

MINISTRY OF AGRICULTURE

Application for an Import Permit for a Cat

The Importer commits him/herself and confirms by the means of his/her signature on this application form to comply in every respect with all instructions given by the Minister of Agriculture and the Chief Veterinary Officer of Iceland as prerequisites for the importation and isolation.

Identification of owner / importer of cat

Name		Personal identification number
Address	Postal code & city	Country
Phone number / mobile phone number	Fax number	e-mail address

Origin and breed of cat

Country of export	Breed
-------------------	-------

Declaration of owner / importer of cat

I, the undersigned owner/importer of the cat, hereby declare that s/he will have remained in the country of export the last 6 months (or since birth) prior to importation into Iceland.

The cat will be transported from the country of export to Iceland without coming in contact with other animals. If the cat comes from a country without rabies, transport through a country with rabies is not permitted unless the cat remains in the international zone of the airport.

Place and date

Signature of owner/importer

The Minister of Agriculture and the Chief Veterinary Officer may upon short notice and without compensation for the importer, prohibit import of cats if circumstances in the country of export require such action.

Non-allowed importation:

a) cats younger than 5 months of age, b) pregnant cats, c) nursing cats, d) cats who have undergone surgery prior to importation and who require surveillance or treatment of any kind.

For details, see Regulation no. 431/2003 on the Importation of Pets (Companion Animals) and Dog semen
