

SEPTEMBER 1994

Import Health Requirements of Martinique for
Birds from the United States

PET BIRDS

Travelers may bring their pet birds from the United of America under the following conditions:

- ▶ Each family is limited to 2 birds for psittacine species (parrots) and 10 birds for the small species;
- ▶ Pet birds are admitted upon presentation, at the port of entry of a health certificate signed by a licensed veterinarian and the written engagement of the owner not to sell the birds. There is no particular form for the health certificate.
- ▶ The birds must have been found healthy by the veterinarian and free of any clinical sign or suspicion of disease.

SEPTEMBER 1994

Import Health Requirements of Martinique for
Reptiles from the United States

PET REPTILES NOT INTENDED FOR SALE

Travelers may bring their pet reptiles from the United States of America under the following conditions:

- ▶ Each family is limited to two reptiles;
- ▶ The animals are not to be sold under any circumstances;
- ▶ Pet reptiles are admitted upon presentation, at the port of entry of a health certificate issued not more than 5 days prior to departure and signed by an official veterinarian*. A bilingual health certificate is attached to this document. (See Appendix I)
- ▶ The reptiles must be free of any clinical sign of disease, in particular lesion of the skin.

*** NOTE: An official veterinarian means a Federal, State or any veterinarian mandated by the U.S. authorities to issue such certificates.**
