PRIVATE SCHOOL LIBRARY MEDIA CENTER QUESTIONNAIRE (LMC)

LIBRARY SURVEY

1993–94 SCHOOL YEAR

Conducted by:

U.S. Department of Commerce Bureau of the Census

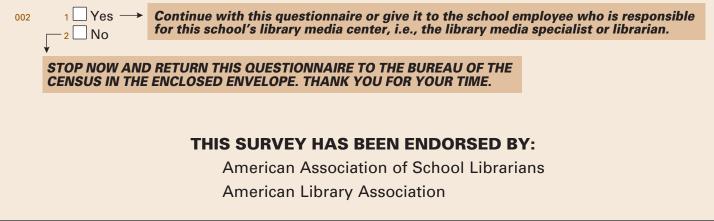

If the school named on the label no longer exists, mark the box below and return this questionnaire to the Bureau of the Census in the enclosed envelope.

001 1 School no longer exists

For this survey, a library media center is defined as an organized collection of printed and/or audiovisual and/or computer resources which (a) is administered as a unit, (b) is located in a designated place or places, (c) makes resources and services available to students, teachers, and administrators. It is this definition, not the name, that is important; it could be called a library, media center, resource center, information center, instructional materials center, learning resource center, or some other name.

Does this school have a library media center?

Dear Library Media Specialist/School Principal:

The National Center for Education Statistics (NCES) of the U.S. Department of Education requests your participation in the school library media center component of the 1993-94 Schools and Staffing Survey. Your school is one of 7676 public and private schools across the nation selected to be in the sample. The survey of school library media centers is necessary to continue the reporting of national statistics on school libraries which was begun by the Federal government in 1958 and last done in school year 1985-86. The survey is designed to provide a national picture of school library media center collections, expenditures, technology and services. The data will be used by legislators, policymakers, and researchers.

The U.S. Bureau of the Census is conducting the survey for NCES by the authority of Section 406(b) of the General Education Provisions Act, as amended (20 USC 1221e). The data will be reported only in statistical summaries that preclude the identification of any individual participating in the survey.

This survey form was developed in consultation with the American Library Association (ALA) and the American Association of School Librarians (AASL).

We are conducting this survey with just a sample of schools in order to minimize overall response burden. I, therefore, encourage you to participate in this voluntary survey by completing this questionnaire and returning it within 3 weeks to the **Bureau of the Census, Current Projects Branch, 1201 East 10th Street, Jeffersonville, IN 47132-0001.** A preaddressed envelope is enclosed for your convenience.

Thank you for your cooperation in this very important effort.

Sincerely,

EMERSON J. ELLIOTT Commissioner National Center for Education Statistics
