THIS SURVEY HAS BEEN ENDORSED BY:

American Association of School Librarians
American Library Association

Dear Library Media Specialist/School Principal:

The National Center for Education Statistics (NCES) of the U.S. Department of Education requests your participation in the school library media center component of the 1993-94 Schools and Staffing Survey. Your school is one of 7676 schools across the nation selected to be in the sample. The survey of school library media centers is necessary to continue the reporting of national statistics on school libraries which was begun by the Federal government in 1958 and last done in school year 1985-86. The survey is designed to provide a national picture of school library media center collections, expenditures, technology and services. The data will be used by legislators, policymakers, and researchers.

The U.S. Bureau of the Census is conducting the survey for NCES by the authority of Section 406(b) of the General Education Provisions Act, as amended (20 USC 1221e). The data will be reported only in statistical summaries that preclude the identification of any individual participating in the survey.

This survey form was developed in consultation with the American Library Association (ALA) and the American Association of School Librarians (AASL).

We are conducting this survey with just a sample of schools in order to minimize overall response burden. I, therefore, encourage you to participate in this voluntary survey by completing this questionnaire and returning it within 3 weeks to the **Bureau of the Census, Current Projects Branch, 1201 East 10th Street, Jeffersonville, IN 47132-0001.** A preaddressed envelope is enclosed for your convenience.

Thank you for your cooperation in this very important effort.

Sincerely,

EMERSON J. ELLIOTT

Commissioner

National Center for Education Statistics
