SUBJECT: Initial Review of Peter Schilz & Co. Audit Report on Earth & Space
Research for the Fiscal Year Ended June 30, 2006
(Report No. ML-08-006; Assignment No. D-08-004-00)

Dear Ms. Davis:

As the Federal oversight agency for the single audits of Earth & Space Research, we performed an initial review of your reporting package for the fiscal year ended June 30, 2006. The single audit is required by the Office of Management and Budget (OMB) Circular No. A-133, "Audits of States, Local Governments, and Non-Profit Organizations." The audit firm of Peter Schilz & Co. performed the audit. We used the "Uniform Guide for Initial Review of A-133 Audit Reports," published by the President's Council on Integrity and Efficiency, to determine whether the reporting package contained the required reports, schedules, and statements. We did not review the related audit workpapers that support the audit.

Based on our review of the reporting package for the fiscal year ended June 30, 2006, we determined that the audit report met OMB Circular A-133 reporting requirements.

If you or your staff would like to meet with us to further discuss this review, please contact Mr. Mark Jenson, Financial Statement Audits Director, at 202-358-0629.

Sincerely,
