Acaulon muticum	Desmatodon obtusifolius	Orthotrichum pusillum
Amblystegium riparium	Desmatodon plinthobius	Phascum cuspidatum
Amblystegium serpens	Ditrichum pallidum	Physcomitrium pyriforme
Amblystegium tenax	Entodon seductrix	Plagiomnium cuspidatum
Amblystegium varium	Ephemerum spinulosum	Pleuroidium subulatum
Anomodon minor	Eurhynchium hians	Ptychomitrium incurvum
Anthoceros punctatus	Eurhynchium pulchellum	Reboulia hemisphaerica
Asterella tennilla	Fabronia ciliaris	Rhynchostegium serrulatum
Astomum muhlenbergianum	Fruillania inflata	Riccia beyrichiana
Atrichum angustatum	Funaria hygrometrica	Riccia dictyospora
Barbula unguiculata	Grimmia laevigata	Riccia frostii
Brachythecium acuminatum	Hedwigia ciliata	Riccia hirta
Brachythecium oxycladon	Homomallium adnatum	Riccia lamellosa
Bryum algovicum	Leskea gracilescens	Riccia sorocarpa
Bryum argenteum	Lindbergia brachyptera	Schistidium alpicola
Bryum caespiticium	Marchantia polymorpha	Weisia controversa
Campylium hispidulum	Notothylas orbiculatus	
Ceratodon purpureus	Orthotrichum pumilum	

Lichens

For more information on Kansas Lichens contact the McGregor Herbarium at University of Kansas.

Candelaria fibrosa	Physcia aipolia	Xanthormendoza fallax
Hyperphyscia syncolla	Physcia stellaris	
Phaeophyscia ciliata	Teloschistes chrysophthalmus
