APD 101 / 201

The Advance Planning Document Process

Overview

This Session Will Describe the
Basic Requirements for the Creation and
Ongoing Maintenance of Your Planning,
Implementation, Annually Updated and AsNeeded Advance Planning Documents

APD / APDU BASICS

Purpose of an APD

First: An APD Provides the Federal Government With the Data Required to Determine Funding for a State Project

Second: An APD Provides the State and Federal Agencies With the Kind of High Level Data Generally Used to Monitor a Project's Progress

Types of APD's

Two Major Types of APD Submissions

1. Planning APD

Used to Seek Reimbursement for Planning Costs

2. Implementation APD

Used to Seek Reimbursement for Costs of Designing, Developing, and Implementing a System

Generally Used in Support of Major System
Development Projects, As Opposed to
Less Complex Computer Acquisitions Like
Hardware and Software Buys

This Is a Brief Document of Usually Not More Than 15-30 Pages

Elements of a Planning APD

- 1. Problem Statement
- 2. Project Management Plan (PMP)
 - 3. Planning Budget
- 4. Total Project Cost Estimate

The Problem Statement

1-3 Pages of General Discussion of the Problem(s) Faced by the Agency and of the Need to Seek a Remedy.

Cites Examples of Issues/Problems Being Faced

The Project Management Plan (PMP)

Provide a List of Key Personnel

Provide an Organization Chart for the Planning Effort

Provide a Task-Oriented List of Planning Activities to be Conducted Including Project Schedule Information

The Project Management Plan (PMP)

The Task-Oriented List of Activities to be Conducted Must Include Commitments to Conduct a:

Needs Assessment,

Feasibility Study

Alternatives Analysis

Cost Benefit Analysis

The Project Management Plan (PMP)

Other Task-Oriented Activities That a PMP Might Include Are:

Developing RFP's/IFB's and Conducting Procurements for Quality Assurance, IV&V, Software Development, Project Management Support, Hardware Purchasing, Installation, Implementation APD Development, etc.

Planning Budget

Provide a Budget Spreadsheet For Each FFP Rate To Be Claimed, Totaled by Federal Fiscal Quarter and Year

The Budget Categories Include:

State Staff, Contractors (listed separately),
Hardware and Software, Training,
Miscellaneous/Supplies, Travel.

Executive Summary Statement of Needs and Objectives Feasibility Study - Including a Summary of the Analysis of Alternatives Project Management Plan Interface Requirements Security **Budget Cost Benefit Analysis**

Executive Summary

Overview of the Project's Expectations, Goals
Statement of Executive Support for the Project
Summary of the Planning Phase Activities
Summary of Any Requests for Waivers
Summary of Total Project Cost Estimate
Summary of Initial Project Funding Requested

Statement of Needs and Objectives &

Feasibility Study - Including a Summary of the Analysis of Alternatives

A High Level Discussion of the Requirements
Analysis, the Results of the Analysis of
Alternatives, and a High Level Discussion of the
Feasibility Study

Project Management Plan

Task-Oriented Project Activities Listing

(by Module/Function, Procurements, Including IV&V)

Project Schedule by Lifecycle Phases

(GANTT, PERT, MS Project is ACF Standard)

Resources Statement

(Key Personnel, Oversight, QA, State and Contract Staff) and Organization Charts for the Project and Umbrella Agency

Procurements

(By Type and Purpose, Including Waiver Requests)

Project Management Plan

Sample Task-Oriented Activity

CHANGES TO CLIENT DATA (completed by in-house staff and contractor staff)

REQUIREMENT: CSMS was enhanced to accept the child's birth city, county, state and residency state. CSMS was to be enhanced to accept the date of request of application and the date the application and program information was provided. Also, fields were added to track Medicaid and Foster Care case activity.

DESIGN: December 15, 1998 - January 29, 1999 (1 staff month) [\$6,392]

(½ contractor month) [\$6,150]

DEVELOPMENT: February 1, 1999 - February 26, 1999 (1 contractor

month)[\$12,300]

TESTING: March 1, 1999 – March 31, 1999 (1/4 staff month) [\$1,598]

IMPLEMENTATION: April 1, 1999 – April 15, 1999 (1/4 staff month) [\$1,598]

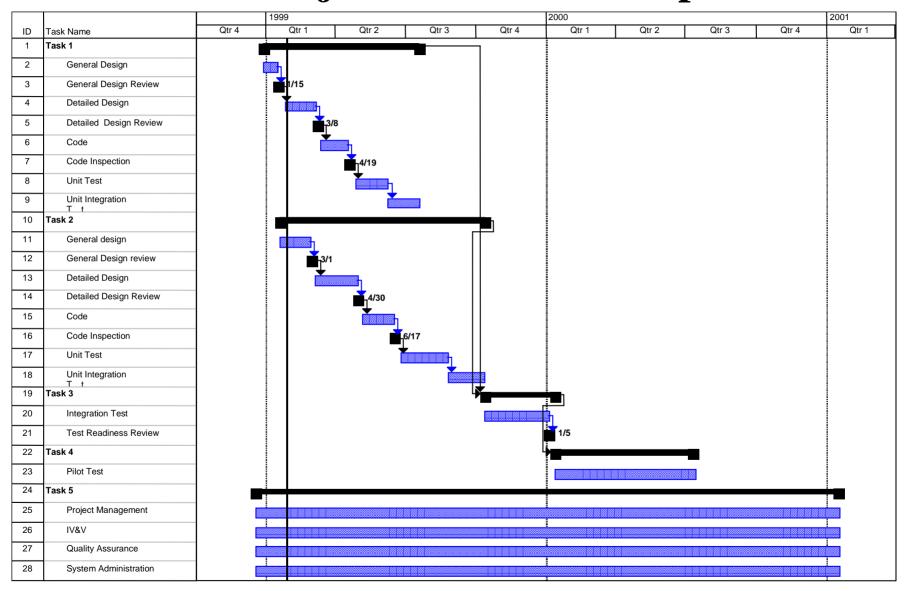

STATE STAFF MONTHS: 1½ (1 program person - 1½ staff months) [\$9,588]

CONTRACT MONTHS: staff months [\$18,450]

COST: \$28,038 [\$9,588 = program; \$18,450 = contractor]

STATUS: COMPLETED

Project Schedule Example

Interface Requirements

List and Describe Each Interface, Including:

Purpose,

Frequency,

Agency/Corporate Dependencies/Limitations

Security

Summary of Program(s) Risk Analysis (Scope, Data Access, Physical Plant, Personnel, Frequency)

Summary of Program(s) Disaster Recovery and Contingency Planning
Summary of Anticipated Application Security
Identification of Program's Security Officer

Budget

Budget Line Items Reflect Tasks in PMP (Sub-elements In Each Task Are State Staff and Contractors)
Other Costs Can be Separate Line Items
(Data Center, Hardware/Software, QA, IV&V, Travel, Training, etc.)

Recommend Separate But Identical Budgets for Different FFP Rates (e.g., Regular and Enhanced)

Budget Spreadsheets Must Accumulate

Costs By FFQ, Summed To FFY

Provide a Budget Summary by FFY by FFP Rate - Include a Line to Show Total Planning Phase Costs

Sample Project Budget

Project Budget (1999)												
	Quarter Funding	Q1 Regular	Q1 Enhanced	Q2 Regular	Q2 Enhanced	Q3 Regular	Q3 Enhanced	Q4 Regular	Q4 Enhanced	1999 Regular	1999 Enhanced

Sample Summary Budget

Summary Budget															
	FFY 98		FFY 99		FFY 00		FFY 01		F.	FFY 02		FFY 03		TOTAL	
	Actual		Actual		Actual		Actual		Actual		Projected				
	Regular	Enhanced	Regular	Enhanced	Regular	Enhanced	Regular	Enhanced	Regular	Enhanced	Regular	Enhanced	Regular	Enhanced	
Development	\$1,100,000	\$0	\$2,100,000	\$550,000	\$3,000,000	\$600,000	\$3,000,000	\$600,000	\$4,500,000	\$0	\$1,200,000	\$0	\$14,900,000	\$1,750,000	
Operations	\$1,000,000	\$0	\$1,560,000	\$467,420	\$1,560,000	\$450,000	\$1,560,000	\$450,000	\$2,000,000	\$0	\$2,000,000	\$0	\$ 9,680,000	\$1,367,420	
TOTAL	\$2,100,000	\$0	\$3,660,000	\$1,017,420	\$4,560,000	\$1,050,000	\$4,560,000	\$1,050,000	\$6,500,000	\$0	\$3,200,000	\$0	\$24,580,000	\$3,117,420	

Total Planning Phase Costs: \$2,510,000

Budget

Program Cost Distribution

Factors: Budget Costs By Year, By Program, By FFP Rates

Overview of Cost Allocation Methodology Calculation Algorithm(s)

Cost Allocation Plan (CAP)

(Briefly Discuss Departmental/Project Cost Pools Affecting

Overhead, Data Center, Telecommunications, etc.
Cite Any U.S. DHHS Division of Cost Allocation
Plans)

Cost Benefit Analysis

ACF Guidance Document Recommended:

"Feasibility, Alternatives and Cost Benefit Analysis"

Functional Model

(Attributes Benefits to Individual Functions)

Revenue Stream Model

(Attributes Benefits as a Function of

Program/Project Cost Ratios)

Cost Benefit Analysis

Basic Components Include:

Summary Description of Whiz Bang Benefits

(Also Cites Summary of Breakeven Date and

Cost Benefit Ratio Over Entire Project Life)

Costs and Benefits Analyses

Breakeven Chart

Two Types of APD Updates

Annual - Submitted on the *Annual Anniversary* of the Implementation APD to Provide the Official Project Status Updates, Request Continued Project Funding, and Report Post-implementation Costs and Benefits

As-Needed - Used to Uniquely Report Significant Changes to the Project Approach, Procurement, Methodology, Schedule, or Costs. Also Submitted When One or More Critical Milestones Are Missed

APD Updates

Specifically APDU's are required when ...

- 1. For Enhanced Funded Projects;
 - Annually
 - Project cost increase of \$100K
 - Schedule extension > 60 days ...

2. For Regular Funded Projects;

- Annually (Total project cost > \$5 Mil. Or if requested)
- Project cost increase of \$1 Mil. or >
- Schedule extension > 120 days ...

Annual APDU Submittal Requirements

Submittal Required 60 Days Prior to the One Year Anniversary of the Last APD Approval

Continue Until OCSE Has Determined the Implemented System Has Reached or Passed a Break-even Point or 5 Years, Whichever Comes First

Failure to Submit in a Timely Fashion Could Lead to Suspension of the Project or to the Requirement for an IV&V Assessment

Annual APDU Content

Each Annual APDU Must Include:

- An Updated Executive Summary That Reports on Project Status of Major Tasks and Milestones
- A Reference to the Initial Approved APD and All Subsequently Approved Changes As a Baseline Against Which Any New or Additional Changes Are Now Being Proposed
- An Updated Project Management Plan (PMP) That Reports On New Tasks, Tasks Completed, Degree of Completion of Unfinished Tasks, Changes in Resources, Organization, Etc.

Annual APDU Content

Each Annual APDU Must Include:

An Updated Project Schedule With Revised Completion Dates for All Tasks (New, Complete, Unfinished)

An Updated Procurement Plan, Including a Revised Procurement Waiver Request, If Applicable

An Updated Project Budget Reflecting ...

Expenditures Status Detailing Costs Incurred To-date by FFY

Narrative Explaining the Difference Between Projected and Actuals for the Previously Approved APD

An Updated Budget Spreadsheet Including Requests for Additional Federal Funding

Annual APDU Content

Each Annual APDU Must Include:

- A Report of Any Approved or Anticipated Changes to Allocation Basis in APD's Approved Cost Methodology
- An Updated Cost Benefit Analysis Report Comparing Estimated Cost-Savings to Actual Cost Benefits To-date
- Updates to Any Remaining Sections (Security, Interfaces) (Otherwise Either Resubmit Same Sections or State in the Summary that No Changes to These Sections Exist.)

As-Needed APDU Submittal Requirements

Submittal of an As-Needed APDU is Required Whenever a Critical Milestone is Missed, a Procurement Approach Changes, or the CAP Methodology Changes.

Also Required Whenever Changes to the Project Schedule or Costs Exceed Regulatory Thresholds

As-Needed APDU Content

The As-Needed APDU Must Contain a Revised Schedule and/or Budget to Show the Change in Schedule, Cost, or Cost Allocations

The As-Needed APDU Must Contain Supporting Documentation (Usually in the PMP) to Justify the Need for Changing a Previously Approved Project Schedule, Cost, Milestone, Tasking, or Procurement Approach

APD Submissions

Send APD's To:

Involved

Joel Anthony, Acting Director Division of Financial Services/OA Administration for Children & Families 370 L'Enfant Promenade, S.W. Washington, D.C. 20447

One Copy for DSSP
One Copy for Each Federal Funding OPDIV

Send a Copy to Your Regional Office

Approval of APD's

The State Will Receive Response Either From

Joel Anthony
Director,
DFS/OA/ACF (for multi-OPDIV-related APD's)

- or -

Commissioner
OCSE/ACF (for IV-D specific APD's)

Approval of APD's

ACF's Response Will:

Grant Approval (With or Without Conditions);

Disapprove the Request;

Defer Decision Pending Submission of Additional Information

Approval of APD's

If No Written Response Is Received by the State Within 60 Days

The Response Is "Provisionally Approved" From the 61st Day Following Acknowledged (Written) Receipt of the State's Submission to HHS.

"Provisional Approval"

Means That the State Can Proceed With Its Project, at Its Own Risk, Without Waiting for HHS Written Prior Approval

Once HHS Approves the Project, It Will Be Eligible for Funding From the Date of Provisional Approval.

Sample Waiver Request

Waiver Request:

Upon approval of this AAPDU, the State requests a waiver of federal prior approval for future task orders for contractual services for activities and programming related to ASSET\$ applications development, FSA and PRWORA compliance, certification compliance, and other developmental, maintenance and support activities. Pertinent documentation related to any task

order will promptly be forwarded to your office for your files. Funding for such services and any other additional costs incurred will be reported and requested in Annual APDUs that will be provided on a regular basis. If these costs exceed the requested thresholds, As Needed APDUs

will be provided prior to the annual update reporting. Additionally, the State requests that the threshold be increased from \$100,000 to 10% of the total project cost for prior approval for unanticipated cost increases. [The list of current contract staff and the additional (new) contract

staff requested is found on pages 20 and 21.]

APD Disapproval

An APD May Be Disapproved If:

The CSES Ceases to Comply With the APD

Not Enough Resources Allocated to the Project (including QA)

Poor or Inadequate Project Management

III-conceived Project Plan

Required IV&V Assessment Not Completed

APD Disapproval

When OCSE Disapproves an APD:

CSES Implementation Project Is Suspended

Previously Approved FFP for the Project Ceases For The Entire Period of the Suspension of the APD.

No Additional FFP Will Be Approved Until the APD Is Re-authorized

APD Issues and Opportunities

Procurement Waivers - Master Contracts

Small Projects that Eventually Exceed Thresholds for APD Submission

The Last APD - Close-out

Close The APD - Or Enhance The System?
