

MONTLY FINAL ACTIONS REPORT

According to federal regulations at 33 CFR Part 325.2(a)(8), the U.S. Army Corps of Engineers, Los Angeles District publishes, on a monthly basis, a list of final regulatory actions including permits issued or denied, applications withdrawn, and jurisdictional determinations during the previous month. The Los Angeles District provides a list that includes the project reference number, applicant's name, and a brief description of the activity involved.

The attached spreadsheet includes the list of final regulatory actions made in the Los Angeles District during the month of May 2004.

Relevant environmental documents and the Statement of Findings or Record of Decisions are available upon written request and, where applicable, upon the payment of administrative fees. Final actions representing issuance of a standard individual permit, for which such environmental documents are available, are identified as "Issued IP" in the spreadsheet. For those interested in obtaining copies of such environmental documentation, you may submit your written request to:

**Los Angeles District Regulatory Branch
Post Office Box 532711
Los Angeles, California 90053**

Please include the project reference number, applicant's name, your name, address, phone number, and documents you are requesting. Please allow 4-6 weeks for processing.
