FINANCIAL ASSISTANCE

Limited financial assistance is available for not-for-profit organizations and individuals requiring financial assistance to participate in the Regular Session of the Council and parallel events. The deadline to apply for financial assistance is **21 April 2002**.

Funding will be limited to one representative per organization and will be awarded in accordance with the following criteria of the CEC Framework for Public Participation. (Note that preference will be given to applicants who have not received financial assistance in the past, and that government representatives are not eligible for financial assistance):

- a) Ensuring a wide range of views and interest—public participants should be selected from different sectors representing a broad range of views in each country;
- b) Demonstrated expertise with the topic(s) to be dealt with at the public meeting;
- c) Ability to present specific, concrete and constructive proposals.

I, or the not-for-profit organization I represent, wish to be considered for financial assistance. I attach a one-page statement of interest demonstrating my expertise—or that of my organization—with the topics to be addressed at the public meeting.

ORAL STATEMENTS AT THE PUBLIC MEETING OF THE COUNCIL SESSION

Pre-registered participants can also submit a request to present an oral statement during the public meeting of the Regular Session of the Council, on any issue related to the CEC work program, or within the scope of the North American Agreement on Environmental Cooperation. Participants who wish to address the Council during the public meeting must submit their request no later than **21 April 2002**, along with a maximum one-page written statement outlining the views and/or questions they wish to submit to the Council. Please note that, in an effort to allow as many registered participants as possible to present oral statements, speakers will be asked to limit their presentation to 3 minutes.

I would like to make an oral statement during the public meeting of the Council session and I attach a one-page summary outlining the views and/or questions I wish to present to the Council.

While I do not wish to make an oral statement, I attach a written statement for submission to the Council of the CEC.
