to wear some type of orange head wear. Hunters exempt from this requirement are: Persons hunting deer/turkey/feral hogs during the archery only season, persons hunting squirrels outside of the deer firearms season, and persons hunting turkey, waterfowl, or migratory birds (except dove hunters during concurrent hunts for quail.) Subject to certain restrictions, permits to use all terrain vehicles (ATVs) at the hunting area south of the dam and west of Cypress Creek will be available for persons with a "permanent, ambulatory disability" and permits will be available beginning 8

September 2008. ATV rider certification (available at ATV dealers) is also required to qualify for an ATV permit. Antlerless deer may be harvested only during archery season. Tree stands are restricted to portable non-bark penetrating stands only. They are only to be left for periods of 72 consecutive hours or less and must be clearly marked with the owner's name, address, telephone number, and date of placement. All hunting is prohibited from 1 June through 31 August. Due to a special white-tailed deer hunting event held for physically challenged hunters, the hunting area south of the dam and west of Cypress Creek will be closed to all other users from 15 December 2008 through 21 December 2008. Please call or write the lake office for additional information.

Lavon Lake

3375 Skyview Drive
Wylie, Texas 75098-5798
(972) 442-3141
(972) 442-1109 (fax)

County: Collin
Acreage: 6,500 acres
Corps Permit: Yes

www.CorpsLakes.us/Lavon
www.swf-wc.usace.army.mil/lavon/

Administration: U.S. Army Corps of Engineers

Legal Game: Dove, squirrel, rabbits, waterfowl, and feral hog.

Muzzleloaders: No

Feral Hogs: Bow and crossbow only.

Season: As published in the Texas Outdoor Annual for this county.

Special Restrictions: Permit required for all species. Archery only for feral hogs. **A hunter survey must be returned to the Lavon Lake office to obtain a permit for the following year. A limited number of Special Methods Hog Hunting Permits will be issued by drawing in January 2009. Special Methods permits will be valid from February 1, 2009 through April 30, 2009. See the Lavon Lake website for details, maps, and hunting regulations.*

Lewisville Lake

Corps Permit: Not Required
Admin. Fee: Yes - for permanent blinds

www.CorpsLakes.us/Somerville

www.swf-wc.usace.army.mil/somerville/

<http://www.swf-wc.usace.army.mil/somerville/Recreation/Somerville%20Lake.pdf>

Administration: U.S. Army Corps of Engineers

Legal Game: Waterfowl, feral hog

Season: Waterfowl and feral hog hunting as published in the Texas Outdoor Annual for these counties. **Feral hog hunting is by permit only.** Feral hog hunters can choose from a variety of methods including archery, shotgun, live trapping, and dogs. The Challenged Hunter Program will hold its annual deer hunt on Friday and Saturday, December 5th and December 6th. Hunter applications and information may be obtained by calling the Hunt Coordinator. All applications for the 2008 hunt must be returned by November 3, 2008 to be included in the drawing. For more information contact Park Ranger Russell Meier.

Duck Blind Permits: Seasonal waterfowl blind drawing applications will be accepted between May 1 and August 31 of each year. Waterfowl blind applications **must** be sent to the following address to be placed in the random drawing:

Somerville Lake Office
1560 Thornberry Drive
Somerville, TX 77879

Applicants must be eighteen (18) years old or older to apply. The duck blind application shall be a white 3" X 5" note or index card with the following information on it:

- Name as it appears on driver's license or state ID card.
- Mailing address as it appears on driver's license or state ID card, with city and zip code.
- Both daytime and evening telephone numbers.

A random drawing will be conducted for waterfowl blinds at the Somerville Lake office on September 1. Applicants whose names are randomly drawn will be notified by mail or phone and **MUST** meet at the Somerville Lake office on September 10, 2008 at 7:00 p.m. to select waterfowl blind location and complete the required forms. Those who fail to attend the meeting forfeit the opportunity to select a waterfowl blind location. Blind selection will be conducted in the order in which the cards were randomly drawn. Each blind location has a primary and an alternate. The primary and alternate **MUST** attend the selection meeting. The primary is the hunter whose name was randomly drawn and must present their driver's license or state ID prior to selection of the blind location. The alternate is the hunter who will use the blind location in the absence of the primary. Both hunters (primary and alternate) will sign the permit for the blind. Hunters selected for a blind location will be charged a **\$50.00 non-refundable fee** and **MUST** be in the form of a personal or cashier's check. Blind construction may begin at anytime after the blind location has been selected.

All waterfowl blinds **MUST** be removed within 30 days after the season ends. For questions or comments on this program, please contact Park Ranger Russell Meier (Hunt Coordinator) at 979-596-1622.

Administration: U.S. Army Corps of Engineers

Legal Game: Dove, squirrel, rabbit, waterfowl, turkey, feral hog, and deer.

Season: As published in the Texas Outdoor Annual for these counties.

Muzzleloaders and Crossbows: No

Special Restrictions: Deer hunting is by archery only. Other game may be hunted with a shotgun, but no shot larger than #2 may be used or carried. Sport chasing is prohibited. Tree stands are restricted to portable non-bark penetrating stands only and must be removed after each day's hunt. The first 14 days in November are designated for a special white-tailed deer hunting event that will be held for physically challenged hunters at Steiner Valley (H6). Beginning November 15th, the area is open to the public. All persons seeking a hunting permit for Whitney and Aquilla Lakes should contact the Whitney Lake office for permit instructions.

Wright Patman Lake

P.O. Box 1817
Texarkana, Texas 75504-8817
(903) 838-8781
(903) 832-6396 (fax)

Counties: Bowie/Cass
Acreage: 54,358 acres
Corps Permit: Yes, ATV permit

www.CorpsLakes.us/WrightPatman
www.swf-wc.usace.army.mil/wrightpatman/

Administration: U.S. Army Corps of Engineers

Legal Game: Mourning dove, bobwhite quail, squirrel, rabbits, waterfowl, feral hog, white-tailed deer, and eastern wild turkey.

Season: As published in the Texas Outdoor Annual for these counties.

Muzzleloaders and Crossbows: Yes, for white-tailed deer and feral hogs only.

Special Restrictions: Rifles are authorized for hunting in most areas. For all areas due east of the dam and north of the Sulphur River, including the area east of US Highway 59, hunting for deer or feral hogs is restricted to shotguns with slugs, muzzle leading rifles, and legal archery equipment. Antlerless deer may be harvested only during archery season. Tree stands are restricted to portable non-bark penetrating stands only; they are only to be left for periods of 72 consecutive hours or less and must be clearly marked with the owner's name, address, telephone number, and date of placement. Permits to use all terrain vehicles (ATVs) at Clear Springs and Big Creek Wildlife Management Areas (encompassing 3,700 acres) will be distributed at the Clear Springs Park gate house on 6 September 2008, utilizing a local drawing if needed. Permits will cost \$25 per permit, for each of the archery and firearm seasons. Please call or write the Lake Office for additional information. ATV rider certification (available at ATV dealers) is required to qualify for an ATV permit. Due to a special white-tailed deer hunting event that will be held for physically challenged hunters, Clear Springs ATV area will be closed from 1 December 2008 through 7 December 2008 to all other use. In addition, a two day youth deer hunting event will be held during the youth season in January, also at the Clear Springs ATV area, the specific date to be set by the Texas Parks and Wildlife Department, and the Clear Springs ATV area will be closed to all other use at that time.

Special Restrictions for Bow Fishing: Bow fishing will not be allowed within 600 feet of a developed park, roadway, fishing pier, fishing platform or at any other areas posted at the project. Bow fishing is prohibited within the outlet structure and emergency spillway areas with no exceptions. Bow fishing will be allowed in those areas east of US Highway 59 below the spillway on the Sulphur River and in remote locations on Wright Patman Lake.

Disclaimer and Waiver of Liability

This liability statement allows entry upon lands owned by the U.S. Corps of Engineers for hunting. Permittee is not allowed to hunt until this statement is signed. The Corps of Engineers does not know the proficiency of the other participating hunters, and the Corps specifically does not make any warranty or representation of any type, kind or character, whatsoever, as to existing conditions upon said lands for hunting purposes. Any person entering upon such lands enters at his or her own risk, impliedly accepts such lands in the existing conditions, and recognizes that all hunting is potentially dangerous because of the use of firearms/bows by hunters of varying degrees of proficiency, and in consideration of being permitted to participate in this public hunting program, I as parent or guardian of any accompanying minor, unconditionally release and hold harmless the Corps of Engineers against and for all liability, cost, expenses, claims and damages for which the Corps might otherwise become liable by reason of any accidents, or injuries to or death of any persons, or damage to property or both, in any manner arising or resulting from, caused by, connected with or related to the presence of any such person upon such lands and premises, regardless of how, where, or when such injury, death or damage occurs even if caused by the negligence of the Corps of Engineers, its agents, servants, or employees, or due to conditions or operation on or defects in the premises. I, the Permittee, have read this release and understand all its terms. I execute it voluntarily with full knowledge of its significance.
