## MEMORANDUM

To: Royalty Recipient: Sound Recording Copyright Owner

From: John L. Simson, Executive Director

Date: September 2005

Re: Sound Recording Performance and Ephemeral Royalties – September 2005  
Distribution

---

SoundExchange® is pleased to enclose a statement for your statutory performance royalties consisting of one or more of the following:

- a) Preexisting satellite services' (PES) (Muzak, Music Choice and DMX) royalties for July through December 2004 performances.
- b) Satellite radio services' (XM and SIRIUS) royalties for July through December 2004 performances, and ephemeral phonorecords.
- c) If you are newly registered and receiving your first SoundExchange payment it will include any accrued balances we may have been holding for you from previous distributions.

**If you are receiving this by hard copy, your check for this period is enclosed. If you are receiving this via email, your check has been mailed (or wired per your specific instructions) and you should be receiving payment shortly.**

All repertoire information contained on the enclosed statement was supplied by one or more of the following statutory licensees: Muzak LLC, DMX Music Inc, MUSIC CHOICE, XM Satellite Radio or SIRIUS Satellite Radio. While most of their data is accurate, we have found occasional errors and/or omissions in their reporting. Should you find any other discrepancies, we are happy to review and correct them upon proper and complete notification via our PLAYS search engine at [www.soundexchange.com](http://www.soundexchange.com) or by E-mailing us at: [repertoire@soundexchange.com](mailto:repertoire@soundexchange.com). Please make sure to include the Earning Entity or Account name.

Please inform your recording artists to register directly with SoundExchange in order to receive payment, as many of them are still unaware of our efforts. If you are receiving statutory royalties, then we obviously have royalties for the artists who performed on the recordings you own. You may direct them to the SoundExchange website or to one of our membership representatives. Artists and labels who don't claim royalties within three years may lose their ability to collect those royalties, according to Copyright Office regulations. The SoundExchange Board has already voted to extend the deadline twice, but time is running out.

We thank you in advance for your assistance in locating and contacting artists.

In order to create a more efficient system and maximize your royalty earnings, it is imperative that all sound recording copyright owners take the responsibility of including certain identifying information in any sound recording content (either physical or digital) sold publicly or delivered to a service that is making digital audio transmissions of sound recordings under statutory license, whether the content is publicly available (including pre-release content delivered to terrestrial radio stations simulcasting their signals over the Internet). The identifying information provided in the sound recording content should be as follows:

- Featured Artist Name
- Sound Recording Title
- International Standard Recording Code (ISRC)
- Album Title
- Marketing Label

Inclusion of such data in any commercially released, pre-release or promotional product will facilitate the proper distribution of royalties and reduce the administrative overhead for distributing statutory royalties. SoundExchange would also like to receive this information in order to more efficiently and accurately distribute royalties that may be due to you. If you are able to provide this information electronically, please contact Barrie Kessler, COO, at [Bkessler@SoundExchange.com](mailto:Bkessler@SoundExchange.com).

SoundExchange is an independent, not-for-profit performance rights organization responsible for collecting and distributing webcasting, preexisting subscription (digital cable and satellite television music services) and satellite radio royalties to copyright owners of sound recordings, and the featured and nonfeatured artists who perform on them. SoundExchange currently represents over 850 independent labels, the four major label groups and over 10,000 featured recording artists, and the list is growing daily. We are committed to providing you with the most accurate distributions possible and maximizing your royalty amounts.

Please visit our website at [www.soundexchange.com](http://www.soundexchange.com) to learn more about our activities. You may also contact us at the following:

## How Your Royalties are Calculated

>The Royalty Calculation Methodology  
Actual Performance Information

SoundExchange receives electronic reports of use from licensees. These reports are matched against each payment to determine the proportion each unique sound recording is to receive. Performances are allocated on a pro rata basis, so every performance has equal value.

**Important:** Please check your performances carefully and inform us of any discrepancies in the correct attribution of featured artist and/or copyright ownership. All royalty payments are conditioned upon your confirmation that the information contained herein is accurate. SoundExchange reserves the right to make adjustments to future statements based upon any errors which are contained herein.

## SRCO Information

Sound Recording Copyright Owner ("SRCO") information is supplied by the copyright owner and maintained in our royalty systems on a confidential basis.

Electronic reports of use are "matched" against a repertoire and ownership database indicating copyright ownership at the track level. If the recording is not present in this database, our researchers manually identify ownership based on music industry resources including catalogues, directories, Internet, etc.

## Direct Payment of Featured Artist and Union Shares

SoundExchange pays the 45% featured artist share of royalties directly to the featured artist. Any payment and account information for a featured artist is provided by the participating copyright owner, artist and/or artist representative. All featured artist information is contained within our royalty system on a confidential basis. Any corrections or discrepancies in payee information should be reported immediately to SoundExchange.

SoundExchange pays the 5% statutory share payable for nonfeatured musicians and vocalists directly to the AFM and AFTRA Intellectual Property Rights Distribution Fund. Please visit [www.roroyalties.org](http://www.roroyalties.org) for further information.
