Hispanic Healthy Marriage Initiative Research Meeting Participants

The following individuals participated in one, or more, of several research meetings convened by the Hispanic Healthy Marriage Initiative to encourage dialogue among researchers and practitioners related to marriage education services for Hispanic couples. These meetings were held in Washington, D.C., San Antonio, TX, and St. Louis, MO. The suggestions and advice from these participants led to the development of resources and materials intended to assist practitioners and program developers in the enhancement of existing services and/or the development of new marriage education programs which are culturally appropriate and relevant for Hispanics.
