## **MONTHLY FINAL ACTIONS REPORT**

---

According to 33 CFR 325.2(a)(8), the District Engineer will publish on a monthly basis a list of permits issued or denied during the previous month. The Los Angeles District provides a list that includes the project reference number, applicant's name, and a brief description of the activity involved.

The attached spreadsheet includes the list of permit decisions, including within the Los Angeles District made in Jan 2006.

Relevant environmental documents and the Statement of Findings or Record of Decisions are available upon written request and, where applicable, upon the payment of administrative fees. These documents are identified as FEIS and FIP in the spreadsheet. For those interested in obtaining copies of documentation, you may submit your written request to:

**Los Angeles District Regulatory Branch  
Post Office Box 532711  
Los Angeles, California 90053**

Please include the project reference number, applicant's name, your name, address, phone number, and documents you are requesting. Please allow 4-6 weeks for processing.
