

Dairy Products for Animal Consumption

Dairy products intended for animal consumption must meet the requirements of Regulation (EC) 1774/2002 to be exported to Croatia from the United States.

Producers must be approved by APHIS as meeting the requirements of Regulation (EC) 1774/2002 before certificates the required certificate may be endorsed.

For more information on obtaining the required Regulation (EC) 1774/2002 approval, or endorsement of certificates, please contact the APHIS-VS Area Office over the State in which the products are produced. (Export certificates may also be endorsed by the office over the State in which the exporter is located.)

The below certificate is the only one that may be endorsed by APHIS for dairy products exported to Croatia for animal consumption. No additional certifications should be included.
